WHATTA BITCH.

Are you a bitch? Or, can you be on, occasion? If so, then stay put, because I've got something to say. The rest of you (yeah, all eight of you) can move on to page 2 and enjoy the big hairy butt.

I'll admit, I can get my boxers bunched up from time to time, and it has nothing to do with the time of the month. Something as simple as Fox preempting Ally McBeal for a stupid football game (unless Dan Dierdorf is announcing or the Packers are playing. Mmm... Mike Holmgren), or my dog acting like Rain Man on a wet morning walk can set me off. ("Ohhh, definitely, DEFINITELY can't pee this morning. Of course, it's *definitely* very cold out here. *Definitely* very wet....") When that happens, God help the poor soul who casually steps in front of me at the Capricorn Coffee Shop.

G-R-T-T-C.

At some point in the history of this planet, I think somebody probably called a woman a "bitch" because... well, maybe she was acting like a female dog (taking it on all fours?) or maybe she was just driving badly, and the word just slipped out.

Either way, it was only natural, I guess, that sooner or later one of us would snatch that "bitch" word and start hurling it (along with the feminine pronouns "she" and "her") around like bad gossip at a cocktail party.

Gay men can be really bitchy (Yeah, I know—SURPRISE!) to each other. Sometimes, it's done in fun ("Don't argue with me. You'll hurt yourself."). Sometimes, it's camp, ala *Dynasty*. ("No wonder they never spend the night! Hel-lo... that comforter with those drapes?") And sometimes (often?), it's evil. ("Wow... nice car. Who died?")

Somehow, even though we hate bitchiness, it's funny. And it's o.k., because gay men are entitled to a little anger, a little bitterness. Judy Garland's dead, for God's sake, and now we're accused of recruiting toys.

Bears are a pretty happy lot, as a whole. Bear culture has adopted a very accepting position. Just about everyone is welcomed with open arms at bear bars, bear clubs, bear events. So, it pisses me off when I see bear guys cutting each other up like those society hags in "The Women."

For a long time, we were scowled at by society—straight and gay. Heck, I even remember, as a little guy, being made to feel bad because I had to wear "husky" jeans when my pals were wearing "regular"s and "slim"s. Folks (Americans, anyway) are so culturally conditioned to look, dress, and groom a certain way that anybody with a beard, belly or a hint of natural body aroma was seen as, well... as a slob, for lack of a better word. And, as for those hairy-backed men who dared to go shirtless in public... well, we won't even go there. As a group, we were the outsiders.

And now, we're separating into "in" and "out" groups, once again.

Do we really "Celebrate Diversity"? Or is it only diversity, when it's not, well... *too* diverse. Why is it that those words look so good on a bumper sticker but when people stray from our definition of "hot" or "sexy" or even "attractive" we, who claim to be all-accepting, ridicule them instead of celebrating them?

I got to see much of this first-hand this year, at International Bear Rendezvous. I spent a good deal of time at the vendor fair. (Just about everybody makes it through there sooner or later.)

There were three "hens" (as I called them) huddling 20 feet into the vendor area, talking and clucking and giggling and cackling. I didn't see them talking to anyone outside of their little clique, and they definitely weren't shopping. In fact, they did nothing but dish! They would collectively scope a guy up and down, scraping for his achilles heel. As soon as each hen felt comfortable that he had something to bring to the table, they'd start in; picking apart the guy's body, his clothes, his haircut, the hair on his back, the fella they heard he had tricked with the night before... literally, anything they could find.

"Pick a little. Talk a little. Pick a little. Talk a little. Cheep! Cheep! Cheep! Talk a lot, pick a little more."

(I stood there and I thought to myself, "Is THIS *really* why you traveled to San Francisco? Surrounded by a city full of big hairy guys who want nothin' more than to poke yer hole until you scream, *surely* there must be more exciting ways to spend your time!")

"Pick a little. Talk a little. Pick a little. Talk a little. Cheep! Cheep! Cheep! Talk a lot, pick a little more."

So I walk out to the lobby to make a phone call, and I hear another group of hairy hens dishing the dirt on a guy who had just come in from the rain. "Oh, Jesus. Look at that one. Who the hell is *she*? Someone needs to tell her to button up that blouse."

"Pick a little. Talk a little. Pick a little. Talk a little. Cheep! Cheep! Cheep! Talk a lot, pick a little more."

Back to the vendor area. A big poofy-chested redhead (local, I'm told) with a cell-phone surgically attached to his ear swoops through the vending area like a big robin looking for a worm lunch. The whole time he's there, he's so-so-so busily talking and dishing on his silly plastic phone and "she"-ing and "her"-ing and "woof"-ing and "grrr"-ing.

(Outta curiosity... what *possible* crisis could require telecommunication from the International Bear Rendezvous vendor fair,

reporting the new t-shirt and baseball cap designs back to Armani headquarters in Milan, perhaps? Laugh if you will, but when the fall lines come out and Elsa Klensch is prattling on CNN about the designer's "influence"... well, you saw it here, first!)

"Pick a little. Talk a little. Pick a little. Talk a little. Cheep! Cheep! Cheep! Talk a lot, pick a little more."

See? There I go, being a bitch. Told you I could. Dang—is it genetic?

Bitch as you will, but my rule of thumb is this: If what I am about to do or say would make the potential victim laugh, it's probably not nasty enough to censor. But, if it could really hurt somebody's feelings, well... then, maybe I shouldn't say it. Doesn't always stop me, but it makes me pause and think sometimes.

Behind every human facade, there is a person just like you and me, with feelings and pain and doubts and maybe even a lover and a dog or (gasp!) kids.

Don't cut them down to build yourself up. Because at the end of the day, you'll just end up looking like... well, you know—

A bitch.

STEVE

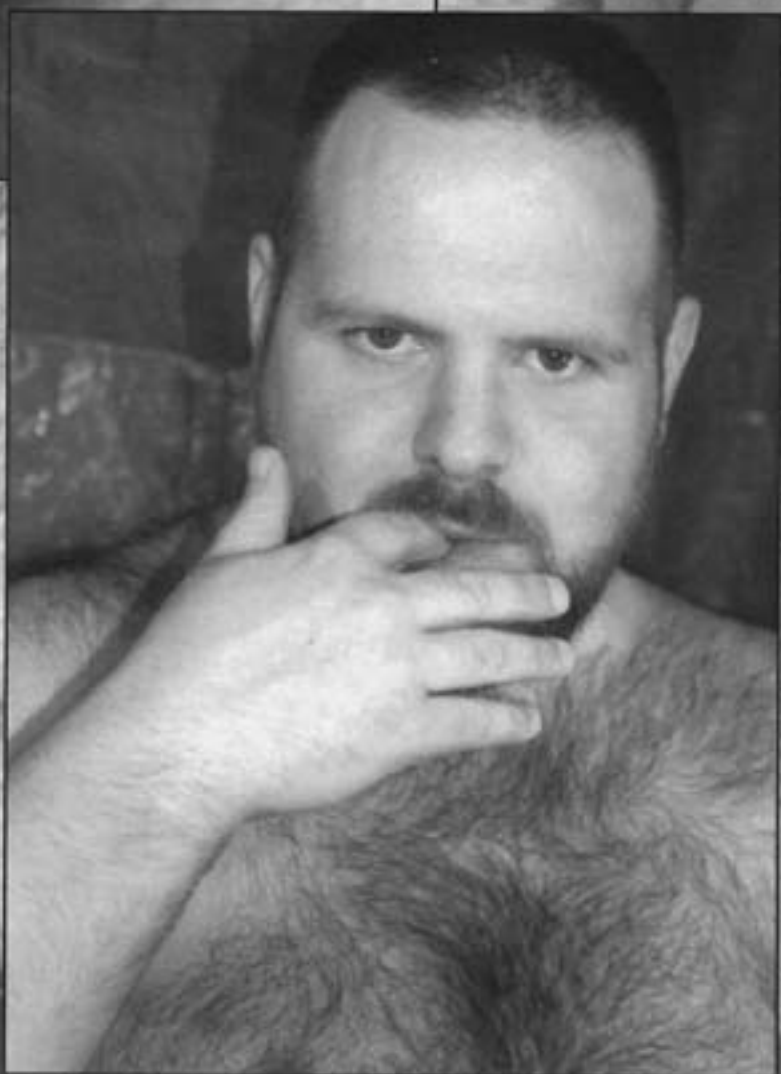

For all of you guys who have been beggin' for bigger bears, and for the rest of you who are just suckers for a cute smile and a big hairy pair of shoulders, sink yer teeth into this one. Coverman Steve here hails from Toronto. Our buddy Lynn scouted him out for us and sent me a couple of pictures. Just one look into those big eyes and one glance at that... smile, and I thought, "Yup, I think we've got a love connection here, Chuck."

I finally got to meet Steve over International Bear Rendezvous weekend. In a word - yumyumyum! He's as sexy in person as he is in pictures. He works hard to promote his Bear Buddies Toronto Bear Club and their "Great Canadian Bear Hunt" event July 29-August 2 (see "Things to Do" on page 29) and I told him I'd mention it if he got naked for BEAR. Just kidding.

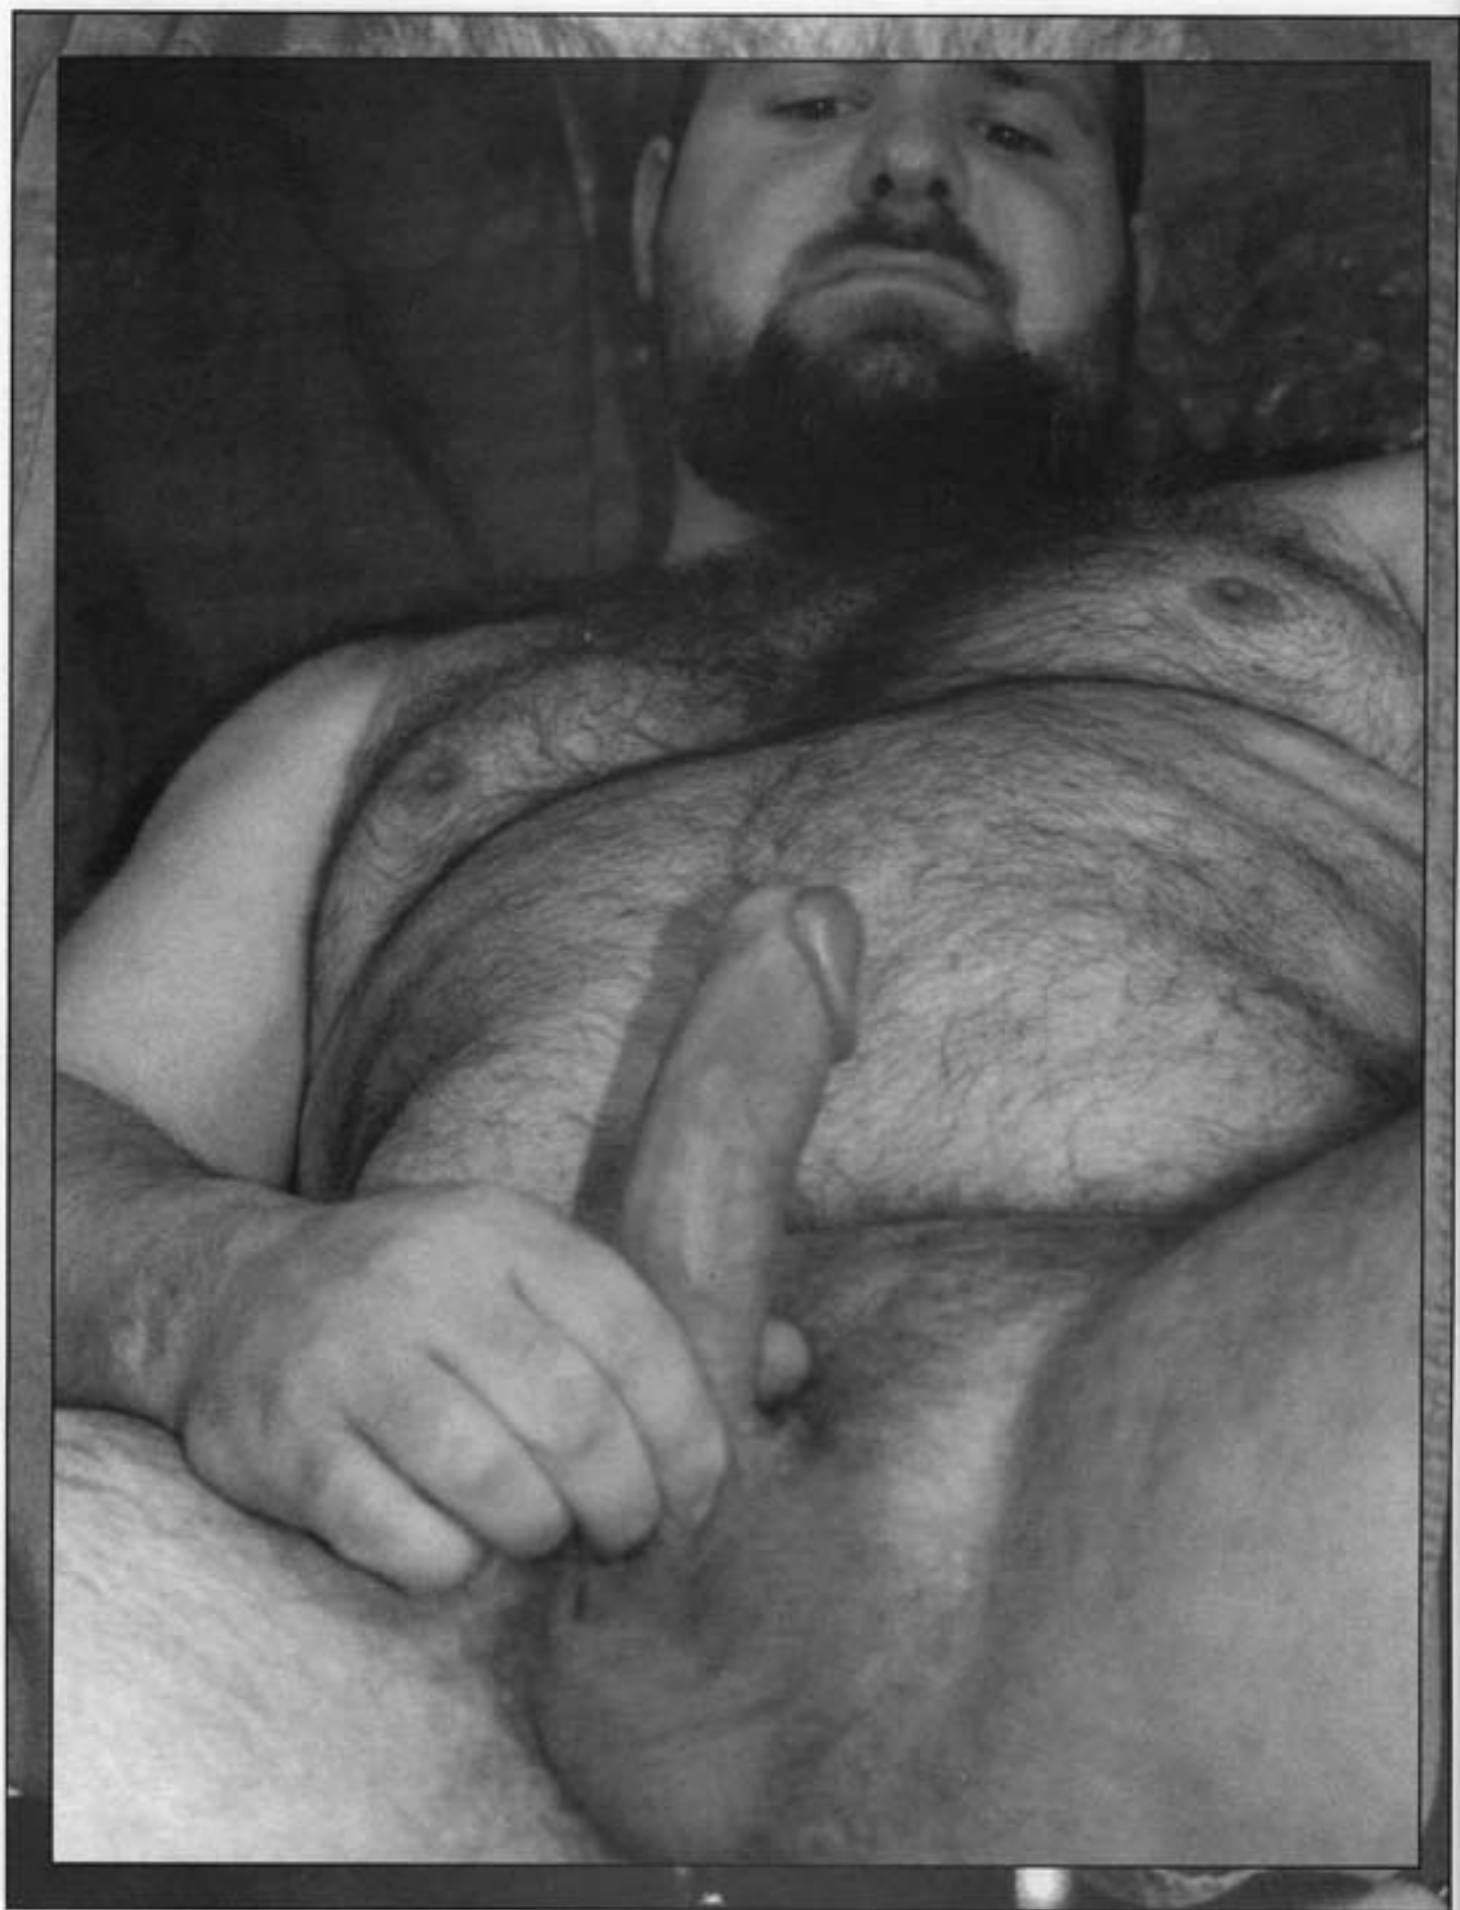

There's plenty more where he came from. He's rounded up some of his buddies to get naked for an upcoming issue of BEAR.

