## LETTERS TO BEAR

### Voicemail Blues

Several of you have written or called to tell us about the problems you're having with the BEAR personal ad voicemail system. Thank you. It's a pretty complicated situation we're finding out, but we're rolling up our sleeves and trying to take care of it. It may take a while. Until then, you can call us here at the shop if you have a problem accessing the line or getting into your box. We

wanna hear the details. It's frustrating for you and for us, and we appreciate the patience and cool heads you guys have shown us.

### Bear Club Listings

Our page of bear club listings needs a major overhaul. In the past two months, we've received an overwhelming number of requests for new listings, notices of defunct clubs and address changes for ex-

isting clubs. I coulda held up this issue to fix the sucker, but we've been doing so well with comin' out on time lately, that I didn't think that was the answer. So instead, I pulled it for this issue.

BEAR is committed to the club listings page, and it will reappear, freshly updated, in issue 38. For now, it's just under construction. If there are updates on your club's listing, get me the information by May 1, 1996, and I'll get it in issue 38.

## The Wittke Wire

In the early '70s, Joe Weider's muscle magazines got me through puberty single-handedly, if you get my meaning. Oh, sure, by that point in the history of the sport, bodybuilders were encouraged to strip their chests of any fur so that they could show off their development. But not all of them did, and fewer waxed their arms and legs then, too.

Most exciting of all to the pubescent me, was the fact that the bikini-style briefs the guys favored back then had a tendency to ride down a bit during their posing sessions. Many of the photos of that era exposed distinct strips of pubic bush just above the tops of the briefs. These photos enthralled me, the hair a titillating sample of the wild, unkempt bushes that lurked just below the fabric and the cocks and balls nestled within.

Unfortunately, the competitive bodybuilders of today seem to be so intent on removing any distraction from their bulk that they either minimize or completely remove their pubes so they can wear the lowest-cut posing straps possible. This breaks my heart for the pubescent gay boys who could grow up to be "Wittke Wire" correspondents. Surely these young men are struggling to find images that turn them on and get them off. Where do they go for stimulation?

I suppose they could still take part in the other activity that helped me get through puberty: shoplifting *Playgirl* from their neighborhood drugstores. That is, if there were still such things as neighborhood drugstores (as opposed to megachains) that kept glossy porn mags where needy teens like myself could find the inspiration we needed to survive until adulthood.

I can still tell you the names of the *Playgirl* pictorial men I wanted to grow up to be just like: *Mission: Impossible's* Peter Lupus; Andrew Cooper III (which was really just a pseudonym for Sam J. Jones, Flash Gordon himself), and Christopher George (star of *Grizzly*). And a god named Rock Pamplin. It's a good thing the pocket seam of my circa-1975 parka ripped out so that I could smuggle my ill-gotten gains out of the drugstore and into my bedroom with nobody being any the wiser. Today's gay teen could never get away with it, what with all of those anti-theft strips attached to everything nowadays.

But on a happier note, I'm excited to report that Joe Weider has just published a magazine that's helping me get through my latest puberty, version 3.5. *Joe Weider's Prime Health & Fitness* is on the stands with a Spring 1996 cover-date. I picked up a copy to peruse at the newsstand when I saw bestubbed salt-and-pepper-haired covermodel, "Bob Menna, age 44," as it said in the corner, and the coverblurb: "Pack on Muscle Over 40."

"A mainstream mag about daddies?" I wondered to myself as I leafed through the copy. My mouth watered when I was the subscription promo photo of an even hotter salt-and-pepper-haired guy with a huge cookie-duster mustache curling a barbell beneath the headline: "For the Active Man Over 35." I mean, I've always thought that was just about the age when men start getting interesting, and here was a whole health and fitness "lifestyle" mag aimed right at their "niche," as the marketing people like to say.

Then I flipped to the "Circuit Training" article with pho-

## Write Back, fer Chrissakes

Greetings men! Herein is submitted an ad change and a photo which I hope you will publish. *BEAR* is the greatest! No nonsense, just a lot of great hunting! It has worked for me in the past. My only bitch is that far too many of the advertisers simply aren't sincere about responding to inquirers, which obviously isn't your fault or responsibility. One would think (ah, that's the problem... thinking!) that a mere, simple, "Thanks, but no thanks," has to be far better than dumbstruck, abject silence. That's rude.

In compliance with current governmental restrictions, as stupid and repressive as they are, I'm also enclosing a photocopy of my driver's license to accompany the photo. Thanks for a class-act magazine for Bear-men hunting real Bear-men... lean and burly!

H.O., California

*Thanks for the BEAR personal ad testimonial. If we can get y'all laid, we're makin' the world a better place.*

*Recently, I had a long conversation with another customer who had the same complaint: He's responding to ads and hearing nothing back. Not cool. At the risk of sounding corny, let's treat each other better than that. At the very least, guys, Xerox a standard rejection letter. Mr. H.O. here has already written the text for you.*

## Buster Keeps 'Em Cumming

I have enjoyed *BEAR* magazine for a long time now and when I received issue 35 I was blown away with one of your models in particular. I am talking about Buster. I am not sure where you found this hunk of a man, but when I opened the magazine to his photo layout, I was thrown into one hell of an orgasmic ec-

stasy—I had a hard time coming down from it. It's hard to keep my hands out of my crotch whenever I open to his photospread. Keep up the good work.

**Bear Hunter, Massachusetts**

*If I send you a new copy of issue 35, can we have your soiled copy?*

## Dark Meat

Been a subscriber for a while. I like your style. And even on a rare occasion you give me what I want: hairy, masculine, black men. Yes, I appreciate hairy, white men (or Latin or Puerto Rican, or Indian, or, or, or... just men! I subscribe, don't I?), but black men with hairy chests, especially salt and pepper, are my weakness. So sue me. Yes, I'd like to see more (hint).

You made a mistake! Yes you did, go on admit it. In issue 35, Buster should have been your coverman! I've cum all over his picture too many times to count.

## By Chris Wittke

tos of "Reader Model, **Steve Ruzica**, 41, St. Louis, MO." I was amazed at the concept of "reader models." As in real people? Oh man, was this guy real. Steve is a big mesomorph shown working out in a hot, red tank-top, which, I discovered when I turned the page, comes off for the flat-bench dumbbell press. I almost swooned. OK, I did swoon. I looked at his furry pecs, lightly hairy, beefy forearms, and I muttered to myself, "I must have this." Meaning, of course, the magazine—although I would take Steve were he for sale too. (Memo to Steve: Name your price.)

It wasn't until I got home that I discovered that a fully clothed photo captioned "Fireman **Steve Ruzica**, 41" was used to illustrate the "Food as Fuel" section of Prime. Fireman? When I regained consciousness, I was happy to discover that the magazine is liberally illustrated with lots of furry beef of this ilk. There's even a wicked hot photo of **John Walsh**, host of *America's Most Wanted*, astride his \$20,000 custom Harley-Davidson. All I can say is, "Thanks, Joe Weider, you've changed my life. Again."

Speaking of big, furry sides of beef (as well as giving thanks where it's due), "Thank you, action-adventure director **John Woo** for casting my longtime heartthrob **Howie Long** as **John Travolta's** demented sidekick in *Broken Arrow*." A former L.A. Raiders defensive end, Long is a 6-foot-5-inch, 275-pound mass of furry pulchritude with a smile that is simultaneously gorgeous and Jack Nicholson-scary. I've told you about Howie's bang-up job as a member of the Fox network's football coverage team, and now he's making his big, big mark in the movies. Go, Howie, go!

We also have to give a tip o' the *BEAR* cap to those folks who make the Saturn commercials. If they keep putting big, hairy, bearded and goateed bikers in their ads, I may have to get my driver's license renewed.

If you also keep an eye out for hot guys in commercials (unlike my boyfriend Arby, the incredibly gifted massage therapist whose finger reflexively hits the mute button the minute one comes on), you've probably noticed the daddy with the voluptuous nipples and furry chest in the Lever 2000 bath soap commercial. And I probably don't have to tell you about the military sergeant in the latest **Greg Kinnear**/Eagle Vision ESI promo spot. The videographer on that one is obviously as obsessive as I am about thick forearms covered with fur. (Great back-lighting, whoever you are!)

Stumbled onto an *Entertainment Tonight* spot promoting **Kelsey Grammer's** new movie, *Down Periscope*. We love Kelsey for always showing his furry chest and arms. We also couldn't help but notice that the **Village People** were trotted out to make a new "In the Navy" video to tie in with the movie. We are wondering, however, why the leatherman was replaced and who (dare I say it?) the bear is who replaced him?

And finally, gazing into our "Wittke Wire" Crystal Ball for upcoming furry developments in the media, we're sure you'll be as excited as we were when we heard about the upcoming film *The Rock* due out sometime in '96. **Ed Harris**. And **Sean Connery**. And **Nicholas Cage**. And **Michael Biehn**. You know that's way more than a mouthful.

Next ish: "Pigs in Space" get one more member as Wittke surfs the 'Net! ☺

That man just does something to me few white men can do. (Am I sounding racist? But, you realize a stiff dick doesn't have the mind to be politically correct.)

Just thought you should know.

C.W., Ohio

*Nah, you don't sound racist to me. Gonads speak their own language and are excluded from political correctness. I too, would like to feature more black guys in BEAR. I just don't come across that many model-worthy black guys who are interested in showing it off (hint).*

*As for our issue 35 "mistake" on coverman choices, I don't agree. We had been trying to get Will into BEAR for almost a year and had planned to put him on the cover all along. If we made a mistake, it was not waiting to put Buster on the cover of a later issue.*

### Le Mack Royale

Your magazine is really great. I don't agree with M.P. ("Write to Pappa," BEAR 35) when he says that you shouldn't be open to other kinds of men.

To be a bear is not only physical, it's also a state of mind. To be a natural gay man with hair is a plus.

For me, the best man in BEAR 35 is Buster, even if he is not the BEAR-type. Never mind... he's my favorite; beautiful smile, beautiful eyes, beautiful hairy body and nice dick. I also like Mike of that same issue. I prefer short hair and short bearded hairy men. I don't fantasize of bikers or grunge men, but of course they have their place in your magazine, there are enough pages for everybody.

My other favorite men are Lee (coverman 34) and the great Mack (coverman 30). I had discovered Mack first on Canal +, French pay-TV. They broadcast a report about him and your magazine, which, at that time, I hadn't heard of yet. Now I am a happy subscriber.

Some information for your readers: I'm a 33-year-old, smooth and hairless, young Parisian man (my husband is a 49-year-old bear) and happy to be a European subscriber.

PB., France

*You're living, spurning proof that smooth, hairless dudes can attract big, hairy guys (although, personally I prefer my sex partners to have eyebrows). Of course, with the open mind and cool attitude displayed in your letter, you could probably attract any guy you wanted to.*

### Hats Off, Luke

I was just reading your pseudo-philosophical "Hat's Off" column in BEAR 35. You make some interesting observations. And against my better judgment, I'm writing to tell you that you will indeed get kissed again. And again and again. I'm sure you weren't looking for corny reassurance, but let me stroke your ego. Of course, if I were with you I'd be stroking something else.... Anyhow, yeah, you will get kissed and hugged and cuddled with. Look at yourself—you're a big soft, cute, cuddly bear. And I think you know it. Have you ever revealed more to the readers of BEAR?

I had a hard time reading your col-

umn, though. Buster was nothing short of breathtaking. He's a combination of tough state trooper and cuddly teddy bear. And that ass. Yikes! I wouldn't know what to use first, my tongue or my dick. Excellent job on that one. In fact, you should create a special edition of Buster. All Buster! All the time!

**B.B., Massachusetts**

*Good news/bad news for you, fella. While the pseudo-philosophical (your words, not mine!) column is indeed by Luke, the accompanying photo is of Geoffrey Madisen (better known as Cubby) who works here at the shop. Has he ever revealed more? Oh yes! He can be seen squealin' like a pig in Brush Creek's recently released Classic BEAR video. He has his cuddly side as well.*

*As for Buster, well personally, I'd try the tongue.*

## **Pig Skin Mountain Man**

Enclosed is one of my favorite TV Guide covers featuring Dallas Cowboys QB Troy Aikman and Neil O'Donnell of the Pittsburgh Steelers. Yet another reason to root for Pittsburgh!

The good news/bad news is that many sports writers and female fans (They just don't get it!) who wrote to the local papers back here in PA were distressed about Neil O'Donnell's facial hair. They thought he would project the image of Pennsylvania and/or Pittsburgh as a haven of mountain men. (And this is bad?) Those fleshy-faced minions were betting on a mega-bucks deal with some razor company if the Steelers won and managed to get him to shave! God works in mysterious ways! Of course, two turn-overs don't help... 'Nuff said.

**J.R.B., Pennsylvania**

*Same thing happened when the '93 Phillies made it to the World Series—people were complaining that their long hair and unshaven faces gave Philadelphia a bad image. (Insert your own joke here.) I spent my 10 years in Pennsylvania seeking out those mountain men and trying to re-enact scenes from Deliverance. That and jerking off to Phillies' first baseman John Kruk.*

## **I Yam What I Yam**

This year, I am living openly gay for the first time in my life. I have discovered who I am. The only reason I discovered myself at all is that my mate of one year said to me that it was all right to be me—not some stereotypical little queen (I was a total loss as a queen, anyway. I had no idea of fashions or hair-styles.), but the bear that I am.

So here is a challenge to all those bears out there: Look in on some trendy spot and rescue that bear drowning in a sea of drag and hair fashion from the wrong side. For no bear should ever bleach his hair to awful shades or have to shave his body hair to fit in.

**B.S., Alaska**

*I agree; no gay guy (or anyone, for that matter) should have to be untrue to his real nature to fit in with the crowd. That's what's so cool about this bear thing. It provides an affirming alternative to the mainstream gay culture. And it's nice of you to want to introduce someone to the alternatives that exist. Just don't assume everyone wants to be rescued. Your way (our way?) is not the right way, it's just a different way. And by the way, some of those "stereotypical little queens" are people I feel very fortunate to know.*

## **Lip Fan, Down Under**

A short note that your mag is keepin' me happy in this corner of the globe. Mack in issue 30 still ranks number one. If I knew he had a heart as big as the rest of him, I'd stop wondering where I could find my ideal partner.

You guys have done an excellent job over the years. The warmth expressed throughout your magazine, both editorially and pictorially makes me feel like there is somewhere I belong. I was especially impressed with "Hat's Off" by Luke in issue 35. Kissing has always been a big scorer with me. If the lips don't have it, I tend to lose it very quickly. Luke, after reading your article, I'm sure you'll get many takers that would like to plant one on you.

Hope the years ahead bring all staff at BEAR many rewards. If I ever get to the States, you can be sure I'll make my first stop at your shop. Keep up with the "no

attitude" attitude and you will keep this faithful reader for many years to come.

