When you think "BEAR" - what comes to mind? Bearded? Biker? Big gut? Fat? Hairy? Sweaty? How about a 2-o'clock-shadowed mechanic with huge, hairy forearms and an open-zippered jumpsuit (showing off his carpeted chest and solid gut, of course) scritch'n his nuts while he belches out what he needs to do to your car to get it going, and all you can think is, "My motor's runnin' already, buddy."

Okay... I got carried away there. Sorry. But we all do, it seems, when we try to visualize or put down on paper what "BEAR" or "The ultimate BEAR" should look like. Don't we?

Folks who come into the Bear Store are often pretty vocal with the guys working in the store about what they want (or don't want) to see in BEAR; what there's too much of and what there's not enough of. And many of the rest of you who don't make the journey to Oz... err, San Francisco, tell me through letters and emails (and more than a few dirty phone calls disguised as "constructive criticism." Okay, so maybe I started it by askin' "So, whatterya wearin'?" when you called, but still...) whatcha want and don't.

We even had some nut demanding that I be terminated as Editor, because I featured a cute-as-hell-but-barely-bearded and not-too-hairy guy in a recent issue. "How dare you put a non-bearded man in BEAR?" Sure, fella. Drop me a line at www.whatever.com.

How do we show the "mentality" - if that's what it is that makes a man a bear, in a photo spread? What if a drag queen was a bear at heart; or a smooth, skinny little flutist who looks like Barney Fife but has the hairiest ass this side of Mayberry and a set of nuts bigger'n yer fist? By refusing to define what makes a man a bear, but then issue after issue showing you pictures of guys who we think "fit the suit" - aren't we just a bunch of big ol' hypocrites?

Gimme a "Hell, yeah!"

... louder!

"HELL, YEAH!!!"

The reason I bring up this one-day-to-be-age-old argument, is because finding BEAR men ain't always easy, and we pick guys who, for some reason or other, embody what we think BEAR is about, celebrating the new crop while givin'

propers to the types of guys who made this magazine what it is. Still, there are always guys who say "The guys in BEAR are too small." or "The guys in BEAR are too fat." or, well... you know the drill.

Just as it's not all about wiry bikers, it ain't all fat 'n flannel, either. And let's not even get into the New Zoo Review with the cubs, foxes, wolves and the like.

So, who gets into BEAR, you ask? We get dozens of pictures every week from horny guys who want to show their burly butts and fuzzy nuts in BEAR. What do we look for? Well, he's gotta be sexy. Hairy guys grab our attention, but it's not that simple. If he's not hairy, but grabs our...

err, attention in another way, by either having a special face and/or body, beautiful ass, or purty penis, that works. Let's face it, body hair covers a wealth of sins in some cases. But if the guy actually is hairy, he's held up to even higher scrutiny sometimes, because a nice pelt covering a nasty package is... well, sorta like a big ol' bait-n-switch. Facial hair helps, but—again, it's not necessary, if the guy's got the attitude to replace it. Sometimes we'll get pictures from a guy

who's neither hairy nor hung, and not even traditionally handsome. We can't even figure out what it is that makes us want him, but we "know" somehow. Maybe it's the way he looks at the camera, or how he carries his body. Maybe it's the gritty fingernails, or, hell—maybe it's the curly tail and the apple in his mouth. And, then some guys look real average when you see 'em face to face, but once the camera's on—wow—they blossom into sexual bloom. More often than not, it's gut feeling more than anything else.

It's such an inexact science that to describe it in any detail makes us sound... well, nuts.

Yeah, that's right. Lock us up and throw away the key, if you must. But leave a slot in the door for the dirty incoming polaroids. We've still got work to do here.

Enjoy the issue. Try to figure out why we picked who we picked this time around. And, as always, feel free to drop me a line and let me know what you think, at bcmsales@brushcreek.com.

Until next time...