WRITE TO PAPA

BUTTY SLUMS?

I have a gripe. The profiles you write up for your models; well, they suck! Do the models have other interests than hanging out in bars?

I know readers like to imagine their own image, fantasy, or story of the poser, but give us a good starting point. If they're computer geeks (no offense intended), I don't care. I'm finding that most are, in one way or another. I'm just as guilty.

I'd like to know their hobbies, interests and activities. (Cooking's a hobby, eating food isn't) Give them some life. They're starting to come across as slutty bums with no ambition.

When I read Mack's profile years ago, the first impression I got of him was that he was a bum. "Armchair philosopher" is another way of saying "no good bum."

Cub
Denver, CO

Somebody woke up on the wrong side of the bedddd, didn't they?

No, seriously—I've thrown this issue back and forth and back again. The profiles are provided as little glimpses into either the model or the situation or how they came about to appear in BEAR. Nothing more. I made some changes when I took over the editorship of BEAR, and one of the elements I examined was the model profiles. If the guy's built and hung and sexy, who cares how tall he is, what his sign is, or what he eats for dinner?

I've said it before and I'll say it again: Fantasy is a wonderful thing. How would you feel if we told you that the biggest, hairiest, butchest looking guy in the magazine was a florist or a hairdresser or a seamstress? Or that his hobbies include knitting and playing with his 14 cats? Or when, in the pictures, he looks like he's 6'4" 230 lbs and in reality he's 5'4" and weighs 155.

Don't laugh. It happens. And although his size, eyes, or hobbies have nothing whatsoever to do with his sex appeal, too much information can destroy the fantasy.

I'll tell you, I considered scrapping the idea of model profiles completely. Sure, we could make things up, but that's ridiculous, and I have no interest in doing that. (The bear community is such a tight group, I'd never get away with it anyways.)

Who the hell do you think you are, telling anybody what their hobbies are and aren't, anyways? If a guy likes to eat, he

sure as hell can call it a hobby. A buddy of mine likes to nap so much that he considers "sleeping" a hobby. I don't spend much time in bars these days, but I'd hardly call guys who might be found at a bar occasionally "slutty bums with no ambition."

I'll try to provide more insight into the model's interests, etc. You should maybe have a beer or get some more sleep. And somebody needs to pull me away from my keyboard before I say something I might regret...

HORSE COCKS

Like many readers, I would love to see the guys in full color. But I think it's time to remind everyone that one of BEAR's great assets is the amateur (in the good meaning of the word) look.

I would hate to see the magazine full of professional models posing their oily bodies in awkward situations. And I get a little worried when I see readers demanding models with horse-size cocks.

It's very appealing to see photos of ordinary guys; guys you could hope lived next door, and I think issue 53 showed the right variety. Two big bears showing affection for each other, a friendly and a good looking grizzly and a young one (Shawn) in his bloom.

So, keep up the good work and don't you get carried away by the success of BEAR 50.

Claus
Denmark

Thanks, Claus. I appreciate your input and perspective. This is a debate which has taken on a life of its own. Like I said in BEAR 53, we're working on it.

DISCOVERY REPLY

Here is a reply to Paul from BEAR 51 who wrote "Discovery" to the editor. Please tell Paul that there are bears in South Africa. We have a club in Port Elizabeth called Ibhayi Bears. Ibhayi is the indigenous language word for Port Elizabeth.)

Paul can contact us at: 13 Sherlock Street, Central, Port Elizabeth 6001, or by email at: ibhayibears@bigfoot.com.

Thanks for a great magazine!

NICE FIT

I'm writing because I want to commend you and your staff on a job well done. I had never seen BEAR until one day coming home from a trip to Los Angeles, I went to Tower Records. One look inside BEAR and I became a fan for life. I have seen other magazines, but they didn't appeal to me. The guys seem too fake, too young, and most of all - no fur!

BEAR has everything I'm looking for because I love the honest approach, attitude and articles.

All of this is very new to me, because I recently came out. But, with BEAR, I feel comfortable because it fits my personality and my lifestyle. So a thank-you is also in order for helping me find a place I belong.

I'm really looking forward to meeting a bear, but I'm very nervous because, like I said, I'm new to this.

If you have any advice, I'd be happy to hear it.

Jose
California

Jose, first I want to say "welcome" to BEAR. We have a good time, as you'll see. Laughter can be as healthy as sex.

As far as meeting the guy of your dreams... I don't know where to start. I ain't no "Dear Abby."

A good bet is to check out pages 24-25 of this issue and locate a bear club near you. Call them up and find out when their next meeting or potluck or beer bust is. Volunteer to help out where needed. There are lots and lots of terrific (and terrific looking!) guys in your area. Just be yourself.

Or, you could do what I'd do if I were in your shoes. Find the nearest gay or gay-friendly biker bar and just hang out by the Harleys. Zoom in on the biggest burliest guy, and ask him for a ride. Worst thing that can happen? He could say no, or pop you over the head. Or, he could just bend you over that big leather seat and give you the ride of your life!

VOID FILLED

I just received my notice to renew. Without hesitation, my check is in the mail (really, it is). I'm a long-time subscriber and wouldn't think of letting it lapse.

I hope you guys realize the void your magazine fills for us out here in this crazy world. I know when each new issue arrives, I can count on forgetting everything to savor the furry men and hard-on fiction. You never fail to entertain.

While you probably don't hear it enough, know that what you do keeps a lot of us sane.

JS
Oklahoma

Actually, we hear it lots, but it always sounds good. Oddly enough, putting together this magazine manages to keep us sane, too. Go figure.

LOOKIN' FOR LAZY BEAR

I saw a bunch of pictures from an event called "Lazy Bear Weekend" in BEAR last year. I don't know what bear club does this or where it happens, but there were so many hot men in the pictures you printed, I want to go! Where can I find out more about this event?

JC
Illinois

Our buddy Harry of Castrobear Presents puts on Lazy Bear Weekend. This event has grown every year, and some of the hottest guys around the country make the trek to Guerneville, CA for a few lazy days of fun in the sun along the Russian River.

You can find out all you need to know at <http://members.aol.com/bearlazy>. Have fun! ☺

My #1 Crush, The Dukester, is all over me to mention the guy who has the lead on the acclaimed HBO mob series, *The Sopranos*. "James Gandolfini?" I say. "I wrote about him three and a half years ago when he played a character named Bear in *Get Shorty*. He's also in the mighty unappealing looking movie *8MM* and *A Civil Action*, which I didn't see, because it just seemed like it'd be hard work to sit through. You know," I tell him, "you're gonna have to go through my back issues of BEAR to catch up on all the men I've already written about." And that's a lot of catching up to do, because I've been doing it since around issue 19. You'd think I would eventually run out of guys to talk about. But all I have to do is plop down in front of the tube with my cable remote in hand and I always manage to catch some new and notable furballs as well as being reminded of old favorites.

I have to admit I am a fan of the guy who appears in those "The Power of Zyrtec," allergy medicine commercials. Have you seen this one? He walks out onto his front porch to pick up his morning newspaper and is attacked by com-

puter graphic flowers spewing their pollen and a gaggle of cats leaking dander like aroused penises oozing pre-cum. Naturally, he's in sinus hell. I like the guy's arms, they're all furry and stuff. And he has kind of a heavy beard, he's clean-shaven but has a heavy shadow, which I think always looks sexy because of the promise of what a few hours might bring to the surface.

And speaking of commercials, there's the cubby guy from Rockapella, the one with the goatee, in the Folger's commercial. You know, "the best part of waking up...doo woppa woppa wop..."? If I'm reading my bio section at rockapella.com correctly, he must be baritone (or is that bearitone?) **Elliot Kerman**. Now Rockapella is no Flirtations, but then again, who is nowadays?

Speaking of clean-shaven guys with heavy five o'clock shadows, I have frequently found my interest piqued by **Ron Livingston**, who has the lead in Mike Judge's movie *Office Space*. I liked him in *Swingers*, I liked him in Molly Ringwald's failed sitcom *Townies*, and even in previews for the Judge film there's something about him that catches the eye. He'll be in the upcoming films *Jello Shots*, and *Two Ninas*, so we'll get an even better look at him.

When commercials and movie previews don't cough up the goods, there's always the cable network I am most thankful for: TV-Land. This is where old, failed television series (particularly from the 1970s but by no means limited to that decade) go to not quite

the wittke wire

die so much as to bob back up to the surface and then sink again. For example, did I ever think I would get to see *Petrocelli*, starring **Barry Newman**, again? It's one of those programs that helped get me through puberty in the 1970s. Every once in a while the folks at TV-Land plop a *Petrocelli* or two down into a cop/detective-related programming block and there's **Barry Newman** with his open denim shirt and I am instantly transported to the days of big collars and Vaseline Intensive Care Herbal Scented Lotion as the lube of choice.

But **Barry Newman's** not the only one whose previous series glory lives on and on in TV-Land. You can occasionally catch the pre-Coach **Craig T. Nelson** in the short-lived *Call to Glory* when he was at his ursine best. There are also frequent reruns of *Baretta*, featuring **Robert Blake's** beefy, furry forearms. You've also got the blonde forearms of **Martin Milner** on *Adam-12*, **David Groh** on the early episodes of *Rhoda*, fussy-yet-furry *Mannix*, **Kevin Dobson** on *Kojack* and the pinnacles of unkempt '70s furriness on *Emergency!*

Emergency! was something of a treasure trove for butch images during my adolescence. Not only did the show give us **Kevin Tighe** as **Roy DeSoto**, all touseled blonde hair and chest fur up over open collars, but I had almost forgotten **Captain Stanley**, played by **Michael Norrel**. He may have been a skinny man, but his furry forearms caught my attention and he served as a level-headed leader for the men in the firehouse. Incidentally, Norrel went on to write some TV movie scripts in later years including 1994's *I Spy Returns* and *The Taking of Maggie Keene* the year before. That one must have been a real woof-fest, since it starred **Peter Onorati** and **Dirk Blocker**. Fireman **Chet Kelly** was played by the sexy **Tim Donnelly**, whose furry charms were displayed better in 1978's *Parts: The Clonus Horror*, which has been justifiably given the once-over by those jokesters at *Mystery Science Theater 3000*. And finally, the daddy of the whole crew on *Emergency!*: **Robert Fuller**, who played **Dr. Kelly Brackett**. Do you get the feeling somebody who worked on *Emergency!* really liked the name "Kelly?" I've always been partial to that name myself and I am sure **Robert Fuller** played no small part in this. He was the stern, no-bullshit physician on the other end of the radio who patiently explained how to splint a busted limb to **Gage** and **DeSoto**. He had a couple of hairy forearms, sad puppy dog eyes, upturned eyebrows and a fuller head of hair than even **Robert Conrad**! I had forgotten how much he turned me on as a kid. But thanks to TV-Land, I probably won't forget again.

You can send an e-mail to
wittkewire@writeme.com if you're
lookin' to toss in your two cents.

You've got a ringside seat when these Latino bruisers take each other on—in and out of the ring! Its no holds barred action as superstar **Vinnie Rocko** and a cast of lean and mean sex-machines goes the distance, including winners **Max Stone** and **Rick Estephan**. This one's a knockout!

FANTASIES**

If you grew up real nerdy like I did, then you already know the value of an active imagination. Forget all that crap about living in the moment. What do you do when the moment sucks? There's no such thing as too much escapism. And nothing finer, lemme tell ya. So many times, I'd done anything to get out of where I was. For me, as for lots of homo-hatchlings, the eighth grade was just about the worst. 1978. I needed to escape.

Thinking about sex is always good for a quick getaway. Your sexual peak comes along when you're a teenager. Great. Just when you're at your ugliest. If they say the average male thinks of sex once every four minutes, then when I was in the eighth grade, I was personally responsible for shaving down the national average with my sick little musings. Even now, if I've got an afternoon with nothing to do and a nap sounds good, I stretch out in a patch of sun and dream about kinky sex. Hmmm. Go to sleep with a boner, wake up with a boner. Fun, huh?

When I was in Jr. High School gym class, I'd be up against the wall (motherfucker) and hiding from the ball. I'd be something else—somewhere else. Little did I know that, 20 years on, I'd have been able to have sex with football players, and that those punks who were my detractors were really just little turds, fuckers couldn't even drive yet; what the hell was I so worried about?

Now that I'm a successful grownup, things... well, they haven't changed a damned bit. I still need to escape. Without a healthy fantasy life, the likes of you 'n me would just curl up and die. Usually it's when I'm standing in a bar, tavern, bath house or what have you. Ever drag yourself out of the house on a Saturday night but once you get 'out' there you wish you were back 'in' again? Gotta look bored, detached. Sophisticated. But underneath my gorgeousness (shut up), I'm thinking the nerdiest shit on God's blue ball.

See, to my twisted little mind, dating and Star Trek are a lot alike.

(No, I do not personally own a tricorder, nor do I know anyone who does. I only went to one convention once and although it wasn't for me, I can tell you that *IF* I were to wear Vulcan ears, mine would actually look real and remain attached to the cranium in the appropriate fashion.

HAT'S OFF

Life Lessons by Luke

"Computer; Commander Riker on My Face, Please."

And if you're thinking "Oh, I never watch Star Trek," then you're the loser and I'm not talking to you.)

First of all, in dating, we explore strange new worlds. A LOT of new worlds. Everyone's got a computer console, we use them to go where no man has gone before. But the problem is, everyone HAS gone there before. Strange new life? I've had crabs the size of shuttlecraft. Through the layers of blue, folds of gray, the brush and scrub of a new landscape. Mounds, valleys, caves. My, what strange scents this new world holds. I've been on more away missions to more crotches than I care to remember, and it remains my continuing mission.