**A.K., Australia**

## **Redheaded Scandinavians Unite**

Do you know of any clubs or organizations dealing with red-haired men and/or bears? If there are back issues of BEAR with redheads in them, please send me the issue number so I can order them, although I know your magazine is in black-and-white.

Also, on the overseas bear clubs, do you know of any bear groups in Scotland, Ireland, or Scandinavia?

**G.W., Ohio**

*Let's enlist some help here. How 'bout it, guys? Anyone have some answers for this reader? Drop me a line here at the shop, and we'll share the info with everyone. And now that I'm done with this issue, I'll gladly look through the archives for redheaded BEAR models. It may take some time, however, with only one hand free.*

## **Wish You Were Here**

My DaddyBear and I have been reading your magazine for several years. He snapped this pic of me on vacation—if you see it fit to print, please do. My DaddyBear says he'd love to see me in BEAR. Thanks.

# DWAYNE

We get a lot of naked pictures sent to us here at the shop. It's probably the best part of the job. And nothing is as great as those very rare times when some fucking stud sends in the perfect homemade photo shoot—unsolicited. It just shows up.

Since that day when we opened the mail and our dicks jumped at the sight of Dwayne showin' it off in a Missouri creek, we've talked on the phone quite a bit. Pretty seductive guy, this Dwayne. Sexually outgoing, not shy at all. Tells us he grew up in Arkansas where he was a construction foreman and an auto mechanic for the family business. Now he lives in Missouri, works in retail and is going for his degree in fine arts and sculpture.

Dwayne carries around a nice piece of meat and a damn fine ass on that 200-pound, 5-foot-8-inch body of his. Loves foreskin and to have his butt deeply plowed. But if you're thinking about getting to first base with him, you have to have the right smile, nice eyes and a real sincerity about you. It's actually a little more complicated than that; Dwayne is a very happily married daddy's boy. But when you're talking with him, he makes you feel like you're the only one in the world, and that anything is possible.

# The Scent of the Enemy

by Konrad Bayer  
Illustration by DaDe/URSUS

Like a big python's head from his curved belly, Colonel von Gauszen's cock nudged Anderson's mouth. I trembled. "Ach, mein lieber," I murmured as I watched them. I smelled the acid sweat of fear in my armpits... and the musky, wet-concrete smell of crotch-sweat.

Anderson was undergoing a "racial-purity test" from the Nazi commander of our town in 1941. I gritted my teeth. The American made it so far... if only he could survive this. As Colonel von Gauszen's assistant, my life was on the line, too.

Much time has gone by—more than 50 years, and society has become maybe a little more accepting. I talk now about what happened when I found the American flyer in the apple tree. I was a corporal in the Wehrmacht, assistant to the commander of the small detachment in Schwäbisch Gmünd, a small town near Stuttgart. Since the town had no barracks, I lived in a small cottage.

One day after an air raid on the Mercedes-Benz fabrik in Stuttgart, the American bombers streamed back over Schwäbisch Gmünd. One was hit by anti-aircraft fire and fell into the nearby mountains with a pounding explosion. Before it crashed, though, a single parachute floated out of it.

I did not see the man glide down, nor did I hear the crash when he fell into the apple tree behind my house. I found him the next morning—unconscious and bleeding, but still alive. His trip through the tree branches ripped away large parts of his uniform.

He was a big American, a very big one, very tall, and more than 100 kilos. He had a very muscular build, and he

was very hairy. Very, very hairy. I wondered if he were related to any Bavarian mountain men—he looked big enough.

His hair was blond like a north German, but he was as hairy as a south Bavarian. A shadow of beard-stubble covered his jaw, but everywhere else on his body, he was a blond ape.

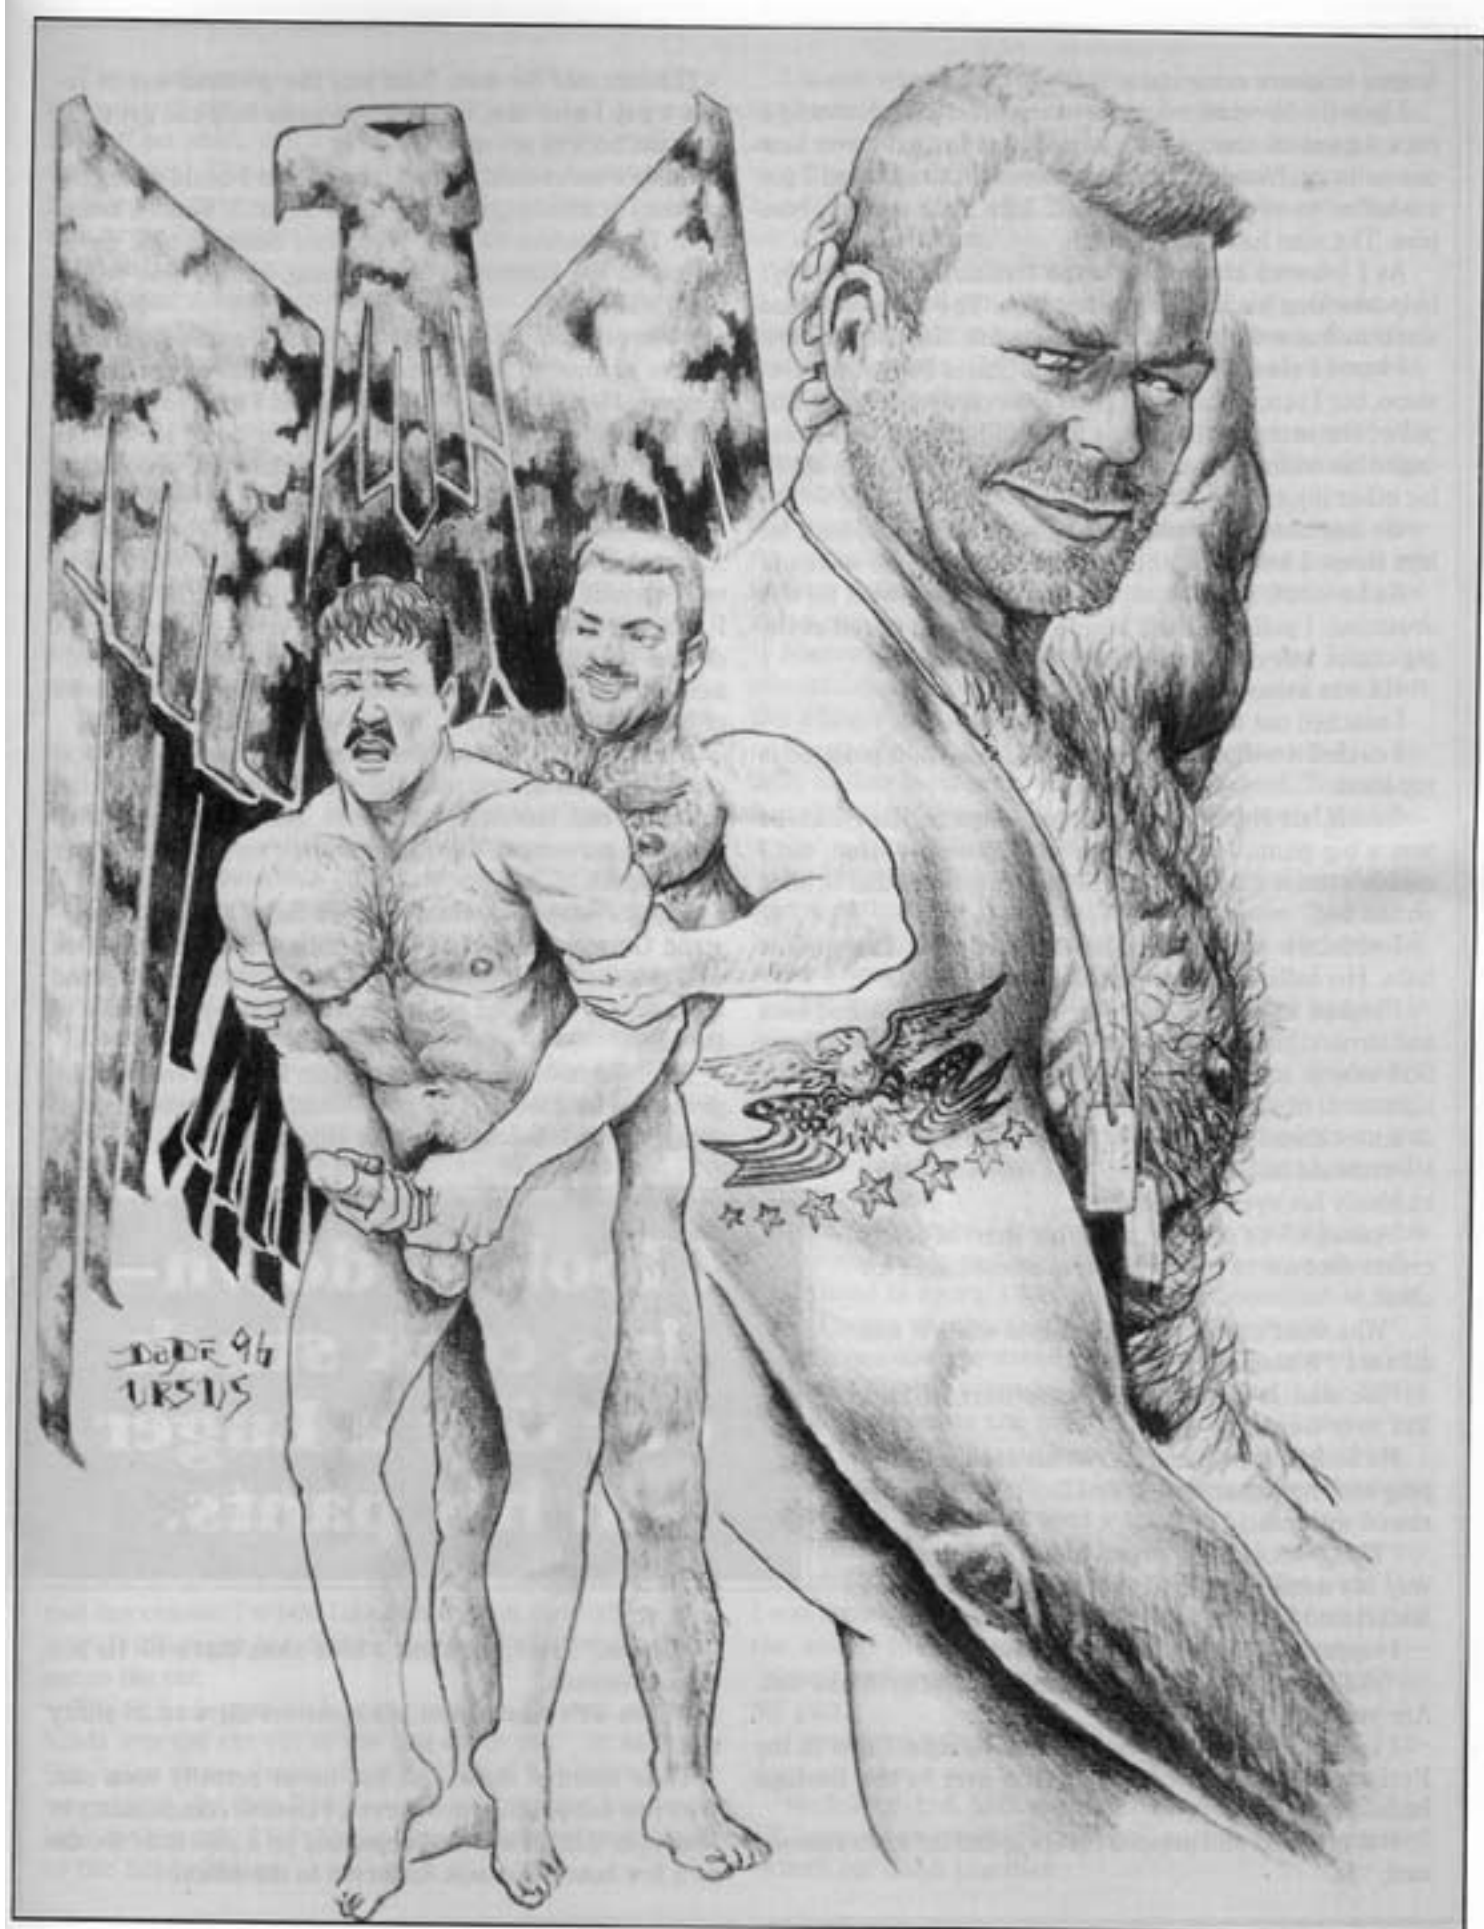

His flight jacket was torn back, and I saw his chest and belly were taut with muscle. Looking at the expanse of his chest gave me a strange feeling. I never saw an American

**At his crotch  
swung a cock a  
good 30  
centimeters long.**

so close, and though he was the enemy, I had no urge to kill him. I felt very strange, almost dizzy.

I looked closer at his chest. His bulky nipples stuck out from brown discs like the nose-cones of bombs. A tattoo of an eagle flew over them, one wing over each big nipple. I smelled him. Sweat. That salty smell of sweat in masses of hair.

He was still breathing, so I unbuckled the straps of his parachute and lowered him to the ground. As I did, his green

fatigue trousers came open.

I gaped—he wore no underwear. At his crotch swung a cock a good 30 centimeters long. It was huge. I never saw one so large. “Americans are stallions,” I thought, and I got a whiff of an even stronger smell. Like stale oysters. Like piss. The man had a dirty crotch.

As I lowered him to lie on the soft dirt path, I couldn’t help touching his big, brown testicles. The hairy, wrinkled scrotum was soft, but the balls inside felt like ripe peaches.

I knew I should call the Geheime Staats Polizei, the Gestapo, but I procrastinated. I struggled, carried, dragged, and pulled the man into the house and laid him on a bed. I bandaged his wounds, and I had to pull his clothes off to check for other injuries.

He had none. I wondered if I should wash him, but I let him sleep. I would call the Gestapo as soon as he woke up.

As he slept, his cock hardened. I wondered what he was dreaming. I pulled a chair beside the bed and stared at the big organ. I never saw anything so overpowering.

He was asleep. Sound asleep.

I reached out and touched it. It throbbed.

I circled it with my fingers, then gripped it. It pulsed in my hand.

Gently, slowly, I pulled back his foreskin. His cockhead was a big plum. I should have withdrawn my hand, but I couldn’t resist stroking it a little bit. He grunted and writhed on the bed.

I withdrew my hand and smelled my palm. The stink of balls. His balls. My cock hardened in my pants.

