I was talking to some friends I ran into on the street a while back, and we were chatting about this and that, and around the time the conversation got really dry and I guessed it was about time to go home and... I dunno—trim my nails or something, I noticed a nice-lookin' big guy across the street. I let out a little grunt under my breath, I suppose, and thought to myself, "Hm... if I were single and he was single and the moon was in the seventh house, he'd be fun to rub tummies with." My friends noticed my gaze, and mentioned casually, "Oh, him? That's David so-and-so. He's a bear, now."

Now? He's a bear—now?

After I recovered from the fact that I had actually known the guy in his earlier, more believable carnation, I marvelled in the fact that he had doubled (tripled?) in size and was now wearing more flannel than he used to own.

I stood there puzzling, like the Grinch. Probably had that same look on my face, too. Wait... he's a bear now? Is it possible to become a bear? How exactly does one do that? And why? Is it really as simple as super-sizing every Whopper-combo and fetching flannel at Ambercrombie and Fitch?

Truth be told, I was probably jealous that he had, at least externally, accomplished "the look." I remember going through that very same phase, when this whole "bear" thing started, or maybe when I realized that somebody had given it a name. No kidding. I would see a big bellied bearded buffet, and I would say to myself, "I wanna look like that."

Problem was, when I gained weight, my fat didn't fall neatly around my middle like the guy with the big, hard gut. I guess I wasn't blessed with the "belly" gene. Instead, my face got puffier and my chin all but disappeared and... well, it wasn't pretty.

So, I thought, if I can't get bigger without looking like Pugsley Addams, maybe if I shave my body, it will grow back hairier?

Silly boy.

I'm no hairball along the likes of Jack and Joe and (on the softball circuit, anyway) some of those Jills and Janes, and I haven't counted since I got a life, but I think I must have a few hundred of 'em or so spread around down there. If I look at my self just-so in the mirror, kinda sideways, so you can see the chest hair better...

"G-r-r-r-r."

So, I looked pretty silly for a while, trying to be something I wasn't. Truth is, even though my belly's more likely to hold a six-pack than resemble one, I'm stuck at around 200 pounds, and I'm never gonna be any hairier than God intended, bless her heart. I was blessed in other areas.

See... the way I figure, folks like Jack and Mack, who got the body and the fur and the dick and the face and... well, the whole package... I figure they must have been like slugs or earthworms in a previous life, and they're getting nicer packages this time around to sorta compensate for their earlier, less glamorous incarnations.

Anyway, I don't wanna be called no fuckin' otter or wolf or antelope or fox or whatever it is that the code cops might call me because I'm not a 270 pound hairy mastadon. But, let's face it - physically, at least, I ain't no bear.

"GASP!!!!!! What? The editor of BEAR magazine doesn't consider himself a BEAR?"

Yeah, yeah... sit back down and put another roll on the spool. Did you ever see Hugh Hefner with a cotton ball stapled to his butt? Was he ever photographed wearin' a pair of those damned fluffy ears, carrying a cocktail tray? You don't have to be a bunny to know what a hot bunny looks like.

Whatever I am, I got laid a heckuva lot more often as "myself" than when I was trying to be something else. Truth is, once I accepted that I wasn't going to ever look like the guys I drooled over, I sorta "fell into" a certain groove. That night, I was out having a beer when a hot neanderthal scritch'd the back of my neck and called me a "cute cub." I said "Fuck you" and before you know it, we were back at his place, fuckin' like bunnies.

See?

I guess the moral of this story is to be yourself, and things seem to work out better in the end. We get plenty of letters here from guys trying to fit in. And, now since "bear"

is "in" there are folks who aspire to be bear-like. I get letters from guys wanting to grow fur on their bodies, wanting to gain 50 pounds, wanting to grow a thicker beard.

It's great that a round gut gets admired. It's cool that flannel shirts and Frisch T's are *de rigueur*. And it's great that you don't have to shave your face to be attractive. But, it's gotta be natural. It's gotta be "you," or you just end up looking like a sheep in Big Bear Clothing.

It ain't whatcha wear or whatcha weigh, folks. It's whatcha are. Who knows what it is really, that makes a man a bear. Truth is, we know it when we see it, hear it, smell it... okay, I'll say it—taste it. He's real and he's masculine. He didn't buy a flannel shirt or grow his beard to look "butch." When he walks up and looks you in the eye, and the reality of his masculinity slaps you in the face so hard it stings just enough to make you smile...

To me, that's a bear.

Be yourself.

You'll sleep better.

