If you've ever experienced the DC Eagle's Inferno outside patio, then you can imagine what happens when BEAR shows up with eight hairy fuckers ready to play. Soon these studs are pairing up and shooting off their searing loads. There's no plot - just plenty of fucking, cumshots, cock sucking and dildo action.

Filmed on location at the DC Eagle.

I'm in a better mood now than I was when I spoke my editorial piece in *BEAR* 55, when I bitched about big, bitter, bitchy bears. So, this time around I'll stay off the the soap box and stick to *BEAR*. I've only been doing this for a little over a year, and I don't wanna go gettin' my eyes clawed out so early on in the game.

As some of you noticed, *BEAR* enjoyed about 15 seconds of fame on *Saturday Night Live* recently. (See "Witke Witke" on page 13 for more about this). I didn't actually see the show when it aired. C'mon. Saturday night? After ten o'clock? Heck, I'm an old married guy—I was either sleeping or making whoopee with my better half and, either way, chances are, the TV wasn't on. Nonetheless—Yee-haw! We're famous, again. I'd like to thank whoever at SNL is responsible. Come forward and bend over... err, take yer bow. (I've thought about this more than a little, and I still haven't concluded if being the subject of a late-night parody is a good thing or not. But, a certain local publicity machine I know once told me that any publicity is good publicity. He should probably know better, but—we'll take whatever we can get.)

This issue of *BEAR* was alot of fun to work on. We've put together a fine lookin' group of guys, and I'm uncharacteristically excited about it. (Actually, I think that maybe I've just looked at that picture of Dave's butt on page 22 one too many times. Each time, I think to myself "Great Issue!!!") There's a little something for everybody here, whether you like 'em lean & mean or cute & cuddly.

While working with *BEAR* 55 coverman "Mmmmm...Steve..." on promotion for his "Great Canadian Bear Hunt," I couldn't help but notice the really great illustration they had on the ad for their run. Steve was nice enough to put me in contact with the artist currently known as "Brutus" and you'll see why I dig his work when you get to page 25. He's drawn a cartoon that grabs the whole whole bear movement/identity/merchandising thing by the balls and puts it into perspective with a big scoop of humor and a healthy dash of sarcasm. You'll laugh. Or, you might see yourself somewhere in there, and cringe. Either way, it's a winner.

There are a couple of ads in this issue for our 2000 *BEAR* Magazine Calendar. Check out coverman Mitch all decked out in fire gear. (Heavens to mergetroid!) The 13 hot *BEAR*men in this calendar are sure to start your millennium with a bang and a boner. I worked with our calendar designer Urso and we gave the whole project a really unique look. (Hey, it can have big hairy dicks and still look purty, right?) Order yours today in the enclosed catalog.

If you havin' already, check out [www.chisel.com](http://www.chisel.com). *BEAR* model Doug (*BEAR* 30) has done us proud! He's the associate publisher of Chisel.com, and he's incorporated some hung, hairy hunks into their stable of men! I couldn't help but notice Lance (*BEAR* 49), who is in their feature movie, "Executive Bears." Yum. Check it out! Of course, Chisel.com is pay-for-play, but there was a free 30-day trial last time I looked. Tell Doug you read about it in *BEAR*!

You will also notice in this issue that there are no bear club listings. What's happened is that this list is growing so dang rapidly that we're taking an issue off to figure out how we can redesign those pages to accommodate all of the listings without resorting to type so small you'd need a magnifying glass to read it. A bigger better list of bear clubs is on its way. Meanwhile, check our website at [www.brushcreek.com](http://www.brushcreek.com), where we have links to bear club sites.

Enjoy the issue, and let me know what you think, by dropping me a line at [benrvaes@brushcreek.com](mailto:benrvaes@brushcreek.com). Summer time... and the livin' is sleazy.

Steve

## Men that make you go "Mmm..."

Dang, it's fun working here sometimes. Look at Rob here (before you move on to the naked Rob on the next page).

We imported this one from Canada. He's already gotten naked for the camera, and his pictures are sitting in my drawer, waiting to go into *BEAR*. It's *all* good, I assure you. You'll see him in an upcoming issue of *BEAR*. Keep yer eyes peeled.

### NICE WORK, BUDDY!!

My bud Mike brought me this picture before he upped and left us for Seattle. It features a really sexy friend of his wearin' a cap, horn-dawg look on his face; he's hairy chested and bearded and everything looks to be working realilly well. His name is Chris, he's from Iowa, and... oh yeah—he's got a cool tattoo on his shoulder that some of you might recognize. Thanks Mike and Chris! (Mike—we miss you!!)

We managed to snag a few choice cuts of beef from International Bear Rendezvous this year, including Rob here, who also walked away with the title of "Mr. International Daddy Bear."

Men who know what they want are the sexiest creatures. Oregonian Rob marched into The Bear Store ready to do it. None of this "Do you think I'm sexy?" bullsh\*t. He was ready for BEAR. And we were waiting for him. We photographed him the next afternoon. (There were more than a few ruffled feathers here in the shop regarding who got to go watch his photo shoot! We think he's got one of the purdiest sets of nipples we've ever seen.)

Rob can be seen in the upcoming Brush Creek Media video release BEARBALL. Should be out this winter. Look for it.

## JACK FUCKS.

I want to comment on Harry from Illinois' letter in BEAR 53. Jack Radcliffe, though handsome and sexy in all of his videos, just seems to lie there with a "do me" attitude as if he is some Olympian deity above reciprocity, and this stance seems very selfish and ungrateful. He made Jim Coleman do all the "work" in BEAR Sex Party also. His big contribution was in allowing himself to be "done." This has caused me to lose interest in any further Jack videos.

Joe  
Michigan

I don't know much about Michigan, but there are truckloads of guys (and gals, I'd guess) here in California who'd paid top dollar for the chance to "just do" Mr. Radcliffe - no reciprocity needed.

Do you see the guys "doing" him complaining or frowning or "tsk"ing or bitching or moaning. "What about me?" No. They're sucking and slurping and licking, and their dicks are hard and dripping, and they're storing up at that hairy, muscular "Olympian Deity" and, from what I can see, savoring every taste of Mr. Radcliffe's ample set of genetic charms.

Lotsa times in man-on-man sex, there is a do-er and a do-ee. Sometimes it's reciprocal, but it doesn't have to be. Sex is a shared experience.

## LETTERS TO BEAR

rience, but both parties need to get out of it what satisfies me—err... them. And neither you nor I can say what works for other folks.

Anyways, just to sorta slam shut the lid on this tired topic, rumor has it that Jack fucks the shit out of Mike Yespa in our soon-to-be-released video Big Bear Trucking Co. Look for it this winter.

Gentleman.... start your engines.

## DON ME NOW

Just a note to say my hat is off to you guys! BEAR 53 was an exciting issue for me because it is the first issue where I actually knew of the models. Don is by far the sexiest man I have ever met here in Indiana. On top of his looks, he is the nicest person in the world.

Jesus - those eyes and that smile! I know him, and I will tell you that he represents everything that I consider a bear to be. But you probably know that, or you wouldn't have put him in your magazine.

Ed  
Pennsylvania

We liked Don so much that we photographed him twice! Duh. Organization isn't always our strong suit here at the shop. So, in my absent-minded idiocy, I hired two different photographers to shoot the same guy!

So, we've got another dirty set of pics. You wanna see 'em? Let me hear it!

◀ In the meantime, here's another shot of Don, the carpeted stud from BEAR 53.

## NOTHIN' BUT PRAISE

I'm writing you about Classic BEAR IV: Nothin' But Daddies. I think your idea to do the issue was definitely a brain storm, and not a drizzle. I knew they were out there and now I have proof. Incredible! Thanks for doing something that is another "should have been done long ago" thing.

You guys at BEAR have got every other magazine I have seen whipped.

My only request to see is a down to earth bear type who enjoys dgers now and then. The kid in me still sees it as a part of daddy types.

Thanks again for doing a good job. (Scott deserves an increase!)

L.D.  
Pennsylvania

Hey buddy - thanks for the kind words. Take a look at Paul in BEAR 54 for that cigar-chompin' daddy look you crave. I think you'll like what you see. Down to earth, big ol' dick, and a couple of smoke-filled cigar pics.

I showed my boss your letter. Thanks for the raise!

## STOGIES AND FIGHTS

Thanks for printing "Bear Bottom Boy" and the pictures of Paul in BEAR 54. It's nice to see that despite the anti-smoking fervor of Jerry (Florida) and others, you can still appease those of us with a cigar passion/interest/fetish/obsession. I surely hope that future issues of BEAR will feature a stogie smoker once in a while.

Thank you for a queer magazine that ain't sissy. Good luck in your fight against the Politically Correct Gay and Lesbian and Bisexual and Trans-Gendered Correct crap we're still getting soaked in; keep showing your balls.

Ed  
Oklahoma

Ummm.... o.k. But I haven't shown my balls yet—in print, anyway.

And, why didn't anybody tell me we were fighting against the "Politically Correct Gay and Lesbian and Bisexual and Trans-Gendered Correct" crap? And, exactly why is it we're fighting? Are we winning? Somebody tell me in - please!

## AS SEEN ON TV!

I got mentioned tonight (4/10/99) in a Saturday Night Live spoof on CNN and its tie-ins with magazines. John Goodman was featured in real sexy overalls amid some hay in a barn - looked like he was playing peck pool, to boot!

Rand  
Louisiana

I didn't actually see the Saturday Night Live skit until a couple of weeks after it happened, when our buddy Harry brought a copy over to the Bear Store. Pretty cool though, to see our BEAR Magazine logo and hear our Classic BEAR IV title "Nothin' But Daddies" on TV.

Thanks to whoever you are at SNL and NBC! We enjoyed our 15 minutes (seconds?) of fame! How's about some more flesh next time?

## ANOTHER BEAR?

I have been an avid *BEAR* reader for the past 5 years, and I recently came across a magazine called *American Bear*, full of hairy men from the United States, I guess. Is this a *BEAR* publication, or a subsidiary?

The guys seem different; they're hairy for the most part, but they don't look like the roughnecks I'm used to seeing in *BEAR*.

RM  
Wisconsin

Easy does it. *American Bear* is published by another company, out east. We had nothing to do with it. But any magazine that continues to push the envelope and include pictures of masculine, natural guys - heck, I'm all for it!

*BEAR* is always evolving. We'll continue to do so, just a little at a time. We're even talking about adding color. Yikes! "Beers" are "chic." We're "hot." There's a whole new crop of publications and "online magazines" eager to capitalize on the bear phenomenon. After all, there's money to be made here! Happy hunting.

## THANKS

I have enclosed an original drawing of mine I thought you might enjoy. It was inspired by your magazine. I've been reading, staring, drooling over *BEAR* since the first

Confidential to James in Savannah, IL - thanks for the letters and the rockin' tapes, buddy! Almost killed a bicyclist on Market Street last week because I had "Saturday Night's Alright for Fighting" turned up too loud and wasn't watching where I was driving. I appreciate your kind words and continued support!

time I opened the cover, 7 years, 2 subscriptions and many many drawings ago.

You may do what you will with the artwork. It's a gift to you. I don't want it back—just a small token to say "thanks" for the pictures you create in my head. I'm not an artist for money or fame, nor do I aspire to be. I just enjoy creating these images of the men I see in my mind and on your pages.

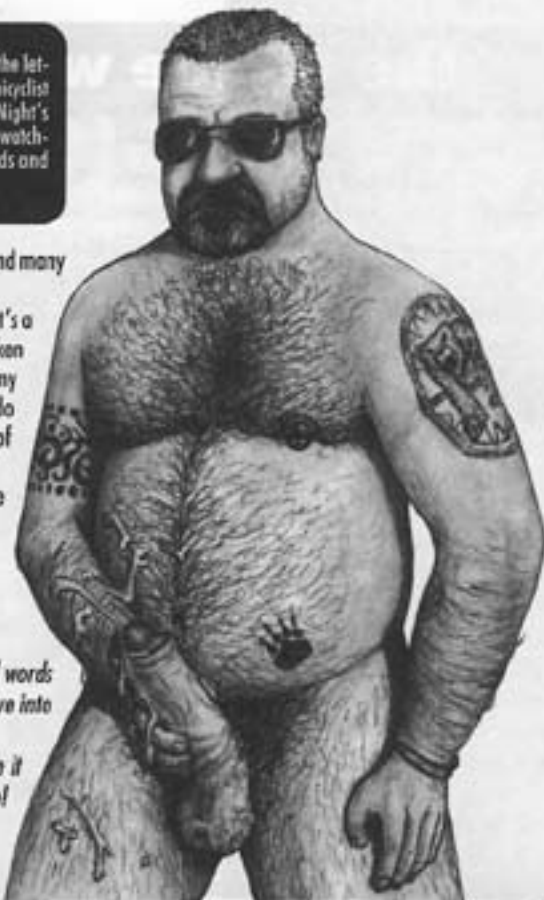

In the meantime, thank you *BEAR* Magazine for helping me with my creative process.

Keep 'em cummin'!

BAG  
Pennsylvania

Wow - thanks bud; for the gift, for the kind words and for getting out of *BEAR* what we try to shove into each issue.

I enjoyed your drawing. I thought I'd share it with our horny readers, so they can enjoy it, too! Thanks again.

## the wittke wire

I'm sure mine wasn't the only jaw to drop to the floor when "Saturday Night Live" made a reference to *BEAR* magazine, complete with use of the actual logo, toward the end of last season. It came as part of a commercial parody of "CNN Newsstand," the cable show tied thematically to current magazines. And there it was, right after mentions of Newsweek, Entertainment Weekly, and Cat Fancy: host John Goodman in denim overalls, leather biker cap and artificially enhanced body hair promoting the *BEAR* Magazine Show, featuring daddies and "inches, inches, inches."

It was cool and incredibly surreal for your dedicated media columnist to actually see a skit on a show he has written about in the past, featuring an actor he has also written about in the past, making reference to the magazine for which he has written about these things. I kinda wanted to get on the phone to the "SNL" offices to ask exactly who it is there who reads the mag and if he ever showed Colin Quinn my column in which I confessed that Col' is one of my dream men? And what did Colin think? Was he flat-

tered? I mean, I know he isn't gay, but if he was gay, would he maybe go out with me sometime? Then I realized I probably didn't want to know the answers to these questions.

That's really how it is to cover men in the media for this magazine at this hyper information-drenched End of the Century: cool but incredibly surreal. For instance, last year, every single new television

show I wrote about for *BEAR* was canceled before the issue reached print. And I was fairly certain that shows starring the likes of Jeremy Piven and Jason Beghe would at least make it for a full season. By the time ABC yanked "Cupid," right after Valentine's Day, no less, I was beginning to think that a mention in the Wittke Wire was some sort of TV kiss of death. So at this point, guys just pass through my field of vision and if there's a chance that readers might see or have seen the same guys, I jot a note about it somewhere and collect a sort of scrapbook of references about butch and/or furry men. And God help them if they're on a fledgling TV show.

I recently saw the band Imperial Teen (listen for their single "Yoo Hoo" on "modern rock radio") in concert. I was already a big fan of the band and its queer sensibility since their first album, "Seasick." But I didn't actually know what the band members looked like. So imagine my delight at sitting in the seventh row and gazing up at singer/guitarist Roddy Bottum in all his square-jawed, butch-faced, furry-forearmed glory. When he

## the wittke wire

sang "You're One," with its insistent "You take it like a man, boy" refrain, I tried to psychically reply, "Yes I am. Yes I do, Roddy!" My friend Rather Gay Al leaned over to me during the second song and said, "He's kind of got a Will Patton thing going on," and I realized that Al had hit the proverbial cheese right on the head.