HEATH

BEAR

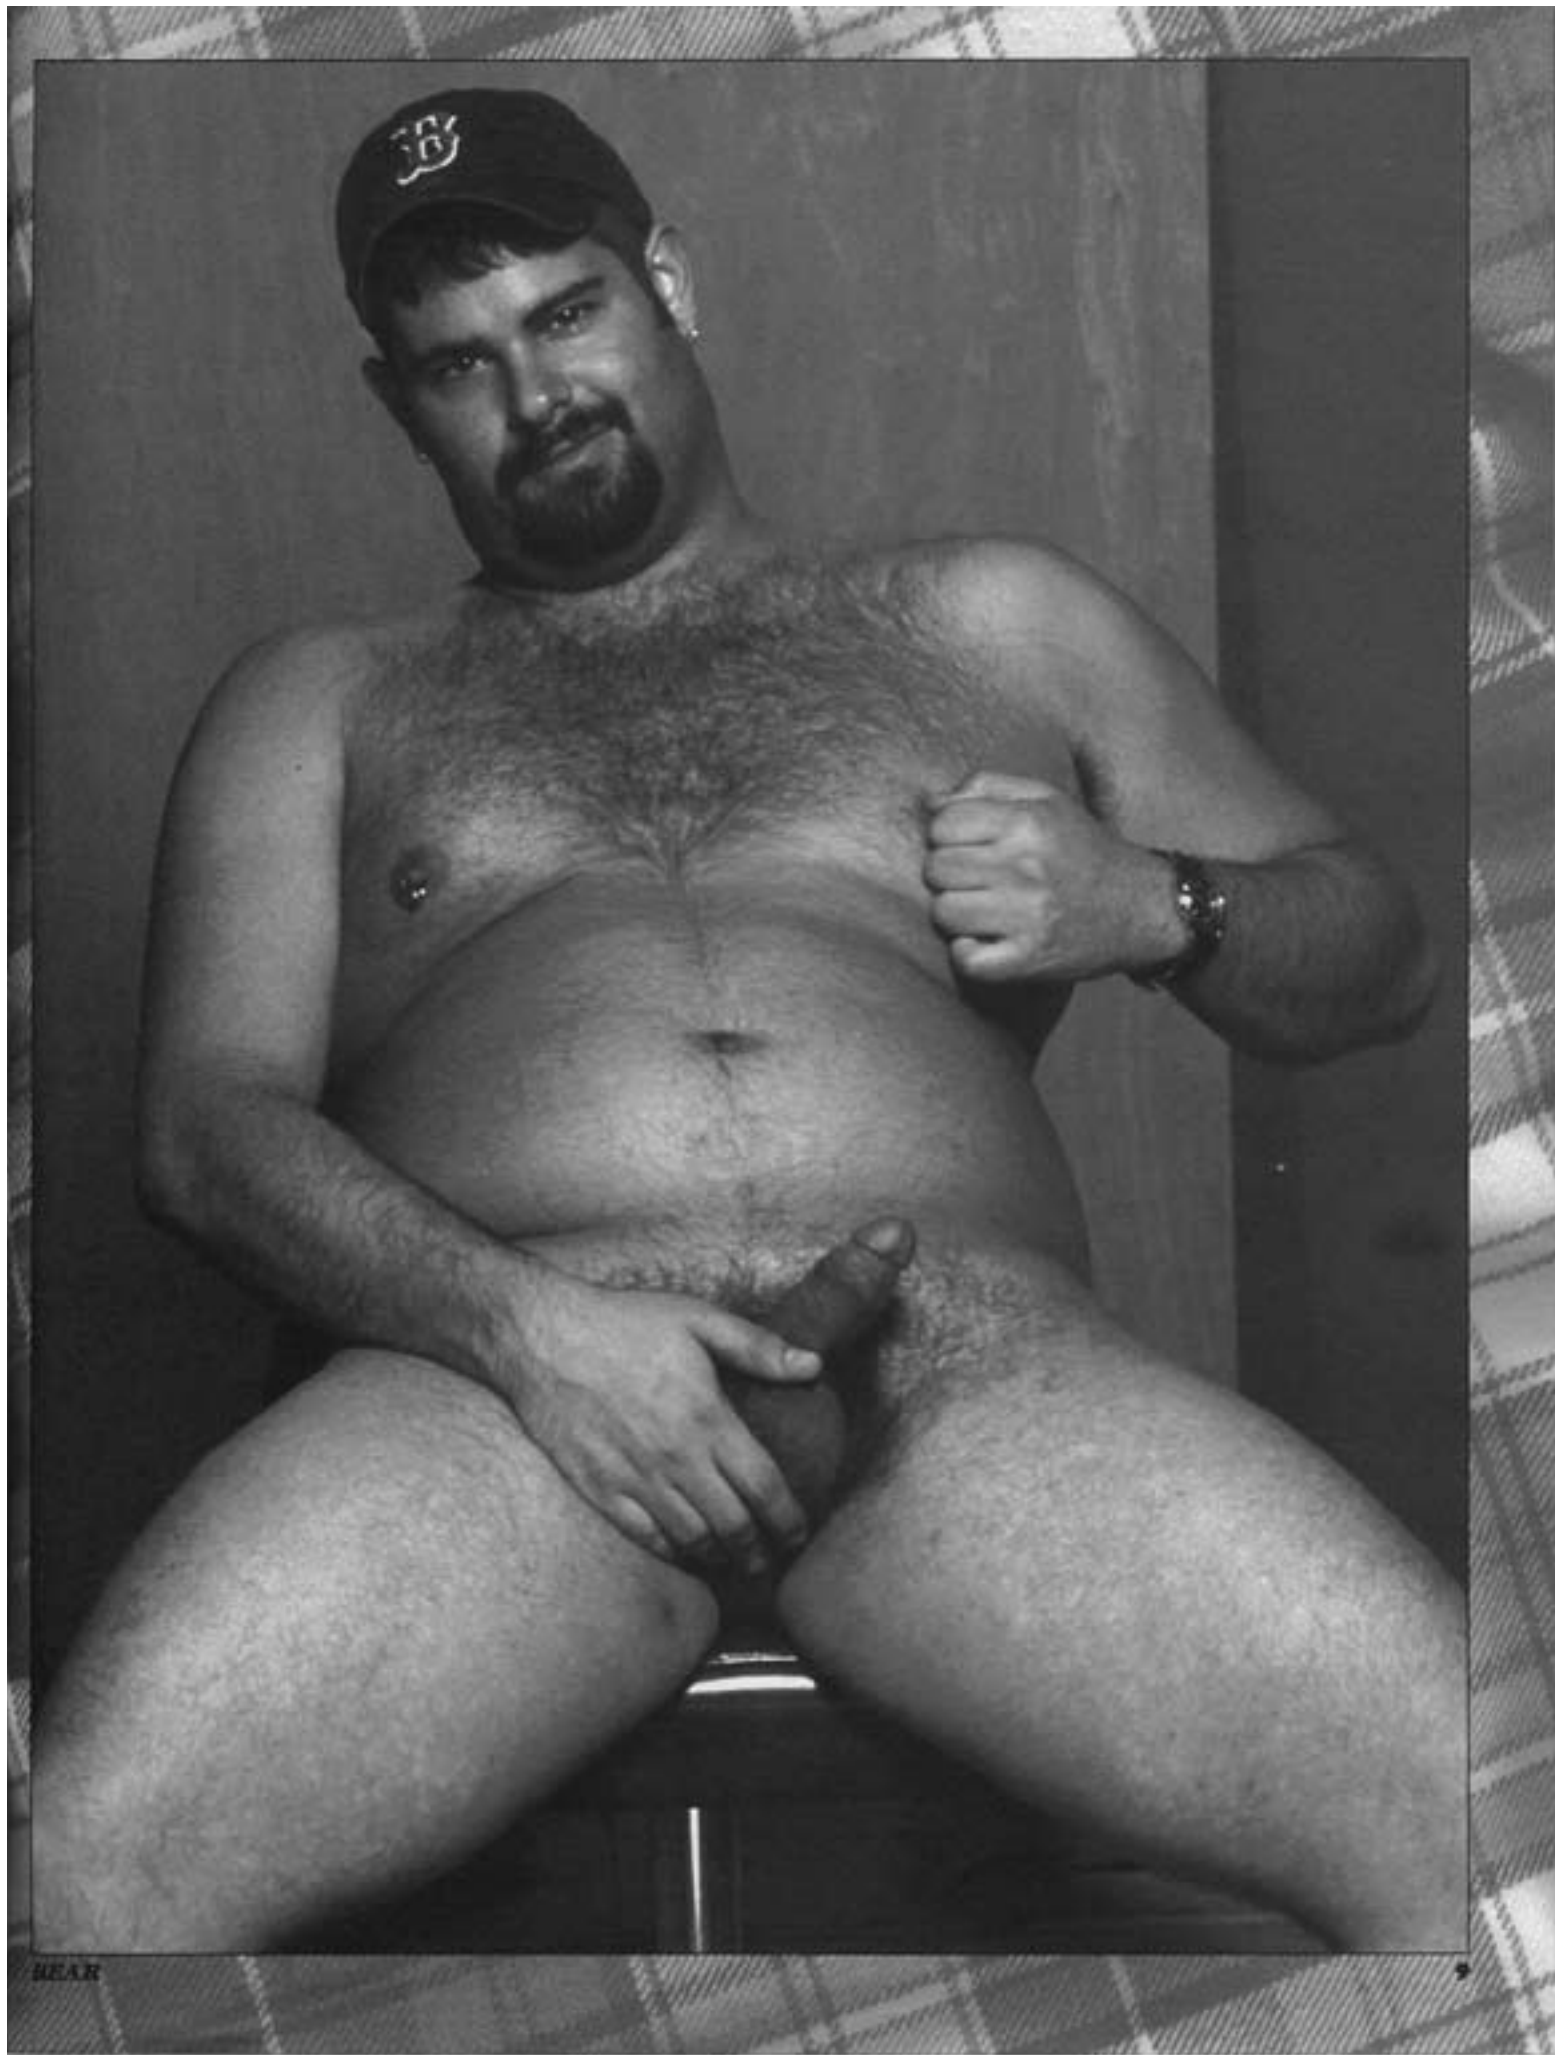

Heath here is only 25. Damn, I feel so old. He stands 6' and tips the scales at 240 pounds. He went and grabbed top sash at International Bear Rendezvous this year, and when word got out that he had dropped his drawers for us that weekend, I started getting phone calls and emails from fans wondering when his pictures would be appearing. So, yeah - he's the new International Mr. Bear, and he's got a built-in fan club. But, he's a real guy and doesn't seem to let the fame go to his head.