BEAR

PHOTOS BY THIRD EYE PHOTOGRAPHY

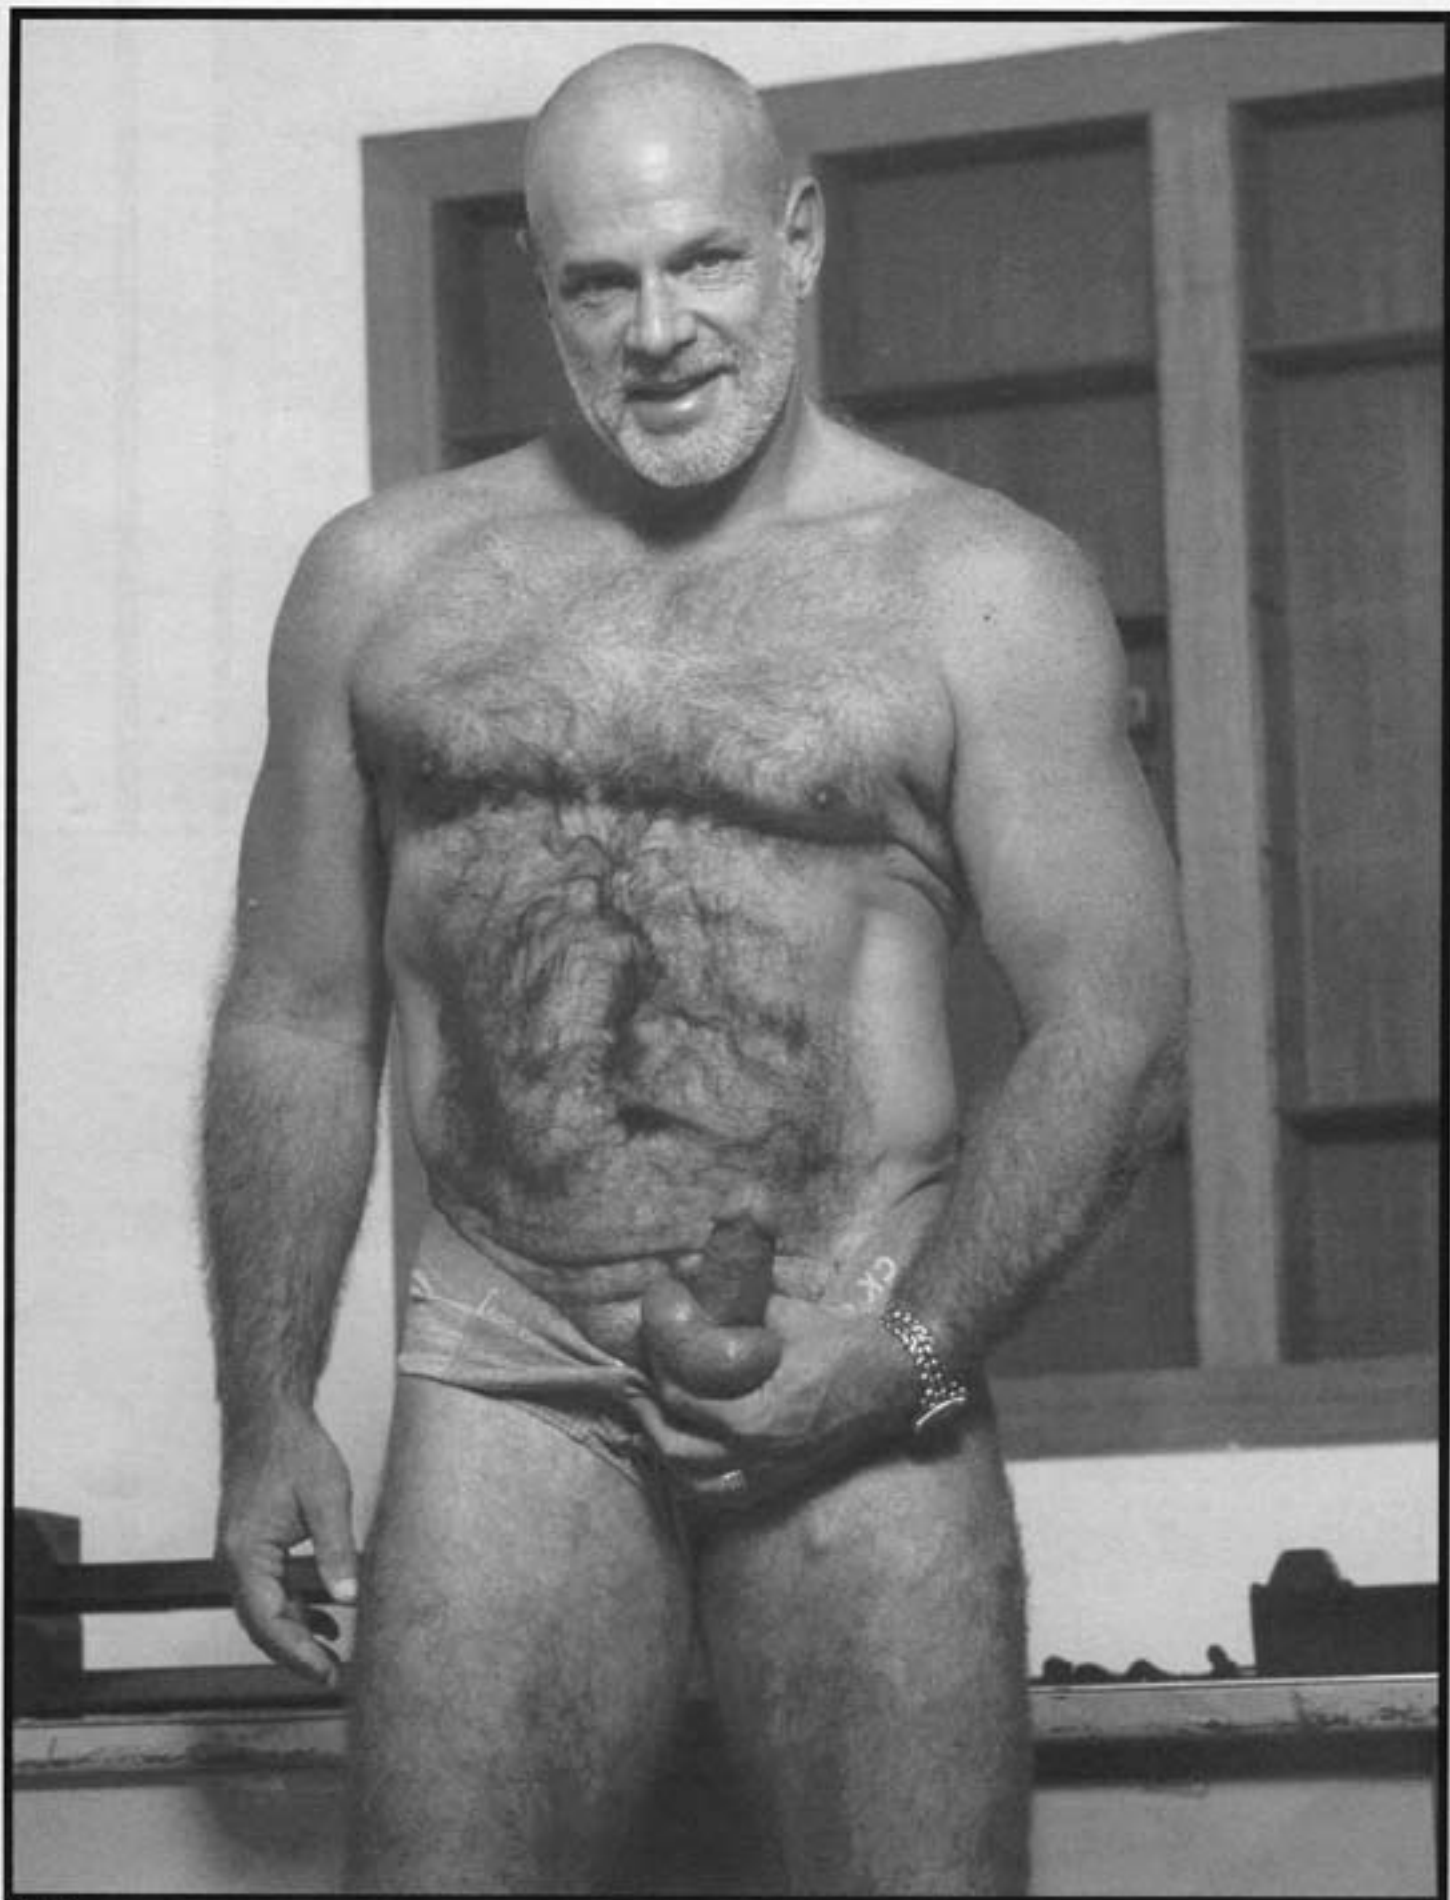

DERRICK

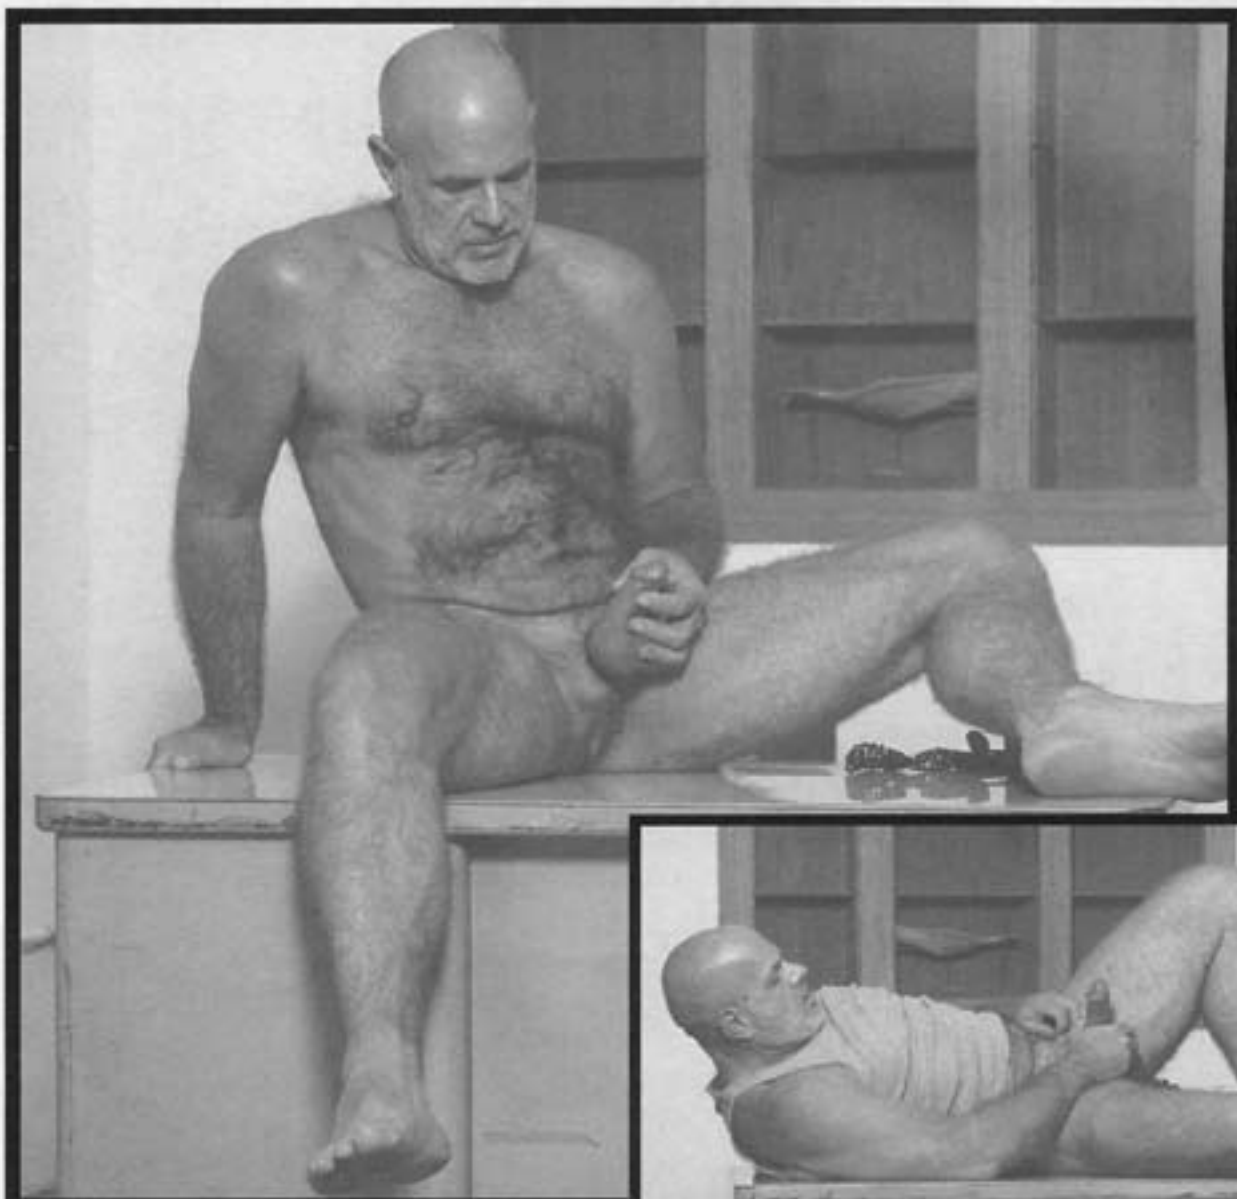

Derrick here sent us a few pictures of himself basking in the San Diego sun, asking us what we thought. I swear to you, one of the pictures, with the lucky cameraman positioned somewhere down below and shooting up at Derrick—his chest hair looked 3 inches long. Anyways, after we recovered and cleaned ourselves up, we got to setting things up to photograph him here in San Francisco, and the rest is history. He's got a thing for leather, but we thought he had such a great business-man look to him, that we asked him just to dress up in work clothes for you guys. Because, after all... the best part about dressin' a man up is watchin' him take it all off, right? Just imagine for a couple of minutes that he's your boss and he invites you to enjoy your lunch break "in" with him today...

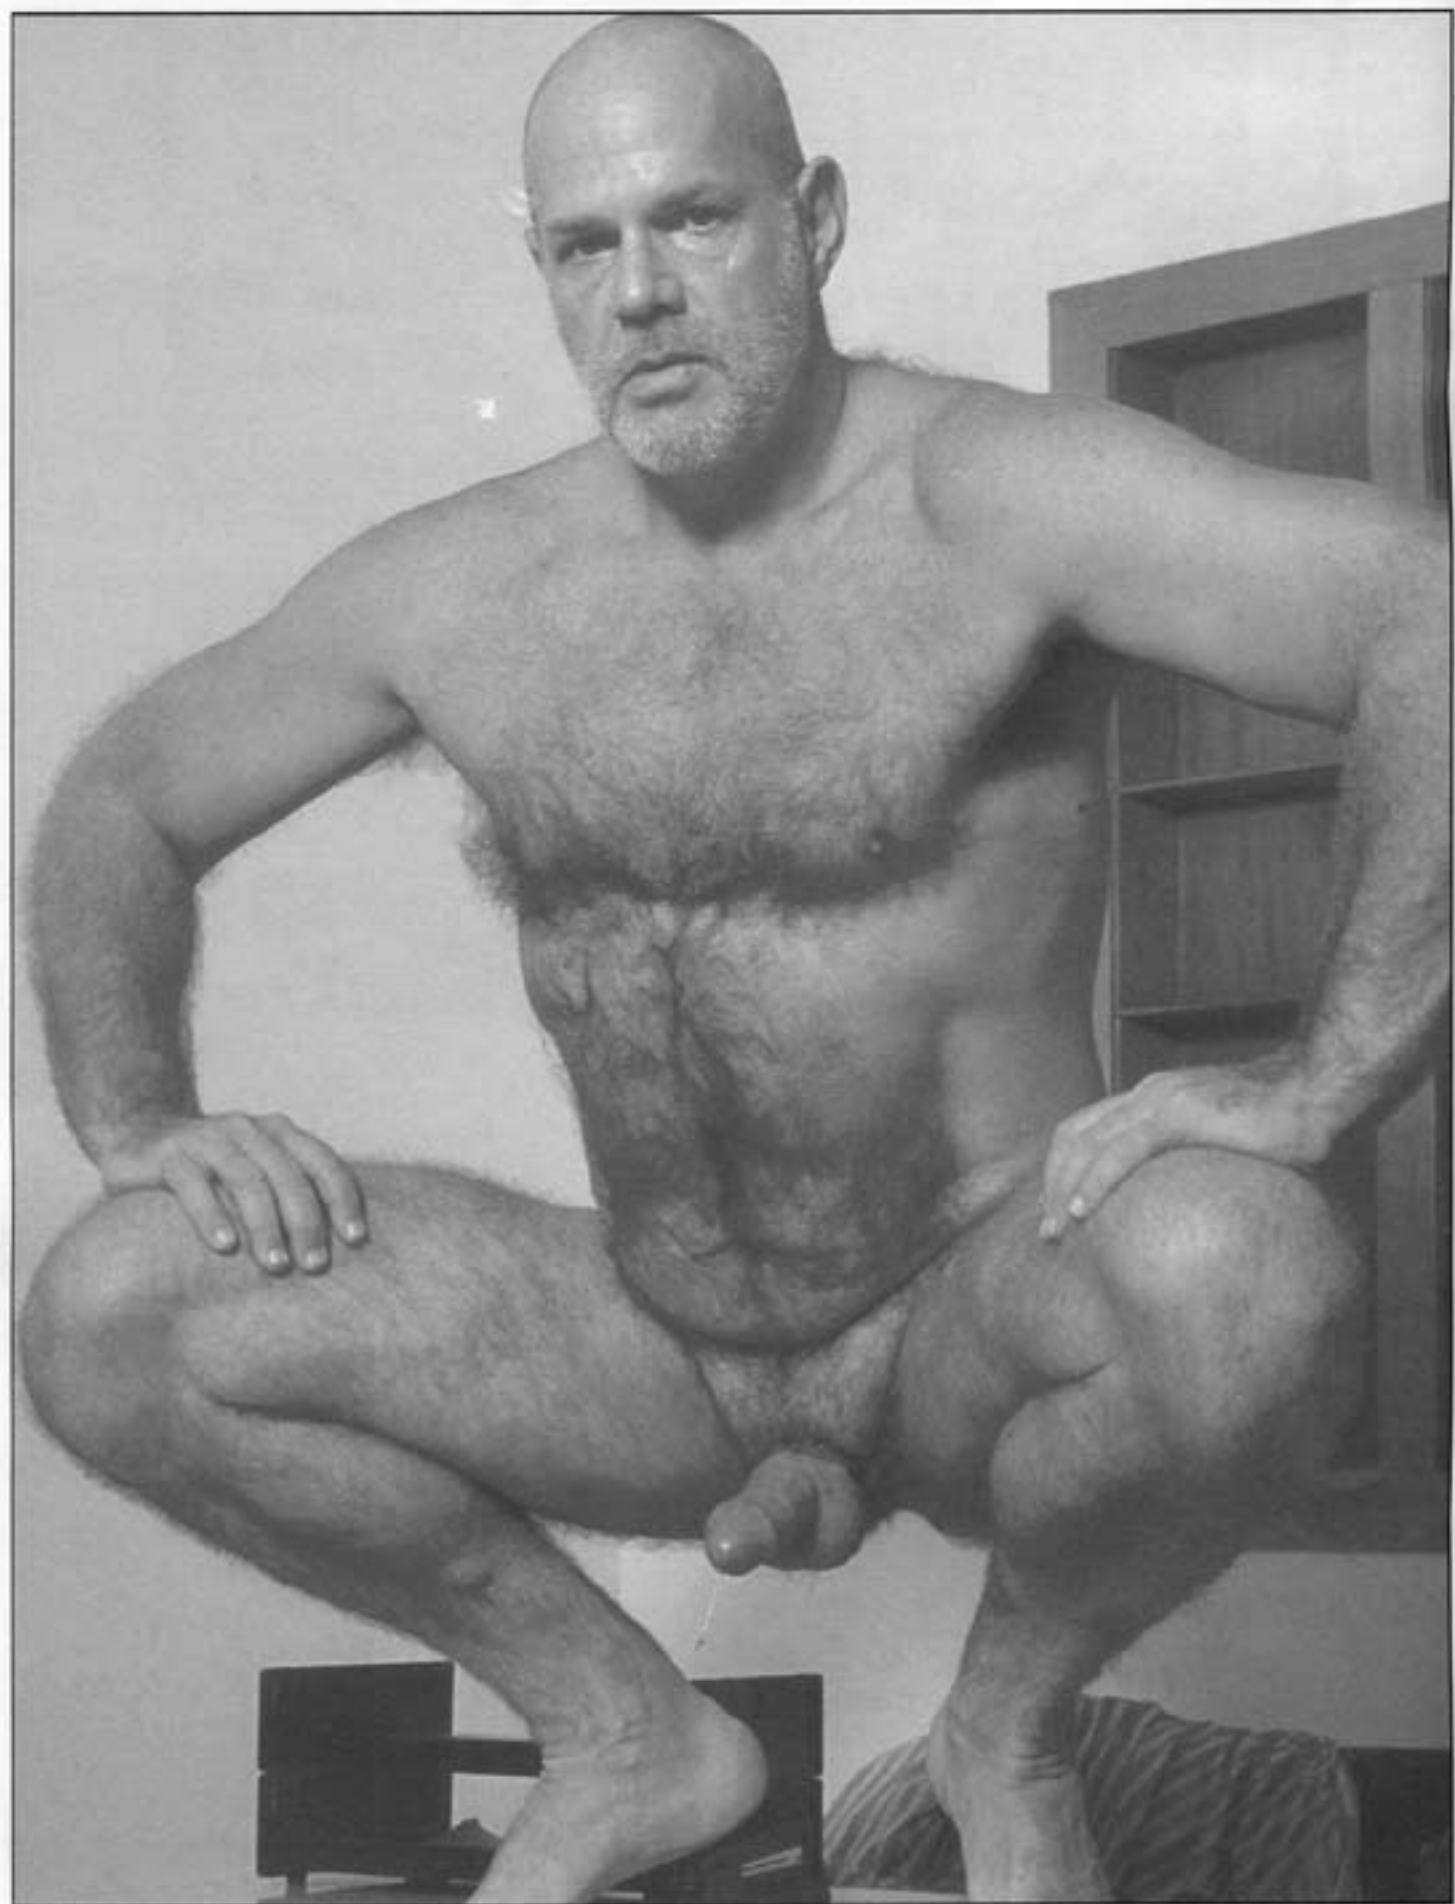

WRITE TO BEAR

LOAD BEARING

You probably won't publish this, but I'll write anyway. First of all, I think BEAR is the hottest of them all. The guys are real bears. I can only imagine what it must be like to be in on a photo shoot, which brings me to my first question:

After a hot shoot, do the guys squirt their loads? Is this a silly question? If they do, is someone there to take it?

Second question: Are the guys wearing wedding bands on their left hand really married to gals? If so, what a shame!

Robert
Pennsylvania

Sometimes the guys shoot their loads during their photo shoots. Sometimes they wait until the end. Every now and then, we'll get a guy who will squirt 2 or 3 loads out during the course of a 2 hour photo shoot. Yeah, it happens. As far as the rings go, I think they're wedding rings. I don't ask if the other partner is a girl or a guy, because it's none of my business. I have my hunches though...