As luck would have it, I had recently seen Will Patton in the American Repertory Theater's world premiere of Don DeLillo's play *Valparaiso*. I sat a mere 15 feet away the star of such wide-ranging films as *No Way Out*, *Entrapment*, *The Postman*, *Armageddon*, *The Client*, *Desperately Seeking Susan* and tons more. It's no comment on Will's intense acting abilities when I tell you that I had to restrain myself from yelling, "Take off your shirt, Will, or at least undo the tie!" at several points throughout his performance. Note to producers: show us the chest hair, show us the chest hair!

Then there are guys on TV commercials, which are much less likely to be cancelled than TV programs. I'm a fan of the pizza delivery man on the Saturn commercial that is centered in a dorm room and promotes online car purchasing. I'm an even bigger fan of the Saturn salesman who shows up to deliver a new car to one of the students. Mmm-mmm good.

I also admit to a soft spot for Jay Bush, featured prominently on commercials for Bush's Baked Beans, the vegetarian version of which I swear by. Jay's a little portly, adorably bald, and in a recent commercial, wears his shirt collar open to reveal a tantalizing clump of dark chest hair. Add to all of this the fact that his dog Duke is featured in the latest commercial and I have accomplished this issue's obligatory by-name reference to my #1 Crush, The Dukester, who, like all men (and Jay Bush's pet), is in fact, a dawg. But that's what we love about them. Often.

It's worth looking at TNT's "Roller Jam" for some of the batch guys who skate around and knock other guys over railings and such. My favorite is NY Enforcers coach and captain Mark D'Amato (#20), the self-proclaimed "Most Dangerous Man on Skates." He's on the lean side, with a jet black Van Dyke, a shaved head, and a bunch of tattoos, so you know he caught my eye. I'm also a fan of the guy on the Gateway commercials shown using a laptop by a swimming pool while on vacation, primarily because he doesn't look like a model and his chest is very hairy.

Finally, I would be remiss if I failed to mention that I was watching World Championship Wrestling's Monday Night Nitro Show in March and saw someone in the audience holding a sign that said simply: Bear. I imagine it could have been a certain writer, from a certain late night TV weekend comedy show, sending us the message that he sees us and he loves us; which, you have to admit, would be cool and incredibly surreal.

I will not share him in a box, I will not share him with a fox. And I sure as shit won't share him with you, Sam I am.

The green-eyed monster of jealousy gets in my way a hell of a lot, and, after a decade of bachelorhood, I've finally started to wonder why.

For me, it's the hardest thing about being a fag.

I don't have to be having a relationship with someone to feel tormented—he doesn't even have to know who I am. I can feel jealousy over men I've barely met; I can engage in retroactive jealousy, just learning of someone's past.

In our homosexual fuck-a-day world?

Cute. Very cute.

Does it ever happen to you? You see a guy you think is real sexy, and he may be somewhat interested in you. But he goes home with someone else, or, as happens in our little circles, he gets his dick sucked on the back patio and you get to watch.

It's hot! It's nasty! It's...it's so infuriating you wonder why you even left the house.

Mature people tell themselves "those're the breaks/there's no more magic out there." Maybe that's why I hate mature people so much. What if you hate the guy who's sucking your intended hunk? How do you erase the images of his dick-sliming saliva from your mind if you ever got yourself a turn at burying your face in his wonderful crotch? Worse, what if you really like the person who's doing the sucking too and then you get confused because you weren't invited to join in?

Face it, it can ruin an evening out. If you let it.

Jealousy's so irrational. Sneaks up on you. One thing with one guy that works well at one time can ruin a friendship a week later. It's the crossing of the wires. People put together all kinds of relationships, based on all kinds of rules: "Don't swallow," "...only if I'm there," "only if I'm out of town," "NEVER in our bed." The jealousy mechanism serves a purpose. It creates stability, a world of promise. Jealousy's justified if you've actually been lied to by some sack of shit asshole.

Oh. Do I sound bitter? I shouldn't, it's never happened to me. Are you kidding? That presupposes I've actually dated someone, and, as a pre-emptive defense against such things, I've dated no one since 1986. Now, THAT's bitter.

## HAT'S OFF

Life Lessons by Luke

### Green Eyes and Ham

Most of my jealousy kicks in just as I get to know someone. Since I'm too scared to commit, he gets bored and goes out to suck face somewhere else. See? I was right all along. I'm gonna get hurt. I fall back and pout.

Square One.

Happens over and over.

I cling to the hope of some kind of magic but the magic is the first thing that gets ruined.

A good friend of mine; we have great sex, and there's even a bit more there. I don't get jealous that he has a lover. But he fucks a lot of other tricks, and THAT can make my blood boil—even though we did have that nice three-way once.

Another sleazy friend and I went to the park to fuck in the bushes. Just for fun. And so here I am with my dick up his butt and here comes this guy I've had a crush on for ages. "Hi!" I wave. He waves, smiling. Plop, I pull my dick out of my buddy's ass and go over to him. We chat for a longtime (my other friend was keeping himself busy behind an azalea anyway). He promises we'll get together again—when his lover's out of town, of course.

I'm grossly aware of how tacky the whole thing seems, but there's only one reason he'd have been in that section of the park that day, his lover be damned. But he never called me back, did he?

I gotta tell you, though, I'm slowly getting a handle on all this.

One night I was stuck by myself in Brazil watching HBO in my hotel room. "Delta of Venus" was written by Anaïs Nin. Now Anaïs was quite a trip in her day, Paris in the 1920s and '30s. Sex, sex and more sex. It was the first time legitimate writers were getting away with real raunchy smut, and it was some pretty heady shit. This lady basically goes around Paris and fucks. Waiters, janitors, dance instructors, artists, other women through sheer curtains, blah blah blah. I watched how, at least in this particular fantasy older than my parents, jealousy was only used for theatrical import. The characters were playing at sex and it was nasty and it was all they could do.

I realized three things that night, realized them so fast and so strong that I'll never forget them:

- One: I've been sucking up to this culture for damned near a decade now, and STILL can't get it right? (That's the "boohoo/I'm a loser" part...OK, I'm done now.)

- Two: To avoid being left alone and tormented by jealousy from someone else, I've kept myself alone and tormented myself with jealousy.

Like it hurts less if I do it myself?

- Three: The people in that movie were really, really boring.

That's a lot to handle for one brain in one tacky hotel room in Brazil. I'd have to think what woulda happened if, like Madonna was on MTV that night, hanging her tits out. I might have wound up Hari Krishna.

Lemme bottom-line it for ya: I'm learning to just tell the jealousy to shut up. I have to get over it and move on, 'cause I hasn't done a damned thing for me. We all suck dick in the bushes, we all nose into the pillaz looking for the same true hunk-love magic.

So go ahead: try me. Send covers Rich over to my house and start sucking his dick right in front of my face.

See if I care.

Really.

## A FURRY FLURRY OF FLATULENT FLUFF

So he's not Pooh, but he sounds like he's about to take a big nasty *poop*, if ya know what I mean. His T-Shirt says, "Squeeze me I'm a gas." Who the heck comes up with this stuff, anyway?

Thanks Dean from Wisconsin.

And I don't say that just 'cuz their office is around the corner and they apparently allow dogs in the workplace.

Aside from the neat boxer shorts, socks & stuff they make, they have cool ads, like this one featuring a face familiar to any San Franciscan who has ever shopped at a certain Castro Street hardware/variety store.

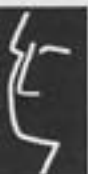

Thanks, guys for sending this one in! Now, we're gonna go see about getting this fuzzy fella naked in BEAR.

**DAVE**

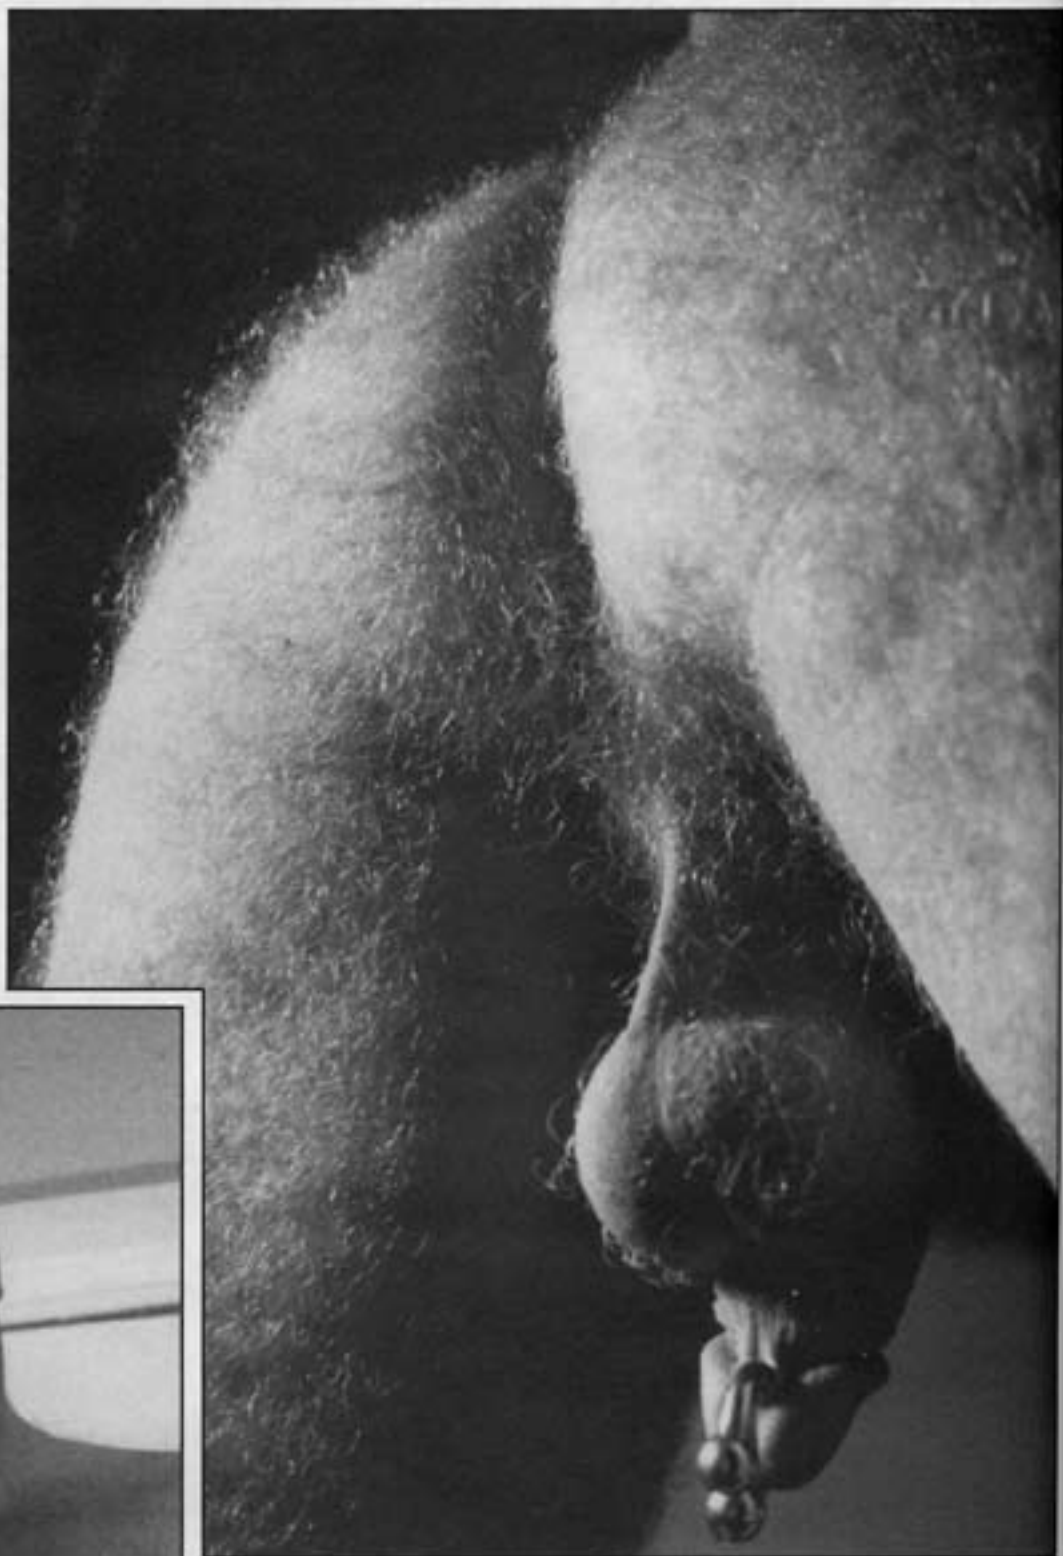

We've been waiting and wanting to get Dave here in *BEAR* ever since our travelin' man Richard spotted him at Texas Bear Round-Up last year. Luckily for us (and for you!), photographer Lynn Ludwig took a trip to Texas and we managed to hog-tie Dave into bed for some dirty pictures.

Dave likes the leather. He also likes the uniform thing and he looks damn good in a shiny pair of Dehner's. He's got a sweet smile, a dark side, a big dick and possibly the purdiest butt this side of the Rio Grande. Enjoy. *LB*

## Folsom Street Fair

South of Market Merchants' and Individuals' Lifestyles Events (SMMILE)

September 26, San Francisco, California

Infamous. How else to describe the largest fetish event in the world? Whether you're a bear, a leatherman, a twinkie, or a ho-ho this is one event where you can be outrageously sexual with pride, poise and lotsa pizzazz. Like New Orleans' Mardi Gras, Folsom Street Fair promotes fetish and alternative lifestyles in a one-day event that caps off a week of jam-packed bars and overly cruisy streets. What sets this event apart is that it gives back to the Bay Area gay community large donations from its proceeds. Beer, buns, piss and pees will all be in abundance. Information and motivational pictures from last year can be found at [www.folsomstreetfair.com](http://www.folsomstreetfair.com).

## Bear Bust '99

Bears of Central Florida

October 14-18, Orlando, Florida

The world's longest running, and many would say best, bear event takes place the same time every year down in sunny Orlando. Hosted by the Bears of Central Florida, **Bear Bust '99** is sure to be the largest ever held, as if it could get any bigger. With the Full Moon Saloon, host bar and center of nightlife, entertainment, and dining during the event, a ten minute walk from the host hotel, there is little need for renting a car, unless you're going to check out the other great sights of central, Disney-packed Florida. And whether you're sweating from the sex or just the heat, a dip in the hotel's gene pool will be sure to do you right. Registration and event details for **Bear Bust '99** are available at the bears' site, [www.bocf.org](http://www.bocf.org), their infoline (407) 896-0239, or through the Full Moon Saloon at [www.mindspring.com/~jpenne/fullmoon1.htm](http://www.mindspring.com/~jpenne/fullmoon1.htm).

**T**he hot water cascaded down my body in a welcome searing rush, a sigh of relief escaping from my lips as I stood under the shower tap. It was 3:00 am I was on a well-deserved break in one the team locker rooms at the ice arena where I worked. I turned up the water full blast, allowing the steam to billow out of the small doorless shower stall into the rest of the change room. I had chosen this out-of-the-way shower to ensure privacy, although at this time of the morning there would be no one anywhere in the arena. Except Daryl, of course.