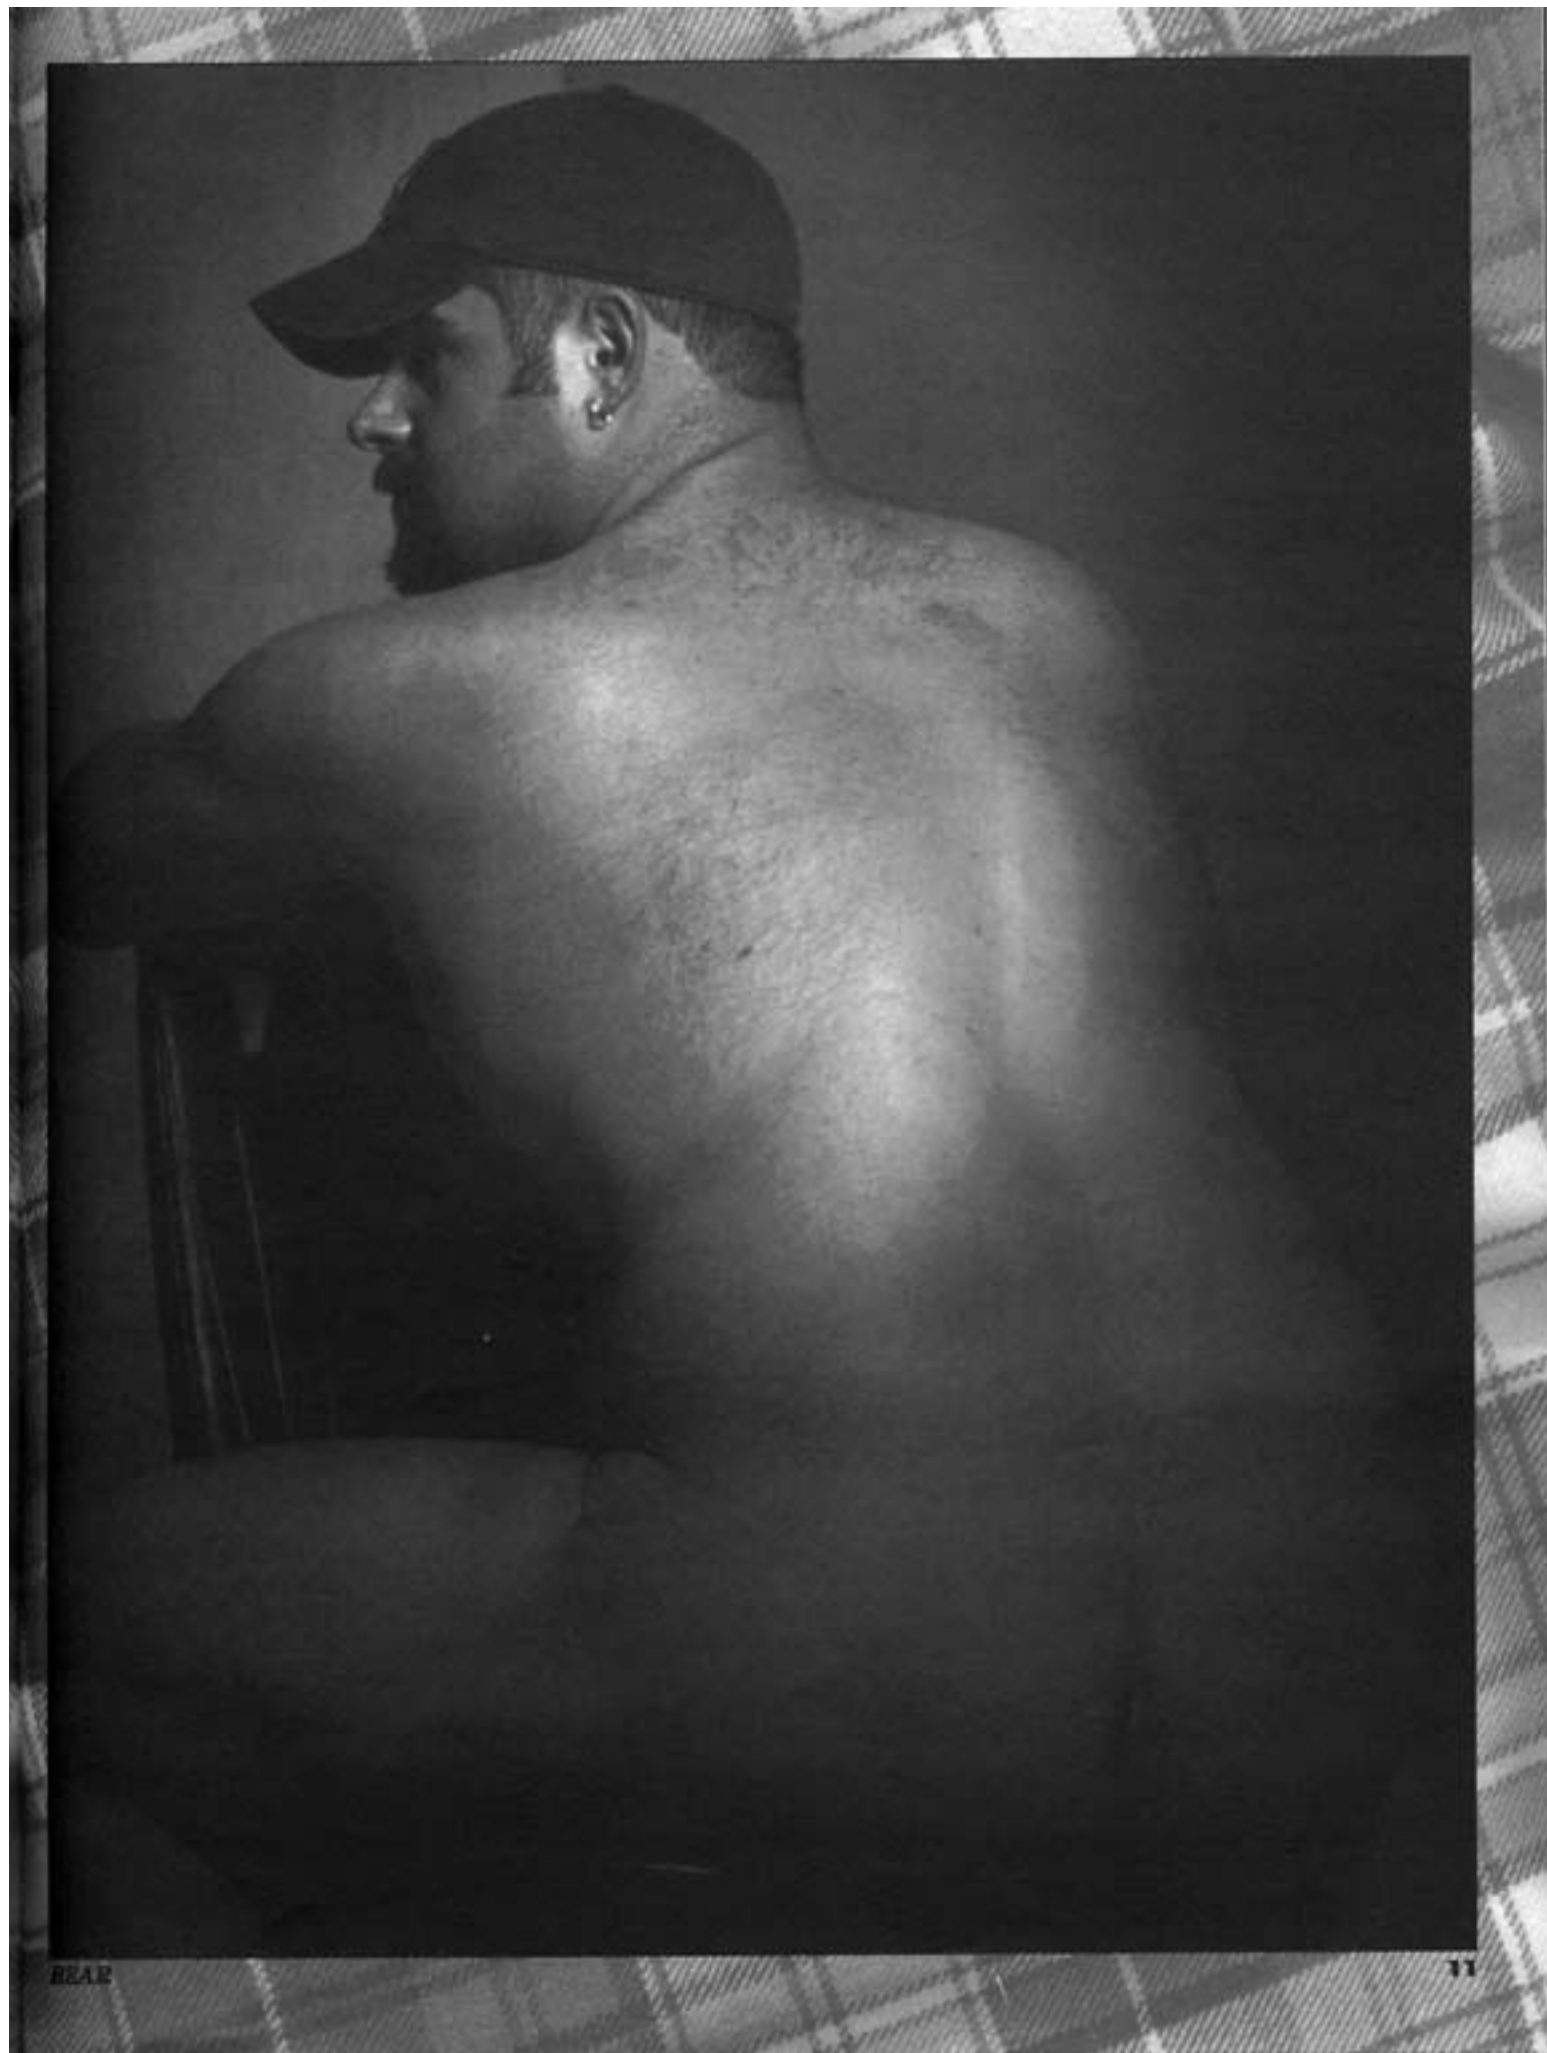

He told us he loves Lasagna, but has been known to "cradle a bucket of chicken in my arms. That's probably how I got this ample figure..." And, get this: his biggest sexual turns are... laundry rooms and bus rides? "For some reason, the vibration of a bus is a guaranteed chub for me. It's weird, I know..." he told us. Hmm...

And what about the laundry room thing? "Have you ever done a guy over a washer in the spin cycle while the comforting fragrance of fabric softener floats through the air? Ahhh, now that's romance," he says.

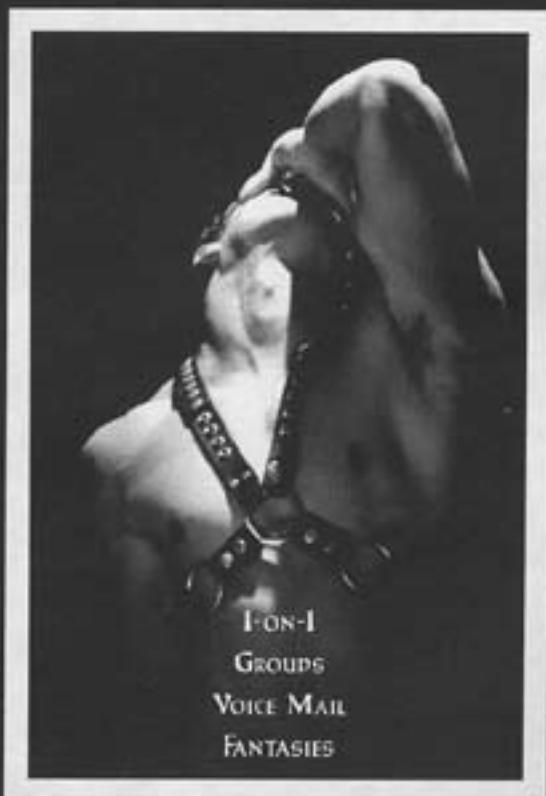

Ya know... we love a man with a sense of adventure, especially when it involves kinks we haven't even thought of, let alone tried.

WRITE TO BEAR

HOT BEAR

As a Black bear and admirer of the same, I want to congratulate you for featuring hot brother "Oz" on the front cover of Bear #58 (especially that ass shot on page 43). To my recollection, it's the first time a Black man has graced your cover. As a regular reader of Bear I think your publication is cutting edge, risky, and just fucking hot! Now, I've got even more reason to subscribe. Please feature more men of color throughout the publication.

CAJ

New York

We'll do our best, buddy. Oz is definitely a very hot man, and we were happy as heck to have been able to share him with you all. As I've said before, we're always on the hunt for hot, hairy, natural guys, black or white or green or orange. On second thought... "Nuthin' but Oompah Oompahs"? Now... better stick to natural flesh tones.

IDLE HANDS

I didn't figure I'd ever have much of a reason to write a bear porn magazine for any reason, but there was just something special about this issue that made me give up some time and type.

So, here I am, home from work sick in the middle of the week. Of course, give a young bear-guy that much time on his, er, hands, and you're bound to know what was on my mind, even in my illness-induced daze.

After ordering pizza (healthy food for a sick day, right?), I settled into looking at internet smut (hey, Bubba, I hope you're enjoying that DSL line as much as I've enjoyed ours). Then, pizza arrived; of course, they never send me cute drivers, always little young punks. Anyway, the mail had arrived—and there's the plain brown envelope from the mysterious "BCM." Oh, yeah, more

LETTERS FROM YOU

smut, just what I need right now. And here I thought my last issue was the last of my subscription.

Am I ever glad that it wasn't! DAMN. Now, I've enjoyed my year's subscription to Bear thusfar, and many of the other issues I've seen over the years. But this is probably the best I've seen. Before settling in on "A Bear in the Wild" for a, uh, climatic adventure, I read the fine articles found in...

You're not buying that articles part, are you? Of course, I was lookin' at the men. (Though, I expect to do some reading tonight—the mechanic story. I can let you know if this story makes me almost put my eye out, like the last one.) I did look at them in order, but after seeing the cover I couldn't wait to see more of THAT MAN. Egads, he made me want to give up all my native Midwestern ways and pledge allegiance to the California Republic—quite a tack indeed!

I'm going to have to hide this issue, because I noticed that when I left it face up sitting on my desk, my attention kept being grabbed by Cal, that luscious coverman.

So, anyway, there's my story. Keep up (ha!) the good work. Life must be rough, having to view all these guys. I can guarantee that if my job involved getting to see humpy guys, there wouldn't be many sick days in my future.

Loud woofs and groans from the Upper Midwest,
KJ

E-mail

Glad you liked the issue, buddy. Don't go puttin' yer eye out, either. I've often said, there's nothin' more dangerous than a horny man with a modem and time to kill. But, it looks like you spent your sexual energy with us, and we're all warm and fuzzy for that.

CALENDAR GROWLS

Thanks to y'all for sending me the 2000 BEAR Calendar, but I'm disappointed by the number of months you expected me to look at boys who belong in *Honcho*. Honestly, after a day, I cut out Mack and Mitch's (and a couple others) photos for my weight room and threw the rest away.

Masculine men have an easy grace and a happy-to-be-myself intensity that cannot be faked with "pouty eyes." So, despite being "g-rated", your December photo has infinitely more sensuality than the one of the lost boy leaning back with the giant dick. Really, having a dick, a butt, strong chest, arms, and back, are very good things, so wouldn't it make more sense to show guys enjoying themselves rather than kids trying out their leather bar poses?

I guess the reason I'm getting a little obsessive here is the fact that at least in years past, your calendar has signaled the direction the magazine is headed. And let me tell you - pseudo smoldering has been done. Please stay original. All the yellow-highlighted whiz, piercings, and big dicked leather boys will never add up to a single glint in the eye of a happy man's man.

Rich

New Mexico

Lots of guys enjoyed the BEAR 2000 Calendar, Rich. Yours was one of three I received from guys who didn't appreciate it. I'm sorry you didn't "get" it. The graphic treatment we used on the calendar was less a "trapping" than an attempt at - dare I say it - originality. And the guys (yeah, even the "lost boy with the big dick," whoever that was) are more real and more masculine than you're going to see anywhere else in gaydom, period.

