MICHAEL

We saw some pictures of Michael here dressed up in military fatigues for Halloween, and said to a buddy of his who worked here at the time, "Get him." He was photographed by Celtcub (who writes "Hunfin' Pecker"), and they're pretty good buds, as you can see in these pictures. Michael really got into the spirit of the photo shoot, pushin' his big hairy chest out and working his dick, all the while giving up his best "tough guy" sneer for the camera. Enjoy.

BEAR . 9

It time again to point and click our way into the bear-friendly places on the World Wide Web. Now if you gotta get off quick, point that sucker to Male Pics Hairy Page (www.malepics.com/members/bears/) and grab the handful of naked hairy hunks you'll find there! That should keep you simmering for a while.

Now, there's nothing sexier than seeing a man's chest totally covered in thick fur, and the Webmaster at the Fur Page understands this. His site contains a bounty of shots, both amateur and commercial, that show nothing but hairy chests and great pecs. You'll find them at members.aol.com/rick408/furt.html. I think you'll enjoy this site. Despite AOL's insistence that dick be kept off of member homepages, the men here are just plain shaggable.

Another site that's full of fur is The REAL Hairy Chest Page (http://www.geocities.com/WestHollywoood/Village/3757/). Again, another site featuring no dicks (due to GeoCities this time, same rule), but plenty of hair, and lots of different pics! This site features a guy named Apeman who is hands down the furriest thing I've ever seen. Take the time and go here. You'll thank me.

If you've got a few hours to kill, try going to The Great Bear Links (http://www.geocities.com/WestHollywood/Heights/5634/bear.html). You'll find a lot of really useful links for information, but you'll also find an Internet pastime called The Bear Roulette and Bear Slots. These sites randomize different bear sites and let you randomly visit as many as you can handle. A lot of these sites feature really hot men, and if you play your cards right, you may

FREE FUR ALL

find someone in your own neck of the world wide woods who is looking for a bear of his own to snuggle and shag with! Just be forewarned, you could get lost, not to mention rubbing yourself raw, with this thing!!

Resources For Bears (http://www.skepsis.com/gblo/BEARS/) is another "info" site that has a few added goodies and hidden nakedness. Be sure and sign up for the Bears Mailing List, which can be found on this links page.

Bears Mailing List (http://www.queernet.org/bml/) has their own page,

and it's been one of the strongest forces in the Net Bears movement. If you aren't sure how a mailing list works, please read up on it before jumping in head first!

If you're gonna use these two services, you might want to check out The National Bear Classification System (http://www.skepsis.com/gblo/BEARS/NBCS/) and learn it or keep it handy. A lot of the bears out there use this as a way to quickly share information about themselves, and likewise, look for what they want in other bears! Know your code! (Just for the record, mine looks something like this: B2 f-t++ w c+ g+ r+ p+). I'll let you figure that one out yourself.

If you're a fan of The Wittke Wire, and like to keep up with the flurry of munchable men in media, check out Fur On Film (http://www.geocities.com/WestHollywood/8069/) and see where you can see your favorite furry superstars taking it off and giving you a peek. You could use this list and your VCR to keep your local movie rental place in business for months to come!

And last but certainly not least, you can always point and click yourself over to Brush Creek Media's very own Website (www.brushcreek.com) and grab a few images of our very own furry fellows. You can also find this document in a hypertext version, so you don't have to type in all these links by hand!

RALPH'S CREATOR

Thank you for the space you give to "Ralph" in BEAR. I have to say, that's a dream come true for me. And, what a surprise that "The Succession" book was included in the 1999 Brush Creek Media catalog! Thank you, thank you, thank you!

I hope BEAR goes back to color soon. I really enjoyed #50, but #49 and #51 both have a very special place in my hand job material, also. Keep up the good work, my friend.

Rolando Mexico

Thanks back at you buddy. Ralph is simply the hottest comic strip I have ever seen, and it's my pleasure, literally, to put it in BEAR.

LAZY BEAR

Congrats guys. The new website is incredible! I love it! I was so worth the wait. Now, I can order all the great stuff online. I love BEAR. I can't think of the words that will tell you how much I love you guys for giving me these grrreat bears! I finally received my new subscription, starting with issue 51. How do I sign up to go to Lazy Bear Weekend 99? The pics of all of those hot guys just make me want to fly out there now! Where do you find all those hot men? You must grow them yourselves, 'cause we sure as hell don't have any like that on Long Island.

Dave Long Island

Best way to find out about Lazy Bear weekend is to email Harry of "Castrobear Presents...." He can be reached at castrobear@aol.com, or you can drop him a note here at BEAR and I'll see that he gets it. He's the man behind

LETTERS TO BEAR

the motor of Lazy Bear Weekend, and I'm sure he's probably knee-deep in organizational stuff for this year's event.

By the way - we do grow those men here. We extract DNA samples from comrags left over from photo and video shoots, and then we fill in the missing strends with Sasquetch fur. Don't tell anybody though.

MARK!

Oh my god! The guy named Mark who graced the cover of BEAR 51 is the guy of my dreams! The shot of him sniffing his jockstrup is beyond words and the close-up on page 11; I just adore his goatee. Where does Mark live. Is he single? Top? I'm not a bear, but I want one really bad. God, he gives me chills, and I'd like to give him something in return.

Allen Floride I can't tell you if Mark is single or top but you can ask him yourself! On page 13, there are instructions for writing to models who appear in BEAR. Good luck, buddy!

RAY RULES

Just had to drop you a note of thanks for a great magazine. You rule. And to say that your model, Ray, on page 77 of BEARS1 (modeling the Bear Tank Top) is hot, hot, hot. Woof! Any chance we might see "more" of him in the future? Any chance of contacting him directly?

Ben Boston

Ray ruled here. Now Ray rules farther up north. You see, he used to work here in the shop, on a couple of other Brush Creek Media publications—Powerplay and International Leatherman. But, about a month age, he broke our hearts when he upped and moved away with that great-lookin' Mark guy (who he shared modeling duties with in BEAR 51 and shares his life with the rest of the time). We miss both of 'em lots

As far as contacting Ray directly, drop him a note here, and I'll forward it to him for you, but you gotto include S1 for forwarding!

WOOF!

BEAR 52 was fantastic. On the cover, "woof." concerning cover man Spence really should have been WOOF! I am sure he will soon be equated with the other isons like Jack Rodcliffe and Buster. And then to add Carl into the mix. That man can't possibly be legal!

"Merry Christmas from Dad" was, in my opinion, a terrible disappointment. I con't imagine a bear-man getting off on puffing on a stagie, shaving off all the fur his father and grandfather proudly gave to him through their genes, and sucking his own cock. I am very adamontly

Wouldn't you love to lick 'em? From left to right: Mark (BEAR 51), Mark, (BEAR 52), Carl, (BEAR 52), Spence, (BEAR 52)

against smoking (personal choice). I can't suck my own cock, since I was not endowed enough to do so, nor flexible enough to get down there.

Final thought. Can you imagine Jeck, Buster, Sperce, Matt, Mason and maybe Carl all in a no-holds-barred video? I know... those kinds of thoughts are illegal, aren't they? So arrest me, already. Better yet, have one of them arrest me.

Jerry Florida

OK. So I would say that I forgot to hit the "cops lock" button on the "woof" word, but actually it was intentional... more of a gutteral, lust-induced, from the bottom of yer gut "woof." than one of those loud, screaming, across-the-bar-at-anything-hairy-that-moves "WOOF!"s.

Anyway, enough about wool. How about if I have the whole bunch of 'om come over dressed up in S.W.A.I. gear and rough the shit out of ya? While big Carl's pluggin' yer butt with that monster tool of his, Jack & Buster will tag-team your mouth while Spence works his own oral macic on your fuckpole.

Sorry you didn't care for "Merry Christmes from Dad," but I'm glad you're renewing your subscription! I figured that story might ruffle a few feethers, and I've received a couple of letters like yours. Nice thing about body hair, though - it grows back!

HOW TO WRITE TO MEN WHO APPEAR IN BEAR:

- Write your letter. Nake it personal and frank. Let them know how much you got off on their pictures. They like that sort of stuff. Wouldn't you?
- 2. Stick your letter into an envelope.
- 3 Seel it, so we can't read it. Or we will.
- 4. Write the model's name and the issue of BEAR they appeared in on the envelope. (For example: Kyle Ross, Classic BEAR 2)
- 5. Fut the envelope and \$1 (for forwarding) into another envelope.
- 6. Seal it.
- 7. Address it to Brush Creek Media, Inc., 2215-R Market Street, #148, San Francisco, CA 94114.
- 8. Wait for an enswer. We'll forward your letter for you, but we can't guarantee that you'll get a response from every model you write to. After all, not enery guy who appears in BEAR is looking for a relationship, luck-buddy or pen-pel. Write to models to show your appreciation for what they've shared, and be open and honest about your expectations.

Good lock and happy hunting!

the wittke wire

How many times in my life am I going to have to relearn variations on the same lessons? How many times have I declared my opinion on a particular subject with the knowledge that this opinion on this topic is completely unchangeable and then time goes by and I have the dawning realization that my opinion has, in fact, changed? It can be so embarrassing sometimes, especially if you've been vocal with your original assertions and you realize you're going to have to publicly own up to the fact that even though you spoke as if your opinion should have been carved in granite, it probably should just have been written in sand along the shoreline shortly before high tide.

Enter The Dukester, my current #1
Crush. This strapping Texan appears out
of the fog during one of the more chaotic
personal and emotional periods of my recent life and, anonymous encounters of a
sexual nature notwithstanding, one of the
things that I am absolutely not open to is
any sort of involvement with a man. Even
one as handsome as The Dukester. But,
of course, the handsomeness catches my

eye and I say "Oh my," and I get to know him and my long-frozen heart begins to thaw and before I know it I am completely crushed out. I mean, I believe that we choose or not to play the cards we've been dealt, but I never even noticed that I had sat down at the card table before I was heels over head in the middle of the game, if you get my meaning.

"What does this have to do with a Men in Media column?" you might be asking yourself unless you give a crap about my personal life, which you probably don't, but here's where the hook comes in: The Dukester shaves his chest. Can you believe it? I never thought I'd hear myself say this but I don't care! No, it's even stronger than that: he likes his chest shaved, I like him, I like his chest shaved. Phew! I feel better getting it out like that. Let me tell first time readers of this column that this development is kind of a big deal. I can't even count the ways in which I have railed against shaved chests in this column in the past.

