LETTERS TO BEAR

Open Sessions

Thanks is what I want to say; how to do it is the difficult part. When we had dinner last year, I never really had planned to shuck my clothes and have nude pictures taken. No one's ever managed to get me to disrobe in front of a camera before. But my trust in your judgement and the appeal of BEAR and its readers allowed me to go forward.

The photo shoot was a lot of fun and I was high from the exposure. Then the realization of what I'd just done hit. But thanks to Stephen Stafford, the photos published in BEAR 21 were GREAT. I saw the proofs later and can attest that he printed the best of the lot.

The use of my real name with the photos did not bother me until I realized that everyone would then know. But the terror quickly subsided when the response was so positive after BEAR 21 hit the streets. My attorney

called me to tell me he liked the spread, and friends across the country wanted me to sign the magazine. Then the letters forwarded by the BEAR office came in; people liked the spread and wanted me to know. I was floored that people would write to BEAR and send letters addressed to me for the office to forward. Then the calls, where people took the chance and called Atlanta information and reached me at home.

What a year, thanks to you and the staff at Brush Creek Media.

If anyone has any thoughts of getting in BEAR, go for it. It's fun, eye-opening, and safe! Besides, when people say "you sure look familiar, haven't I seen you somewhere?" it will put a smile on your face, BIG-TIME.

Many thanks Mark Sessions, BEAR 21 model, Florida

What a guy! I'm glad to know you still respected us in the morning. You were in capable hands the minute the shutter clicked.

Steve and Steve and the guys over in production do a bang-up job every time, which is why we love 'em. But a good-looking man such as yourself only makes the process seem easier. By the way, I have one more letter for you. It's your mother.

Where's The Dick?

I always used to enjoy and get off on BEAR Magazine, right from the start. It was my main, eagerly-anticipated source of jack-off material and it always delivered load after spasmodic load of salty satisfaction. But the last few issues have been big disappointments. BEAR has become 90% ads and articles and 10% photos, and my cock hardly gets half-way up when I flip through your pages. All it delivers now is a dribble instead of the usual and expected spurt burst that BEAR once elicited. Face it, guys: all of us buy BEAR—and keep you in business—mainly for the photos of naked, hairy men that you advertise

THE WITKE WIRE

Oh, those men. Those hairy men. Those big-mustached, bearded, furry-bodied, bulging-hairy-forearmed testosterone-oozing three times more likely to have a heart attack balding fucking men. When did I first become obsessed with them? Was it that dark haired Italian guy with the shiny dome and the hairy back who was my grade school gym instructor? Was it the first time I saw Sean Connery strolling along the beach in *Dr. No* in those demure early-'60s swim trunks? It didn't matter that he was wearing a toupee, because somehow I knew, I just knew that he was losing the hair on his head and somehow that made him all the more attractive.

It doesn't even matter to me if these guys have the whole package, any combination is satisfactory: bald with mustache, no body hair, smooth pate, gorilla-like fur, bushy beard; receding hair line, light body hair, no face fur. You get the idea.

Connery is certainly the granddaddy of all hairy, balding actors and could be seen as a role model for pretty much giving up the rug as the years have gone on. Has he ever been more sexy than when he was stripped to the waist and tied up in *Indiana Jones and the Last Crusade*? Well, maybe when he was stripped to the jockstrap with his wrists tied over his head in *Zardoz*.

Kind of like earlier this season on *Star Trek: The Next Generation* when Patrick Stewart was stripped and bound by some hostile, evil bad guys and left dangling before our hungry eyes. That bald head and those lightly hairy pecs were pleasing to behold. And, nice armpits, by the way.

Pernell Roberts was the Sean Connery of television. Bewigged on *Bonanza*, which plays in reruns all over the dial, his shirt was always opened that extra button. He, too, was often stripped to the waist and

tied up in episodes requiring hostage situations. Plus, he made such a nice bookend with Dan Blocker.

Years later, Roberts was liberated from the horrors of camouflage when he played the ultimate father figure on *Trapper John, M.D.* If it's playing in syndication in your area maybe you'll stumble onto one of the rare episodes in which the now-salt and pepper bearded Roberts was clad only in pajama bottoms and what could accurately be described as a body hair sweater. Nowadays, Roberts is hosting the tedious reality show *FBI: The Untold Stories*, still gorgeously bearded, always clothed.

Members of the cult of *Seinfeld* need not be told of the sexiness of balding fuzzy butterball Jason Alexander who plays Jerry's sidekick George. A recent cover story in *Entertainment Weekly* (No. 165, April 6, 1993) featured a mock-alluring sexpot pose of Alexander unbuttoning his shirt and rubbing his fingertips through his fur that was anything but mock. Plus, the show's pretty funny, too.

On those rare occasions when I'm able to rouse myself out of bed before noon it's always nice to visit with the men of *CBS This Morning*. Host Harry Smith is smooth of head but not of chest, as evidenced when Smith gets out of the studio and the suit and tie for remote reports. Mark McCuhan, the show's weatherman, is the polar opposite of his creepy competition at the Today show, Willard Scott. As Willard is insidious and almost scary, Mark is warm and cuddly.

Speaking of jocks, ex-footballer, current-sports announcer Terry Bradshaw has always been able to turn my head. And (I'm not sure if this guy counts as a jock or an actor) look for the frighteningly sexy man who goes by the name of Plague on that *American Gladiators* imitation *Knights & Warriors*. Plague has a huge, muscular body, totally smooth head and a jet black goatee.

on each cover. Live up to your advertisement and bring back more photos or your sales, along with your readers' cocks, will only go down.
G.G., Minnesota

Now you've done it. You were told when you were young if you kept playing with yourself your eyes would go, and now it's finally happened.

BEAR has more pictures than ever before. BEAR 24 has 21 more nasty shots than Issue 19, just one year ago. This translates to a consummate rise in the aggregate penile curve of 124% (we really do sit around the shop and talk about shit like this). And we ain't through yet. We have more pages, more stories and more guys out there meeting friends and looking for dick in the personals. So I don't know what to tell you, 'cept I think you need a group hug.

Thanks

Thanks for a great magazine. I have been with you since Issue 10, and I wait with some sense of patience for each issue. I think what I like the best about BEAR, besides the pictures, the stories, the ads, etc., is the warm honesty that your magazine is run with. You have never told men what a bear is, just some of the components of such. The image and ideal of a bear is in the mind of the beholder. Usually I go for men with a lot of hair all over; but there are men

with just a moustache who turn me on. So, a bear is what YOU want a bear to be.

I also appreciate the honesty with which John Dibelka writes his columns. As someone who hasn't had a lot of experience with relationships, I appreciate hearing from those who, it appears, have. Many times I have read his column, stopped and shook my head, thinking, "Hmmm, I never would have thought of that!" Congrats, John. Keep telling it the way you see it. And use yourself as the example. It helps.

While I haven't met that Significant Other (yet) through BEAR, I have met some very wonderful friends. Some of them feel like the brother I never had. For that, I thank you guys. BEAR has been a tremendous asset in my life, helping me find my way in the world. Keep up the good work. You can bet I will be a reader for a long, long time.
B.U., Illinois

Your letter gave us all a good feeling. Thanks for telling us what you're thinking, and for wanting to stick around. We'll do our best. Promise.

Wet Fur

I am a new reader to your magazine and can't help myself when I see a well endowed man go underwater and just

surface slowly. Did I miss that issue, or what? If you didn't have that idea yet, please do! I'd love to see that. I love bearded men and I got turned on by that guy in the AT&T commercial, but they obscured his image. I'd like to see a REAL man do that ad, not one of those Madison Avenue wimps!

K.K., Iowa

Thanks for sending in your idea. We've been tryin' to shoot our bears in a number of unusual places.

Cajun Kudos

Congratulations on your BEAR 24 issue. You guys really outdid yourselves with the Cajun feature. If these men are truly representative of what's available in the New Orleans area, I may have to seriously consider relocating. Normally I only find one or two men in each issue who interest me, but everyone of the Cajun bears are superb male specimens.

I was especially sparked by Kevin Tyrell and was glad to know he made a video for me. I would like to write all of the featured men to personally thank them for sharing their good looks and winsome ways with us. Can you provide addresses or at least be willing to forward my letters to them?

I deeply appreciate all you do to help isolated rural American guys like me to find furry friends. I am corresponding

BY CHRISTOPHER WITKE

Let's you think I spend all of my time in front of the television, let me just say that the following writers are full-fledged members of the bald and sexy school: Frank Browning, author of *The Culture of Desire* with his white fringe and goatee; post Essex Hemphill with his shaved smooth head and (usually) goatee; and academic daddy-type Douglas Crimp whose book jacket photos are almost too sultry.

From the more obviously smutty file, BEAR 23 centerfold Paul Barresi was the only porn star on the planet who actually made me jealous of John Travolta. There was only one straight porn theater in my hometown when I came of age (back in the pre-VCR era), and Barresi's receding hairline and furry body-builder's physique got me off more times than I can remember. Gay porn star Nick Fabrizi made a couple of videos in the late-'80s that are well worth checking out. Balding, hairy and hang like a fucking male, Fabrizi showed up in such movies as *Manimal*, *The Exchange* and *Big Memories*. He was a refreshing change from the blow-dried clones that flood the mainstream porn world.

Of course, if I had to sum up the appeal of this type of guy in two words, they would have to be Ed Harris. His look changes from film to film but his smoldering animal sexuality remains constant. It would be hard to pick his most arousing cinematic appearance... was it in George Romero's *Knight Riders* in which he was generally clad in black leather? ... or how about when he co-starred with a bearded Robert DeNiro in *Jackknife*? In that little-discussed film, Harris plays a truck driver (part, part) and in one memorable scene he is woken up by a cold bucket of water thrown on him while wearing just a pair of boxer shorts. It's a rather revealing sequence in an overall enjoyable film that also features a fight scene with DeNiro that defines the word

homosexual.