The incredible warmth was beginning to surround me and dissolve the last vestige of cold from the previous few hours of working on the zamboni in frigid temperatures. It allowed me to finally relax and release the built up tension in my shoulders and back. I thought of the young janitor Daryl then, his short but muscular shape appearing before my closed eyes in delightful fantasy.

I took a bar of soap and began to slowly massage my body, starting with my big pecs, unusually large and hairy, squeezing and rubbing the large thick muscles, pinching my nipples slightly and rubbing the frothy soap over them. All the while I had my eyes closed, visualizing my hands running over Daryl's hard-packed chest. I had seen his naked body earlier that day when we had changed in this very locker room after a pickup game of hockey, which is why I had come back tonight.

I rubbed the soap down my firm but substantial belly, imagining Daryl's thinner and flatter stomach, pale in contrast to my own tanned skin. When I slid my soapy hands down to the raging hardon poking out from my blonde-furred thighs, I moaned involuntarily, massaging the frothy soap up and down the length of my fat dick and picturing those same hands manipulating a hardening prick between Daryl's legs. The soap dripped down to my furry balls, and I followed it with one hand, grasping them and squeezing them slightly, rolling them between my fingers, pretending they were the nuts I had seen dangling between Daryl's sweaty legs as he had bent over stripping off his jockstrap the previous morning.

I turned in the shower and leaned against the tiled walls of the small stall, sighing and allowing myself to absorb the pleasant heat without hurrying. I would sometimes stay in the shower a good thirty minutes when on graveyard shift, half dozing while allowing the locker room to fill with steam. There was plenty of hot water in the arena boiler, I knew that from first hand inspection of the massive tank everyday. This was my reward for staying up all night working and I took great pleasure in it, this night no exception.

I soaped my ass and legs lazily, sticking a finger deep into my hair-ringed butthole and grunting at the aching but pleasurable invasion, pushing back against my hand while the hot water continued to blast down over my head and shoulders, running down between my buttocks and washing away the cleansing soap. I imagined Daryl's hot crack, his sweet butthole, maybe even virgin at his age, just twenty-one this summer.

I sank down to the tiled floor and leaned

against the cool marble, water raining over my body, steam surrounding me. The walls and floor of the shower stall were ancient and cracked, but I always kept the tiles sparkling clean with disinfectant and had done just that earlier in the night. I loved the feel of lazing naked and clean on the cold tile floor while burning hot water rained over me and it did not take long for me to drift off into fantasy and then near slumber.

I came to my senses, my eyes opening with a start. I was on the floor, hot water still coming down from the shower head and puddling around my wide spread legs. The room outside the small shower stall was filled with misty steam, so I must have been out for ten minutes or more. I chuckled to myself but made not move to rise just yet. I was now totally relaxed and stretched my legs beneath me, turning to lie on my belly in the water, my big hairy ass exposed to whoever would come in, their's for the taking. I chuckled again to myself as my cock hardened against the slick tile and I humped the floor with a grin. I knew there would be little chance of anyone unlocking the door and entering, no teams were expected for another couple of hours.

I turned my head and stared out into the locker room, humping the floor and thinking again of Daryl. He was somewhere in the arena tonight, probably cleaning the upstairs fitness area. What a trip if he came in not, I thought, humping the floor and then reaching behind me to soap my big butt, hard from hours of skating and then finding and penetrating the eager hole.

I gasped and jerked with disbelief when my half-closed eyes discerned a figure in the fog just outside the stall. I kept my eyes mostly closed, hoping if there was someone there, they would assume I was asleep or had not noticed them. But yes, it was Daryl standing there, peering in at me. And he was completely naked, a hard erection being rubbed slowly between his busy hands.

I closed my eyes briefly, hoping that if I was dreaming, this particular fantasy would not end too quickly. But, when my eyes peeped open slightly, there he was again, even closer, steam billowing around his hard compact body, not a stitch of clothing hiding his hairy legs, fat dangling balls and muscular hairy chest. A small guy, thin compared to my weight-trained bulk, but hard in every part, especially the cock that was drooling precum only a few feet away from me.

I continued pretending to have my eyes closed, but rubbed my ass sensually and slowly, the bar of soap disappearing between my furry blonde buttocks as I lay supine on the shower floor. My cock was a raging rock beneath me and I had to hold back or cum right then.

Daryl was not a dream, at least I hoped not, as he continued masturbating a long thin dick with what looked like some kind of grease, which I realized was Vaseline when he bent over and reached into a small tub of the stuff lying at his feet. A part of my mind thought logically he must have come in while I was dozing, he had a key to the room just as I did and seen me asleep. I guess he like what he saw, from the looks of the hard cock he was playing with. The staring eyes he could not keep off my humping butt. I spread

# THE BEAR IN THE SHOWER

**Fiction By Jay Starre**  
**Photos by Brush Creek Media**

**"As my mouth hung open, my cock was rubbed violently against the slick tiles with every thrust of the handle Daryl fucked me with. Yet I was aware enough to feel the blast of sticky cum that splattered down across my neck and upturned face, just before I shot my wad onto the wet floor."**

my legs for him, slithering on the floor so that I could keep him in sight, but making my ass easier for him to view. I felt like a slut laying on the floor and fingering my buttohole while he watched, but I admit I like the feeling and really began to get into it, digging two fingers into my soapy hole, while warm steamy water cascaded over my upper body and ran around me on the tiled floor. I imagined what Hooked like, a big hairy bear sprawled out face down on the shower floor with two fingers up my own buttohole.

Daryl moved away in the fog, disappearing for a moment. I feared he might be leaving, but he returned, this time appearing at the very ledge of the shower stall, close enough to almost touch if I dared so much. His ass was facing me, delightfully hard and round with a light fur across the pale cheeks. To my amazement he bent over, displaying a crack that was smooth, pink and devoid of hair, a winking hole staring out at me.

I gasped involuntarily, especially when I saw what he was attempting to do. A broom appeared in the mist, one of the heavy push brooms we use to sweep the hard arena floors. A long thick wooden handle with a smooth round tip was placed at Daryl's small red asshole. My eyes came fully open with shock and lust when the young janitor reached between his own legs and slathered a huge gob of pale Vaseline smack dab on his pulsing asshole, then pointed the thick broom handle into the gooey mess.

Slowly the tip of the handle disappeared up his manpussy, his buttocks clenching and unclenching as he humped the broom, sliding more and more of the invader between his cheeks. He fucked himself slowly, pushing against the broom as it was propped against the shower stall lip, the end moving in and out of his red pussyhole, glistening with pale Vaseline as it appeared and disappeared.

I had forgotten my own buttohole, I was so caught up in his display. But as he sensually humped back against the broom, bent over so that only his legs and firm ass were showing through the steam, I reinserted my fingers up my own butt, pretending they were driving into the greasy young ass of my fellow worker.

He lifted one leg and placed it on the foot high shower lip, only inches from my face as I lay in a puddle of warm water. I could see clearly the handle moving in and out of his buttohole, and his cock too was visible, as he bent over further. He was rubbing it with the same Vaseline, pointing it toward the floor, the blood-dark tip engorged and appearing as if it would spurt at any moment.

Daryl worked his butt for me sensually, the handle driving almost a foot and a half into his hot ass, before it finally slipped out and fell to the floor. He turned and stood over me, still playing with his hard dick and breathing in quick heated gasps. I no longer pretended to be asleep. Instead I slithered across the wet tiled floor, humping my willing ass against the tiles and sticking my tongue out, licking my lips and drooling like a total and complete slut.

Daryl grinned then for the first time and bending over, he picked up the discarded broom. Quickly he stepped forward, now standing in the splash of the hot shower, right above me, one foot on either side of my prostrate form. He cleaned off the broom under the hot spray, liberally soaping it and rubbing it erotically while I stared upwards. He grinned again and then while I shook with anticipation, he greased up the wooden tool with a large dollop of the clear Vaseline.

His hands rubbed up and down over the smooth wood, as if it was a dick he was lovingly playing with, all the while staring

into my eyes and smirking. He kicked my legs and butt, pushing me so that my ass was not longer under the water, but my back and head were. I twisted my face so that I could watch, shaking with lust and desire, while he slowly lowered the broom handle to my waiting ass.

Teasingly he rubbed the greasy wood over my big, fat cheeks, prodding at each butt muscle while I squirmed and attempted to capture the end of the handle between them. Soon it landed there, the greasy tip rubbing up against my eager asshole.

He spoke for the first time, just as the wooden dildo pierced my tender hole. "Yeah, Mister big Iceman Bear, I've wanted to rape your butt with a long wooden broom handle for some time. Now take it like the slut pussy you really are. On the floor with a broom up your butt and loving it!" he whispered evilly, forcing the Vaseline-lubed broom to slide inside my hole.

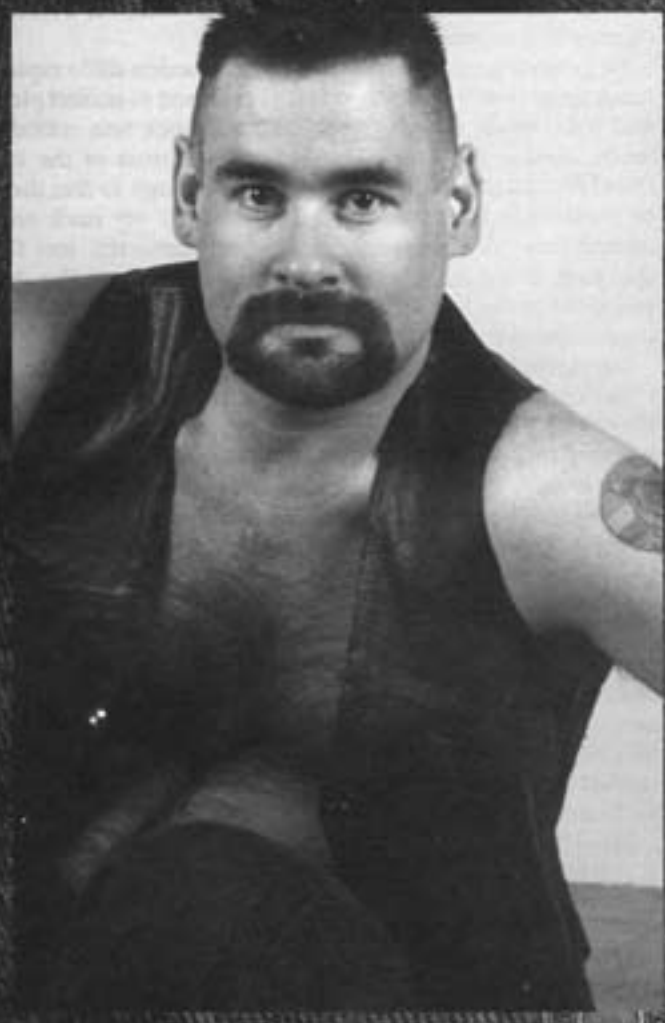

I laughed outright with pleasure and sheer abandon, raising my ass to accept the invading wooden dildo, groaning when he pushed it deep, digging into my guts with hot insistence. I could not believe what was happening to me, the hot water and steam now almost choking me with intense warmth, my buttohole on fire with the slick invading broom handle and Daryl looming over me like some kind of an exotic steamy dream. He allowed me no room to escape as he drove the handle in and out, his biceps muscles bunching in eagerness, one hand whipping back and forth over his own slick drooling cock. One leg was on either side of me, pinning me in as I slid and slithered across the small floor area, attempting to get away from the raping handle, but then finding myself with my face to the corner and with no other choice than to accept the violation with moans of growling acceptance.