I have booed Anthony LaPaglia (my #3 Crush) for sometimes shaving his chest, even though the fact of his shavedness or furriness has had no real bearing (pun intended) on his performances. I've done the same thing to Chaz Palminteri (my #4 Crush), who incidentally looks as sexy as ever in the previews for Hurlyburly, a film I will go see even though the misogyny of the script will probably be unbearable (pun not intended). And let's face it, for a guy

DIRTY & SWEET

Thanks for getting my magazine to me on time, and a great big thanks for putting Spence on the cover as well as the first layout. You know how to pick your men! And, by placing the word "wool" on the cover by his face, y'all were damned right! I had other words running through my mind, like... well, that's too much info for everyone.

To the now editor, that was really sweet of you to tell all of your readers how you feel about your life partner, that was sweet and touching. Not only are you a lucky man, he is too, to have someone like you in his life. That was just too sweet!!!

AS Mississippi

I do know how to pick 'em, as everyone who has met my other half knows. I'm the lucky one. He's too special for words, and I make a point to let him know every day how special he is to me.

Thanks for your kind words.

MARK & GREG

I just got BEAR 52 and couldn't wait to got home, throw my dothes off, and lube my manhood until I gushed. Granted, Spence and Jacob are extraordinary, but Mark is beyond words. That smile. That tool. Those eyes. Those muscles. Those high cheekbones. Those nipples. That hair. All that luscious, thick, warm, ursine

hcir. He could do anything he wanted with me, as long as I could run my fingers through all that fur. When he would cum, I'd better be wearing asbestos, 'cause his cum is no doubt scalding hot. Even though it's too late for 1999, you guys have got to put him in your next calendar—hell, make a movie about him!

By the way, who's the drop dead gargeous bear on the bottom left corner of p. 27 of the catalog?

Nore, more, more, more of the same! BC Hopkins Illinois

I'll keep Mark in mind when we start production on our next calendar. Glad you liked him.

That handsome bruiser on page 27 of the catalog is our buddy Greg. (I call him "Mmmm... Greg.") He was in BEAR 22, and again in Classic Bear #2 and he's one of my personal top five favorite BEAR guys.

LOVIN' OTTER

E-Mail

It's always amazing to me what readers embrace about each issue of BEAR. More often than not, it's a model. Sametimes it's a piece of fiction. And sometimes it's something like that silly OTTER cover I made up (Write to Papa, BEAR 52). The mail I've gotten about that damed thing! Is there a subculture called "beavers?" I've got an idea already... (3)

the wittke wire

who's taken such an anti-shaving stance, I have obviously avoided commenting on the fact that my beloved Alec Baldwin (#2 Crush) most likely trims that gorgeous pelt of his. Or do you think that hair pattern could possibly be natural?

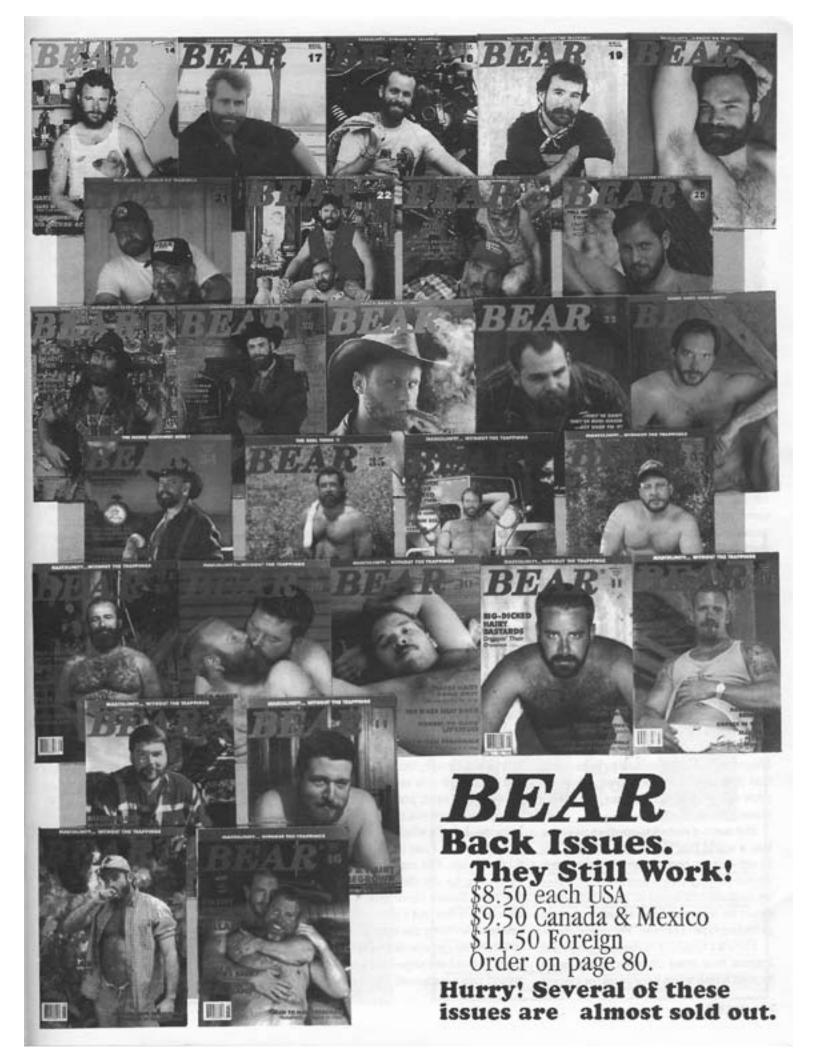

So I find myself on an increasing trajectory of intimacy with The Dukester, who is not an actor/celebrity but a real person whom I have actually kissed (a lot) and who happens to shave his pecs. This affords me the opportunity to ask him why he does it, hoping it's not "because everybody does," and it isn't. The Dukester tells me, "I don't have very much hair on my chest anyway and what is there is too gray." It's that simple. I'm glad he doesn't mind the gray in the hair on his head, or in his salt and pepper goatee, or his snow white beard when he lets the full package grow in, because I think it's all sexy as hell. And I'm not going to lie to you and tell you I don't love absent-mindedly twisting the hair

on his thighs and forearms and crotch between my thumb and forefinger now and
again. But if The Dukester wanted to hang
by his toes and dip himself head-first in a
vat of Nair because it made him happy, I
would support him all the way. I never
thought I would come to see this issue
that way, but that should be the bottom
line: do what you want because it makes
you happy and give others a little room
for their own happiness. Alanis Morrisette
was right: you live, you learn.

Luckily for your WittkeWire reporter, The Dukester is also a bear afficionado who's been pointing me in the
direction of some films I've never seen,
like Ken Russell's Tchaikovsky bio, The
Music Lovers (1970). Described by
Russell as a "love story between a homosexual and a hymphomaniac," The
Music Lovers made me sad for a couple
of reasons: that movies don't really
seem to try anymore, they don't take
time to tell their stories, to develop

characters or to handle complex plots. And it also made me sad that Richard Chamberlain was excellent in his portrayal of Tchaikovsky in all his bearded/furry, sexually conflicted glory, which reminded me that there was once a time when this gifted actor was not considered the punchline to a joke about television miniseries.

Finally, The Dukester pointed me in the direction of an obscure actor named Terry Jastrow, who wrote an early-'80s film called Waltz Across Texas that he co-starred in with his wife, Anne Archer. I haven't located the movie yet, but it is available on video and The Dukester's enthusiasm for Jastrow aside, Hoved its plot description on the E! Entertainment Website: "A gritty Texas oil man and a lovely geologist clash wills as they both hunt for deposits of Texas crude." Fillet you know more about Terry Jastrow if I ever uncover the video, but I can certainly vouch for those gritty Texans! ©

It's a sappy, quasi country/western song by Cheryl Wheeler that gets me going: "I Was Driving Home". Downright purdy tune, too. It's about leaving the big grown-up city to go-in her case-back down South. To be driving home, I was spackling my downstairs bathroom when the song came on the boombox and I got all teary and sad.

Me! The bastion of manly detachment! For me to go home it's hardly The South, unless you count south of Sea-Tac Airport, which is just about as culturally dismal as the deep South. But driving home is not a neutral experience for most grownups, and definitely not for those of us of the cock-suckin' variety. Maybe you can never really go back home again. Maybe your home's not there anymore.

Maybe you'd just get your butt shot off if you tried.

But my theory, about which I'm certain you care deeply, is that part of gay culture is based upon blowing up our bridges behind us. Gay men come out in an explosion of drag queens, drugs, bathhouses, fisting, SM, Sylvester the Disco Diva. To come out is to burn our library card of youth in effigy. (God, I'm so fuckin' dramatic!) Gay humor is based on the highest possible shock value: you know it's the homos who come up with dead baby and Princess Diana jokes.

Do we do that on purpose? To make sure we CAN'T go home again?

We'll show them.

They failed us, you know, just when we needed them the most. You and me had to learn to lie by the time we were four. With no one even to tell us how. There should be a video each gay kid gets- it has Grizzly Adams, or Steve Austin, or Magnum, Pl, telling us how to behave and that it'll be OK and that yes, when we grow up, we'll be able to snuggle up with someone just like them.

But most of us had to go off on our own, into a world that's not very... homey. We lit out-or got booted out. Far from home we set our hair on fire and shoved cocaine up each other's asses to make sure we'd never be confused for a straight, normal, parenting type of person. For one of them.

Here's a mini test to demonstrate what I mean: how many changes do you make to your house when your mom (or closest

Life Lessons by Luke

Driving Home

living facsimile) comes to visit? Any pictures get taken down? Strange shower attachments unscrewed?

What sort of sex education would your father get if, while you're at the grocery store, HE answered your phone with a gruff, manly, paternal, grizzly, sexy (oops... wrong column) "hello?"

There've been a couple of times at work when I'm strapped into a jumpseat and something goes wrong with the airplane. Not exactly flames and screaming children, but things can get scary for an instant-for just a flash-but it's long enough that you wonder if this is "it." Just as quickly, though, things go back to normal again and you've only got a racing pulse and some pretty fundamental thoughts to keep you company. When that happens, I don't wind up thinking about that great trick I just had on my layover. I think of home. The real, 1967 home where I learnt to tie my shoes and to pee in a real toity. Before there was such a thing as selling dildos and a need to lie or hide, before unlearning the toity business so I could pee into someone's mouth. And certainly before I developed the need to strap myself into a jumpscat.

