Left: Well here we were at the office in a near panic wonderin' where we were goin' to find the perfect butt for our Cajun issue, when this Cajun critter from Baton Rouge comes strollin' in and offers us his delectable derriere. I couldn't resist gettin' out my gator head to illustrate just what we'd like to do to this boy's behind.

WRITE TO PAPA

LETTERS TO BEAR

Yo readers,

You hold in your hands BEAR 24, The Cajun Issue: 72 pages of dripping moes, spicy food, funky humid body parts and good old Louisiana dick. Some of our regulars are missing this time around. John Dibelka's "Bare Pause," T.C.'s "Home Cookin'," and Chris Wittke's "Wittke Wire" took a breather while we were out scrounging around the Bayous and the back alleys of the French Quarter. But they'll be back next time. So just help yourself to some jambalaya, fix yourself a Hurricane, and do some smut—the Cajun kind.

PRAISES FOR PAUL

This letter is to compliment you and your staff for producing, in my opinion, the best issue yet, BEAR 23. Showing us the epitome of hairy, masculine men—Paul Barresi. He is no doubt the most exciting and erotic star of yesterday and today. I also enjoyed the photo feature of Chaz on page six. Is he a professional model? Can he be contacted?

Thanks for continually providing the best hairy man's magazine.

J.B., Iowa

When Paul Barresi stopped by one Saturday afternoon to get naked for us, we all got to droolin' like you wouldn't believe. It was a good reminder that we aren't jaded here yet! He's just as warm and exciting as he looks. And Chaz ain't bad either. If you ever want to get in touch with any of our guys, just drop us a letter, a stamp and a picture, and we'll send it on.

PROZAC WHOA'S

Upon receipt of this letter cancel my personal ad and my subscription. Your article in BEAR 23 regarding the use of Prozac™ as an aid to sex is the most irresponsible journalistic announcement I have ever seen. Your advice to talk to a doctor does not make the article less dangerous.

In a society where drug and alcohol addiction afflicts one out of ten, and where it has been surmised that the lesbian and gay populace has one out of four members who are chemically dependent, I cannot take this stance lightly.

M.P., Maryland

Whoa, hang on there a minute. We don't tend to write in a real serious, sophisticated way, but the things we talk about are true. The information on Prozac came directly to us from a national health publication, and the finding is correct: small doses of this prescription drug can help men who suffer from

premature ejaculation. Your ad and sub have been cancelled, I'm sorry you consider this grounds for parting ways. Unfortunately I think you'll be missing out on a lot more than just the point of the article.

SNOW JOB

Hi, guys. I enjoyed my visit to your shop in San Francisco last month. As you can see in my photo, this is what I came home to Indiana and found; Snow! Keep up the good work. We need more big, husky, hairy men in our magazines. We're here to stay...so move over BLUEBOY, NUMBERS and STARS. Real men are hot! C.B., Indiana

TAKE A PEEK AT THIS

When I told my old man what happened at work today, his first reaction was that the guys at BEAR would enjoy the story, so here it is.

I drive deliveries for a living, and happened to be out at a park with trails and a lake. When I got there the only thing in the parking lot was a mud-covered truck with some construction company's logo on the side and an equally dirty pick-up next to it. I figured it was just a couple of good-old-boys gone fishing.

Once out on the trail, in a secluded picnic area, I heard someone say "God, you're hot." I paused, then heard another voice say "My God, look at this thing." My curiosity got the better of me and I pushed back a few branches to see what was going on. There they were: two shirtless muscular studs groping each other's crotches. The one guy was sitting on a picnic table. He was small but definitely well built with thick black hair all over his bulging pees and washboard stomach. He had a big thick moustache and badly needed a shave. He was quite a cutie. The other guy had his back to me, but was bigger than the cutie with longish blond hair, broad shoulders, and a tattoo. He was wearing filthy skin-tight jeans and construction boots.

They handled each other's meat for a while, then the big guy lunged down and swallowed the cutie's cock, a thick eight inches, with huge balls. I could see by his face that he was getting close. The big guy stood up and took his turn getting some head.

I was hard as a rock and my jeans were getting wet. I felt a little ashamed of my voyeuristic behavior but this was too good to miss!

The two of them stood and kissed deeply; finally the big guy pushed the cutie back on the table and gobbled down his shaft. It didn't take long before the cutie began to buck and grunt. It must have been some load, 'cause it made the big guy choke. The cutie caught his breath and dropped to his knees in front of the big guy. I pulled out my cock and when Mr. Big began to shudder and

groan, humping the cutie's face furiously, and shot all over the bushes I was hiding in.

As they kissed I quietly headed back to my truck. They reached their trucks just when I was starting mine. I heard the cutie say "see you at work tomorrow."

I learned two things today:

1) there really are gay construction workers, and

2) I LOVE MY JOB!!

R.B., Michigan

Oh, yeah, there ain't nothing like a stroll in the park. Construction workers come in all types, the grungier the better. It's a good thing you didn't get caught, you might have wound up with both hands full. Then you couldn't have told your old man about it.

IT'S WHO YOU ARE

In response to the article *For Better or Worse*, by John Dibelka in BEAR 22, it was really different to see an article printed in a gay men's magazine about epilepsy. The article was a positive one for me.

I have had epilepsy for four years. I was kicked in the head at work as a security officer, and since I have been suffering seizures. My condition makes it difficult for medications to work properly, so I have two seizures a day.

I have lost a lot of chances to become lovers or friends with anyone because of my seizure disorder. But you and your columnist made me feel as if I were someone when he wrote: "Like with epilepsy, the thing to remember is not to let the condition become more important than the person."

Thank you for doing your research, and for setting a positive example. I picked up my first copy of BEAR in November. I liked the cover—now I'm hooked. I'm only 24, and have always loved older, big, hairy, masculine men, leather, hair, boards, and a big fat hairy ass to dig deep into with my tongue. I'll definitely continue to read your magazine.

T.P., New Jersey

I passed your letter on to John. I'm sure he'll love hearing from you. Thanks for telling us what's going on, and for letting us know when we do good. Things sound a little rough for you, but I'm convinced you'll connect up with a bear who'll give you all the love and ass you need.

BEAR IN SHINING FUR

Let me tell you how important BEAR has been in my life. In the summer of 1988 this 21 year old cub from rural Louisiana took his first steps out of the closet. I was worried about being gay because the whole gay vibe seemed to be angled towards effeminate, blow-dried smoothies who

did absolutely nothing for me sexually. Don't get me wrong, some of my best friends are blow-dried, but I was interested in the truck driver type. And of course I knew that masculine men aren't gay, right?

In New Orleans I paid a visit to the wonderful Fauborg Marigny bookstore in the French Quarter. And there it was: BEAR 6. My eyes jumped out of my skull when I saw Keith Bryant on the cover. I knew everything was going to be OK when I saw that; I knew there was a place for me and men who thought like me. It was a major help in enabling me to accept my sexuality. So I've been a faithful reader since 1988. I have issues 3-22. The magazine and I have gone through a lot of changes since we first came in contact. I am still waiting for my bear in shining fur to come along and sweep me off my feet, but until then, BEAR is always there to remind me that I am not alone in my preferences, and to make lonely nights less lonely. For that I thank you.

J.G.J., Michigan

It's great to run into someone who's been hanging around BEAR from almost the beginning. Every time we rescue someone from the hell of hairspray and razors, we know we're doing alright. Until your number one bear shows up we're more than happy to tuck you in at night. Thanks.

AND THEN AGAIN

What the hell is "Masculinity...Without The Trappings"? A porn star, dressed up as a fireman, being less than forthright about his sexuality? Shame on you! This evasive and punitive situational, homosexual will be the P.C. cop-out of the '90s. BEAR already took the bait and got caught in the trap.

W. W., Massachusetts

What's wrong with being a porn star?

As for the "fireman's outfit", we feel that fantasy is still a very large part of sex, especially in the '90s. Limiting ourselves to plain, seamless backgrounds and predictable shots of the male form would only put us in the same category as the "twinkle" mags.

Masculinity is not limited to gay or straight points of view. Paul took a brave step in letting us know what he's all about. I'm sorry that it doesn't fit your view of sexuality.

LASSEZ LES BONNS TEMPS ROULER

My dad's dad came from the tiny English-speaking Canadian province of Prince Edward Island. My mom's family were Yankee through and through, having settled in New England in the early 1700s. I am an American WASP, a red-neck blue blood, raised in the ethnically-limited backwoods of the northeastern parts of these United States—the land of Dickinson and Thoreau.

Our whipping boys were the French—or rather the Franco-Americans—who came down from Catholic, French-speaking Canada to work in the woods and mills of New England. Arsenault. Thibodeau. Gallant. Boulanger. The men were dark, hairy, muscular and compact. The women had moustaches. The homes had crucifixes above each doorway and smelled like bakeries. French was their first language and was spoken, particularly by the old mamères and papères.

Today, contemporary urban educators have students read the writings of Malcolm X. Our eighth grade teachers had us read *Evangeline* by Henry Wadsworth Longfellow. This epic poem documents the British's cruel, forced exile of French Canadian's from their homeland in the Acadia—or Cajun—region of Nova Scotia to the unpopulated swampland bayous of Louisiana. I remember feeling a bit of WASPish guilt for my ancestor's treatment of the poor "Canooks," as we called them.

In 1988 I visited New Orleans and Cajun country for the first time. What struck me immediately was the familiarity of the people. These were the same men that I grew up with as a boy! They had similar physical features, similar accents, and a similar joie de vivre. And the town had streets with French names populated by a citizenry with surnames of my youth. My long-term memory dredged up the *Evangeline* story and I realized I was witness to its outcome, 150 years later.

I fell in love with the city and the men and have since been returning to Louisiana annually. Your editor, Stephen Stafford, did his first Mardi Gras two years ago and felt a similar lust for the men and magic of New Orleans. We discussed our mutual interests and decided to give you our first "special" BEAR issue: Cajun Men.

Stephen and I arrived at Moisant Airport Monday of Thanksgiving week. From touchdown to takeoff we were treated like kings by the bear community in New Orleans. Plus we both got laid regularly.