As for the cum-dumpsters, they're everywhere. Usually, all we gotta do is put a little drop of precum on the sidewalk outside our studio, and before you know it, we've got a whole pack of 'em sniffin' their way to our front door, eager to come on in and gobble down.

MORE DIVERSITY!

I have enjoyed your magazine for years and I would like to bring to your attention a subject that I have never seen addressed in your magazine.

There seems to be a shortage of Latino, Black, and Middle Eastern men in your pictorals. I am sure your first response would probably be to refer me to Brush Creek Media's other great magazines (i.e. GBM and Hombres Latinos), and while those magazines are among my favorites, the models they feature are not bears. I would love to see BEAR show off some hot bears of color. A nice hairy latino bear in leather gracing the cover of your magazine would be very hot!

Keep up the good work.

Rusty
California

Hey Rusty. My first response, actually, would be SEND ME SOME! I'd love to feature more men of color, and I'm all too aware of the shortage of ethnic diversity in BEAR Pictorals. You're right. You will be happy to see, however, with BEAR 58, we are featuring our first-ever African-American coverman, Oz. On the one hand, I'm anxious as heck to put men of color in BEAR. On the other hand, I'm not going to feature a model simply because he's black or latino or asian. He's gotta be BEAR in our eyes, and he's gotta have the "edge" and the "spark" that I look for in model recruits.

BEAR

LETTERS FROM YOU

Thanks for writing, and for bringing this up. Maybe your letter will light a spark and bring some more hot men out of the woodwork! We're always lookin'...

THANKS

The members of Northwest Michigan Bears would like to thank you for your promotion of our "Bears in the Dunes - 99" charity run. It was our third run, and most successful yet. More people attended, we had more vendors and raised more money for our charity - The Wellness Network, Grand Traverse Area. We thank you again for your help.

Charlie
NorthWest Michigan Bears

OZ • BEAR 58

Our pleasure, guys.

We sponsor dozens of events every year, and we're happy to do it. It's getting harder and harder to keep up with all of the promotions, so bear with us if it takes a little energy to get things done sometimes. We're not Time/Life here, but we usually manage to get things done in a semi-timely fashion.

Recently, we had some trouble with a Canadian Bear Club (which shall remain nameless), where, it seems, there was some miscommunication about our level of involvement with their event. Things got ugly, to the point where they threatened to stamp "Cancel" across our ad in their run book and telephone every bear club in the United States to tell them what horse's asses we were if we didn't have our donated raffle prizes to them overnighted by the next day. Yeah... gratitude?

Luckily, they're the exception to the rule, and we've had nothing but good times with bear clubs everywhere.

BEAR MELT

I just ordered BCM's latest masterpiece "Big Bear Trucking Company."

Regarding the letter by Joe from Michigan (BEAR 56), complaining about Jack Radcliffe's attitude in his videos... why on earth does he buy his videos if he does not like the guy? Personally, Jack is one of those few that just melt my brain and my heart, and, attitude or not, if I had the chance to end by miracle in his arms, his "passiveness" would really be the least of my concerns.

Bernie
New Jersey

I hear ya, Bern. It's our culture. We build people up to tear 'em down. It's sad, but true. Luckily, Jack's got a whole lot more going on in his life than BEAR stuff. In addition to being a terrific lookin' sweet man, he's a smart man. None of this garbage goes to his head.

Again, if you wanna talk to the man yourself, you can email him at radcliffej@aol.com. Realize though, that he gets lots of letters. So don't be gettin' all indignant if he's not e-mailing back and forth at you like some long lost relative or something, y'know.

ROB'D

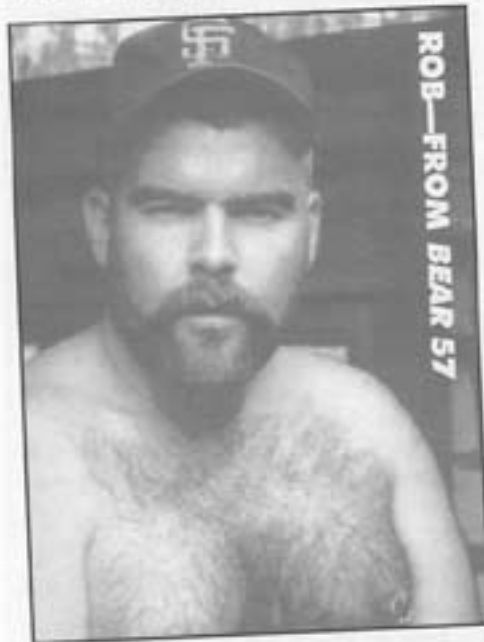

I just received my copy of BEAR 57 in the mail, and I had to write you and tell you guys that you have outdone yourselves. Where in the world did you find Rob and how can I write to him? He is the sexiest, dreamiest man you have ever featured in BEAR. I have spilled countless loads looking into his eyes and roaming his hairy body from top to bottom. Can you tell me if he is spoken for? I think I'm in love with this BEAR man.

Thanks. I'm a fan for life.

RJ
Ohio

Hey RJ. Glad you liked Rob. I knew the minute I saw his pictures that we had something special on our hands. He's got that smoldering sexuality thing going on, don'tcha think? Big 'n beefy 'n hairy 'n handsome as all get-out. What am I talkin' about - you saw it all.

I'm not in the habit of giving out personal information on the guys we feature in BEAR—well... aside from the information they let me publish with their pictures, that is. So, if you want to write to Rob, you know the drill. Write him a

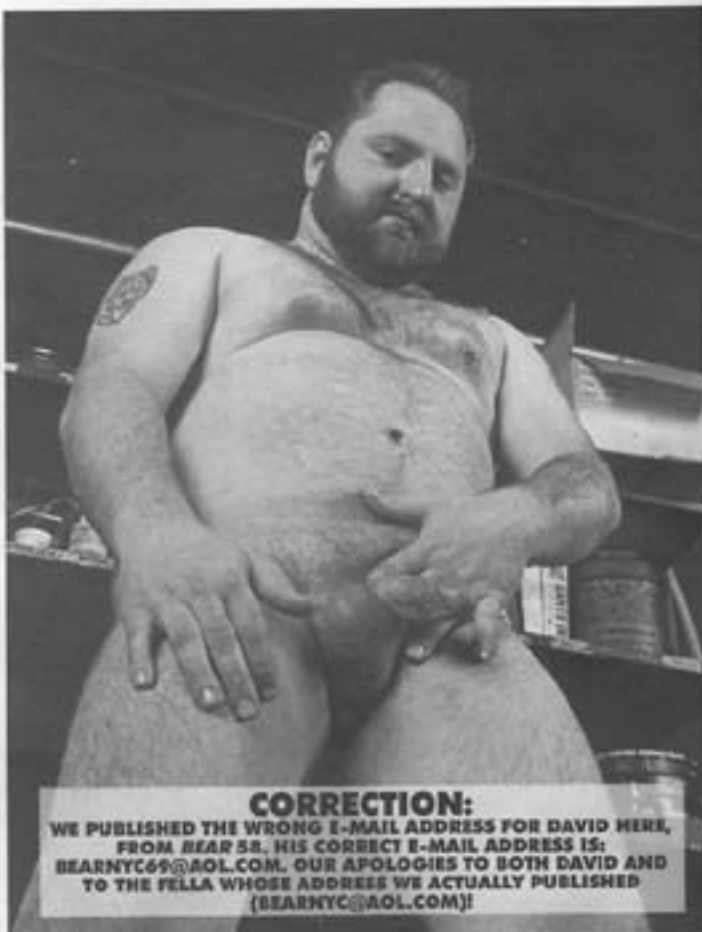

ROB—FROM BEAR 57

letter, seal it into an envelope with "Rob - BEAR 57" written on the outside. Then, put that envelope and \$1 (for forwarding) into another envelope and mail it to us. We'll forward your message on to big Rob for ya.

Good luck to you! And remember... not everybody who appears in BEAR is lookin' for love or even a good lay. Tell 'em you liked their pictures and be honest and upfront about your expectations.

Then be patient, and don't go bunny-bustin', ok? ☺

the wittke wire

With the mass media expanding exponentially and engulfing us all, it gets more difficult to monitor all the hairy men flushing down the cultural drain at an ever-accelerating pace. Your intrepid Wittke Wire reporter can barely keep track of what's going on in the almost indistinguishable world of television programming, never mind how my mind reels if I try to take a gander at the hairy men of music, movies, sports, and publishing.

Fortunately for me, I've somehow managed to assemble a bulging stable of cub reporters. Some are integral parts of my personal life, others are e-and trad-mail correspondents, while still others are folks on the street who offer me tips and a smile. What would I do without them/you? I mean, besides write my 5 billionth column on Ed Harris and Alec Baldwin?

My excellent buddy the Dukester is my own personal Clark Kent of cub reporters, in more ways than one. Although, if I have a rudimentary grasp of the classification categories (and god knows, I don't), he's not so much a cub as my own personal alpha wolf reporter. In any case, he's always tossing the hairy guys my way.

For example, I would never have read "The Perfect Storm" by the perfectly furry Sebastian Junger if Duke hadn't advised me to give the book a look.

It was Junger's author photo that cut through my resistance to the non-fiction shipwreck story, which was being turned into a movie last summer not all that far from where I live ("Oh look! It's George Clooney/Marky Mark!"). It seemed as if every commuter train rider was reading a copy, which was reason enough for me to turn up my nose and reveal what a friggin' snob I am. So once I got beyond that, I was surprised to find myself riveted to the tale and imagining what the writer must look like with his shirt off. Fortunately, Junger did a lot of butch beefcake shots for publicity; he is never without a 5 o'clock shadow and seems to prefer open necked shirts. With luck, he'll be back in the limelight when the film is released.

Duke also actually paid money to see the Brendan Fraser remake of "The Mummy," which I probably teased him for at the time. But he came away singing the praises of the guy who played the warden, an actor by the name of Omid Djalili. I'll take his word for it and pass it onto you and probably see the movie on cable someday.

Of course, Duke isn't the only tipster I have. I was looking at zinc lozenges in my local pharmacy recently when a great guy by the name of Trevor walked up, introduced himself and told me he enjoyed this column and my mentions of Mark D'Amato from Roller Jam. I was

MEN IN MEDIA
BY CHRIS WITKE

Sometimes I just think funny things. They don't always make sense. Here's a few odds and ends that don't fit anywhere, so I'm just gonna grease 'em up and stick 'em in.

PART 2:

Note from the Editor: We're all entitled to a bad day here and there. I've had 'em. You've had 'em. And, I'm givin' him the benefit of the doubt here, because I wasn't there when he wrote this, but I'm bettin' ol' Luke had one, too. What he had to say in Part 1 of this issue's "Hat's Off" column here... well, it ain't kind. It's not profane. It's not racist or anything like that. Luke's a good guy, despite what he may have told you about himself. He's also a helluva writer. And, while I firmly believe in freedom of speech, I just couldn't editorially allow a few of his sentiments to be published here. Them's the perks, you see, of having your name on the masthead. Call me Napoleon. Call me a power hungry bitch, if you wanna. A few things written here were slightly scathing, and could hurt somebody's feelings, and that's not what we're about. So, with my apologies to Luke... have fun with the rest of it.

Just

PART 2:

Remember that Kindergarten thing a wise man wrote so many years ago? It was magnetted to every refrigerator in America. I've reworked it to suit our needs here: All I Ever Needed to Know I Learned By Being a Fag:

Most of what I really need to know about how to live and what to do and how to be I learned by being a fag. Wisdom was not at the top of the graduate school mountain, but there in the mimosas at Sunday brunch.

These are the things I've learned:

"Share everything." Except the things

HAT'S OFF

Life Lessons by Luke

ODDS & ENDS.

that make you look good or feel good. Fight for them, keep them to yourself and deny they exist.

"Play fair." Which is almost like saying "Play Fairy". Coincidence?

"Don't hit people." They might hit back, and then we'll all see how nelly you really are.

"Put things back where you found them." Otherwise it's a dead giveaway that you've been snooping in their stuff.

"Clean up your own mess." Nobody likes cum stains on the couch, so clean 'em up.

"Don't take things that aren't yours." But...once you're actually in possession of something, it's more or less yours, isn't it?

"Say you're sorry when you hurt somebody." You don't have to mean it, for chrissakes, but you can at least say you're sorry. Blowing a kiss while saying it will confuse them long enough for you to get away— or to log off.

"Wash your hands before you eat." If you suck dick with dirty hands, you'll be tasting funny things, and it'll be gross.

"Flush." At least three times. Wait an hour. Flush again. Make sure the water isn't too hot or you'll be cranky. Don't push it out too hard.

"Warm cookies and milk are good for you." Especially the milk—it's a superb cushion against having a hangover the next morning.

"Live a balanced life." Sleep till noon. Party and dance all night.

"Take a nap every afternoon." (See above.)

"When you go out into the world, watch out for traffic, hold hands and stick together." Even the meanest cab drivers won't hit three leather-clad men in BEAR baseball hats who jaywalk across the street to the bar, mincing, holding hands and shrieking....

PART 3:

I've learned a lot about the world, traveling as I do. Here's a sample: you know the aforementioned condition of when your piss lips get stuck, grinning, to the inside of your underwear so the next time you whip it out to pee it hurts and you feel like you've got a feather jammed somewhere down your cock?

The Japanese probably have a one-syllable word for this particular condition, like "YEEK", and you'll find ancient silk paintings of it somewhere.

The Germans'd just say it in one word: "Ich hab den Pisslipps getrocknet in der Kollinfahrt".

The French would call it "la vie," and the Russians would just drink more, and say someone's out to get them.

The English wouldn't say anything at all, but would call for an overhaul of their national health.

The Dutch would claim no such thing ever happens to them.

The Danes, Norwegians, Swedes and Finns would chuckle softly and recall the time it happened to one of their Presidents at a world summit.

The Italians would try to fix it while driving, the Chinese would be too distracted to notice.

The Koreans would bottle it for re-sale.

The Brazilians would try to hand it off to someone else.

Argentines would remind you that it only happens to you if you're of the finest European descent.

The New Zealanders would say they invented it and the Australians would agree.

Americans would show it to their friends and try to get a slot on Oprah.