That's what I'm talking about here. Any grudges out there?

Before I sound like a bad Cat Steven's song (OH NO, TOO LATE!!!), lemme get back to the point: It's just a lot of people living on a planet, we got love and blankets and the smell of grandma cooking breakfast. But no, you got to be all attitude. You got to be all nipple-ringed and tattooed, listening to Pizzicato-Five at seven a.m., and your breakfast now smells of a Met-Rx shake mixed by the light of the refrigerator door. Is it enough?

Going back up to Seattle to visit the family can be a real headtrip, but it's a good one. The sisters have kids, my close straight female human friends have kids-I even wound up spending a few hours helping out at a daycare center in a trashy sub-suburb (Midway, Washington, Never go there). How removed could I possibly get from the nasty things I'd been doing the few days before? I breeze in, the wierd uncle who lives in California, why ISN'T

he married anyway?

There's the valuable technique of bringing your old home and family up to speed on your life as a successfully depraved homosexual. If they love you, they'll understand. But sometimes it's just not the same. The other day in the Castro two Little Old Ladies were sitting next to me waiting for the bus, talking about the weather and their divertacolitis and one of 'em's grandson ("he works in computers") when the other old woman made the comment "There sure are a lot of men out in full leather today."

Just takes all the fun out of it!

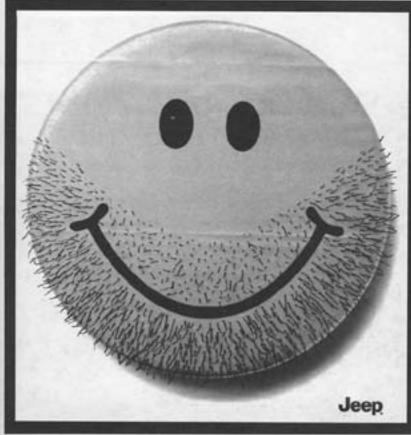

No matter what, obviously, you get to make a damned good grownup home for yourself. There can be some wonderful homeyness for you ahead. Making good friends, that sort of thing. Especially if there's no way you can get back to whatever home you used to have.

I hope your grownup home includes dogs and cats, though, 'cuz, you wanna hear a secret? Queers don't reproduce. We can't move forward to find where we began. It's behind us-whatever remains of it.

Go home. Build bridges. If you can.

What the hell? Worst thing is, you can scare the hell out of people who used to scare the hell out of you. @

James from Illinois sent us this little ditty; an ad for Jeep (the official pace car of the gay movement?) in Rolling Stone Magazine, along with a note that says, "Is it just me, or is the thing cuter with a beard?" Yeah... he's cuter. I have problems with yellow penises though, so I'm gonna have to throw him back. Thanks, James!

Where not to shop in the Castro ...

Check this out. Here are a couple of slick new promotional codes for a recentlyopened hair-removal business in gay ground zero, the Costro district right here in San Francisco. Coal thing is, it's right next door to a favorite heiry-guy sidewalk coffee place, where we gother regularly to talk about trucks & tricks & tools &... well, recipes. Rumors of drive-by growlings abound.