I looked at his face. He was still asleep. I reached back and stroked him again. Maybe I would give him a wet-dream. Still asleep, he began to breathe deeper. His legs and belly tightened. My hand on his huge cock made a flap-flap sound as his cockhead popped out of the foreskin with every stroke. He breathed faster and faster, “Unh-unh-unh!” then suddenly his eyes popped open.

“Aaaargh,” he groaned, and a big spurt of pearly cream shot out of his cock and splattered over his chest.

“Wha-what’s goin’ on?” he gasped when it was all over. “Where am I?”

“Sie sind in Deutschland, mein Herr,” I said. You’re in Germany.

He looked at my hand still on his cock and dripping with his hot sperm. It smelled of green olives mixed with rancid cream.

“Well,” he said, “I guess you’re friendly, anyway. My name’s Anderson. What’s yours?” I didn’t understand what he said, but I caught his name.

I tapped my chest. “Konrad,” I said.

“Well, Konrad, I could never resist a treatment like that. Are you with the Resistance?”

I caught “Resistenz.” Himmel, he thought I was in the Resistance! I should turn Anderson over to the Gestapo immediately.

But my hand still gripped his cock, and for some reason I said, “Ja.”

“Listen, pal,” he said, “that was the greatest way to revive a guy I ever saw, but now you gotta help me get outta here and back to my unit.”

I didn’t understand a word, and before I could make any answer, I heard a banging at my door. “Konrad! Konrad, komm jetzt! Es ist schon zu spät!” Sergeant Schmidt took me in his car to the kaserne every morning, and he was yelling that I was late.

I was petrified. In desperation, I threw some old civilian clothes of mine to Anderson, gesturing that he should put them on. He did while I went to the door. I tried to stop him, but Schmidt came bustling through the door. He always smelled of sausage and beer. What a soldier. He saw Anderson. “Wer ist ihn?” he asked. Who’s that?

“Joachim Bayer,” I told him, looking very hard at Anderson, trying to telegraph meanings. I went on to tell Schmidt he was my cousin visiting from the country. I was nervous as a cat; the room smelled bad, like a closed-up gymnasium. This room had obviously witnessed some serious exertions. I swore I heard echoes of heavy breathing.

Thinking fast, I added Joachim was a mute—his vocal cords had been injured when he was a child. I turned to the American and, hidden from Schmidt, gestured to him with a cutthroat movement, then a finger over my mouth: He was not to speak.

That developed another problem: Since he didn’t understand German, Anderson appeared mentally retarded as well as mute. In Germany in 1941, the government weeded the mentally retarded out of society for the purification of the race.

After Schmidt tried to speak to him for a few minutes, he gave me a hard look. “This one should go to a resettlement camp,” he said. Schmidt was the stupid ox.

**I looked down—  
his cock stuck  
out like a Luger  
in his pants.**

“Oh, no,” I said, “he’s just a little slow, that’s all. He’s... a good German.”

“Then let’s take him to headquarters for a racial purity test.”

I had heard of those, but had never actually seen one. With fear and pleading in my eyes, I tried to communicate to Anderson that his survival depended on a cool head for the next few hours. We took Anderson to the office.

The racial purity test to identify pure Aryans, was only a rudimentary physical examination. Schmidt had Anderson take off his shirt, and I got to admire the hairy, muscular torso again. Then Schmidt measured his cranium, we matched the color of his hair to several swatches of "acceptable Aryan hair colors," and we examined his teeth.

Then Colonel von Gauszen passed through the office. He looked over Anderson's hearty physique, fingered the hair on his shoulders, and said, "Have you checked for any possible connection to Jews?"

"Jews? How can you determine that connection?"

"Stupid boy," snapped the colonel. "Bring him into my office." He made Anderson strip completely. The colonel's eyes glittered as the pants came down and he saw Anderson wore no underwear. I smelled the crotch smell again, and I think the colonel did, too.

"You see," he said in a husky voice, "his manhood is complete. He is not mutilated with the Zionist circumcision!" I sighed with relief. I had already seen the American's cock and could have told him that.

But the colonel was not finished. He made Anderson climb on a table and crouch.

Then I heard a pop of buttons. Colonel von Gauszen opened his own pants! He brought out the largest cock I ever saw, even bigger than the American's.

Sieg heil, I thought to myself, no wonder he's a colonel.

He moved the giant penis to Anderson's face and grunted, "Saug mein schwanz, du!" Suck my cock!

My heart stopped. For a moment the world stood still, pivoted on that moment.

Then, unbelievable (but to my relief), Anderson opened his mouth. To suck a German, a member of the super-race.

My eyes opened wide. The colonel's cock looked too broad, too swollen to go into his mouth, but Anderson wanted it! He let out a long, low groan. He actually wanted it?

The throbbing cock squeezed into his mouth, stretching his jaws wide. The colonel rammed it down his throat!

Then, with a hand on Anderson's blond head, the colonel fucked back and forth, lunging his giant organ in and out.

Anderson gulped and gargled. "Ulgh! Ulgh! Ulgh!"

When the colonel came, what an explosion! The American coughed and choked, but kept the giant cock down his throat. I could imagine the colonel's jizz-load.

When the colonel finally pulled it out, Anderson coughed again and burped creamy jism up in slimy gobs. "Ja," purred Colonel von Gauszen.

He pronounced Joachim Bayer as a genuine Aryan and told him to go back to his farm. Sweat pouring down me, I told the colonel I would take him back in the staff car outside. Joachim put his clothes back on, and I escorted him out to the car.

I took Anderson back to my cottage. "Guess, uh, that kinda lets the cat out of the bag about me," he said in a low voice as we drove along, but I had no idea what he was saying. By then I was so scared, I wanted him to escape by himself. I left him in the cottage and drove back to the headquarters.

I hoped when I got back that evening he would be gone, but he wasn't. He spoke to me in English when I walked in. "Looks like you got a lot of man-lovers around here. I would get thrown in prison for giving an American officer a blowjob. If nothing else," he said slowly, "you Germans are advanced in that."

Again, I didn't understand a word. I only smiled.

I was in a real jam. If I turned him in to the Gestapo, I would incriminate myself as well, having already identified him as my cousin. On the other hand, if he stayed around, the hangman's clock was ticking.

I didn't know what to do. I shared a meager supper with him, and then it was time to go to sleep. I motioned to the bed, and pulled open my uniform shirt.

He misunderstood. He smiled, then ran his tongue over my ear as he caressed my shoulders. He helped me pull my uniform jacket off, and when my chest was naked, he licked at my nipples.

Meanwhile, he too stripped to the waist, and I felt his powerful chest muscles. I looked down—his cock stuck out like a Luger in his pants.

He was hot. His nostrils flared, and he bent to kiss my belly, drilling his tongue into my navel. I gulped. That close, I smelled his body again, a musk of salty sweat and the indescribable but familiar odor of man.

He pulled my trousers down and turned me around. He spread my buttocks, and I heard him behind me. "Mwaaah," he moaned, and I felt his tongue at my asshole. He lapped at it like a horny Doberman, setting me on fire!

I felt so good, I relaxed, but suddenly his cock gouged up into my ass! He was fucking me standing up!

He reached around and twiddled my nipples deliciously, taking my mind off the pain, and as he did, I got every centimeter of that big dick. His humping hips bounced me up and down. I heard his straining efforts in my ear, "Unnnh, unnnnh, unnnnh, unnnnh..."

I always thought a cock in the asshole would hurt—his pecker was so big, and my poor butt was never so abused—but instead of agony, I felt only a little discomfort at first. Then I began to crave that big meat moving in me.

I reached down to stroke my erection as he moved in and out, and I climbed toward an orgasm. I reveled in the feel of a cock skewered to the balls in my asshole. I closed my eyes in bliss—his thrusts were driving me toward climax. I was so horny by that point, my asshole dripped honey around the invading cock and gripped it tight.

Overcome by a fast, punishing, fiery joy, I yelled out my excitement! My body so thrilled to the feel of that cock, that I was actually vibrating! The American's cock lifted me off the earth! My German sperm shot into the sky as—"Nnnnnnggaaaaaaah!"—his Amerikaner semen blasted into my guts.

I moaned mindlessly as he made me his total slave. I understood what it was to be a man.

We fell into bed, both so exhausted, we slept. As I drifted off, I noticed a new odor, a powerful, musty aroma composed of both our odors together.

I don't know how long we slept. I awoke when I felt his hand on me. He was a real pervert. In minutes, he had me hot and panting.

He rolled onto his back, spreading his legs wide. "C'mon," he grunted, and he lifted his legs high. Although I never had sex with a man before, I understood him, and I knew what to do.

I stuck my throbbing cock up his asshole, and when he yowled over it like an air-raid siren, he made me so proud, my cock swelled even bigger. He moaned about how thick, how wonderful it was, how full it made him, but in those days I didn't understand English.

He reached down to stroke himself as I fucked back and forth, and he went into an orgasm! His wet asshole throbbed around my cock, and his hand became a blur over his prick. More of his creamy jism spurted out, splattering over his chest again.

I lunged, a madman for sex. The sound of our lovemaking, the schluck-schluck-schluck made me even hotter.

Then I got mine. Violent sensations boiled through my cock, and my testicles tightened up into clenching fists. The most intense ecstasy fried my brains to a sizzling schnitzel, and load after load of my Aryan sperm shot into the barbarian's hairy ass.

As my milky jolts surged into his guts, the American gripped his ass-ring around my cock. That made my orgasm last even longer, and the joy of mansex turned me into a snarling animal. I lunged against him until the euphoria overpowered me, and I fell onto him, unconscious.

When I came to, I raised myself off him. A clabbered mass of man-slime glued us together, and long strings of smelly semen drooled from me onto Anderson's hairy body as I drew away. I fell to the side, breathing deep, almost drunk. I lay there, a rag-doll man, drained and helpless.

"Oh, God," he groaned, "you Germans really got the cocks."

I wished I could understand what he was saying.

I arranged to take leave, pleading that a close family member had been killed in an air raid, and I desperately wanted to go to the funeral. Leave was hard to get in wartime, but Schwäbisch Gmünd was not a heavy-activity area, so the colonel signed the papers.

I took a train and "my cousin Joachim" to Hamburg. From Hamburg, we took another train to Amsterdam. In Holland, I changed into civilian clothes and, speaking Dutch, I let it be known privately to the Hollanders that my "cousin" was a downed American pilot. Soon a Resistance group contacted us.

I said good-bye to Anderson in 1941 in Holland and didn't see him again until after the war. I didn't forget him, though. Every time I stroked my cock to ecstasy, I saw his face and felt his tight asshole.

In 1947, Anderson came to Schwäbisch Gmünd looking for me. He found me and arranged for me to emigrate to the United States with him. As his "cousin."

We have lived together ever since. And I have spent the years picking his blond hairs, long-since gray, out of my teeth. ☺

# Cover Your Ass

Legal Perspectives  
by Jeff Kilpatrick

## Where there's a will...

One of the rites of passage for the would-be lawyer in the United States is an examination known as the bar exam. The exam itself is divided into two parts: The written portion tests your ability to marshal facts and apply the rule of law while giving due consideration to opposing arguments. The other half of the exam is known as the "multi-state" and consists of multiple-choice questions based on a single pattern of facts. For any of you who think you might want to try law, here's a sample:

Tim, 23, is a college grad—with college loans to pay for—working his first job; he's been "out" to his family for the past six months and they've been very supportive, especially his younger sister. Dave, 34, is an accountant who's estranged from his family; he's never had a long-term relationship, and he recently learned that he is HIV-positive. At 72, Alan is retired; he owns a home with his lover of 43 years, Bill, who used to work for the city. Their health is basically good, although Alan finds that walking long distances is fatiguing.

OK. There's your fact pattern. Here's your question: Who needs a will?

- A. Tim only.
- B. Dave only.
- C. Alan and Bill only.
- D. Tim, Dave, Alan and Bill.

The answer is "D," since *everybody* needs a will. A will determines the disposition of your property, appoints the person or persons you want to act as your executor(s), and is a great kindness to the family and friends who survive you. If you don't write your will, the state will do it for you. Unfortunately, the state rarely does it as well as you can.

Now as for our friends Tim, Dave and Alan and Bill:

Tim needs a will even though he has few apparent assets. Some loans are forgiven upon the death of the borrower. Tim may also have insurance through his workplace that includes a death benefit. If Tim nominates a beneficiary, that insurance is not part of his estate. If he fails to name a beneficiary, the insurance benefits will be paid directly into his estate. Without a will, Tim's estate will pass by the Law of Intestate Succession (the state writes the will for you) and, while it is true that Tim's assets will go to his family, he might want his supportive younger sister to have more, and his less-supportive older sister to have less. As it is, absent a will, they would share equally. And, Tim needs a will to nominate an executor so that his apartment can be closed and his auto sold. Without a will, Tim's relatives would have to petition the court for one of them to be named as executor, which takes time and money. Need I remind anyone that the money is better off with Tim's intended recipients than with the state?

Dave needs a will every bit as much as Tim, but for different reasons. While Dave and his family are not close—geographically or emotionally—the Law of Intestate Succession would disperse Dave's estate among his relatives. In German, they are called "laughing heirs" because there is no grief at the relative's passing, only joy at the unexpected windfall. And, if a member of Dave's family living in another state were to petition the court to be appointed executor of Dave's estate in the absence of a will, the court would appoint an in-state co-executor—often a lawyer—who would be duly compensated out of Dave's estate. Even

if you make a will but appoint an out-of-state executor, the court may very well insist upon the appointment of an in-state co-executor. The moral is this: Appoint an in-state person to be your executor.

Dave should appoint a close friend as his executor, and consider giving his friend two other documents: durable power of medical attorney and a durable power of attorney. In the absence of a durable power of medical attorney, Dave's family would have to be consulted by his doctors and the hospital if Dave weren't in a condition to give informed consent himself. If Dave should progress to full-blown AIDS, a durable power of attorney would allow his friend to make all decisions in his behalf.

Longtime lovers Alan and Bill need wills as well as durable powers of medical attorney and durable powers of attorney. While neither their house nor their life insurance will be part of their estates (they took the house under the provision of joint tenancy, and named each other as the beneficiary of each life insurance policy), they may want to make some charitable bequests, remember old friends, and ensure that their bodies are disposed of as they wish.

A very important consideration for any older gay couple is that a will may help the survivor fend off an attack on the estate by the deceased's birth family. After actor Raymond Burr died, his family sued to upset the will, with a Burr family member maintaining that "Burr family money... should stay in the Burr family." They ignored the fact that the money was already "in the family"—his gay family of choice. I understand that that case is still in the courts. The point here made is that a poorly drafted will or no will at all invites attacks by the surviving family. Don't assume that your family would never do that. Death changes things, and often the one person who could prevent a lawsuit is the deceased. Cover your ass! Prepare for the worst and hope for the best.