The Canadians would do whatever the Americans do only try to do it better.

Gay men, the world over, would probably just go in and get a shot for it.

PART 4:

Also, you know what I hate? It's that I'm starting to sound like Andy Rooney from *60 Minutes*.

And toothpaste. What's up with toothpaste nowadays... ?

MOBY

In my singler days, I used to see this guy just about every day after work, walking our dogs in the park. Always thought he was a real dish, but never had the nuts to approach him.

He goes by the nickname of Moby. Betcha can guess why. It's a whopper, that's for sure. At 37, he stands a solid 6'1", 225 pounds. Told us his "ideal" man is somebody "who is comfortable with who he is and who is able to be versatile in and out of bed. I like a man who enjoys feeling all of me on top of him and inside him. Of course, he has to be able to return the favor." His biggest sexual turn-on is tight-buttholes—says they're getting harder and harder to find these days. He's also into outdoor sex, preferably on the beach.

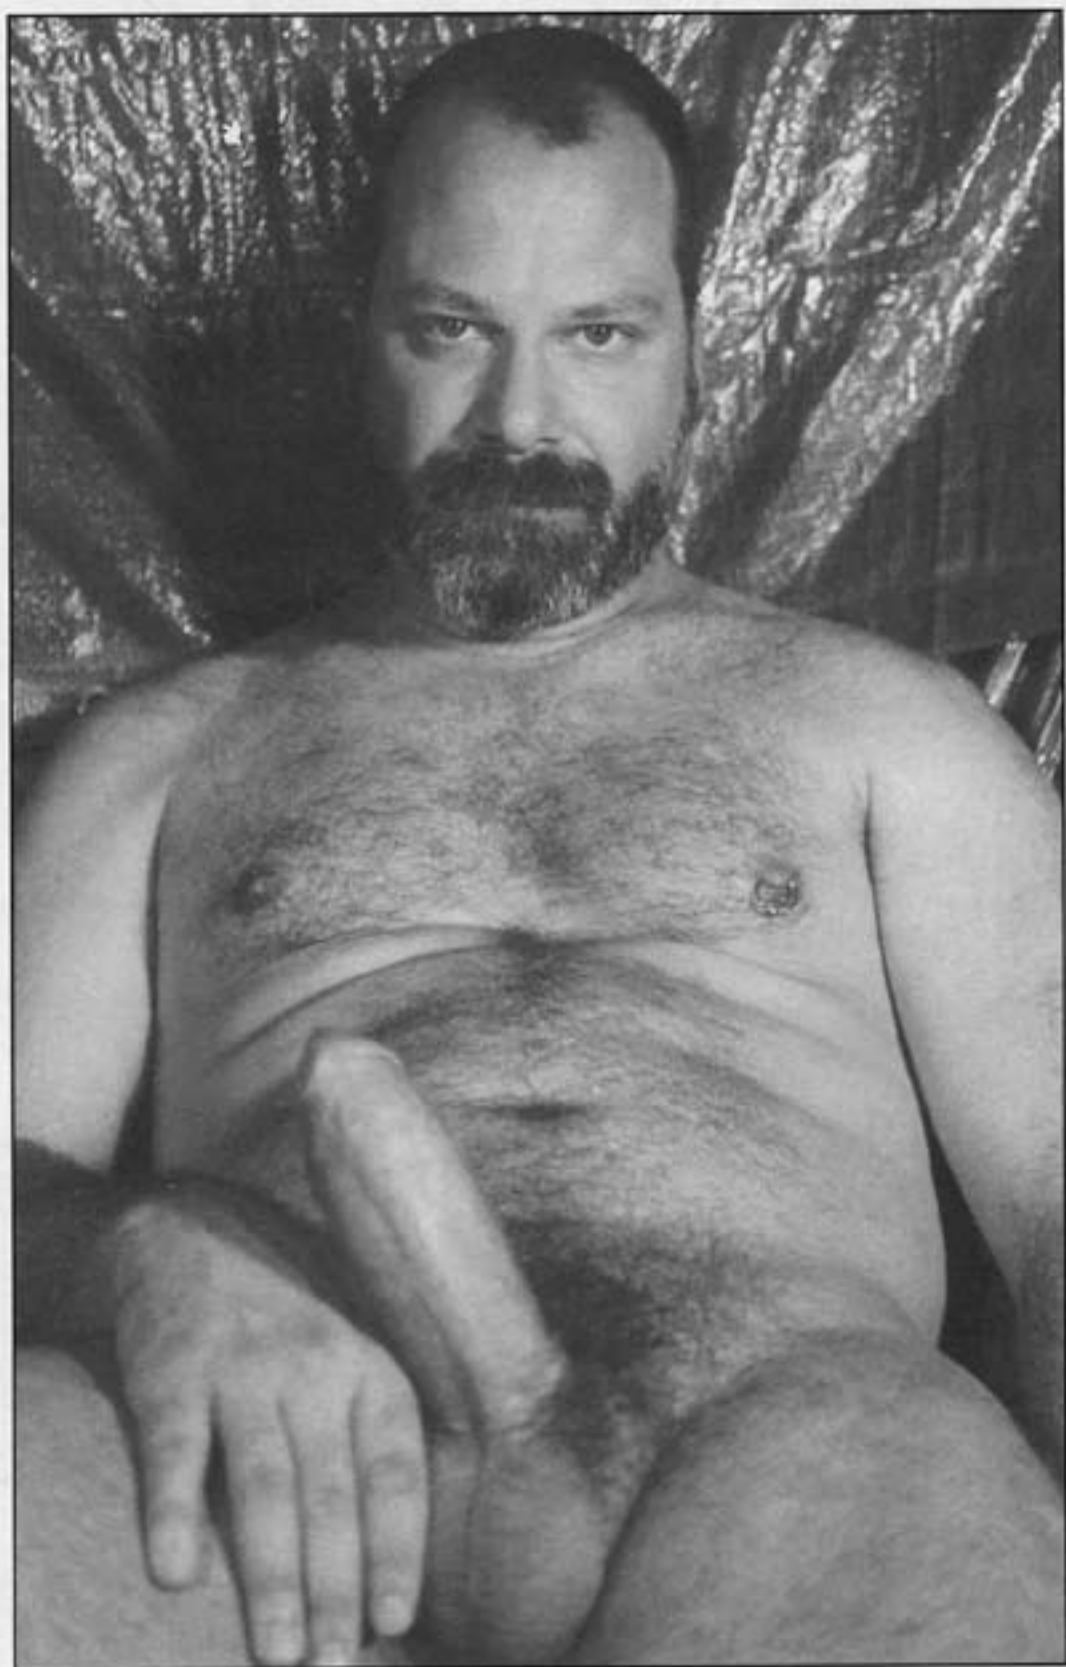

He'll eat anything Italian, and he'd like to tame the savage beast in Mark McGwire. "He's a beast that I'd like to try and tame and... well, if that doesn't work and I happen to lose, I'd still win."

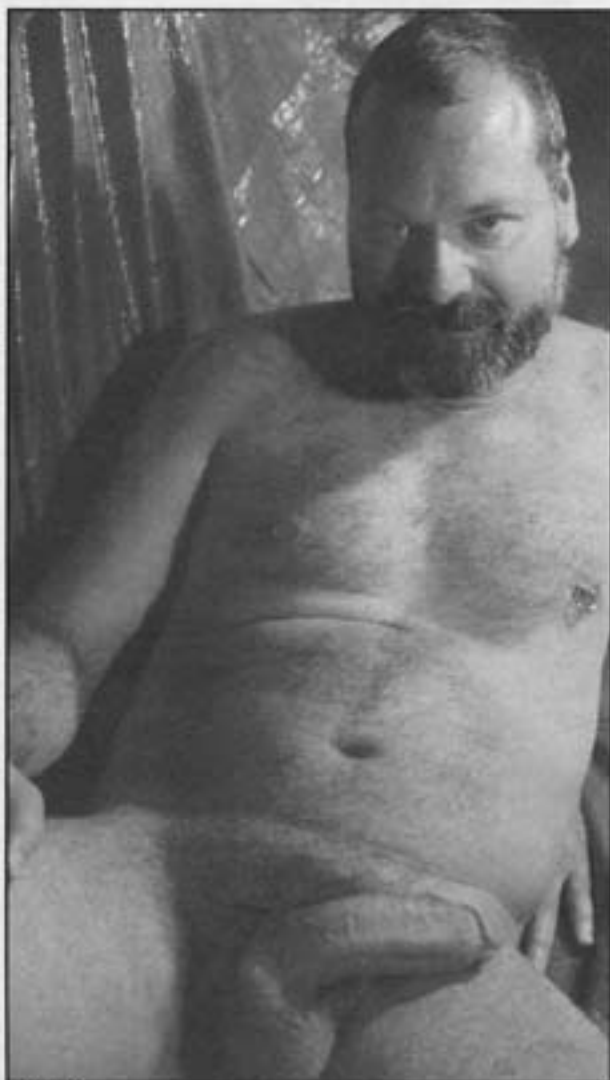

His attention has been snagged lately by a cute cub-type, but he says their relationship—and his pants—are still open.