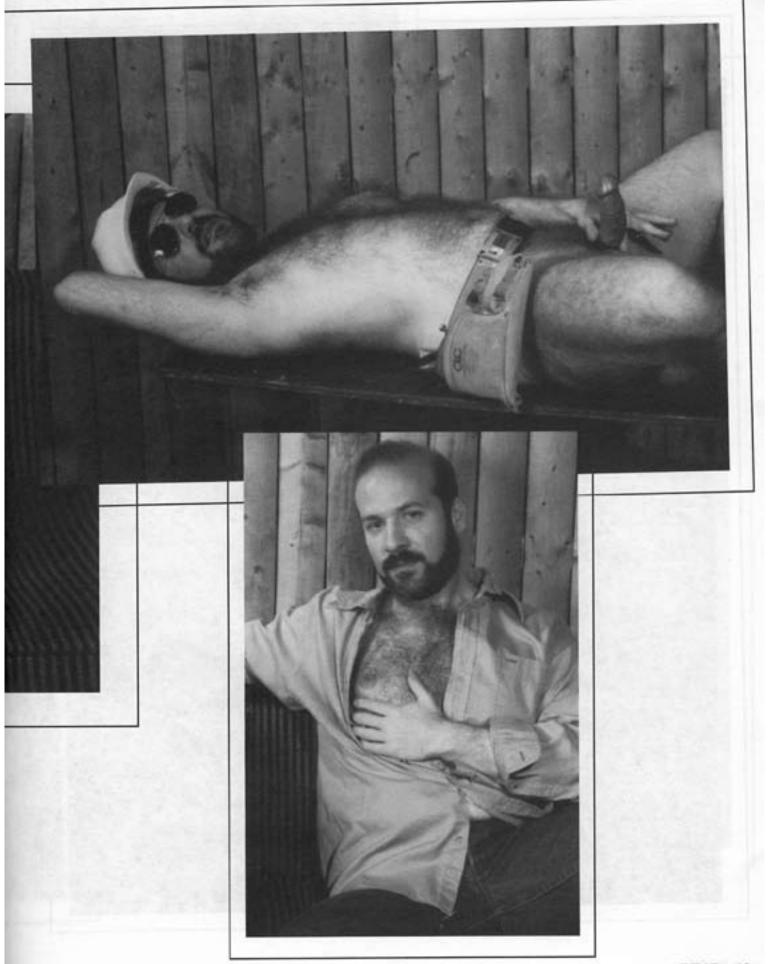

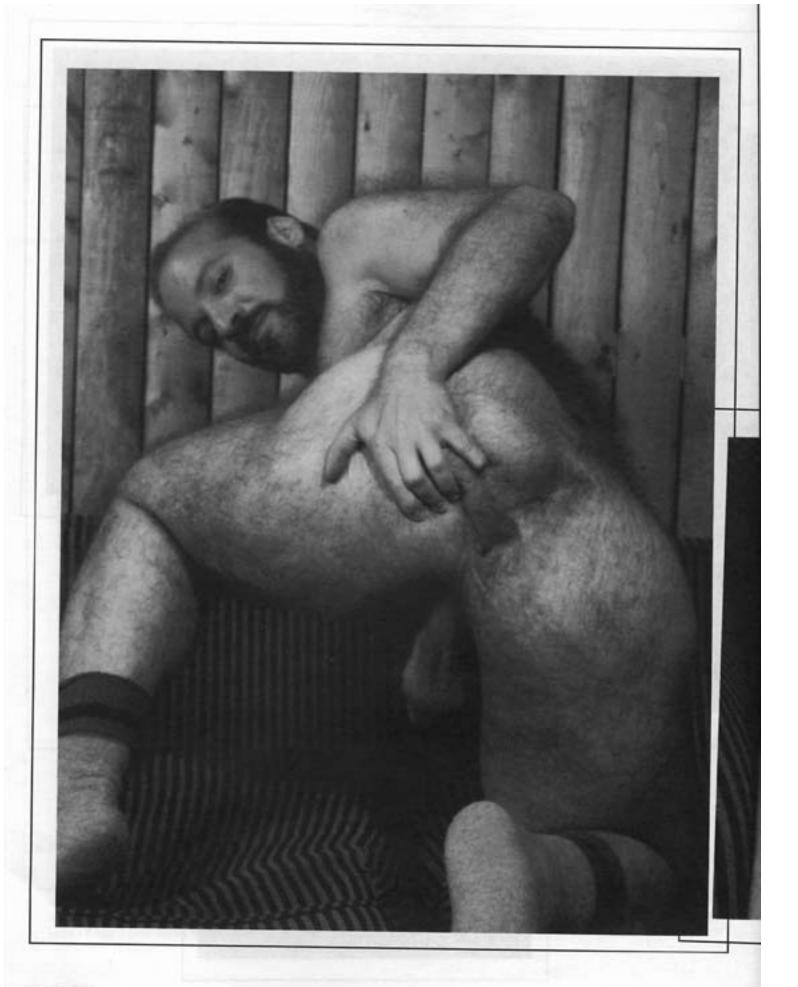

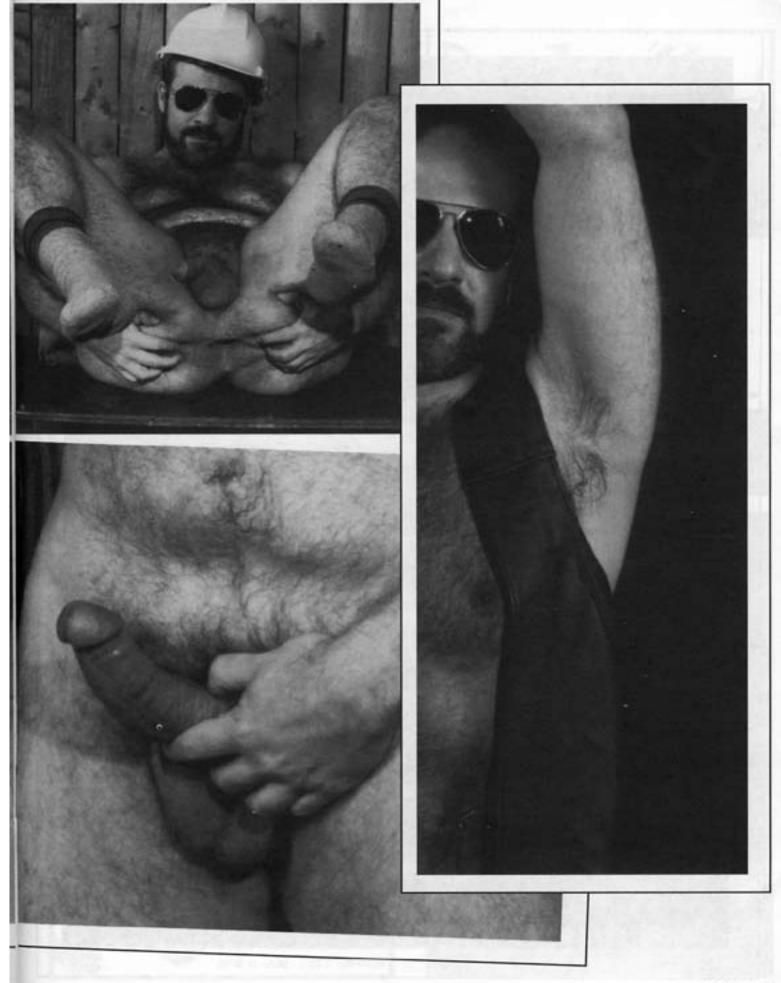

DAVID

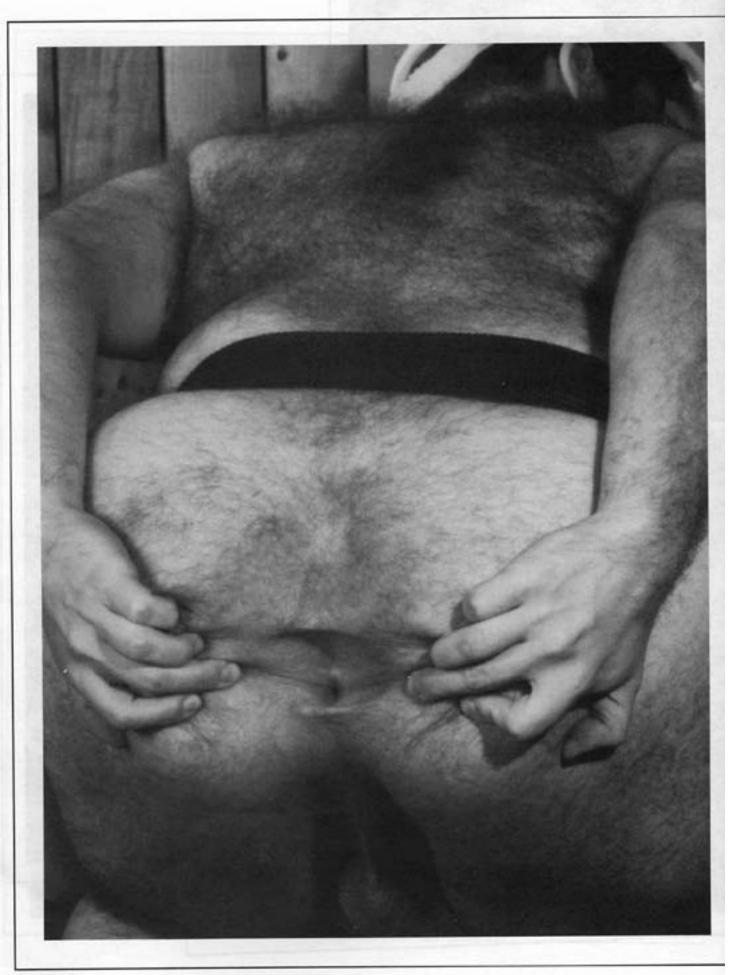

Photography by Voltage Studios

David's quite the show-off. And we're not talking the occassional dick-wag in front of an open window. He's into public displays. On the street. In the subway. The first pictures he sent to us were of him jerking off in the middle of a sidewalk in what looked like Manhattan. Trouble was, we couldn't find a photographer willing to trade his freedom for a good photo shoot in the New York subway system. This is a little tamer. But you get the idea. Give you three guesses (and I'll bet it only takes one) to figure out what his favorite body part is.

bear bottom boy

We met online, and it was an instant attraction. We traded pictures, and I was intrigued by his boyish good looks, and the way he smiled through a new goatee. I knew I wanted him. In chatting he told me he wanted me, too, so it was just a matter of how and when. His name was Chuck, not Charles, and he looked like a Chuck should look, a real nice kid, but you could read his face, and it said BOY.

As we lived so far apart, it took a while for him to arrange a weekend vacation that brought him to Washington, but it finally happened. We made plans to meet in the bar of the hotel where he was
staying after I got off work. When I walked in I saw him. He saw me
and smiled, and there it was, the same smile that had so attracted
me months before. He looked so handsome in a pair of pleated
chinos and a motorcycle jacket, open to let his chest fur show, like
a preppy on the edge of bear-hood. I was wearing my black jeans
and had my black T-shirt covered by a plaid shirt and leather vest,
and of course, I was wearing my boots. We shook hands and sat at
the bar and had a beer, but we were itching to do more than we
could in public. Besides, this bar was not cigar-friendly, and we
were both lovers of the Leaf, and needed to go smoke a cigar.

We went up to his room, and in the elevator I had a chance to slip my arm around him and give him a hug. I could tell he was dying to do much more, but he was holding himself back, afraid someone might see.

When we got to the room, I wasted no time; I grabbed him and gave him a kiss and hug and grope. He was still nervous, not sure what to do or who goes first. I told him to relax and go with the flow. We were in no hurry, so we could just enjoy finally being with each other.

I opened up my travel humidor and spread out the cigars I had selected. I had picked out a pair of Maduro Casa Blanca Magnums for us to smoke during sex, and some Montecristo #2 Torpedos for afterwards. I had asked Chuck to have a six-pack of beer for us, and he did. I had my cigar cutter and micro-torch, so I was prepared. I got the two Magnums cut while Chuck popped us a couple of beers. When he gave me my beer, I gave him his cigar. I showed him how my micro torch worked, so he could light our cigars. During all of this I was feeling him up all over, and he seemed to be relaxing and enjoying it.

After I got my cigar going good I took off my vest and plaid shirt, and sat down in the chair. Chuck sat on the floor beside me. We both drank and smoked for a while, looking at each other "Well, son, you and I talked about this day for a long time, and now it's finally here" I said, through a cloud of blue smoke. Chuck took a drag and let it out long and slow.

"Yes Sir," he replied.

'I think it's time we got you to work, son,' I said, unzipping my pants. The moment I had my hand on my zipper, that boy was between my legs. He got my cock out and caressed it and looked up at me as I puffed contentedly. "Can I suck your dick?" he asked.

Chuck soon had me at full staff and was taking his mouth off only to take a drag and then let the smoke out of his nose as he sucked. I had told him how much I loved that. When I felt he was getting me a little too close, I pulled his head off my cock and blew a cloud of smoke in his face. He just smiled. I stood up and pulled him up and gave him another kiss, and then we both took a big drag and had one of those real long smokepassing kisses that makes my cock stiff as a poker. I could feel Chuck's cock through his jeans, and I knew mine was ready.

I worked my way down his chest to his nips, unzipping the jacket as I went, and soon I was suckin' on a nip and watching how this boy reacted. He tried to smoke, but he would suck in air every time I nibbled, and he was beginning to cough, so I quit long enough to pull his jacket off. This boy was so pretty! He was tanned, and beginning to show the results of working out. With a fuzz of hair all over his body; he looked good enough to eat, so I started in on his nips again, while I got his belt loose. I flavored his nips with the wet butt end of my cigar; heaven!

Chuck finally put his cigar back in his mouth, and started to undress me. He had his hands all over my chest while I was working on his pants. We had to stop and kiss and pass more smoke. He was just the most fun to kiss and hug! That boy could French kiss better than any man I ever had!

By the time we were naked, little pearls of precum were appearing in our piss slits. We needed to slow down. I fetched a couple of towels from the bathroom, picked up the ashtray and laid it beside the bed, and laid down with my head on the pillow. I took a drag, put my cigar in the ashtray, pulled Chuck onto the bed with me, gave him a kiss, and told him to sit on my face and suck my dick. I didn't have to tell him twice. He put his cigar in the other ashtray and climbed over and did what he was told.

I was pleased to see that Chuck had taken the opportunity to clean himself out before he went downstairs to meet me. His hole was fresh and clean, and I pulled him down on my mouth so I could get my tongue in as deep as possible. He liked it, judging from the way he was responding to my moves. He was also giving me one of the best blowjobs I ever had, those long, slow strokes with suction the whole time. Again, I was getting too close.

I rolled Chuck off my face and grabbed my cigar and stuck it in my mouth. Then I swung him around on the bed so his feet

were over the edge on my side, facing me. I stuck my dick back in his mouth and let him get it nice and juicy while I reached for my "Trick Bag" of lube and rubbers. In our online chats we had discovered we were both negative and had been recently tested, so no rubbers tonight, but I would need the lube.

I pulled my cock out of his mouth and gave him a smokey kiss, which tasted of cigars and my cock, and then pulled him up so he could get on his knees. I squeezed the tube of lube into his ass, spit on my cock and centered it on his hole. I held onto his hips to hold him steady and applied pressure. "Not gonna work though, no way, too tight," I puffed on my cigar and thought.

I lubed up a finger and carefully inserted it in his tight little ass. This boy had one of those bubble butts you just can't wait to get your cock into, and I was about to bust my balls with desire to get in there and plow him open. 'Relax, son, enjoy this, don't resist. That's it, just relax." I massaged his back and talked to him softly, then I took a drag and bent over and gave him a face full of smoke while I put my tongue in his ear. He was beginning to shake now, he wanted it bad. I inserted the second finger, and he flinched. I kept my head near his and whispered in his ear. "Relax, son, Dad doesn't want to hurt you, Dad wants to love you. Just relax and enjoy it, son." You could see the tension go out of him: two fingers moved freely. I rubbed his back with my other hand and began the third finger. Resistance again: telling him to relax, but it was difficult. I really had to apply pressure for that third finger. I was licking his ear when I saw the first tear form in his eyes. Het up just a little and gave him a one-handed hug and told him how much I loved him and his tight ass. He relaxed again, three fingers moving free.

I stood up and centered my cock again, and spread my three fingers to put my cockhead in the center of them. Then I pulled my fingers out as I pressed forward, and the pop of fingers coming out met the pop of a thick mushroom head popping into one of the hottest, tightest, goddamn best fuckin' asses I'd ever been in. You know that warm feeling of a hot tight ass when you first get in, this just went on and on. I was inhaling my cigar now—it was just so exciting. Chuck was sort of in pain and in the most intense pleasure, it was hard for him to hold still-he just wanted to enjoy what was happening to him. When you fuck a tight ass, you know exactly where the cockhead is the

whole time, and you really enjoy the sensations.

I bored in up to the hilt, so as not to hurt him with strokes at this point, but to let him get accustomed to the thickness for a while. I reached up under his shoulders and pulled him back so I could get all the way in, and gave him a huge hug, both to show love and work in deep. He was breathing fast, but doing OK.