But back to the bar. Standing there with a beer in hand and no one to talk to. I find

myself thinking things like Sector four, primary and secondary targets are online. (There's a cute guy over there and one slightly less cuter one just past him.) Proceed with a North-Downwardly recon, let's buzz 'im and see if we can get feedback on the bio-sensors. Subject is not responding. I can't get a lock. WARNING: oh-nine-five mark zero-zero, a hugely annoying entity off the port bow. Deflectors at maximum.

Yeah, I'm a major fucking nerd with a really big dick.

But we all put up our deflector shields, don't we? So nothing can bother us. That's another constant in the dating world. So be quiet, I'm onto something here.

To some cute guys, I'm what I call Phase Discriminated. They simply can't see me. I'm so much not their type that I just don't register. There's one guy I feel like flipping off sometimes—just because, looking right at me, I'm sure he won't see me do it.

We got Tribbles, furry and cute and... if not exactly reproducing wildly, they fuck at about the same rate. You know who you are.

And Klingons/leather/SM? *You* do the math....

We've got lot of Vulcans out there: Devoid of emotion yet very effective at all they do, which, in many cases, is to fuck your friends and stare uncomprehendingly at you if you should happen to protest. "You mustn't be so emotional. Logic dictated that I sit on your boyfriend's face—you really ought to learn to govern your passions."

And did you SEE Lieutenant Uhura in that last movie with the size o' them thighs? Leaning over the railing in her miniskirt? Yeah.

Lieutenant Uhura's a bear.

If I had a holodeck then I sure as shit wouldn't be sitting in a bar thinking in battle language. But I don't.

There's gonna be times when all of us wish we were somewhere else. Hell, great sex comes from playing games. Refuse to be bound by reality. It's your rabbit hole, make it what you want. Just remember to leave bread crumbs so you can find your way back to the real stuff, maybe making particularly sure to leave some in front of the mirror.

Skewz me, I'm gonna go take a nap. ☹

Why not?

W.C. from New Orleans sent us this, along with a big bag of Mardi Gras beads to give out to the guys in the shop. So, I'm walking around the office, asking the guys, "Want some Mardi Gras beads?" And what do you suppose is the first thing I hear? "But, wait! Don'tcha wanna see my dick first?" Gotta love this place. Thanks a bunch, W.C., from the guys in the shop!

PATRICK

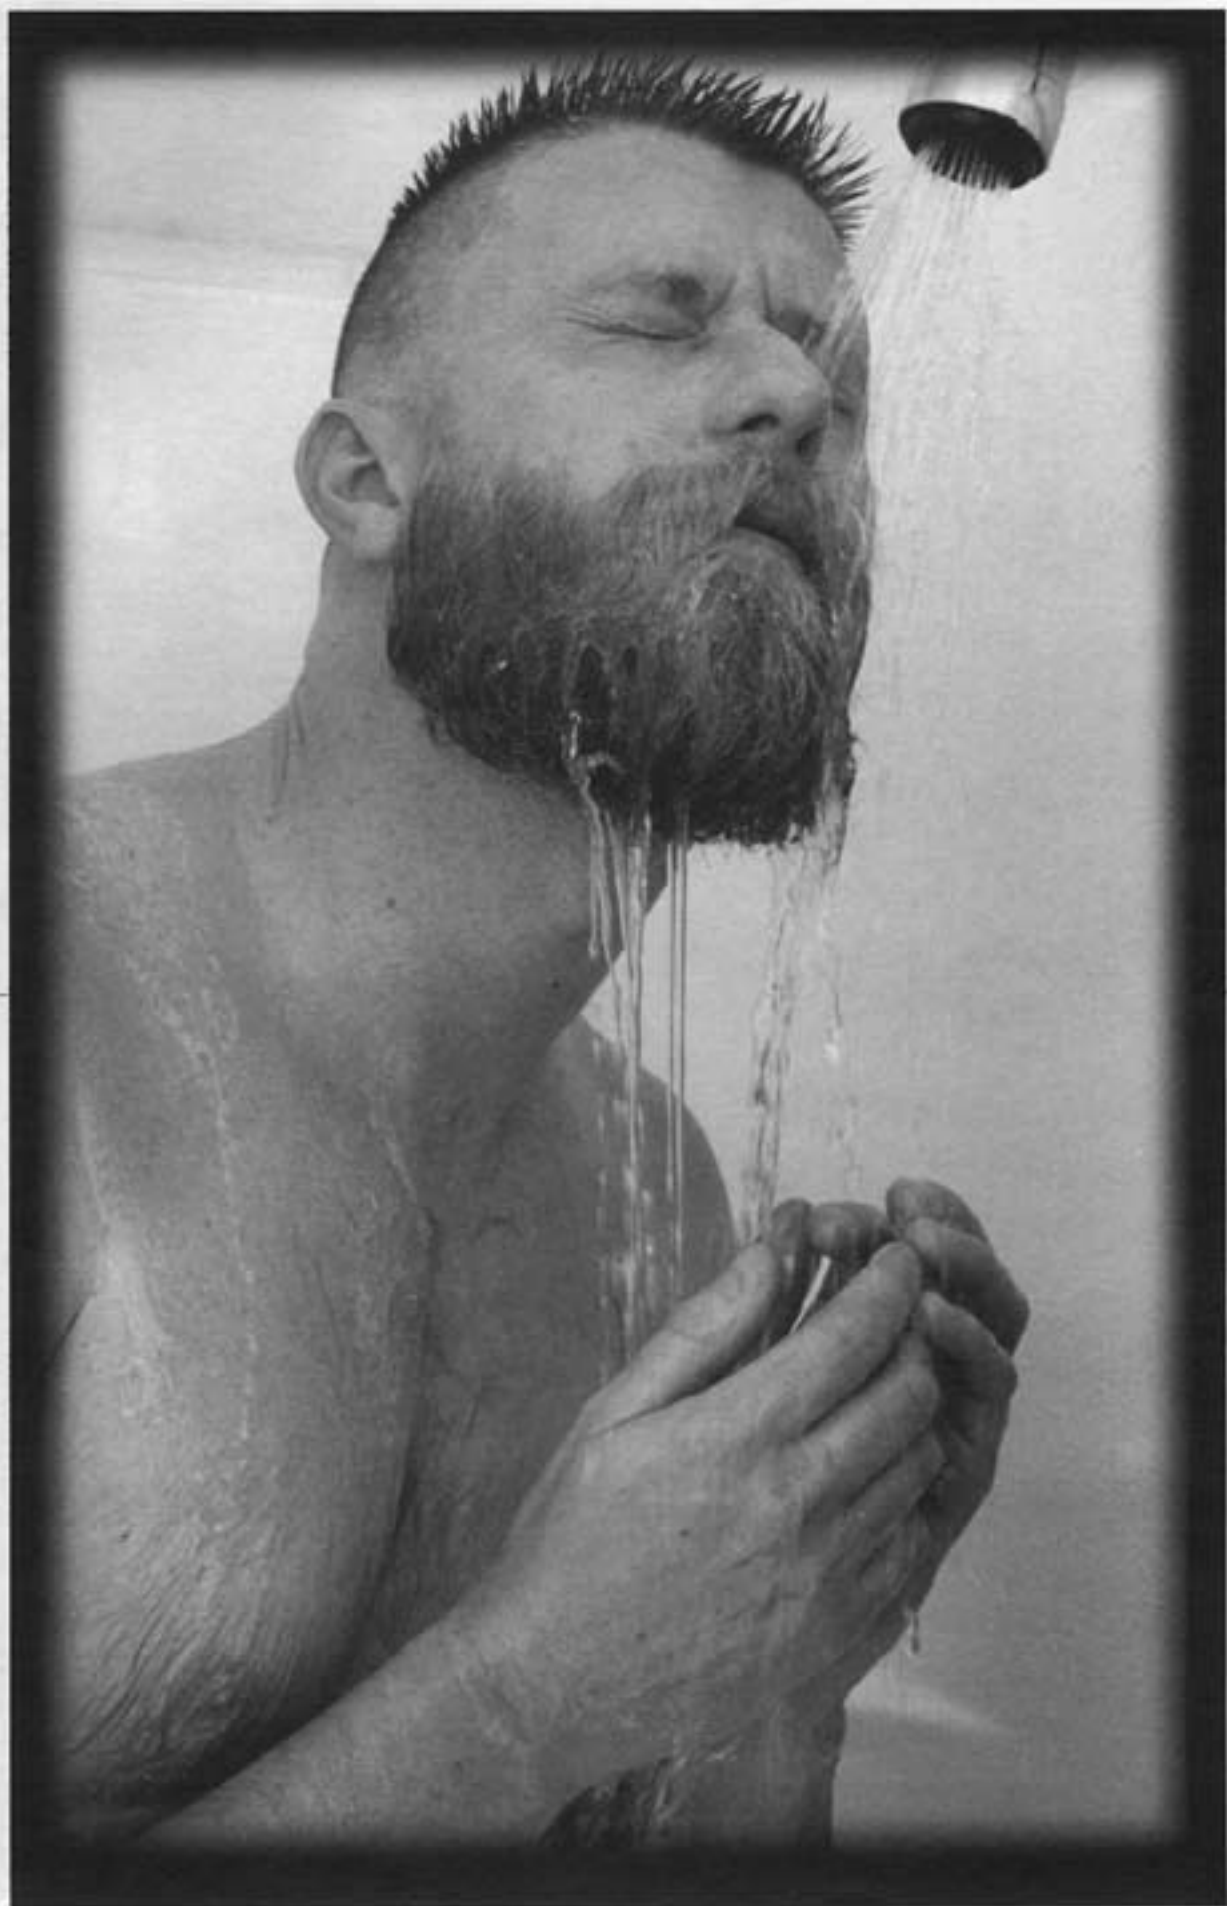

Photos by RVJ Studios

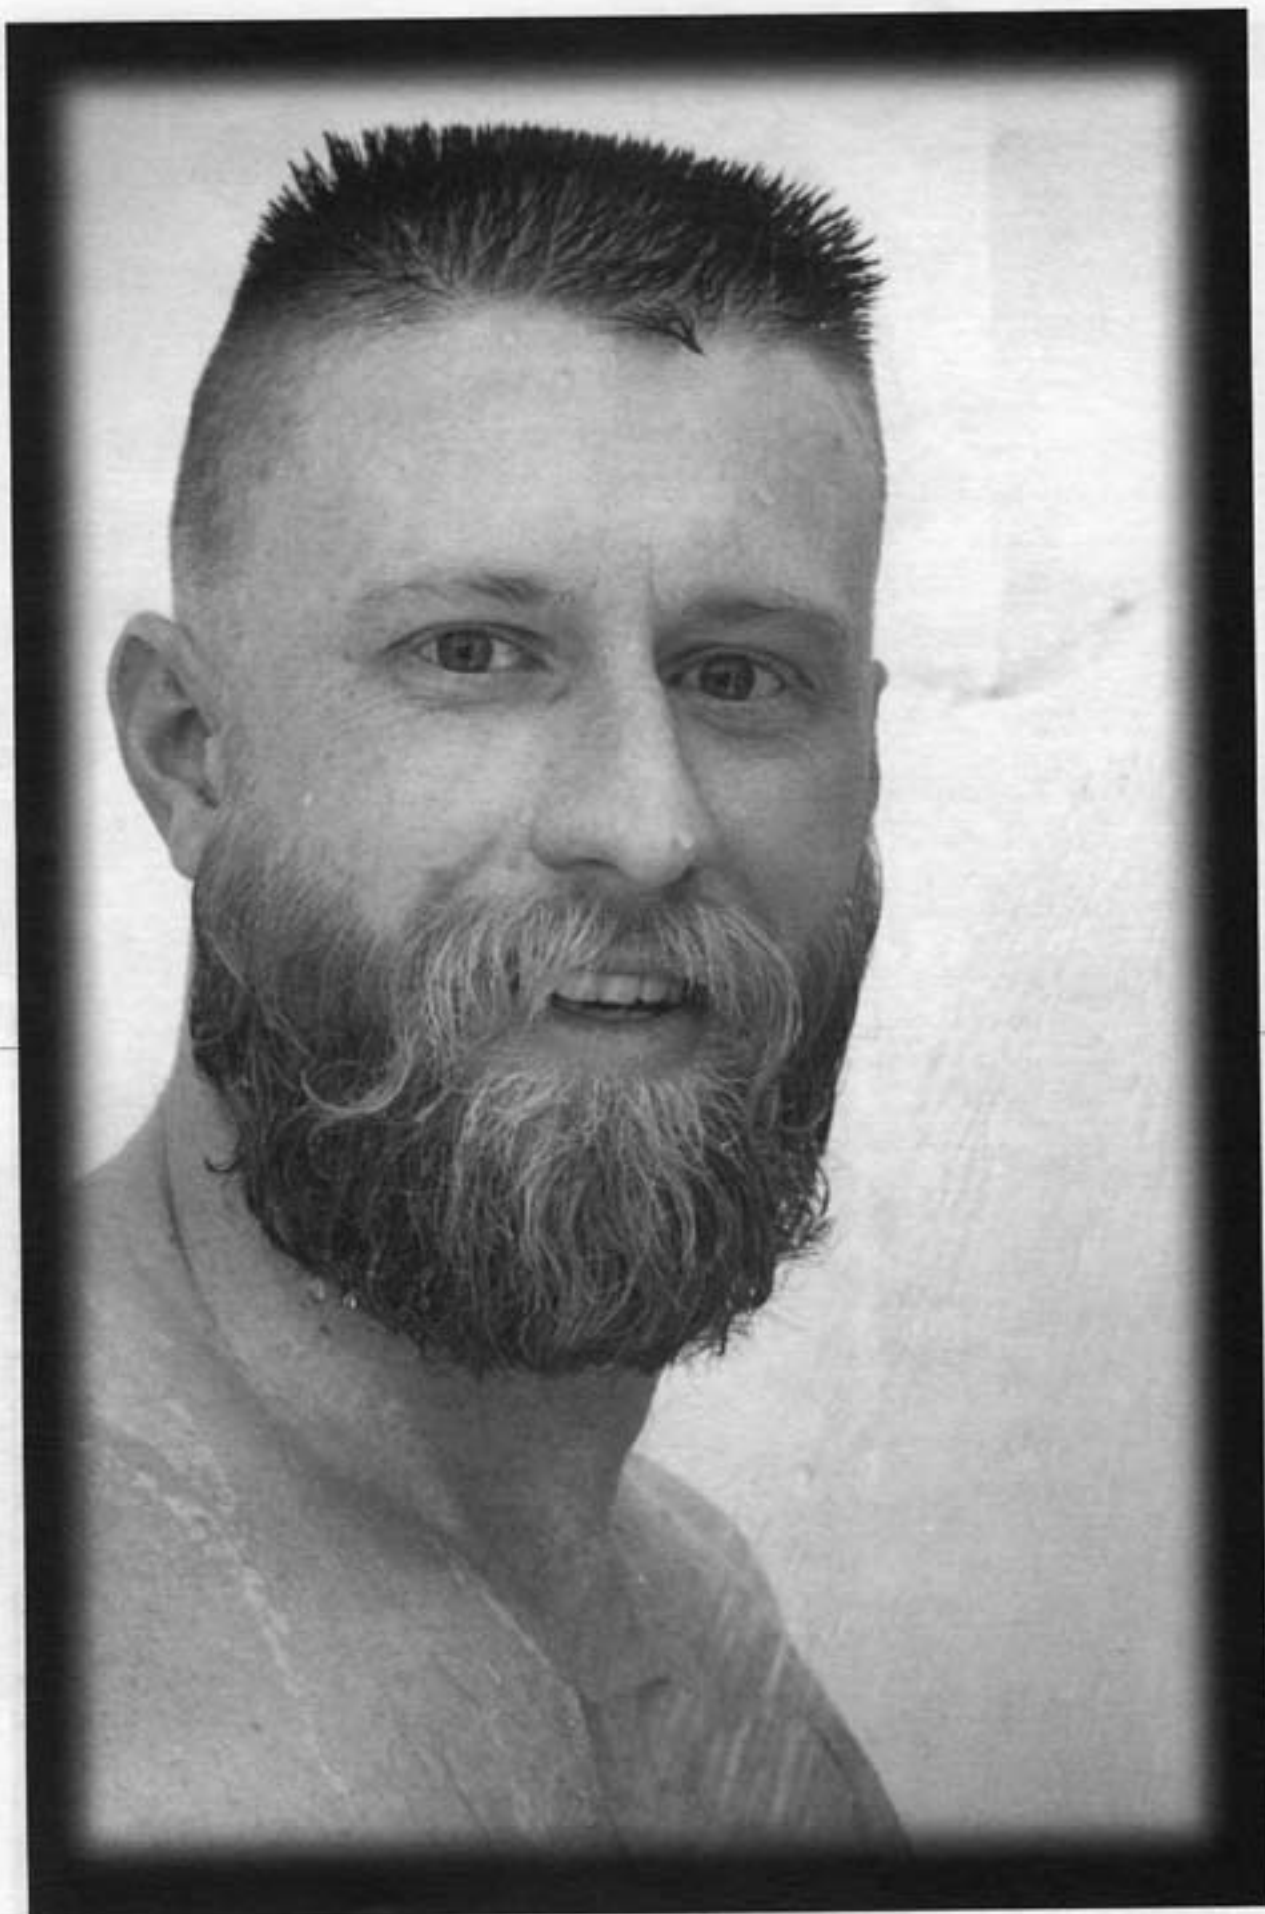

Patrick came to town from Tucson, Arizona for International Bear Rendezvous and decided to do some shopping here at The Bear Store. We were so taken by his handsome mug, great beard, and "aw, shucks" modest demeanor, we just had to share him with you all; after he paid for his merchandise, of course.