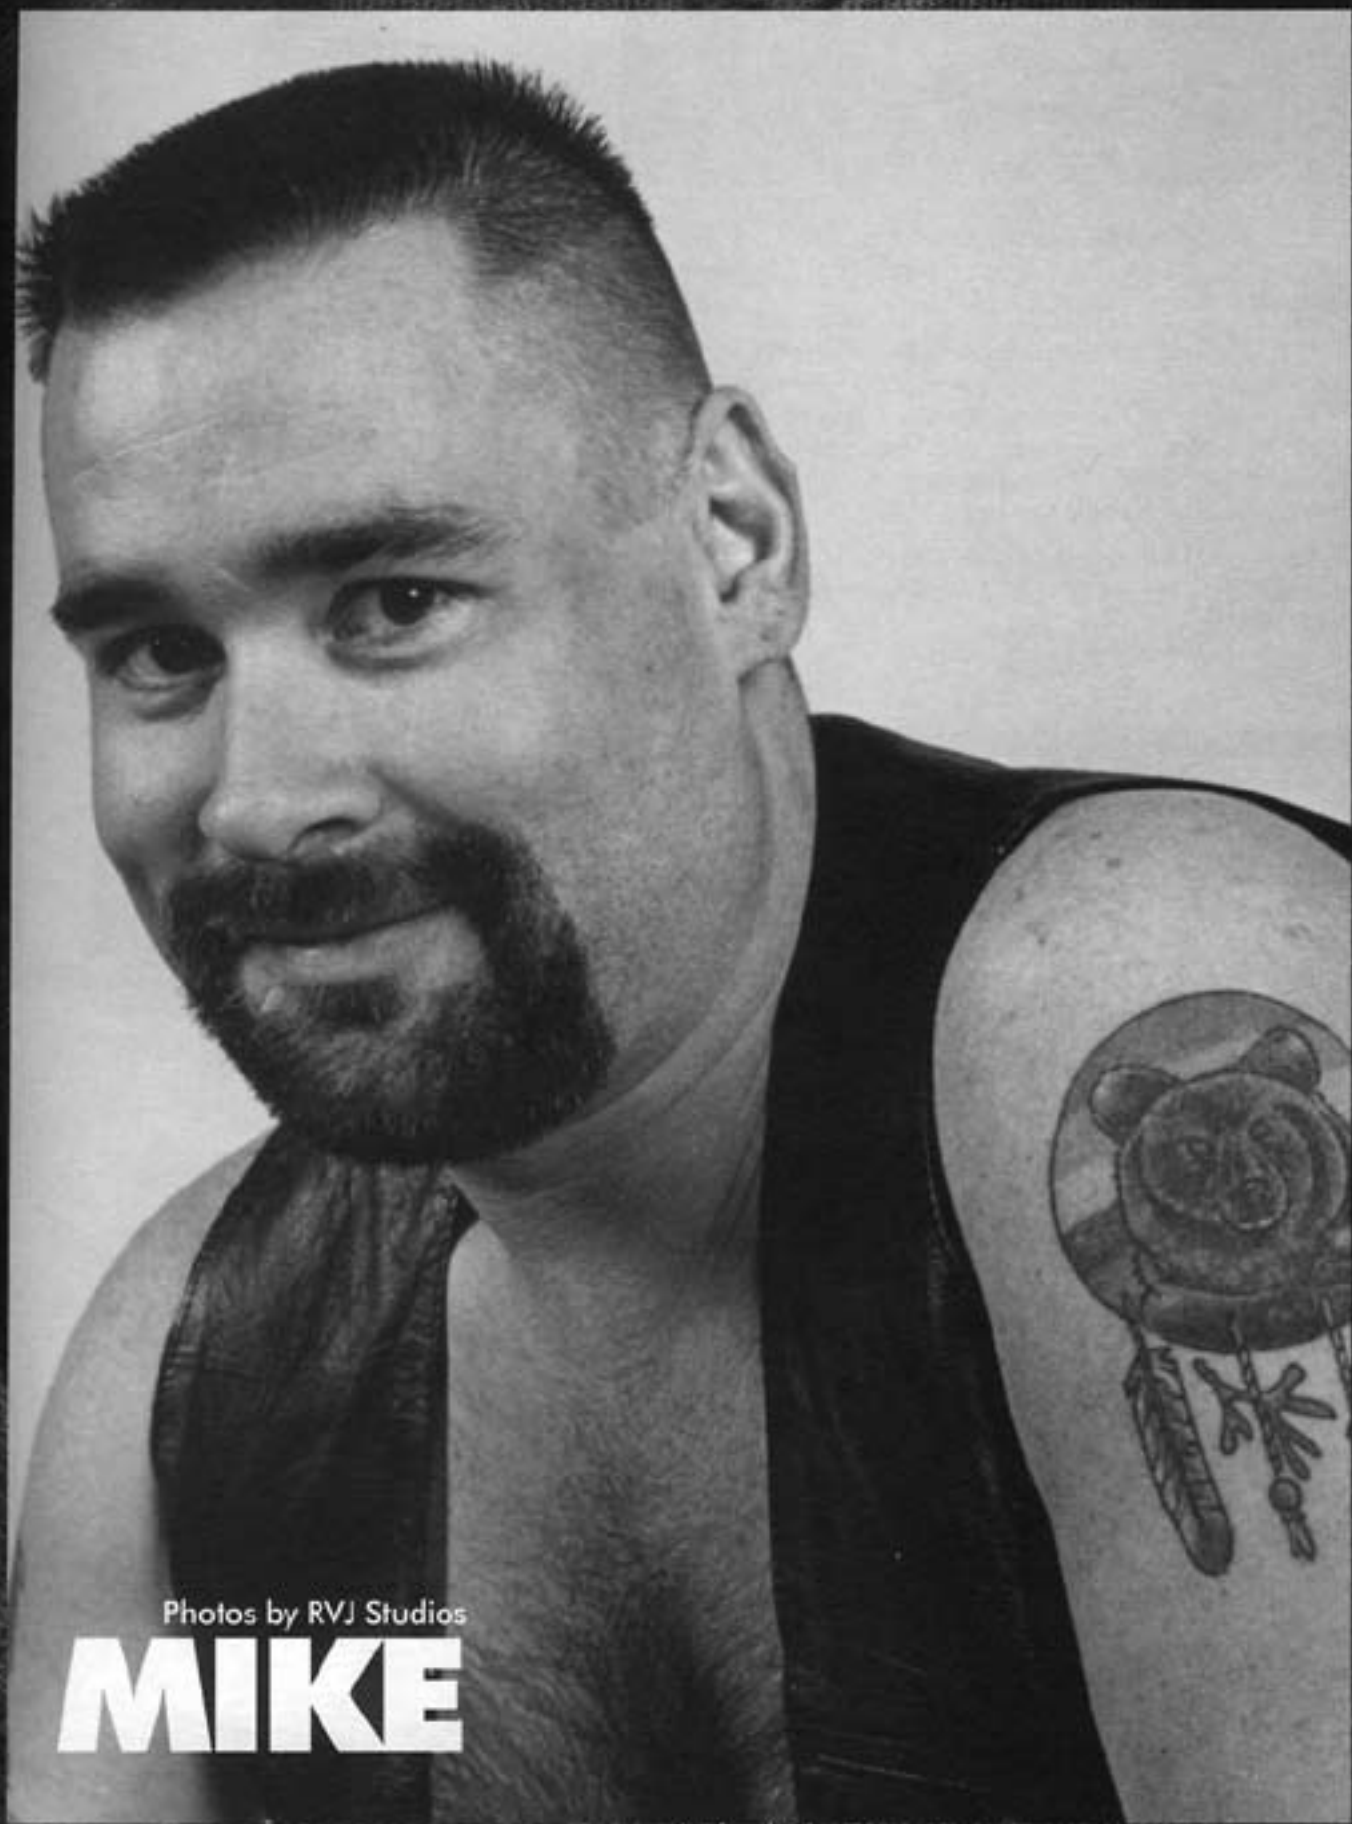

He pounded me into the corner, the wooden dildo raping me harder and deeper until I actually screamed in mixed pleasure and pain. As my mouth hung open, my cock was rubbed violently against the slick tiles with every thrust of the handle Daryl fucked me with. Yet I was aware enough to feel the blast of sticky cum that splattered down across my neck and upturned face, just before I shot my wad onto the wet floor. I spasmed in moaning ecstasy, my ass still full of the driving wooden handle, but slack and accepting of its rape while sperm continued to dribble from my softening dick.

Daryl was not finished with me, although I think he was aware I had cum just as he had. I guess I looked pretty hot laying there on the shower floor, cumming and moaning around a wooden broom handle. Although he discarded the broom, pulling it from my hot ass with a sudden plop, his dick replaced it, now washed clean by the spraying shower. When he lay on top of me, sticking two fingers into my drooling mouth and began to hum me with a long slim and hot prick, I passed out into an exhausted dream state.

It was a little later I awoke, shivering slightly. I lay on the shower floor. The water was off, the steam dissipated. I was alone and I had been asleep. I stumbled to my feet and looked around. No one was in sight, the locker room door shut and locked. Maybe I had dreamed, but how had the shower been turned off? What time was it? My god it was almost four thirty, an hour and a half had gone by.

What a fantastic dream! My cock was hardening as I recalled it and when I grabbed my towel and began to dry off hastily, I wondered what had really happened. But then something in the corner of the room caught my eye. Ah yes, a push broom was leaning up against the wall. When I reached out and inspected it, I laughed. The smooth wood was slick and wet. As if it had been oiled recently. Or lubed with Vaseline. ☺

Lookin' for that renegade type of guy? The kind you wanna get to know but you're afraid of what you might find out if you actually do? Got foreskin? (He likes that.)

Actually, he's not as rough as all that. Just looks like it sometimes. We almost didn't get him photographed. A few wires got crossed here in the shop, and he showed up on a Saturday for a photo shoot that I knew nothing about. My assistant, who for obvious reasons, is no longer here, had set the whole thing up.

Everything clicked (as you can see) and Mike here got to realize his fantasy to be in BEAR before heading home to sunny Palm Springs.

Enjoy it as much as he did.