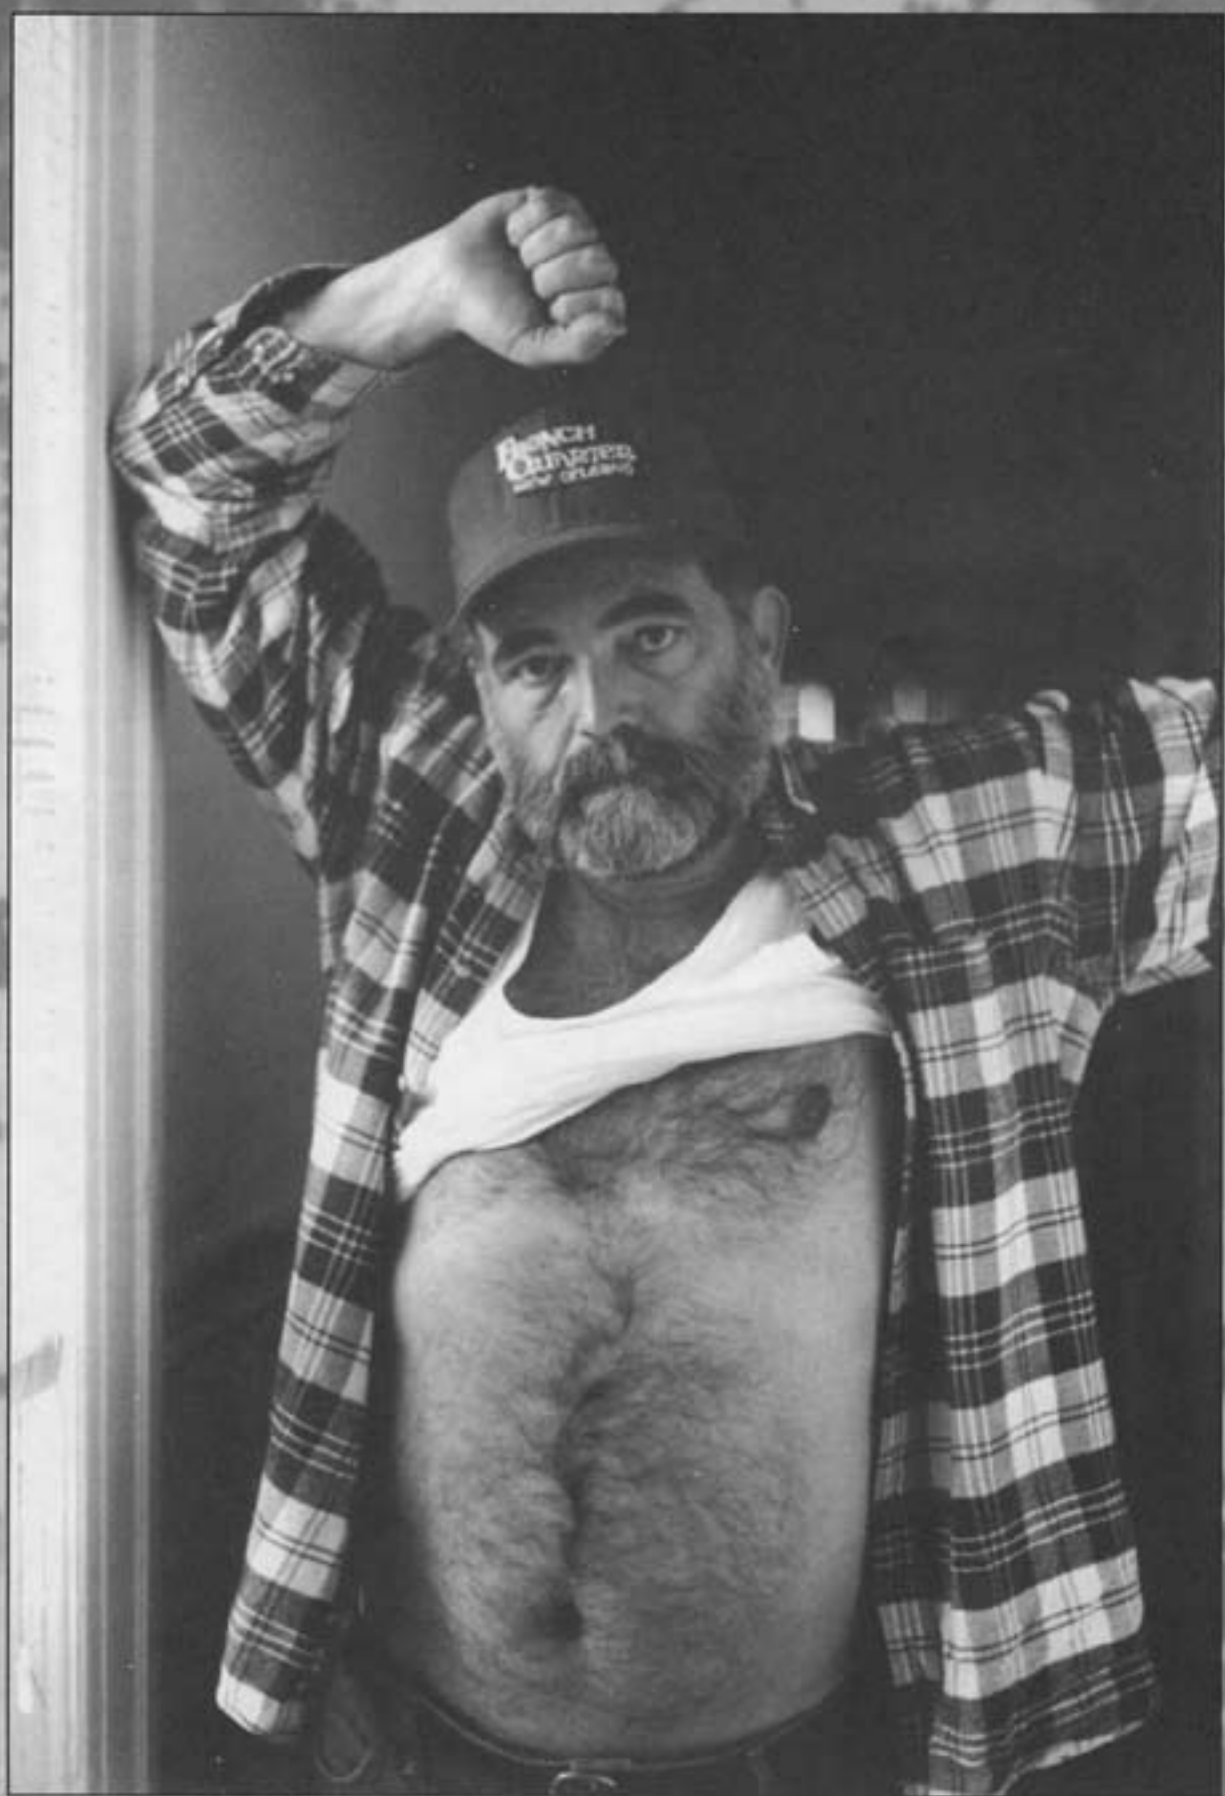

These photos were taken at our arrival party at Boots (2120 Royal Street), hosted by BEAR staff and bar owner Tom, a big, furry, flat-topped, bearded hunk of a man. As you can see from these pix and the naked men scattered throughout this issue, the pickins are ripe and plenty in Cajun country.

BILL

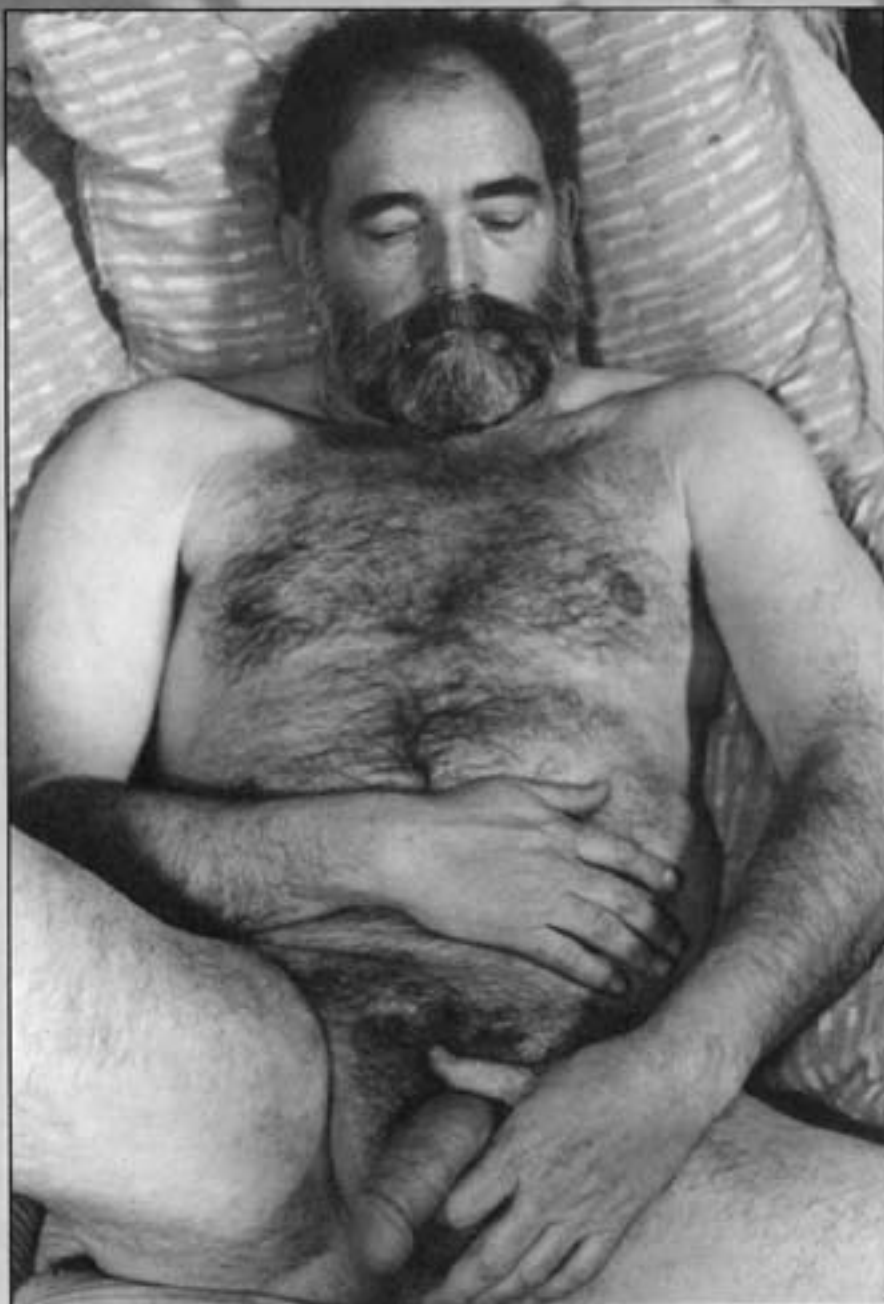

Bill is 6' 3" tall and weighs 215 lbs. Originally from Mississippi, he traveled down the river to New Orleans because of Mardi Gras, the food, culture and especially the great gay community. He prefers men who like to socialize and have a good time as well as a good roll in the hay. His fantasy setting would be a pine forest where he would take some lucky man and face fuck him good.