But honestly, none of these is the hottest of Ed Harris' on screen appearances. If you want to see everything this bald, firm-bodied, hairy-chested macho man has to offer you should run (don't walk) to your local video emporium and rent Jonathan Demme's *Swing Shift*. Ostensibly a Goldie Hawn/Kurt Russell love story, the first ten minutes of this film contain the best blooper Hollywood has ever accidentally released to the general public. Keep in mind as the post-shower Ed Harris walks into his living room with a towel wrapped around his waist that *Swing Shift* is rated PG. Don't be completely distracted by his darkly fur-covered chest as Goldie hands him a bottle of beer. Hit the slow motion button on your VCR as Harris exhaustively plops himself down into his easy chair. Your heart will race as you see Ed Harris' egg-sized testicles droop down below the bottom of his towel. You'll gasp as the full length of his thick hose swoops down over his nuts. You'll swoon as all of his equipment is completely exposed when, thanks to the laws of physics, everything bounces up for one final glorious flash. Is it possible that absolutely no one in the entire process of filming, releasing, reviewing, and then transferring to video of *Swing Shift* noticed this delightful exposé?

To be honest, I was so distracted by Harris' glorious chest when I was viewing *Swing Shift* in a movie theater I missed the exposed prick—and I'm a chronic crotch watcher. But thanks to the miracle of video technology you can watch Ed Harris' cock do its merry little bounce again and again. It's better than *Cats*.

Oh, yeah one last thing. Those hairy bald guys are incredibly lovely to look at and delightful to hold, but take my advice and never, ever, ever fall for them. You have been warned.

with my ideal bear, thanks to your personal ad section. Keep up the good work and bare the bears for as long as possible.

B.T., Arkansas

It was a lot of work tryin' out all the guys in the Quarter before we settled on the ones you saw. Glad you liked 'em. If you want to live in New Orleans, you'll have to put up with sultry weather, lax liquor laws, cheap rents and people prone to excess. You might like it. As for getting in touch with any of our models, it's always the same: send a letter and photo to us and we'll forward them.

Oh, Canada!

Greetings from the North! The bears up here are slowly emerging from hibernation. Now that the sun has returned to us, the view on many Canadian streets has improved considerably. Still, I remain grateful for my subscription to BEAR, as it kept me and my bear friends warm all winter long.

When are you going to do a feature on Canadian bears? You folks don't know what you're missing up here!

Keep up the great work, guys. Your stories, art and photography are great. Chris Wittke is my favorite columnist. Yes, I am visually addicted, and yes, I have hours of video snippets of bears, jocks and bodybuilders. Come visit Canada, Chris! We can have our own private video festival.

N.M., Ontario CANADA

I'm surprised you have time for fiddling with the remote control, considering all the wild stories we hear about the Toolbox in

Toronto. We all know what it's like to want to lick a TV screen. I think that's part of the reason people love Chris Wittke so much. We can all relate.

We're trying to do more special issues (check out our 19th Century BEAR, coming this winter), and I like your idea about a Canadian issue. We'll keep it in mind. But first you have to go tell your customs people to leave us alone. Seems the Canadian government don't like hairy assholes much, and wish we'd go away. It's funny, 'cause we kind of wish they'd go away, too.

We Want Barresi Butt

As a subscriber to BEAR I'm always glad when it appears. I enjoy it very much.

When I saw Paul Barresi's name and picture on the cover of issue 23, I was really turned on!

But, I am disappointed that there was not one single ass shot of him. I am sure there are plenty of others besides me and my cock (that's two right there) who are really very disappointed. Paul Barresi has been a butch stud fantasy for many of us, and not to have his ass was really a let down.

Do you think there is an ass shot from the session that could be run in a future issue? Us ass men would be very appreciative.

R.B., Bensalem, Pennsylvania

You're not the only one who's disappointed here. Try as we might we could not get Paul to agree to showing us his south side. The only consolation I can give you is that during the shoot I was able to get a first-

Pittsburgh Butt Pirates

I've seen you put photos of bear license plates in your mag. Here's one we took while on a weekend trip to Washington DC. Good bear hunting down there, but we still find our hometown (Pittsburgh) has the best bears by far—'cept of course for those in your magazine. Scott & Rick, Pittsburgh PA

hand peek at the afore mentioned cakes. And, I'm pleased to report that they are every bit as delectable as your dirty minds might imagine.

BEAR Bro

As I prepared my subscription information and ad copy, the thought crossed my wee little mind how crass it would be for me to send you an impersonal money order without some interactive correspondence. In my world, at least, doing so would violate the spirit of fellowship and camaraderie which this publication seems to inspire. So here be it.

I guess you can sign me up in the hirsute legion of men who turn into panting, quivering hunks of flesh upon the arrival of each new issue. If this marks me as a fan-boy, alas it is a brand I wear proudly. After a shaky, half-hearted attempt to leave the closet at the ripe old age of 22, I discovered to my chagrin a world full of sweater-boys, disco lights, bad cologne and the scene.

You could have knocked me over with a proverbial dirty jock-strap when I chanced upon my first issue of BEAR (#12). After spending hundreds of dollars on pornography filled with drugged-out, greasy surfer boys, BEAR hit me like a life preserver. Could it be true that men such as

myself exist in gay society? Your efforts have been an oasis in a desert of truly tepid male entertainment.

I am grateful and relieved that I am not a societal outcast as I seemed to be in the early years of my homosexual lifestyle. If BEAR had been around then, some of the stigma of being gay could, and would, have been lessened.

Some of my associates roll their eyes when I rattle on about BEAR. Sample dialogue "Pornography is pornography..."

Luckily, I have a virtual arsenal of replies. All I need to do is point out the letters page, music reviews, personal ads, political, social, legal and ethical topics presented by BEAR, and my case is made. Frankly, how many publications turn on your mind, body and funny bone at the same time?

It's nice to know I belong in a distinguished group such as the BEAR fans who help support this magazine. Brothers, all.

K.S., Dayton Ohio

It's nice to see that the extra effort we put into making BEAR a little more than the average bear is noticed and appreciated.

We're doing the best we can to keep up the quality and integrity of BEAR. It's the fans like you who help make it what it is. Thanks for your support. We won't let you down.

Steve is originally from Mt. Vernon, New York. He's 5'9" tall and weighs about 196 lbs.. He currently lives in San Francisco where he can be found spinning records at the Headquarters bar.

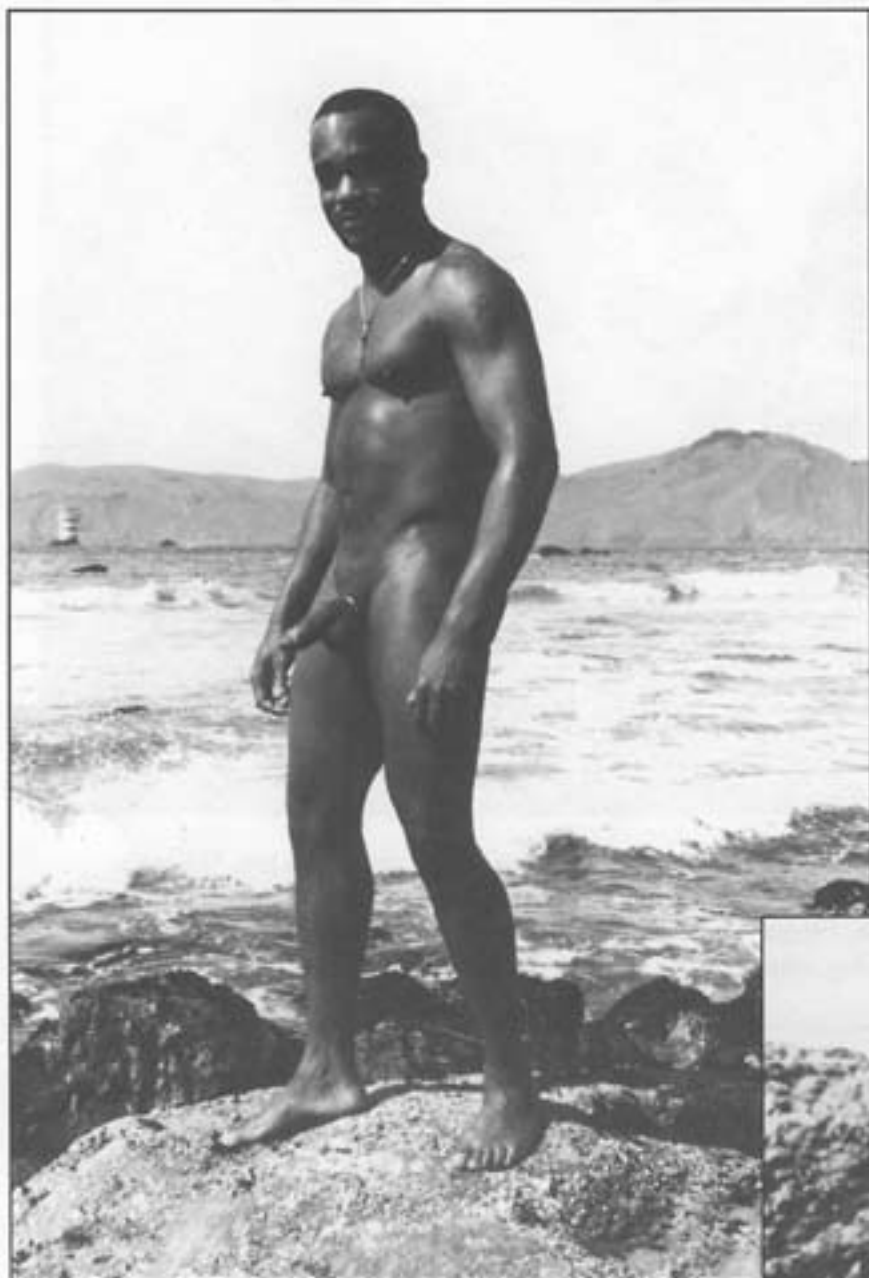

Photography by Jim Wigler

When it comes time to gettin' down and doin' the wild thing Steve prefers being on top. "There's nothin' better than a good 69 and gettin' licked by a furry face." He says that he is attracted to sensitivity and a non-judgemental attitude. Physically he likes big, furry boys. As for his secret fantasy location, he likes to do it in a dark alley, late at night because it adds an element of danger.