It's always great hearing from readers, and interesting as heck, I might add, to see what each takes away from the table. What one fella sees as his fantasy-come-to-life another guy sees as a waste of paper. But, that's what makes this place interesting, and—believe it or not—it's what motivates us to keep raising the bar when it comes to providing you all with a heapin' helpin' of hot, horny, homosmut issue after issue.

We're already workin' on the 2001 Calendar, which, incidentally, will return to our standard full-color format. Should be out in June. Look for it! ☺

THE CHAIN GANG

(A CLOSER LOOK AT SOME OF THE MEN BEHIND THIS SICK RAG.)

CHRIS WITTKKE

Chris writes "The Wittke Wire" and spends alot of time in theaters (no—not the token-slot-glory-hole kind, you pig) and in front of the tube, where he finds the hottest hunks in media. Ain't he cute?

BRUTUS

Brutus draws "Grizzly Tales". We discovered him in 1999 and literally plucked him off the street... err, internet. He's one of the most talented cartoonists around, and a welcome addition to BEAR.

LUKE

The former editor who still has something to say, and manages to articulate your... err, his most twisted thoughts in "Hats Off" each issue. Cute face, dirty mind. And the original "voice" of BEAR.

LYNN LUDWIG

Lynn does most of the photography for "Hindsights." He spends more money on film and photo albums than you probably spend on food. Plus, he gets behind the camera for a dirty photoshoot every now and then.

BUBBA

Bubba (whose name is usually preceded with "Mmmm...") writes "Huntin' Pecker" for BEAR. He's been known to spend too much time on the internet (working, of course...) and in truck stops.

the wittke wire

I don't know about you, but I sure was happy when the face of erectile dysfunction stopped being Bob Dole and started being a group of men who are hairy and intense and therefore not scary or Dolesque in the least. The latest commercials from Pfizer for Viagra, their end of the 20th century wonder product, feature what is essentially a parade of some of the butchest looking men to grace a TV screen in one concentrated burst this side of bull riding on ESPN. There's plenty of bang for the buck in these new commercials, with men who appear to have been cast for their undiluted masculinity, without the doledrums.

Interestingly, though the image of men most often pedaled in advertising nowadays is the typical Madison Avenue clean-as-a-whistle three-piece-suit wearing mannequin, Pfizer's ad agency did a 180-turn from that and chose models with visible signs of having actually gone through puberty. Then they dressed many of the guys up in the denim and flannel often associated with working class men. And what a collection of sexy, regular guys they are. The commercials are successions of really hairy arms and facial hair and square jaws and receding hairlines and dark, heavy five o'clock

shadows and visible chest hair over collars and intelligent faces and stances that suggest what Viagra promises: hard, masculine, power.

It's one of the rare times in a long time that mainstream advertising has veered away from the mandatory smoothness of the past 20 years and returned to an image of masculinity more like the kind that was all over ads in the 1970s: hairy men who looked as if they might be a little wild.

These Viagra guys could have stepped out of the classic '70s Jockey underwear ads that featured big time hairy sports celebrities in their skivvies, except that their hairstyles are less puffy. All in all, it's an arousing series of model choices to represent men who have erectile dysfunction in the year 2000. It's almost as if the message they're trying to convey is something like, "Well, who would be surprised if the lithe boy-men you're used to seeing in ads have erection difficulties?"

Would you believe these butch hairy manly-men sometimes do, too? If you take our pill, you can also be butch and hard as a rock again, just like them! It's not a surprising move on the advertiser's part when you think about it, if only because

the pendulum of popular taste has to eventually swing back to body hair being desirable again. Still, it is startling when you first see the line up of men who might look good in a Brush Creek Media video pushing those little blue diamond shaped wonder tablets. For me, and maybe you too, the ads and the pills have a similar effect.

Whew, now that the heavy duty analysis is out of the way, let's check in with the remote control, the e-mail bag, and suggestions from the cub reporters, shall we? The first episode of "Malcolm in the Middle" featured a body shaving scene that had me wondering if the fur was fake to begin with or if the actor playing Malcolm's dad really had his chest and back hair shaved on camera? Either way, I found the whole thing oddly stimulating down below. Also, Malcolm's older brother attends military school with some Generation Y bears who I will personally find attractive in about 20 years, but that's just me.

A note from D.B. in The Wittke Wire E-Mail Bag, followed quickly by a breathless alert on the same subject from my alpha wolf reporter The Dukester, directed me to a commercial I had already been admiring for weeks. Perhaps it has caught your eye as well. I refer, of course, to the Hall's Mentho-Lyptus Lozenge spot that starts in a ski lodge hotel room with a head-cold-congested dad who's reluctant to venture out in the cold. The scene ends with the guy shirtless in a Turkish bath between what D.B. calls, "two of the burliest men I've seen. They're attired only in towels and make no attempt to cover up." One of the huge, hairy

men says something to the now-relieved dad, and according to D.B., it's: "Breathe my tasty friend, breathe." I think the actual line might be "my pasty friend," but Duke sides with D.B. on this one. If only I could figure out how to turn on the closed-captioning on my TV, then I could settle this for once and for all.

Duke, who works wonders with a camera, spent some time scouting music videos for visible fur. He gives thumbs up to rising country star Kenny Chesney, who can be found at kchesney.com and who has a hairy chest under his western shirt and a bald head under his cowboy hat. Following his photographic chronological history, I would have to say that Kenny got very handsome once he chopped off the mullet hairdo most often associated with Canadian hockey players and fans of heavy metal from the 1980s. And speaking of heavy metal, Duke also recommends the video "Oasis" by the neo-metal band Puya. "You should see the drummer!!" he enthuses, so I went to puya.net and found out the drummer's name is Eduardo and that he looks kinda scary to me. No visible chest hair on the website, but Duke is a fan because of the copious fur he saw in the vid. This is an odd development since Duke considers his musical taste to be conservative and tends to avoid dissonance. I guess Eduardo is the heavy metal equivalent of Viagra for unlikely music fans who find him oddly stimulating down below.

You can write to wittkewire@hotmail.com and get stimulating stuff off of your hairy chest. 

Politics season is upon us. With apologies to our non-American readers, as well as to those who just don't give a crap, I'm gonna write a political essay. Hopefully with a twist. Or at least double olives on a stick.

Politics is/are important. I know you didn't pick up a dirty magazine to get the lowdown on the Iowa caucuses, and even though I'm hardly the one to tell you exactly what they really all mean, your freedom to actually pick up this dirty magazine without getting into trouble is ultimately what the whole thing is about. So bear (grrr) with me.

Of greatest import when it comes to the American presidency is one burning question: Just what WAS so distinctive about Bill Clinton's dick that it could be recognized in a mug shot by a grand jury? I'm serious.

It's the Presidential Prick; we have the right to know. Perhaps we will, when Slick Willie (now that we know what it's slick WITH, which is the scariest part of all) is no longer in office. I await, with great eagerness, the bandit website that will finally tell all and show us 'The First Dick.' I've already got my Photoshop poised and ready to filter out all the red skintones, too.

No, this all comes up because, among other things, we have to pick a new President. It's a fairly disgusting process. They have an old saying: if you like laws or sausages, never watch them being made 'cuz it'll turn your stomach. So it goes with shopping for a new commander-in-chief.

At this point early in the process it looks like it's gonna be betwixt Al Gore and George "Dubya" Bush, even though McCain and Bradley have been stirring up quite a fuss lately. And you know how much the papers love putting the words "GORE BUSH" on the headlines. They're frustrated straight people who don't get out much.

But let's run through the top candidates as they appeared at the kick-off, starting with the Democrats, of which I am one:

Al Gore? Gay. Gotta be. If not, well, he's an uptight prissy little thing. I'd hate to see HIS sock drawer. Bill Bradley's kinda geeky looking, and has no discernable chin. I like his ideas the best, but he'll have a tough time selling them. So I bet that Gore will sneak ahead. (If you watch, you can tell that Gore's been taking some Excitement Lessons for when he has to talk on a microphone. It's kind of funny.)

HAT'S OFF

Life Lessons by Luke

COCK US

On the other side of the political fence it's the Republicans, of which I am not nor have I ever been one. It's my opinion that cocksucking and political conservatism just don't mix. At least, not without a hell of a lot of alcohol first. Anyway: George W. Bush looks like a treacherous monkey, and I bet he's mean as a one-eyed Texas skunk. John McCain's not a bad lookin' fella, and seems level-headed. But he's just not likely to Grand Marshall a Gay Freedom Day Parade anytime soon—if you get my drift.

The independents? Don't get me started.

Donald Trump can have as much money as he wants, I still wanna know what's up with that *bair*? His finger's heavy enough on the Aqua Net squitter, I'm not letting him anywhere near the "Big Button." And would Steve Forbes please just stick to making those Dodge Durango commercials? (Huh? That's not him? Oh... nevermind.)

At least we haven't had to hear much from Ross Perot and Patrick Buchanan this time around. Thank God!

So, that's the playlist, and you just read it in a homosexual dirty smut magazine. What you do with it is up to you.

I am, however, giving you an assignment (beyond getting off your hairy ass and actually voting): Watch for when the news folks decide who they want to win. Tom Brokaw, your newspaper, whoever. They'll cast their vote—if they haven't already—and you can actually tell by the coverage they give. It'll be subtle, but you'll see it.

Not just presidential matters require our attention. Out here in Californ' we have the Knight Initiative, seeking to formally outlaw any marriage that isn't between a man and a woman, which I think is kinky and perverse, anyway. The power of this idea itself isn't nearly as scary as the signal it will send. But the initiative is going strong and getting tons of money from the Fundies. It could pass, thereby institutionalizing discrimination. But California's the place that recently overturned Affirmative Action and voted, 2-to-1 in Prop 187, that 'ferriners' aren't welcome here. So much for peace and love.

And that's just what's happening in my back yard. Delicious things are probably going on in your back yard too, if you stop and look.

Things are pretty good, all in all. I've been doing some historical reading, and it's a cliché but it's true: we got it made these days. A hundred and twenty years ago they weren't into constitutional rights. They were into absolute power, corruption and child slavery. Justice went to the highest bidder. Cops could torture the shit out of you and nobody cared.

Picture being Rodney King all the time only there's no video and no one gives a damn.

Got a boner yet?

Maybe getting off a bar stool to go vote isn't such a bad idea.