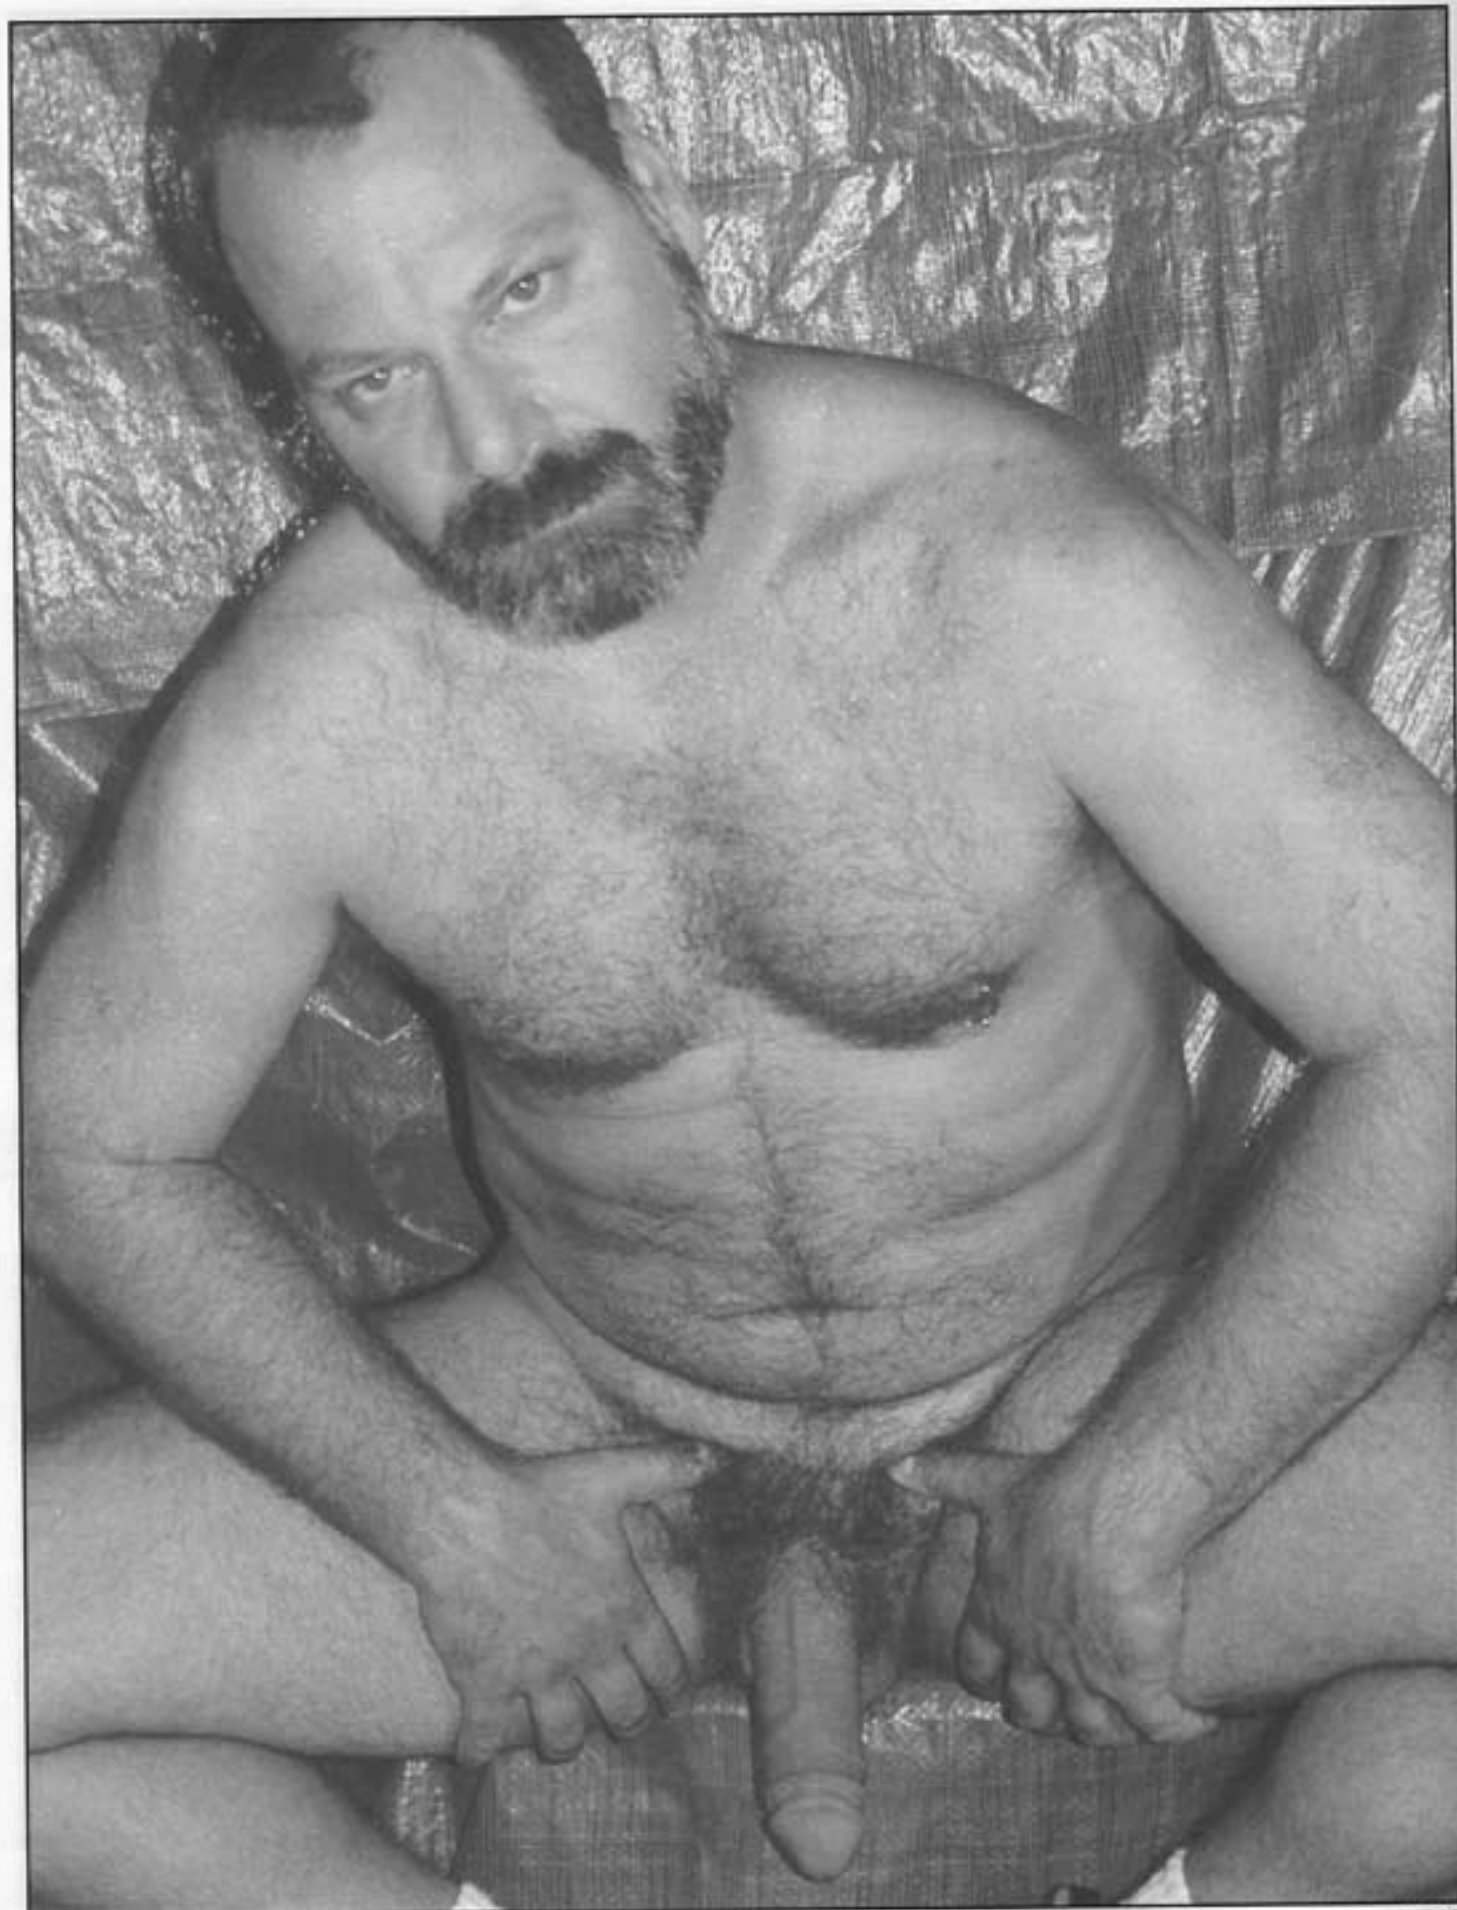

Win or lose... we wanna watch.

You can reach him at MobySF@aol.com. 

THE MECHANIC

FICTION BY JENS HARTMANN • PHOTOGRAPHY BY BRUSH CREEK MEDIA

"UNLESS YOU GOT PAPERS AND I GOT MATCHIN' PAPERS, YOU AIN'T GETTIN' NO CAR!"

The dark-haired mechanic stood in front of me with his big grease-stained arms folded across his chest in defiance. He had 'Funelli' stitched across the right breast of the dirty gray short-sleeved overalls.

"I can show you my driver's license to prove who I am!" *You cretin.*

"Let me repeat myself slowly, so you can understand me: No papers, no car!"

"Listen, I brought my car in yesterday for an oil change and I was promised by the guy that was working here that I could pick it up this morning. I have an important business meeting to attend this afternoon in Albany and without my car, I can't go!"

"What was the guy's name that worked here yesterday?" the mechanic asked. He was finally beginning to melt.

"His name tag said Harper," I answered, "he was a fat red-headed guy with a beard. And like I said before, he didn't give me any papers."

"Okay, we got somebody that fits the description that works here part-time. I'll give him a call and see if your story matches up to his. I just can't let anybody that comes in off of the street have a car!"

Funelli turned and entered into the office of the garage. I walked over and tried to peer through the grimy glass of the window. It hadn't been washed since Washington crossed the Delaware. I could barely make out his form as he lifted up the receiver of the telephone and dialed out.

"Yeah, this is Al. What's the guy's name that's got the silver Peugeot? ... What's he look like? ... Okay, he's here to pick his car up ... Where's the papers? ... Damn, John, this is the second time this month that you forgot to give the customer his papers ... Naw, this is gettin' to look bad ... Okay, see ya tomorrow."

Funelli hung up and walked towards the door. I scurried back to where I was before. I didn't want him catching me eaves-dropping.

"Okay," he began, "if you can show me your driver's license to prove to me who you are, then I can let you have your car. You gotta understand my position. I can't just give cars out without papers!"

I handed him my driver's license. He pulled a pair of smudgy reading glasses out of the top pocket of his overalls, resting them on the tip of his Roman nose.

"Jack MacKendree." He read my name out loud. "4520 Downing Street. Okay, looks like you the man!"

"I apologize," Funelli said, handing me my license back. "but like I said before, I can't just hand a car over to someone that comes in off of the street. Shit, what if I would have done that and that car would have been your car? You'd be fuckin' mad when you came in!"

"Okay," I answered, "I understand, but you could have been a little bit more diplomatic about it." I was convinced that the guy was a total moron by now. However, what he had going for him, was his rugged good-looks. Damn, he was a regular Italian stud!

"Come into my office and I'll make out the bill."

I followed the brawny man into the small littered office and sat down next to his desk. He positioned himself on the small swivel chair in front of me and began to write out the bill. His left hand rested between his legs on his box. He began to subconsciously massage his genitals, like so many New York blue-collar men do. *I would have loved to have been his hand at that moment.*

"So," he began, "that comes to \$46.59 with the tax. We take charge cards, but no checks."

"I WANT YOU TO EAT MY ASS OUT."

I pulled my wallet out and searched for a credit card. There were none. I suddenly remembered that I cleaned out my billfold last night and left my cards on the nightstand. I looked for some cash, but found only a twenty. Fortunately my check book was in my coat pocket.

"Uh," I began, nervously, "I forgot my credit card at home and don't have enough cash. Would you make an exception to the rule this time and let me pay by check?"

"Lemme repeat myself, 'we don't take checks!'" *Idiot!*

"I don't have anything else and I need my car to get to the business meeting. I could lose my job!"

"You out of luck then, buddy!"

"Come on man," I begged, "Give me my keys and I'll make the check out for a few bucks more!"

Funelli didn't answer me this time, but tossed the bill over to me and leaned back on his chair, placing his muscular arms behind his head. I was able to look down the short-sleeves of the overalls and see his black curly armpit hair. My dick stirred in its nest. The zipper at the top of his overalls was lowered about eight inches, revealing a dense patch of black chest hair. My eyes traveled downwards until they rested on the fat bulge between his well-developed legs. Either the guy had a hard-on, or he was hung like a fucking horse. Funelli knew that I was being turned on by him. He spread his thick thighs open as far as they would go, pushing his box upwards. The air in that small stuffy office was suddenly static with sexual energy. He was seducing me. Butterflies fluttered in my stomach. Funelli looked straight at me. He could see into my soul. He slowly lowered his big right hand and began to massage his dick through the tight greasy overalls.

"We got another system of payment in this place," he said, in a low voice, "if you're game!"

I looked down at his box and could see his fat cock beginning to snake its way down his inner right thigh. My throat went dry. My hands began to sweat and turn cold. Funelli stared into my eyes. He was waiting for an answer. I was speechless.

"I said, we got another system of payment in this place."

He paused.

"If you're game."

My head uncontrollably nodded 'yes'. Funelli got up out of his seat. "Come with me!"

I obediently followed him out of the office. He rolled the big garage door down, locking it from the inside. He led me into the backroom where all the parts were stored and flicked on the light. A bare bulb hung halfway down from the black ceiling casting an eerie shadow through the room. Funelli closed the door behind us and locked it with a padlock. *What did I get myself into?*

He pulled an old wooden swivel office chair into the center of

the room under the lightbulb and sat down in it, spreading his beefy legs apart.

"On your knees!" Funelli commanded.

The concrete floor acted like a magnet, pulling me downwards.

"Crawl over to me and remove my boots for me." Funelli stuck his right boot-covered foot in my direction. I the crawled six foot distance on my knees to his extended work-boot, not caring at this point what the dirty floor was doing to my pin-striped power suit. I held the oil-stained boot in my hands and began licking its toe. My dick was rock-hard by now. Pre-cum was leaking out like never before, wetting my briefs.

"I didn't say to *kiss* my boot!" the man yelled, "I said take my boots off!"

"Yes sir!" I whispered. For the first time I was able to say something.

I began to slowly untie the black cotton laces of his right boot. I pried the dirty work boot off of his foot. The pungent odor of male sweat attacked my nostrils. His white cotton socks were moist with his ripe perspiration. Funelli stuck his left foot towards me. I pulled that boot off too, releasing another cloud of stale foot-sweat. He shoved his left sock-covered foot into my face, rubbing the moisture all over my skin. This was the first time in my life that I had ever had a man smear his sweaty foot in my face.

"Take my socks off!"

I clasped the tip of the grimy white sock between my teeth and tugged it off of his foot, letting it fall on the concrete floor of the stockroom. Funelli shoved his big toe into my mouth. I began sucking on it like a baby on its mother's teat.

"Yeah, you like that, don't you, you fuckin' pervert you!"

He shoved the heel of his large foot up against my chin. I released his toe and began licking up and down the sole of his naked foot. He moaned. I removed the other sock, and raised his right foot up to my mouth. I bathed it with my tongue, washing it clean of all the grime and sweat that had accumulated since his last shower.

"That's enough of the foot work. Get your cock-suckin' mouth on my cock!"

Funelli got up out of the chair and lowered the zipper of his overalls, letting them drop down to his ankles. He lifted his feet up out of the work clothes and stood totally naked in front of me. He was not wearing underwear. The man's large uncut Italian dick cantilevered out into the humid air of the backroom. A long fleshy foreskin covered his dick-head like a hood. It ended in a rose-like pucker, pursing out; inviting me to lick it and to taste the glistening white fluid oozing out of the tip. I stuck my tongue out and flicked at the sticky snot-like liquid, causing it to stretch out into a long sticky string as I pulled my tongue away from his rod.

"Yeah, you fag's are all alike! Can't hardly wait to get your mouths on my big Italian sausage! I'll tell you what, since my old lady don't give blow-jobs, if you do me good, I'll forget about the bill. Like I said, we got another system of paying in this place."

I didn't need to be told twice. The man in front of me was an absolute Roman god. Every muscle on his hair-covered body was chiseled to perfection. I was ready to do anything he wanted me to do. Hell, I would have been ready to pay *him* for letting me suck him off!

I opened my mouth and swallowed his fat flesh-covered dick-head. My tongue searched for the opening in the foreskin. I wanted to lick his glans-head clean. I worked the skin back over the head until his dick-head was totally naked in my mouth. I could taste the brine of his last piss. I wrapped my tongue around the spongy ridge of the glans and began to lingually masturbate the big muscular Italian, causing him to moan in sexual ecstasy.

"Aw, shiiiiit! You gonna make me cum good if you keep that up, man!"

Yeah, I wanted the big fucker to cum! I wanted him to cum in my mouth. I wanted him to shoot his healthy Roman sperm deep into my hungry belly. I wanted to drain this stallion of every drop of semen that his fat testicles had stored up. I reached both hands behind his hips and began to knead his hairy round ass-checks. Funelli began to rock with his hips, shoving his abundant male member deeper into my mouth with each jab. My lips hugged the corpulent shaft as I inched my way downward, until my nose was buried in his dense black curly pubic bush. I inhaled deeply. His crotch smelled of ripe sweat, stale piss and day-old sperm. The various masculine odors intoxicated me. I began to bob up and down on his swollen fuck-pole like a Central Park pigeon. The powerful thrusts of his hips were in sync with my oral bobbing.

"I don't wanna cum yet, man!"

"I DIDN'T ASK YOU
IF YOU WAS INTO IT OR
NOT. I SAID TO DO IT!"

Funelli pulled his dick out of my sucking mouth. It was drenched with my spit and glistened under the glow of the dim overhead bulb.

"I want you to eat my ass out!"

I panicked for the first time. I had never stuck my tongue into another man's asshole. That was too much for me. I had my limits.

"I don't do that, man," I said.

I knew that he would not accept my answer.

"I didn't ask you if you was into it or not, I said to do it!"

Funelli grabbed my head with his powerful callused hands and positioned my face between his legs. His balls pressed against my chin. The musky, fecund odor of the man's ass-crack raped my nostrils as I took my first breath. I was not used to this odor. He held my head between his muscular thighs like a clamp, preventing me from escaping.

"Now get that ass-sucking tongue of yours into action!"