A further note on Alan and Bill: If I were their lawyer, and they'd nominated each other for their durable powers of attorney and durable powers of medical attorney, I would prefer that they also nominate an alternate person in case either of them were unable to serve. **B**

## How I spent my summer vacation

**M**ade a trip to San Francisco a while back. Now, before you all start acting like you're fighting for air, let me make it clear it was a working sort of vacation: I had a dentist appointment, a court appearance and I needed to clean out a storage locker I didn't have a chance to attend to before I moved away.

The dentist appointment turned into the root canal from hell, though to no fault of my dentist: The nerve was just too damn hot to anesthetize. The court appearance went well: I had to take a former employer before the state labor commission because she didn't pay me any overtime I worked and withheld my final paycheck. I won. The storage locker is where our story lies.

Remember how some time ago I said I may talk about what I did in my absence from this publication? Good. 'Cause here comes a story.

A time was upon once when I found myself homeless. On the streets, no place to go, victim (or target) of

Reaganomics and/or the George Bush recession-that-wasn't, indigent, call it what you will but the words end up at the same place: homeless. I wasn't completely without hope; I had a job working as a doorman. The pay was enough to keep me in food, but not shelter. A few friends knew how dire the situation was, but not all; I am a proud man. One friend, Ankor, knew I needed a place to store my belongings and he offered the use of a storage locker he had. I don't believe he ever knew I slept there.

It was in the Haight, in a more or less above-ground converted basement in a large Victorian house. No electricity, no plumbing, just a place out of the wind with a roof and a locking door. Inside, between my desk and a chest of drawers, I had unrolled an insulate pad and placed my sleeping bag on top of it. At night, I collected my piss in an apple juice bottle and poured it down a nearby drain in the morning. I stayed only as long as I slept for fear of being discovered by the other tenants of the building. There was a dog who lived in the flat immediately above; it would bark at the sound of two pieces of paper sliding against each other. Often enough, those two pieces of sliding paper was me reading the late paper in what was my bed. For the better part of a year and a half, that locker was where I spent the night.

Since I only worked nights on the weekends, I had a fair amount of time on my hands during the day. If I was feeling particularly grungy, I'd go to the locker room at SF State and use their sinks and showers; as long as I looked like I knew what I was doing, nobody questioned me. I'd brush my teeth in a restaurant head, usually before breakfast. Since I had no kitchen, I naturally ate out a lot. Sometimes I'd practice piano at a friend's place; other times I'd just go for a walk. Often, I'd end up spending hours at the library, reading a couple papers for entertainment. Good, solid distraction was in short supply.

I was warm enough and I was comfortable enough; those years in the Boy Scouts and my skills at camping were put to good use. I missed a lot of small

things, like falling asleep listening to Bach on the radio. The thing I missed most was privacy. Everywhere I went, there were people; I had a place where I could sleep, but I had no place I could really retreat to. It really does a number on your head. When you live on the streets, really *live* on the streets, everyone in the world is in *your* home, pacing through your living room, bedroom, kitchen, whatever, and there's not a damn thing you can do about it. And that feels weird.

The good news is that for me, homelessness came to an end. I got hired on to a construction crew in Oakland and was able to move into an actual apartment.

The storage locker where I slept for all that time was the one I had to clean out; for various reasons, I didn't have a chance to clean all my stuff out before I moved out of California. I wasn't really looking forward to the task, but I managed to find good homes for all the big pieces I didn't want to ship out here.

What I didn't expect was a sense of loss, almost of betrayal, at clearing out my belongings from the locker. It served me well and true, but I had never before associated nostalgia of place with something as ordinary as a storage locker and I was caught unawares. It had become my room, inviolate. Had I given it that respect at the time, chances are I would have cried, and crying would have immobilized me when what I need most was motion. When the last load was carried out, I thanked the locker because I thought it appropriate. I thanked Ankor, too, though he died almost two years ago.

OK, so it's not how I spent my summer vacation. Better punish me with a bad haircut.

I'm not saying that I'm every homeless person, but if you see that here, it's OK by me. If there is a lesson here, I think it's that home is fluid; it can be whatever you want. For some people, family is fluid; if you define your family as something other than family of origin, then you know what I'm talking about. I think the best thing to do is to define such things in yourself because, that way, no one can take them away from you ever. **B**

## PLACING AN AD

Deadline for BEAR 38 ads is April 29 (Yeah, I know that doesn't leave you much time). Deadline for BEAR 39 ads (which comes out in August) is June 26.

**1. Text.** Talk about yourself and be real clear as to whom you'd like to meet. Avoid negativity shit, like "no fats, fems or Lithuanians." It doesn't work and we'll probably change it anyway.

**2. Names.** We can't run ads addressed to Occupant or Boxholder. Use your initials or a name your postal carrier knows.

**3. Phone Numbers.** We won't print 'em.

**4. Photo Ads.** We'll run a shot of your face or dick—but only once. Your photo must have a signed model release (see "Show Yourself in BEAR," page 51) AND a photocopy of your picture ID. Don't bother sending us photos without this stuff. We can't legally print 'em. Each photo sent to BEAR must be signed with your name and phone number on the back. Photos are not returnable.

**5. BEAR Postal Box Numbers.** If you wish, we'll assign a BEAR Postal Box Number to your ad, collect your responses and forward them to your address. A word to the wise: Your own address will get you more responses. For U.S. subscribers only. Free to BEAR Buddies, \$5 to everyone else.

**6. Voicemail Box Codes.** We assign a voicemail box to every ad. Guys can leave phone messages in your box after reading your ad, and only you can retrieve them. Cost is \$1.98 per minute for both parties. Full details are on page 29.

**7. Common Courtesy.** If a guy gets in touch with you, write back. Even if it's just to say "no thanks," he deserves to know you got his message.

**8. Cost and Duration.** Personal ads are free if you're a BEAR Buddy. Otherwise, they're 25¢ a word, per issue. Wanna discontinue your ad? Write in, and we'll pull it. You will have to pay to have a pulled ad put back in, though.

**9. Ad Changes.** It's cool, but it'll cost you 5 bucks, and must be in writing. Hint: You'll get more responses by rewriting your ad from time to time.

**10. Edits.** We reserve the right to edit personals for editorial consistency and clarity. We also reserve the right to refuse any ad.

The form for writing your ad and figuring the cost is on page 53.

## RESPONDING TO AN AD

**1. Voicemail box number.** To respond to a voicemail box number, see details below. If the ad says "No voicemail," it's a good bet the fella won't be checkin' his phone messages. Respond via written letter.

**2. BEAR Box Number.** To respond to an ad with a BEAR Box number, seal your letter in an envelope. On this envelope, put the fella's box number in pencil where the stamp normally goes. Send this with \$1 in a larger envelope to us.

**3. BEAR ads aren't a marketing base.** If you think your new hair-growth system is worth selling to the world, do it someplace else. Leave our personal ad customers alone.

**4. Prisons.** They aren't a good place to send money, or pictures of your hairy ass. By all means, correspond and make friends. But know the potential for trouble to you as well as they guy on the inside.

## VOICEMAIL EXPLAINED

Credit card holders call 1-800-347-BEAR. To charge the call to your home phone, dial 1-900-HOT-BEAR. Cost for both lines is \$1.98 a minute.

Our BEAR Voicemail system is designed to give you immediate access to new friends, true love, or just good fuck. It works. Record your own personal greeting, answer someone else's ad, pick up your messages, or talk to whoever is jacking off on the line.

**If you have an ad in BEAR...** When dialing in for the first time, you must already have your passcode from us. We will mail you this code before the issue of BEAR in which your ad first appears hits the stands. Write us here at the shop if you don't receive your code for some reason.

**To collect your messages...** Once at the Voicemail Main Menu, immediately hit the star key to get to the message center area and collect your mail. Mailboxes have four or five digits. You do not need to set up a new voicemail box (Option 3). It's been done for you already.

### Suggestions and tips...

- Press buttons slowly and firmly.
- If you think you made a wrong choice, hit the star key to get back to the Main Menu.
- Messages stay in the system for two weeks.
- Use Option 3 to set up another mailbox or to leave your phone number on the bulletin board. Always use area codes to catch guys in your neck of the woods.

# JIM

He's one of those guys who always has a smile on his face. Positive, straightforward, with just a little bit of a cocky edge. The only time you won't catch him smiling, he says, is when he's doing his damndest to make another guy smile. Jim's been reading *BEAR* since issue #8, so you get the idea of what kinda guy gets him off. The only specifics he'll cop to, though, are that he looks for confidence and maturity in a guy. But a salt-and-pepper beard will always turn his head.

The hot tub was Jim's suggestion. He likes his sex wet—in pools, lakes, showers, streams and whatever else that might imply. The wildest place he's had sex was on the back of a tow truck behind a garage. Got all greasy and even found a use for those chains. Where are the cameras when you need them?

## A Call to Arms

By now, you've probably heard that the Supreme Court in Hawaii is likely to force the state to recognize same-sex marriages this year or next. Under the Full Faith and Credit clause of the U.S. Constitution, states always recognize legal marriages from other states.

As we go to press, however, it looks like California is about to pass bill AB 1982, sponsored by Republican Pete Knight, prohibiting the recognition of same-sex marriages. If this bill passes (and it looks like it will), Senator Robert Hurtt proposes to recriminalize sodomy in California and repeal the Sexual Orientation Non-Discrimination clause in the Labor Code.

So us California queers and our supporters have our work cut out for us. But this isn't just a California thing; it could easily start the ball rollin' across the country. So if you're as sick of this shit as we are, you need to act now, before it really gains momentum. Let your state representatives know how you feel about this. Be a squeaky wheel. Or don't come whining later.

This is John. We tried

## Jack Fritscher's American Men

by Jack Fritscher  
introduced by Edward Lucie-Smith  
Editions Aubrey Walter, \$29.95

For years, Jack Fritscher has been documenting homomascularity on film, processing it, and turning it out to the public as Palm Drive Video. In his new book, *Jack Fritscher's American Men*, he has gathered still photos which eroticize this masculinity. The images he has chosen depict men in a stream of consciousness kept private by most men, namely their own sexual attraction to the male icons of our society: cowboys, cops, bodybuilders, and truckers to name a few. Fritscher's camera brings us into their fantasies; many of them are hot scenes you will long to be a part of.

Eloquently introduced by Edward Lucie-Smith, who came into the eyes of the bear community with his insightful introduction to Chris Nelson's pics in *The Bear Cult*, Fritscher's collection of rock-hard bodies and street-weathered faces somewhat resembles the work of Old Reliable. The difference between the two visions, however, is that Fritscher's men have strengthened themselves out of a desire to be something better, exemplifying the icons of their upbringing. We are talking about men who, throughout their lives, were aroused by the strong men of their worlds and have developed into powerfully sexual icons themselves, whereas Old Reliable's young exhibitionists seem merely to be aimless boys from Hollywood's Sunset Strip.

Fritscher's attraction to the beauty and form of masculinity draws him to men removed from the softening of the American man. This book places back upon a recently vacated pedestal the physiques of gods and the determination of warriors. Jack Fritscher's American Men are what most men today fantasize about: hard driving studs who play as hard as they want and are freed by the strength of their character, ready to fuck with you physically and sexually. You may not be ready to come to head-to-head with some of them, but they will work your heads—both of them.

## Sunset Bull Foul Linebacker: Tits, Butt & Mouth Duo Palm Drive's Greatest Hits #1 Palm Drive Video

Jack Fritscher's recent tome of hot shots, *American Men*, was partially culled from a video archive many years in the making. Major porn stars and aspiring studs alike have pumped their meat for the sake of Fritscher's Palm Drive line of video verité, staking their 15 minutes in the Gonad Hall of Fame. The catalog of these orgasmathons is extensive, but here are three that *BEAR* readers might find especially tantalizing, if not outright sphincter-lickin' good.

Most of Fritscher's subjects are pure pumped beef, 'cause that's how he likes 'em—in *Sunset Bull*, Palm Drive's most recent release, porn star Bull Stanton climbs to the top of the pumped-up heap. Winner of numerous bodybuilding titles, this massive trunk of a man seems built to build and does so for the majority of the film, braking now and then to stroke his throat-choker and to pose to win the prize of a hot load in our hands. Sweat and oil drip from his huge and hairy torso as he growls the threat of plowing our hungry holes. Well, if you insist.

If Bull Stanton is the stud top you'd picture yourself being, then Mickey Squires is the bottom that'll take all you've got. I've always lusted after his masculine physique, but in *Foul Linebacker: Tits, Butt & Mouth Duo* he spills his desire to be ravaged by an entire football team while getting a tit and ball work-over by a big, pigskin-chuckin' bear. Mickey has aged to perfection for this one. His body, hard and powerful, begs to be broken down for our pleasure, and he does, after a raunchy, fouled-mouth barrage, get in the tight-end.

The third film, my personal favorite, is a compilation so hot you can lick the salty sweat off the screen. *Palm Drive's Greatest Hits #1* contains over 20 segments from Fritscher's fondest exhibitors. Many of these cock-hounds have graced the pages and scenes of Brush Creek Media productions. Mike Kloube of *BEAR* #1 kicks off the parade, with Curtis James of the recent *Classic BEAR* in there as well. Dark stud Bruno, tit-animal Jason Steele, and the nasty, beer-gutted, red-head Jack Husky are in there too, pumpin' iron, workin' their tits, and bustin' with hot-shit bravado. It makes you want to slap 'em like you mean it while you're fucking them to bits.

All Palm Drive videos are available through Brush Creek Media. Most of them are solos, but they don't have to be. With a big enough monitor and good surround-sound, you're there, man. Hey, Bull, drag those pecs over here and grab the poppers on the way! 

# MARCO

Looking for that dominating, completely-in-control, daddy-type? Marco can definitely fill your need. The intensity of his eyes tells the story. Although there's a lot to be said for those forearms. Strong and hairy, they embody masculinity in a way no cock could hope to. Same thing with his thighs.