This is a little something that was sent to me from a bro who goes by Rusty Bear. He said in his letter that there wasn't nothing like it and I gotta agree. This is what he wrote in his letter about it. "I utterly guarantee by the time the balloon gets the size of a baseball up your hole you'll be on your hands and knees growling in ecstasy." He also added in closing that "if you've got any mastery over your asshole, you can relax and slowly shit this thing out. Great as a warm-up for a FF scene. You can also have the bottom count the squeezes and when he's had enough—let him relax a little, then give him one more." Take it from me, T. C., if you like your limits stretched and your hole opened wide your gonna like this!

MATERIALS

This is what you'll need to buy for a bigger and better hole.

- 1) A one way squeeze bulb, preferably with a valve. Rusty Bear mentioned using the ones that come on a blood pressure cuff to be the best, but that's pretty expensive so he suggests using one from a balloon you may already have laying around. He uses one he found with a valve, in the sporting goods department at K-Mart, that is used for pumping up basket balls, for only five bucks.
- 2) Some heavy duty rubber bands.
- 3) A length of tube about 2' to 3' long.
- 4) One heavy duty punch-a-ball balloon which you can pick up at any toy store.

Here's how you put it together. It's quick and easy and best of all you don't need any tools. One more thing I should mention. Don't use petroleum based lubes. It just rots it. Use Crisco or butter if you have to.

To assemble: Attach tube to squeeze bulb and the other end of the tube to the balloon. Use the rubber band to secure the tube to the mouth of the balloon. It's as easy as that! Hope you enjoy this balloon ride as much as I have. T. C.

Thanks for turning us on to this Rusty Bear. Any of you out there that thinks they may have come up with something to contribute, don't be bashful. Send it in and let the rest of us in on it. You can send it to:

T. C. Smudge c/o BEAR, or send it directly to
T. C.'s Smudge, PO Box 446, Berry Creek, CA 95916.

APPALACHIA

Story and illustrations by TAYLOR SPENCE

Where we live is way up in the green hills. We go down into town maybe once a month and it is a long and winding way from town to our farm, the Markerville Place. That's why we was so surprised when Uncle Danny came to find us and told us there was a visitor.

"Shit. He musta walked the whole way. I didn't hear no truck," said my brother Bud.

"Me neither," said I.

We ran all the way back to the little bridge over the creek, rushed down the winding path that goes behind the barn, where the hay and the lambs are kept, and into the yard. There in the bright sun next to the house with my daddy and grandpa, talking together, was a man. That was Perry.

Summer in the Appalachians is a soft, sweet time. For the people of that hallowed and mystical region of the United States, mostly farmers and miners, summer is a lazy time when animals grow, fences are mended, and the evenings stretch on to a warm purple glow under the eaves of the porch. The Markerville farm is one of the largest in the area, totaling 500 acres of sweet earth, oak trees, southern pines, a stream called Peterson Creek, and five people; Pa, his sons Bud and Augie, Uncle Dan and Grandpa. Augie and Bud's mother, Estelle, a docile and much revered woman died while giving birth to Augie. Pa was the doctor on duty. He named his son August for the month that his wife left him, but everyone just called him Augie. The men worked hard and as the boys grew they took on more and more responsibility around the place.

Grandad was getting older though, and was confined to household chores, so Pa decided to hire a day hand. Perry hiked up the mountain, was young and strong and willing, and so he was hired.

"Well son, you've heard our terms, what we'll want of you and all. We'd like to hire you. Would you wanna work here with us?"

"Yes sir. It seems like a good place, and you all seem like good fellows," came Perry's reply.

My daddy had me and Bud show Perry around the place, where he was going to sleep and everything. I right away liked Perry because he just looked nice and regular. I'll never forget what I first thought when I saw him; it sounds queer, but I thought he was so pretty. Perry is big and broad in the chest and is well muscled; he looks like he has always worked hard for a living. His hands are bony and well-veined. He has blue eyes and black curly hair and a full thick beard like my daddy and Bud and Danny, but my daddy and Danny are big hefty fellows, and Bud is bigger than me too.

"This is where you'll sleep, the pump's around the cor-

ner, and Grandpa will bring out some bedding for you."

We were just standing around in the cool, dusty barn with our hands in our pockets, smiling a lot. Perry grinned, "So whatty'all do around here for fun? Ain't no girls nearby, eh? Ha! Ha! Ha!"

We had a good laugh. Perry's a good fellow. He had a little flask of whiskey. He let us taste it. It was bitter, but I had never had it. Bud had though, and said it tasted

fine. Bud and Perry were the same age, 18. I'm 16 by the way.

Summer days while away slowly under the powdery blue heavens and round fluffy clouds in Appalachia. Buzzing gets loud around noon and all take cover under the porch or trees. The brothers Bud and Augie spent most afternoons fishing and fooling around as Bud called it. Up there in those warm furrows of earth and green life, the boys grew and prospered like the innocents in their own Garden of Eden. Life was physical, work and pleasure; love was real and physical and unsullied closeness was a reality of existence.

I forgot to tell you what we was doing when Danny came to find us. We was fishing. Bud and I have a little spot along the creek where the grass is soft under a tree. We've set up little rock piles to stick our poles in. Then we lay back and talk and laugh and dream and fool around. I love Bud and he loves me. We are brothers and closer than anything. Bud was squatting with his back to the tree, his arms resting on his knees, his big calloused hands hanging inward. Bud's legs are hairy and I could see his hairy belly peeking out of under his shirt. One of his big heavy balls had slid out from his cut-offs.

I laughed and told him, "Peekaboo! Ha! Ha! Ha!"

He grinned and looked down at his fat pink ball covered with black hair. He reached down and dug his finger inside of the warm moist crevice between his thigh and his cut-offs and pulled his balls out. They hung down about four inches and slowly swung and bounced above his cupped hand. He looked up at me and grinned his crooked, sheepish grin, "Jeez I gotta piss."

He snuck his middle finger deeper down there and out snaked his big dong. Bud is a really big fellow and his cock is fat and long and veiny. He fingered his prick up and down and pulled the skin back to uncover the fat waxy head. It was a hot day. The cool air must have felt good. With his middle finger he dug under the skin and fingered the big pink slit. His cock was growing now under his stroking and finally he was stroking it long and steady with both his hands. His package looked so pretty hanging down between his legs—it almost touched the ground. His brow was furrowed as he stroked his meat,

but suddenly he reached his hands behind his head and sighed, grinning, "If I keep that up, I'll never piss. Man! I gotta piss. It hurts."

He stared at me and grinned. I watched his prick slowly shrink up and soften. He reached down to direct the flow, but at the last minute I said, "No. Let me Bud." I crawled over from where I was lying and rolled onto my back, grabbing his meat just as it started spurting out its golden fluid. His piss splashed onto my face and then in my open mouth as I swallowed big fresh salty mouthfuls. Bud didn't try to stop me, he only made this little warm clicking sound in his throat and murmured, "Yeah, lil' brother, ol' Buddy's gonna fill you up with his piss. Yeah man, you musta been thirsty. Drink it Augie, drink it."

I shook the last drops onto my tongue. We rested like that and then, because I loved Bud and wanted to, I stroked that fat meat up and down. I pulled his skin all the way back and looked at the waxy head with the yellowish cheese collecting around the glans. His cock smelled rich and warm like it always does.

"You wanna play with Buddy, eh? You wanna be your Buddy's special friend, eh bro? You like that fat horse dong, dontcha?"

"Yes Buddy, please." In one motion he knocked my hands away and stuffed his meat in my mouth. With both hands working, he stuffed as much of his fat cock down my throat as would go, and lowered himself onto his knees so that he was straddling my face. He ground his hips down hard and around and down so that my nose was squished into the greasy smooth muscle behind his balls. He was rubbing and grinding and sliding his shiny hard shaft in and out of my throat all the time muttering, "Take it lil' brother, oh yeah, suck it, suck it..."

Then he pulled out and turned around so that he was facing me. His prick was throbbing and the veins were bursting, jutting out of his cut-offs, his round tits were heaving and he still that smile.

"Had enough?"

I reached up and rubbed his hairy belly and his flexed thighs. He leaned forward and rubbed his cock forward and back over my nose and lips; he placed his hand over the top of his shaft and pushed down hard against my face and shoved it back and forth. His fucking was a loving act, an intense act; he studied what he was doing with a turn of his head, his cordy neck bulging, his tongue between his lips. Finally with his strong, gentle hands he grabbed my

head and dove his prick all the way home. I looked up at him, our eyes locked in a smile.

"Now you wanna do it, dontcha? Now I'm gonna take you like you like, eh? Buddy knows what you like, eh? My little baby lamb. Come on get'm off. Yeah. Oh! heh, heh, you're ticklish, eh? Yer wet."

"Put yer fingers in it. Oh Buddy, yeah, Buddy."

"Play the little lamb game. Play it. Come on."

"Baaaaaaah! Baaaaaaah!"

"Ugh!"

I tickled his ears with my toes; the vein on his forehead

was popping out. We could hear the smacking sound his fat balls made when they slapped against my ass. The fat cock slid in and out of my young shitter, and for awhile there was just the smacking sound of Buddy's thrusts and,

"Make the sound."

"Baaaaaaah!b

Baaaaaaah!"