"Son, now comes the part where I need to fuck you, and I'm gonna hafta fuck you hard to fuck the cum outta my balls and into your ass, so I want you to brace yourself. You doin OK?"

"Yeah, I'm OK," he responded, but his words sounded hollow. I puffed up a good cloud of smoke to get myself going, and held onto his hips to keep him steady as I began the short strokes, just letting him get used to that cock movin' inside him, me beginning to feel it when my cockhead found his prostate. Then I needed to fuck harder and faster, the real long strokes, where you nearly see the head of your cock on the out strokes. This boy was a good bottom, he grabbed hard when I hit bottom and released when I was pulling out. We were a fuckin' team, workin'on plowin'his hot ass open.

I was puffing like a chimney by this point, inhaling whether I intended to or not. That 'fuckin' sound of two sweaty bodies slapping together was there, and my balls were slamming into his on each stroke. "God Damn, son, you are just the hottest fuck any Dad ever had," I grunted as I slam fucked those last strokes before the cum began to shoot.

"Fuck my ass, Dad, please fuck me, fuck your boy hard!" He was trying to shout it, but I was knocking the breath out of

him. He could barely get the words out.

I was bearing my cock down hard on him, aiming it at his prostate on every stroke. I had to hold his hips steady, or I would have jacked his cock while I fucked him. As it was, the bed was moving so hard that the headboard was slapping the wall. The people in the next room would have no trouble imagining what was going on next door. I was close-I could feel my balls drawing up, every stroke was almost there. I reached up under his shoulders again and got a tight grip on him so I could really slam those last strokes home hard. He was gasping, "Oh God, oh God, fuck me Daddy, fuck me Daddy," as I hit him as hard as I could. I wanted to climb in that wonderful ass and fuck my way out, he was just the tightest and hottest boy I had ever fucked!

"Son, you are just the greatest ass I have ever fucked," I panted, "so enjoy this cum I'm gonna pound up your hot ass!" I could feel my balls fire and my cock begin to spurt.

"Fuck me Daddy, hard as you can, split me open, fuck me, fuck me!" He could barely mouth the words. I think he must've shot about that time. I held him real tight and then slammed my last fuck stroke as deep as I could and then just held it there, feeling his ass pulse with his orgasm while my cock spewed its' last cumshots deep inside him. He would spasm occasionally and tighten up on me, and gradually he began to control it and used his ass muscles to milk all the cum out of my deflating cock.

By this point I was just holding onto him for dear life, swimming in that wonderful feeling that occurs when two guys cum together. He was trembling and sweating, and I began to take some of my weight off him, in fear he might collapse. I had my cigar over his left shoulder, and he sort of raised up his head a little and turned to get some of the smoke I was blowing in that direction. I could feel he was getting some strength back.

He had a tight grip on my cock, which felt great.

I raised up off him, leaving my cock still deeply embedded. My cock was beginning to deflate, and I knew if he kept up that hard grip, I would be popping out shortly, and I didn't want that, I had more work to do. "OK, son, relax that grip on my cock, I need to clean your ass out now," I said, giving him a love slap on his ass. He immediately opened wide, and I did my best to relax and think of a mountain stream. All of that beer needed to get out, and I was gonna use it to wash out his ass. I got a weak stream going, and then smiled thinking of how good that hot piss felt on top of a cum-filled ass. My stream became a hose.

"Oh God, Daddy! Fill me up, fuck me with that piss, man, Goddamn! This is so fuckin'hot!" I had hold of his cock, and it was amazing—it was like the piss was filling up his cock, it got so hard so quick.

I grabbed one of the towels I had put by the bed, and positioned it under his ass. "Son, when I pull my dick out, you

clamp down hard, I want that piss to stay inside you, you hear me?"

"Yes Sir!"

I pulled out slowly and he clamped down. Only a trickle of cummy piss ran down his leg, and I wiped it up.

"Come on in the bathroom now, son, and you keep your ass tight, no drips." He obediently followed me to the bathroom.

"You stand in the bathtub and face me," I said, positioning him in the tub, putting him right at the edge. I put my cigar down on the sink, got on my knees and took his cock in my mouth and began to suck him up stiff. He had this real puzzled look on his face, like 'why are you doing this now?' He tasted so good, just a hint of his cum still on his cock, one of those nice boy cocks you can take deep-throat, right to the edge of gagging.

As I got him sucked up real good and stiff, I grabbed his ass and opened his cheeks. The pressure of the load of piss and cum was against his prostate. All I had to do was get my tongue in his piss slit just right and force his cock backwards as I sucked. The pissfilled ass felt like he still had a stiff cock inside him. He was gonna cum whether he wanted to or not. I knew it, but he didn't. He was just swaying there, moaning, beginning to twitch, occasionally letting out an "Oh God!" or "Daddy!" I tasted the precum first, and knew he was right on the edge of an orgasm he would not forget. I began to suck like a madman, and his cock spewed deep in my throat. He had to hold onto my head to keep himself upright. And his ass let go just as I knew it would; a load of cum shot into my mouth, and as the first spurt of cum ended, piss and cum shot out of his ass like a firehose. He was spurting in both directions, first front, into my mouth, and then he'd shoot out the back. I held onto his ass and he held onto my head. I knew he couldn't take this long, so I sucked him as long and hard as I could, really draining his balls, and then raised up quick to give him a bearhug and a deep cum-filled tongue kiss.

He was so exhausted he just fell against me, but shortly he regained his composure, and started putting his tongue down my throat. His hands were all over me, messing my hair, rubbing my back. I was twisting his nips and rubbing his muscles, too. I had struck it rich with this boy, he was one of the best! "Dad, I've been fucked and I've been sucked, but GOD DAMN!

No one ever fucked me like that or sucked me like that before!" I
gave him a quick kiss and turned on the water, getting the temperature just right. We were both covered in sweat, and Chuck had piss
and cum running down his legs. As tired as we were, we needed a
shower to refresh us as much as clean us off. I would have loved to
lick the cum and piss off him, but we had time for that later. Right
now we were just gonna cool off and enjoy each other.

We soaped each other up and had fun washing each other all over, even shampooing each other's hair. I admired his boyish muscles, he admired my fur. We rinsed off and I decided there wasn't enough of my cigar left, so I tossed it and fetched Chuck's and lit that one up, and we shared it while we dried and dressed.

'I still can't believe I was able to cum there in the bathtub, I've never cum twice in just a few minutes like that," Chuck said, as

he put on his shirt.

Son, there are buttons you can press on the human body that make things happen. I knew where your button was. This weekend we're gonna learn a lot about each other, what our turn-ons are and how to make each other respond. But right now, I need some supper." We dressed and left the room. Chuck had picked a cigar-friendly restaurant not far from his motel. We ate a nice meal and afterward smoked the Montecristo #2's. I showed him how to cut a cigar with a torpedo shape, and warned him that Cuban cigars are quite strong. You smoke them slowly, and you never use a Cuban cigar for sex, unless you smoke them regularly, as they are so strong. We had a great time, but finally were on our way back to the room.

This time Chuck was not at all nervous, but entirely at ease. Since we'd smoked two cigars already, the last one a great Cuban, we didn't smoke this time. The room still had that wonderful fragrance from a short time ago, and we both tasted of those great Cuban cigars when we kissed. When we finally stopped kissing and hugging long enough to strip, we climbed into the bed and played with each other for a long time-sucking nips, balls, cocks, and just generally having a fun time sexually, exploring each other's bodies with our hands and tongues.

I was over Chuck in a 69, and

he had me so deep I was afraid I would be shooting down his throat, as I worked my way down, sucking his balls, rolling them on my tongue, finally getting to that ass. Despite the shower, it still had a tang of cum smell about it, which made me crazy with desire again. I had him full of my spit, forcing it in deep with my tongue, as he opened his legs further and further to urge me on.

When I had him dripping. I rolled off and laid down on top of Chuck and kissed him, and let him feel my stiff cock at his hole. He knew what I was after, he shifted around and grabbed my hips with his legs, putting his heels in my asscheeks, aiming me at that puckered beauty of an asshole. This he had experience with, because I had no trouble centering and sliding home. Of course, he had been plowed wide open not two hours prior, so it would be easier the second time.

His hole was wet and warm. It still had that wonderful boy pussy feel. I was prying him upwards with my cock, and he knew what I was after, as when I started, he just raised his ass and put a pillow under it. I kissed him deeper then, and began to work on his nips. He was really responding to me, grabbing me on the downstrokes; it was inspiring me to fuck him harder and better. I've had so many guys just lay there and get fucked, and believe me, a bottom who knows how to be fucked is better! It gets me excited, I fuck harder and we both get off better.

This guy needed nothing-he was great. Every time I made a move to dig deeper, he moved with me, heels hard in my ass to force me in. The spit was just the right amount of lube this time, he was so wet and cummy from the last fuck, anything more in the way of lube would have taken away the sensation. I was into it now, having to break off the kiss and breathe hard to work up steam, then take a deep breath, fuck as hard as I could and kiss as hard as I could.

Chuck had his hands all over me too. We were both working each other's hot spots; I was kissing his ears and telling him how great it was, he was tonguing my ears and telling me, "Harder, deeper, fuck me Daddy, fuck your boy!" Didn't take me long to pop my cork, and I worked hard to keep my cock up high on his prostate. I didn't tell him when I was cumming this time, just sure he felt my cock get hot and stiff deep inside. I was kissing him real hard when he tensed up, sort of kicked me real hard twice, so that my cock really slammed in, then he grabbed me and hugged me and had his tongue so far down my throat I was about to gag. He was cumming, too, no doubt!

I was over Chuck in a 69, and he had me so deep I was afraid I would be shooting down his throat, as I worked my way down, sucking his balls, rolling them on my tongue, finally getting to that ass. Despite the shower, it still had tang of cum smell about it, which made me crazy with desire again.

> I had my hands on his head, holding his face so I could kiss and lick him all over, and he just sort of collapsed, arms and legs out, as I began to wind down. He was shot; I could tell, it had been too much. That made three cumshots in the space of about three hours. He probably never had that much sex in a week 'cept with his own fist. I pulled out gently, and sure enough, there was his cum all over my stomach and his. I don't feel like I've fucked a guy right if I don't see or wear his cum, so I knew I had done a good job. Chuck had this big smile on his face, even though his eyes were closed.