CAPTAIN CONNOISSANCE

Mardi Gras is the celebration of living in excess. It is held on FatTuesday, the day before Ash Wednesday, as the official blowout before the onset of Lent. Mardi Gras started as a tradition in New Orleans in 1857. It's one of the craziest parties that you'll ever experience. Festivities actually start in January on Twelfth Night. Huge masque balls are held by krewes (local clubs that put on these extravaganzas) every weekend, and throughout the week you can catch parades in the neighborhoods. During the parades people line the streets to catch beads, doubloons and various favours that are thrown from the floats. Everyone wears beads, if you don't have at least one strand of beads around your neck, you're not enjoyin' yourself. To get a strand of beads listen for "Show your dick," usually it's yelled by people who have filled the balconies overhead. Those who are brave enough to do it are usually rewarded with another strand of beads. When I went for the first time I had one of the best experiences of my life. It's one of the sexiest, crazy things you could ever treat yourself to. GO!

New Orleans Story

Mike Jones.

America's nostalgia capitol. We know that I'm speaking of New Orleans, right? Well, I am. I live here. Very little happens here that can surprise a native like me. But recently even I was shocked to find...I'm getting ahead of myself. Let me start like this.

What would it do to your heartbeat, to come out of a downtown hotel and find a huge, exquisite stranger in your car? It had never happened to me before, either. One of life's little presents, I suppose. This is the way this encounter actually happened to me.

I had just had dinner with a client downtown. He was staying at the Sheraton. It was now quite late and I was on my way back home. My father purchased a home in the Garden District five decades ago, and the inheritance and the old money fell into the conservative hands of their only child, me. I didn't have to work, but I've enjoyed real estate since I was a kid, following my dad around, watching him wheel and deal in the vast and beautiful city of New Orleans.

It was deep night, and raining hard. I went into the garage near The Sheraton to retrieve my car. Imagine my delighted shock when I opened the car door and the overhead light flooded my car with a great surprise. Sitting in the front seat, head bowed so his bearded chin rested on his expansive chest, was a very large, very muscular man.

It instantly makes your heartbeat race for several reasons. First thing you think of is, whether this guy is a serial killer—too many movies, I guess. The second thing you think of (if the guy is not a serial killer), is how did you get so lucky. His flaxen crew-cut bristled under the light and he breathed in and out evenly. He certainly wasn't worried about me, I thought. He looked perfectly rested, trusting. Even though his head was bowed, I could plainly see a chestnut beard; also neatly trimmed. His large-veined biceps were crossed over his chest. His thick, rough hands were folded into one another on his lap; perhaps in an attempt to warm himself. His beard still dripped water onto his chest that was regretfully hidden beneath a lime green muscle shirt. My detective instincts surmised that he couldn't have sneaked into my car that long ago if he was still dripping water.

This is something you only see in the movies, so I approached my "good luck" carefully. "Hey, buddy," I began. "Do you know you're in the wrong car?" I looked in the back seat and noticed a large gray duffel bag had been carelessly thrown there. I knew it wasn't mine.

He stirred a little, grunted. And that was when the smell of a brewery floated my way. He was probably very drunk. He made a weak effort to raise his head and open his eyes, then gave up. "Home," his basso voice grunted, his forehead creasing in frustration.

I laughed. "Yeah, but my home may not be your home, pal." Even though he looked to be as tall as me (I was guessing since he was sitting, crumpled up in my compact car), he was massive (looked to be physically flawless) in all that places I was not. His muscle shirt barely covered a growth of brown hair that seemed to sprout everywhere, even on his shoulders. The Levis he was wearing looked absolutely ready to blow out at the crotch. He tried to stir again, and muttered, "Home."

"Okay, buddy, but when I get you 'home,' I am *definitely* gonna get a look at you without those clothes on." And I did.

He had to sort of help me walk him through my house (his

muscles must have outweighed me by about a hundred pounds). As we approached the porch, he grabbed the black grillwork that graced the arches of the front door. I thought he was going to yank it off with his grip. Father would have been pleased, I thought. Most like, he was spinning on a rotisserie in his grave right this very moment!

I managed to escort him through the place and coaxed him into the bedroom. He towered over my 6 foot-2 inch frame when he fully stood up. He sat on the corner of my king-sized bed, reached up, rubbed an eye with a great, blonde fur-paw, and yawned.

"Boots," he said. Big vocabulary. I was all too anxious to take his clothes off for him. I just hoped I didn't rip them off in my excitement. I knelt down in front of him and reached out to pull his dark brown walking boots off. Damn, these had to be size fourteens! I pulled them off without so much as a word from him. The boots were very new, they literally reeked of clean leather. His feet were wide, heavy and warm and wrapped in moist, gray socks.

"Shirt." This guided tour through this monster's anatomy was going to be very dynamic. I stood up and pulled the muscle shirt over his head as he lifted his arms. I inhaled the musty, rich body odor pouring from the brown patches stuffing his pits. He leaned a heavy head on my upper chest. I cupped his bearded chin in both hands so I could lean his head back and look at his hairy torso. His chest was so matted with brown hair that I couldn't see his nipples. Even though he had obviously spent many years in a gym, I was grateful he didn't practice the modern, barbaric act of shaving his chest hair. His chest hung heavily in two thick slabs of meat. I ran a hand over one furry pec and my finger flicked over a large knobby nipple.

He snorted in frustration. He shook his great head and said, "Socks."

I knelt down and pulled a large, weighty foot into my lap. I peeled a warm, moist sock off his hairy ankle and down over his blonde, fur-topped foot. Man, these boots were large! His toes were short and fat and looked too cherubic to be on the body of someone who looked to be about 40.

He sighed, and made an attempt to stand, then spoke. "Help me up." I stood and tried to help him up, but he wasn't much help. He managed to stand after a few tries. "Pants," he said, trying to pull his belt open.

"Have no fear," I said. "I'll do that...with pleasure." I pulled the belt open and exposed the top snap. I next unbuttoned his pants, making no attempts to hide the fact that I was running my hand down his long dick as I was undressing him. I whistled softly as I kept finding more and more rock-hard length. Maybe he was aroused from his long, restful nap, but I was sure I was not gonna be able to swallow much of this dick.

He rested what felt to be a two-hundred pound palm on my shoulder and lifted one leg and waited for me to pull a pant leg over his bare foot. I smelled the damp richness of his crotch (as the boxer shorts were jammed tightly against my face) and it was a heady perfume indeed. He rested the weight of the other rough palm on my shoulder and I pulled the jeans free of him. I couldn't resist the powerful temptation to rub my beard along the length of the thick log loaded tightly in his black-striped boxers. It felt so nice.

I stood and stepped back a pace and stared at all his manly glory—what a piece of work this guy was!

This man was: probably 6 foot, 4 or 5 inches tall; had a beautiful brown beard (trimmed to perfection); massive muscles; hairy, expansive chest; firm, ripped stomach; large box trying to poke through the slit in his boxers; timbersome, hairy legs. The illusion of all that light brown hair coating every long inch of him was that he bristled, even when standing motionless.

I ran a finger down the long course of his boxers and felt the large nuts nestled beneath. "Man!" was all I could say.

He began to pull downward on the shorts. "Off!" he said, frowning in frustration.

"No, no, hold it! I'll be glad to do that for you, guy." He let his huge arms fall back to his side. I gently and slowly pulled the shorts past a vast patch of light brown hair until I came to the thick base of his hard cock. "Wow!" I pulled further, and kept drawing the boxers down until after about nine, thick-veined inches, I popped the lip of the shorts over a large, mushroom head. I kept slowly pulling them till I got them down to his knees. Large, dark brown nuts hung low. I buried my nose in his pubic hair as I pulled the shorts around his ankles. His hard dick nudged my bearded throat. He stepped out of them and I threw them aside. I didn't want him finding them too easily in the morning.

"Gotta piss," he said. He made an attempt to go off to the bathroom.

"No," I said, smiling. "You're in the john right now. I'll point this big monster of yours over the toilet; just let it rip when you're ready." Apparently he was very ready, because as I wrapped my lips around the huge head, my mouth instantly filled with the sweetest beer-piss I ever layed my tongue into. And I had to quickly swallow pint after pint of the stuff; I thought it would never stop, although I wasted not a drop. Finally, after a few minutes, the flow did slack, then ran out altogether. I licked my lips.

"Okay, big guy, you're back in the bedroom. Just fall back onto the bed and I'll cover you up." He did. "Just have sweet dreams until morning."

I wanted to further investigate this body at rest. I hadn't noticed before the thick cables zigging and zagging down the insides of his biceps and forearms. I ran a finger down one of them and felt the firmness of the blue veins. This was one massive giant. I was so excited I didn't know if I'd be able to sleep

at all.

I looked down and saw his dick was softening and starting to fall across one leg like a fat sausage; the head dripping with a few drops of piss. I worked my way down to it and licked up the drops with the tip of my tongue. I couldn't resist licking the whole length of it and feeling my tongue's way through the thick hair that bound his nuts. They were large and hung low and loosely between his spread-eagled legs.

I let my tongue follow lower over his thick hairy thighs and over his rough knees and then onto his fur-covered shin to his arches and then briefly between a large toe. The rich perfume of his leather-smelling feet was a heady feast for me.

"Boy, you sure are one perfect specimen of a man!" I managed to lift one of his heavy arms above his head to rest above his pillow. I buried my head and lips deeply into his overly furry pits. The smell was rich and musty. I ran my tongue through the bristly hair, all the while sniffing through the jungle. It was a sweet smell to my senses and I drew the aroma in deeply.

Although it was nearly impossible, I left him alone and did my best to sleep. I wanted to be there in the morning to meet him sober. I didn't resist one more temptation. I

grabbed that thick dick in my hand and kissed the large head and squeezed the hairy shaft before leaving the room to sleep on the couch in the living room. I knew I would never get to sleep laying in the same bed with him.

I awoke to singing and the sound of the shower running. I sat up on the couch and listened. The rich, bass voice was his all right; it vibrated the walls.

After a few minutes, I heard the running water cease and after another few minutes, the beaming giant entered the living room.

The towel was wrapped around his trim waist. He lost no time striding to the couch and sitting on the edge. I was absolutely speechless at his size and musculature. He spoke: "So, you are my rescuer, eh?"