# RICH

Photos by RVJ Studios

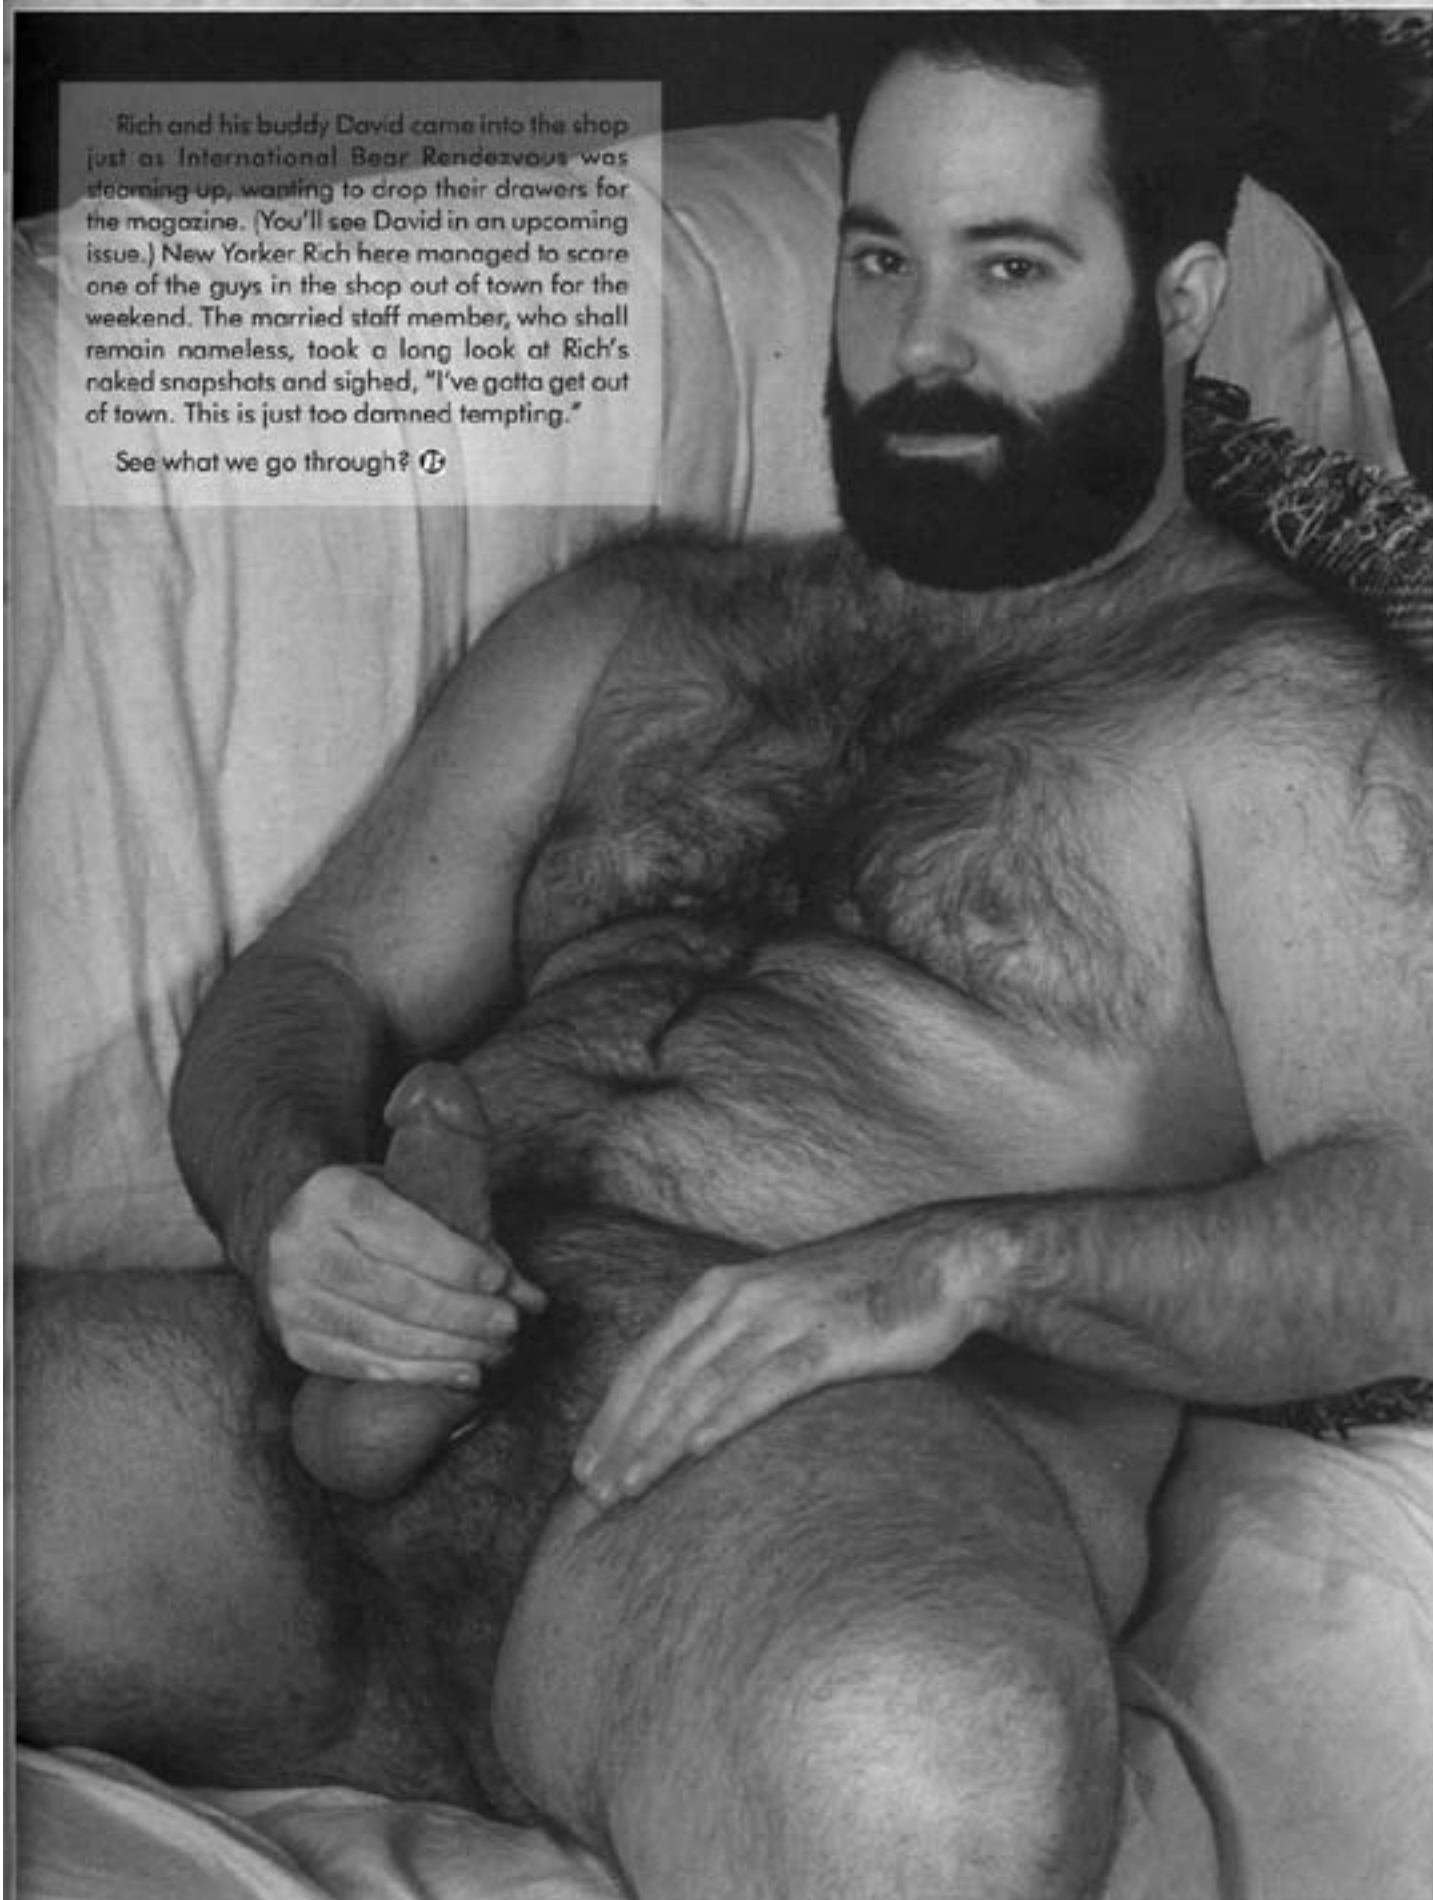

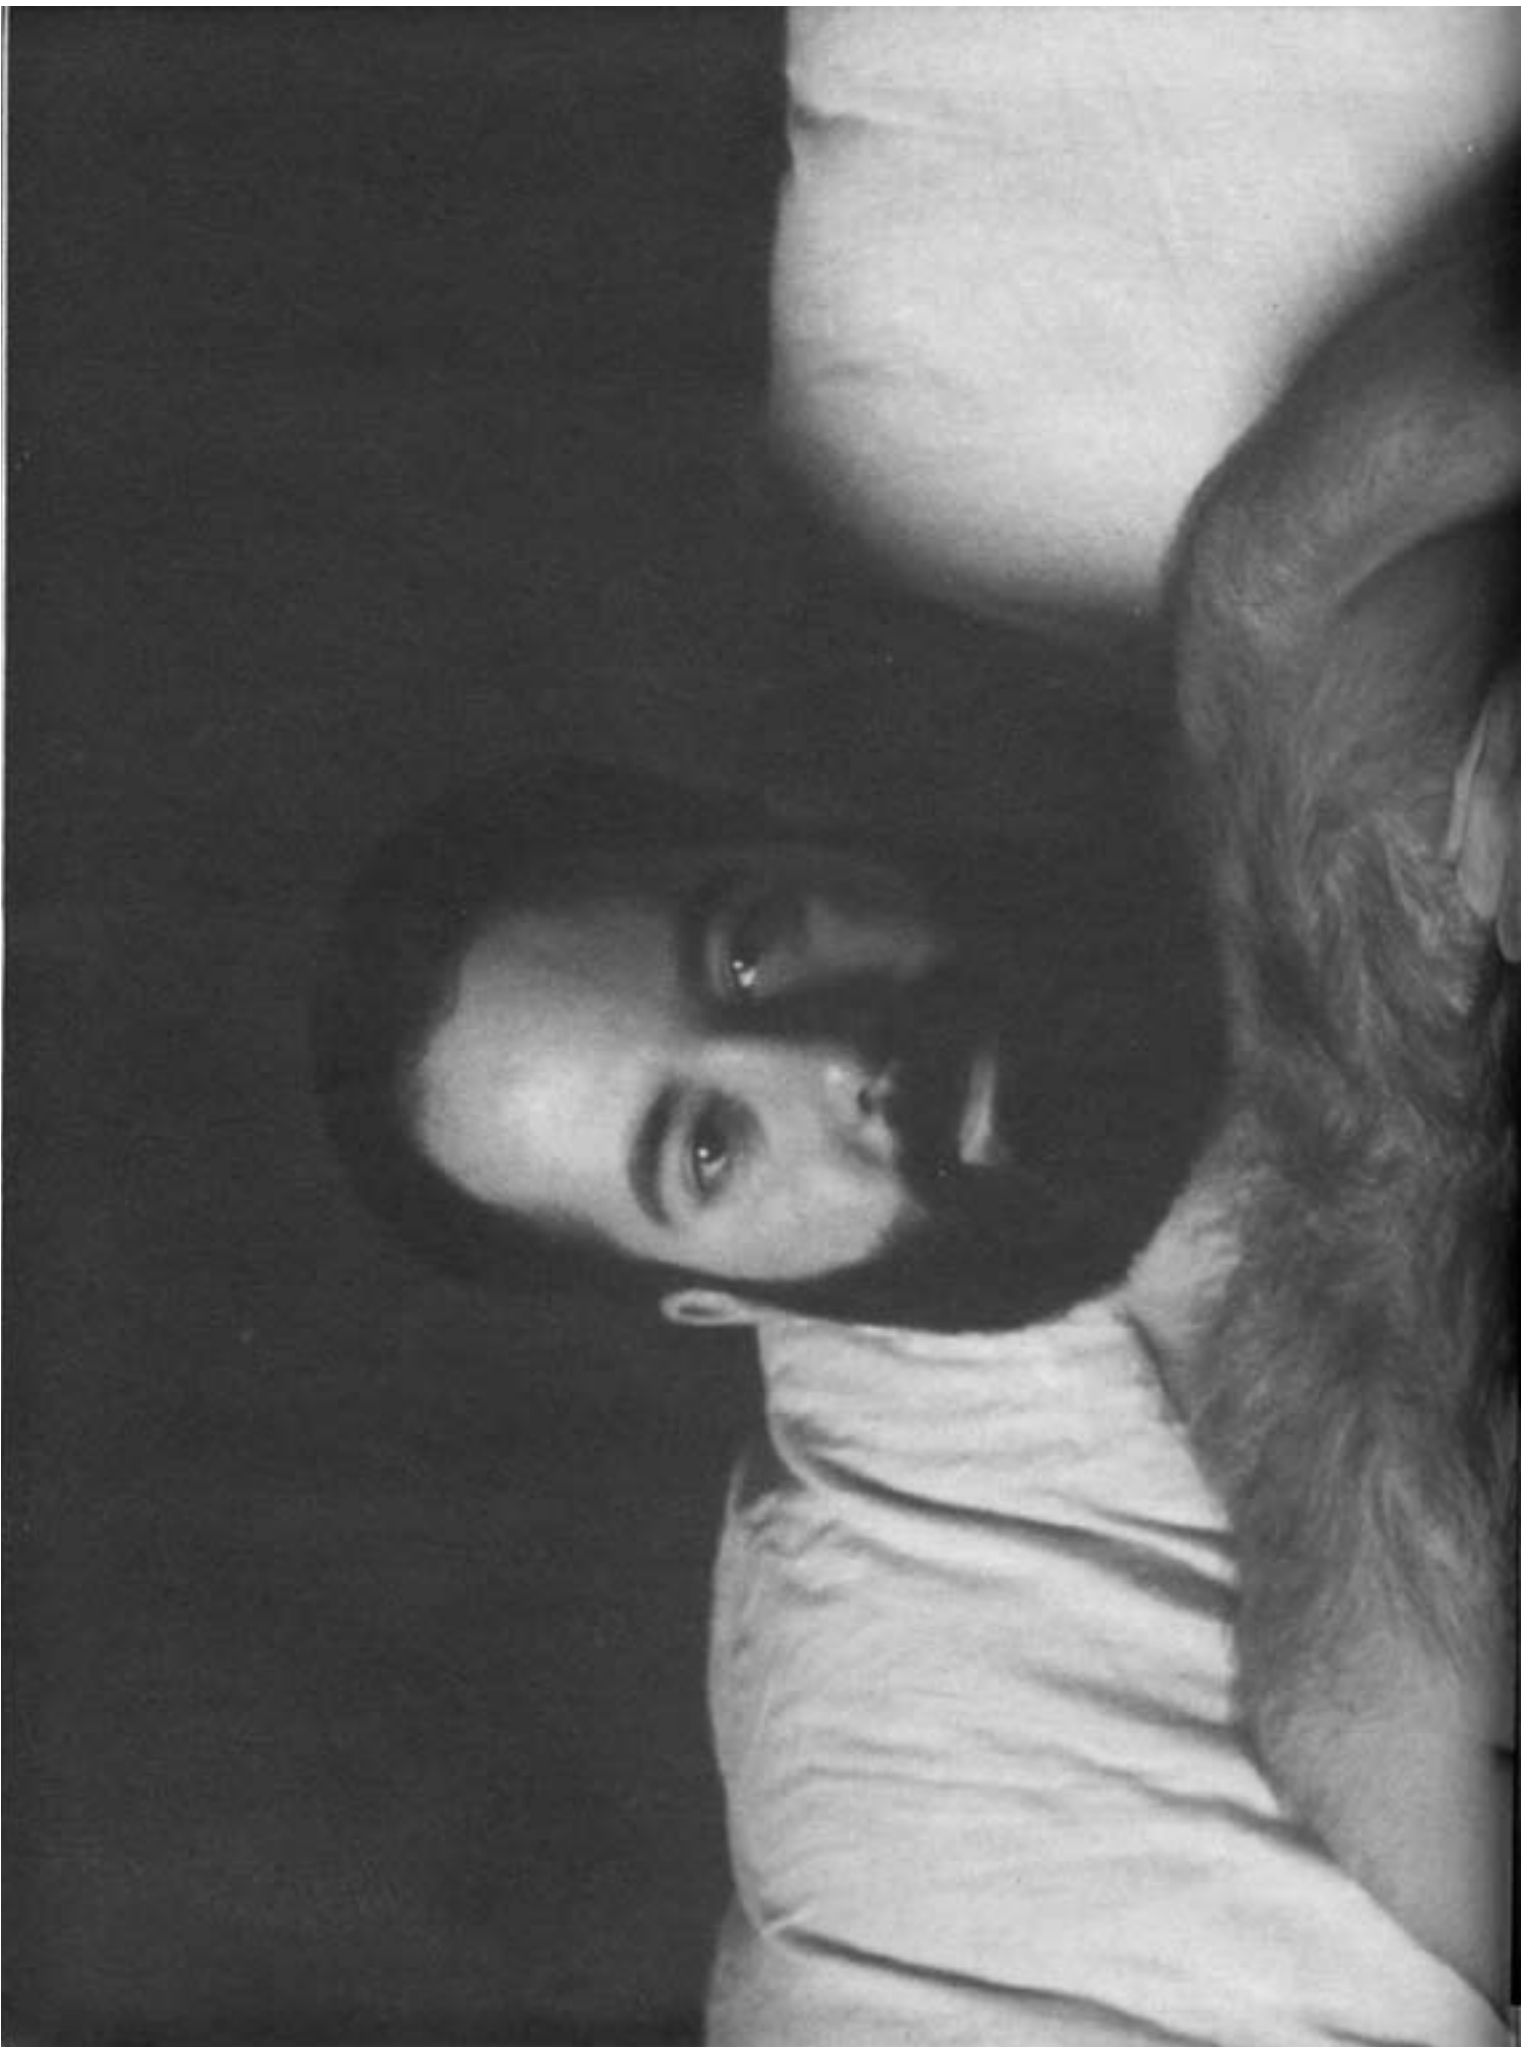

Rich and his buddy David came into the shop just as *International Bear Rendezvous* was storming up, wanting to drop their drawers for the magazine. (You'll see David in an upcoming issue.) New Yorker Rich here managed to scare one of the guys in the shop out of town for the weekend. The married staff member, who shall remain nameless, took a long look at Rich's naked snapshots and sighed, "I've gotta get out of town. This is just too damned tempting."

See what we go through?

he bank line was barely moving. I wouldn't have minded it so much if I wasn't in such a hurry. The office was always short handed on Fridays and I had to hurry back. The only good part was that the lobby was crawling with working men. You could tell it was payday because I sure saw plenty of bulging pockets walking by loaded with hard cash.

I couldn't help focusing on the guy a few ahead and next to be serviced. He had a firm butt packed snug in his jeans. Even though his back was facing me, I could see he had a full beard, slightly gray. He looked about 50 years old with broad shoulders and a solid build. He wasn't unusually tall, maybe about 5-9 or 10, but he must have been every bit of 230 pounds. The big hand resting on the rope post didn't show a wedding ring and I kept hoping he'd turn around, to see if there'd be a familiar gleam in his eye.

"Yup, as long as I have to wait at a bank, nothing makes the time go by faster than watching dividends like this," I muttered lustfully to myself.

With my eyes fixed on the guy up ahead, pretty soon my mind was off in a daydream.

I've always had a thing for older working guys from as long as I can remember. Fantasy men were always the older-than-me phy-ed teachers, delivery men and construction workers. I have vivid memories of walking extra blocks home from school just to check out the working crews building houses in our neighborhood. Heck, I'm still driving miles out of my way on errands around town just to get stuck in highway construction traffic.

Nothing makes me melt more than hanging out with, or hanging onto, big hairy working men. But—and it's a big consideration—they have to be "ah shucks" sweet. They have to be nice guys that are fun and playful with no attitude, or else I'm not interested—not as fuck buddies or employees.

I believe in that old adage "you reap what you sow" and my good fortune has been built by surrounding myself with hard-working, fun-loving men.

My dad and I started our homemade pasta company 17 years ago, right after I graduated from college. With nothing more than an old family recipe and my dad's savings, we went into business for ourselves. It was a struggle at first—long hours, no cash flow, and a need for fast turnaround not only because we were selling a fresh product, but also to establish a name for ourselves.

When my dad retired 10 years ago, it was only after the business was firmly established. With his help, I developed a keen business sense and an ability to read people's intentions, but not without a cost. Even though we never had many employees, especially in the beginning, it seemed we were always flying through staff.

Mostly, I think it was because of my immature holier-than-thou superiority. Later, I realized it was nothing more than me hiding from my insecurity over liking other men, especially big, masculine ones.

# GET RICH

God, I can't believe some of the stupid things I did and said all because I was trying to prove something to myself, or rather hide from what was true. It's a shame my immaturity took so many others hostage, but I now know that was what had to happen before I could finally begin to accept myself as gay and start treating others with more respect. I have few regrets, but I am sorry some of the people in my past never got to know me as a better person.

As the bank teller finished, the big guy turned to exit past me and immediately I recognized him. You never forget a fantasy man.

"Rich!" I blurted out. "It's Joe—from the Pasta Company."

It had been 10 years since we had seen each other. Rich had driven the delivery truck for us for a couple of years. My dad had hired him and they were always pretty friendly, but Rich and I got into it once too many over something long forgotten and he just up and quit. It was always a great regret because I used to love to steal glimpses of him around the shop. He was a good guy. I secretly liked him and I could never stop looking at him. Sometimes I knew he was aware of me checking him out, but I always felt he didn't mind it. Nothing ever happened, but I remember sometimes being a pig with my eyes.

"Oh sure Joe. Yeah, how have you been?" he asked with the same wide grin etched in my memory. "It's been a long time, how's your business?"

With that, I was next in line. I had the end of the month billing to deposit and knew it would take time.

"If you're not doing anything later, why don't you stop by the shop this afternoon? The place has really grown and I'd like to show you what's happened. If you make it around 5, I just opened a small restaurant next door so you can try out some of the new products."

"If you're buying, my time's your time."

We had just finished getting the second shift line running when the secretary came back with Rich on her way out.

"Hey Rich. What do you think?" I asked as he surveyed the shop. From our original one store section in a strip mall, the business had expanded into 3 other adjacent sections. Between the mixing areas, packaging lines and refrigeration storage, it was a true manufacturing plant, and I was proud of it.

"You really built something here, Joe," he said truly impressed. "I never thought this place would ever make it. You were always such a fucking hot head."

We walked around the factory floor and at each operation, we'd pause to survey busy machines in high-speed action. I just followed him around answering questions and remembering what it was like during those early days.

What was amazing for me to realize was that no one else has ever taken his place here in the shop as far as fantasy men go, at least not the way I remember. God, he still had an incredible caboose that seemed to jiggle in all the right places when he walked. His legs were just as thick and powerful, and I remembered how much I used to love to look at his wide-sized shoes that I bet were packing some big feet. It was great to see him again in person even though I've seen every inch of his body naked thousands of times over the years, but only in my mind while jacking-off.

"It's funny how different things can be and still stay the same," he said with a sly grin looking out the corner of his eye, as I quickly removed my eyes from the back of his jeans.

"Yeah, it's pretty amazing to see what you've done—I see your pasta in the stores and advertised in the papers. Bet it wasn't easy."

"You know Rich, I never got a chance to tell you how sorry I was that time you quit," I explained seizing my opportunity.

"Once you left, I always said to myself, if I ever got the chance, I wanted you to know that it wasn't you, but me trying to prove something to myself."

"Oh really?" he said mocking my sincerity, but yet letting me know the apology was accepted. "You really were some kind of a college shit. A couple of times, I could have just popped you one. It's good to see you grew out of it."