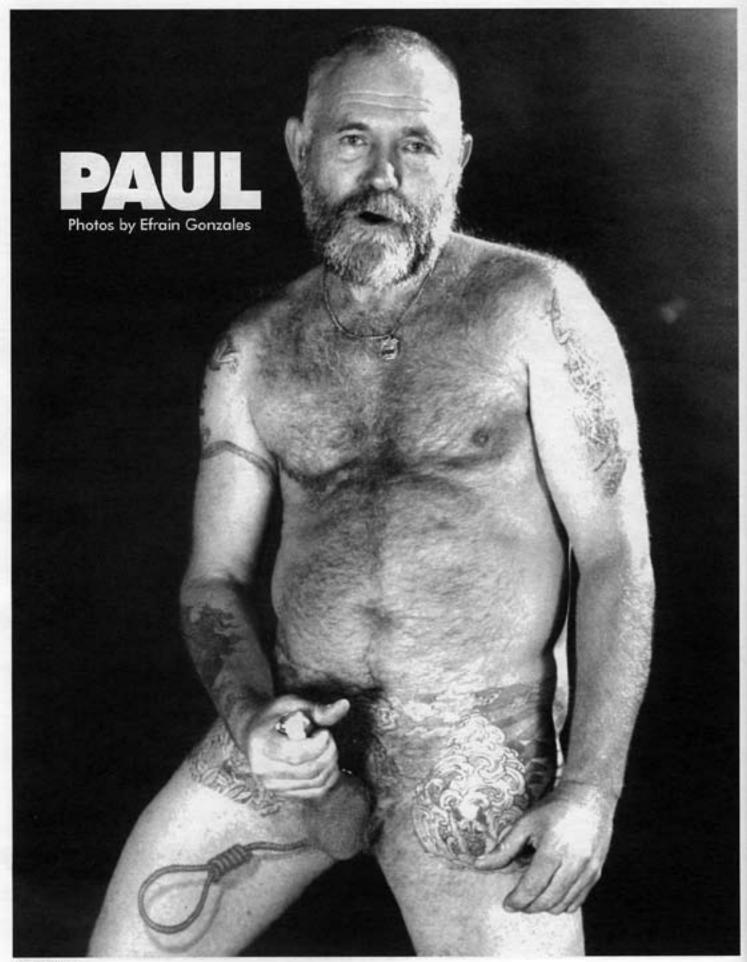

> I rolled off and kissed him and told him how much I loved being with him and what a great fuck that had been. He just smiled and thanked me, and we hugged. I got into 69 position over him and sucked his cock gently to clean it off, and licked up all his cum. Chuck very gently sucked my cock clean and licked his cum off my tummy. I got up off him and gave him a deep kiss. "You are the best, son, really, just the best!"

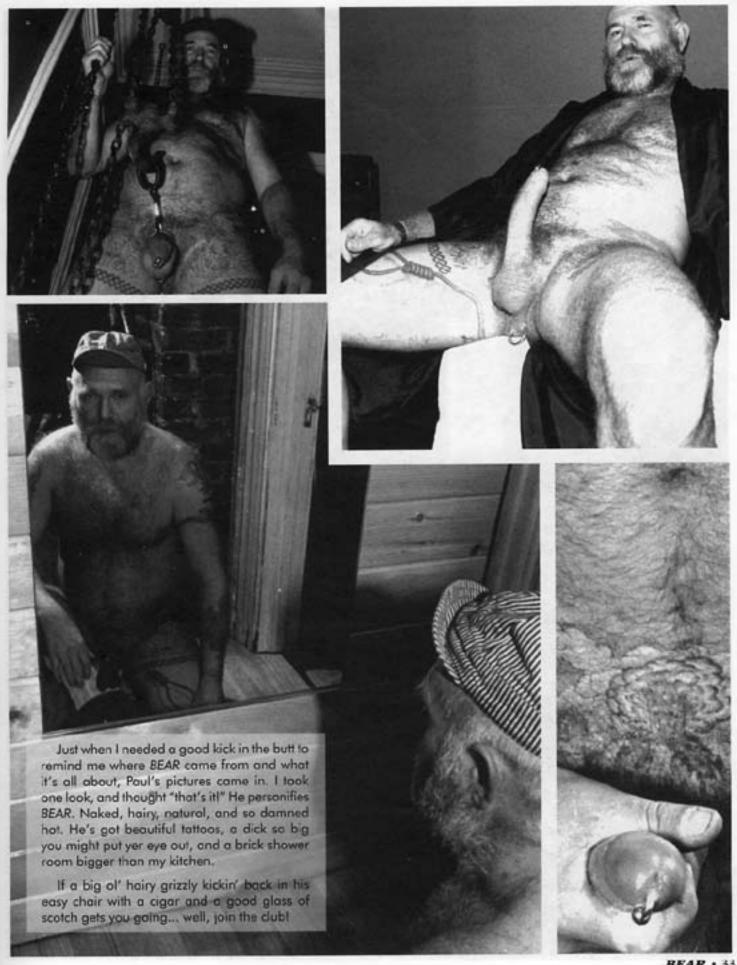

> "Thanks,daddy! I've never had it like this before." We hugged, and I kissed his closed eyes as he snuggled against me, his beard in my chest fur. We both fell asleep, that wonderful deep sleep

of sexual satisfaction and exhaustion. @

BEAR WITH A BRICK

It's late. The gym is closed. He's alone in the shower. His machismo is lethal-if you like that criminal type. Boss hired him to keep an eye on things. The Boss is shady. Connected, I think. Must've owed someone a favor. Me? I'm just an Aerobics Instructor, minding my own business-keeping my jock clean. But I've seen this bushy full-grown bruin, stalking the gym. Hard-edged. Quiet, Thick with menace. Nobody fucks with him. One look, and you see why. He's 6'4", 255 pounds of woolly danger. Yeah. I've seen him around, but never like this. I watch steaming hot water gushing over him, polishing his nakedness. His brooding face is unshaven, primitive. Looks even more dangerous wet. Got some rough miles on him. He's 40. Maybe 45. Damn well-preserved, though! Rock hard. No gut. Water runs off his taut, muscular endowments. Long tufts of black fur swirl across his chest and belly. I stand just feet away, fascinated by this view. Steam rises from his body. With his back turned, he resembles a big ole forboding Grizzly in the wild, unsware of being watched. My eyes slide over wet pelted armor. Immense shoulders. Huge hulking traps. Great fanning wings. His dense muscularity slowly tapers down as streams of water run slick off the curves of his sloping buttocks. Shit!

Fantastic! I want to worship this ass. Kiss it. Lick it. Sink my hard dick inside, and fuck it raw!

I step into the shower, trying my hardest not to stare. Staring invites danger. But, he turns and faces me. Strapping legs spread wide. A shock of black hair dangles in face, like a long, bushy Bear cock. Dangerous. Steam rises. He washes his massive chest. I see a crude tattoo roping along one bicep. A potent advertisement, the fucker reads: "Thick as a Brick." Etched deep into the shaggy pontoons of his bulging pecs is another tat: "0779410." His inmate number. His ID. His hard-earned name from a former life. His body's a rippling testament to one man's frustrated energy. Energy carved and sculpted, and made godlike, behind bars. Do my glassy eyes dare dip to his genitalia? Could prove lethal, but... Oh MY! BIG, cut, brawny meat swings down from a wet patch of cock-hide. Hefty. It's wide pisshead is leaking.

Even flaccid, his cock makes my mouth water! Seen longer dicks. But none this shaggy, this Hella-THICK! A real STOUT facker! ENORMOUS HEAD! Under a knitted brow, his cool blue eyes turn mean. So piercing, so hot. I panic. He's seen me looking at that big leaking cock! What now? Do we fight? Do we fack? Do I die? What? Have I offended him? Hell! What does he expect? I'd just stand there, soaping my ass, in his presence, and pretend his dick doesn't exist? I look away. But it's too late. Oh shit! I feet that heat rising in me. It's pulsing, jerking up, pushing blood through my stretching shaft. I quickly grab my towel and leave.

I can't let go of the moment. I've masturbated to this scene ever since. At the point where he aims those mean blue lasers at me, the soap slips from my hands. I bend to pick it up, and I feel him behind

me. Burly arms enclose me in a killer's grip. All I see is "Thick As A Brick as his furry biceps flex across my heaving chest. My wet body itters. He pushes into me. I feel him, thickening. He is full of damp heat. His breaths are hot. His unshaven cheek rakes my throbbing jugular. He doesn't speak. Doesn't have to. He kicks my legs apart, presses the small of my back and I bend over. There's an urgent pulse thumping in his overgrown cockhead. It pounds at my cleft. With one push, it parts my burning asshole. OH! I FEEL a JOLT in me. OH! A vicious charge of heat. It burrows through my flesh. I grip his thighs. He slowly slides it all to me. Thick as a Brick. Thick as a Brick! He must pull my cheeks apart to fit his width. My anal walls enclose it. I want to scream when he drives it into me. I want to purr as he pulls it out. His fuck is hard. Sturdy. Rhythmic. His bearish balls smack beneath my thighs. He whips my dick fast in his soapy fist. His cock, his gruff touch, the machinery of his fuck, it's all electric! I close my eyes and settle in for the scratchy ride. Heat and lust war in my belly. My insides pound, He's thick as a brick. Thick as a fucking BRICK! Thear the sound of his wet flesh, clashing, thrashing, bashing into mine. I feel my balls churning beneath his flying fist. His breath, his wet, prickling fur sweeps waves over me. I'm breathing his charged air. I'm a muttering fool. He pulls me in close and shudders, shudders like the earth beneath a roll of thunder. In that one hot moment, I'm everything he wants. I'm his lover. His boy. His cock-slave, prison buddy,

He trembles, pulls away. My sore hole gapes! I feel so vacant. He sprays my writhing back in wild charges. He whispers, "Yeah. Daddy's straight, boy. But your ass is my pussy. It's my cunt. My wife!" Seed from his unborn prodigy rains over me. The water washes them away. He keeps beating me off. I spasm, detonate inside his sliding fist. My shooting jism flies high, directionless. But I awaken, alone. This hot cream from our fuck has splattered all over me. It's in my bush, my hair. It coats my nuts, my belly and panting chest.