He's so damned sexy, with his high-and-tight haircut and shaggy beard and that mischevious grin; he reminds me of some of the guys from the early days of BEAR. And those long blond hairs pokin' out of his nuts remind me of the time... well, I'd best save that story for another time. Enjoy.

THE SCOTSMAN

and his kilt

Last year I was lucky enough to be invited on an impromptu New Year's holiday to Scotland by a friend of mine who was a flight attendant. In Scotland, the New Year's celebration is a two day event, and we took full advantage of it, going from bar to bar in Edinburgh and having an incredible time. The second night, a British friend promised us something out of the ordinary if we accompanied him to a very interesting pub.

We found ourselves entering a packed club, men everywhere. It was obviously a gay bar, there were no women, but it took a little time for us to realize what particular kind of gay bar it was. The men seemed to be unusually fat, and big. And right away we realized there were dozens of kilt-clad bearded Scotsmen circulating around us.

"It's a bear bar," our Brit pal announced with a grin.

I was intrigued, not that I really liked big fat hairy men, but I had never been anywhere quite like this. I myself am a California guy, tall and lean, on the muscular side from regular weight training. I found many of the men ogling me, but I was slightly disgusted by their leers until through the wild shoving flesh, I came face to face with the ultimate "bear".

Pressed against me was the big body of a kilt-clad Scotsman. He grinned into my eyes, his huge paws on my shoulders as he was jostled against me by the crowd.

"Well, hallo, mate," he growled in his thick Scottish accent. His blue eyes bored into mine, but his smile was unaffected and humorous.

I grinned back, slightly drunk as I was. I wasn't in a hurry to move out of his grasp and looked him over even as he was doing the same to me. He had a thick beard, trimmed and neat with streaks of grey, and short curly salt and pepper hair. His cheeks were round and ruddy, and his upper body was quite massive, tufts of hair poking out of his unbuttoned shirt. He wore a kilt; his big hairy legs like muscular tree trunks, pressed into mine and not moving away.

"Hello, can I ask you if it's true that Scotsmen don't wear underwear beneath their kilts?" It was my buddy asking with a wicked grin as he leaned between us.

The Scotsman laughed uproariously, throwing back his head with wild abandon. He fit the image exactly of a rugged Highlander as his big body convulsed in laughter. I laughed too, and so did my buddy. But my dick sprang to attention at the thought of what might be beneath this big stud's plaid skirt, only inches away from my own waist.

"Would the both of you like to find out, mates?" He chuckled, his big hands pressing into my shoulders, his eyes sparkling as he glanced back and forth between the two of us.

"Sure," Darryl answered for us.

We were whisked away through the busy crowd, the Scotsman's hands clamped tight on one of each of our shoulders. This was a new sensation for me, as I am usually larger and more aggressive than others, but I found myself liking the unusually passive experience.

A few minutes later we were passing down a corridor where the humanity thinned, then turning a dark corner we suddenly found ourselves standing in an alcove just out of the crowd.

"Would ya like a peek, then mates?" The Scotsman growled, pushing us both to our knees, me in front of him and Darryl shoved against the wall behind him.

I couldn't believe it when my head was thrust under the tartan kilt and I was enveloped in the warm darkness between the Scotsman's thighs. My face was pressed into his crotch, and sure enough there was a huge slab of naked flesh dangling against my nose and mouth. It began to rise at once, prodding my cheek as it stiffened and fattened. A big hand was at the back of my neck through the woolen cloth of the kilt, forcing my cheeks to rub all over the hairy Scotsman's hardening dick.

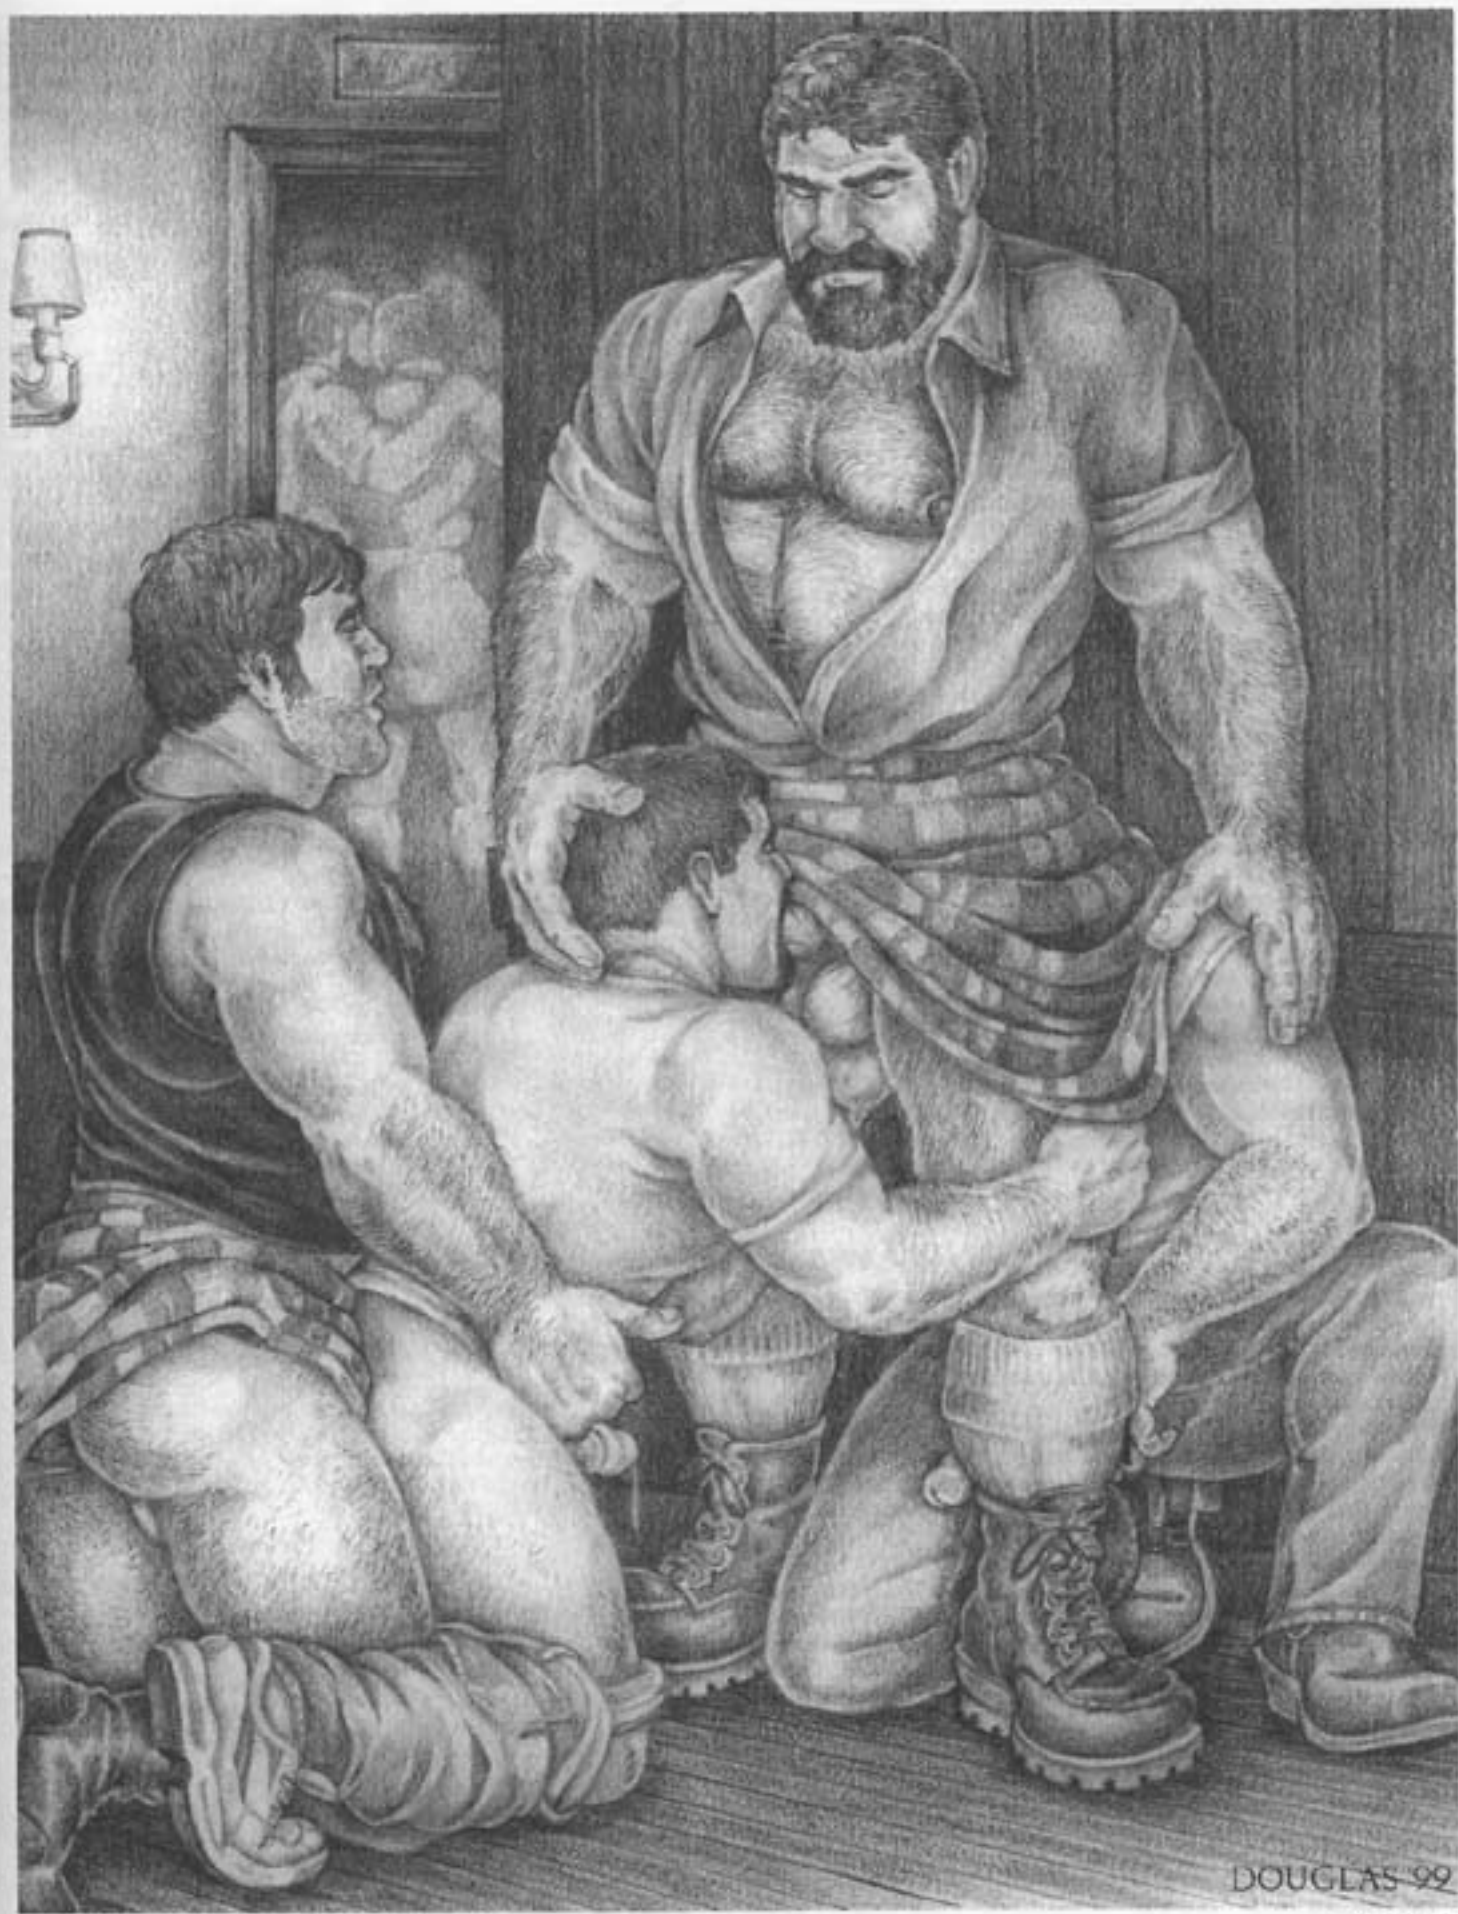

I gasped for breath, inhaling the scent of maleness and wool. My hands came up and grasped his legs, covered with hair and huge. They were not only large, they were hard and muscular and I clung to them as he forced his dickhead between my lips. I opened up and swallowed his slippery cockhead, straining to get as much of the shaft inside as I could.

I felt hands on my chin, and realized they must have been Darryl's. He was behind the Scotsman and had stuck his hands between his legs to play with his hairy balls. I reached up and tugged at those very large nuts, my hands contesting with Darryl's for a feel.

We each massaged the fat ballsac, me from the front and Darryl from the rear. My mouth was being force-fed the Scotsman's fat prick, slowly and deeply. I reached with one hand around his big hips and felt in the dark for Darryl's head, which I found pressed between the Scotsman's big buttocks. He was eating the hairy bear's ass!

This was too hot, I reached between those hairy cheeks and felt Darryl's wet tongue laving away at a puckered hole which I teased with my own finger. I slid my finger up and down the spit slick hairy crack, and played with the puckered anal lips which Darryl was slobbering all over with his fat tongue. The wet opening was tight, but opened to my finger as I forced it to slide inside.