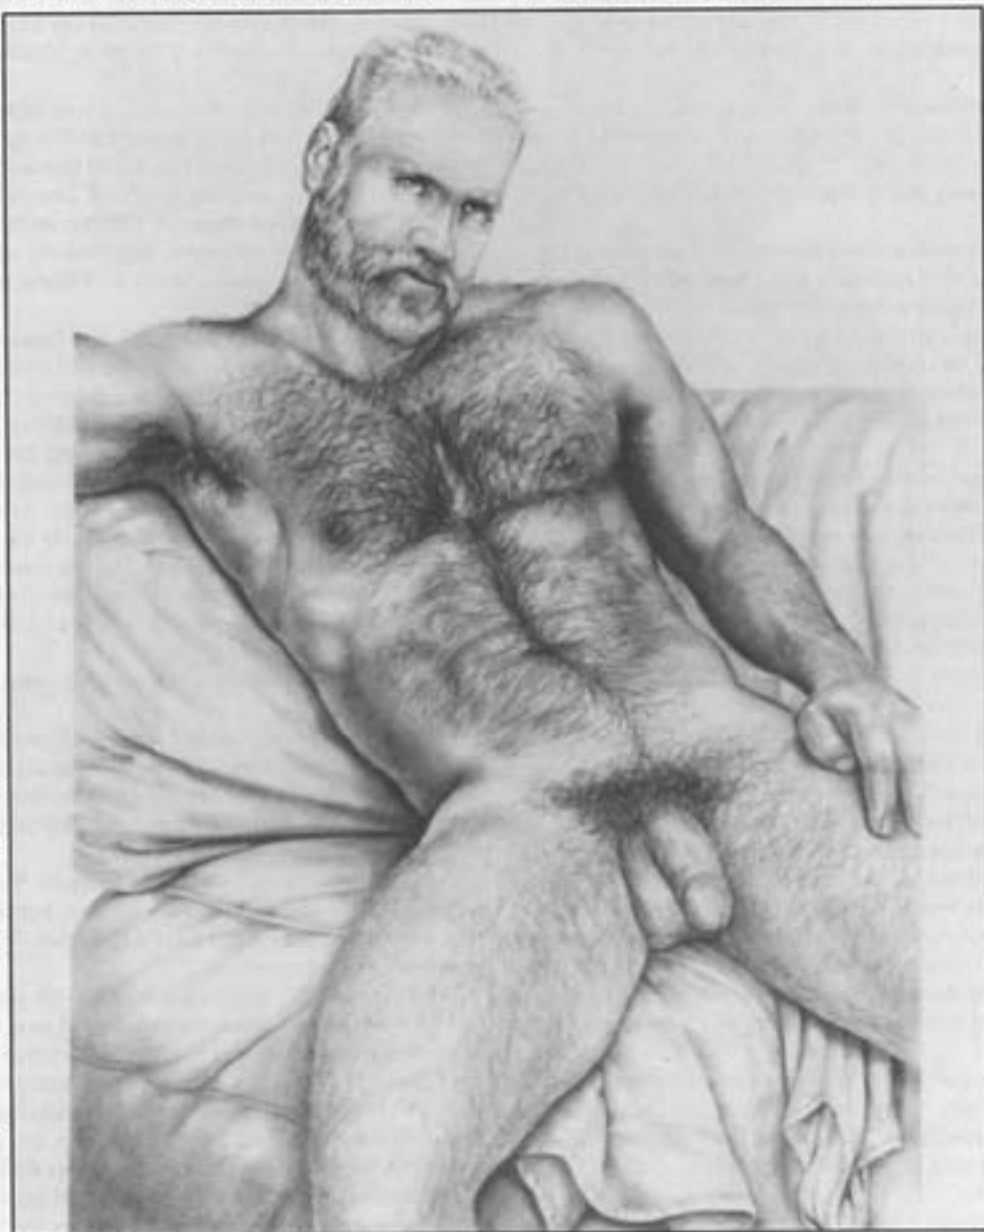

Illustration: WALT HENRY

"Yep, I am he. I thought you might be interested in getting a great breakfast of beignets at the Café du Monde later. After I take my shower." For those of you who have not been to New Orleans, a beignet is a square doughnut covered with powdered sugar that is the pride of our city.

"Man, I was sooo drunk. I spent all of Mardi Gras holed up in this guy's house; that's how hot he was! And then I wake up here. Well, I do remember a few things that happened last night, but just glimpses though."

"Well," I began, "what I wanted to do to you last night I held off on. I wanted to meet you sober and see what you were really like. You were very flexible last night."

"Well, I can get less flexible right now, if you like." He grabbed one of my hands and pulled it beneath his towel between his hard legs. His dick actually felt like a sausage log. Unbelievable. He was getting hard fast. "Why don't you go take a shower; we'll both be butt-clean, and we'll see what we can do to each other."

I was back in fifteen minutes.

He was reclining on the couch with no towel.

"Man, you are one hot tiger!" I couldn't resist saying.

"What do you think you are?" he said, laughing.

"Nothin' like you."

"Nonsense," he said. He motioned for me to come closer, then jerked my towel off. "Would I do this if you didn't excite me?" I closed my eyes when I felt my dick suddenly enclosed in his wet, warm mouth. His tongue was roughly probing the head. His large hands were massaging my butt.

I managed to crawl onto the couch so I could draw that huge dick into my mouth. The head was cool to my tongue. He moaned as I began to work my mouth and tongue around his thickening cock. He tasted so clean. I felt him below me working my ass with his hands and burying his nose in my nuts. He released my dick and began playfully nibbling my nuts.

One of the most pleasurable things about making love to another man like him is to lay on top of him and the hair on your chest blends with his. It is certainly one of the most sensual things I ever do.

He was loudly slurping as he sucked my dick. It was more difficult for me because the larger his dick got, the harder it was for me to keep it down my throat. Finally, as it grew to its length of nine or ten inches, I had to let it out or risk some serious gagging. I nuzzled my nose into his large brown nuts. They were soft and furry. I plunged my nose into the two large bags. My tongue found the clean skin to be irresistible, I sucked one of the nuts into my mouth and let the liquid bag roll around my mouth as my tongue probed the hairy sack. I wished I could get both of them in my mouth at the same time.

Apparently he was enjoying it because his dick was bobbing under my beard. He was moaning also as he sucked my dick. I ran my hands over his blond hairy legs. It was electrifying to be with a man where you found hair everywhere you went. It spurred you on to greater heights. I turned over and faced him. "Man, I just don't know what to do with you."

He unstopped his mouth with my dick and smiled at me. "Just do to me what you like others to do to you, that's all. What feels good to you." He scooted down on the couch and ran his beard over the bottom of my feet. "I'm gonna do some incredible things to your feet."

I ran my tongue over an ankle and felt the wild hair bristle through my moustache. His body was driving me wild. Not only was he incredibly handsome, but he was huge and hairy, all at the same time. Making love to a man like this could drive a person over the edge.

I felt his nose worming its way between my big toe. I felt his breath on the bottom of my feet. He licked my big toe and groaned as he engulfed it with his warm, wet mouth. I love hav-

ing my feet worked on. He was stroking the hair on my ankles and sucking my big toe.

I curled up so he could go on sucking my toes and I could, at the same time, begin earnestly working on that long pole of his. I found it slightly limp and laying, rather large even in this state, down his leg, almost onto the couch itself. I licked the plump red head and ran my tongue around the circumference of it before sucking it into my mouth and playing with it there. I grabbed the thickening shaft and squeezed it as I attempted to swallow it.

Below me he increased his attention on the other toes, so I knew he liked his dick sucked. He pulled the other toes of my foot into his mouth and moaned even louder as he sucked and nibbled on them.

A pearly jewel of glistening precum sat on top of the large head. After licking up the cooling drop, I probed his dick hole and sucked more of the precum. I rolled his nuts around like ball bearings between my hands as I concentrated more and more attention on this man's large dick. His dick grew to its massive size again because of this attention and I took some time to examine it. Large blue veins (not unlike the ones that ran down the insides of his arms) scattered all over the shaft of his dick. I'm sure the dick measured seven inches around. The head was large and beautifully-shaped and almost impossible to get into my mouth at this size, but I managed somehow.

He curled up also, and we began what I like to call, Operation 69! It was the most exciting cocksucking session I've ever had. Wild and uninhibited. He had no difficulty getting my eight-incher in his mouth whatsoever. He began loudly sucking on it just as he had my toes; totally uninhibited. He was pumping my cock with one of his rough hands like he wanted me to cum yesterday! Fast and furious like his sucking! I felt his own hand ramming his face as he jacked me off in his mouth; it's like he just couldn't get enough of it or do it fast enough!

I began doing the same and we found ourselves in a wild wrestling match of sorts. It seemed that one was trying to get the other to cum in their mouth first. I had never had my dick pumped so fiercely and enjoyed it so much. In his warm, velvety soft mouth, it was like fucking something very soft and very wet; absolute comfort. As I began giving him all of the dick I had, and he began trying to probe for more, he started shoving his iron cock into my face. I had to grab it harder to control his thrusts, which wasn't easy because he was no small man and he was extremely strong on top of it. I tasted precum and felt his nuts gathering up and getting hard to fire a load.

He was loudly snuffing my cock and cupping my nuts with one hand and rolling my nuts around as I was doing to him. He was purposefully slurping to make me go over the edge as he was. He started pulling my nuts just a little to make me feel that pleasure/pain that I enjoy so well. I, likewise, pulled his nuts some and got a mouthful of cum for my efforts. It made him suck harder and groan and holler through my cock which made me fill his throat. I felt my dick shoot down the back of his throat. I felt him flinch, but he was too busy pumping load after load of hot cum down my throat. Even after he was no longer shooting, he was still rocking my face. But the attention he was paying to my dick was remarkable. He sucked every bit of cum from that pole with as much attention as he was when he was excited. I felt him gulping the stuff below. He licked the shaft all around and below it. He kissed the head of my dick.

Before he got up, he buried his nose into my nuts and kissed them and tickled them with his wire beard.

I got up exhausted, spent. "Man, you wore my ass out."

"No," he said, "That's for another time."

In pondering the unique and imaginative music of Cajun culture, there are subtle nuances that render each act significantly different than the other. What follows is a look at two of Louisiana's leading and most influential artists.

Zachary Richard

THE SOUNDS THAT ANIMALS MAKE

MUSIC REVIEWS
BY
LARRY FLICK

Zachary Richard is proof that even Cajun musical culture, which is steeped in a reverence for history and tradition, has begun to evolve into modern times.

The singer/songwriter/accordionist's spicy gumbo of rootsy Acadian music and American rock catches fire on his second A&M album, *Snake Bite Love*. Like his 1990 release, *Women In The Room*, this collection is another seamless mixture of timeless and contemporary sounds. Cool tunes like *Burning* and *One Kiss* reflect the Scott, Louisiana native's passion for his people's musical legacy with the electric sound of the '90s.

"I've focused in on a style that represents Louisiana music, that's defined by Louisiana, but not limited by it." He says, "It's able to touch a much broader audience, whether they know it or not."

Actually, Richard got his first recording contract as a folk artist. He made an album for *Electra* in 1972 that was never released. The experience proved to be fateful; he used his advance money to buy his first accordion. "I got very militant about Cajun music and culture," Richard recalls. He lived in Montreal, the crucible of Acadian life, from 1975 to 1981, recording eight albums in French. One of those, *Migration*, went gold in Canada.

Having reached "a stagnant point in my career," Richard returned to Louisiana, and recorded two albums for Rounder Records that synthesized bayou and rock styles. This led to his A&M debut, *Women In The Room* and a reputation as Cajun country's most outspoken citizen.

"It's so important to me that music reaches as many people as possible," he says. "I can't accept closed minds and separatism. Some of the older folks in my community would rather keep to themselves and would probably never accept that there are gay men around them. Not all of them can understand that a lot of gay men are strong, rugged and masculine. I dig the idea of reaching all people with my songs. And I dig the idea of living in a world where we can all be one. Music can be and should be unifying."