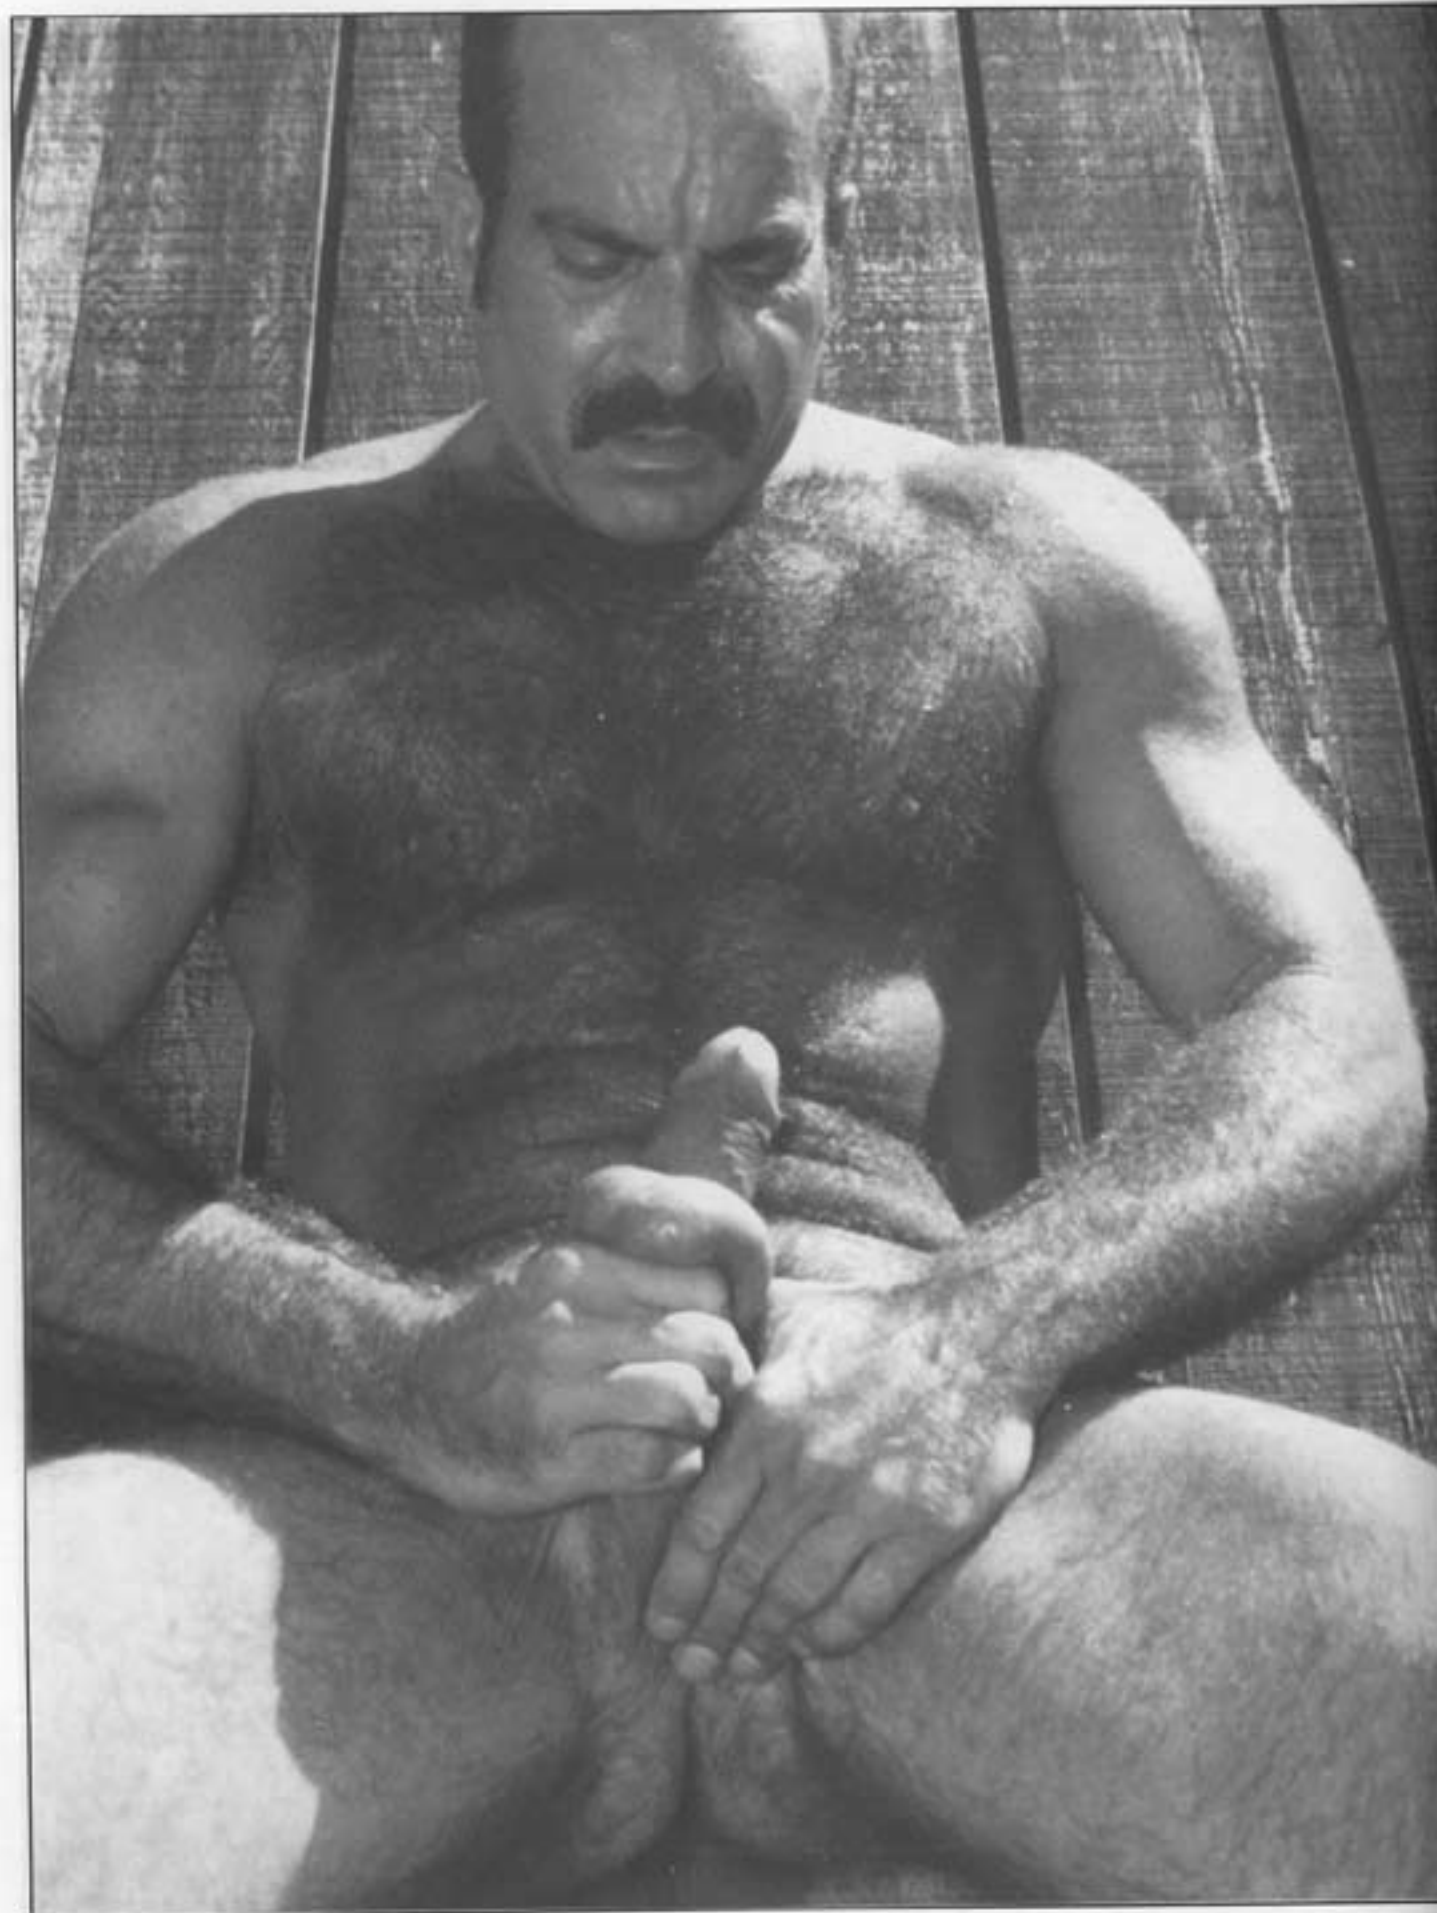

Marco is quite a package, all right. And he's making the most of it. He's got a production company here in California where he stars in his own erotic videos. So there's plenty more for you to see if this whets your appetite. Consider it a first course.

## Hat's Off

Life Lessons  
by Luke

### Seat belts, please

I was born a poor white trash child, living in the shadow of Seattle's Boeing factory boom during the 1960s. A kid in a suburb doesn't have much of a shot at getting good validation for his desire to fuck other men. Those thoughts of man-to-man closeness creep up pretty early in life, don't they? I was well established in my kindergarten year by the time I knew that men were sexy and women weren't.

The maleness that set my heart to racing usually had a beard involved. Or at least a mustache. Body hair, a little extra around the middle of a man's belly; I used to ache over the image of President Grant on the 50-dollar bill my mom showed me.

How does a kid, with no knowledge of sex, get hooked on images of Teddy Roosevelt, Ernest Hemingway and that Jason guy on *Here Come the Brides*? What works its way into our little heads, reassuring us that one day we'll wake up to a bearded, bad-breathed, blanket-hogging sonofabitch anyway?

But when puberty hits, and you get to put your hand deeper into the cookie jar of life, you learn to keep your mouth shut—damn quick. And your dream fades when you're taught that, if you're gonna "be one of those," you better

learn to like show tunes.

The first dirty magazine I ever bought was *Blueboy*. I was in such a hurry to pluck it from the bookstore shelf unnoticed that I banged my head on an upper rack—all attention turned to me as I was littered with copies of *Sunset*. My reward when I got home? Pictures of blond skinny surfer boys. Young, pimply, and looking like undercooked chicken. Was that the only option? It was a photo of gay-porn legend Al Parker that got me. I saw his beard and natural, sexy smile and I knew things would be all right. There was hope after all. And maybe magazines could be pretty cool sometimes.

I spent five and a half years working here at *BEAR* Magazine. Sure surprised the hell out of me... it wasn't something I'd planned on doing. I started out sweeping the floor and filing, gasping for air when the likes of Jack Radcliffe or Joe Thomas would stop by. I soon became a man-about-the-office, learning a scary amount about the scary world of dirty publishing. And there's been not a chicken in sight.

But it's time to clear my head and 'fess up. I've been two-timing you guys all along. I have another job, too. It's the reason I wound up in San Francisco in the first place.

I work for an airline, as a sky-slut. That's right: "Seat belts, please."

Some of you will be really turned off by that. Comes pretty damn close to show tunes, doesn't it?

There's emotional trauma associated with being a bearded stewardess-pornographer.

I kept myself a pariah to both worlds. Sure I'll go fetch another beer for the jerk in seat 52C. But behind my smile and professional demeanor, I work with naked men and dirty pictures, so don't think I'm going to take you too seriously. You can't touch me.

Sure I'll love doing work on a magazine, but behind my eagerness, I work for an airline and I'll be heading away from here at Mach .8 in a few hours. You can't touch me.

Well, I got what I wanted.

No one touched me.

Of course I had sex, that's not

the point. The point is that soon I *had* to spend my weekends in far-off places and my weekdays pushing smut, or else, well, I wasn't anyone then, was I? No one would like me. Meanwhile, pieces of my life started rattling off like from an old pickup on a bumpy road. For half a decade, I was dragging my sorry ass off of a 747 after a 12-hour flight, only to drag that self-same sorry ass to the office to prove to God and everyone that I could stay on top of things. Sometimes, I really did stay on top of things. Sometimes not.

So one morning, I woke up, called both jobs, and said I'd be away for awhile.

It was an explosive decompression. I had five years' worth of phone calls to return, and friends to spend time with. I joined a gym, rented every video on the planet; I saw that the sun still rose in the morning and noticed that my phone still rang.

Publishing is in my blood now. It's what makes me happy. But in order to move ahead, sometimes you have to be willing to move back. I went for the big, union wages and weekends in Sydney. And for *BEAR* I do a little consulting, write a little, field a butthole or two for possible publishing fame.

Downsized the jobs, kept the big dick.

Below is what I really look like. The picture you may have seen here in issues past is a fella who works for *BEAR*. You can sure as shit write to him here at the shop—and even see him get naked and make a hell of a lot of noise in the *Classic BEAR* video we're selling hereabouts.

Thanks for letting me be totally self-indulgent. This almost sounds like a giant personal ad here. But to tell you the truth, for once, I just wanted to be me. ☺

# Ferris Wheel Man

by Wayne Daniels

Ronnie had seen the man running the Ferris wheel before. Last year, same place. Standing at the base of the big, double Ferris wheel, taking apparent pleasure in providing horrifying fun to his midway revelers. Last year, all Ronnie could do was stare longingly from a distance at the man's tight blue jeans trying valiantly—but failing miserably—to hide the enormous, throbbing bulge in the crotch. Last year, all Ronnie could do was fantasize what it would be like to strangle on that huge piece of sweaty meat while smelling the thick, tangled bush and enormous balls hanging below. Last year, Ronnie was a virgin pussy. This year, Ronnie wasn't afraid to go after what he needed.

"How about a ride?" Ronnie asked.

"Got a ticket?" Mr. Ferris Wheel responded.

"I didn't mean on the wheel, mister. I got my eye on what's in your jeans."

"What th—? Well, you got balls, don't ya, boy? Just what the fuck makes you think there's anything in these jeans for you?"

"I know a horny man when I see one and I know what I want. I also know I ain't gonna get what I want unless I ask for it."

"Well, you sure as hell are askin' for it," he snarled. "You come back here at midnight, and we'll just see what you get."

Ronnie wasn't even scared as he smirked at the man and walked away. He was so fuckin' horny for that stud, it never occurred to him to be afraid. Maybe this stud would beat the shit out of him. Maybe he had some friends who were gonna help put the fear of God in him. All Ronnie knew was that he had just over two hours to kill till midnight, and it was gonna be the longest two hours of his life. The crowds were just starting to thin, so he decided to hit the john, then kill some time taking in a few more rides.

At quarter to midnight, the fairgrounds were nearly empty except for the carnies shutting down their equipment for the night. The lights were going off one ride, one booth, one

tent at a time. As Ronnie approached the Ferris wheel, he found it dark and shut down for the night. Its raunchy pilot was nowhere in sight.

"Goddamn it," Ronnie swore out loud. "I should have gotten here sooner," he thought to himself. "He probably got the hell out of here before he had to deal with 'that horny little queer.'" He turned to walk away and slammed head-on into Mr. Ferris Wheel himself.

"Where the fuck you think you're going, little cocksucker?" he said. "I've been waiting for you."

Ronnie quickly caught his balance. He doubled his fists just in case he had to fight his way out. "I thought you'd gone when I saw the wheel shut down and dark," Ronnie said.