Actually, I'm thinking we should just run a personal ad for President: Wanted—intelligent and sensitive top, hung thick and red, with a gleam in his eye for long term financial and sensuous policymaking. Us: quivering and eager, yet slow to trust. You: drag free, ht/wt proportionate. You must have an aversion to big-haired bimbos. Hip-boots a plus. No Nazis, feds or geeks. Meet us behind the levered curtain, or respond to ☐ (vm#) 20004. @

This is pretty funny, especially as juxtaposed against what happens here in our office. A recent job applicant observed, and ultimately whispered to one of the guys, "I just noticed that everybody working here has a beard, or facial hair of some kind. Do I have to grow a beard to work here?" Our buddy Ed in Oklahoma City (who keeps us on our toes) sent us this clip, from the March 13 Daily Oklahoman. Thanks, Ed!

► **ABOUT FACE:** Frank Dobson, the ruling Labor party's candidate for London mayor, Sunday hit back at party image-makers who told him to lose his beard. Dobson, whose full white beard makes him one of the few remaining hirsute members of Labor's upper ranks, said he had told his party's style consultants to "get stuffed" when they told him a shave would help him win the May 4 London election.

POSTER MAN.

Got a thing for vintage comics? How's about movie posters or other Hollywood memorabilia? Our buddy John here, in addition to being a real piece of eye-candy himself, is a big (and we do mean, BIG) collector of movie posters, cards, and vintage comics. This isn't yer typical Ebay! junk, though. This is the real deal, and some of it might setcha back a few \$\$\$, but he's got a website where you collectors can shop and see about gettin' yer mitts on a real piece of Classic Hollywood. PHOTOGRAPHY BY DENNIS DODSWORTH

So, we're in DC scoutin' out hot guys to get naked for the camera for a series of solo videos we were lookin' to do. And we come across Brian here. Whoa. He's cool, real calm. Might be interested, he says. We go up to the room, offer him a beer, explain what we're doing, what we want, what we're looking for at the end of the day. We start the cameras rolling. Damn. He sits back, spreads his legs, smiles right into the camera with that hot "You want it?" look of his. He peels off his t-shirt, takes a big ol' gulp of beer, stands up, towering over the video guy, hauls out that big, fat, beautiful dick, and proceeds to steam up that hotel room like you wouldn't believe. There wasn't a dry crotch in the house. Good news here. You get to see; not only in the next few pages, but in our upcoming video DC Amateur Exhibitionists. Look for it. In the meantime, consider Brian here a... taste of things to cum.

FICTION BY RUSTY • ILLUSTRATION BY MANCERBEAR

GRUNT

I'm getting harder with each step I take. *Yeah? You getting off on this? You just keep watching me, Grunt...* My dick is aching in my pants, my swollen nuts roll back and forth with each step my boots make in the gravel. I'm looking him dead-on as I approach, but he's still too scared to look directly back.

He knows I'm the Boss, he instinctively bends with his shovel when I pass. He dutifully scoops up a load of construction debris and chucks it in the wheel-barrow. That's what he's paid to do. I liked the way he bent for that scoop. With that movement, it was like he'd bowed before me. *Yup, you know who's the pack-leader around here, doncha Pup?*

I didn't shut the door completely; I deliberately left it ajar. I know he hasn't got the guts to step up and inside with me. But I know he wants to. It's hot today, I can smell the sharp animal scent of other men when I step into the portable toilet. And I smell my own dick too when I skin it back. I aim my stiff meat just so; I want this piss to be loud. I know he's less than ten feet away. I want him to hear it. I want him to think of me standing here holding my cock, I want him to see it in his mind.

With a grunt, I let go. I unintentionally cut a fart too at the same time, but I'm kinda glad. *Ya heard that Boy, didn't ya? That's my hairy ass talking to you...* My whizz hits in halting spurts, I'm hard and jacking it all throughout. Taking my time. Giving it to him nice and slow. I cock my head and listen sharply. I don't hear his shovel, I knew I wouldn't. I know he's frozen breathless out there, sucking every sound into his strained ears.

I'd spotted him right off. Had him pegged in the first minute as the kind of man who'd get on his knees for me. He wasn't

just hungry for work, I could tell he was hungry for me. A daily-labor van drops a dozen men off at my trailer every morning. The crew calls them "Grunts". The seasoned men's skills are too valuable to have them cleaning up behind themselves. Money's best spent paying the Grunts half-wages to do that, or to stage materials. I come out of the trailer each morning, meet the Grunts, and put their asses to work. That's the first order of the day.

I liked this one. He stood out from all the others. Big and strapping and nearly hairy as me; I almost laughed aloud first time I looked at him. HE REMINDED ME OF ME when I was a young buck half my age. Didn't blame this dude, that's how I got my start too. I wanted to work hard with sweaty, booted men with rough and dirty hands. Would do anything for it. Prayed they'd take me on full-time if I was good and eager enough. I was. He might be too, we'll see.

So that first day I deliberately assigned him last. I turned to him right off and barked, "You listen up good, Boy, I ain't gonna repeat it all again when I get down to you..." He watched every move I made, but he's too afraid to look me square in the eyes. Too afraid to really show how hungry he is for me. I'd turn to him, and his gaze would dart slightly aside. He acted like he was listening hard, but when I'd trace his line of sight he wasn't looking into me. He was studying

the bristly gray whiskers on my chin, or the gray in my chops. Looking at the grizzled hairs that curled up and out of my shirt, or that ran down my neck and back, right down to my asshole. *Yeah punk, I'm a big, burly, hairy-ass bull fucker. I know you want it.*

I raised my hand to point something out to the other men, and his eyes followed too. Looking at my hairy mitts, looking like he wanted to lick the tufts of fur on my knuckles. The sudden thought of that made my dick twitch. Poor guy, wants me pawing on him something awful.

I kept him at my side, putting all the other Grunts to work first. Led him on, trotting in my shadow. I intentionally let the fur on my forearms brush against his as we walked, just to drive him nuts. I deliberately stationed him at the farthest end of the site, coldly told him to get to work.

From the corner of my eye I caught him all throughout the morning. Just breaking, straining his neck trying to keep visual tabs on me. He was keeping me in his radar, sniffin' up my ass, to put it bluntly. At the far end of the work-site he was like a

his sandwich and grinned; didn't say another word the rest of lunch.

"Okay. Alright, alright," I said getting up, "I think I need to piss or somethin'..."

Okay, back to where we were. I deliberately didn't shake the last drops off it. I tugged the wet, puckered end shut and packed my stiff rod down my thigh. I stepped out of the john and zipped up after I got outside. Damn! My heart's pounding and my hands are shaking! That pup's got me unhinged. Adrenaline and testosterone are searing through me. *See what you're doin' to me, Grunt? You got the old-man goin' too, ya know...*

I head right for him. Now I see it's his hands that are trembling, far worse than mine, and suddenly I feel in control again. He grips the shovel handle harder but it doesn't help; the whole damn thing is shaking as I step right up to him.

"Uh, Hey..." he says, looking down in the dirt, shifting his weight back and forth. He studies the cement and sawdust on my boots, catching the bulge and piss stain on my jeans, my big

Grunt pulled down my pants and buried his snout up my hairy crack. When he starts sucking on my hot hole, I know there ain't anything he won't do to please Boss Man. When I feel his beard jammed up there, I wanna fuckin' cum bad. I push my cock and balls back, tell him to go and slop it all up good and wet, to feed between my legs.

little pup chained to his dog house at the back of the yard. He was silently yelping for Daddy. And I knew that Daddy was me.

By noon, Roscoe had noticed it too, that asshole. He's my best friend, my fuck buddy, and my right hand man. We always sit together at lunch on the steps of my trailer. He leaned into me, jabbed my ribs with his elbow, and jerked his head towards 'Grunt' far off in the distance.

"Hooo-wee!" he howled. "Ya got's yerself a live one, Russ!" Roscoe slapped his thigh and just roared with laughter. "Go git him! Go git him! Go git him!" he chanted, just like he was trotting me off a cliff.

"Just shut up!" I barked. "Just shut the fuck up, or I'll pop ya!" I hadn't even noticed I had jumped to my feet. I was pacing in circles, my fists clenched. That son-of-a-bitch! Roscoe reads me like a book, knows me better than I know myself sometimes, sees right through me. He knows that Grunt has got me going.

"Hey! Hey..." he said, gently tugging on my belt. "Don't git your fur all tangled... Besides, he's eye-ballin' you again... Sit down. Act cool."

I took a deep breath, calmed and sat. Roscoe put his arm around and patted my shoulder. "Let me give you three simple words of advice..." He paused. "GO." "GIT." "HIM." He bit into

belt buckle beneath my belly. Then his gaze drifts back down at the dirt.

Instead of thinking it for the umpteenth time, I said it forcefully and out loud: "DAMMIT, LOOK AT ME, BOY!" I folded my arms across my chest and waited.

It was a direct order and he complied. A flash of bright, clear blue shot up, cut through his long blonde bangs. He's got soft eyes, soft as the wooly blonde beard that frames his mug. He doesn't dare to look away. I deliberately raised my hand to my face, slowly stroked the whiskers beneath my chin, smoothed my moustache, skritchd my left chop. It's driving him crazy, no doubt about it, he likes 'em hairy.

Something rose up in him. He jammed his knuckle in his mouth, and bit it hard. Didn't look away though. When he took it out, he drew a deep breath and said bravely, nervously, "Sir... Sir, L..."