It's foolish to fantasize about him. But I can't help it. What and who does he do with that dick? Is he straight? Gay? Bi? What did he do to survive in The Joint? Did he resort to fucking prison ass, for lack of pussy? I wonder about him. I don't know his name. Afraid to ask. I'll call him, "Brick." He's an enigma. I've heard whispers at work, he'd done hard time for "Armed Robbery." There are worse crimes. At least he didn't off anyone. I'm intrigued.

I see "Brick" almost nightly sauntering through the gym, eyeballing patrons. He scares the shit out of them. He must've been hired for his intimidation factor. A big, gruff, rough neck menace, for pay. Beats digging ditches, I guess. "Brick" and I have a routine: I nod as I pass him through the corridors. He never acknowledges it. I want him. He ignores me. It's Destiny. I've avoided the showers, for fear of one those ill-timed hard-ons. Difficult to hide my eight inch excitement for him. Man! I wonder how big is his, when erect? Shit! I guess I'll never know.

Tonight, all this fantasizing has made me horny enough to hit the porno shops. There's one just down the street from the gym. A neon Adults Only Disney World awaits me. Straight, Gay, Bi, Tri, whatever the raunch du jour, It's a slow night. I buy my tokens. Walk down a dim hall. Step inside a booth labeled "Gay Daddies Ball." I close the door. It's dark. Dank. Sticky. Reeks of fresh cum. It's got a glory hole. I'm home. A coin in the slot transforms the dark to a flickering fuckfest. I sit on a bench as the show begins. A tall, hairy Daddy stands naked in a mirror. Big low-hangers swing back and forth like pendulums. Shaggy fuckers. He's about to shave. He's lathering them up. Got a straight-edged razor at the ready. Hello! Another guy appears. Younger. More muscular. Naked. He falls to his knees. Oh! He's licking the cream off Daddy's balls. Man! That soft flexible dick is growing longer, harder. Mmm! BIG DADDY!

Young dude takes its head into his mouth. I unzip. Let my eight inches breathe. The scene switches. Close-up: Big cock drilling tight asshole. It's a hard, rugged fuck. Who's doing who? I can't tell. But it's making my dick jump. Just as I begin to flog it, in mid-thrust, the fuck flick stops. Darkness envelopes me and my prick. Damn it!

A man's voice roars through this dark. It's so hard and coarse, it rattles my balls. It says, "Stick it through the hole!"

Right then, I could feel a dot of precum rise to the slit of my hardon. It wants to be sucked.

It wants be licked and sucked and slurped until my fucking brain caves in!

I turn, drop another token in the slot. The booth flickers. Mano-amano coupling. Two long fingers wag, beckoning me to this hole. In the shadows, I see a stranger's tongue wiggling, darting, anxious to suck my dick. I glide my cock to it, aim it through...

Oh! Yes! Shit yes! Moist lips enclose me, hungry for dick. His warm, slick throat engulfs me. My eight inches barely register a grunt. His tongue is hot, wild. Spinning. I feel a million nerves endings brushing over my hard dick. This tongue ravishes me! He laps. I push. He's deep throating it. Oh! I shut my eyes and think of "Brick." I imagine it's his long, wet tongue spinning on my cockhead. Brick's slick throat enclosing my throbbing shaft. I fuck this throat.

No sounds but the rattling projector, and the smacking of his lips. Oh! Yes. Suck it. Brick!

He laps it so well; and this magnetic tongue spins, and coats, and feels so fucking good that, without warning, I'm shooting! I'm shooting my desperate charge all over his sucking lips! He pulls away. My dick still bounces and spits.

"Sorry," I say, panting. "I really needed that!"

I fall to the bench, exhausted, spent. It's quiet. Cum drools down my balls. All is right with the world. But now, I hear the clanging of a buckle. The purr of a zipper. I turn. This big, thick Daddy-sized dick flops through the hole beside me. Mmm! It's full. Succulent. Half-hard. Big balooning head! Shit! You could show fuck movies on it. HUGE like Brick's. Just like Brick's!

"Grab my cock!" this hot voice demands. "Grab it, now!"

I grab it by its thick, furry root. Its powerful shaft pulses in my fist. Big Dick. Not fully erect. Still, heavy dick! I could play with it all night. Watch it transform into a man-sized boner. How big was it? I run my hand along its pulsing skin. I breathe its manly funk. It's ripe. I like that. "Lick it," the voice says. "Lick my big dick!" I let my tongue tease its tip. The meat rises in jerks. I brush its thickening ridge. Salty. I lick down the fat shaft. Back and forth. He begins to moan. It grows and curves up, inches from my eyes. I take the swinging club inside my lips. It's heavy, salty. Mmm! Its skin is pounding, pulsing, throbbing! My lips fight to enclose it. He bucks forth. I gag. His joint's too BIG! He

could murder me if he tried. But his hips slide back slow, and I glide down the pipe. A spurt of dick-juice wets my throat. OH! Big Dick! Big, delicious dick! I slurp where it curves and bends to my gullet. He trembles. It feels good. It's so weighty, yet I surrender to it. We move as one, sucking, bucking. My mouth is full of dick. I moan as cock veins pound on my tongue. His prick's rock hard, now. I pry my lips away, see it jerk, glisten in my spittle. Wild hairs sprout from it. It's longer, much thicker than mine. His tool defies a ruler. Nine, ten inches maybe. Too curved to straighten out and measure. So FAT, it would make a decent-sized wrist. Damn Big, that's for sure. All I see is, BIG DICK! Big, thick, furry fuckin dick! "You want some of me?" he hisses. "You want this cock up that ass?" I wonder, have I bitten off more than I can chew? The Big Dick disappears from the hole. In seconds, there's a scratch at the door. The fuck film fizzles out. The booth darkens. It's pitch black. What now? Tension racks my nerves. Thear nothing but his scratching and my heart pounding. I want to run. I want to fuck. I want to disappear through that fucking glory hole and into the night. But I can't. I won't. I'm horny for it, damn it! I want that dick up me. I pull up my pants, and slide back the latch. The door swings open, and bangs the wall. The stranger closes it in a blink, so quickly. All I see is a tall, wide silhouette. A big shadow, with a big dick. It's breathing hard. Harder than both our cocks. He moves in, pushes his body into mine.

He towers over my 5'10" frame. He dips down, plants moist lips

along my pounding jugular.

His face. Tean't see it. But it feels like a sheet of sandpaper! I pull back, gaze at his hot shadowy face, and jam my hand down his jeans. His dick-hair's wild, thorny. His cock's fat and warm. He runs his tongue down my neck. Ifall to my knees. I hear him, breathing. I rub my jawline along the swell of his cock. He says nothing. My darting tongue on denim speaks for me. I can't see it, but I feel it. My teeth prowl his zipper. He grabs my hair, pulls me away. He yanks down his zipper, hoists it from his jeans. Unleashed, his pants fall. I grab his ass. Oh! What an ass! A humping globe! Hard, furry spheres undulating. Mmmm! So round, so fuckable. But his prick looms, urgent. I slowly jack him off. Cockhead's wet and slimy. Feels bigger in the dark. Licking his throbbing shaft again, he grows hard, harder. Hard as a rubber bat. But the fucker doesn't stick straight out, doesn't project. Too thick, too fat and heavy, I guess. I stand, swerving my hot dick into his. He lifts his shirt, grabs my head, forces my face into his bushy chest. My tongue spins through pelt and muscle in search of nipple. He slams his naked dick into me. He grinds that fat club up my belly, then pushes it under my balls. My thighs grip tight to its full, warm pulsing. His breaths are loud. Mine are labored. Hick his pits. So shaggy and filled with the nectar of his funk. We dry-hump in the dark. He rips open my shirt, tongues my nipples. He bites and nibbles and tears at them. I pull away. I'll fuckin explode, if he keeps this shit up! We heave like animals. I take him in my hand. His width keeps expanding. I think it's gonna burst. But before it does, I want it. I need it. Shit! I need it. He spins me around, yanks down my jeans. I step out of them. He drops a token in the slot. We're bathed in the flicker of men, fucking men.

Through thin shafts of light, I can finally peek his profile.

Oh shit! It's "BRICK!" I KNOW IT'S BRICK! It's HIM, and he's about to fuck my ass!!

"Over on the bench! And spread them," he demands—the sweet talker.

I smile as I brace myself, hands to the wall. I spread my legs wide inside the semi-dark.

Their ripping. A condom packet. I turn to watch him peel it on. Big cocks in rubber turn me on.

BEAR · 47

I'm shocked as I watch him gobble down that anonymous cock. His head jerks back and forth, slurping it with a mad hunger. Pulling his legs apart, I ram his demanding chute with all the fury left in me!

"Don't turn around, damn it! Nobody said, turn around! Head to the wall! Any cock shoots through that hole, you'd better sssssssuck it! You hear me, boy?!"

"Yes, sir. Whatever you say, sir! Just fuck me. Please fuck me, sir!" I pant.

"Now, bend over! Stick it out! Poke it out!" he orders: I oblige him because, it's "BRICK!"

Fingers first. Deep. Lunging. First one. Then two. Ah! Aw! Oooh! I gasp. Spread wider. I arch. Shove down, hard. OH! It impales me. I feel his knuckles! My mansmell fills the stall.

"You gonna give me this ass? Huh? Huh?" he asks, with a mean, sound slap to my cheeks!

"Yes! Yes, sir. It's yours. All yours, sir. Hurt me! Hurt me with your dick, sir!"

Fingers leave. Replaced by something, harder, far more fierce. This hotness starts. I don't expect it to be this INTENSE! AW! That WIDE FUCKING COCKHEAD! AW! Stabbing at my velvet chute! Breaking it! Pushing through. OH! Yes, fat, snaking dick shaft. YEOW! His sliding is steady. Not brutal. But burning, pushing. Heat comes in a wave through my belly,down my thigh! Ooh! He kicks my legs further apart. Bears down. Oh SHIT! His joint, it's so WIDE! Too fucking THICK! I can't breathe. He's in me. Deep in me. He's resting there.