"That's 'cause I shut her down early. I got plans for you, you cocksucking faggot. We're going to my trailer over there and you're going to show me your stuff. Got it? Let's go. I've been waiting over two hours to test your abilities." Taking Ronnie's arm, he guided him toward a long, silver Airstream parked about 40 yards from the Ferris wheel. They stepped over thick yellow, orange and black cables that snaked across the ground between the rides and the other RVs parked behind the midway. His heart was pounding so hard, Ronnie thought it would pop right out of his chest. Now he was scared. He was also excited as hell. He figured he could get away if he had to, but was prepared to have fun if it was offered.

"Just step on in there, little man," Mr. Ferris Wheel commanded. "You can get us both a beer from the cooler over there. Bring it to me over on the couch."

Doing as he was told, Ronnie retrieved two cold beers from a cooler by the stove. As he approached the couch, his host was just finishing removing his shirt, revealing a white tank undershirt and a profusion of thick, fluffy brown hair that poured from his chest and cascaded over his shoulders and down his arms. He stretched, spreading his muscular, hairy arms then draped them over the back of the couch. He had a very handsome face with a thick head of hair in an overgrown flattop with a thick, pushbroom mustache and about three days' growth of whiskers. He smiled lewdly at Ronnie and said, "Why don't you put those on the table there and just come over here, boy?"

His knees wobbling with excitement, Ronnie complied, almost knocking over a beer as he hastily put them down, then moved over between his host's legs.

"I guess if you're gonna sniff around between my legs, we ought to get to know each other. My name's Hank. What's yours?"

"Cocksucker, sir. That's what I do, and that's all you need to know."

"Well then, Cocksucker, why don't you prove what you say is true? I ain't shot a good load in about a week, and my pecker sure could use some service."

"If I'm gonna service you, you gotta let me do it my way, sir. I want to take my time and do it right. You won't be sorry, sir, I guarantee."

"Then have at it, Cocksucker. Get busy."

"Can I smell you, sir? I want to sniff you all over."

"What the—? Well, I guess. I'm pretty sweaty though. I been workin' all day without a shower since morning. But then, maybe that's your turn-on, is it?"

"Oh yes, sir. I'm gonna sniff you and lick you till you beg for mercy," Ronnie said as he bent to smell Hank's armpit. It was rich and steamy as he buried his nose in the dense foliage, taking a large gulp of hair into his mouth and sucking in the salty sweat.

"Well, fuck. That's real good, baby. You just keep doin' what you want. I got the time." Ronnie sniffed and licked his way over Hank's shoulder and up his neck, lapping his tongue over the rough stubble on his cheek and chin. Hank's manly aroma turned Ronnie into an animal. He roughly licked at Hank's face, taking in mouthfuls of mustache, sticking his tongue into Hank's hairy nostrils and kissing his face and eyelids. Suddenly, Hank grabbed him by the back of the neck and kissed him square on the lips, parting them with his tongue, jamming himself down Ronnie's throat. Wrapping their arms around each other, they kissed and stroked each other, Ronnie feasting on the handfuls of soft, fluffy hair covering Hank. Breaking free, gasping for breath, Ronnie laughed and said, "I guess you really are ready for some service, mister. How's about getting that undershirt out of my way?"

Hank tugged it up and off over his head revealing two perfect brownish-red eraser tits peeking out of their hiding places in his forest of chest hair. As he tossed the shirt aside, Ronnie bent to undo Hank's belt buckle and the buttons of his 501s. He inhaled deeply as he undid each button, taking in the musky, masculine aroma of Hank's sweaty, hairy crotch.

"Goddamn, you smell good, sir. Lift up so I can pull your pants down." Hank lifted up off the couch but let Ronnie do all the work. He wasn't wearing underwear. Ronnie's eyes about popped out of his head when he saw what Hank had been hiding in his jeans. Even though it was still semi-soft, Hank's cock was still impressively long. And very thick. And uncut. His balls were a nice size, too—nestled lazily in their mushy sac of hairy skin. There was so much skin draped in thick wads hanging from the end of his cock that, together, his cock and balls formed a great mass of hairy skin puddled between Hank's furry thighs. Gasping at the sight, Ronnie said, "I don't fuckin' believe it. I've never seen anything so fuckin' beautiful in my whole life."

He cupped the sac in his hands, hefting it like a two-pound bag of hairy Jello. "What a huge fuckin' piece of manmeat you've got, sir. I've sucked a lot of cock, but never anything like this. You've gotta be the hottest man I ever met. I think it's time for my dinner." With that, he buried his face in the slowly swelling wad of hairy skin, inhaling the sweaty mass, lapping hungrily and gulping in a great mouthful of throbbing, gooey flesh. Hank moaned and smiled as he watched Ronnie worship at his crotch.

"Goddamn, boy. Nobody ever talked to me like this. You can just have at it, baby. It's all yours. Ummmmhmmmm." He lolled his head back and gave in to the feeling as Ronnie began feeding between his legs.

Ronnie hefted the thick tube of cockmeat, watching it wave and flop back and forth as it slowly throbbed to erection, pulsing its way to almost bone hardness before his eyes. It happened so fast, he didn't have time to let it grow in his mouth as he'd hoped he would. "Later," Ronnie thought. "He isn't getting rid of me tonight. I'm getting more than one load out of this man whether he knows it now or not." Taking the towering cock in both hands, he slowly peeled the thick, softly wrinkled skin back from the head. He'd never seen one like it. Instead of a mushroom with a little eye in the middle, it was like a giant plum split perfectly down the middle into two thick, mouthwatering globes. Parting the two halves with his thumbs, he found the gaping pisshole nestled about an inch below the crown, deep within the fold of spongy skin. As he watched, the entire organ heaved in a spasm, and a thick, clear glob of precum emerged from the hole. Ronnie slowly slid his tongue in and swabbed the entire area, tasting the slightly salty syrup and watching as it stretched in a glistening string between the cockhead and the tip of his tongue. He then pulled the skin over the head, hiding all from his view. He slipped his tongue into the skin while sucking it into his mouth, swirling it around the head and making Hank groan.

"How big is your dick, Hank? You ever measure it?" he asked, reluctantly releasing his hefty, delicious prize.

"No. I never measured. You're the first person ever come on to me. I always jack off. I've always been too embarrassed to let anyone play with it. Guys always made fun of me in high school. Called me a freak."

"You're shittin' me. They were jealous, I promise," Ronnie said in disbelief.

"Oh, I've fucked whores before. They never let me put it all the way in and they never wanted to suck it. Besides, I could never really get it up for women. I always just relied on my own fist and dirty magazines."

"Well that's going to change tonight, I guarantee." And to Hank's amazement, Ronnie opened wide and proceeded to swallow the entire length of his oozing cock. Moving his mouth and throat up and down wildly, he finally settled with his nose buried in Hank's thick, sweaty bush and his chin on his balls. Cupping the balls in both hands, Ronnie lifted them and pulled the furry scrotum up to wrap it around his face. After several seconds, he came up for air, tears running from his eyes and snot from his nose.

"I wanna fuckin' eat you up, mister. Every goddamn inch. Up your nose, your mustache, in your mouth. I wanna suck your tongue right outta your fuckin' head."

"Son of a bitch, boy. Where'd you learn to do that? Linda Lovelace ain't got nothin' on you."

"I practiced, sir. And boy, I'm glad I did 'cause I'd be really pissed if I couldn't take the whole thing. I want you to remember this night for the rest of your life. I know I will."

"Oh, don't you fuckin' worry about that, boy. I never felt nothin' like that in my life."

"This fucker's gonna slide right up my ass tonight. We're goin' for a ride better than any Ferris wheel, I promise," Ronnie said as he handed Hank a beer and took his in hand. Clicking his can to Hank's, he said, "Here's a toast to the hottest fuck we've ever had in our entire lives, sir."

"Whatever you say, boy. I'm ready for anything you got in mind," Hank said, his eyes smoldering. They each downed half their beer. Ronnie stood and peeled off his shirt, shoes and jeans, tossing them aside as fast as possible. He stood in front of Hank, his own big boner waving freely and his egg-sized balls hanging low in their soft, hairy sac. Ronnie was in pretty good shape himself. He was 20 but looked older from his time out on the road. He lifted weights when he could, and his arms and tits showed it. He had pale blond hair and a blond mustache with a soft dusting of reddish-blond hair across his chest and down his belly. The line of hair running down to his pubes got redder until it hit his bush which was bright orange. He had a fine blond fluff of hair covering the perfect round globes of his ass. "Well, ain't you a sight for sore eyes, boy? I'd never have figured what with those old clothes an' all. You're in pretty good shape there. You ain't short in the manhood department neither. Step on closer an' let's get friendly, shall we?"

It was clear Hank wasn't as rough and tough as he'd let on, Ronnie thought. In fact, he was quite cuddly and needed service and attention. Well, Ronnie intended to take care of that, but good. This was a man in a lifetime, and Ronnie was

sure as hell gonna take advantage of the situation. They'd both find satisfaction tonight, he'd see to that.

Stepping between Hank's legs, he bent to sniff around Hank's neck, nibbling on the soft hair that ran down to and over his shoulder.

"Mmmmm. You're makin' me real hot, boy. You better do somethin' with my dick 'fore I hafta start jackin' it myself."

"You ain't gonna touch that cock, sir. He's mine. He'll spit when I tell him to. I'm gonna make this last for both of us." Then he bent down and slurped his tongue deep into the soft, loose folds of skin, drinking in all the syrup that had been oozing from the giant hole hidden deep in the head of this marvelous monster. Starting a slow, gentle fucking motion, he face-fucked himself on Hank's giant cock. Each time he swallowed it deep down his gullet, the slicker it got on his throat scum. The sweaty, spicy aroma of Hank's crotch started making him wild, like he'd just toked on a popper. Without a second thought, he raised himself up, pushed his soft, pink little pucker out hard, like he was fixing to take a huge dump, and sat square on the blunt head of Hank's pecker.

"Oooohhh gawdammm," Hank howled as he felt the entire length of his massive hog slide into Ronnie's tight, slippery furnace. "Oh fuck, baby. I ain't never felt anything that good. Never ever." He wrapped his huge, furry arms around Ronnie, pulled him close and started chewing on Ronnie's left nipple.

"Goddamn, sir. Oooooohhhh. I never had this much up my hole. Let me ride on you for a while so's I can get used to it. Then I want to get on my back with you on top. I wanna see your face while you fuck me. Oh, yes, chew my tit," Ronnie begged. Ronnie then started to slide up and almost off the huge truncheon buried in his soft, hairy hole. Slowly swirling his ass from side to side, then in circles, he eased himself back down the length of Hank's cock till his soft, blond ass hair mingled with Hank's damp, dark bush. They both groaned and moaned in exquisite pleasure as Ronnie continued to repeat the fuck motions over and over, grinding his ass harder and harder with each thrust. Hank then cupped his hands on each of Ronnie's globes and began lifting and lowering him up and down, off and onto his slippery, engorged organ. "No, mister. Put me on my back, but don't take it out. Oh fuck. Yeah. Just like that. Oh, how I want you to fuck me, sir. Slow, long and hard. Ohohohohyeahyeahyeahjustlikethatjustlikethat." He wrapped his legs around Hank's hairy, muscular trunk, and threw his arms over his head in wild abandon, enjoying the full-length ride on the biggest cock he'd ever hoped to fuck.

Hank started slamming harder into Ronnie's tender ass. Prying Ronnie's legs wide apart, he placed his meaty hands behind Ronnie's knees, lifting his ass to where they both could see his reddish-purple cock slurping in and out of the slippery hole. The hairy, pink lips were gaping wide, the rubbery muscle was shiny and taut, and the copious amounts of clear juice oozing from the thick organ plunging in and out

of Ronnie's happy ass made the slippery in-and-out even more wonderful. Ronnie wished he had two heads. He wanted to get down and lap those juices and lick that cock as it fucked him. Grabbing Hank's face in his hands, he lifted himself to it and began licking.

"I wanna fuckin' eat you up, mister. Every goddamn inch. Up your nose, your mustache, in your mouth. I wanna suck your tongue right outta your fuckin' head." Then he grabbed his own legs behind the knees and splayed his ass even wider, allowing Hank to grab onto his feet, the bottoms flat with his palms.

"Goddammit, boy. You're gonna make me spit my wad before too long, ya know that? This feels fuckin' wonderful. Ooohhh yeeaaahhh. Just slammin' my fuckin' tool in an' outta your gooey shithole. Just fuckin' your hole. Fuckin' your sweet, slippery hole. Oh, baby, you're beautiful. Your hole looks so fuckin' delicious just suckin' in my fat cock. Oh yeah. Look at my sticky fuckin' bush grindin' into your soft, pink behind. Ooohhhfuhfuhfuhfuck, I'm gonna spill. I'm gonna spill, baby. Where do you fuckin' want it? I can't hold back, baby. I'm on the edge. Tell me baby, tell me. Where do you want it?"

"Oh fuck yeah, Hank. Here," Ronnie reached down and pulled the hard, swollen bone from his hot slippery shithole. He began stroking it, only much slower than Hank had been fucking. He dropped his legs to the couch and quickly scooted down so the massive organ was dripping over his stomach and chest, the huge balls jumping up and down in their huge sac, one moment puddled on his sweaty belly, the next drawn tightly up into the base of Hank's cock.

"Oh fuck. I can't take it, baby. Pull it off. Go on. Take me off."

"You'll cum when I let you cum, mister. I'm... just... gonna... stroke... it... real... slow... until... you... blow... like... a... fuckin'... whale!"

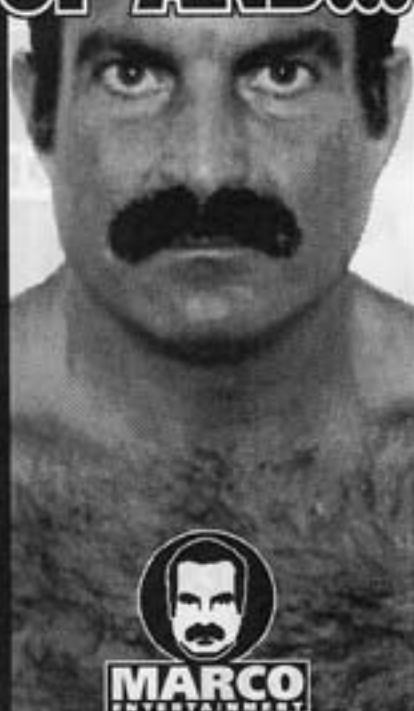

Each stroke brought the huge, shiny plum head into view, and long, clear, syrupy strings of precum drooled out, spilling onto Ronnie's heaving, sweaty chest. Ronnie reached with his outstretched tongue to lap at the head, swirling his tongue deep between the globes of the quivering crown, slurping at the gaping pisshole as it belched lubricant. Stroking, stroking, stroking, slowly, slowly, slowly, watching as the head slowly began to swell, throbbing, throbbing, growing until: "Ooocohhhhh yeeaaahhh, don't fuckin' stop! I'm there, I'm there! I'm... gonna... pop... my goddamn load all over your fuckin' face, you sweet little cocksuckin' boy!" And almost as if in slow motion, the first rope of jizz came spurting out, making a line from the top of Ronnie's forehead, down his nose, over his lips and down his chin and neck and ending on his chest. "Aaahhh yeeaaahhh! Fuck! Fuck! Fuck!" Then another and another followed, each just as thick and gooey as the last, spitting in quick succession. Ronnie slowly stroked the giant cock with both fists, watching as the spurts continued, volley after volley, counting to himself, one, two, three, four, five, six, seven, eight, nine, and then seeing it dwindle to gooey gushes, then dribbles. Taking the massive organ at the base, he milked up the

length and watched as one last wad of ropey spunk plopped  
out the head and landed in the huge, sticky white puddle of  
sperm on his chest.