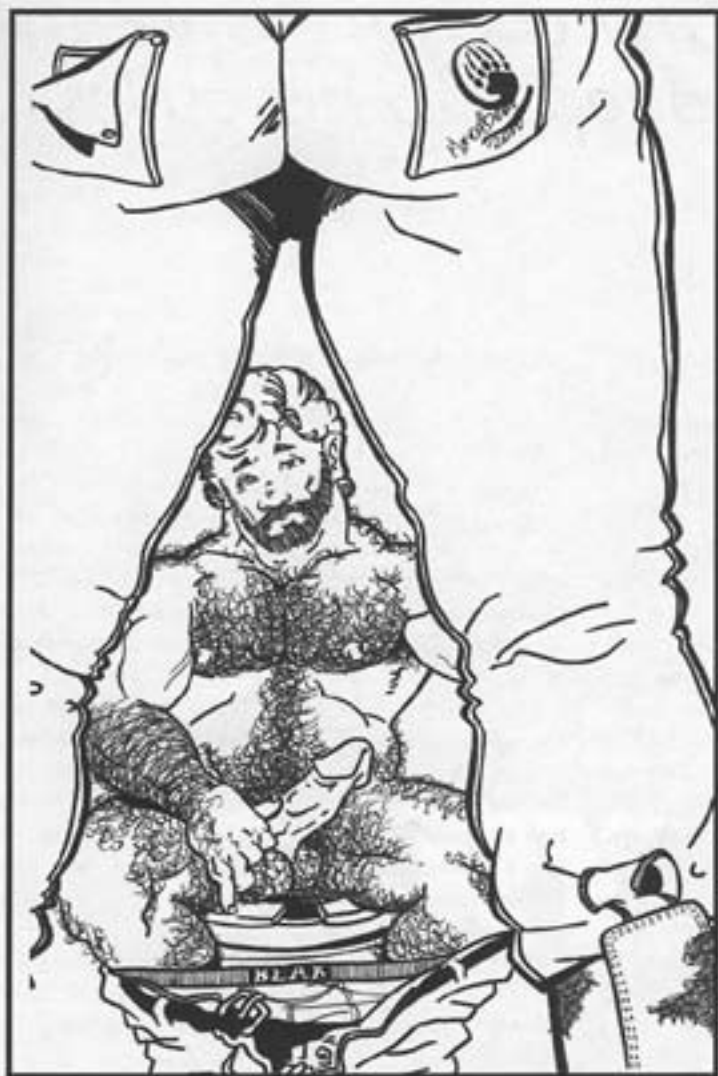

I cut him short. *Don't say it yet Baby...* I told him; "I think it's going to take you the rest of the day to finish that pile. In fact, it will take you longer. The other men will all cut out at four-thirty sharp. You will not get on the temp van when it comes. You will continue to work until five. You will then step into that toilet and strip. And you will wait for me."

With a crunch of gravel, I turned one-eighty on my heel and headed away. I walked straight back into the heart of the site, my head clear and confident, my dick rock hard. I halted Roscoe dead in his tracks as he rushed up. I stabbed my index finger in his chest; "Shut up! Not one fucking word from you — You got it?" He saluted, veered off, and stayed clear the rest of the afternoon.

It's 4:55 p.m. I've been watching that Grunt from my trailer. I've enjoyed my usual end of day cigar while kicked back in my chair, squeezing my crotch and watching him through the window. It's just him and me now. I wanna shove my dick in him. I want him to suck it. I want to cum. It's show time.

I know he hears me walking up. I can hardly make the final steps. My dick is throbbing it's so swollen, my balls are aching blue as I reach for the handle and fling the door open. He's buck-ass naked right down to his toes, sitting on that crapper. His meat's in his fist, Grunt's rock hard and just waiting for Daddy to get off work. I stepped inside.

It's hot in there, baked in the searing afternoon sun. His tight, muscular frame and golden fur glistens with sweat. The hair on his chest and belly is matted and curled. It runs down his sides from under his armpits and I can smell him too now, mixed in with the scent of piss and shit from a hundred men before him.

GRUNT

I unbutton my shirt from the bottom up. My big hairy belly sticks out like it should for a man my age. Right in his face, there's just Grunt and Boss Man and not much room for anything else. *There's nowhere to run, kid.*

I kicked his legs apart, planting my boots wide. Pushy little fuck, I knocked his hand away when he tried to unzip me. Did that myself and hauled it out, tugged my balls out and down too. Flopped a pound of raw, smelly man-meat in his face. I stood towering over him, working my cock up stiff, slapping him in the face with it. I smeared it across his beard, jammed the end of it up his nostril and told him to sniff it. I don't care if he likes 'em dirty or not. I'm marking my territory, marking my property first. Then I'm gonna make him eat it.

I grabbed him by the whiskers, yanked him forward, and clamped his head hard against my hip. "Now clean me up!" I said. I held my dick and fed him just the brown, puckered end of my bone. I made him lick the hard, rubbery tip, made him strain to get his tongue up into my warm, moist tube.

I slapped him hard when he tried to swallow me. Knocked his head back and said very sternly; "I told you to clean it, not suck it, Dammit!" I rubbed my hose in his snout, peeled it back halfway, made him sniff my dirty meat again. Then I skinned it all the way back, and told him to start licking.

My purple cockhead swelled and glistened as he toungeed in the cracks underneath, licked out the deep rut behind the head while I held it there. I love the feeling of power I have over him. He's so damn eager to please, he'll eat whatever dirt I got to feed him. I pulled it away when he got too greedy. He licks my knuckles, with each lap he's silently begging for more. He wants all of it shoved in him, but I won't let him suck it. Not yet. I won't let him have it all until I'm damn good and ready.

I climbed on top of the seat and turned my back to him. Bracing myself with one hand on the door-frame, I undid my belt with the other. "Go on, Grunt... You know what you need to do."

Grunt pulled down my pants and buried his snout up my hairy crack. When he starts sucking on my hot hole, I know there ain't anything he won't do to please Boss Man. When I feel his beard jammed up there, I wanna fuckin' cum bad. I push

With a few quick jacks of my mitt, I blew. I'm cussing loud, barking; "Go on hole, EAT IT!!!" as I unloaded into him. Three thick, chunky days of backed-up scum shot out. He choked while it spurted in, gagged, then gulped for more. I used my cock to drive the last spurts deep into his gullet.

my cock and balls back, tell him to go and slop it all up good and wet, to feed between my legs.

His tongue is everywhere; stabbing up my hole, lapping my nuts, swirling around my cock. I reach behind with one hand, spread my cheek for him, and bear down. My moist, pink insides open up for him, his hot tongue snakes up inside me. His hands run up my back, his knuckles latch into the fur, and he pulls my hairy bottom into his muzzle as hard as he can. Grunt can't get enough of Boss's hole.

I couldn't hardly stand it, it felt so fuckin' good! I spun around, towering over him. "Open up," I say, as I pry his jaw open with my thumb. Those baby-blue's look up to me. I press my throbbing cock into his mouth. His cheeks bulge as I shove it in. I've got a fat fucking bull-dick and we both know it. His lips stretch to take it all and he gags as I squat it down his gullet. My purple-brown skin bunches up in wrinkles against his moist pink lips, and I feel a crooked grin break out on my face. The further I jam it down into him, the more he gags and the harder he beats off. I got this cocksucker right where I want him.

I held him there, impaled and motionless on my meat until he was squirming for breath. I want him to feel its too much to handle, that he can't take anymore, and when I'm sure of it, I pulled out suddenly. He gasped and said, "Awww, Jeezus, Boss..." but I just shoved it right back in. The only sound I want to hear is wet, sloppy sucking on my meat.

He takes me deep-throat, right down to the veiny root. My nuts are jammed against his chin whiskers. He milks my swollen knob with each gulp until I'm past the point of holding it in. I quickly pushed his head back, pinning it against the wall, lock-

ing him in place. With my other paw wrapped around my meat. I pressed the blunt end of it right on his lower lip. I wanna see it squirt into him, I wanna watch him eat my bitter spunk.

With a few quick jacks of my mitt, I blew. I'm cussing loud, barking; "Go on hole, EAT IT!!!" as I unloaded into him. Three thick, chunky days of backed-up scum shot out. He choked while it spurted in, gagged, then gulped for more. I used my cock to drive the last spurts deep into his gullet. Then he came violently too. I felt his cum, hot and wet, shooting high onto my ass, splatting on my thighs, running down my calves into my socks. A job well done!

I stepped carefully down off the seat. I dug in my jeans pocket for my handkerchief, wiped his slime off my butt and legs, then mopped his slop off my dick and outta my ass crack. I was feeling cold, cocky, full of attitude. I threw it in his face, told him he could keep it, use it to jerk off with whenever he wanted too. I looked him dead-on before heading out. "Ya got what ya fuckin' wanted, Grunt. I don't wanna see your stinkin' face around here tomorrow."

"You won't, Sir," he replied solemnly, looking down to the floor. Then, before I even made it three steps away, that son-of-a-bitch broke out in uproarious laughter. "Hey Boss..." he said from inside the crapper, "Tomorrow's Saturday... Uh, It's the weekend, remember?"

That fucking smart-ass! I had half a mind to turn back around and piss right in his sassy mouth for having the NERVE to say that to me! But I stayed cool. All I could think of as I walked away — I hope to God he's got the guts to be on that van first thing Monday morning. 

GARY
PHOTOS BY THE EDIT HOUSE

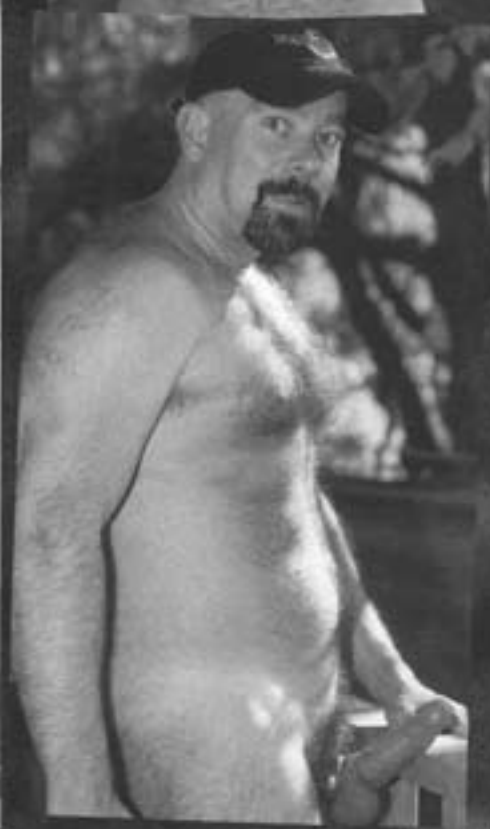

We went to Inferno last year. In case you haven't heard of it, it's several days of slap 'n whack held annually by Chicago's infamous Hellfire Club. By invitation only. Secret locations. Ya gotta know somebody or get picked to go... sounds like the Studio 54 of SM. But it's for serious players of the game, we're told. Anyways, Gary here was there, the dirty dawg. Looks all aww-shucks and "Let's have a beer." don't he? Well, we ain't gonna tell ya what he was doin' there, because we're not the shoot-and-tell types. But you can bet it was kinky.