Richard is currently playing in assorted mid-sized venues and clubs around the U.S. Don't pass up the opportunity to catch him live. You'll be dancing all night.

When you tire of modern Cajun-crossover fare, direct your attention to *Menagerie: The Essential Zydeco Collection* by Buckwheat Zydeco.

Here's a little history lesson: Zydeco is the music of Southwestern

Buckwheat Zydeco

Louisiana's black, French-speaking people, with roots in blues and R&B. It's actually more rhythmic than Cajun, which is believed to be the product of white descendants of the French exiles expelled from Nova Scotia in the late 18th century. Now you're ready for *Buckwheat Zydeco*, which became the first Zydeco with a major label deal when it signed with Island Records in 1987.

Menagerie is a sterling compilation of the band's music from its first album, *On A Night Like This*. You'll never hear a more captivating combination of vocals, accordion and keyboards than when band members *Stanley Dural* and *Clifton Chenier* cut loose together on celebratory tunes like *Hey Good Lookin'* and *Taking It Home*.

Film buffs will note the use of *Buckwheat Zydeco* material in the score from the film *The Big Easy*. Although it could not be confirmed at press time, the music industry rumormill is heating up with word that the band will be hitting the U.S. highways this summer for a tour with *Eric Clapton*.

Once you're ready to give that accordion a rest, here are a couple of new selections to jam on:

If *Stevie Nicks* / *Bonnie Raitt*-styled rock is your cup of tea, then you'll need a taste of *D.D. Wood's* gutsy first album *Tuesdays Are Forever* (Hollywood Records). Her raw world-wise voice gives the album's poetic, highly visual lyrics a depth that usually comes from more seasoned veterans. The instrumentation is stark and spare, with much emphasis placed on acoustic guitars and violins. Choice cuts include the heartbreak ballad *Louie Cooper*, a cover of *David Bowie's Sorrow*, and *I Wonder Why*, which features a cameo by Tex-Mex accordionist *Flaco Jimenez*.

It seems fitting that *Madonna* would launch her new Warner Bros.-distributed label, *Maverick Records*, with a band like *Proper Grounds*. On its brilliant debut *Downtown Circus Gang*, the New York-based quintet serves up a jarring, 16-song collection that strains at the boundaries of what mainstream minds find acceptable. It's tough to offer simple descriptions of the band's musical style. Try to imagine a jam session including *Frank Zappa*, *Public Enemy* and *The Who*, and you'll have a small idea of what to expect from stellar tracks like *Mind Tempest*, *Fuck The Blues* and *2 Kill A Clown*. Not for the weak at heart.

SWAMP BOYS

Rodney is a true blue Cajun from Kenner, Louisiana. He remembers growin' up in the wild swamplands of the area. When I asked him what he thought about livin' in Cajun country Rodney said "All I know is workin'." He says he has a problem with words but that doesn't seem to defer him from gettin' his message across. He likes small compact guys and little trouble makers. He prefers to only deal with real, sincere people. As to where his favorite place to have sex might be he said "Right here in the woods."

Mark was born in New Orleans and raised in the outlying communities. He remembers playin' in the palmetto forest as a kid. He likes the fact that even though he lives in an urban environment he's close to the outdoors. One of the pluses bein' that the area is a sportsman's paradise. He's into arm pits and big, hairy, natural older men. His favorite place to have sex would be by a waterfall in a tropical rainforest on top of a Mayan Pyramid.

CAYUN CONNAISSANCE

Most of the actual swamp areas around New Orleans have been filled in and developed. It wasn't until a few years ago that the State of Louisiana took steps to restore some of the natural swamps. Big liana vines and live oaks, covered in Spanish moss now cover areas that had been cleared for pecan orchards. We did this shoot in Jean Lafitte National Park located just a few miles south of New Orleans. The area is very diverse. In the coastal bajou environment there are four zones, the oak ridge, the palmetto forest, the cypress tupelo swamp and the freshwater marsh. If you're a nature lover I'd suggest you get down there, get your buddy muddy and have a good time.

Louisiana Law

When Luke told me a Cajun issue was in the works and could I please come up with something about Louisiana, I initially drew a blank; the only interesting thing about Louisiana law that came to mind was that it is the only state in the Union with a legal system based on French rather than English law; this did not strike me as something of interest to the average BEAR reader. So I hopped over to the law library to browse through the Louisiana Criminal Code to see if anything jumped out at me.

This column is about what jumped out at me. In fairness to Louisiana, which was my home in 1978 and 1979, every state in the Union has crazy laws. My own personal favorite is Maryland's Act Prohibiting Interracial Fornication. Oregon has a statute making it illegal for dead people to serve on juries; I've seen some juries that made me wonder. Some years back Tennessee passed a law declaring that, to make things easier for Tennessee school children, pi would be declared equal to 3, rather than 3.14. But this is not the Maryland, Oregon or Tennessee issue; we therefore turn our attention to the Louisiana Criminal Code, LRS 14, et. seq.

Have you ever wondered what it

means to contribute to the delinquency of a minor? In Louisiana it means many things; among them aiding or abetting a minor's use of "vile, obscene or indecent language." LRS 14:92. Thus, if a New Orleans minor is having trouble saying the word "fuck" and you help him get it out, you are guilty of a misdemeanor. It is also illegal, under the same section, for a minor to associate with any "vicious or disreputable person." Does this mean that parents may not take their children to fundamentalist churches?

It is also illegal to sell a minor any model airplane glue, and nobody but a parent or guardian may give model glue to a minor.

Louisiana does have an obscenity statute; it is four pages long and after reading half of it I came to the conclusion that I could not do it justice without devoting an entire column to it. This is not likely to happen soon, however; for now, suffice it to say that Louisiana does have an obscenity statute, and it's a doozy.

The Louisiana Criminal Code also has a section I've never seen anywhere else: Prostitution by Massage. It is illegal, under penalty of six months in jail and a \$500 fine, for there to be "erotic stimulation of the genital organs of another by any masseur, masseuse, or any other person...by instrumental manipulations, touching with the hands...or other bodily contact exclusive of sexual intercourse or unnatural carnal copulation when done for money." LRS 14:38.3A. In plain English, if you are a professional masseur in Louisiana, NO HAND JOBS!

In addition, "[i]t shall be unlawful for any masseur, masseuse, or any other person, while in a massage parlor...by stimulation in an erotic manner, to...expose, touch, caress, or fondle the genitals, anus or pubic hairs..." In plain English, if you are a professional masseur in Louisiana, no pulling his cheeks apart to sneak a look at his hole. Of course Louisiana has a crimes against nature (sodomy) statute; it prohibits both homosexual and heterosexual sodomy. This means that oral and anal sex are no-

nos. However, interestingly, forced anal intercourse as part of rape is not considered a crime against nature. But since sodomy only carries five years in jail, and rape carries 25, that argument probably won't help you much if you are on trial for rape.

Also, in 1927 the Louisiana Supreme Court held that sex with a dead body, even though shocking, was not a crime against nature since the statute did not explicitly mention corpses. *State v. Schmidt*, 163 La. 512, 112 So. 400 (1927). The statute has not since been amended, so my reading is that necrophilia is probably legal in Louisiana.

But the Two-Faced Hypocrite Award goes to the Louisiana Court of Appeals for the Fourth Circuit. In *State v. Pruitt*, 449 So. 2d 154 (La. App. 4th Cir. 1984), the Court was confronted with a defendant who had told a female undercover detected that he would give her \$25 for a blow job. The Court reversed his conviction for soliciting an unnatural act because the state had introduced no evidence that heterosexual oral sex was unnatural; it assumed that only gay oral sex was unnatural.

Also of note: until the United States Supreme Court told them it was unconstitutional, Louisiana had a law making it a crime to make disparaging remarks about public officials; the case that went up to the Supreme Court involved a young man who had said that the chair of the local school board was a drunk. This reminds me of the old Jewish prayer: "God grant that we do not say insulting things about our public officials. And God grant that they do not behave in such a way that we can't help it."

Finally, as with most moralizing, the discrepancy between what the law says and what happens in actual practice is wide enough that Moses could have marched the children of Israel through it on the way to Canaan. New Orleans is a truly wonderful city; I always have a great time when I go. When you visit Cajun country, give the moralizers and their laws the treatment they deserve: ignore them. And have a great time.