An hour later after walking and reminiscing in the factory, we wound up next door for dinner. By the end of the evening, full of pasta and a few hours of getting caught up, Rich let down his guard. He had a tough time since we last saw each other—mostly from a divorce and child support.

You could tell it took a toll on him, especially financially. It all seemed to start, unfortunately for my conscience, around the time he left the company. When he quit, it took a while to find another job and with one problem after another, his marriage finally ended. He was now driving for a local furniture store doing house calls around town. He still had a few more years before the last of his kids would be out on their own, and he seemed to manage okay, especially with a small one bedroom in what's known as "apartment jungle" in the next town over.

"I don't know about you, but it's been a long day," I finally said fighting back a yawn. "Why don't I grab desert and we can head back to my place, if you don't have to leave right away?"

"Sure. I heard about that house you bought—with a pool. Business must be good?"

The air was warm—a perfect July night. There was a crescent moon in the sky with enough stars visible to make looking-up worthwhile. We sat on the deck finishing the pie when I asked Rich if he wanted a swim.

"An after work swim is a great way to relax and unwind. Come-on, you don't need a suit, I never do," I suggested hoping he wouldn't catch onto what I really wanted.

"You only said that cause you wanna see my dick," he shot back redneck-style.

"Rich, you know I'm gay, but that's not the only reason why no suits are allowed. Skinny-dipping helps relieve stress; it peels away your inhibitions. You have to try it. Don't worry, your fat ass is safe around me."

If only he knew the truth. I couldn't wait to finally see that body naked for real and I wanted to see it all. It took ten years to reconnect and I wasn't going to let him get away without at least a look.

We walked up to the patio by the pool. By the time I got there, I was already out of my shorts and ready to slip into the water. I took longer than usual getting in, just to make him feel more comfortable seeing me naked in case he was feeling a little shy.

I'm proud of my body. I work out, eat well and have kept my weight at a comfortable 175. I like my fantasy men to have lots of hair, just like me. I've got hair all over—dark leg hair, a big thick batch covering my package that makes it look like a fence post sticking out of a field of hay, and even swirls of back hair. Hair is everywhere on my body except on top of my head.

"Hey, don't be bashful," I coaxed him. "We're all boys here."

"Yeah, around you, that's what I'm afraid of."

With that, I turned around and dove into the deep end. Surfacing, I reached up out of the water and hung onto the diving board facing him.

At first, I thought Rich was still deciding whether to continue, but then realized he was getting into it. I couldn't believe it—after all those years—my dream man was standing before me completely naked. I was in ecstasy with this private showing. Yeah, I guess that's what he was doing, giving me a private showing as he strutted over to the shallow end.

He waded in slowly, just up to his crotch. He too, was a hairy beast and I got semi-hard just feasting on the sight of his healthy belly hovering just above a thick squat cock and bull-sized balls, hanging low from their weight over the years and now floating on the surface. His half-dollar wide nipples began to grow pert as his body adjusted to the coolness of the water, or maybe it was excitement surging inside. We gave each other a long telling stare from opposite ends, but said nothing.

I always had a suspicion he could have been like me, and now his eyes told me what I suspected all along.

I was still hanging from the diving board when Rich leaned forward to dive towards me. He came up a just a few feet away, shook the water from his bushy head and began to float. His cock popped up through the surface in front of my face as he stretched out.

"Yeah, this is a great way to relax," he said acting like we both didn't know what was going on. "I can get into this."

I let go of the board, floated to the bottom, opened my eyes and looked up. A soft glow of light from the side gave me a breathless view of this water buffalo.

More than just giving in to the urge, Rich was giving himself to me—he wanted me to take him. He kissed me back and held on tight. In a heartbeat, I knew that this too, was the life he really wanted—it's a shame it took him until he was fifty to act on it.

We kept hugging and kissing each other. Our arms circulated around our necks, our backs, and waists. I could feel his stubby jabbing into my belly button. I reached underneath to capture his meat in the palm of my hand, and then moved lower to squeeze "his boys" until he groaned.

Even in the dim light, I could see his patch of pubic hair swaying back and forth with the ripples in the pool. My heart was racing as years of dreams and twilight fantasies came true in the moment.

God, this was perfect, and so was he. I've always waited for exactly what I wanted, even though there's been long dry spells between getting my dick sucked or milked by a hungry hole. But, tonight was different; this was the night I got what I had been waiting for.

"Ohh Rich, God you're beautiful," I admitted breaking free for air. "I can't tell you the number of times I thought this was possible. Your ass used to drive me crazy when you'd walk by. I

I wanted him. I was ready, and we both knew he was, too. I wanted to wrap my legs around his waist and suck on his lips. I needed to stick his cock in my mouth and taste his scent. My now rock-hard 8 inches was aching to be buried deep inside him. I pushed off from the bottom with both eyes fixed on my target like a stealth torpedo cocked to explode and my arms outstretched in the right position to bear hug. I came up from behind, cradling his back against my chest and sliding my cock to rest between his ass crack.

He didn't say a word.

The force from my push moved us just into the shallow end where I could now stand with the water level at my chest. He continued to float while I held on tight to his working man bulk. His head leaned back and I kissed him—hard. We locked lips and his tongue pushed into me. I sucked it like a cock. It was thick and fleshy and wet and yummy. This was the desert I really had in mind.

The kiss was like air to drowning men—mouth-to-mouth resuscitation.

Still joined together, he moved to the side to wrap his legs around my hips. It felt as though the stiffness of my cock was holding him up. I could tell he wanted this as much as I did, maybe even more.

need to have you, now."

With him still holding on and our lips rejoining, I walked us over to the shallow end and he leaned back on the top step. My arms moved around to squeeze his ape like tits and then kneaded on his belly and love handles while biting and suckling each nipple. My tongue lapped at the hair between his tits, down on his belly, and then munched in his crotch.

I could feel his cock bouncing on my chin and cheek before swallowing it whole. It was wide, so I was glad I could get it all in my mouth. If it were any longer, it would have cut off my air supply. My teeth instinctively started to chew on the fleshy foreskin between each suck.

I held him firmly in place by grabbing his balls. He pumped his hips in sync with my plunging.

"Suck it man, suck it," he groaned. "Oh man, where have you been. God, that feels so good."

My hands were everywhere on him. I kept grabbing for the beefy parts and then slid up to kiss him again.

"Come on up here," I said twisting his tit to motion him to the lounge chair.

He laid down and I straddled his face. My cock was bouncing up and down as I got into position.

"Have you ever had a cock in your mouth?" I asked as the head touched his lips.

Looking deliberately into my eyes, he opened wide and remained silent. It didn't matter either way, because he took to it like a Hoover. I then turned around into a sixty-nine position—and couldn't wait to taste more of him.

After a while, I pulled his legs back to expose a manhole wide enough to dock a boat. You could still smell the day's sweat underneath the chlorine from the pool. There was enough light to see his pucker lips flinch as we seesawed away on each other. It had been so long since either of us had tasted sex, that we both came together in a premature blast. Half of his load squirted at first into my mouth and then, on the upstroke, across my mustache and cheek. I pulled out of his mouth just as lava erupted and splashed over his beard and lips.

I lifted off him, turned around and sat down on his belly. He left the strings of my cum on his beard. We stared into each other's eyes and broke out laughing. It was a great moment filled with satisfaction and a new friendship.

I reached over to capture the cum from his beard in my hand and began rubbing it over his chest. I wiped his cum, now dripping from my cheek, and mixed them together. The mixture turned frothy in his chest mat and I laid down on top of him, sliding the goo between us.

We kissed again—long and hot, and talked well into the night.

This was indeed the first time he acted on his natural urges. Fifty-one years old and the only dick he's had was his own. Yeah, he had thought about it, and even thought about me, but said he never had sex with a man, and I believed him.

The hours flew by and he really spilled his guts. Being next to him was I guess, the permission he needed to finally start thinking about the life he wanted to have. I didn't mind playing therapist and could tell he was both exhilarated and scared at the same time, but I'm sure it's what every gay man must experience their first time.

I leaned over to kiss him. "Wait here, I'll be right back."

I ran to the bedroom for some long forgotten condoms, a tube of lube and a few towels. My rock-hard cock was bouncing with each step in anticipation like a divining rod guiding me around the house picking up supplies.

"I want you to know what it all feels like," I said slipping up behind him before wrapping my lips around his barrel to get it in shape.

Again, we got into the 69 position and I pulled his legs back under my arms to expose the virgin hole. With my face impaled on his crotch, I opened the lube, squirted out a two-finger glob and began working it inside a once forbidden zone. The lips spread easy and I felt the muscles massage my fingers. With dual action precision, his groans bellowed and hummed around my piston.

"Aaahhh, yeahhhh," he kept moaning again and again as my cock plunged his throat.

My mouth continued working his dog while my fingers stretched and poked.

"Okay Rich, I said firmly. His legs went limp on the chaise as I climbed off. "I want you to trust me now. We'll take it real slow. You'll feel a little pain at first, but pretty soon your hole's gonna be humping like a bull in a rodeo."

I turned him over on his belly and then pulled on his waist to get his ass up in the air. I ripped open a condom, rolled it to the base, gooped up the head and shaft of my dick and then smeared his with the rest.

"Reach down and start working your cock. It'll help to have a little pleasure with your pain."

Gently, I started pushing on his back door. The gate guard at first tried to close off the intruder, but with persistence, and Rich's concentration, his hole opened like a magic door and my cock slipped inside.

"Ahhhhh," came an unforgettable groan. He quickly laid flat trying to escape off my cock.

"Slow down," I ordered with a voice of experience. "Slow, slow—it's going to pass—just work your cock. Start pulling on it—stroke it. Don't move your ass till your hole has a chance to adjust."

Thick and pulsing, my cock rested only half way inside him, but I could have waited in this position for hours. Holed up inside him, every part of my fantasy was coming true.

Gently, I began grinding around on his rump. Before long, his ass got in sync with my pumping.

"Ohh yeah, you were right," Rich whispered with his eyes closed, in an altered state of ecstasy. "Fuck—my—ass," his voice chanted while my bull plowed his hole and he pulled on his cock.

My pole plunged deeper and deeper into him. His hole stretched wide to receive me and the slurping sounds started coming from his ass.

I stretch out flat on top of him, grinding my hips up and down. My hands grabbed chunks of his love handles and massaged their way around on the sides of his belly, then rested on his tits. Our bodies melted into each other in a precessional fuck.

We fit together like pieces of a puzzle—both in a heightened state as I rubbed my body over his—feeling his flesh—sticking my parts inside him.

The action dug deep. I fucked his hole hard and deep, in and out, and all the way back in again. The sensation of my hard meat inside him was making him moan loudly, and the smell of our lovemaking drove me to the edge. My balls began to boil over. Frantic, I pulled my cock out and ripped off the sheath. The cum erupted and shot across his hairy back up to his head. I fell back on top of him.

Still pumping his cock, he stopped long enough for us to switch positions so I could lay back in the chair and for him to nestle into my chest and embracing arms.

"I'm—gonna—cum," he started screaming. "I'm—gonna—cum."

Several globs of egg whites slopped onto his belly.

"AHHHHHH," he screamed while his body went into spastic jerks and he gasped for breath. When he finally slowed down he said, "That's incredible. I've never cum like that before."

We both laughed again and finished our first night wrapped together under the stars. I drifted off to sleep confident that I not only found my fantasy man again, but also wanted to make plans to hold onto him.

Several months went by and while Rich and I spent many weekends together, neither one of us really wanted to be boy-friends. We had already rekindled a good friendship and the best thing now for us was to leave it like that—fuck buddy friends. That's all that I have time for in my life and Rich was just as comfortable with the arrangement.

"You know Rich," I said to him one Friday night fuck session. "I could really use some help around house with the yard and pool. You could take the in-law apartment over the garage, rent free for some handy-man work."

Rich was happy with his new place—it made his life easier. I was glad I could finally make it up to him for some of the trouble I caused years ago. Besides, I have to admit, it sure helped guarantee that we'd be there for each other whenever we needed each other. And, it turns out, we need each other often! ☺

## COMING IN BEAR 57...

A SNEAK PEEK AT THE  
NEW **BEAR VIDEO:**  
"BIG BEAR TRUCKING COMPANY"

Ok — I promised the Ol' Man that I would wrap this one up quick so we can watch *The Deadly Mantis* before it has to go back to the video store; I hate getting a video and not watching it. Especially when it's a five day rental. If I can't watch a movie in five days, did I really need to rent it in the first place? Enough with the chatter, on with the show...

I know I'm gonna regret this, but check out DannyBear's Bear Man Links. You can find 'em at [www.cyberus.ca/~dannybear](http://www.cyberus.ca/~dannybear). I say "regret" because this has been a much used resource for me, and now I won't be able to pretend that I'm really cool, and found all these sites by myself. Danny deserves a nod for this one. The layout is simple, fun to peruse, and it's organized according to content, making it easier to find the smutty stuff. Plus—you get the weather in Ottawa, to boot! It's also a great site to practice your Jedi mind tricks. Close your eyes and click anywhere. The Force will guide you. Let it flow!

That's how I found Carl's Men on the Street: [www.sfcarl.com/Contents.html](http://www.sfcarl.com/Contents.html). Owner Carl Williamson has compiled photos he's taken from Folsom, Dore Alley, and Castro Street Fairs, as well as the San Francisco Gay Pride Parade, going back about seven years. The guys run the gamut, so you're likely to find one or two that you can grab. At the least it's a compendium of San Francisco street fair history. Maybe Carl could add pics of the fairs from other photographers?

Starting in this issue, Huntin' Pecker will feature it's "Wet Spot" awards; websites that caught our attention, for one reason or another. Look for it on the Brush Creek Media website at [www.brushcreek.com](http://www.brushcreek.com).

### FINDING THE WET SPOT.

This issue's Wet Spots:

The "AdultCheck site with the greatest potential for finding masturbation material" award goes to the Hairy Hunter: [www.bullseye.org/hairyhunter](http://www.bullseye.org/hairyhunter). The main site is pay-to-play, but there is a huge free preview gallery of mostly pro models with some rough-trade, Palm Springs Video-types thrown in. But wait—there's more! Also, check out the Package Gallery, which features cover images of several sex vids with hairy men. "Best site to find a pic to pad out your AOL profile": [www.bullseye.org/hairyhunter/galleries/package/package.html](http://www.bullseye.org/hairyhunter/galleries/package/package.html). NOW how much would you pay?

"Cutest site with the greatest potential for finding a long term relationship" award goes to [www.bearforest.com](http://www.bearforest.com). The navigation is a little clunky, but overall it's well done. They're using the Shockwave plug-in heavily (If you don't have it yet, get it. NOW. Don't argue with me about it, just do it. You can find it at: [www.macromedia.com](http://www.macromedia.com)). It's better than a lot of others that I've seen. There are games, a chat room, and a guestbook, all titled in the indigenous idiom Bearspeak, plus, a great classifieds section with lots of pics, mostly from guys outside the United States, it seems. Mmmm... Fernando...

"Most obsessed cocksucker website" award goes to Don's Glory Hole Gallery ([girl.infocom.com/adult.html](http://girl.infocom.com/adult.html)). He's got tons of pics from both sides of the hole, both amateur and pro. It's not real bear-ish, but, c'mon, give it a rest for once.