BEAR

I had no other choice but to do it. *Maybe he'll cum real fast and it'll be over with and I can finally go.* For the first time in my life I extended my tongue out and flicked at another man's bung-hole. I touched the tender flesh of his anus with the tip of my tongue and made circular motions. Funelli moaned in ecstasy.

"Aw yeah, man! That's good!"

I increased the pressure of my tongue and began to roughly lap up and down the hairy area surrounding his butt-hole, causing the big beefy Italian to groan anew. I was turned on by his groans and jabbed the point of my tongue up into his warm moist ass-hole. He pushed downward with his hips, forcing my tongue to dig in deeper. I was in as deep as I could go. I licked the inside walls of his hot bung-hole, as I simultaneously began to masturbate his huge horse-prick. The man was close to cumming. His sphincter muscle clamped itself around my ass-hungry tongue.

"Aw hell!" Funelli moaned, "Aw shit, I'm gonna cum! Aw shit, I'm gonna cum!"

I increased the speed of the tongue-fucking. Funelli whooped like a savage. His ass-hole cramped around my tongue as his swollen cock erupted, spraying copious gobs of white sticky semen down the front of my suit. My hand gripped his sperm-shooting dick, trying to catch the rest of the protein-enriched fluid before it stained my clothes even more. The huge Italian cock spasmed one last time. Another wad of his baby-making fluid shot on my hand. It was over.

His sphincter released its grip and I was able to finally pull my tongue out of the wet sloppy hole. He lifted his right leg and allowed me to pull my head out from between his thighs. Funelli did something unexpected. He scooped his sperm out of my hand and smeared it all over my face and then rubbed it into my hair.

"Paid in full!" he said, shoving his cum-sticky middle-finger into my finger.

I sucked it clean for him.

Funelli picked up his overalls and slipped back into them. He walked over, unlocked the door and swung it open.

"I said, 'paid in full'! Here's your keys!"

He tossed my car keys on the dirty concrete floor in front of me. The metallic clash echoed through the stockroom. It was over as fast as it began. I followed him out to the big garage door. It made a loud roaring sound as the huge muscular Italian hoisted it up to let me out.

"Now SCRAM! And don't show your sorry ass-licking face around here again!"

I jumped into my car and hauled butt out of there.

I was late for my meeting. ☹

Check out Rob here. At 39, he's just on the brink of entering, in our humble opinion, the sexiest years of a man's life - his 40's and 50's. Mmmm... he's already got that daddy thing goin' on. Can it possibly get any better?

He stands about 5'8", weighs 185, and digs "hot beefy muscle bears." He likes 'em hairy, with "big tattooed arms and chests," he says. Facial hair is a plus for him, and he told us, "a nice hard round butt to munch on really does it the most for me, sexually." (Like... for example... the one attached to Wrestling Superstud Stone Cold Steve Austin. Yup, like many of us... Rob's got a hankerin' for the "Hell, Yeah!" man.)

Rob does alot of volunteer work for his local aids hospice "The Center" and he helps out with a local Teddy Bear for Children with HIV/AIDS program.

Awww... brains, brawn, and a big ol' charitable heart. Works for us!

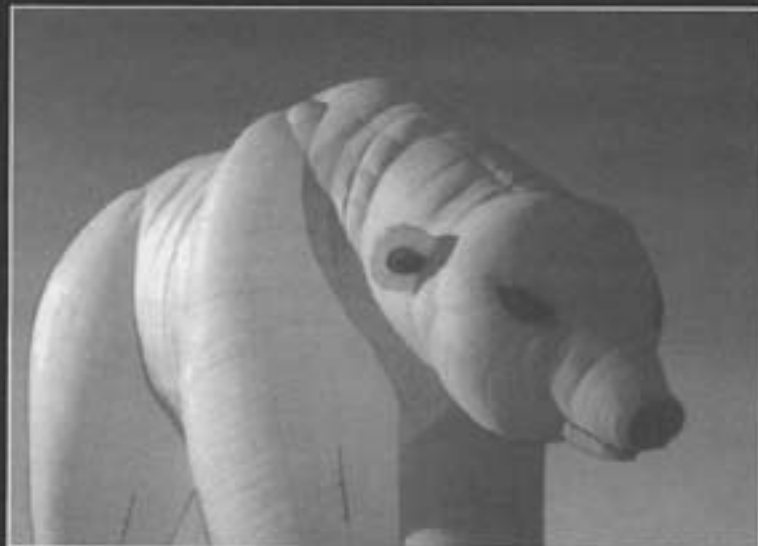

He's been real happily coupled for the past 16 years, but is always interested meeting new friends. You can write to him at robearnj@col.com.

That is one BIG-ASS BEAR BUTT! But... it looks like that bear's missin' a few balloons below the cheeks!

Cal here had lots of us guys in the shop doin' the Butthead chuckle ("Uhhhhhh... huh-huh... huh-huh... he's HOT.") when his audition pics came in, and I'll tell ya - we didn't have to ask our photographer twice whether or not he'd be available for work that Saturday.

He's got one them bodies that makes you sigh; muscular without looking like he pays rent at the gym, fur in all the right places, a hard, round butt just begging for a tongue (or whatever else he might letcha push up against it).

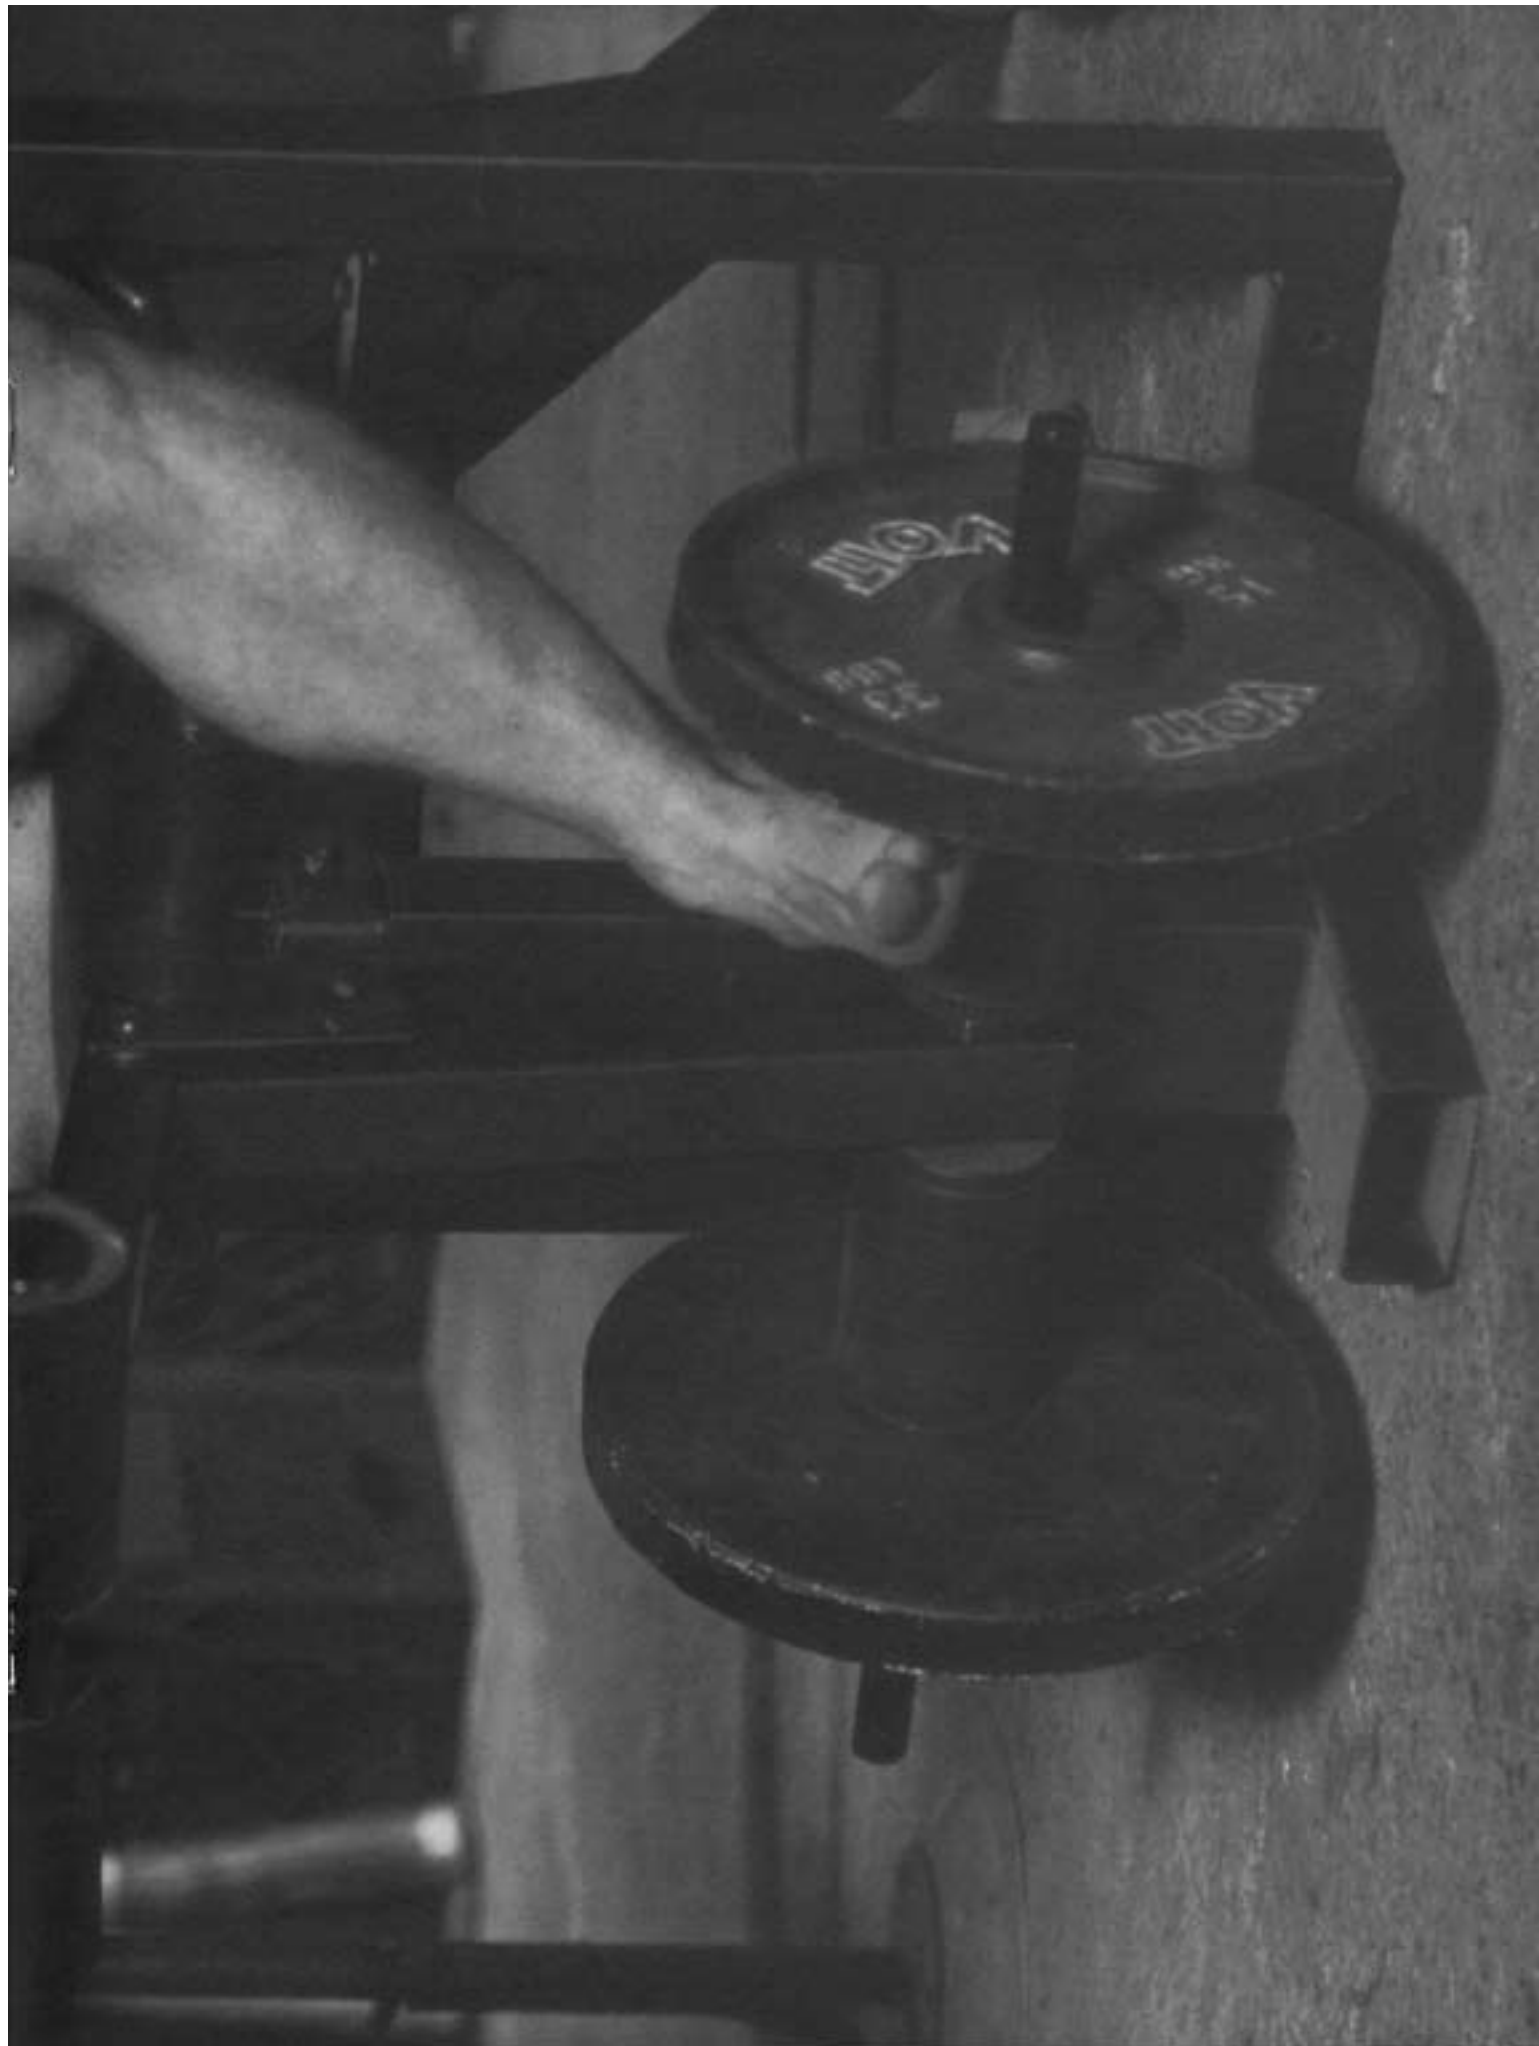

Plus, he's got one of them perfect beards with the shape that makes ya wanna nuzzle it against yer... well-special places. And, last, but certainly by no means least, he's got a big ol' dick and a pair of low-hangin' balls that probably have a few of you drooling on your magazine right about now.