My face was being fucked as I fingered his asshole and vied with Darryl's tongue for access to that hot entrance. All this was transpiring in the darkened corner of the loud and busy bar, without either of us having any idea if someone was watching us, our heads and upper bodies busy beneath this guy's red plaid kilt.

DOUGLAS 99

The Scotsman began to fuck back and forth, driving his fat dick into my mouth and then shoving his ass back to fuck his own asshole with my finger and Darryl's tongue. His hands held both our heads to his crotch while he amused himself with our mouths.

It was terribly hot under the woolen kilt, and absolutely black. All my other senses seemed heightened, I could taste and smell his musky male odor as it invaded my mouth and nostrils. And the feel of his hairy asscheeks and warm wet asshole was unbelievably exciting.

It was then I felt someone behind me. I was kneeling on the floor, and someone was unbuttoning my jeans and pulling them and my underwear down. My hands were occupied, and the Scotsman was holding my head with unbreakable force so I could do nothing about the hands that were now playing with my bare ass. I didn't want to do anything either, too intent on enjoying the Scotsman's body to move away from those anonymous hands.

Big fists pawed at my butt, prying my own hairless cheeks apart and digging between them. My legs were pushed apart and I felt the wool of a kilt rubbing against my bare waist. A hard cock pressed into my buttock, obviously another Scotsman taking advantage of his own nakedness beneath his kilt.

Hands held my shoulders as a dick was slowly inserted into my quivering asshole. I would have groaned or shouted or even objected if my mouth had not been full of the Scotsman's thick rod. The image of another big hairy Scotsman crouched behind me and lifting his kilt to shove his apparently fat cock up my butt was so hot I was afraid I was going to cum. The mixed pain and pleasure from the large dick fucking my asshole prevented a premature ejaculation, and I managed to get control of myself. This was a scene most likely not to be repeated in my lifetime and I decided to really go with it.

I believe Darryl was thinking along the same lines, if he was thinking at all. His face was eagerly snuffing at the Scotsman's big hairy butt, and his mouth and tongue worked avidly to lube and suck on his crack and hole. I used my pal's saliva to work several fingers up that expanding hole, which the hairy bear fucking my mouth seemed to appreciate. He spread his legs farther apart and drove his ass back against my exploring fingers, welcoming three of them inside his fiery asspit.

In the meantime, a long Scot's dick was pounding in and out of my own stretching asshole, and big Scot's hands were pressing into my broad shoulders. All of this was in total darkness until, for some reason, the hot woolen kilt was suddenly raised up and we were once more in the open air. I could see for the first time, although the light was dim, as the Scotsman had his kilt bunched up at his waist and was shoving his dick into my mouth and shoving his ass back over my three prodding fingers.

The fresh cool air was welcome for a moment, and the hot sight of his hairy muscular thighs and big balls was too. But then he dropped his kilt back over our heads and we were plunged into hot darkness again. It was like a comforting hiding place, and I renewed my attentions to his long Scot's pole.

I added a forth finger to his butthole, while Darryl licked at my moving hand and continued spitting on it. His hands were prying apart the hairy asscheeks to allow me easier access which helped to open up the stud's hole quite well.

Then I felt a big paw at my own cock, the guy fucking my butt had reached around and was jerking me off. I had almost forgotten

about my own cock and ass, but was reminded as my dick was twisted and jerked violently. My asshole was ploughed with rougher and rougher strokes, my body being slammed into the Scotsman's with every thrust of the anonymous kilt wearer's large prick.

One of my hands roamed downwards and found Darryl's crotch, where his dick was erect as it poked out of his unzipped pants. I grasped it and jerked it with the same harsh rhythm that was being inflicted upon me.

The heat and darkness combined to bring me to the edge, but even before that happened I felt a shudder from the kilt clad guy fucking my butt. He withdrew his cock and I felt warm cum splattering my bare ass. The thought of being ejaculated on in the corner of this pub in Edinburgh was so bizarre, I finally felt my own orgasm boiling over.

I shuddered and my ass quivered as the big hand over my cock milked a load of sticky jism out of me. My mouth opened even wider over the fat Scot's dick inside it and I swallowed it far into the back of my throat.

I guess this, combined with a very deep thrust of my four fingers up his butthole, drove our Scot's bear himself over the brink. Suddenly my mouth was flooded with warm cum, and I was gasping and choking while I swallowed like a madman. My hand on Darryl's dick was being coated with a load there, too, while the Scotsman held my face over his dick with a tight vice-like grip and emptied his balls down my throat.

The sounds of the pub began to come back to me as my senses returned, and I was aghast at what I had just done. I attempted to rise, but my head was held firm, and my shoulders as well. The anonymous man at my ass was fingering my just fucked asshole, rubbing his jism over my tender butt and squeezing the final drops of cum from my dangling dick.

My fingers were still planted far up the warm fuck chute of the Scotsman's hairy butt. He leaned back against the wall behind us, and shoved Darryl's head between his legs so that his face mashed up against mine. There in the dark under his kilt, he withdrew his wet sagging dick from my throat and forced Darryl's face into mine. Darryl opened his mouth and stuck his tongue into mine, the taste of butthole in his

mouth mingling with the remnants of cum on my tongue.

I could hear laughter above us, muffled by the woolen skirt over our heads. Then I heard the thick accent of two Scotsmen. Hands were pulling up my jeans and buttoning them, cum still coating my ass and crotch as my underwear covered them.

At first I didn't catch what they were saying, but finally I realized what it was.

"Bloody cool, eh? Two American studs found out what's beneath a Scotsman's kilt. D'ya think they liked it?"

They were laughing uproariously again, while we were still captured beneath that kilt. I was tempted to give a good yank on a hairy Scotsman's naked nuts to teach him a lesson, but then realized where my fingers still were. With a grin, around Darryl's sucking mouth, I added my thumb and gave one hard shove.

That night one cocky Scotsman found out what an American stud could deliver to his hairy asshole! He was singing a different tune as his butt felt my fist, and both Darryl and I were the ones laughing uproariously beneath that kilt.

All in all, it was a night I would always remember. No doubt, so would one hairy bear Scotsman. **Q**

SUDDENLY MY MOUTH WAS FLOODED WITH WARM CUM

AND I WAS GASPING AND CHOKING

WHILE I SWALLOWED LIKE A MADMAN.

THINGS TO DO

Events of interest to BEAR Readers

Bear Bonanza

Wichita Bears

July 30-August 1, Wichita, Kansas

"It's gonna be HOT!" the flyer says. So why go, you ask? Well, for one thing, it's the Wichita Bears' first national event, and there's nothing we like to support more than fresh meat... I mean, new events. Right guys? Held smack dab in the middle of the USofA, the Comfort Inn will play host to sweaty, smelly travelers during this event. They're even giving a special rate of \$59 per night to get those stinky pits out of the lobby. Call 316-522-1800 for reservations, and mention the Wichita Bears' Bear Bonanza. Also look up www.bears.net/clubs/wichita.bears for more info on what's worth bearing the heat for.

Lambda Divers

April 28-May 1, Nassau, Bahamas

July 17-24, Belize

Bears usually hit the water in search of salmon chasing up-stream, or at least a good soak in the hot tub. Lambda Divers, out of Washington DC, is putting together two great diving trips of a different persuasion for the warm weather adventurer. Spring Shark Spectacular runs April 28 through May 1, and besides sounding like a great entrée, offers 3 days and 4 nights in the beautiful Bahamas, with diving galore. If you need more time to work out your phobias, The Wave Dancer scuba boat will be chartered from Belize for seven days of exploration off the Central American coast from July 17 through July 24. A total of 22 dives will be available for the soon-to-be-recovering dive-a-holic. For more information on either event, contact David Bress at 202-265-8898 or Scuba1bear@aol.com.

Camp Oregon Bear '99

Oregon Bears

September 9-12, Oregon Coast, Oregon

If you can't stand for the end of summer, join the Oregon Bears September 9-12 on their annual Camp Oregon Bears. All breakfast and dinners are covered for just \$45, along with the cost to camp near the beautiful Oregon Coast, a sight better seen than imagined. This is the second year the Oregon Bears have gathered on the beach for hikes, beach combing, bonfires, and general frolicking. Contact them through www.oregonbears.org or through their hotline at 530-240-2813, and celebrate the approaching autumn on the Pacific Coast.

Folsom Street Fair

South of Market Merchants' and Individuals' Lifestyles Events (SMMILE)

September 26, San Francisco, California

Infamous. How else to describe the largest fetish event in the world? Whether you're a bear, a leatherman, a twinkie, or a ho-ho this is one event where you can be outrageously sexual with pride, poise and lotsa pizzazz. Like New Orleans' Mardi Gras, Folsom Street Fair promotes fetish and alternative lifestyles in a one-day event that caps off a week of jam-packed bars and overly cruisy streets. What sets this event apart is that it gives back to the Bay Area gay community large donations from its proceeds. Beer, buns, piss and pees will all be in abundance. Information and motivational pictures from last year can be found at www.folsomstreetfair.com.