"Ha! Ha! Ha! Ha!

Ha!" Buddy never lost his crooked sweet grin.

"Aintcha thirsty for it?"

"Yeah. Gimme it."

He pulled it out and thrust it forward. "Stroke it brother; get Buddy off."

He was full of blood, I had to stroke it with two hands in short hard bursts. Buddy reached down and fisted my hard dick and we shot cum all over. Buddy likes the taste of his own seed. Anyway, you couldn't tell whose was whose.

"Hey, I think you got a fish lil' brother."

"No, that's your line."

Then Uncle Danny came to find us.

The sun set warm and glowing over the green hills which turned to a dark navy blue as they received the sun. The lowing of the sheep to their lambs could be heard quietly to the south. The cow's bell clanged gently as she moved in her stanchions. Evening. Night. The bats flapped around the porch light of the Markerville place.

That night Grandpa prepared a special meal because Perry was there now. We had a new lamb roasted to a golden brown, corn on the cob, and apple pie. Perry got along well with other men; they talked about the market and the lamb crop and which fields would be mowed first. They got to drink a little whisky after dinner—even Bud. But he had to go to bed when I did. As we filed upstairs I looked around and Perry smiled his regular grin and said, "Ge'night."

We liked Perry.

I don't know what woke me up. I had to piss. I crawled over Bud who just grunted. he sleeps like a baby and

padded down the hall. I heard my papa and Danny talking.

"Look at that one, Dan."

"Oh yeah, shit..."

"Oh man, that's hot."

I crept towards the cracked door and inched around the hall bureau and looked in. My Daddy's cock is even bigger than Buddy's and redder with more veins. He was laying on the bed with his pants open, his gnarled hard working hand moving up and down his slick shiny shaft. On every upward stroke the broad head would disappear into the wrinkled skin and a milky fluid would squeeze out. Uncle Danny was sitting in the chair beside him fisting his fat cock too. His balls bounced up and down on the edge of the chair. He rubbed his broad taught chest. His hard nipples were erect through the matted reddish hair.

"Bend over again, boy. Yeah, now slide it in deep and hard."

Yeah. Oh fuck, does it hurt?"

"No, feels good sir."

Perry was standing there bent over with his hard, hairy muscular ass facing them while he slid a wet used corn cobb in and out of his swollen shitter.

"Now stick your fingers in it too. Tight fit eh?"

"Oh man. This feels so fuckin hot. Man! I want to shoot bad." Perry ran his wet fingers around the cob; he licked them again to lube them up and then rimmed his hole. His fingers moved easily around inside there. He walked over and straddled the end of the bedstead. The corn cobb hit the hard edge of the wood and the cob went all the way up to the hilt. He slid his ass back and forth over the edge and then bounced up and down and arched back. He reached for his hard meat and rubbed his other hand all over his chest and belly.

"Fuck man, it's good." Perry crawled over the bed; I could see the cob slide out some by itself.

"No. It's O.K. I wanna, sir. Y'all are good people. We're all men here, it's O.K."

"Oh jeezus, that feels good boy."

My daddy helped the cock to go deeper by placing his large hands on Perry's head. He thrust up and down. The veins on Perry's neck were straining, his face was red and engorged from his throat fucking. My daddy was panting with strain and release. His silver blond hair was fallen over his forehead, his brows were furrowed, his eyebrows were raised in expectation. Danny moved around behind

Perry and laid his fat prick on the furrow of his white butt. In preparation his cock slid easily in the furrow due to the sweat and the ooze dribbling from the head. He shoved two fingers in easily beside the cobb.

"Is it al'right, boy? You like it like this? You want it up yer bum?"

Perry nodded his head as he sucked. Uncle Dan stuffed the head of his cock into Perry's hole next to the cobb. Then he slowly, steadily slid all the way up to his hairy pubes. He let out a low groan and sighed.

"Oh man... oh manno oh manno oh manno oh fuck..."

"Fuck'em Danny, go deep and good. We're gonna fill that hole with seed. Oh God, yeah."

Danny was screwing Perry in earnest now. Hard and quick in and out. Perry lifted up and turned around to look at Danny pump his ass. His face was all scrunched up. My daddy's cock bobbed free, red and wet.

"Screw'em, fuck'em, yeah brother do it!"

Danny grunted and clenched his teeth when he came. My daddy was up beside

him now and when his brother pulled out his slick cum-covered cock and the cobb popped out too.

"Turn over boy, I'm gonna really fuck your ass."

Perry turned over and my daddy mounted him. He took the cob which was slimy with cum and bits of corn and stuffed it in Perry's mouth. You could hear him sucking all the juice from it. Daddy's cock slid easily into the trashed meat of Perry's hole. I watched my daddy's hard ass ripple and clench as he drove his prick deep into Perry's bowels. Danny pulled the cob out as he straddled Perry's face so that he could lick off the cum that coated his cock. My daddy grabbed his brother's shoulders and rode the boy until he shot.

The day rose warm and soft in Appalachia. By that time the cow had been milked, breakfast eaten and Perry and the other men were busy on the south fence, making repairs.

If you've been around the Bay Area you might have noticed this billboard about Workers' Comp fraud. See the guy on the left? Mean, masculine, killer eyes.... Well, for \$59.95, you can watch him wag his dick in our all-male orgy video, *Bear Fuck Party*. And by the way, when the guy on the right went along to San Quentin to do this photo shoot, it seems he had a few outstanding warrants. So they kept him. Sorry guy. Wrong move. Go directly to jail. Do not collect your \$200.

Hey, wait a minute here. This ain't the Lone Star I remember. Seems these Lone Stars are poppin' up all over the place. Kevin says this one here's located Down Under, in Perth.

LIKE PENNIES FROM HEAVEN

According to *Playboy* (don't worry, we won't talk about titties here), a Wisconsin prison refused to provide condoms to its inmates, presumably under the impression that if they don't have condoms they simply won't fuck. So local AIDS activists flew over the prison and dumped a load of condoms from a small plane. Took two days to clean up the mess, some of which landed in a surrounding neighborhood.

I Had A Ball At The Testicle Festival

Yes, I said Testicle Festival. 11th Annual. Missoula, Montana, in October of '93. Tom from Missoula sent last year's flyer to us, saying it's a hot event with thousands of macho studs eating nuts and Rocky Mountain Oysters, drinking beer and dancing (with women). Takes place at the Rock Creek Lodge, and promises lots of hot men to look at and drool over, from bikers to loggers, truckers to ranchers, and the cops who police the event. I tell ya, straight people will do anything so they can drink beer. Call 406-825-4868 to find out how you can support this sort of thing.

BONER BAN

According to **Columbus Alive!**, a bill was recently introduced in the Ohio Legislature that would make it illegal for men to have a boner in public.

Apparently, some lawmakers have nothing better to do than to worry about other men's dicks (we don't have anything better to do than to worry about other men's dicks, but we're artists). Designed as a harassment tool against strip joints, the law has serious repercussions for the artistic community, who knows the beauty of a hardon and the value of a performance. But let's talk about the average guy. What happens when you doze off on the bus? These lawmakers have never *accidentally* gotten a woody on the bus?

Never mind. I withdraw the question.

Ed Nixon and Al. No shit?

Is that really Al from ABC's *Home Improvement*?
What a babe!

Down boys, down! It's just a cardboard cutout, and Ed Nixon, long-time BEAR/POWERPLAY correspondent, was photographed just as he figured it out. Here we see the surprise on his face. But it quickly turned to anger and Ed was pretty damn disagreeable the rest of the day. Still, he took the thing home and fixes it dinner every night.

The Best Policy

As usual, I'm way behind the times. It seems I'm the only columnist in the English-speaking world who hasn't weighed in yet with an article on Lifting the Ban. I have a file folder bulging with essays and opinion pieces on this topic from various publications, all of them saying almost exactly the same thing.

Most of those writers wrote clearly and well. I am as proud to be part of this group as I am of my military service to my country. Maybe more so. Some of those columnists spoke my mind brilliantly.

But no one has said what I feel in my words until now.

In case you've been hibernating (it is, after all, spring, and caves are, after all, probably the most sensible places to spend our lives in troubled times), let me recap the situation.

The current President of the United States won his job with the help of an overwhelming majority of the openly gay men and lesbian women who voted.

(You know, the more I see it, the more I hate that term, "openly gay." It's clunky and it reeks of mothballs. In the interest of better-sounding language and clearer-flowing thought, I propose that we use the word "honest" instead).

This President won the support of these millions of honest people in large part because he promised to end discrimination against those of us who serve our country in our uniformed armed forces. He made it sound like a cut-and-dried bargain. If we'd help him secure his office, he'd help us secure our fundamental rights.

We believed him, and we kept our part of that bargain.

The President seems to be having some troubles with his.

To be fair, most of these troubles are not of his making. Just like we've done so many times, our President seems to have underestimated the sheer volume of unreasoning, unreasonable, uncomprehending and incomprehensible hatred a substantial number of our fellow citizens throw at us every time we're honest. He called for Americans to treat Americans with dignity and respect and got himself smacked with a fat, ugly backlash.

It seems to make him feel badly. He does deserve credit for that.

But feeling badly's not enough. We honest people feel badly every day of our lives over reactionary acts like these. Straight sympathy doesn't change anything.

We need action.

We need equal treatment under all of the laws of this land.

We need the leadership of candidates who assure us they share this commitment.

We need to support these candidates with every means at our disposal.

But we need to see results. We have backed these men and women. We have seen some of them win election, and now we must hold them to the contracts they made with us to get there. We have heard this equality promised. We have not often seen it in practice.