That's about it for now. If you have any clue where there might be DICK for FREE on the WEB, found a Wet Spot, or generally want to berate the author, send mail to [huntin\\_pecker@yahoo.com](mailto:huntin_pecker@yahoo.com). All of the opinions here are my own, and, as always, your mileage may vary. —bubba

**GRIZZLY**  
Catalina "Furry Features" Video

The last time we covered Catalina Video they were fucking backstage at the Mr. Bear Pride contest in Chicago. We weren't too thrilled with the soundtrack (Comic / Emcee Danny Williams putting the contestants through their paces, however brilliant and rib-ticklin', doesn't fare too well as a fuck-n-suck soundtrack). But ultimately we agreed that even though the guys weren't all *BEAR*, at least Catalina was breaking free of the trappings of their sunned & smooth stable of performers. So, we gave 'em snaps for trying.

This time around, the fur is getting fluffed at another bear event, the fictitious "California Bear Weekend." In *GRIZZLY*, eight fuzzy fellas celebrate the weekend at Grizzly Inn, where the weekend's festivities are largely of the indoor variety.

Muscle-packed box cover guy Eric Evans stands out as the one bear "virgin" at the Inn, as the ever-busy towel boy.

After stumbling upon hunky Hank Hightower feeding Nick Stevens his fat tool, Eric confesses to his diary (feminine for "journal") that something about the bears arouses him. We soon find how aroused he gets with the organizer of the bear event, JR Edwards, when he comes prepared with towels after JR's shower. How convenient!

Shy cub Wayne Stevens, in his Catalina debut, is lured from his room by studly inn owner Mike Ryan to prove to what the "full service" resort really has to offer - lots of throat pounding and tongue fucking. The hottest scene, however, kicks off the flick when Steven Michaels gets direction from yard stud Mike Vespa the main office and how to make his balls explode after chowing on his edible ass.

Despite the unfortunate lack of butt-pumping, the writing and direction of Peter Romero makes *GRIZZLY* the third, and best, installment in the Catalina bear collection. As good as it was, however, the proceeding trailers for *Big Guns 2* and *Thrill Me!* fed my desire for the fuck action I desire in a gay flick. If you're looking for harder action, check them out too. Have remote, will travel.

Sickly funny humor from "The Solo Sex Joke Book"

## The Solo Sex Joke Book

By Dr. Ralph Mead & Christian Snyder  
Factor Press, Mobile, AL  
\$9.95

Masturbation. When it comes to satisfying ourselves, we are our own best lovers. The ageless practice of self satisfaction has spawned sex clubs, wives' tales, and countless toys, lubricants and anatomical look (and feel) alikes.

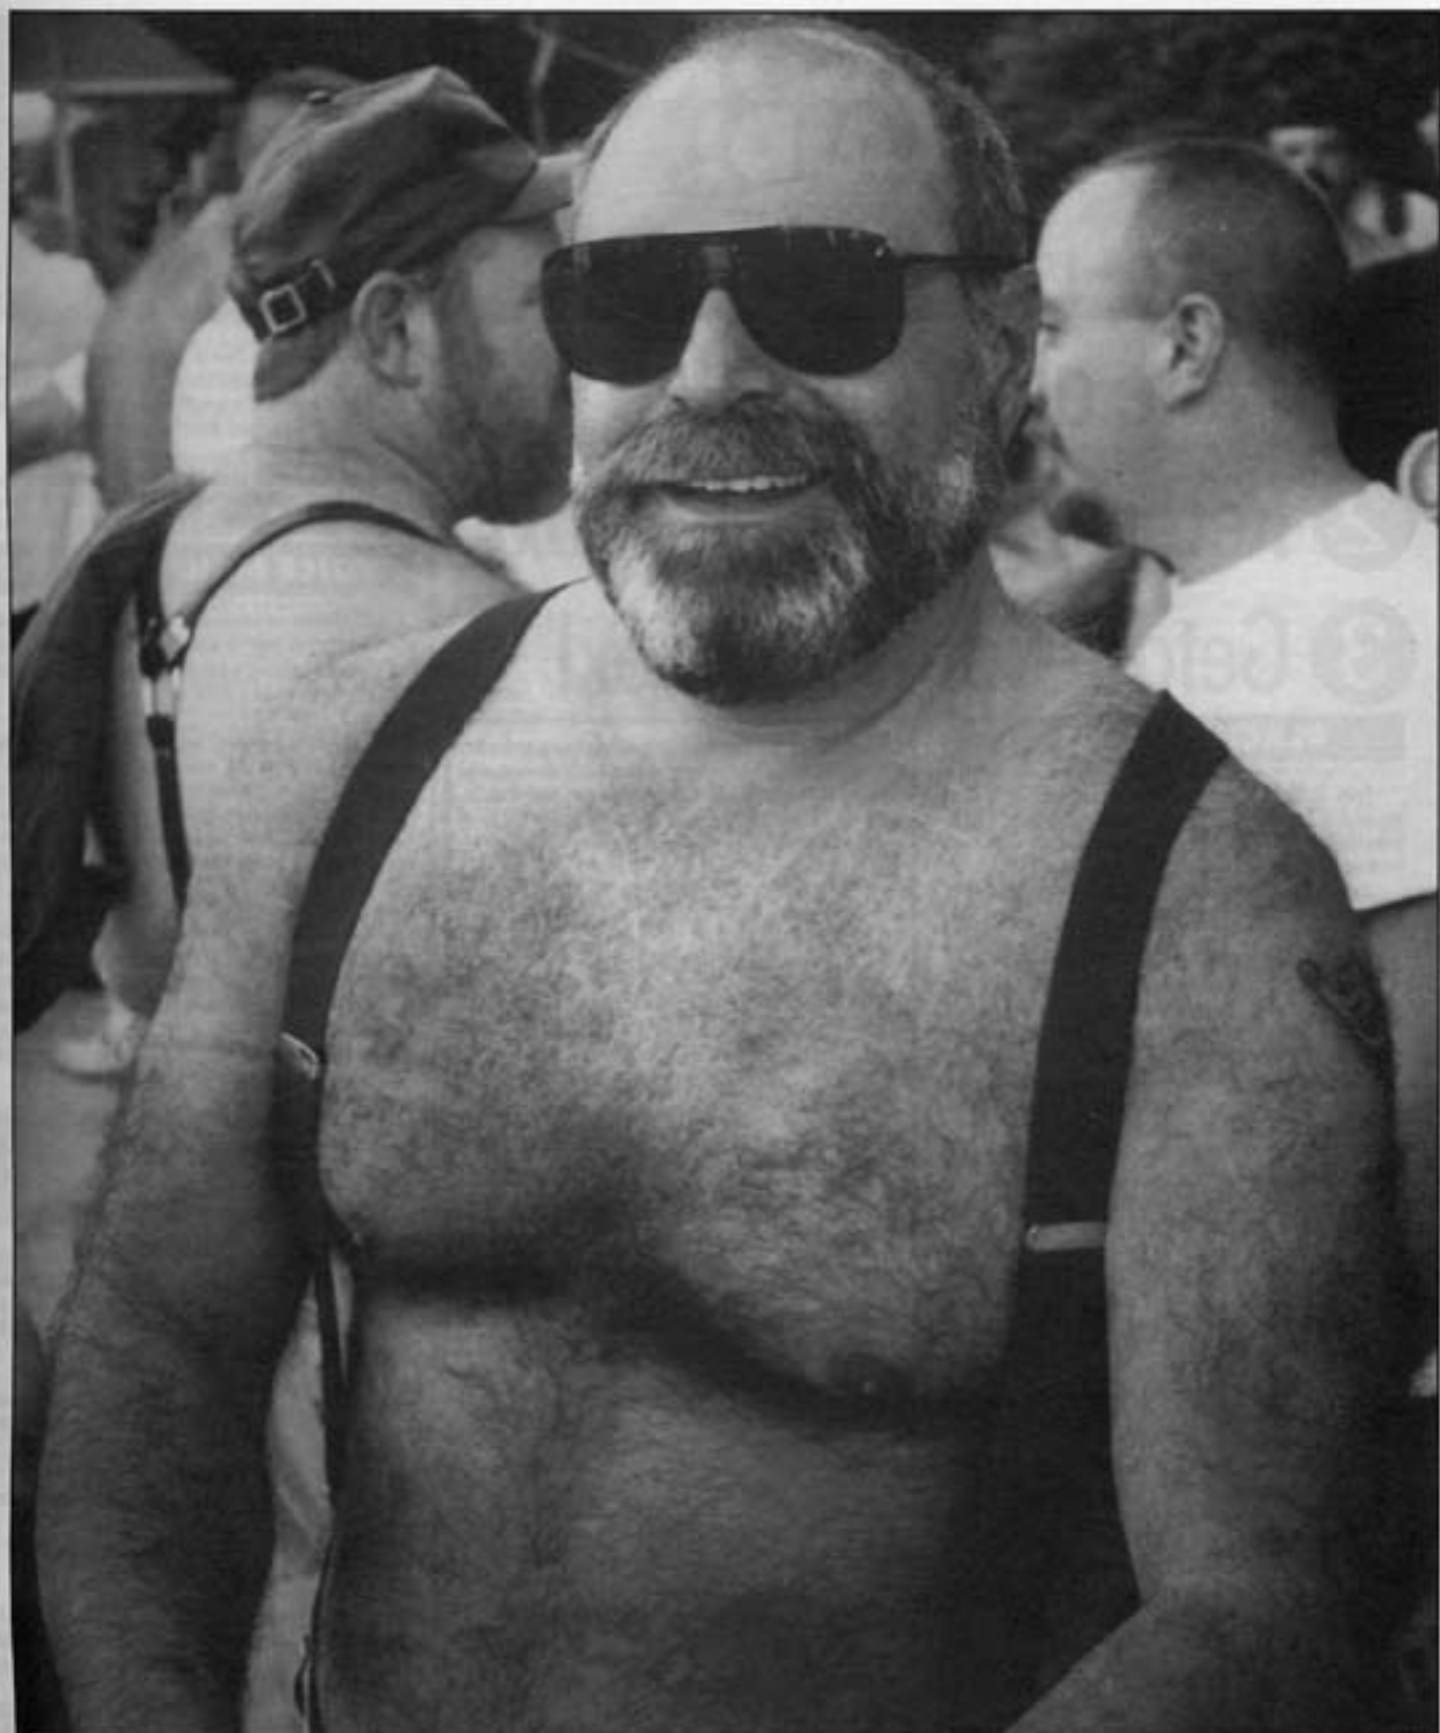

Psychologist Dr. Ralph Mead has joined forces with cartoonist Christian Snyder to contribute to the erotic marketplace a very funny and occasionally disturbing compilation of jokes and cartoons dedicated to the art and soul of jacking off, with *The Solo Sex Joke Book*.

A self-professed original in the genre, the handy little digest tackles the hard issue of masturbation, and beats it down to an anticlotal level. Dr. Mead introduces his collection with his views on the fraternal practice of self gratification, developed after years of teaching psychology in an all-male college. He openly discusses the issues surrounding the stigma, and dispels some of the myths regarding this vital activity.

Then, we get down and dirty with a series of comically refined, albeit amateurily drawn cartoons similar in style to (but *not quite fit for*) the *The New Yorker*. Frame after captioned frame made my head shake in disbelief that such corny jokes were actually taking up printed space. Dr. Mead would have me think that it was my subconscious suppressing the expression of my love for masturbation. But, honestly, some of the jokes are just that bad.

I have to admit, though, that *The Solo Sex Joke Book* is really great fun and perfect for any gay, and even straight, man who doesn't have Catholic relatives or a self-conscious wife to worry about. The jokes and cartoons are divided into youth, marriage, maturity, gays, and miscellaneous categories, so you can parcel out your humor to different sets of friends, if you choose to share this invaluable literary acquisition. You might even win fifty bucks by contributing to the next edition of the book by writing the captions to fifteen pages of silent cartoons. Who knows, your creative adventure may lead you down a dark path of masturbation and penile worship. Woo hoo!

# **MAN-TO-MAN PERSONALS**

**HUNDREDS OF HUNGRY, HORNY BEARS IN HEAT**

# BEAR PERSONALS GET YOU LAID! IT'S THIS EASY:

- 1 Place a Personal Ad
- 2 Receive a Voice Mailbox
- 3 Getcha Some Hot Sex!

## PLACING AN AD

**Text.** Talk about yourself and be real clear as to what yer lookin' for. Avoid negative shit, like "no fats, feds or Republicans." We happen to dig big guys. Plus, it doesn't work, and we'll probably change it anyway.

**Names.** We can't run ads addressed to Occupant or Boxholder. Use your initials or a name your postal carrier knows.

**Photo Numbers.** We won't print 'em. That's it. Period. **Photo Ads.** We'll run a shot of your face or dick, but only once. Your photo must have a signed model release (see "Show Yourself in BEAR," page 61) AND a photocopy of your picture ID. Don't bother sending us photos without this stuff. We can't legally print 'em. Each photo sent to BEAR must be signed with your name and phone number on the back. Photos are not returnable.

**BEAR Postal Box Numbers.** If you wish, we'll assign a BEAR Postal Box Number to your ad, collect your responses and forward them to your address. A word to the wise: your own address will get you more responses. For U.S. subscribers only. Free for BEAR Buddies, \$5 for everyone else.

**Voice Mail Box Codes.** We assign a voice mail box to every domestic ad. Guys can leave phone messages in your box after reading your ad, and only you can retrieve them. Cost is \$1.98 per minute for both parties.

**Common Courtesy.** If a guy gets in touch with you, write back. Even if it's just to say, "No thanks," he deserves to know you got his message.

**Cost and Duration.** Personal ads are free if you're a BEAR Buddy (an \$85, two-year subscription). Otherwise, they're \$.25 a word, per issue. BEAR Buddy ads are discontinued when the subscription runs out. You'll have to submit a new ad when you renew your subscription. Wanna discontinue your ad? Write in, and we'll pull it. You'll have to pay to have a pulled ad put back in, though.

**Ad Changes.** It's cool, but will cost you five bucks, and must be in writing. Hint: you'll get more responses by revising your ad from time to time.

**Edits.** We reserve the right to edit ads for editorial consistency and clarity. We also reserve the right to refuse any ad.

Submitting your ad. Compose your ad on a separate piece of paper, and for God's sake, write or print clearly so we can read the thing. Remember, no telephone numbers or "Boxholder/Occupant" addresses will be printed in ads! Photocopy this form, or copy it by hand, but we need all of this info!

## RESPONDING TO AN AD

**Voice mail box number.** To respond to a voice mail box number, see details under "Voice Mail Explained." If the ad says "No voice mail," it's a good bet the fella won't be checkin' his phone messages. Respond via written letter, or e-mail, if it's listed.

**BEAR Box Number.** To respond to an ad with a BEAR Box number, seal your letter in an envelope. On this envelope, put the fella's box number in pencil where the stamp normally goes. Send this with \$1 in a larger envelope to us.

**Common Courtesy, Part II.** Respond only to the ads looking for your type, and don't be pullin' the old form letter routine. If you don't fit the specifications listed in the ad, don't come bitchin' to us if you don't get a response.

**Prisons.** Not a great place to send money, or pictures of your hairy ass. By all means, correspond and make friends. But know the potential for trouble to you as well as the guy on the inside.

## VOICE MAIL EXPLAINED

Our BEAR voice mail system is designed to give you access to new friends, true love, or just a good fuck. It works. Remember, if you are placing a personal ad in BEAR, you will automatically be assigned a BEAR voice mailbox.