Bear Bust '99

Bears of Central Florida

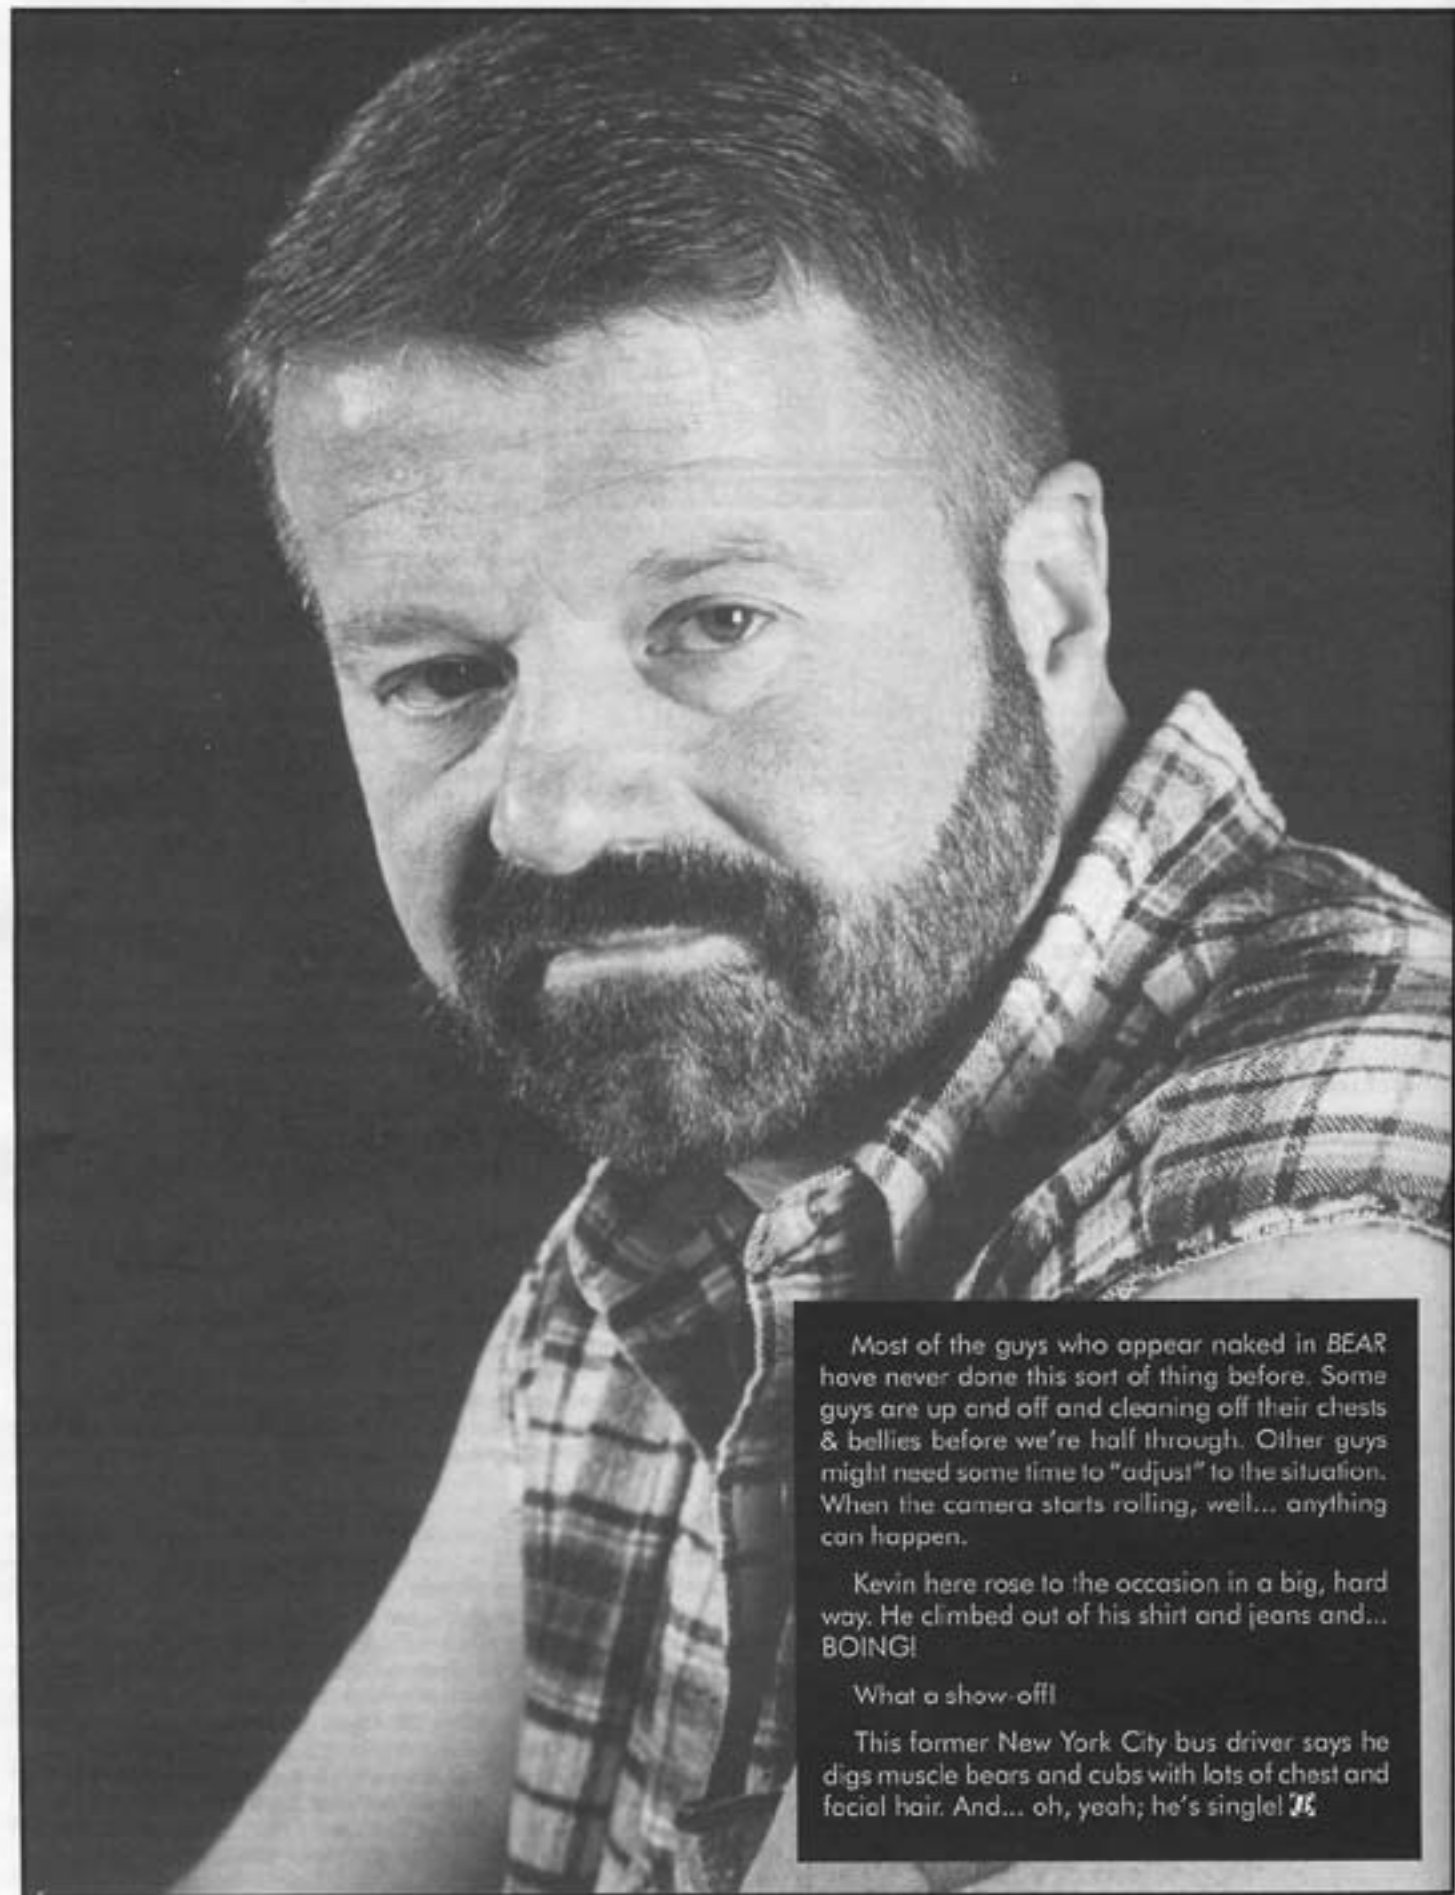

October 14-18, Orlando, Florida

The world's longest running, and many would say best, bear event takes place the same time every year down in sultry Orlando. Hosted by the Bears of Central Florida, Bear Bust '99 is sure to be the largest ever held, as if it could get any bigger. With the Full Moon Saloon, host bar and center of nightlife, entertainment, and dining during the event, a ten minute walk from the host hotel, there is little need for renting a car, unless you're going to check out the other great sights of central, Disney-packed Florida. And whether you're sweating from the sex or just the heat, a dip in the hotel's gene pool will be sure to do you right. Registration and event details for Bear Bust '99 are available at the bears' site, www.bocf.org, their infoline (407) 896-0239, or through the Full Moon Saloon at www.mindspring.com/~jpence/fullmoon1.htm.

Most of the guys who appear naked in BEAR have never done this sort of thing before. Some guys are up and off and cleaning off their chests & bellies before we're half through. Other guys might need some time to "adjust" to the situation. When the camera starts rolling, well... anything can happen.

Kevin here rose to the occasion in a big, hard way. He climbed out of his shirt and jeans and... BOING!

DC BEARFEST

Brush Creek Media was invited by the Highwaymen TNT (that's Trash 'n Travel) in Washington, DC to celebrate their annual "Bearfest" weekend.

Rich (BEAR 51), Bill Adams (BEAR 41), and John Wolfe (BEAR 47) are joined by newcomers Kevin Hayden, Ross Tanner, Russ Johannsen, Dale South, and Malcolm McDonald for a cum-stained romp in the bar.

If you've ever experienced the DC Eagle's infamous outside patio, then you can imagine what happened when BEAR showed up with these eight hairy fuckers, ready to play. Before you could shake a dick, these studs were pouring up and showing off, fucking and sucking and sweating and shooting their spunk all over each other.

Luckily for you, we caught it all on tape, and if you wanna see for yourself, check out the ad and order form in this issue. Check out these pictures first, though. You won't wanna miss a thing. **XX**

DELIVERY

I kept looking at my watch. Christ! Where was that damn truck? We had been expecting this delivery all day. It was due at eleven that morning, but the driver called with truck trouble. Around one he called to say he would be on the road right after lunch. At four he called to say he was lost. That was the last we had heard.

My watch showed quarter after nine. I should have been home, like the rest of the workers, washed, and ready for a wild Friday night. Instead I was alone, waiting in an empty warehouse for a delivery I wasn't even sure would arrive. I usually had help in the evening, but one of my full time crew was on vacation, and the other one was sick. It was times like this I hated being a warehouse manager.

I was standing on the loading dock, with its door rolled up, when I saw the lights of a tractor-trailer coming up the access road.

"It's about fuckin' time," I muttered as I watched the truck pull past the loading dock, then begin backing up.

The truck filled the whole doorway. I could hear the motor stop and the slam of first one door, then another. I couldn't see the driver and his passenger. I was real pissed and had a few things I wanted to say to the driver.

There was a knock at the side door. I opened it, ready to start in on the driver, but the muscular giant that filled the doorway wasn't the kind of guy you scold.

He had to be 6'4", at least, with shoulders that barely squeezed through the doorway. His black tee-shirt was stretched across a wide, burly chest. The man was an older guy with salt and pepper hair cut in a buzz and a trim beard and moustache. His jeans were worn where the bulge of his dick hung along his right thigh.

"We're a little late," he laughed with a sneer on his face. "Got hungry again and stopped for dinner. Figured you weren't going anywhere."

"Thanks for thinking of me," I said sarcastically before I could stop myself.

The giant gave me a mean stare, then snorted with what might have been contempt. He walked casually into the warehouse. His buddy was right behind him. He was nearly as tall, but younger than the giant. He had shaggy brown hair and the biggest, droopiest mustache I had ever seen. He also had a chest that looked like it was ready to rip his shirt open. Both men were hot and under different circumstances I would have been drooling over them, but right now I was aggravated.

"Where's the john?" the younger man asked pulling at his crotch. "Man, I've gotta piss."

I pointed at the double doors to the left as I pulled the metal plate up to the truck and waited for the giant to open his trailer door. He bent down to unlock the rolling door.

"Where's your crew?" he asked as he rolled the trailer door up. "I'm it tonight," I answered as I lay the heavy plate down. "The crew which would have unloaded you this morning went home."

"Jeeesus!" he snarled. "We'll be here all night!" "Sorry I'm holding you up," I snickered, then immediately wished I had just kept my mouth shut.

The giant fixed me with that mean look like he was appraising me, then moved over to the side to let me pass with a pallet-jack. He lit up a cigarette, ignoring the "No Smoking" sign by the door.

I took one pallet off the truck and pulled it down the aisle between our stockshelves. When I came back for the second one, the giant's partner was there and they were both smoking.

"Smoking isn't allowed in this building," I said cautiously. Both men laughed and stepped off the dock into their trailer. I didn't say anything else. I slid the runners of the jack under the next pallet. The giant and his friend sat down on some boxes at the mouth of their trailer.

"This is going to take all night," droopy mustache complained. "You could help me and we'd get out of here sooner," I suggested.

"Naw," said the giant, "I think we'll let you do the work." Both men laughed and the giant ran his hand along the bulge in his jeans.

"I GRABBED FOR BUD'S LONG SWINGING HORSE'S DICK. I SWIRLED MY HOT, HUNGRY TONGUE OVER THE HEAD. I RAN MY TONGUE DOWN THE SHAFT TOWARD BUD'S PUBIC HAIRS. THEN I KISSED THE HEAD AND SLIPPED IT INTO MY MOUTH, TASTING THE SWEATY MAN FLAVOR OF BUD'S PRONG. AS THOUGH IT HAD A LIFE OF ITS OWN, THE TUBE OF FLESH GREW HARD, THE SKIN STRETCHED TIGHT OVER THE BULGING VEINS."

The giant stood up and threw his cigarette to the floor of the trailer. He crushed it with the toe of his work boot. I turned to face the giant, or more correctly, to look up at him. With my slender 5'8" frame I looked like a kid next to Goliath the trucker.

"I think he's working up a sweat," the giant said to his friend.

"Yeah, I think you're right, Bud," droopy moustache said to the giant, as he got up and came to lean against a palette of boxes. "I think he's working too hard."

"Naw, Pete," Bud answered him. "I think he's just nervous. He ain't working nearly as hard as he's gonna have to."

Bud, the giant, was right. I was getting real nervous. I had no clue what these guys were up to. I was sweating, and my own dick was stirring in response to the sexual tension which filled the air.

"I ain't shot my load in two days," Pete said as he pulled at his crotch. "I need a sweet pussy to bury my big, fat cock into. What ya think, Bud? You think this little fellow here could put his pussy-lips around my dick and do anything for me?"

"I don't know," Bud said, "I guess we'll just have to see about that."

"I don't suppose I have anything to say about this?" I asked as I turned to face Pete, the mustache.

"Nope!" Bud said from behind me as he gave me a not-too-gentle shove toward Pete.

Pete was already opening his jeans and pulling them down his thick muscular thighs. His dick was pushing against his dirty, white briefs. The outline of a fat rod showed against the fabric. Pete was right, his dick was thick and fat. He forgot to mention long.

Bud guided me to my knees in front of his friend. Pete pulled his briefs down and his monster meat bobbed before my eyes. He was uncut and the foreskin exposed only a fraction of the head. I leaned forward and touched his penis. Its satin smoothness moved in my hand. I slid the hood back and saw a beautiful mushroom head slimy with pre-cum.

The cock before me was oozing juice out its piss-slit. The smell was strong and manly, sweat mixed with a cheesy, sex smell and maybe the faintest aroma of piss.

"Why don't you lick it clean before we start playing," Bud commanded as he pushed my mouth towards Pete's cock.

"Yeah, lick me clean," Pete seconded the order.

I obeyed. I put that raunchy dick in my mouth. I didn't need to be forced into this, I loved it. The taste was rank, but I ate it up. My tongue rolled the head around between my cheeks. I cleaned the salty pre-cum off the fat head feeling it throb as I sucked. I washed it clean with my tongue, taking the monster piece deep into my throat. I slurped up the tangy butter milk which had accumulated behind his fat mushroom head. I could hear Pete start to moan.

I reached up under Pete's tee-shirt and felt his hairy washboard stomach. I climbed higher and reached his pecs. They felt hard and furry. My hands went right to his big nipples. They must have been at least a half inch each. I pulled and twisted them as his cock moved deeper into my face.

"Oh yeah, sweet pussy-mouth," Pete said as he took the back of my head and rammed it down the full length of his long fat rod.

I might have gagged, but I was so excited all I could think of was the hot man I was servicing. He pumped my head up and down and I pulled hard on those nipples. Pete was breathing heavy.

"Man, you ought to try this, Bud," Pete gasped. "You'll like it, man."

"Well then, don't wear him out," Bud laughed.

I could hear the sound of a zipper and I guessed it was Bud getting ready to try me out. I felt another hand on my shoulder and I was literally pulled off Pete's dick.

"Try this on for size," Bud said as he turned me around.

I was shocked. I thought Pete's cock was huge, but the one I faced now looked like a garden hose. Bud's dick was thinner than Pete's, but at least two inches longer. Bud's rod was cut and still a little soft. I thought I'd better get it in my mouth and let it harden there rather than have that thing shoved down my throat.

I grabbed for Bud's long swinging horse's dick. I took it in my hand and began to massage it. I swirled my hot, hungry tongue over the head. I ran my tongue down the shaft toward Bud's pubic hairs. Then I kissed the head and slipped it into my mouth, tasting the sweaty man flavor of Bud's prong. As though it had a life of its own, the tube of flesh grew hard, the skin stretched tight over the bulging veins. As Bud's cock slid in and out of my face, my lips passed over each bulge and ridge of his pulsing meat.

"You like that, huh?" Bud asked. "You'll get to know it pretty well before we're done, punk. Now suck it like it was your daddy's."

Man, did I like it. If this was what it was like servicing two rough, working men, being demeaned by them, then send in the red-necks. I was ready for them. They could demean me all they wanted.

Bud rammed his meat down my throat. When I reached his low hanging balls, I thought I wouldn't be able to breathe, let alone suck his cock. Bud didn't give me any choice. Like Pete, he grabbed my head and starting fucking my face. I started to gag, but regained my control as Bud's dick slid up and down my throat.

"Oh yeah," Bud growled, "warm, and moist, and deep. Just the way I like my holes."

I didn't doubt it and I had begun to wonder what other holes he might have in mind to fuck. Right then I had to concentrate on not choking. Bud shoved his cock deep into my throat. Each time he sank his

PETE WAS COMPLETELY NAKED. HIS FAT UNCUT COCK WAS DRIPPING PRE-CUM. HE WAVED THE TIP OF HIS ROD AT ME. I CRAWLED ACROSS THE TRAILER FLOOR ON MY KNEES TO GET TO IT.

hot meat into my mouth, my face would get pushed into his groin. I could smell the sweat and musk of his groin. It drove me crazy with its sexy smell. My own dick was pushing against my jeans. I wanted to take it out, but each time I reached for it Bud would pull my hand away.

"Not yet," Bud told me. "We got a lot of road to cover before you need to worry about your prick!"

Pete had gotten out of his clothes while I was sucking Bud. Now he got back into the scene. Bud pulled his dick out of my mouth. I didn't want to let his long tasty meat go, but he turned me around to face Pete. I temporarily forgot about Bud's piece. Pete was completely naked, his fat uncut cock was dripping pre-cum. He waved the tip of his rod at me. I crawled across the trailer floor on my knees to get to it.

Pete's body was as hot as his joy stick. His body was covered in brown curly hair. His pecs were well rounded with fat nipples sticking out like earthworms. He leaned against the boxes with his legs flexed, the muscles in his thighs swelling. I crawled up to those sexy legs and ran my tongue along his inner thigh. Then I sucked the clear goo off the head of his dick.

Before I could really start sucking him again, Pete pulled me to my feet. He shoved my face onto his nipple. He didn't need to tell me what to do. I started nursing like a baby.

While I sucked his thick tit, Pete began to pull at my shirt. He ripped the buttons off, but I didn't care. He pulled my shirt off and I felt someone trying to unbuckle my belt. Bud was back in the picture.

Between the two of them, they got my jeans and boots off. I never once stopped sucking Pete's nipple.

"I think we're ready to get serious," Bud announced.

I turned to look at him. He had stripped too. His tall muscular frame towered over me. Bud's pecs had a covering of short grey hairs and a line of grey hair running down his body, over his tight stomach, to his heavy balls. His long stuck out and a little to the right. It was hard and bobbed up and down with movement Bud made. I could have creamed my jeans if I had still been them.

My own cock was dripping pre-cum like a faucet. It throbbed, begging for release. I figured release would be awhile in coming, but I was pretty sure it would be worth the wait.

Pete pushed me down to his groin again. I was on my knees sucking his balls when Bud started on my ass. He spread my cheeks wide and pushed his face between them. His unshaven chin was prickly against my soft skin, but I was caught up in the rough treatment these two guys were dishing out.

Bud's tongue probed the tight circle of muscle around my ass hole. Even his tongue was rough. I would have been panting and begging for more if my mouth wasn't full of hot dick and unable to make a sound.

Bud's hand slapped my ass once, then again, harder. He slipped a wet finger into my hole and my entire body shook. Bud's finger slid in and out of my ass as Pete's rod slid in and out of my mouth. Bud had huge hands, the finger in my ass was the size of some guys dicks. My round butt kept pushing back onto Bud's finger, wanting more. And boy, did I get more!

Bud had slipped his finger out, that should have been my warning. The next thing I knew my ass was being split in half by Bud's long cock. He didn't waste any time with easing it in, he just shoved his long rod into me in one unending motion. I might have screamed, but Pete's cock completely filled my mouth.