We need to hold these truths to be self-evident:

That armed forces represent to the world the cause or the country they serve, advancing its agendas and promoting its ideals; and

That America's national ideals include freedom, equality and opportunity for all; and

That any American who cannot work together with any other American to achieve these ideals does not deserve to be called an American; and

That any member of the American military who cannot serve beside any other member of the American military to preserve, protect and defend the Constitution of the United States of America from all enemies, domestic and foreign, at home and abroad, does not understand that Constitution, cannot satisfactorily serve this country and should be discharged expeditiously from the ranks of our armed forces; and

That any military body which, in advance, encourages its members to dis-

obey direct orders from their Commander in Chief commits an act of treason; and

That a treasonous military is either useless (if it is weak) or mutinous (if it is strong) but in either case presents a clear and present danger to the society whose safety its members have sworn their lives to safeguard; and

That any Commander in Chief who allows the military under his or her command to make a display of such public disloyalty is impotent and guilty of collaboration in their mutiny; and

That any Chief Executive who champions a cause as important and as fundamental as simple equality while a candidate but who, once elected, runs in retreat from nothing more than willful ignorance, betrays those whose support guaranteed victory; and

That we, the people who elect such a Chief Executive, owe that person little allegiance, less cooperation, and no support until old promises are kept.

Honest people deserve a fair shake.

We ask no more.

We plan on accepting no less.

In a popular phrase from my own Navy days:

Those who cannot lead and will not follow must get out of the way.

I have said these things to the President of the United States.

I have said them to the Secretary of Defense and the Chair of the Joint Chiefs of Staff.

I have said them to Senators and Members of Congress; both those who represent me and those, like the distinguished gentleman from Georgia, who do not.

I have said them to friends, to acquaintances, to relatives and people reading tabloids in the check-out lines of grocery stores.

And now I have said them to you.

I urge you to say them to others.

Write. Write early and write often. Call. Leave messages. Use fax machines. March. Sit in. Make sure you're heard. This is important. It's not going to go away, and it's not going to work out right on its own.

We must say these things because they're more than self-evident truths.

They're justice.

And they're the American way.

Superman's dead. We have to be our own heroes now.

We must defend our democracy.

Our armed forces don't honestly seem to be up to the job.

Gay Marriages

On Thursday, May 6, history was made when the Supreme Court of Hawaii ruled that the State cannot refuse gay couples permission to marry absent a compelling state interest. This effectively means that Hawaii will be the first state in the union to allow gay couples to marry.

We are presently in the middle of the second round of lawsuits over gay marriage. In the early days of the gay rights movement, lawsuits were filed seeking to overturn state laws that restricted marriage to heterosexual couples. All of those suits resulted in rulings that because marriage has traditionally been defined as meaning one man and one woman, gay people could not be included within them.

Fifteen years later, we've come back to try again. In addition to the Hawaii suit, another case is pending in the District of Columbia. Both argue that the 14th Amendment's requirement of equal protection means that gay couples must be afforded the same rights as heterosexual couples, including the right to marry.

Under equal protection law, there are three different levels of protection for different groups: strict scrutiny, heightened scrutiny, and rational basis. If a group is entitled to strict scrutiny, a law which discriminates against that group will only be upheld if there is a compelling state interest and no less restrictive means of achieving that interest. Heightened scrutiny requires only that the law be narrowly tailored to achieve an important state interest; under rational basis a law will be upheld if any rational legislature could have believed that it serves a state interest.

In the real world, laws almost never

survive strict scrutiny; under rational basis, on the other hand, it is rare indeed for courts to interfere with legislature.

Under federal law, there are three groups entitled to strict scrutiny; race, alienage, and national origin. Gender and illegitimate birth get heightened scrutiny; age and mental retardation have been relegated to rational basis. The Supreme Court has yet to review a gay rights case under an equal protection theory so we don't really know what kind of equal they might give us; personally I would prefer that Bill Clinton make a couple more appointments to the Supreme Court before a gay rights case heads up there.

To give an example, suppose the state legislature passed a law which said that no person born outside the United States may be a notary. Since alienage is entitled to strict scrutiny, that law would be thrown out unless the state could prove a compelling state interest with no less restrictive means of achieving it. If the law said that nobody born out of wedlock could be a notary, the court would look to see if the law were narrowly tailored to meet an important state interest. If the law said that notaries must retire at age 50, the court would uphold the law if it could think of any rational reason for it.

The theoretical basis for the different classes is that strict scrutiny is for those groups which have suffered a long history of irrational discrimination; heightened scrutiny is for those who have traditionally been discriminated against based on outmoded stereotypes, and rational basis is for everyone else. Not everyone likes the class system; I am the author of a law review article which argues that the class system should be abolished; at least two Supreme Court justices agree with me.

State courts interpreting their own state constitutions are permitted but not required to follow the lead of the federal courts. In fact, many states read their own constitutions as giving individuals more rights than the federal courts find in the U. S. Constitution. For example, many states give their criminal defendants far more rights than are required under the federal constitution.

Thus, the crux of the marriage cases is twofold: to which level of scrutiny should gay people be entitled; and does the state's law pass the test for that level of scrutiny, whichever level that turns out to be.

The Supreme Court of Hawaii chose to dodge the issue somewhat by finding that this was really sex discrimination. If a man can marry a woman, but not a man, that is sex discrimination since the issuance of a marriage license depends upon the gender of the parties. Thus, the court very nimbly avoided the gay issue by analyzing it under sex discrimination.

The court then decided that under the Hawaii Constitution, gender should be entitled to strict scrutiny, even though that

is more protection than gender receives in the federal courts. This accomplished two things. First, it prevented an appeal to the U. S. Supreme Court, whose conservative majority would almost certainly have gone the other way, by deciding the issue solely on state law; under federalism state court decisions interpreting state law may not be reviewed by the federal courts.

Secondly, it placed the state in the position of having to show both that there is a compelling interest in not allowing gay people to marry—and there is plenty of caselaw that says prejudice, even when it masquerades as morality, is not a compelling state interest—and also that even if there is compelling interest, there is no less restrictive means of achieving it. All I can say to those on the other side is good luck. You'll need it.

Another interesting question is what happens to people who marry in Hawaii—must other states recognize their marriages. In other words, if a gay couple marries in Hawaii, and then moves to Mississippi, must Mississippi law consider them a married couple?

The general rule is that if a marriage is legal where it was contracted, it is legal everywhere. There is also a provision in the U. S. Constitution called the Full Faith and Credit Clause which requires states to give full faith and credit to the acts of all other states.

This issue has arisen (sort of) in a couple of other contexts. The California courts refused to recognize a polygamous marriage from Saudi Arabia, and the Connecticut courts refused to recognize an incestuous marriage from Italy, even though both of those marriages were legal where they took place. The reasoning was that polygamy and incest so completely violate American public policy that they would be an exception to the general rule about marriages being legal everywhere if they were legal where contracted.

I don't think those cases apply. In the first place, neither Saudi Arabia nor Italy are states, so the Full Faith and Credit Clause did not apply; with Hawaii it would. In the second place, I don't think homosexuality violates public policy in the same way that polygamy and incest violate public policy, especially given the trend to recognize civil rights for gay people. But we won't know for sure until we have a court case on that issue.

The other interesting point is what this does in states with sodomy statutes. The federal courts have been clear that laws which interfere with a married couple's sexual behavior in their marriage bed are unconstitutional. This may at some point in the future be an occasion to revisit *Bowers v. Hardwick*.

But for now, in at least one small part of this great country of ours, we can now legalize our commitments to each other. That can only be described as a start.

MAKING BEAR ADS WORK FOR YOU...

1. Dialing BEAR Voicemail. To use MasterCard or Visa, call 1-800-347-BEAR. The Bear Computer will tell you what to do. If you wanna charge it to your home phone instead, dial 1-900-HOT-BEAR. You can record your own personal greeting, answer someone else's, or talk to whoever else is jacking-off on the line.

2. Constructing your ad. When you write out your ad, keep this in mind: talk a bit about yourself and be real clear about the types of folks you'd like to meet through your ad. As much as possible, avoid telling us who you don't want to meet. No "no fats, no feds, or Lithuanians" shit. Be positive. And if you aren't, we'll edit the fuck out of the ad and turn you into more of a Pollyanna than you'd care to be.

3. Using their home phone. If you're calling someone's house, keep in mind (a) time zone differences—if you don't know them, look in the front of the White Pages in a phone book; and (b) that the guy on the other end may not be able to or may not want to talk to you at the time of your call. Always ask if it's OK to talk.

4. Cost and duration. Personal ads are free if you're a BEAR BUDDY. Otherwise, they're \$0.25/word/issue. Wanna change your ad? Send in \$5. Wanna discontinue your ad? Write in and we'll pull it. You will have to pay to have a pulled ad put back in.

5. Deadline for classifieds for BEAR 26 is June 30, 1993.

6. BEAR Postal Box Numbers. Available to US subscribers. Free to BEAR Buddies, including Foreign Buddies. Otherwise, ad \$5 to the total of your ad. A word to the wise: responses to your ad will be much greater using your own address versus ours.

7. Replying to a BEAR Postal Box Number. Write your letter, put it in an envelope and seal it. On this envelope, put the fella's box number IN PENCIL where you'd normally put a stamp. Put this letter along with \$1 in a larger envelope and mail it to us. That's BEAR, 2215R Market Street #148, San Francisco, CA 94114. We always forward letters if you've done what's called for here. If you mess up, we either throw your handiwork away or read it ourselves.

8. Personal vs. commercial ads. You know as well as I do what a personal ad is and isn't.

9. We reserve the right to edit personals. This is exercised for editorial consistency and for clarity almost exclusively.

10. We reserve the right to refuse any ad for any reason whatsoever.

11. Changing Your ad: It's cool. But it'll cost you 5 bucks, and must be in writing.

12. Photo ads. We'll run a shot of your face or dick—but only once. Make sure it's a clear, well-lit pic. Your photo must have a signed model release. We're running out of room for them, so they'll be printed first-come, first-served, and you may have to wait a few issues.