If you place a personal ad in BEAR, we will send you a letter with information about your voice mailbox, your passcode, directions on how to set up your free voice greeting, and general directions on using the system. But guys, give us a couple of weeks from the day you mail in your ad before you start calling us. We know you're horny, but these things take time.

You can also use our voice mail system WITHOUT placing a personal ad in BEAR. You can call to listen to ads or leave messages for guys. You can even setup your own voice mailbox, just like BEAR advertisers have. If you set up a voice mailbox without placing an ad, callers will hear your ad or can leave messages for you, but BEAR readers won't even see a printed ad, so you might get fewer responses.

## HERE'S HOW IT WORKS:

1-900-DV8-BEAR changes the call to your home phone  
or  
1-800-347-BEAR buys a block of time with your credit card

When you call, a recording will automatically begin describing instructions and options. These instructions will explain everything you need to know about using our voice mail system. Be patient and allow yourself a minute to hear all the options. A few basic options are explained below:

- Press 1: to create additional mailboxes. These boxes will be printed in BEAR, so you can be even sneakier or more discreet if you like.  
Press 2: to browse ads from other guys by area code.  
Press 3: to leave a message for one of the guys who printed ad you see in BEAR.  
Press \*: to pick up messages that other guys have left for you.

Remember that once you call and are at the main menu, it's not necessary to listen to all of the options before you make your choice. If you already know how the system works, you may start pressing buttons on your phone right away.

Still have questions about BEAR voice mail? Call 1-800-253-3877 and ask to speak to our answer guy, Richard Simms (extension is 103). He's usually here until 5:00pm, Pacific time.

Credit card holders call  
1-800-347-BEAR

To charge the call to your  
home phone, dial  
1-900-DV8-BEAR

Cost for both lines is  
\$1.98 a minute.

IT ALL COMES OUT IN THE END

### TEXAS BEAR ROUNDUP IV!

For the fourth consecutive year, the Dallas Bears hosted Texas Bear Round Up. They have taken the event to a new level, with over 600 registrants this year. (Hey, SF, Chicago, and Orlando, watch out, Dallas is catching up! Oooh, I fear, its not about size.) Brute and crew outdid themselves again. We have to BEAR appreciation and acknowledge the hard work that goes into these events, and we thank the Dallas Bears for making us feel so welcome. The Saturday night sunset, hosted by the hilarious Paul Williams, produced the following new title holders:

Mr. TBRU Gene Lanery • Houston  
Mr. TBRU Grizzly: Shayan Robinson • Nashville

Mr. TBRU Cub: Robert Conn • Houston  
Mr. TBRU Polar and over all winner: Tim Flippino • Houston, TX

The Saturday night dance even saw yours truly kicking up my heels for a couple hours. You know I had to be a good time!

Special thanks, as always, to Matt and Mark of the Dallas Eagle for putting together the opening party. See y'all next year! TB

# RICHARD

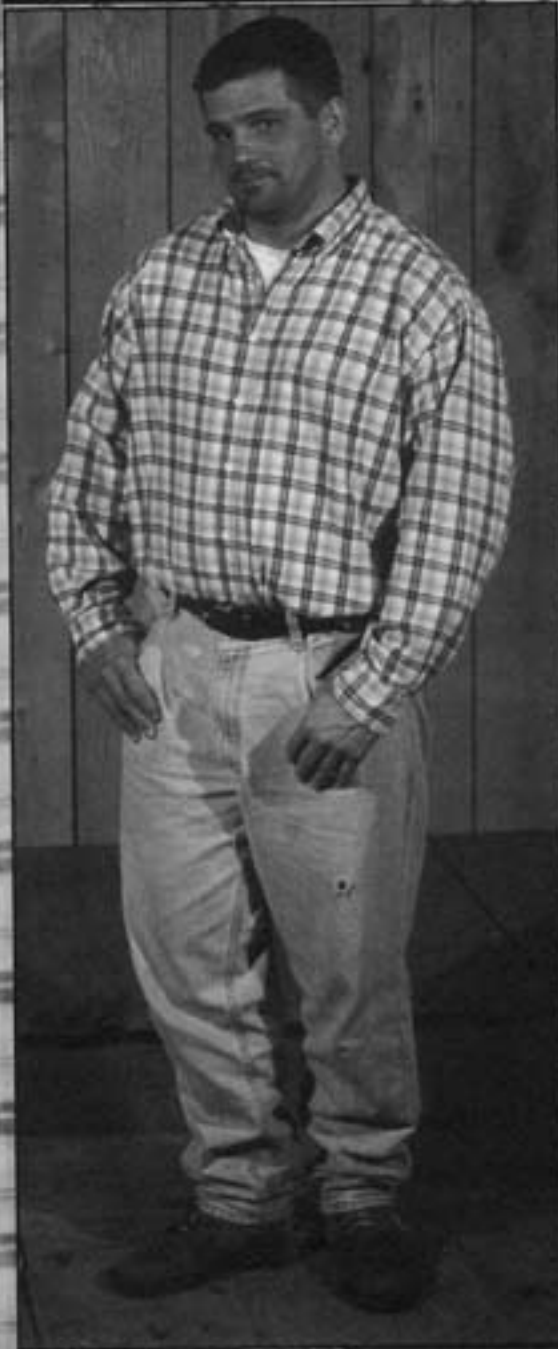

We didn't find Richard. He found us. He stopped by the shop one Saturday afternoon while he was here on vacation from Michigan.

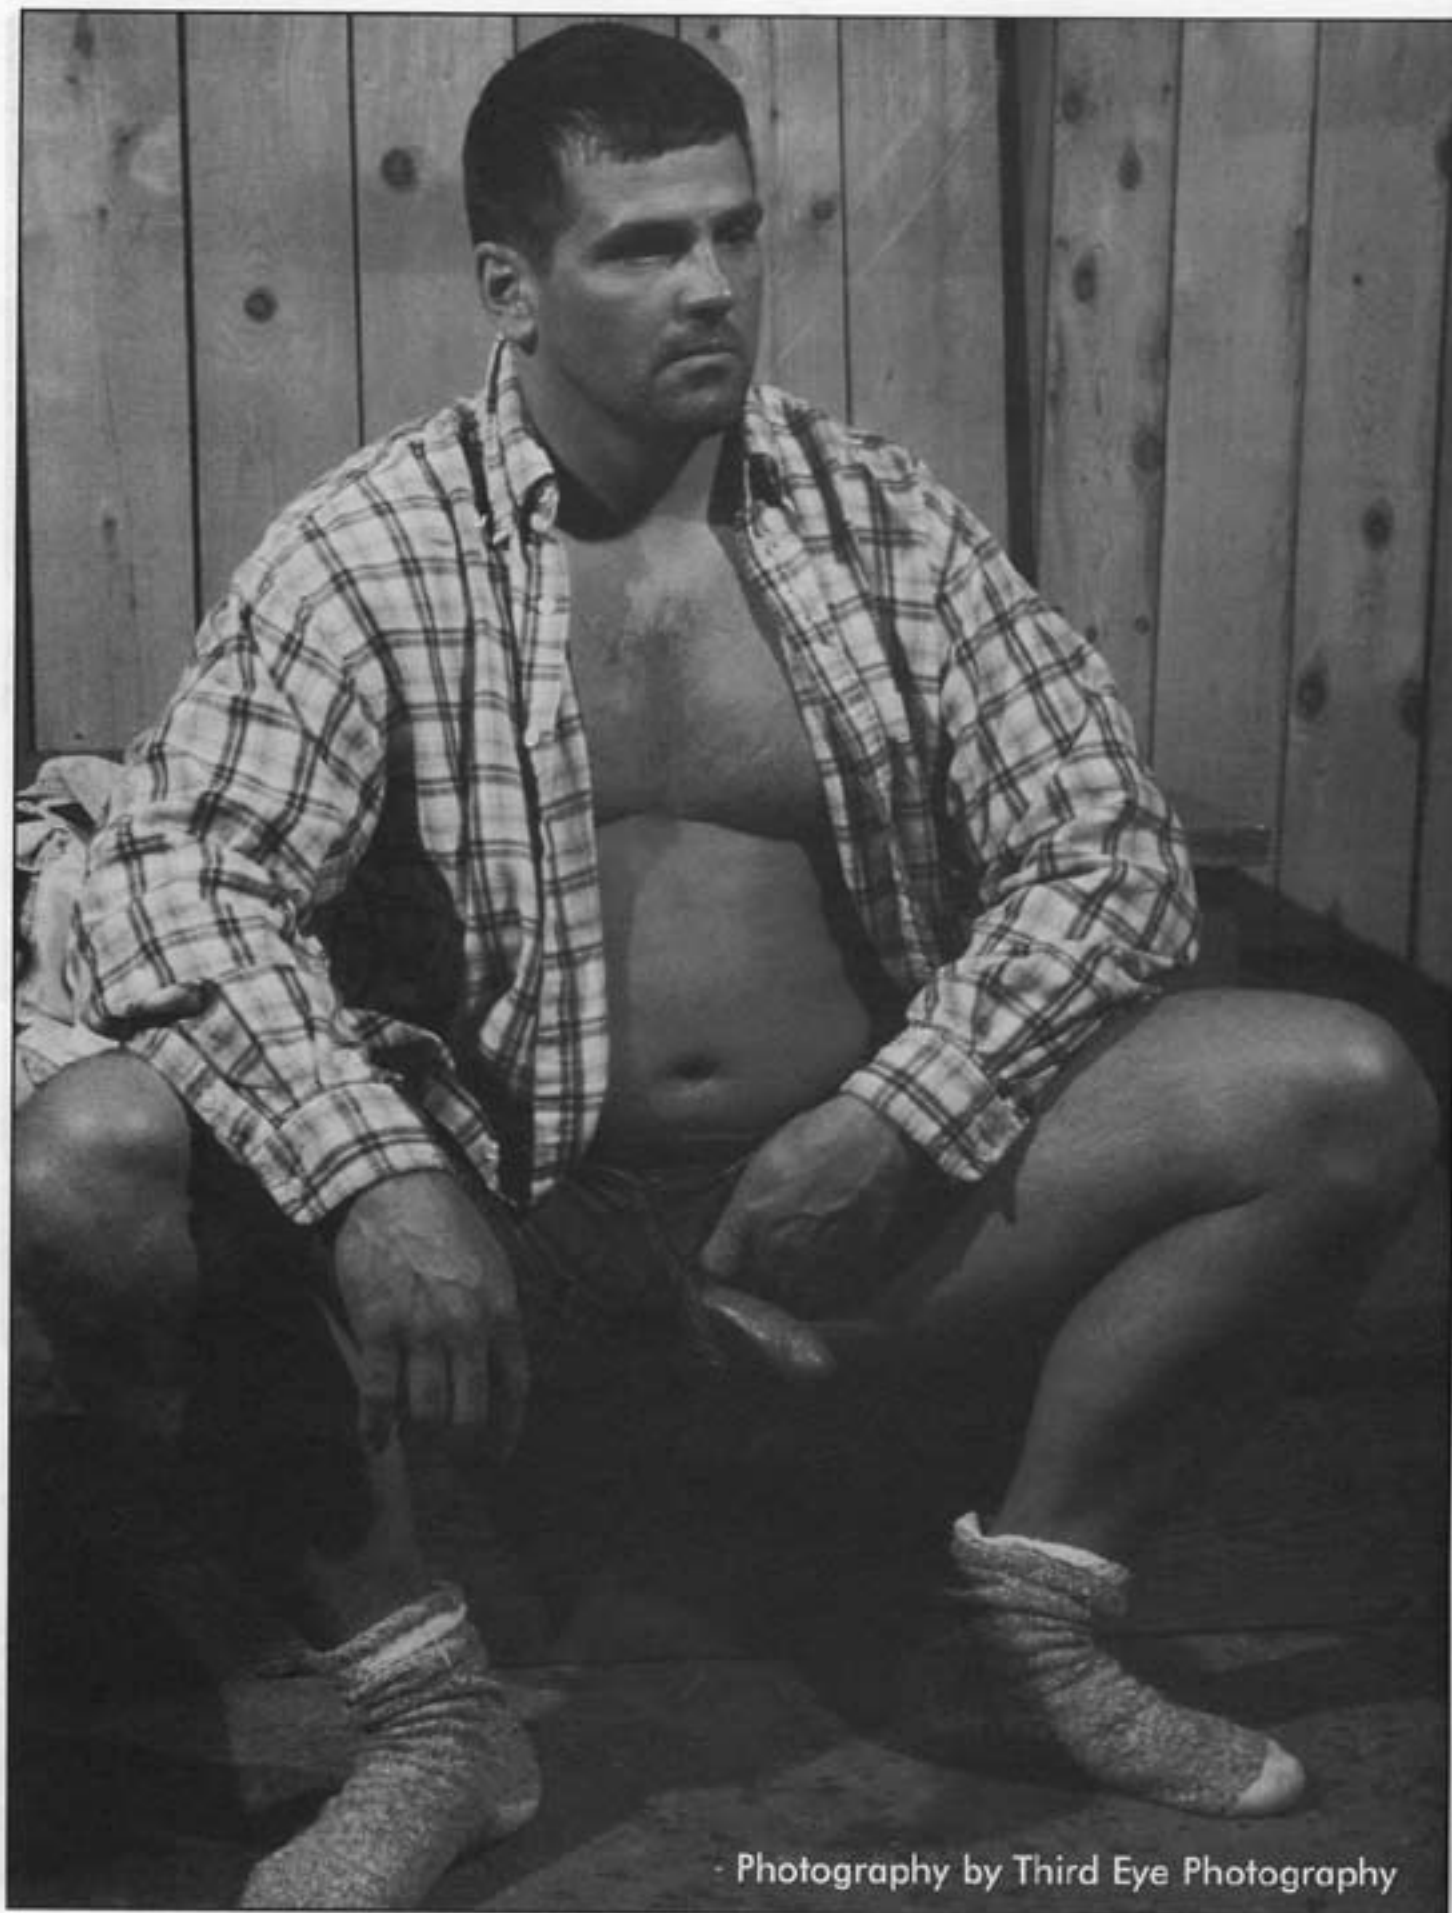

There were some nice snapshots of him on my desk when I finally made it to work Monday morning—didn't need to go out for coffee that day!

The only modeling he'd done before coming to BEAR was a commercial for one of those Jet-Ski-Doo watercycle things.

He's got that midwestern corn-fed thing goin' on. Cute as hell, big ol' shiny white smile; reminded me of back home in Minnesota, where everybody says "Good Mornin'!" to you, whether they know you or not. Oh—and his hard, slightly rounded gut shadows his midsection real nice.

For you guys who have been screaming for a cute young bear-lovin' guy... this one's for you. **JB**

### **BEAR Baseball Cap**

When you're wearing this, nothing else on your body matters much, does it? Well, especially if your body happens to look like our buddy Mith's here. Yow! Anyways, it's a minimalist thing we're doin', because... well, for one thing it's wrong to over-accessorize, and for another, he just doesn't need anything else! He's one of our most favorite clothes hangers and he's a big teddy. He's also spoken for, so get those dirty thoughts outta yer heads. Call for available colors.

Paul Morris captures Leather Daddy Scott on tape as he brutally disciplines his disobedient boys. Flogging and bondage seem vanilla as he moves from live play to electrical toys and beyond.