I had been on my knees when Bud's meat skewered me. I guess he had gotten down on his knees too. Now Bud stood up. He lifted me off the floor, my bare-feet dangling over the floorboards. He held my waist in his iron grip, pulling my hips back against his throbbing horse dick. Pete still clamped my head

down on his meat, and his thrusts up into my face were in rhythm with Bud's thrusts into my ass.

I had forgotten the moment of pain at Bud's penetration. All I felt was the thrill of hanging suspended between these two hunks. My hungry ass wanting more dick, my hungry mouth wanting to swallow Pete whole.

"Shit!" Pete said, "Ahhhh." He started to thrust faster.

I wrapped my arms around Pete's thick thighs and worked his cock with all my might. He moaned as he shot his load of hot, thick juice into my mouth. Man, what a load! Warm and salty, filling my mouth as I gulped his gravy down.

There was a shout that echoed in the trailer. Bud, the giant, had crossed the line too. He pushed deep into my ass and his whole body shook. Bud was emptying his big balls into my hole. With each shot of cum, he jabbed me in the guts with his cock. I was being filled from both ends, and loving every second of it.

Bud was the first to slip out. He dick made a popping sound as he withdrew it. He lowered me back down to my knees. I still didn't let go of Pete's meat, I wanted to savor every drop of hot cum.

When I finally looked up, Bud was leaning against the wall of the trailer smoking. He had a satisfied look on his face. His dick had already gone limp, but Pete's cock was still stiff and erect.

"Great hole," Bud said. I almost thanked him, thinking he was complementing me, but then he said to Pete, "you gotta try it, man. I might as well not even have been there. It was like Bud had just tried a new dessert and was suggesting Pete have some. But then who the hell cared, I was getting a great fuck!"

Bud tossed his cigarette and rejoined us. He picked me up off of my knees and sat me down on Pete's lap, facing Pete's furry chest. Bud's hot cum had already lubricated my ass and Pete's rod slid painlessly inside of me. My legs were around his waist and Bud supported my back.

As Bud massaged my chest and yanked on my nipples, Pete began to grind away at my hole. He would thrust up as Bud pushed me down to meet his fat log of a cock. These guys really knew how to work together as a team.

I had one hand on Pete's chest, touching and feeling his beefy pecs and pulling on those nipples. My other hand worked my own cock. I figured I better worry about me cause it didn't seem like these two would bother.

I could feel Pete's cock sliding up and down my chute. The fat, bulbous head stopped right at the ring of muscle in my hole before ramming back up into me. I ran my hand up and down my own dick at the same pace. I don't think I realized Pete was cumming again until my own meat was ready to shoot.

I grunted in pleasure as my cum surged up through my shaft and shot in one long white gooey string across my belly and chest and over one shoulder. Pete was shooting too and his thrusts matched the contractions of my asshole. "Man, what a hole!" Pete shouted. "I could shoot all night, man."

"Good," Bud sneered, "cause it's early yet."

I didn't think about what Bud was saying at first. Then it dawned on me that we just might not be finished yet. At least that was what I was hoping.

We took a break. Bud and Pete unloaded the rest of the truck for me. They did it completely naked except for their work-boots. What a fantasy! Their hot, muscled bodies pulling and sweating, nothing hidden or left to the imagination. Their long dicks and big balls were hanging and swinging as they worked. I could have jerked off again just watching them.

When they were done, Bud said they were going to park here for the night. He didn't ask, just told me. He also told me I was going to stay with them and I shouldn't expect to get any sleep. Now that was overtime I could handle! 

It's three a.m. and I'm sitting in front of my machine, scavenging the net and having trouble convincing myself that this is better than anything on basic cable. I had gone to bed early, but woke myself up with that dream about Dick Butkis. My partner is snoring away, and anytime I nudge him with my hard-on he thrashes about and snorts. Would have been great if he was awake! So I turned on the tube to catch the end of *Speed Racer* on Cartoon Network; fantasizing about Pops keeps me busy for a little while, but there's really no sex in the *PowerPuff Girls*, which was on next.

Finding full-frontal nakedness on the web is hard anymore. I tried a search and all I got was a "sensitive content" warning screen (feh! Disney...) and 3000 hits of commercial sites that require some kind of monetary subscription to prove that I'm over 18. So I tried some simple boolean phrasing to help weed out the trash (har!). I'm sure there's some geek out there who could define it better, but basically you can modify a search query by using yes/no variables like and, but, or, not, +, and - that tell the computer to look for specific items and exclude other ones. For instance, the last search gave me back anything that related to each word in the string "bear hairy cock", narrowed in priority according to the occurrence of the word on the page. To narrow the search I tried a string of "bear +hairy +cock -girl -AdultCheck", which gave me much better results.

(If you wanna be really geeky, here's a great site that charts the features of a few different databases: <http://www.nhc.nhmccd.cc.tx.us/public/lrc/research/search2.html>.)

The first page that I hit on was Bearland.com—an online community

Getting Around, and Finding Some Dick

of sorts that doles out space like plots of land. You can "build" your "home" with them free of charge, and they support other endeavors, like the DaddyBears page. Double-woof!—lots of pics, some showing dick, and most have contact information.

"Honey, I think I have a new penpal!"

Down the list I found Furry Pleasures—a database of erotic stories involving "Furries"; people who are into anthropomorphized animals—like Ron Pearlman as the Beast. Check out: <http://furdirtumper.net/fp>.

Then, for the lycanthropic view, head to <http://www.vargr.com/werewolf/entrance.html>.

The Werewolf has some great art and stories, and he's spent some time designing his site, which makes it all even more appealing.

Ok, first, check out: <http://models.badpuppy.com/vangar/gwa2g.htm>. Huge listing of hairy guys. Then follow the link at the bottom back to "GWA Main". That stands for Gladiators World Alliance. 'Nuf said...

Lastly, here's another huge listing of personal and club pages called Bear Quay (that's pronounced "key"). The benefit of this one is that the links are all tabled on the frontpage. This is the place to look for that guy you made out with at Rendezvous who never called you back. It's at: <http://www.mcs.net/~dlhooker/quay.html>.

So, there ya go. That should keep ya'll busy for a while. If you have any clue where there might be DICK for FREE, send the darned URL to me at hunt_n_pecker@yahoo.com.

All the opinions here are my own, and, as always, your mileage may vary.

YOUR OWN PERSONAL JESUS?

I just didn't know if we should go there, but it's a nice picture, so here we go. Our buddy Carl, in Oklahoma, writes: "I found something interesting at work. Enclosed is the Dec. 8, 1998 publication of *Awake!* Although I am not a Jehovah Witness, the cover of this issue caught my eye. If you look at the cover photo and the picture on page 7 (shown below, right), you will see Jesus as depicted in Biblical accounts. If I had lived back then, I would have been a member of his flock, and in the front row at each sermon. Feel free to use this in a future issue. Show the world Jesus was a hot-looking bear."

I'm all for bending the rules, buddy. But, c'mon...cruising Jesus? Dang! How about if we stick to Wittke Wire for finding BEARmen outside of BEAR, and leave the bible alone, ok?

Live Bears!?!

John from New York sent this in. He says, "I thought readers would enjoy this shot. It was taken at the Saratoga County Fair. My lover Ed & I thought it sounded like a great country to live in. I'm checking for my VISA, and hoping for a strip search for contraband when I cross the border."

Thanks, guys. Looks like lots of fun! Let's have some shots from inside next year!

Most of the bears and bikers I know are gay. They'd go limp before sticking their cocks into anything other than a guy's mouth or ass (or the occasional hole in the wall). Well we've found some real **Down And Dirty Scooter Trash**, in the movie by the same name, screwing bitch after bitch in one of the raunchiest straight flicks I've had the pleasure of checking out. Every skinny, fat-breasted woman in this film works real hard for her money, orgasming on one hefty dick after the other. Straight out of any roadhouse fantasy, it puts many gay films of its caliber to shame.

Picture this: three helpless maidens, teased trailer-trash peroxide-out hair and all, stranded beside their sporty two-seater. With me so far? Along come the bikers to the rescue. They take advantage of the damsels' plight in the tragically dubbed opening scene. Unfortunately, the one guy who can fix the car won't take cash to do the work. He wants pussy instead. That's where the most memorable line in the overscripted film slurs off the screen: "Listen, if you won't take my money, how 'bout my little sister?" This starts a chain reaction around the biker shop, with meaty, hairy guys taking the three little ladies' three little holes as payment for auto repair yet to be done.

The rest of **Down And Dirty Scooter Trash** stars Ron Jeremy, his smart mouth, and his fat club-cock in three different rape scenes where the victims become willing. First he takes his wife to a bar on her birthday where her surprise gift is a gangbang by a scary crew of bears that ends with

her moaning her orgasm out on the pool table with a fat biker-cock up her twat. Then as a cop, Jeremy coerces a troop of bikers facing jail time into letting him pound their bitches' twats in trade for their freedom. In a crazed rebuttal to that scene, the same bikers return later to the cop's house and ravage his daughter and wife; the latter while she is blowing her husband who is wearing a sleeping patch which theoretically keeps him from seeing what's really going on.

Directed by Boz Crawford (Joan's long lost brother?), and featuring Barbie Doll and Crazy Ace in an all-trash cast, **Down And Dirty Scooter Trash** is about just that: nasty, hairy, hung guys screwing drugged and drunk nymphomaniacs. The entire flick is set as a flashback, narrated by a tattooed guy in a reversed sheepskin vest. Besides the sharp fashions, look for the distinct lack of condoms in this film. This is a cum as you are movie and if the sight of unsafe sex (or pussy for that matter) turns your stomach, then pass on this one. (*Editor's Note: Big hairy biker pulls out of the chick's butt, shoots all over it, uses his dick to smear cum up and down her butt crack and then shoves his still-hard meat back inside. Not safe. Not "PC." But really hot to watch.*)

Check out www.excaliburfilms.com to order a copy. But if you get a copy, try not to fast forward. You'll miss the camp porn script ("Ooooh... Motorcycle bikers!" one vixen purrs.) which casts a great John Waters-esque spin onto the whole, raunchy thing. **T**

PLACING AN AD

Test. Talk about yourself and be real clear as to what yer lookin' for. Avoid negative shit, like "no fats, feds or Republicans." We happen to dig big guys. Plus, it doesn't work, and we'll probably change it anyway.

Names. We can't run ads addressed to Occupant or Boxholder. Use your initials or a name your postal carrier knows.

Phone Numbers. We won't print 'em. That's it. Period.

Photo Ads. We'll run a shot of your face or dick, but only once. Your photo must have a signed model release (see "Show Yourself in BEAR," page 61) AND a photocopy of your picture ID. Don't bother sending us photos without this stuff. We can't legally print 'em. Each photo sent to BEAR must be signed with your name and phone number on the back. Photos are not returnable.

BEAR Postal Box Numbers. If you wish, we'll assign a BEAR Postal Box Number to your ad, collect your responses and forward them to your address. A word to the wise: your own address will get you more responses. For U.S. subscribers only. Free for BEAR Buddies, \$5 for everyone else.

Voice Mail Box Codes. We assign a voice mail box to every domestic ad. Guys can leave phone messages in your box after reading your ad, and only you can retrieve them. Cost is \$1.98 per minute for both parties.

Common Courtesy. If a guy gets in touch with you, write back. Even if it's just to say, "No thanks," he deserves to know you got his message.

Cost and Duration. Personal ads are free if you're a BEAR Buddy (an \$85, two-year subscription). Otherwise, they're \$25 a word, per issue. BEAR Buddy ads are discontinued when the subscription runs out. You'll have to submit a new ad when you renew your subscription. Wanna discontinue your ad? Write in, and we'll pull it. You'll have to pay to have a pulled ad put back in, though.

Ad Changes. It's cool, but will cost you five bucks, and must be in writing. Hint: you'll get more responses by revising your ad from time to time.

Edits. We reserve the right to edit ads for editorial consistency and clarity. We also reserve the right to refuse any ad.

Submitting your ad. Compose your ad on a separate piece of paper, and for God's sake, write or print clearly so we can read the thing. Remember, no telephone numbers or "Boxholder/Occupant" addresses will be printed in ads! Photocopy this form, or copy it by hand, but we need all of this info!

RESPONDING TO AN AD

Voice mail box number. To respond to a voice mail box number, see details under "Voice Mail Explained." If the ad says "No voice mail," it's a good bet the fella won't be checkin' his phone messages. Respond via written letter, or e-mail, if it's listed.

BEAR Box Number. To respond to an ad with a BEAR Box number, seal your letter in an envelope. On this envelope, put the fella's box number in pencil where the stamp normally goes. Send this with \$1 in a larger envelope to us.

Common Courtesy, Part II. Respond only to the ads looking for your type, and don't be pullin' the old form letter routine. If you don't fit the specifications listed in the ad, don't come bitchin' to us if you don't get a response.

Prisons. Not a great place to send money, or pictures of your hairy ass. By all means, correspond and make friends. But know the potential for trouble to you as well as the guy on the inside.

VOICE MAIL EXPLAINED

Our BEAR voice mail system is designed to give you access to new friends, true love, or just a good fuck. It works. Remember, if you are placing a personal ad in BEAR you will automatically be assigned a BEAR voice mailbox.

If you place a personal ad in BEAR, we will send you a letter with information about your voice mailbox, your passcode, directions on how to set up your free voice greeting, and general directions on using the system. But guys, give us a couple of weeks from the day you mail in your ad before you start calling us. We know you're horny, but these things take time.

You can also use our voice mail system WITHOUT placing a personal ad in BEAR. You can call to listen to ads and leave messages for guys. You can even setup your own voice mailbox, just like BEAR advertisers have. If you set up a voice mailbox without placing an ad, callers will hear your ad and can leave messages for you, but BEAR readers won't ever see a printed ad, so you might get fewer responses.

HERE'S HOW IT WORKS:

1-900-DVB-BEAR charges the call to your home phone
or
1-800-347-BEAR buys a block of time with your credit card

When you call, a recording will automatically begin describing instructions and options. These instructions will explain everything you need to know about using our voice mail system. Be patient and allow yourself a minute to hear all the options. A few basic options are explained below:

- Press 1: to create additional mailboxes. These boxes won't be printed in BEAR, so you can be even sleazier or more discreet if you like.
- Press 2: to browse ads from other guys by area code.
- Press 3: to leave a message for one of the guys whose printed ad you see in BEAR.
- Press * (star key): to pick up messages that other guys have left for you.

Remember that once you call and are at the main menu, it is not necessary to listen to all of the options before you make your choice. If you already know how the system works, you may start pressing buttons on your phone right away.

Still have questions about BEAR voice mail? Call 1-800-234-3877 and ask to speak to our answer guy, Mike Eades (his extension is 123). He's usually here until 4:00am, Pacific time.