BARRY BISHOP

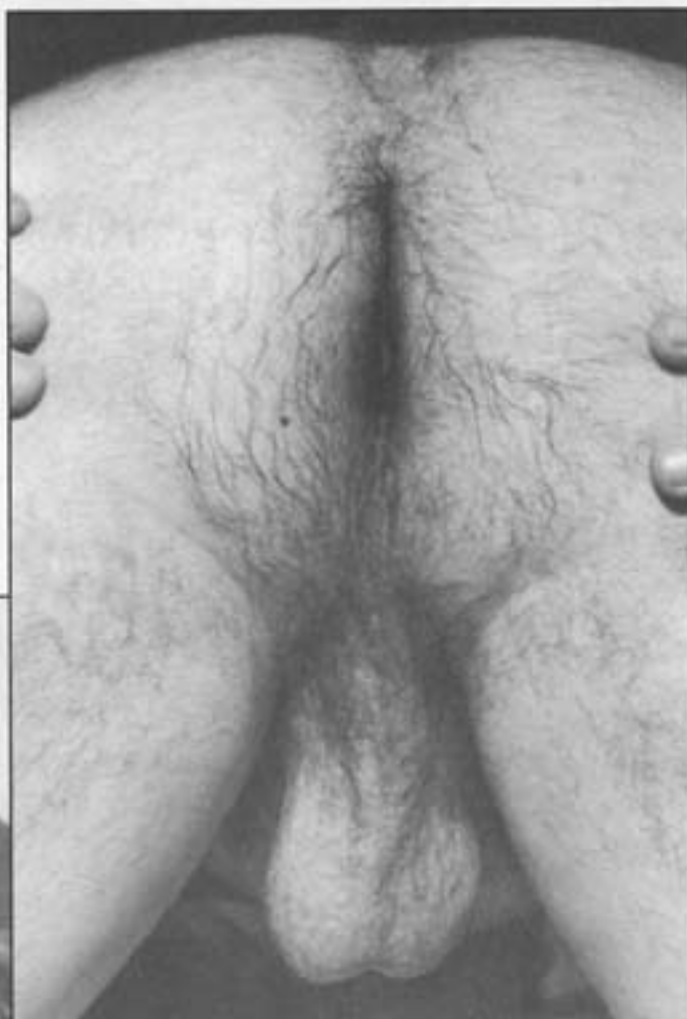

Barry is a big boy. He's 28 years old, 6'5" and he's a solid 280 lbs. He is a native Southerner raised in South Carolina and currently living in Atlanta. He's done a number of things over the years but he is finding that his niche is writing. You can find an example of his work in a new publication being put out, in Atlanta, called *Ganymede*.

Barry is community minded. He is affiliated with the leather community as well as the newly formed Southern Bears. He feels that being a bear requires being good-natured, unpretentious and happy with the simple things in life. There is definitely no room for attitude. When he was introduced to us by one of our bear buddies (Mark Sessions BEAR 21) one of the things that impressed me about him was the fact that he is very easy going and comfortable to be around.

When I asked him what kind of men turned his head he said, "I like older men, preferably with facial hair and hairy bodies, although I'm finding that as I get older finding an older man is not as important as it used to be. I consider myself to be a versatile kind of guy. I'll try most anything once, sometimes twice, just to make sure if I like it or not." He says that a fantasy setting would be either the mountains or by the ocean.

Tattoo Bil

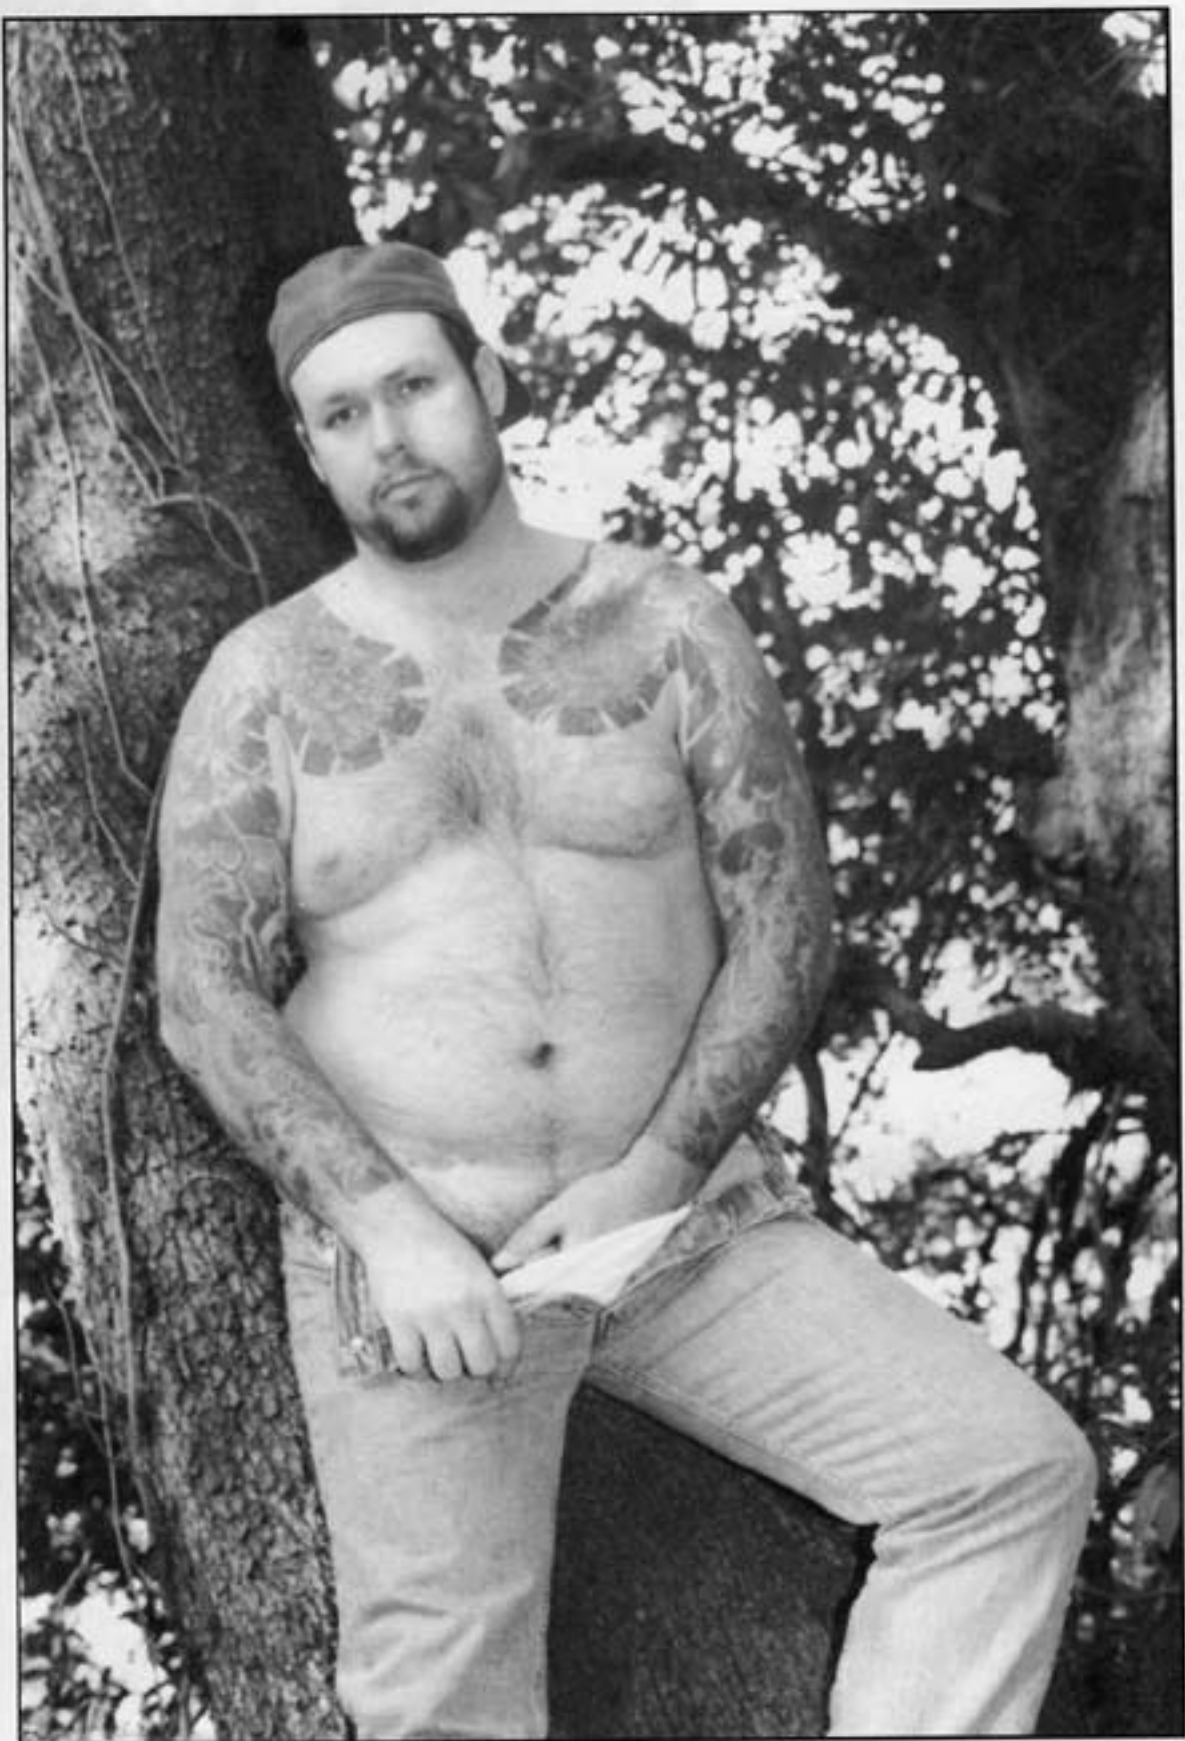

We jumped at the chance to head out to the woods with Bil and watch him get naked in the sun. At six feet, 232 pounds of meat covered with ink, he looks like he belongs in the wilderness of his native Santa Clara County, CA. A truck driver by trade, he heads up to a special place he knows with a lake and lodge. That's where he took us.