KEVIN THRELL

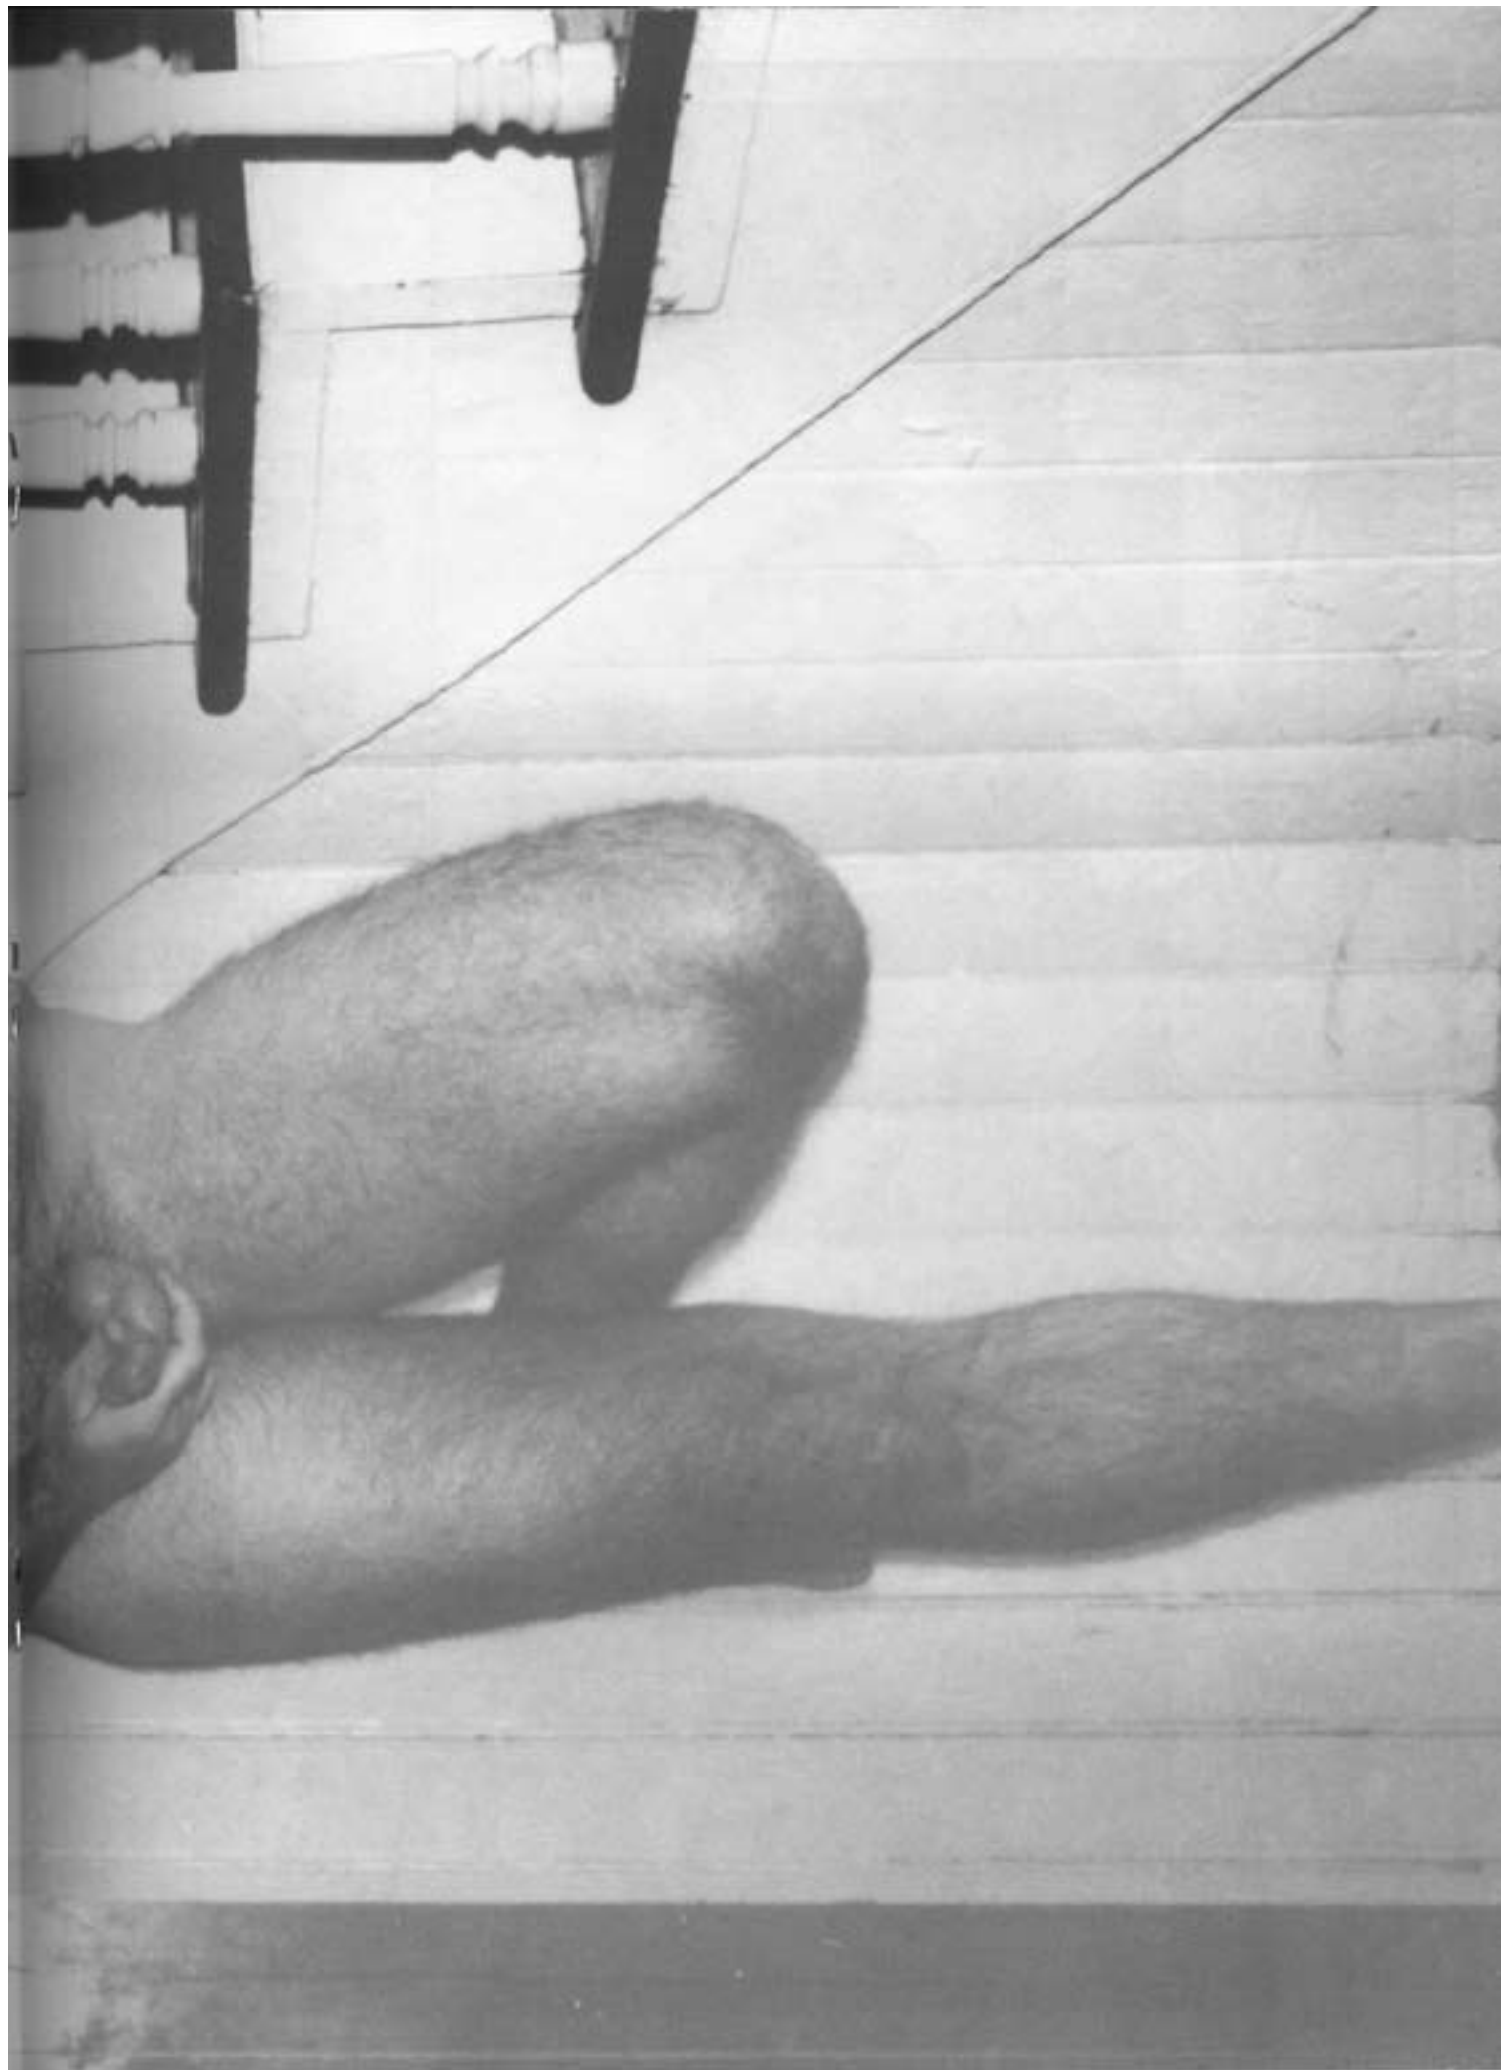

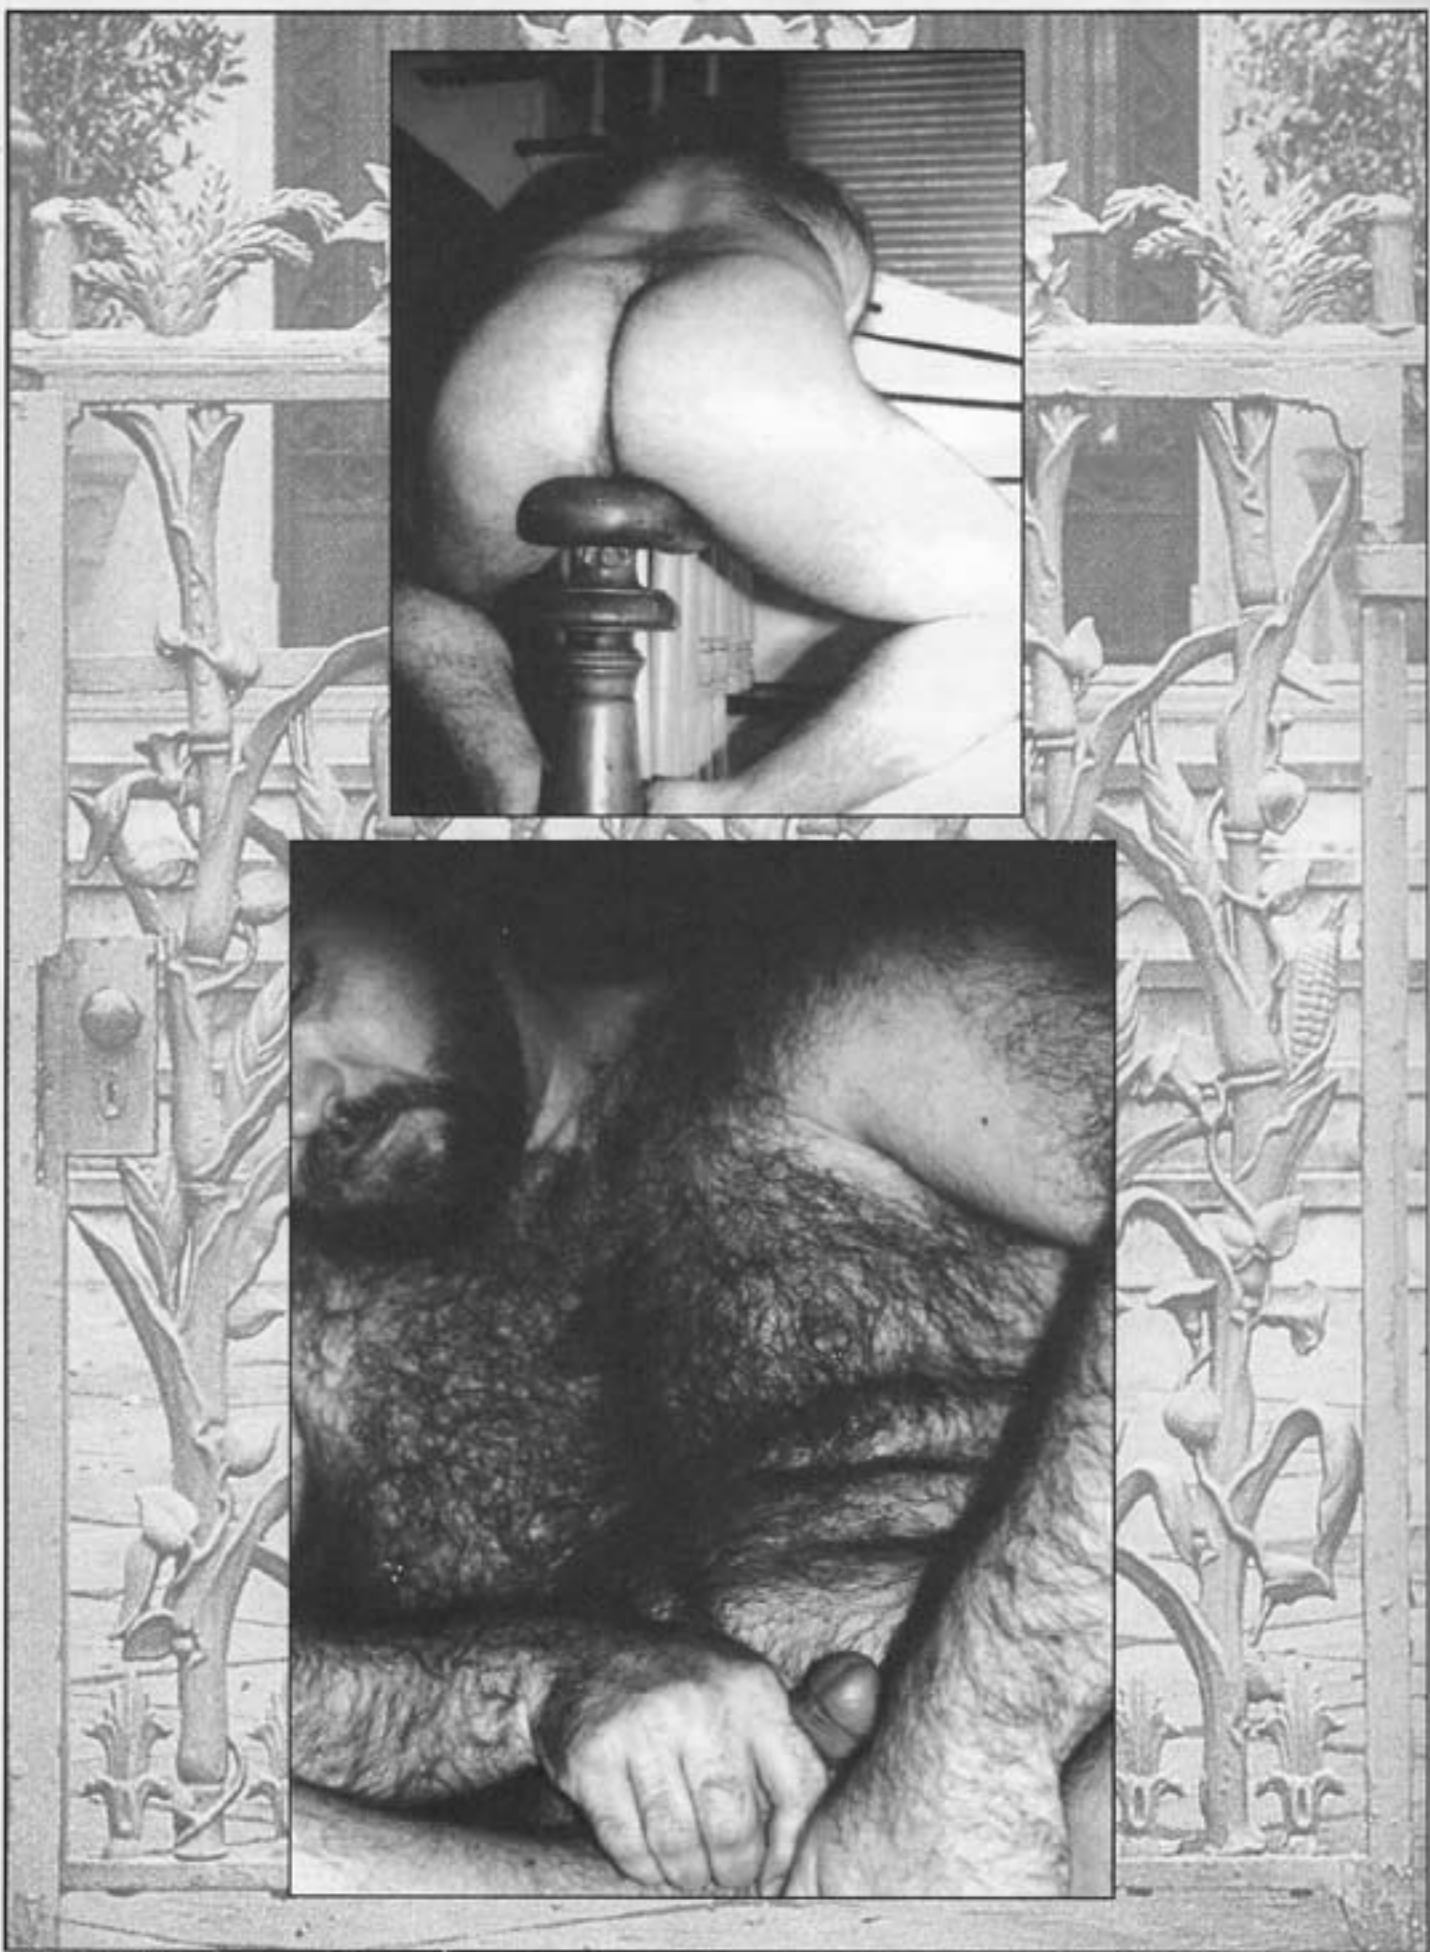

Kevin was brought up in Jackson, Florida. He's 5'10" and he weighs 215lbs. He said he moved to New Orleans because of the openness and the variety in the gay community. If he's not surrounded by the makings of next year's Mardi Gras costume you'll probably find him outdoors gettin' in some camping or white water rafting. As to whose goin' to bag this bear, bald and hairy men make the best bait. His favorite place to mess around, "There's this wharf about a block away from my house." He says dick is especially important, particularly dicks with a downward bend so he can get on his knees, slip it down and stretch out the back of his throat.

CAJUN COGNAC SAUCE

When someone mentions New Orleans, the fancy balconies and fences that surround its buildings are the things that come to mind. Wrought iron is an art form in this city. Most of the designs you find are based on things from nature. As you walk through the streets you'll find everything from a pattern of circles to a field of corn. The earliest examples were wrought by hand, here in the city, although some of it was shipped from Spain. Wrought iron is different from cast iron in that the process of working the iron tends to filter out the impurities that make it susceptible to rust, which is kinda important to consider when your building is in an area that is as humid as New Orleans. When you visit this city take some time out and enjoy some of its details.

- BEAR ads aren't a marketing base. If you think your new hair-growth system is worth selling to the world, do it someplace else.
- Prisons aren't a good place to send money, or pictures of your hairy ass. By all means, correspond and make friends. But know the potential for trouble to you as well as to the guy on the inside.

FRAN FRISCH...

TED DZETRICH

Ted is a newcomer to New Orleans. His hometown is Berea, Ohio. What attracted him to this city is it's tolerance of cultural differances and the friendly variety of people. He's a member of the local motorcycle club called The Knights D'Orleans. He likes to ride his bike, lift wieghts and dabble in photography along the way. A good smile turns his head as well as the thought of driftin' down a river only to get out, lay down on a rock and soak up some...sun. He says one of his favorite things is to have a man's dick up his ass.

CATFISH CONNOISSANCE

Voodoo first came to New Orleans with the slaves. It became firmly entrenched in the culture by the end of the eighteenth century. The main god in Voodoo is symbolized by a snake. Worshippers believe that they can cast spells ranging from love potions to lethal hexes. The most famous Voodoo practitioner was Marie Laveau. Born in 1827 she became known as the Voodoo Queen. People still visit her tomb today, located in the Old St. Louis cemetery on Basin Street. Although most of the Voodoo shops cater to tourists, you can still find a few folks that practice the true, traditional Voodoo.