"Oh, mister. Look at that huge fuckin' load! I gotta taste  
it, feel it all over me!" Ronnie smeared the giant hose in his  
hands around in it, pulled the skin down and began rubbing  
the gooey mess all over his face, slurping the wad of spermy  
foreskin into his mouth like a baby bottle, sucking up the  
sticky, clotted jizz.

Suddenly, Hank surprised him by flipping around and fac-  
ing Ronnie's waving boner. A thick string of spunk dangled  
and stretched from the end of his drooping foreskin, swing-  
ing in the air till it made contact with Ronnie's sticky chest.  
There, looking Ronnie in the face for the first time, was  
the hottest, hairiest, most fuckin' delicious lookin' asshole  
he'd ever seen.

"I ain't never done this to someone else before," Hank  
said, "so tell me if I'm doin' it wrong." He wrapped his fist  
around Ronnie's boner, which was stiffer than it had ever  
been, and began stroking. Ronnie reached up and spread  
the hairy twin globes of Hank's ass and lifted up to sniff at  
the fur encircling the wrinkled, rosy shithole winking at him.  
He ran his nose up and down the hairy crack and slid it into  
the rubbery sphincter.

"What the fuck are you doin' back there, boy? That's my  
dirty asshole yer sniffin' out."

"You've never been rimmed?" Ronnie asked incredulously.

"No, but I think I'm about to. It feels good, so go ahead.  
Rim me."

"Push it out, Hank. Push it out like you're gonna take a  
crap." The rosy hole bloomed open like a flower, and Ronnie  
slid his tongue as deep into the salty, tangy slot as it would go.

"Oh my fuckin' god. That feels great. Oh yeah. Slide  
your tongue around like that. Hoooh fuckin' A, that feels  
hot. Eat me, baby."

Ronnie made an "O" with his lips around the perimeter  
of the swollen shithole as his tongue fucked in and out.  
Then, sucking hard on the whole mouthful, he lifted his  
loins off the couch, riding Hank's stroking hand and letting  
loose with a muffled scream into the depths of Hank's hairy  
ass: "Aaahhhh, yesss! It's my turn, sir! Stroke it! Stroke it!  
Hoooyeahhh. Just... like... that!" His cum flew from the  
head of his bone-hard dick as Hank stroked it, spraying  
steaming ropes of hot jizz all over Hank's chin, throat and  
chest. "Yeah, yeah, oooooohhh, ooooohh, yesssss."

The two of them collapsed in each other's arms, rubbing  
their combined loads all over in the hair on their torsos,  
kissing and laughing.

"Do you have to be anywhere, boy? What I mean is, you  
in a hurry?" Hank asked.

"I live on the street, sir. I got no place to be, in a hurry or  
otherwise. We got the rest of the night, if you want."

"Well, then, what about you stay with me for a while?  
Help me with the wheel? We could really have some fun.  
Whaddaya say, boy? Huh?"

"My name is Ronnie, sir. I'm here for as long as you  
want me." ☺

# MARC

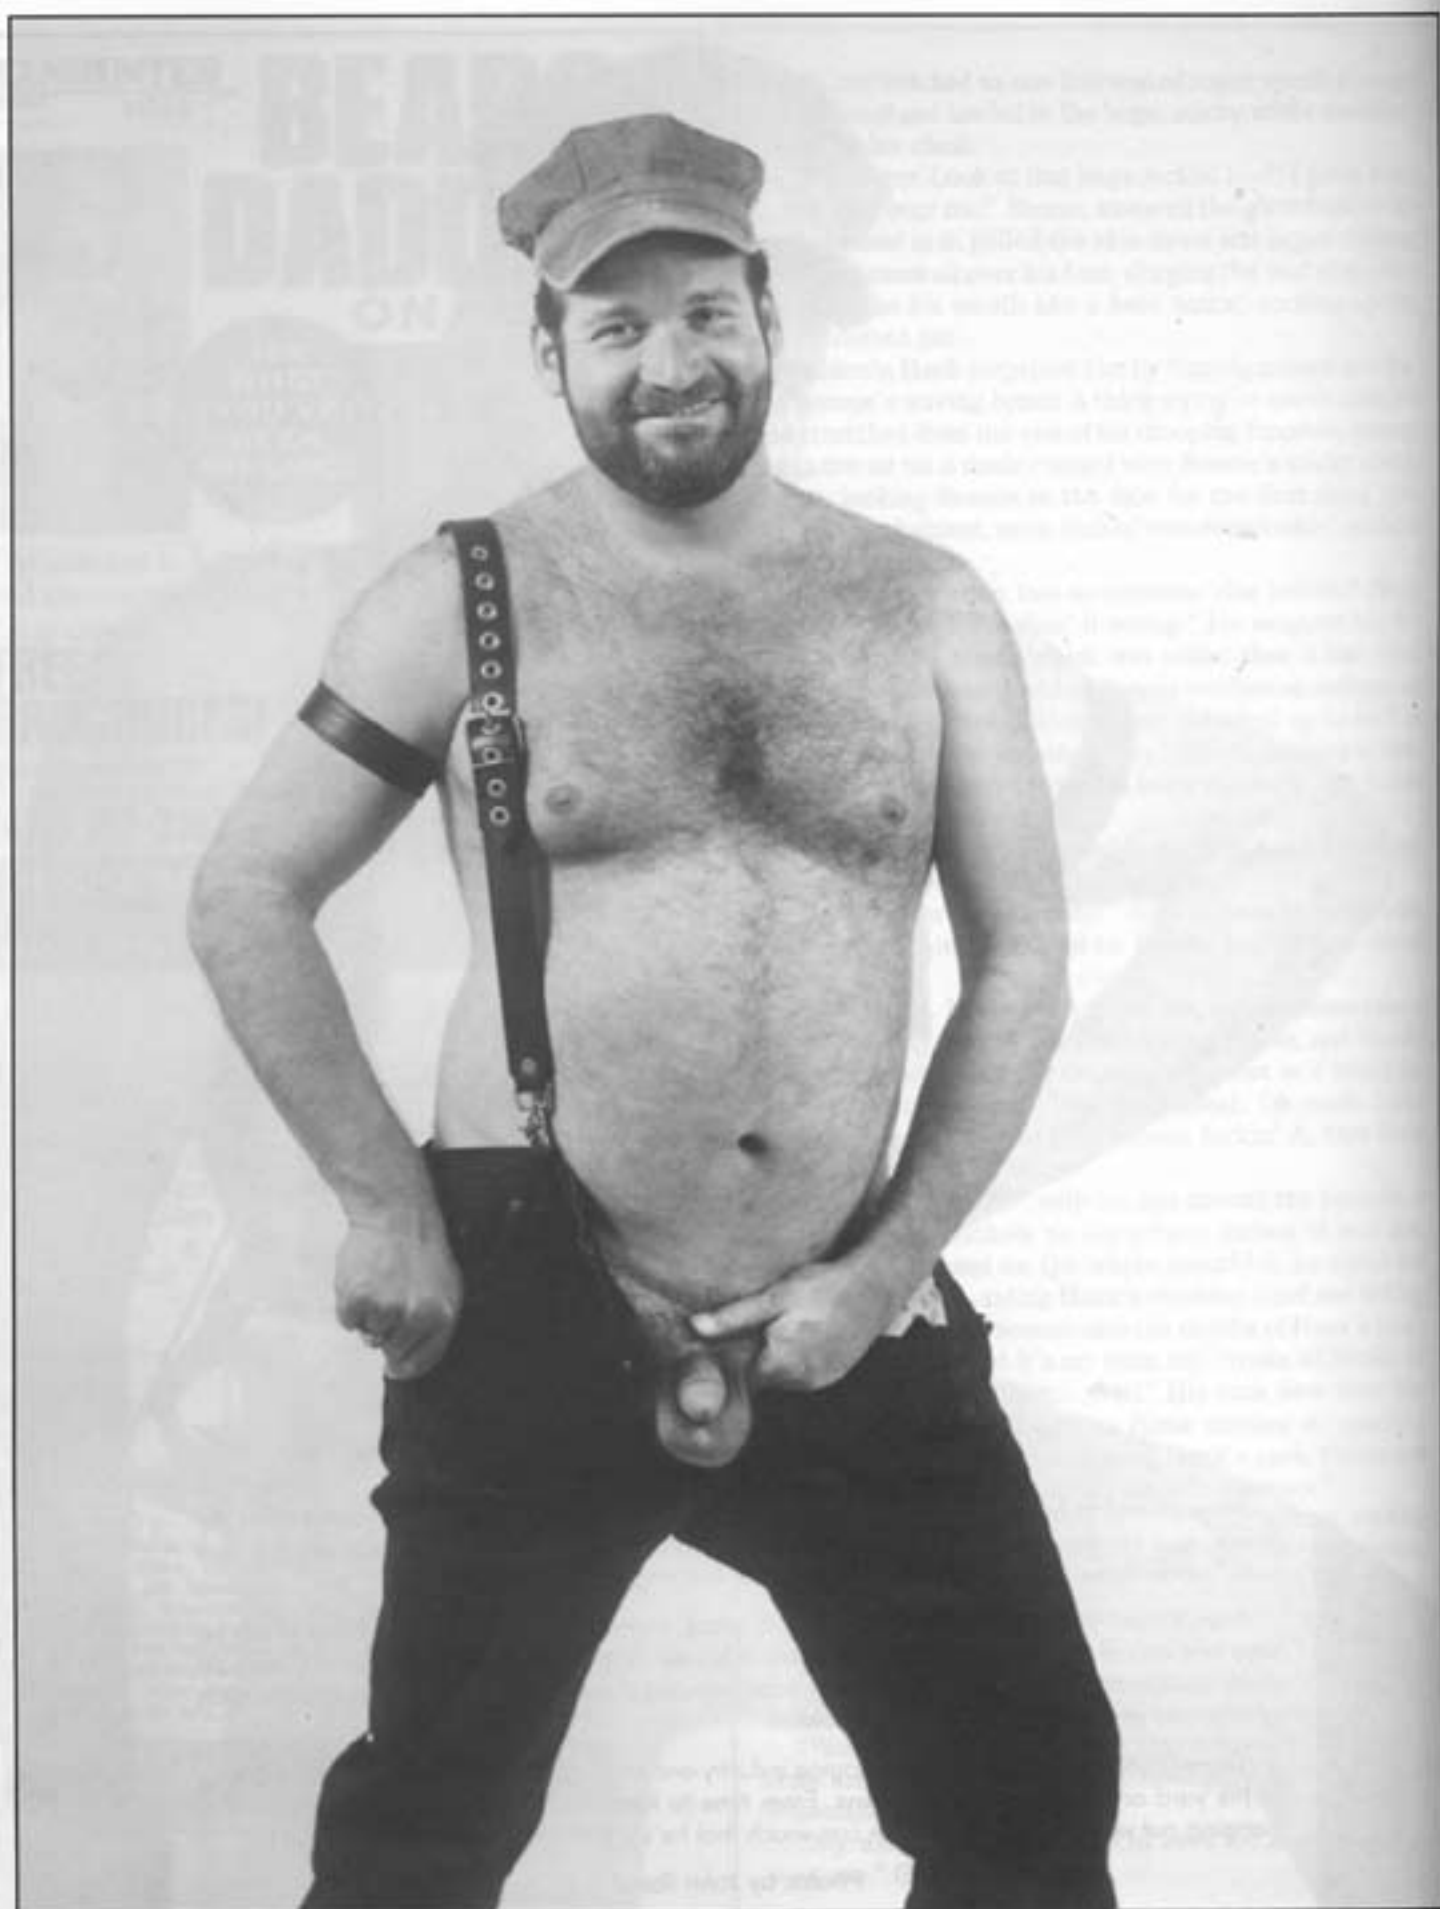

Marc claims to have a wicked tongue with a mind of its own. "I'm most comfortable on my knees, and my ears make great handles." You gettin' the picture here? "You could say I'm very oral," understates this 6-foot-2-inch, 230-pound Los Angeles native.

Marc's lived in Los Angeles for all of his 38 years, except for five years in the Navy which he says was one of the most positive experiences in his life. Signed on to get an education, but said there was great sex to be had as well. We traded knowing stories about the joys of a certain stretch of highway near the Pensacola military bases.