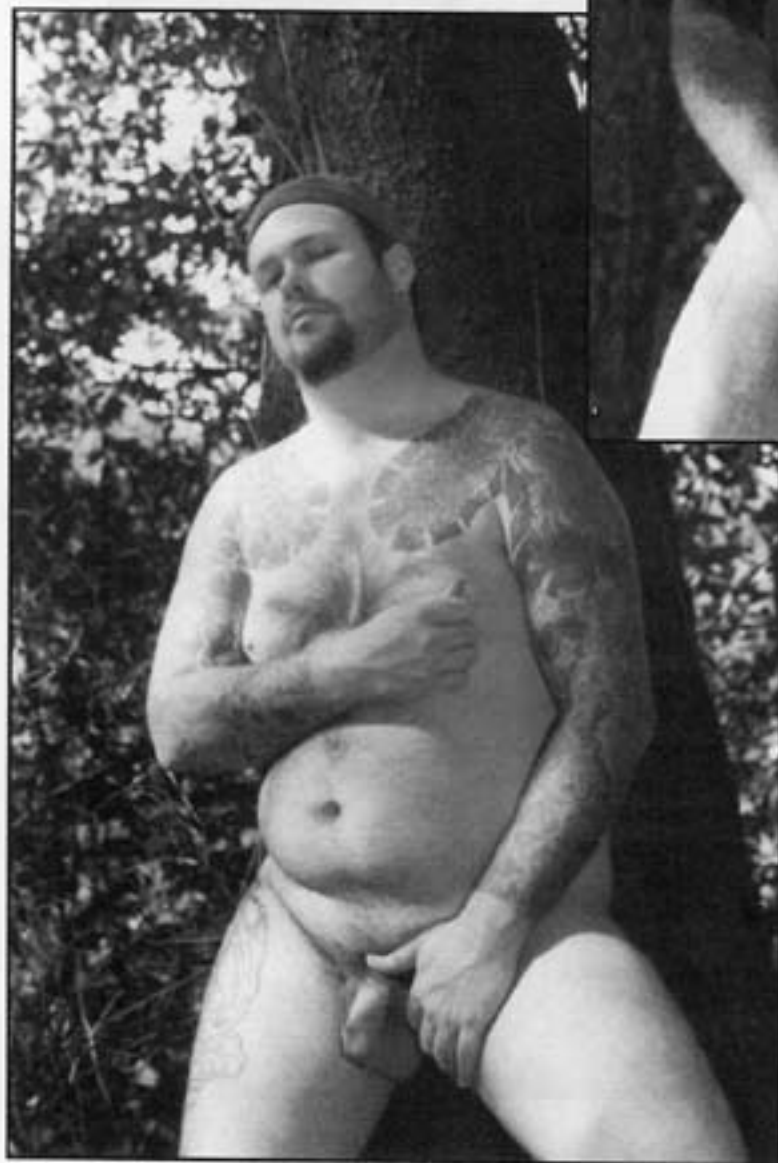

He says he likes men smaller than he is, medium hairy, tattoos a must. His favorite place to have sex? In bed, with a man who'll still be there in the morning. Someone masculine, whose face he can read, whose needs he can fulfill.

I asked him how he felt about being shot for the mag. He said it was strange, but he liked it. Couldn't wait to show it to this asshole guy in a bar who said there was no way someone as big, bald and tattooed as he is could be in a photo shoot. "I wanna throw this mag in the mother-fucker's face and tell him to eat shit."

Go for it, Bil. You did just fine.

Scott Alan Russell is in a career quandary. He's grappling with a problem that many of us have at one time or another: choosing between a life of financial security or the risk of following your creative muse.

Russell is a third-year medical student in Fort Worth, Texas, with a nagging desire for a career in music. Although he's been writing pop and classical pieces since he was in grade school, this 29-year-old native of Pascagoula, Mississippi has just recently decided to test his talent by recording nine songs for a potential album.

"Music is my dream. It's my true passion in life," Russell beams. "But sometimes, it's hard to imagine having success with it. There are so many other people in the world who are trying to do the same thing. How do you know if you really have what it takes?"

Dipping into the music on Russell's tape, it's clear that he does have that extra, indescribable element necessary for success. Stylistically, he wears his influence from British popsters like *Depeche Mode*, *Erasure*, and the now defunct *Yaz* on his sleeve. Songs like "Fool" and "Ghost" have an icy-cool synthesized sound that is balanced by catchy pop hooks, and detached, almost Bowie-esque vocals. Other compositions, like "M.O.M." and "#55" are sprawling and atmospheric instrumentals that have a rhythmic, contemporary base, but are seasoned with a pinch of classical/new age flavor.

I'm extremely pleased to report that Russell's cassette reached me via the

BEAR mailbag (he's an avid, longtime reader of the magazine, and quite a hunk, too). This just proves that you never can tell when or where you'll find a promising new artist. If justice prevails, Russell will not have to make the choice between medicine and music. The pure strength of his compositions will generate the kind of interest that hit records are made of. Write me for details on how to contact Scott Alan Russell.

And now, let's take a look at a couple of noteworthy new releases:

The members of *Black 47* have an interesting history. They are natives of Dublin, Ireland who migrated to New York (the Bronx, to be specific). Banging out traditional Celtic tunes with the influence of raw hip-hop and noisy rock surrounding them, the band have carefully crafted a sound that is truly unlike any other on their *SBK/EMI Records* debut, *Fire Of Freedom*. Highlights include the first single, "Funky Ceili," which has a chorus that will sink into your brain upon impact, and "Rockin' The Bronx," which melds reggae with Celtic pipes and post punk grunge.

Legendary singer/songwriter *David Crosby* tries for a comeback a la *Bonnie Raitt* with *Thousand Roads*, on *Atlantic Records*. The album is a collection of pensive tunes that range in tone from acoustic-rock throw downs to slick pop ballads. The list of guest players is way impressive: *Phil Collins*, *Joni Mitchell*, *John Hiatt*, and *Graham Nash*, among others. Choice cuts are "Hero," a duet with *Collins*, and the heartbreaking "Through Your Hands."

On the road: Epic folk/rockers *Indigo Girls* are going back to their roots for their spring/summer tour of the States. They are playing in the night-clubs and universities where they got their start. Dubbed "The \$10 Tour" (which is the price for admission and merchandise), *Amy Ray* and *Emily Saliers* say they are playing for no reason other than it seemed like a good time to hit the road and thank the diehards who made their last album, *Rites of Passage*, a sales success. An added pleasure of the duo's sterling show, which is meeting with rabid audience approval, is that the first fan in line gets to

choose the songs on the list. As a result, tasty oldies like "Left Me A Fool" and "Land of Canaan" are prominently featured along side newer tunes like "Joking" and well known ditties like "Closer To Fine."

Another cool move by Ray and Saliers is their decision to finally step out of the queer closet. "I've never actually hidden my sexuality from the world," Ray says. "I just feel that my personal and romantic life belongs to me — and no one else." Saliers stresses that "it's important that our lifestyles do not obscure the music. Our songs are meant to be universal, and not aimed at one audience. I'm proud of how I am as person, but I feel that it's more interesting to talk about music and world issues than who I am having a relationship with."

With that said, do not miss the *Indigo Girls* when they pass through your town. Who knows when you'll get another chance to see them in such an intimate setting — and at such a reasonable price.

17-20 June 1993. Somewhere in Michigan. The Great Lakes Bears/Pontiac are holding a major, nasty campout in the woods. Camp Ronora, a former all-girls camp, is now clothing-optional for bears of the Midwest. Contact Great Lakes Bears, PO Box 431666, Pontiac, MI 48343, or call 313-338-1991.

21-28 June 1993. San Francisco. Look for the Shades Project, an annual art attach held at various locations around the city. Local artists around the Bay Area take window shades and do them up in their respective styles. The shades are then put up and bid on for a week. The proceeds from the sale of the shades go to the Aids Emergency Fund. Anyone can donate a shade. Just make sure that you get them in by the 21st of June. For more information as to how to go about being a part of this call the Shades Project at 415-861-1354.

23 June 1993. New York. Heavy Metal Bondage is being brought to you by GMSMA, New York's own SM instruction group. Learn all about using metal restraints in bondage scenes. They'll also discuss the "psychology of inescapability," but that just refers to getting there on the subway. Contact GMSMA at 496A Hudson Street #D25, New York, NY 10014, or call 212-727-9878.

23-30 June 1993. Earth. Gay pride events spring up all over the world at the end of June. Be sure to contact your local groups to find out what's going on. 'Cause we're here in San Francisco, I gotta tell ya what we're up to. On 27 June about a million people march and parade (unless you work for the Parks Department, in which case attendance is scheduled at about 12 people in drag). The Lone Star Saloon and BEAR Magazine are having a float in the parade, so get your rainbow shorts and a beer and BE THERE!

9-11 July 1993. Ontario.

Spearhead, the Toronto Leather/Bear/Men-Into-Sex group, is holding their Bear Weekend, featuring their by now infamous "How Bare do these Bears Dare" contest (I could tell you how bare they get, but that'd ruin the fun. Anyway, shit will be happening all weekend, so get in touch with Spear-

head, PO Box 1000 Station F, Toronto, ON M4Y 2N9.