Oh yeah, he's also Mr. Virginia Leather, which means he'll be onstage competing for International Mr. Leather in Chicago in May.

A leather titleholder in *BEAR* Magazine? What is this world coming to? Go ahead. Hit me. Harder. Is that the best you can do?

A SNEAK PEEK AT THE HOT NEW VIDEO FROM BEAR!

**RUSSIAN
RIVER
RENDEZVOUS!**

For those of you who haven't already heard about this video... allow me. A bunch of hot, horny guys (including Steve Hurley, Buster, Bill Adams and some of their buddies) gather at the Russian River for a weekend of fun and sun and, oh hell... fucking, sucking, butt-munching, and whatever else feels good to these burly bruisers. I haven't seen it yet, but former editor Rich, who gets to see the master copy before the rest of us, tells me that it's some of the the hottest video sex he's seen recently. So, we're looking at the pictures from the weekend, and the guys are so fuckin' hot, and the sex looks incredible, and we start thinking we have another opportunity to kill two pigeons with one rock by shamelessly promoting this hot new reel while givin' you guys something to whack off to before it actually comes out. See.. we're always lookin' out for yo. ☺

BEAR

PARK

BLACK BEAR

- Found from Alaska to Mexico, throughout most of Canada, New England, New York and Pennsylvania, and —with whatever there's food or sex to be had.
- Habitat: Prefers track, seldom wanders with an abundance of wet brush and heavy growth of ferns, shrubs and tall grasses, as well as great big trees (and complete with great many berries, mushrooms and other food items).
- Average weight of a mature bear: Male (adult) — 275 lbs. Female (adult) — 175 lbs. (average).
- Black bears may be cinnamon colored, midnight blue or even white.

This cracks me up. Reminds me of my twinkie roommates when I first moved to San Francisco. I introduced them to this hot guy I had met the weekend earlier, and after he left, they were all a-screechin' like a bunch of sisters on Montel: "Ewwwww.... Scott... he's wearing LEA-THER! Oh my Gawd... I'll be he's got, like, hair on his back and everything!" Of course, I said, "Yeah, he's covered." "Ewwwww!!!!" I just don't get it. Unless you're an Olympic Swimmer, and you need physical aerodynamics, or you're a professional bodybuilder, and you need to show definition (although I'm still dyin' to see that Nasser El Sonbaty with what I fantasize to be his natural pelt intact), why would you have the hair removed from your body? Please... "Thrill me with your acumen." Then again, why is it that I think the guys in those muscle-magazine nutritional supplements ads always look better in the "before" pictures than "after"? Maybe it's just me, but I don't think so. Anyways, Thanks James, for bringing these to me and for sharpening my appreciation for what nature created.

BEARDS BELLIES BICEPS

I'd made good time so far. Hadn't expected to make it through Atlanta as early as I did. But as I passed through Chattanooga, the rain started. And it was already 2 hours dark. If I hadn't put 500 miles on the Buick today already, I could have probably plugged on. Instead, the dyke with big hair at the Gas n' Git food and fireworks mart at Exit 20 made the Ralston Family Lodge at Exit 23 sound pretty good. "It's named for Chuck 'The Picker' Ralston, Chattanooga's own Country & Western Grammy award winner," she'd crow with pride. Said there was a WagonWheel Steak House there too. Sold.

Well there it was, a half lit billboard with "The Picker" himself holding his guitar and waving at the traffic: *Stay a spell. Be my guest! Just \$25 dollars a room. Take exit 23! And right after that: Samthin' Good Is Always Cookin' at the WagonWheel. Steak House, That Is.* Well one thing was sure. Big Hair was no liar.

"Smokin' or non-smokin' Mister Daniels?"

"Non, please."

"Good fer you!" She said with a smile. "Yer room's 232. Up them stairs and right there along the front, right about the middle. You can park right to the bottom of the stairs if there's a spot." She handed me my key and a remote control for the TV. "We got free HBO! But don't you stay up all nite with it, now," she said with a wink. "You have a nice rest now and don't fergit we got continental breakfast startin' at 6. Hot coffee n' cookies. Oh! And if yer fixin' to eat over to the WagonWheel, they close at 10 so you'd better hot foot it," she winked.

232 was whittled into a guitar on the door. I dumped my gear in the room and "hot footed" my way to dinner. As I entered, I saw him through the spokes of the trade mark wagon wheel near the door. He saw me too. Trucker. Short dark flat top, salt and pepper moustache, blue eyes and a shirt that said Vinnie. He was sitting alone. Good sign.

I set my tray down two tables away. Facing him. I'd know real soon if he was interested. I ate slowly, casually looking around the surprisingly crowded restaurant. Each time my gaze landed on his table, he was looking. He was interested all right.

"Gonna have summa are homade peach cobbler, Sugar?" A tall lanky bleached blond with bad teeth had slid on one knee onto the booth seat across from Vinnie. "It ain't really homade. They really bake it here in the kitchen. But it taste just as good." Smart too. He was stretching to look past her. I wiped my mouth and tossed the napkin on the plate and pushed it away, indicating I was done.

"I don't believe I will, Darlin'. Just tear me off a check would ya?"

"Sure thing, Sugar. I get off at 11 if you'd like to see me to my door."

"Not tonite, Sweetheart. I got me an early mornin' that's gonna be here before I know it." He dropped a twenty on the table, said to keep the change and headed for the door, ignoring me as he swaggered passed.

"What about you, Big n' Burly? Wanna see me to my door? It ain't far an' I got my Mr. Coffee on."

"No thanks, Honey. I've had a long day. Maybe next time, though."

"Well alright. But don't you fergit now. My name's BelleJean. Just ast fer me. Everbody here knows me."

"Sure will." I didn't doubt how many knew her. I dropped a twenty on the table and said "Keep it, Honey." I headed for the door.

"You boys sure is generous tonite. Y'all come agin. Ast fer me. BelleJean."

Poor thing needed a man nearly about as bad as I did.

Out in the parking lot, I made my way to the car. It was raining so I'd driven the 400 yards from the "Ralston". No sign of him. I aimed the Buick toward the room, passing a row of 6 dark tractor-trailers. As my headlights swung across them, the door swung open on the second from the end. There he was.

"I got a room that's bound to be more comfortable than that rig.

DANIELS FICTION BY WAYNE

Care to join me?" I said, smiling, as my window whirled down.

"Well, that about sounds nice, Buddy. Don't mind if I do." He climbed in beside me. We didn't say a word until I'd closed the door with the guitar on it behind us.

"Free HBO. Nice." He said, trying to make conversation.

I responded by pulling him close to get a whiff. "I hope you don't mind getting down and dirty. Cause I want to eat you inside out."

He chuckled nervously. "Well, I was just sorta expectin' a blow job, a shower an' some shut-eye. But since it is yer room, I guess it's yer rules too," he chuckled.

His western style "Vinnie" shirt had snaps instead of buttons. One yank took care of them. Goddamn. What a fuckin' chest. Two gorgeous fuckin' mounds of fur with a swooping blue bird tattooed on each side, nearly lost in the hair. I grabbed two handfuls of salt n' pepper fur, kneading and pulling, then, pulling his small hard nipples and tweaking gently, I tested the water.

"Oh yes. I think I'm gonna like yer rules." He said, pulling me close, kissing me softly on the mouth, then hard and hungrily.

"Well, goddamn. This sure beats BelleJean's cobbler." I said breathlessly.

"Oh, her? Lubed up little twat. She needed some tonite, I'll tell ya."

"Well, BelleJean's just gonna have to fend for herself. Now, go lay back on the bed. I'll help you with those boots."

He stood by the edge of the bed, his shirt open. I unhooked his large silver buckle and popped the buttons of his 501s, exposing paisley snap-top boxer shorts. Pushing him backward til he set on the bed, I unlaced his work boots, pulling them off his hot sweaty feet along with his thick cotton socks. He lifted up slightly as I pulled his jeans down and off. As I leaned in close to take a long deep sniff at his bulging boxers, I said "You're in for much more than just a blow job and a shower, mister. I'm starvin' for what you've got in these shorts. And as for shut-eye, I always heard there's no rest for the wicked," I said, winking lustily. "And mister, I am wicked!"

As I pried the fly of his boxers open, a tuft of curly black hair met my gaze. I moved in for a better look and a sniff. Fuck, he smelled good. Nothing smelled better than a hairy crotch that had been sweating all day. He didn't know it, but these boxers were going to be a souvenir. He lifted up so I could pull them off. I wiped his ass with the soft cotton fabric as I slid them off. I wanted his scent on my souvenir. Then there he was, leaning back on his elbows wearing just his wide open "Vinnie" shirt and nothing else. His thick tree trunk of a cock was waving at half mast before me. A heavy foreskin covered the head of his juicy organ, and several wild hairs were sticking out of the wrinkled tip. I pulled them out with my lips, nibbling and sniffing, teasing him. His dick bobbed in the air as it rose up harder and harder with each beat of his heart. The large egg shaped balls hanging in the hairy sack between his legs bounced with each throb. What a sight. No sir. He wasn't gonna get much "shut-eye" tonight. At least not for a while anyway.

"How about lettin' me see you naked, Buddy? Seems things are a little lopsided here." He reached down and pulled my white T-shirt up and over my head. "My, my, my. You got yourself a nice chest on you. And a pierced titty too. I ain't never seen one of them in person before."

I stood in front of him, allowing him to unfasten my 501s.

He toyed with my tit ring gently, not wanting to hurt me.

"You can get rough with it. Twirl it around. Go on in and suck it."

He pelted softly at it, then made it turn in my nipple. I pulled his head to my hairy chest and he opened his mouth, covering my entire nipple along with most of my pec. His salt and pepper moustache looked hot mingling with my scruffy brown chest hair. He sucked me

like a hound at its mama. I pushed his head back and bent to kiss him. His full lips were wet with spit from sucking my tit, his tongue half out, reaching for more. I sucked his tongue into my mouth and ground my lips into his. He moaned and wrapped his large hairy arms around me as we locked in a long, hot kiss that went on and on. He apparently hadn't been kissed like this in a long time, if ever. Finally, I pushed him away. "I think you were about to do something about gettin' me outa these jeans," I chuckled.