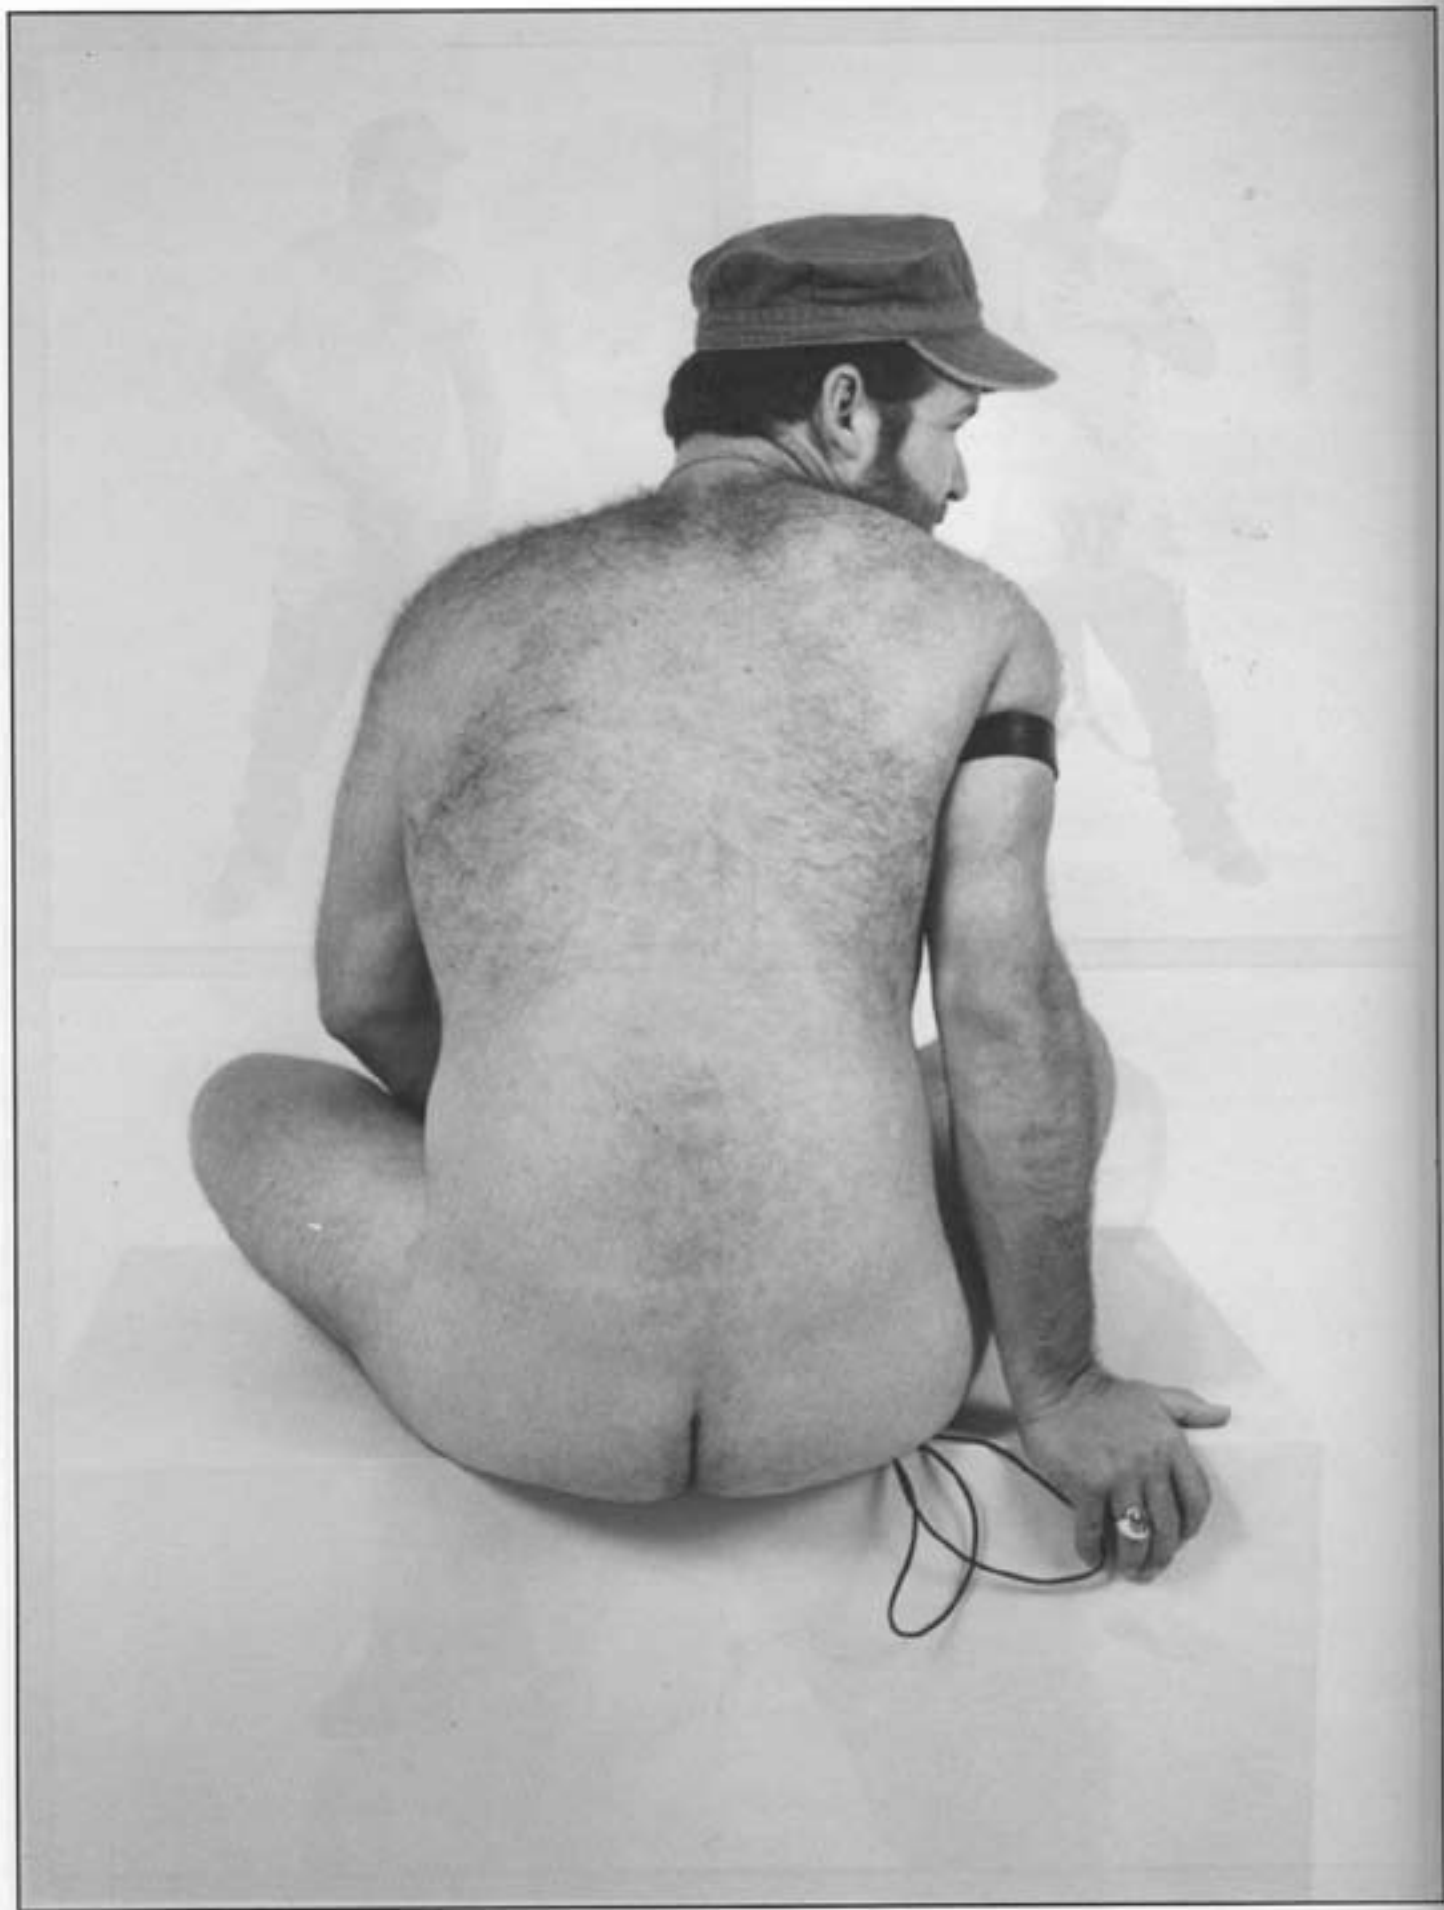

These days, Marc works in the packaging industry and enjoys the outdoors, whether it's working in his yard or hiking in the mountains. From time to time, we catch up with him when we're hanging out with Bears L.A., and we can vouch that he's a genuine nice guy and sexy as hell.

*It All Comes Out in the End*

## German Bears

text and photos  
by Thomas Schwartz

Kölner Bartmänner (Cologne Men with Beards) is a young group, and they have already celebrated 12 "Bear Nights." These events have mostly been closed meetings. Last December, the bearded guys from Cologne decided to turn their main annual meeting into a major European event and rented an old warehouse by the famous Rhine river. The three-day party started with a get-together at the local steam bath, continued at Zipp's (one of the main gay bars in Cologne), and on Saturday, everything was prepared for the "Megaparty."

About 400 men attended the warehouse party. There were men in leather, some even in uniform, but the men in jeans and (mostly plaid) shirts were definitely in the majority. There were a lot of big men around, and men proudly showing off their beards, mustaches, and hairy chests. There was something to cuddle and to get together with almost everywhere. Some men were dancing to the music, others were cuddling with friends.

The main purpose of this evening was to elect Germany's Mr. Bear Cub, Mr. Mustache, Mr. Big Bear, and Mr. Bear.

Mr. German Bear: Gerd.

## German Bear Cubs

Dietmar, a member of Kölner Bartmänner, was the first one onstage. With his heavy, bearish voice, he introduced the young bears. There were several different attractions: One young bear showed that he was able to squeeze a lot into his rubber pants; another covered his goodies only with his underwear. There was also a lot of very promising, bulging meat in tight jeans and leather—some men even completely undressed onstage. They wanted the judges and the audience to know that even their nuts and asscracks were covered with hair. This turned the audience on. The men not able to stand the "high pressure" joined the guys in the adjacent backroom to explore one another's hairy bodies in detail. Most men, however, were actually following the contest.

A young bear with a pierced nose opened his jeans to show what he had to offer. Encouraged by this act, other men showed

their goods. Kim, a 30-year-old, bearded, leather guy from Marburg was elected as Mr. Bear Cub. He was as excited as the audience, and we hope to see more of this guy in the future.

## Well-Equipped Mustache Bear

Then it was time for the men with mustaches. There were two Freddie Mercury impersonators onstage and hearing the music of the late lead-singer for Queen awoke a lot of memories. The audience was drawn to the hairy chest—and tight jeans—of Thorsten from Leather Club Stuttgart. Thorsten's well-known in the area and has a great mustache. That night, he was wearing his equipment on the right side... of course. Thorsten was a real winner with the crowd—and winner of the Mr. Mustache title.

## Big Bear's Reverse-Strip

Bears, beards, or big bears—for men new to the bear community, it can be difficult to understand what's up. Does a bear have to be muscular? Should he be big, thick? Or is it sufficient to have a beard or mustache? Is it enough to simply be hairy? Or is a bear just a man you can cuddle? The audience didn't care to discuss this—we preferred looking at the men onstage.

The first contestant competing for the title of Mr. Big Bear wore a small, white jockstrap that hardly covered his nuts. He began to strip immediately—in reverse. Accompanied by disco music, the big man began putting on his clothes: plaid shirt, army pants, and boots. The reverse-strip was a hit with the audience. As the big man finally buttoned up the fly of his pants, several men had made their choice. Another contestant fought with a pair of boxer shorts decorated with

The 1996 German Titleholders: (l to r) Kim, Bear Cub; Ralph, Mr. Big Bear; Thorsten, Mr. Mustache.

small bears. The big man's dick kept falling out of the fly of his thin shorts the whole time. The winner of the Mr. Big Bear title was Big Ralph, who performed the innovative strip.

### Cuddly Mr. Bear

The final category was Mr. Bear. Men from the other categories had a second chance to win a title, plus some new faces turned up onstage as well. All the men did their best for this part of the contest, since first-prize was a trip to San Francisco. At this point, the contest was running late into the night, and the men in the audience were getting turned on by the presentation onstage. Finally a small, friendly guy in jeans named Gerd was selected as the winner of Mr. Bear. The audience had trouble understanding his strong Bavarian accent, but they didn't care, they wanted to see more. The bearded Gerd continued to tell his strange story onstage, then finally received his prize. Now, he can fly to San Francisco and meet some American bears.

### Even More German Bears

The Kölner Bartmänner made their first open party a success. Unfortunately, this reporter wasn't able to properly test the backroom—the morning was approaching, and somebody has to take care of the local gay press. There will certainly be other opportunities to get together with some German bears. And, perhaps also with the blond, mustached man in the carpenter's outfit, or the guy in jeans with the bulge on the right side, and then the really hairy guy... We look forward to the next meeting of the German bears. Until then, "Woof!" "Growl!" hugs, and more from the friendly bears of Europe.

### Bears LA Knows How to Pick 'Em

This past January, BEAR headed down to Los Angeles for the second annual Mr. Southern California Bear contest. Memories of last year's contest still lingered: the overcrowded Faultline, the driving rain that forced everyone to cram under cover on the Faultline patio, and the subsequent gropes and grinds. None of that stopped the judges from picking a title-worthy dude—who later went on to win the 1996 Mr. International Bear title.

This year, Bears LA chose an inside site for its contest: the big, open and comfortable Hollywood Moguls. Now, contests are not my favorite events in the world, but I do find them a great excuse to get a whole bunch of guys I want to fuck together in one room. And they usually help raise some significant money for charity as well. Bears LA chose Homestead Hospice, a shelter service for PWAs, as the recipient of funds raised at this year's competition.

It was a big-time event with comedians (the very un-bearlike Michael Rasky stole the show), singers, and 10 contestants showing it off and waxing eloquent over the meaning of bear-ness. When all was said and done, Steve Blanscet walked away with the top honor. Last year's Mr. Southern California Bear (and then-current Mr. International Bear) Will Pettite, handed his title over to Blanscet—a scene we would see repeated just a few weeks later.

The weekend drew to a close with Sunday's impromptu dim sum brunch, which was followed by a crowded Bears LA beer bust and charity auction at the Faultline. We had sunny weather this time, but, I'll be damned, there was still plenty of groping and grinding on that Faultline patio.

### International Bear Rendezvous '96

To give you a complete rundown and review of the International Bear Rendezvous 1996 weekend would be pointless. It was outta fuckin' control. Not to say that the event wasn't orderly and well-organized (Bears of San Francisco, the group hosting the weekend, should hire itself out as a professional event-planner!), but the South of Market area was transformed into a dizzying blur of fur and flannel wherever you went over President's Day weekend. For those of us into this bear thing, it was the time to be in San Francisco.

It didn't matter where you chose to hang out. The Lone Star had lines all weekend long, the BEAR store was a zoo (we filled two new bulletin boards with fine photos of furry faces), and the Ramada Hotel-Civic Center made for an excellent home base. There were banquets, buffets, entertainers, beer busts, pub crawls, brunches, vendor booths, auctions, and the big kahuna—the International Mr. Bear competition.

The title of 1996 International Bear Cub was awarded to Joe Parker of Austin, Texas; Sean Minogue of National City, California, garnered the 1996 International Daddy Bear title;

Amsterdam's Jacques Zonne merited the title of 1996 International Grizzly Bear; and, in a moment of déjà vu, last year's Mr. International Bear Will Pettite passed his title on to Steve Blanscet, the judges' choice for 1996 Mr. International Bear. ☐