22-25 April, 1993. Washington, DC. It's official. The Bear Contingent will march on Washington, thanks to a fine soul and organized buddy from Seattle. And it's important. We know who we are, and we're gonna strut our stuff in front of everybody. It'll be the biggest demonstration in US history; we'll make it even bigger. A three-day bear gathering is officially sanctioned to commence on the steps of the Lincoln Memorial Thursday, 22 April at High Noon. Be there. Meet new people. Share with your buddies. The march takes place Sunday, 25 April; the Bear Contingent has a slot second from the last. Booths and flyers will tell you where to go. Get in touch with us here at BEAR if you need any more information.

See you in Washington!

CAJUN COOKIN'

Meat is meat, and a man's gotta eat.

What you stick in your mouth is one of the richest parts of the New Orleans experience. We grabbed recipes and histories of some favorite Cajun grub, like Monday's traditional red beans and rice (after a weekend of workin' and drinkin', nothin's better than an easy pot on the back burner that needs little attention). King Cake is a Mardi Gras tradition. The cake is covered with colored sugar in the Mardi Gras colors - gold (for power), green (for faith) and purple (for justice). Inside is a tiny plastic baby. The person who gets the slice with the baby must throw the next party. So have fun with these fixin's, use what you have around the kitchen, cook to taste, and don't forget the wine!

HAM AND SAUSAGE JAMBALAYA

2/3 cup bacon drippings or lard
2 medium onions, chopped
1 green bell pepper, chopped
3 celery stalks, chopped
3 medium garlic cloves, finely minced
1 lb. ham, cut into bite-sized pieces
1-1/2 lbs. smoked sausage, cut into bite sized rounds
2 cups long grain white rice
2 large tomatoes, peeled, chopped
3 cups Brown Veal & Pork Stock, or canned beef broth
1/2 teaspoon freshly ground black pepper
1/4 teaspoon red (cayenne) pepper
Salt to taste
12 green onions, chopped
1/2 cup minced parsley
In a heavy 8-quart Dutch oven, melt drippings or lard over medium heat. Add onions, bell pepper, celery and garlic; cook until vegetables are wilted and transparent, about 5 minutes. Add ham and sausage; cook, stirring occasionally until sausage is lightly browned, about 8 minutes. Add rice. Cook, stirring constantly, until rice is light golden-brown, about 5 minutes. Add tomatoes; stir until combined. Cook 2 minutes. Stir in stock or broth. Add seasonings. Reduce heat. Cover and simmer until rice is tender and no liquid remains, 45 minutes. Taste for seasonings; adjust if necessary. Add green onions and parsley. Cover and cook 5 minutes. Serve hot. Makes 6 to 8 servings.