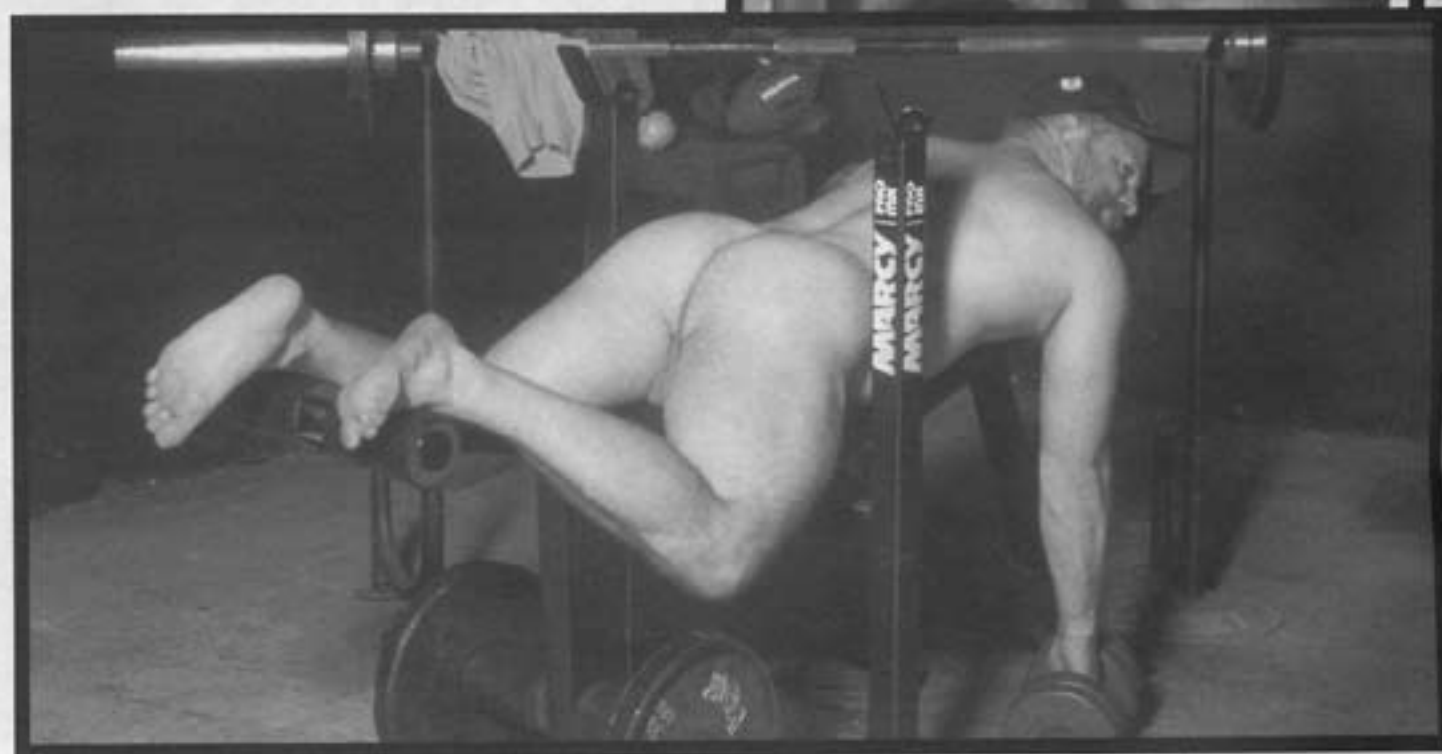

Yeah, yeah... take a number. Or write him a letter, care of us, and tell him what you'd like to do with him. Or, just enjoy the fantasy...

Our buddy Kevin in Sacramento sent us this ad from Sunset Magazine. Yeeooooowww!!!! Improve.net is, according to the ad, a network of contractors. Say, for example, you're buildin' a house and need help putting in... I dunno... a hottub or somethin'. Can you imagine this fella showin' up to help you hook up your hot water hose? Ohhhhmugod. Kevin says, "I think I'm gonna get me a house built." We say, "Take pictures." Thanks, Kevin!

Subscribers since 1990, Tom and Doug from Virginia sent us this ad. They've developed an understandable crush on the actor shown in this and, apparently, a similar TV ad. (Guys... you should have worked here a couple of years ago. We had a guy working here in the shop who could have passed for this guy's twin brother... honestly!) Thanks again, guys!

Basic
BEAR

A BEAR IN THE WILD

Under that full blue moon, a wild coyote growled in the distance. The six of us sat around a crackling campfire, drinking bourbon and telling lies designed to harden our dicks.

Being in the great outdoors seemed to raise our testosterone levels, and inspire bullshit. The days were spend hunting deer, but nights brought out different kinds of prey. The biggest, most dangerous bear among us held court. Under a fog of cigar smoke, his sizzling tales of jarhead sex were starting to get to us.

"Shit! Once this goddamn beer can of mine starts to sweat... hell, I'll fuck anything that moves!"

There's only so much sex talk a man can take, before something has to blow. Little by little, our gang began to disappear. Bet they were laid up in their tents, kicking their gongs around. So that left us, alone. Me and that strange cigar-chomping Sgt. Brady. The guys had already warned me, "Watch yourself around The Mad Sarge," they said. "Brady is crazy as a shithouse rat!"

See, those guys had trained under him. You bark loud enough, thrash a few Private asses, and right away you're a "maniac."

But Brady's kind of "crazy" excited me. With steel blue eyes, and a graying buzzcut, he had the mug of a retired Sergeant: hard, brutish, ridiculous in its masculinity. His big bulging jarhead's body was a hairy, freaking tattooed city. His prick, it was a thing to be amazed by. I'd heard the legend about it, but didn't want to stare. So, when he stood and took a long piss in front of me, I turned away. Last thing I needed was to pop a bone in his presence. But Brady liked attention. "The Mad Sarge" lit a pack of firecrackers and tossed them in the air.

POP-PPP-POPI POP-POP-POPPAI BANG-BANG-BOOM!

"Yahooooooo!" he howled.

Every creature in the woods was spooked, including me! And there he was, grinning at me, holding a goddamn

meat magnum in his fist. Man! He and that long, thick cannon-of-a-dick were like refugees from the Gulf War. He swung that wide fucker around like a deadly weapon! Piss was still raining from its stout warhead. Firelight flickered along its broad fleshy fuselage. And that fearsome cock knob, turned red by campfire's flame was a-heading towards me!

"You scared of me? You should be. I'm half crazy, you know. Yeah. Seen you checkin' out my bull rod. You talk a good game, but I got you pegged for a dick-chugger! You want it, don't you? Go on. Lick this big pisser dry! Get down there and take care of my tank! Lick it! Lick it good!"

"Back the fuck off me! I ain't no cock-sucking jarhead! Go sleep it off! I'm outta here, man!"

I just couldn't stand the tease, or temptation. So, I faked the good fake and retired to my tent.

Inside, I lit my lantern, pulled out a porn mag, and crawled into my sleeping bag for some private flogging. But none of those shiny men in that magazine were half as hot, or real as Sgt. Brady. As I gazed at the tent's front panel, he was just a few feet away. With the help of the lantern, his entire silhouette was clear. Sarge was fucking with me! I could see his manly shadow standing, then turning, side-walks. He showed off the hefty spear of his long, thick, extended dick. He was pulling on it, making that enormous pole wag up and down. Shit! This sight was too hot! I threw away the mag, and commenced to beating off slowly to Sarge's long, thick, rugged vision.

I wondered if he saw me, watching, stroking my rod to the sight of him. But I think he could, because his shadow was drawing nearer. It was scaring me, and exciting the fuck out of me! When he was right at the opening, he be-

gan to fuck his fist. Cum was boiling in my nuts! Hell! I'd do anything to sample that big dick - even put on a dress and be his jarhead bitch, if he wanted!

Then, he opened my tent. He didn't say a word. Shit! His jeans were bunched around his bullish thighs, his massive cock battled up his belly, revealing a pair of long, drooping balls. The left nut hung a lot lower than the right. Big, bristly fuckers. I raised up from my sleeping bag, staring at that fantastic prick!

I latched on to what had to be the thickest dick I'd ever held! I traced the bloated shape of it. His legend was true. He could club a fucking Grizzly with that thing. Fucking huge! The lantern's flame shone on every bump, ridge, and vein as I stroked it slowly back and forth. Man! His tool excited me! Its wide, slick head had an odd purple hue, and kept leaking strings of cock juice.

"Lick it!" he demanded in a hard, edgy whisper, cigar hanging like a prick from his lips.

Man! No self-respecting fag could resist! I flicked my tongue along his pulsing corona, and inside its glans, lapping his salty slime. A tremble shot through those beefy thighs as I took the fat cockhead inside my lips. He tasted every inch, a real fighting man. This was the genuine article in my moth - a marine with a throbbing, uncut 10 inch dick!

"That's it. I knew you'd take to this big cock. Yeah. Suck on the dick. Make Brady cum!"

His prick knob pounded as I drenched half the shaft, and swallowed hard. Sgt. Brady's cock wasn't a smooth glide. But, mahl! What a dick! Full of veins and throbbing knots, it was a fierce, butt-ugly beauty. With one willful lunge, it battled for the depths of my throat. I gagged, and spat him out like a bad pill! I was breathing so hard, it scared me. Something wild howled in the woods. Sarge was unfazed. He held his mighty wedge-of-cock straight out, jammed it between my lips. By then, its glans was thick, rubbery, and spilling a hot trail of juice. He bucked his hips in a sly way, giving me his hilt, and I growled like that wild thing howling in the woods.

He opened his shirt, and the man became a thrusting, bucking forest. Tufts of hair covered his chest, shoulders and belly, like foliage covered Fir trees. He pumped my mouth with increasing speed, shaggy pubic patch pricking my cheeks. He moved with quaking thrusts - and his thrusts were more than I could bear! I grabbed mounds of his hairy ass. He pitched in my grip. The Sarge was getting into that whole domination factor: Brawny haunches storming forth, outsized cock barreling through my small sucking mouth. He ran a boot along my lengthening dick.

"Pull it out. Let's see what you got!" he commanded me, through a haze of cigar smoke.

I quickly unleashed it inside that little tent pitched in the remote quiet of the woods. My rod shot straight up and wavered. As his prick swung high above his balls, I aimed once more for the shiny club's pisshead. Suctioning his crown, I rapidly whipped his stout shaft in my fist. Those big drooping nuts jumped around in their sac. The lust was making him dizzy. He collapsed on top of me, all heaping 6'3", 230 pounds of sprawling manhood! Contorting

into a blazing 69, I was stupefied when Big Sgt. Brady suddenly went ape for my naked cock!

Oh! He must've flew through Basic Training by sucking dick. His nasty tongue rattled up and down my balls, licking, swabbing my stones. He plopped one nut in his jaw and made my whole scrotum thump! With his full raging rod pumping through my lips, I could hardly breathe. Then, he skated back up and lathered my throbbing bone! "Aww, shit." Man! If those jarheads could only see big, butch Sgt. Brady sucking that wicked curve from my dick! Oh! His hot tongue lassoed my trembling shaft, and the more he lapped, the harder I became! Shit! Frantic waves of electricity shot through his prick, and mine! If this was "crazy" - then bring it on! He's a madman up my ass, and a lunatic on my dock! If I closed my eyes, I'd swear 3 hot men were devouring my body. He lashed my butt, throat, my nose, his nose was in my bush and he was lapping my nuts.

"Like Sarge licking the sweat from you balls? Yeah! Just keep sucking my dick!" he grunted.

He grabbed my butt and pumped it forth, making my nuts slap his chin. As his cock rocketed through my lips, I mouth-fucked his throat, deep and rough. I wanted us to cum in a hurry. Cum, before one of the guys stepped out for a late night piss, saw our sucking shadows, and busted us!

"Oh! I'm close, man! Gonna shoot my fuckin' load!" I panted, and still he kept sucking.

My jism fired in a racing white-hot flood to his gulping throat. Oh! He pulled away as thick cum wads riddled his unshaven mug. Sarge shot me a look I wish I could've bottled. I'd put it in my canteen and label it: "Red Fucking Hot!" He dabbed my cream to his lips, and tasted it.

"You know you ain't getting off that easy! Now! I ain't even came yet! You gonna give Sarge a piece of that ass!" he dictated. "And believe me when I tell ya, I'm gonna fuck it raw!"

He threw open the flap and jumped inside my sleeping bag. All 200 plus crushing pounds of muscle and scratchy fur slid against me in a dick on dick grind. His hairy body, his hard cock's friction put a blaze on my skin! Went down his panting chest, my tongue swirling that dense black pelt, and I latched on to erect man-udders. Those fuckers were stone rigid. I bit, I nibbled them. I licked his wiry pits as the Sarge hauled off slapped my writhing ass. He pulled my cheeks apart, and stabbed two fingers up my fiery fuckhole! "Ah! Oh! Shit, yes!" I groaned.