15-18 July 1993. Alberta. CLUB Calgary is hosting the Mr. Northwest Drummer contest, coinciding with the world famous Calgary Stampede rodeo. If you play your cards right you could get some dick at each event. For Drummer info, contact CLUB Calgary c/o Gay Lines #201, 223 - 12th Avenue SW, Calgary T2E 0J1, or call 403-234-8973. If you like 'em straight and wriggling and want Stampede info, write Calgary Exhibition, Box 1860 Station M, Calgary, AL T2P 2L8.

16-18 July 1993. Ohio. Another campout, brought to you by URSUS DAYTON. Bears running around in the woods again, clothing optional. Contact Judd at 513-767-2176, but don't call him too late at night.

17-18 July 1993. Miller Beach, Indiana. Great Lakes Bears Chicago are hosting a weekend for anyone into bear-types (you know who you are) and wanting to go to Indiana with them. Call 312-248-7507 to get the info you need.

7-13 August 1993. Maine. The Gay Male Spirituality '93 Conference takes place this week at Ferry Beach in Saco, ME. Workshops include Body Painting, Wiccan Ritual, Erotic Massage, Rebirthing and Pagan Songs. This is some serious shit for serious dudes. Contact L. Firrantello, 21 Young St., New Haven, CT 06511 or B. Adams, 119 Public St., Manchester, NH 03102.

28 August 1993. Boston. It's the 4th Annual Mr. New England Bear Contest, 8 p.m. at the Ramrod, 1254 Boylston Street by the Fens (Oh, the Fens...). Surprise celebrity guest judges, fun, bears, beer. It's put on by New England Bears. Cash prize for the bearliest. Call Bill at 508-458-0011 for info. (Dear Mike and Puppy: Can I sleep on your couch again?)

3-6 September 1993. Washington DC. It's the Affiliated Big Men's Club/Girth and Mirth convergence. Lots of large men mixing booze and each other. Should be pretty good. 10 Big Hairy Men

LIVE BEAR was the first film featuring exclusively hirsute men strutting their stuff in front of the camera. Four years later we bring you LIVE BEAR 2—ten men in solo action on a 120 minute video cassette stripping down for our camera, showing us what we want to see and telling us what we want to hear.

LIVE BEAR 2

These are men who stopped by the BEAR offices and said, "Yeah, I'd like to do a dirty video". Real action by real guys who wanted you, fans of hairy men, to see them naked and to watch them play with themselves. No cover-up sound here either. The grunts, groans and dirty talk are here for your listening pleasure.

A Few Highlights From The Film

•John, a hungry bearded man who ends up deep throating the cameraman's hand.

•Stan, a handsome furry chested Southerner who has perfect aim with his body fluids; tasty.

•Brian, so butt crazed that he takes a bust of Beethoven and shoves it up his ass.

•J. Bradway, the hairy young bear who sucks his own penis then comes in his mouth.

Testicles—The Ball Book

Gary Griffin, MBA, Added Dimensions, 1992,
\$9.99

Ah! the sight, the taste, the feel of balls! Big balls. Hairy balls. Low riders. Tight ones. If you love balls, this is the book for you. From balls in history to answers for the most asked questions (can I make my balls larger?), Gary Griffin's slim volume details everything you'd want to know with a touch of humor and wit. Through time dating back to the first century BC, testicles have played an integral part of man's honor. For example: in Imperial Rome one would be sworn to tell the truth and nothing but by cupping his testicles in his hands. By showing that he had two balls he, as a Roman citizen, took witness to his personal character and integrity.

With this in mind Gary Griffin has written a layman's guide to testicle trivia. *Testicles—The Ball Book* offers a wide spectrum of subjects ranging from size variation among adult males, the taste of semen, underground dubs for ball admirers, ejaculation, scrotal sac enlargement and lengthening, and last but not least, a profile on Frank Lentini, a circus performer with two cocks and two sets of balls. Mr. Griffin covers all these subjects and more with amusing stories, rare photos and historical facts.

My favorite chapter of the book is "Semen", the tastiest stuff in the world. Did you know what you eat affects the flavor of your jizz? Chow down on a vegetarian for taste of sweet nectar or sample a garlic fan for a more spicier dose. The author goes on to describe the medical basics of semen and ejaculation, and moves on the esoteric subject of ejaculation, a technique from Taoist Buddhism. It is a process of recycling your cum by acupuncture, which results in the revitalizing of your sexual organ. Kind of like an internal orgasm. The opposite effect was apparently in mind when John Harvey Kellogg deemed masturbation a dirty and nasty hobby of American youth more detrimental than sodomy "because there were no bounds to its indulgence." Unfortunately for Kellogg there was no correlation to masturbatory desire and cold milk over corn flakes. America's youth championed and beat away and never went blind!

Testicles—The Ball Book is a funny and fascinating look at one of my favorite subjects. It is also a handy reference guide with addresses and resources for more concentrated pursuits. The book is written holistically. For a more specific education on various subjects Griffin has written several other books which can be obtained through Added Dimensions publishing house so check this out and have a ball with it.

A Class Apart—The Private Pictures of Montague Glover

James Gardiner, *Serpents Tail*, 1992,
\$24.99, available through Brush Creek Media

I was cruising through one of Madison, Wisconsin's bookstore coffee-houses when I noticed a book with a black and white photo of a young man on its cover. He was posing in front of a fence, sporting a huge dick in his riding pants. I stopped to look, being the nosy person I am. It was filled with old pictures of young street guys. They all had that rough-edged look that I have been attracted to since my youth in suburban New Jersey. I come from the land of lawyers and doctors where the working class was kept in their own part of town. My parents told me not to go there. So I went. I saw men who had been shaped by hard work. They were fuel for my fantasies, then and now. These are the men that Montague Glover photographed 70 years ago. Monty loved these men too, especially workmen, farmhands and soldiers.

The book was giving me a hard-on while I was standing in the store so I decided to buy it and get it home. Quick. When I started to actually read the thing, I was surprised at how interesting the text was. It added to the photos, but never overwhelmed them. These photos are about dicks. Big dicks. Most of the men Monty photographed had hefty ones and they were prominently displayed in their pants. The fact that they were all completely clothed made them even sexier. It made me think. This book got me inside Monty's head. When I was in there and realized that I felt the same way, my mind was blown. The men in this book could just as easily be the construction workers that I see on my way to work. The men that I jerk off to. It connected my sex life to a past that I didn't know existed.

-Joe Policarpio

TIM

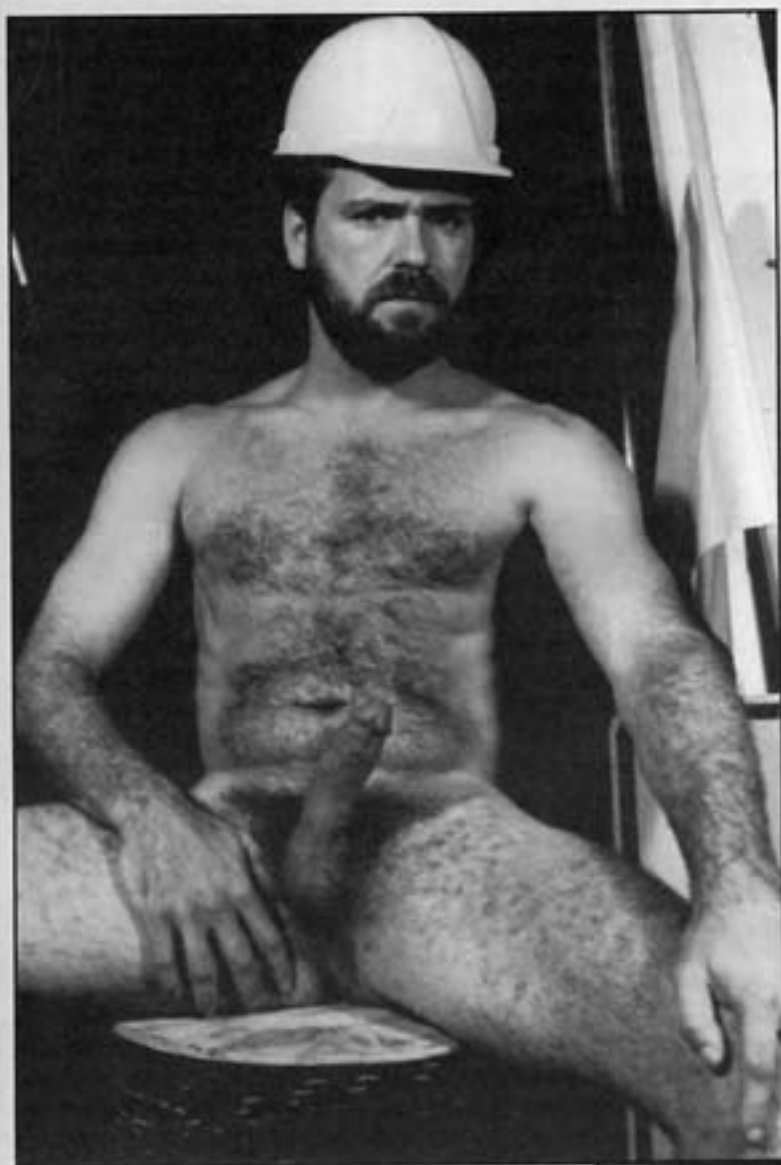

Tim is a carpenter from Saugerties, New York. He says that freedom of expression and being able to act and behave the way you want without feeling humiliated is important. Tim likes to go to straight bars where they know what's goin' on but it's cool. In fact, he enjoys the challenge of gettin' a straight man into bed. As for what kind of a man he's lookin' for; "I like big hairy guys or young and smooth boys it doesn't matter to me, I'll fuck the shit out of 'em. The most unusual place he's had sex is in the Statue Of Liberty. Oh, and in a 4-wheeler in the middle of a stream. If he had his choice as to where he would do the dirty-deed he said he'd like to go on an Alaskan expedition and.....