Fat, throbbing. Crammed and still, enclosed in my anus. Thick as a BRICK! My asshole's on fire! He wiggles it. A poker stokes my flame. "NO! STOP!" I cry. But he seems to get off on my pain. Fucking sadist! He embeds it there, then pulls back. Ah! I can breathe, now. But then he langes. FUCKKKK! Pulls back. Oh! Thrusts deep, and let's me have it. He's throwing it to me, now. Fucking me with balls-out gusto! Fucking like a man who hasn't fucked ass in years. Hard, brazen thrusting, Blistering, Wild thrusting. He's ramming the shit out of me. This big bristled fucker. It's thick as a brick, tearing, driving, slicing at my hole. I wanna how!, bellow out: "Get this motherfucker out my but!! This is fucking insane! It's too fucking much!" My heaving helps overcome the jolts. From the screen, a guy moans taking on a big Daddy's rod. But Brick's dick isn't in him. It's in ME! He goes in nut-deep. Pulls out far. Goes in deep!

My asshole clasps, releases, and clutches to every punch, every slap and slide of his prick. Through the booth's flickering light, a long, hard cock appears at the hole. It's wavering!

"Suck it! Suck that dick! Suck it, I said!" Brick orders me.

He's thrusting deeper, faster. Rolls my nipples between his thick fingers. Fucking me with dick, slamming me with every muscle in that body. Pushing. Pounding. Urgent!

He's coasting me, pushing my face right into that suspended cock. It's moist mushroom head wets my lips. I suck it. Shameless. The fucker in my mouth bucks. He's trying to choke me! The one in my ass is trying kill me! Both fuckers find a rhythm in my butt, down my throat. Yet I take them on. My ass humps back and forth, riding dick. My mouth gulping, slipping forth, ingesting dick. Tonight, I'm a just cockwhore. A slave to the prick. Buck-wild, and misbehaving for the prick. I feel my own, dripping a slow flood beneath me, and I haven't even touched it.

With another jolt, "Brick" pulls out of me, and my asshole winces. The stranger's cock topples from my mouth. I stand in the shadows of two bloated dicks. Brick nudges me from the bench. His ass flexes in semi-darkness. Those jutting mounds of muscle grab my fullest, hardest attention. My dick's so rigid, it hurts! He bends over, shoots me a wicked smirk, and says, "You want it? Go for it!"

He tosses me a rubber. I slip it on, and IAM going for it. No easing it in, slow. Soon as my cockhead touches his puckered seam, it opens, and like a snapping gyro, it captures me in a clutch. Oh! His moist asshole suctions in my dick crown. It flexes and vacuums me deep inside. Ah! Shit! It cushions my dick in tight anal walls. It's warm. Fits like a second skin. It gives way to each heated thrust. "Fuck it hard!"he yells. And I do. I pull back and SLAM it!

I'm shocked as I watch him gobble down that anonymous cock. His head jerks back and forth, slurping it with a mad hunger. Oh! I'm really lighting into him, now. Pulling his legs apart, I ram his demanding chute with all the fury left in me! My pounding sets off tremors. Violent ripples flutter through bushy ass-cheeks. The harder I fuck, the harder his buffed arm flies as he fists his fat dick. I ride his bunghole with battering strokes. But oh! He's wiggling that pucker up and down the length of my prick. Oh! It brings me to my edge. I'm moments, nanoseconds away from shooting my wad. But Brick reaches his threshold first. A gush of white comets streak from his cock, smacking the walls as he shudders beneath me. Oh!

Shit! These fucking guys must be, synchronized! Brick's not even finished, yet. A vat of jism's pouring, rifling from that long suspended prick, shooting from the hole. It's a fucking milk storm! It flies in a leap to Brick's sweaty face, over his back, and it smacks to my chest.

Both men are sighing, grunting, cussing. Both dicks are shooting at once. Both of these copious explosions set me off. I pull out of Brick's asshole. I rip off the safe, and spray a vicious charge all over his hot, horny, rotating ass. An ass that humps and writhes in the flickering silence.

We dress in semi-darkness. He's quiet, now. But, it's "BRICK." I KNOW it's him. He collects his stuff in haste, and leaves me behind. I hear the door to the other booth open. The two men are whispering, conspiratorially. There's something between them. I think they're lovers. I think this was planned. Maybe they're old prison buddies, Hell! Who the fuck knows.

But tomorrow, at the gym, will "Brick" and I resume our same stranger's routine? Will we fall back into that cool exchange, where I nod, and he broods and ignores me? Somehow, after fucking like this, I don't think so. @

Lambda Divers

April 28-May 1, Nassau, Bahamas July 17-24, Belize

Bears usually hit the water in search of salmon charging upstream, or at least a good soak in the hot tub. Lambda Divers, out of Washington DC, is putting together two great diving trips of a different persuasion for the warm weather adventurer. Spring Shark Spectacular runs April 28 though May 1, and besides sounding like a great entré, offers 3 days and 4 nights in the beautiful Bahamas, with diving galore. If you need more time to work out your phobias, The Wave Dancer scuba boat will be charted from Belize for seven days of exploration off the Central American coast from July 17 though July 24. A total of 22 dives will be available for the soon-to-be-recovering dive-a-holic. For more information on either event, contact David Bress at 202-265-8898 or Scuba1bear@aol.com. @

So, it seems, some horny cub let loose with a "grrr" in the shapping mall, and the security afficer "...took this as a threat." He should have been flattered!

Can you just hear the talk down at the station? "He 'grrrr'd at me!"

Out of Atlanta there is an outfit dedicated to the abduction, interrogation, and disciplining of men in need of being captured and abused. The Academy Training Center fulfills, at not too small a fee, individuals' fantasies of being arrested and held seemingly against their will. While held, the needy masochists are interrogated with paddles, electricity, and outrageous displays of bondage and immobilization. There is a series of films released by Academy Entertainment, Inc. that present samples of what awaits the wealthy masochist.

Kick-Ass Cops (I and II) and Cold Steel are two recent releases from The Academy. They depict pumped-up, uniformed studs using realistic police cars and gear in the arrest and abuse of smaller beefcakes guilty of being in the wrong place at the wrong time. The bondage and subsequent torture would make any bottom hard, and the huge, sometimes hairy

Believe me, though, if you can live without the sexual release standard in most SM encounters and long for your chance at interrogation at the hand of these brutal studs, log onto www.academvent.com for their latest schedule of events. And if the vision of a muscle-packed uniform hovering over a whimpering bottom with two hours of mental and physical abuse ahead of him gets, and keeps, you hard order up Kick-Ass Cops (I and II) and Cold Steel, available through Brush Creek Media. If anything, you will come away with some unique tips for your next home-brewed abduction. @

You can also use our voice mail system WITHOUT plac-ing a personal ad in BEAR. You can call to listen to ads and leave messages for guys. You can even setup your own voice mailbox, just like BEAR advertisers have. If you sat up a voice mailbas without placing an ad, callers will hear your ad and can leave messages for you, but BEAR readers won't ever see a printed od, so you might get fewer responses.

HERE'S HOW IT WORKS: 1-900-DV8-BEAR charges the call to your home phone

or 1-800-347-BEAR buys a block of time with your credit card

When you call, a recording will automatically begin describing instructions and options. These instructions will explain everything you need to know about using our voice mail system. Be patient and allow yourself a minute to bear all the aptions. A few basic options are explained below:

Press 1: to create additional mailboxes. These boxes won't be printed in BEAR, so you can be even sleazier or more discreet if you like.

Press 2: to browse ads from other guys by area code. to leave a message for one of the guys whose printed od you see in BEAR.

to pick up messages that other guys have left

(stor key) for you.

Remember that once you call and are at the main menu, it is not necessary to listen to all of the options before you make your choice. If you already know how the system works, you may start pressing buttons on your phone right away.

ARTOGRAPHY

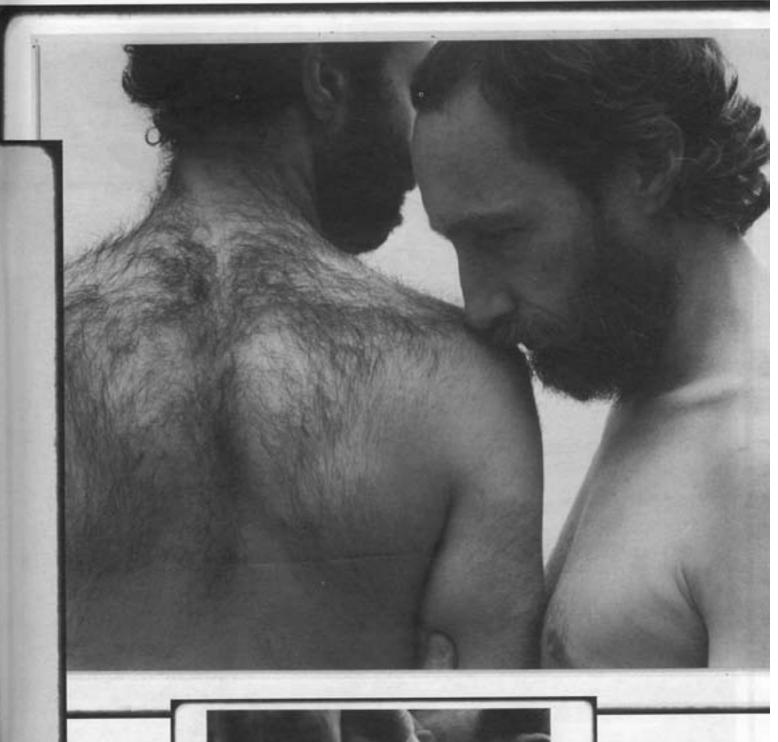

We're not art historians here at BEAR—especially art in the form of photography. I don't claim to know everything about light and dark and dodging and burning and composition and the juxtaposition of form and function and blah, blah, blah. But, I've spent more than my fair share of time in museums and at art galleries and at chi-chi little gatherings with too much champagne and not enough food or talent, and, while I don't claim to be a complete art whore, I'd like to think I can sometimes distinguish the treasure from the trash.

I like this stuff. Nothin' fancy. Just clarity and warmth. I think it's... beautiful. Fire me for saying that word in BEAR, if you must. Look at the pictures first though.

WE WANT YOU!

WE'RE ALWAYS ON THE HUNT FOR HOT, HAIRY MASCULINE CREATURES, SO IF YOU THINK YOU HAVE WHAT IT TAKES TO BE IN BEAR, DROP US A LINE, AND SHOW US YER STUFF.