I know you are out there somewhere. This attractive GBM, loving, intelligent, sensual, spiritual, jack-of-all-trades is waiting. 47, 6'3", 219 lbs., beard, mustache, looking for a real man-to-man relationship. My age, or older, beard and 'stache are just what I love. I am a healthy, masculine kind of man, and looking for the same. I love to cook, I love wildlife, home entertainment, old romantic music, good home life, and someone classy with pride and respect. Not into drugs or heavy drinking. I don't smoke, I don't like bars or clubs, but I do go sometimes, for I am a single man. I want a man who's got it all together, and who knows that you don't have to take your clothes off to have the best time of your life. Sex is not what keeps love alive, it's two hearts, beating as one—honesty, and loving yourself first before you can tell someone that you love them, from the heart. Now as I come to the end of this segment, I extend my hand across the miles to you in friendship and love. If you are healthy, and like the above, let's hear from you, my friend. White or latino men, White photo please. Black men, how can I leave you out? INTERNATIONAL BEAR RENDEZVOUS 1999

HINDSIGHTS

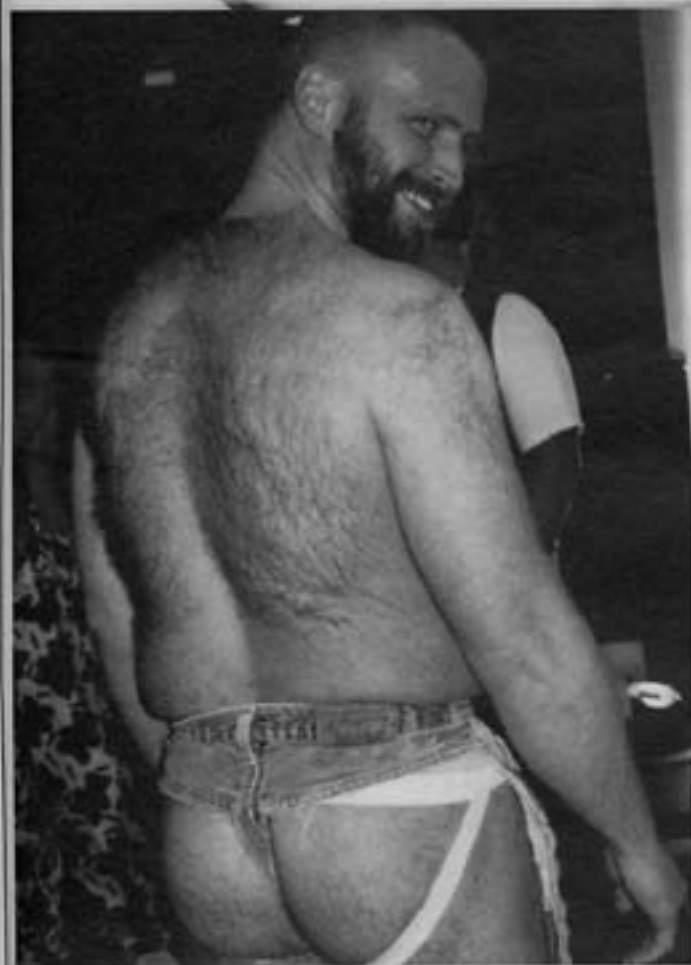

Photography by Lynn Ludwig
IT ALL COMES OUT IN THE END.

Beers of San Francisco added themselves this year with probably the best International Bear Rendezvous to date. Well organized, well attended, hot men everywhere, and lots of fun! Congratulations BOSF for a job well done! A record 730 people from 40 states and 15 countries registered for the weekend's festivities, making this rendezvous truly "international" in scale. While actual monies raised for charity have yet to be announced, expectations are that it will exceed last year's total. This year's auction alone raised over \$7,000!

The main event was the contest and buffet at the San Francisco gift center. As always, the food was superb. Local cabaret diva Sharon McKnight was sensational, and had the enthusiastic crowd on their feet, screaming for more. Hopefully she had as great a time as we did and will want to come back again next year. The International Bear Rendezvous contest boasted a superb line up of contestants this year; 23 in all. They all did a great job, and any one of them would have made a great spokesman for the bear community. As always, thanks to the over-popular Lynn for a great job as emcee. IBR 2,000—be there!

JOE

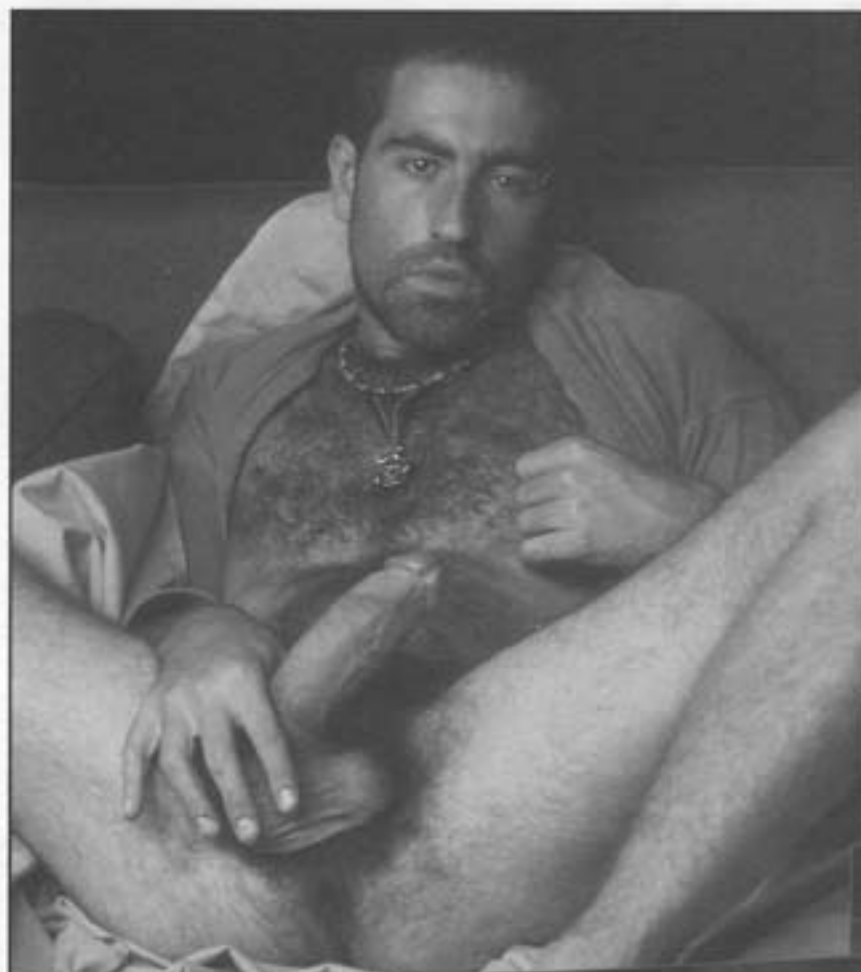

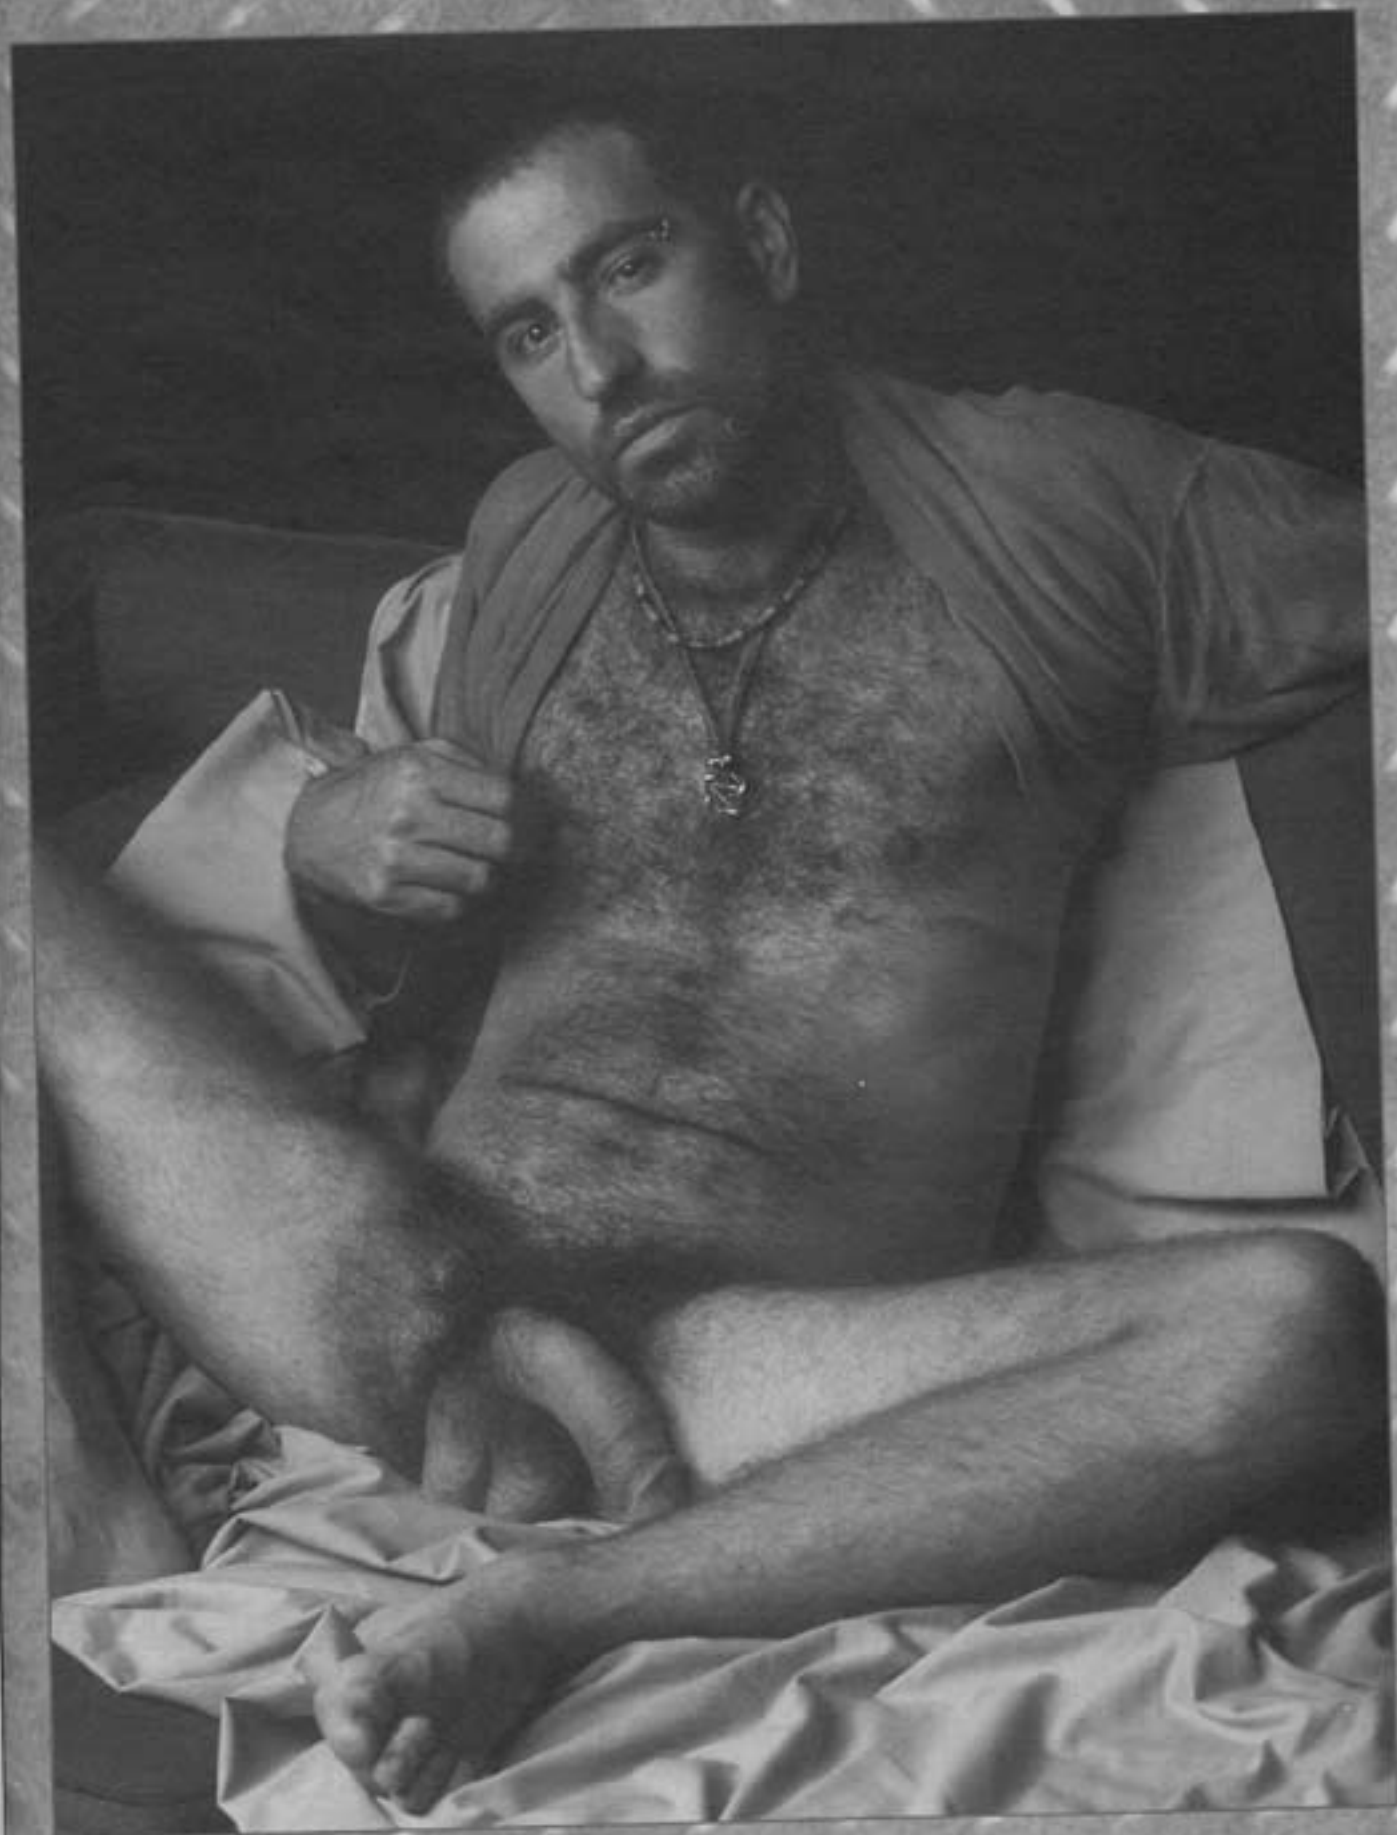

We get so hung up on the notion that all BEARmen live in log cabins and spend our days choppin' wood and fixin' trucks that we forget that many (most?) of us live in (gasp!) cities, in (louder gasp!) apartments. We buy Duraflame® logs (better for the environment, or so the package says) for our fireplaces, and hire mechanics to fix our trucks.

Perish the thought!

Joe here lives in New York. We don't know if he fixes his own truck, but who cares? He's so hairy, you've gotta play "Where's Waldo?" to find his nipples. He's real comfortable with himself. He wears beads and an eyebrow piercing, and he's got a tree tattooed on his lower back. Raise an eyebrow at any of it, and you'll probably get a shy smile and a subtle "Whatever."

Like you'd give any of this a second thought when you're down there, nose-to-pubes, gagging on that big salami. 

Smokey Bear Baseball Cap

That Tinkie Winkie character is so flash-in-the-pan, so we've decided to stick our buddy Smokey on this cap instead. Great for summer picnics, where you want to impress your Grandparents with your sense of social and environmental responsibility, all the while getting "wool's and "grrr's from pic-a-nic bear guys. "Only You" embroidered below Smokey's face.

Chris

Tired of waking up alone? Sick of bringing home the bacon only to turn around and waste it on drinks for guys who won't move in (or at least put out) afterwards? Chris here just could be the answer to your (and ours, if this actually works) prayers. He's built big, and he's solid as a rock. Tough as nails and tender as a pup. Knows his shit on the computer, too. And though he claims he's not for sale... well, we all know that everything has a price. (Price quoted is for one night only.) Tax and shipping not included.

Bear Built Tough Flannel Boxers

When he gets your jeans off, he'll know you mean business in these boxers! Besides, nothing warms yer parts better than good ol' flannel! They come in green and navy plaid, like our buddy Chris is wearing, or traditional red plaid. Embroidered logo patch.

Bear Paw Sox

They're thick. They're absorbent. And they're so white, your legs will look tan by comparison. Black paw embroidered on the side of each sock.