He twisted, jabbed them deeper, making my chute lock his invading digits soundly in its grip. I turned to see him, slowly stroking a rubber down a freakish tool, so massive. I wasn't sure my tight asshole could contain its length and wicked width! Then, he tapped that fat ramrock to my cheeks. Dollops of cock phlegm littered my butt, and it made me all the more hotter to get fucked.

"Hope that heinie hole is ready for this big prick, boy, 'cause Sarge is going in," he whispered.

Inside the flickering light and dark of the tent, his wide, heat-seeking cockhead found its target. Oh! SHIT! With one, long penetrating STAB, that dick slicked through my asshole with a ripping, inconceivable violence. YOW! The hard steely slide of his pipe was a big brutal projectile aiming to do battle with my ass! Shit! It burned. But I had to

muffle my howl for fear of waking the other guys. Shit! That weapon was waging a war in me! His bull-hefty Howitzer burrowed through, pounding, sizzling in its glide.

"Awwww! Ah! Wait a minute, man! Wo! Oh! Shit! You feel so, so, BIG!" I panted, my whole body trembling. I flexed against his titanic weapon, then, he pulled back, and lunged! Shit!

A blistering pain sprang from my bowels as the Mad Sarge began to plow me with a hard and certain fuck! The force of his burning rhythm was powerful! Aw! A wild drumming possessed his pounding dick. As if he were desperate to bust his nut, he slammed that prick up my little fox-hole repeatedly. The drill of his cannon was ripping me in two! I gasped! But the Sarge kept fucking, too deep in his fever to stop. Thick furry cock rammed and punctured my target again and again, blazing up my battle zone. Pain was bombarding into deep pleasure.

"Oh, Yes! Fuck! Harder! Shit, Sarge! Give me all that dick!" I wailed in a guarded voice.

With this demand, the goddamn tent rocked! Sarge threw me that bone, viciously, putting all the power of his bushy rump into this fuck! "Oh, yes! Shit, yes!" Man! Whatever lay embottled and "crazy" in him was pitching a fit up my ass! I'd never been slammed so hard, so rough, as in that tent, my cheeks rammed apart by Sgt. Brady's hard, stiff, ceaseless dick.

Then, came this brutal bowel-rocking SLAM! "Oh, Aww! Awshit!" I cried as he heaved like a big furry missile against me. The heavy jolt of him set me off. Beating my cock-of-fire in his rapid fist, the Sarge whipped my boiling load to the surface. He bucked, I lurched, and my dick erupted frantically, vaulting rounds of mortar fire flew past from his flogging fist. I shuddered in his mighty grasp as it splattered and ricocheted to the canvas of my tent.

Then, Sarge pulled that broad fucker out of me, breathing in heavy gasps. He gibbered some harsh, undetectable shit - and then, that Big Cockhead just blew! Shit Sarge must've saved up! First a round of scorching ropes smashed my chin. Then, wicked explosions of dick cream blasted my humping backside, flooding a hot trail down my ass funnel! Damn! Fat prick! Fierce load!

"Been a long time since I drained my hose like that," he huffed.

"Yeah, I could tell. But that dick, and the way it fucking shoots, man! It's like a freaking cannon going off!" I panted.

Wisps of jism dotted the brawn of his hairy thighs. He rubbed it into his skin, and confessed, "I know what those fucking jarheads say about me. Most of it's true. Crazy runs all through this Sergeant's cock!" he boasted, shaking that Howitzer at me. He stuffed the fuck pipe away, and left me, defeated, sweaty and sexually spent in my tent. Then, poking his head through, he said, "Consider that basic training! I want you up by 4:30. I plan to play taps on that ass again! Nothing beats the smell of freshly shot cum in the morning!"

The next day, we all hunted, and bragged, and scratched like men. I went along with the Sarge's program. Following his macho lead, I never spoke of our little sleeping bag maneuver. But next week, we plan on making it a twosome - Just Sgt. Hal Brady and me. A big ole "crazy" bear, and his horny cub, bucking and fucking in the wild. ☺

Well guys, I finally did it; I got a big fat DSL connection hooked up to ole' bessy, here. 256k up and down, dedicated number, the whole enchilada. I had to go corporate to do it, signing up with the local phone company. (They waived the sign-up fee and nearly gave me the router), but I'm cruisin' like a newbie on AOL for about the same cost as having a second line. Sweet.

In lieu of having a serious cable-modem hook-up, I'm getting a much closer shave than I did from my old razor. Now I just gotta get a new system with a decent graphics card and a huge monitor, and I'll be fraggin' hard in Quake III with the other bubbas on Gamebears.

Just in time to test out the new connection, I got an e-mail from another seasoned pecker hunter who turned me on to www.camrades.com. If you've got a fat pipe (and I ain't talkin' about your crank), this is the place for webcam lurking. Page after page of people on cams looking to connect 'n you can get an eyeful in a very short time. Definitely the place to be if you're voyeuristically inclined and have a brand new net connection five times faster than your old one. (If you... ahem... know of any other sites like this, or reflector sites that actually work, send them to the email address below... thanks.)

Proof that the web is one huge research project: www.connection.com/~dickie/result.html. Here's a great personals page that just keeps getting better: www.bear.net. Very well organized, the page design is conceptually concise and unladen with needless eye-candy. They also list guys by their bear-codes,

BUBBA FINDS DICK

if you're into that. Other added amenities include a huge bear-club database and several mailing lists which may be of interest. One-stop shopping for all your bear-lovin' needs.

Speaking of bear-codes, the famous skepsis Resources For Bears site has moved to www.resourcesforbears.com. Be sure to update your links.

A while back I got mail from another hunter about a site he stumbled across but couldn't find again and wondered if I might know of it. Well, I just want to tell you that here at Huntin' Pecker we don't stop until the job is done. Our tenacious tumblings paid off and we are pleased to say that we found the site our bud was lookin' for, and he was right, it was well worth the search: www2.intecnet.net/~bearlvr/brute.html, home of Brute American. It's a work of love to be sure, and very well done by a man who goes by the moniker Q; lots of thumbnail pics organized into categories like "show me brutes" and "I want a good fuck" that link to thumbnails of easily downloadable files, in both Windows and Mac format (Q; hmm... cute AND html-savvy!). That's why we think Q deserves the BCM Wetspot Award for "Best Personal Site D Theme Division". This one is a repeater; we'll check in with them again later.

Mmm... Dick Butkis: (www.geocities.com/WestHollywood/4592/dickbutkis.jpg)

If you have any clue where there might be DICK for FREE on the WEB, or like to fall asleep with a cock in your mouth, send mail to huntin_pecker@yahoo.com. All the opinions here are my own, and, as always, your mileage may vary. —Bubba

GRIZZLY TALES BY BRUTUS

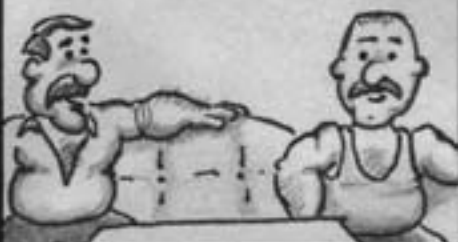

... SO I WAS TALKING WITH YOUR HUSBAND YESTERDAY... GUESS WHAT HE TOLD ME?

I GIVE UP.

HE SAID THAT THE BEAR COMMUNITY IS VERY INCESTUOUS. MANY BEARS HAVE SLEPT WITH MOST OF THEIR FRIENDS.

HMM.

WELL? DO YOU THINK ITS TRUE?

THAT'S ONLY ONE WAY OF LOOKING AT IT.

WHAT DO YOU MEAN?

ANOTHER WAY OF LOOKING AT IT IS THAT SOME OF OUR FRIENDS WERE TRICKS FIRST. THEN THEY BECAME OUR FRIENDS.

AND WHAT'S WRONG WITH STAYING FRIENDLY WITH THOSE WE'VE SLEPT WITH?

NOTHING.

SO YOU SEE... BEARS ARE NO MORE INCESTUOUS OR PROMISCUOUS THAN THE REST OF THE GAY COMMUNITY.

SO... WOULD YOU LIKE A BLOWJOB?

CAN YOU MAKE IT A QUICK ONE? ALLY McBEAL STARTS IN SIX MINUTES.

HUNDREDS OF HUNGRY, HORNY BEARS IN HEAT

LOOKIN' FOR MR. GOODBEAR? — IT'S THIS EASY:

- 1 Place a Personal Ad
- 2 Receive a Voice Mailbox
- 3 Getcha Some Hot Sex!

PLACING AN AD

Text. Talk about yourself and be real clear as to what yer lookin' for. Avoid negative shit, like "no fats, feds or Republicans." We happen to dig big guys. Plus, it doesn't work, and we'll probably change it anyway.

Namas. We can't run ads addressed to Occupant or Boxholder. Use your initials or a name your postal carrier knows.

Phone Numbers. We won't print 'em. That's it. Period.

Photo Ads. We'll run a shot of your face or dick, but only once. Your photo must have a signed model release (see "Show Yourself in BEAR") AND a photocopy of your picture ID. Don't bother sending us photos without this stuff. We can't legally print 'em. Each photo sent to BEAR must be signed with your name and phone number on the back. Photos are not returnable.

BEAR Postal Box Numbers. If you wish, we'll assign a BEAR Postal Box Number to your ad, collect your responses and forward them to your address. A word to the wise: your own address will get you more responses. For U.S. subscribers only. Free for BEAR Buddies, \$5 for everyone else.

Voice Mail Box Codes. We assign a voice mail box to every domestic ad. Guys can leave phone messages in your box after reading your ad, and only you can retrieve them. Cost is \$1.98 per minute for both parties.

Common Courtesy. If a guy gets in touch with you, write back. Even if it's just to say, "No thanks," he deserves to know you got his message.

Cost and Duration. Personal ads are free if you're a BEAR Buddy (an \$85, two-year subscription). Otherwise, they're \$.25 a word, per issue. BEAR Buddy ads are discontinued when the subscription runs out. You'll have to submit a new ad when you renew your subscription. Wanna discontinue your ad? Write in, and we'll pull it. You'll have to pay to have a pulled ad put back in, though.

Ad Changes. It's cool, but will cost you five bucks, and must be in writing. Hint: you'll get more responses by revising your ad from time to time.

Edits. We reserve the right to edit ads for editorial consistency and clarity. We also reserve the right to refuse any ad.

Submitting your ad. Compose your ad on a separate piece of paper, and for God's sake, write or print clearly so we can read the thing. Remember, no telephone numbers or "Boxholder/Occupant" addresses will be printed in ads! Photocopy this form, or copy it by hand, but we need all of this info!

RESPONDING TO AN AD

Voice mail box number. To respond to a voice mail box number, see details under "Voice Mail Explained." If the ad says "No voice mail," it's a good bet the fella won't be checkin' his phone messages. Respond via written letter, or e-mail, if it's listed.

BEAR Box Number. To respond to an ad with a BEAR Box number, seal your letter in an envelope. On this envelope, put the fella's box number in pencil where the stamp normally goes. Send this with \$1 in a large envelope to us.

Common Courtesy, Part II. Respond only to the ads looking for your type, and don't be pullin' the old form letter routine. If you don't fit the specifications listed in the ad, don't come bitchin' to us if you don't get a response.

Prisons. Not a great place to send money, or pictures of your hairy ass. By all means, correspond and make friends. But know the potential for trouble to you as well as the guy on the inside.

VOICE MAIL EXPLAINED

Our BEAR voice mail system is designed to give you access to new friends, true love, or just a good fuck. It works. Remember, if you are placing a personal ad in BEAR, you will automatically be assigned a BEAR voice mailbox.

If you place a personal ad in BEAR, we will send you a letter with information about your voice mailbox, your passcode, directions on how to set up your free voice greeting, and general directions on using the system. But guys, give us a couple of weeks from the day you mail in your ad before you start calling us. We know you're horny, but these things take time.

You can also use our voice mail system WITHOUT placing a personal ad in BEAR. You can call to listen to ads and leave messages for guys. You can even setup your own voice mailbox, just like BEAR advertisers have. If you set up a voice mailbox without placing an ad, callers will hear your ad and can leave messages for you, but BEAR readers won't ever see a printed ad, so you might get fewer responses.

HERE'S HOW IT WORKS:

1-800-DVB-BEAR charges the call to your home phone or
1-800-347-BEAR buys a block of time with your credit card

When you call, a recording will automatically begin describing instructions and options. These instructions will explain everything you need to know about using our voice mail system. Be patient and allow yourself a minute to hear all the options. A few basic options are explained below:

- Press 1:** to create additional mailboxes. These boxes won't be printed in BEAR, so you can be even sleazier or more discreet if you like.
- Press 2:** to browse ads from other guys by area code.
- Press 3:** to leave a message for one of the guys whose printed ad you see in BEAR.
- Press *:** to pick up messages that other guys have left (star key) for you.

Remember that once you call and are at the main menu, it is not necessary to listen to all of the options before you make your choice. If you already know how the system works, you may start pressing buttons on your phone right away.

BEAR

A black and white portrait of a middle-aged man with a short, graying beard and mustache. He is looking slightly to the right with a serious expression. His right hand is raised, with his index finger pointing towards his chin. He is wearing a dark, possibly leather, vest over a light-colored shirt. A thin necklace is visible around his neck. The background is a plain, light-colored wall.

TOM

Gotta thing for daddies? We think he qualifies... don't you? Rugged, mature, handsome as hell, just enough kinks to keep things interesting... It's all in there.

We snagged Tom here when we were in DC videotaping guys for a yet-unreleased series of solo videos. So... you've got that to look forward to this year.

Check out that chest. Two big gray-fur-covered mounds of heaven. Look like they'd make a nice pillow, don't they?

His expression can go tough to tender in the blink of an eye. It's funny - judging from the mail we get from BEAR readers, we never seem to get enough of dadtypes, do we? There's somethin' about maturity and confidence that tingles our toes and makes our knees buckle just a bit. He seems to enjoy the admiration, too.