RED BEANS AND RICE W/ SAUSAGE

2 lbs. dried red kidney beans,
1/4 cup bacon drippings
2 large onions, chopped
1 large green bell pepper, chopped

4 large garlic cloves, minced
1 ham hock (about 1-1/2 lbs.)
Salt to taste
Freshly ground black pepper to taste
Red (cayenne) pepper to taste
1/2 teaspoon dried leaf marjoram or 1-1/2 teaspoons chopped fresh marjoram
2 bay leaves
1 tablespoon sugar
1 (12 oz) can beer
2 lbs. chaurice or any hot sausage
3 tablespoons vegetable oil
Hot cooked white rice
12 green onions, thinly sliced
1/2 cup minced parsley
Sort through beans; discard any discolored ones. Rinse beans; set aside. Heat drippings in a large soup pot or Dutch oven. When drippings are hot, add onions, bell pepper and garlic. Sauté until vegetables are wilted. Add rinsed beans, ham hock, salt, black pepper, cayenne, marjoram, bay leaves, sugar, beer and enough water to cover. Bring to boil. Reduce heat. Cover and simmer until beans are soft and juice has thickened, about 3 hours, stirring occasionally. Add more water, if necessary. Discard bay leaves. Prick sausage with a fork. Heat oil in a heavy 12-inch skillet over medium heat. When oil is hot, add sausage; cook, turning often, until browned, 10 to 15 minutes. To serve, spoon rice on each plate. Sprinkle with green onions and parsley. Makes 6 to 8 servings.

SWEET HUSH PUPPIES

1 1/2 cups water
3/4 cup unsalted butter or margarine
2 cups plus 2 tablespoons white cornmeal, preferably stone ground
1/2 cup sugar
1 tablespoon salt

1-1/2 teaspoons baking powder
1/3 cup finely chopped green onions
Vegetable oil
In a heavy 2-quart saucepan over medium heat, combine water and butter or margarine. Bring to a full boil. Meanwhile, blend cornmeal, sugar, salt, baking powder and green onions in a large bowl. Stir boiling water mixture into cornmeal mixture until all dry ingredients are moist. Let mixture stand until cool enough to handle. Heat 3 inches oil to 350°F (175°C) or until a 1-inch bread cube turns golden brown in 65 seconds. Form dough into 2-inch long ovals by rolling between palms of your hands. Add 3 or 4 at a time to hot oil; do not crowd. Cook, turning once, until deep golden brown, about 2 minutes per side. Drain on paper towels. Repeat until all batter has been used, making sure that oil maintains a constant temperature. Serve hot. Makes about 32 hush puppies.

KING CAKE

12 to 16 servings, this recipe is more like a bread, and is fairly sweet
4 cups all purpose flour
1 package active dry yeast
1/2 cup milk
1/3 cup sugar
1/4 cup butter or margarine
1/2 teaspoon salt
3 eggs
1/2 cup diced candied citron (optional)
In a large mixture bowl combine 1-1/2 cups of the flour and all the yeast. In a saucepan heat milk, sugar, butter and salt till warm and butter is almost melted, stirring constantly (do not boil). Add heated mixture to flour mixture, add eggs, and beat by hand or a mixer on low speed for 1/2 minute, scraping bowl. Then beat on high for three minutes. Stir in citron, and using a spoon to stir add in as much of the remaining flour as you can. Turn out onto a lightly floured surface. Knead in enough of the remaining flour to make a moderately stiff dough that is smooth and elastic (about 6 to 8 minutes). Shape into a ball and place in a large greased bowl, turning over dough to grease the surface. Let rise in a warm place until double in size (1-1/2 hours). Punch dough down, let rest for 10 minutes. Shape dough into a 30-inch long roll. Join the ends to form a ring about 10 inches in diameter. Place on a greased baking sheet. Cover with a towel and let rise in a warm place until almost double in size (about 1 hour). Bake at 350°F for 25-30 minutes (crust should be golden brown). Cool completely. INSERT BABY. Poke or cut a small hole in the bottom of the cake and insert baby. Do not bake the cake with the baby in it. It'll melt!
Icing
1 cup sifted powdered sugar
1/2 teaspoon vanilla extract
Beat together powdered sugar, vanilla and enough milk (only 1-2 tablespoons). Pour the frosting over the cooled cake top, letting it run down the sides. Sprinkle green and yellow colored sugar in about 2-inch rows, spoke fashion, alternating colors around the top of the cake.

10 Big Hairy Men

LIVE BEAR was the first film featuring exclusively hirsute men strutting their stuff in front of the camera. Four years later we bring you **LIVE BEAR 2**—ten men in solo action on a 120 minute video cassette stripping down for our camera, showing us what we want to see and telling us what we want to hear.

LIVE BEAR 2

These are men who stopped by the BEAR offices and said, "Yeah, I'd like to do a dirty video". Real action by real guys who wanted you, fans of hairy men, to see them naked and to watch them play with themselves. No cover-up sound here either. The grunts, groans and dirty talk are here for your listening pleasure.

A Few Highlights From The Film

•John, a hungry bearded man who ends up deep throating the cameraman's hand.

•Stan, a handsome furry chested Southerner who has perfect aim with his body fluids; tasty.

•Brian, so butt crazed that he takes a bust of Beethoven and shoves it up his ass.

•J. Bradway, the hairy young bear who sucks his own penis then comes in his mouth.

A CONFEDERACY OF DUNCES by **JOHN KENNEDY TOOLE** published by **GROVE WEIDENFELD**

When I went to New Orleans for the first time, I was lucky enough to get involved with some folks who were busy putting together costumes for the upcoming Mardi Gras. I was right in the thick of it, up to my elbows in pink fur and hot glue. The experience showed me a side of Mardi Gras that most outsiders rarely get to enjoy. I got the same feeling from *A Confederacy Of Dunces*. By the time you finish reading this book, even if you haven't been to New Orleans, you get the feeling that you could show up and fit in like a local.

This Pulitzer Prize winning novel is set in the heart of the French Quarter it focuses on a number of individuals who, though very different and seemingly disconnected, find their lives intertwined by the presence of a certain Ignatious J. Reilly, a huge man who lumbers through a series of mishaps protected by his Don Quixote-like philosophy. At first I must admit that I didn't like this character because of his oafish, seemingly holier than thou attitude. Yet as the book moved on I found myself giving him a grudging respect and then finally a genuine appreciation for his indomitable character.

You'll laugh until your sides ache as you meet characters like Jones, a black man hidden behind dark glasses and a continual cloud of cigarette smoke, or Miss Trixie, the octogenarian clerk who can't seem to get her company to fire or retire her, as well as a host of others that give this book a down to earth style that truly makes it a pleasure to read.

The intertwining plots wind up with satisfactory conclusions leading back again to the one and only Ignatius

J. Rielly whose own story will make you truly appreciate those characters you see on soap boxes in the mall or happily talking to no one in particular as they pass you by in that impossibly strange outfit.

There is a sad note that should be mentioned. The author of this book is no longer with us, having committed suicide shortly after it's completion at the age of 32. If it weren't for the dedication of his mother in finding a publisher, we would not have this literary jewel to enjoy.

Since I don't usually read fiction of this type I was genuinely pleased that it was such a treat to read. Take some time out and treat yourself to this book you'll be glad you did.

NEW ORLEAN'S WRITER

ANNE RICE

published by **BALANTINE PRESS**

I first read *Interview With a Vampire* eight years ago thinking it was going to read like a cheesy dime store novel. To my surprise it immersed me in the tale of a vampire who constantly fought his immortality and his animal instincts to kill. Anne Rice was the hand behind this romantic and erotic Southern gothic story that grabbed my teen imagination and showed me a love/hate relationship between two male vampires. Lestat is an ageless vampire in a twenty year old body who falls in love with a young musician named Louis. Lestat's loneliness prompts him to bite Louis, enabling them to be together for eternity. The entire book is knee-deep in sexual tension between the two vampires. I found myself frantically turning the pages to see where Rice would take these two and never being disappointed. Thus began the *Vampire Chronicles*, a series of four books detailing the long lives of Lestat and cohorts. The homoeroticism found in these books are taken over the top in her strictly erotic series the *Beauty Stories*, written under the pseudonym Roquelaure. *Beauty's Release* is my favorite story, telling of the sexual antics of a monstrously-hung prince who prefers dick more than anything Beauty has to offer. The story could have made the Marquis de Sade blush.

Rice, born and currently residing in the Garden District of New Orleans, captures her characters and the city as only a native could. I've never wandered the dark alleyways of the French Quarter or crept through the cemeteries at midnite. Rice passes on to the readers her first hand experience leaving an impression of a hot and smoldering city, rich with its dark side, histories and secrets.

RINDLE BIRD

Rindle is an Alabama native who made his way down Cajun way about 13 years ago. He's a redhead who's about 5'10" and weighs 180lbs. He says that in his city of Lafayette, the people have a southern-based French culture and you'll still find that French is commonly spoken. The people are friendly, with the local gay scene attracting a wide variety of characters, from bears to drag queens. His hobbies include all kinds of music, computers and especially rollercoasters, the Texas Giant being his current favorite. Rindle says that he's not necessarily attracted to a certain type as much as a pleasant attitude and a good sense of humor. His ideal place to have sex involves a ritual he has started - the highest points in one or all 50 of the states. Starting with his tits is a good way to get him goin'. Where you go from there is only limited by your own imagination.

Photography by Steve Palmer

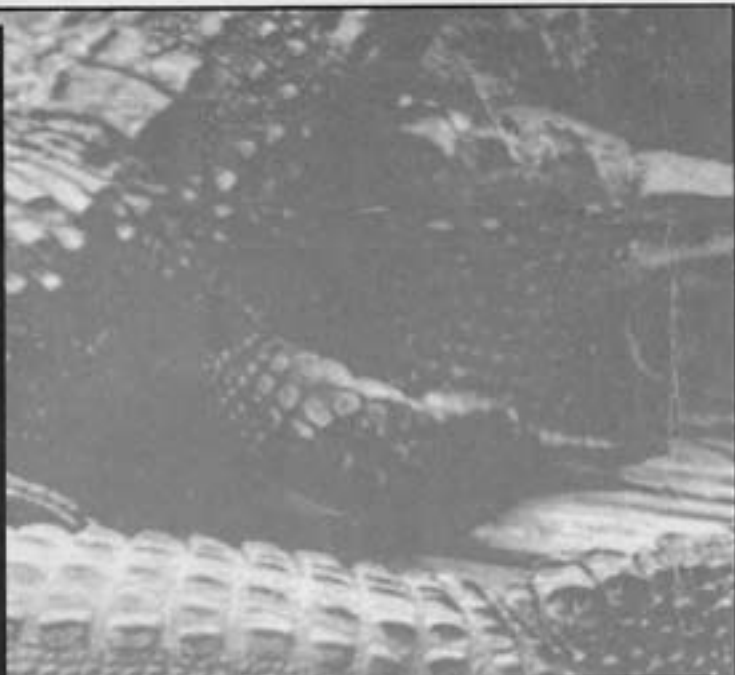

CAPTAIN CONNAILSSANCE

One of the most notable things about the folks in this neck of the woods is their camaraderie. When we went down to take some pics and meet the people we noticed that they were much more at ease about getting physical with each other than we're used to. It's not unusual to casually feel each other up during a conversation, or in the case of the local motorcycle club, have a group session of ass-eating. This is not necessarily a sexual thing so much as it is a sort of local "tribal" ritual. Even though this area has beautiful scenery and grand traditions, it's the people that make it fun. When the bears we've put in this issue talk about the friendliness of the people, I can say from first-hand experience, it's true.