He eagerly opened my jeans and pulled them down around my knees. "You ain't wearin' no underwear!" He exclaimed as my throbbing boner swung out in his face, a long string of precum flying through the air and landing on his shoulder.

"One less thing for you to have to mess with," I replied.

"Can I suck you?" He asked timidly.

"Fuck yeah. You can do anything you want. I'm yours for the night. Have fun."

He came off the bed at me, falling to his knees. "I ain't never had a real man before. I've been sucked off plenty of times by old men and a few youngsters for cash. Nobody I'd ever want to return the favor with, if you know what I mean. Now you, on the other hand, you're somethin' else. You turn me on." And did he ever show it. He didn't even take a few practice licks. All the way down in one gulp. The whole thing. He was fuckin' hungry! His head bobbed up and down as he lugged on my swingin' dork. His large, rough hands cupped my balls, bouncing them and playing with them. Then he reached between my hairy legs and ran his fingertips up and down my hairy creck. When he found my damp pucker, he stopped sucking and looked up at me.

"What did I tell you, men? I'm yours. Do what you want." I pushed my hole open for him.

He came up off my pole and lubed his finger on my drooling head, then reached back again and found his mark. His finger was almost as thick as a medium sized cock. He swirled it around a couple of times then started pushing it in and out. I moaned. He started finger fucking me slowly as he started licking the head of my peter, slurping the tip of his tongue in and out of my asshole. "Damn you taste good. I never thought suckin' cock could be this good."

"It's good when you're with the right men," I said, running my fingers through his brush cut, thick black hair. "But now it's my turn. I only got to smell your bone. Now I'm gonna swallow it." I shoved him backward onto the bed. I grabbed his left foot and raised it to my mouth. His large meaty toes were covered with swirls of black hair. I kissed and nibbled at each toe, then began licking them, getting them slimey with spit.

"Goddammm. Ain't nobody ever done that before. Shit, that feels incredible."

"MMMMHHmmmm!" I moaned, my mouth full of slippery, hairy toes, my tongue slurping between each one savoring the clean salty sweet. I worked my way slowly up his beefy, muscular leg, nipping and biting as I went. His penis was wide awake and throbbing like before, dicknot leaking uncontrollably from the wrinkled tip, swinging like deer corn syrup. I caught some on my tongue and ate my way to the slippery fold of skin. Catching it between my teeth, I gently chewed at the soft, rubbery skin. He let out a sigh and hissed between his teeth as I swirled my tongue under the skin, testing the salty goo that had been building up since his last shower. I took his organ in my hand and slowly peeled the skin back, exposing the large shiny purple head of his dick. The asshole was large enough to insert a pencil and it was gaping at me, crying out for my lapping tongue. I dove in, swirling my tongue into the hole, capping the head with my lips, then swallowing the entire shaft in one gulp.

"Son of a bitch, Baby. You sure fuckin' know what to do. That is so good. Suck on it man. Suck it good." I did as I was told. The skin of his cock was like velvet. Just under the skin was a network of pulsing veins and a rock hard

core. The suction of my lips moved the loose skin up and down his erect bone, jacking him off with my mouth. The smell of his crotch was making me crazy. The hot, spicy stink that only a real man can generate. I wanted to eat every inch of him. With a growl, I threw his legs in the air, high over his head, taking him by surprise.

"Anybody ever eat your ass?" I asked.

"Hell no," He said nervously.

"Well, I plan to fuck it with my tongue. Anything else we do with it will be by your permission only, I assure you. In the meantime, all this talk is just making me hungry."

AS I LEANED IN CLOSE TO TAKE A LONG DEEP SNIFF AT HIS BULGING BOXERS, I SAID "YOU'RE IN FOR MUCH MORE THAN JUST A BLOW JOB AND A SHOWER, MISTER. I'M STARVIN' FOR WHAT YOU'VE GOT IN THESE SHORTS. AND AS FOR SHUT-EYE, I ALWAYS HEARD THERE'S NO REST FOR THE WICKED."

Just lie still and relax. Do what I tell you and I promise we'll both enjoy it immensely." I lowered my face between his cheeks, my mouth moving in where my eyes had been feeding. Long soft swirls of black hair covered his butt, growing denser and sweaty between the mounds. The rosy pink lips of his asshole puckered lightly in the crevasse. As I rubbed my nose in the steaming crack, sniffing deeply and poking at his sphincter,

I sensed him tensing up. "Would you relax? This fuckin' hole is just beggin' to be eaten. Now, just push out real slow, like you're gonna take a dump. That will open your hole for my tongue. Now go on, push. You'll love it." He did. And I did. I became a hot trashy whirlwind sucking on that manhole. His hot salty stink tasted so fuckin' good I thought I'd been smorting poppers. I went crazy sucking, licking, chewing, trying to push my tongue as deep up his chute as I could. "Holy mother fuck. That feels unbelievable. Try to push your tongue deeper, baby." He finally reached down to help me, prying his cheeks as far apart as he could, pushing out, bearing down hard, making his hole open for me. I ate him for about 20 minutes, slobbering all over his ass, sucking the lips til they were swollen into a shiny purple donut. Finally, letting his legs down I said "I want you to fuck me. I want your hot meat inside me."

"Well, yeah. OK. Get on up here and let's get at it."

HE WRAPPED HIS MASSIVE ARMS
AROUND MY LEGS AND BACK AT THE
SAME TIME, NEARLY LIFTING ME OFF
THE BED, HIS HAIRY ASS UNDULATING
AS HE FUCKED ME. I CUPPED HIS
FURRY BUNS IN MY HANDS AND PULLED
HIM DEEP INTO MY ASS. "THAT'S IT.
FUCK ME! FUCK MY HOT ASS.
GODDAMN! YOUR FAT BONE
FEELS GOOD."

I flopped onto my back beside him, yanking a pillow under my head. He rolled over and on top of me, wrapping his arms around me and kissing me again. I ran my fingers through his hair and rubbed his neck, playing my fingers through the hair on his shoulders and back. Working my legs out from under him, I spread them apart. He lifted up like he was doing push-ups, reached under me and lifted one leg, then the other.

"You can eat my ass too, if you want. It'll get me ready for you."

"Well, I ain't never done it before, but I'll give it a shot." He fell back on his haunches as he hoisted my hairy ass into the air, his large hands firmly planted

behind my knees. He bent his head tentatively toward my hole. He got one whiff and wham! His face was buried to the pores up my butt. "MmmmmMmmmm." He mumbled up my ass, his tongue dancing in circles around my lips.

"Goddammm, Baby. I never thought a hairy ass could taste so good."

"After you've fucked me a while, have another taste. You'll really love it when it's all stretched out and salty from your fat dick." I leered at him.

Raising my legs up higher, he crawled up closer, his knees under my ass. Finally, he flopped his long hard cock between my legs as he prepared to mount me. His dick head nuzzled around in my balls, leaving snail trails of slimy precum in the hair between my nutsack and asshole. I reached down and took the shaft at the base, aiming it at my hungry hole. Teasing both of us, I peeled the skin back to expose the drooling head and rubbed it around my ass

lips. Not being able to wait any longer, I aimed it at my hole, pushed the head in and lunged my ass at him, swallowing his entire organ in one humping buck. We both let out a howl in unison. He wrapped his massive arms around my legs and back at the same time, nearly lifting me off the bed, his hairy ass undulating as he fucked me. I cupped his furry buns in my hands and pulled him deep into my ass. "That's it. Fuck me! Fuck my hot ass. Goddammm! Your fat bone feels good."

"Oh, Baby. Yeah. Keep doin' that. Hump your ass at me. Ride my fat pecker. Jeez that's sweet."

I wrapped my legs around him and rode, slamming my ass at him, meeting every thrust. Then he took my feet and, using them for leverage, stood over me and squat fucked my hole, dunking his slippery dork into me, slicing me open. From that angle, we could both see his angry red, wet boner sliding in and out of my slippery hole. The swollen lips of my ass were stretched to the limit and each time he slammed it in, the foreskin would bunch up and the slippery hot bone would drive deep, rubbing my swollen prostate. The itch was so fuckin' sweet I could hardly stand it. Just watching him over me was enough to make me cum. His muscles were taut and sweat was pouring off of him. I caught the drops on my tongue as they flew from his eyebrows and the tip of his nose, while running my hands over every part of him I could reach as he humped me.

"HoOhOhChYessssss. FuuUuukkMmmmmEeeeEeee. Fuck my hairy sloppy asshole. Goddammm you're a fuckin' stud. You're a fuckin' stallion. Ride me, motherfucker. You can't hurt me. Fuck me." I pulled his face down and began licking. I ate his entire head, licking, lapping, sucking. His brush-top head, in his ears, up his nose, his chin and finally his panting mouth.

He yanked his dick from my hole and lowered his mouth to my creamy hole. His tongue swirled around and around, in and out where his fat organ had just been. My hole had turned to salty, syrupy mush from the heavy fucking he'd thrown at me. He rubbed his face wildly around my ass, slammed his nose up my hole, lapped hungrily at it one more time, then lifted up, squatted and planted his stake deep in my ass again. He squat fucked me, threw me on my side, spread my legs wide and pummeled me from behind. Rolling me on my stomach, he grabbed me at the waist and yanked my ass in the air. He fucked me upside down, backward, forward and any way we could twist. Finally he had me on my back again. He kissed me and ground his cock in slow circles deep in my shithole. I began licking his face again, chewing on his lips, sucking his moustache. He began fucking me faster and faster, holding my legs spread wide and behind

me, my ass wide open for him, eating his dick. Our slippery fuck juices were everywhere. My ass hair was slicked down. His thick bush and stomach hair were matted flat and sticky with fuck juice. I'd never been fucked like this before. I'd never enjoyed a man this much in my life. He was so beautiful floating above me, his pelvis pumping up and down as his thick manly prick slurped in and out of me, his mouth hanging open and panting, his nostrils flaring, his blue eyes rolled back in ecstasy. I wanted it to last all night but the itch inside of me wanted to cause an explosion I couldn't hold off much longer.

Greetings gentle readers. I sincerely hope your devilish delvings into the web have brought you back to these pages in search of more tantalizing fare with which to pleasure yourself – truly, my one hope. Unfortunately, as of this writing I am in an extreme state of flux, having accepted a lofty position Downtown, requiring a full household move back to The City from a short stint in Stump Town (also known to some as Whitetrashville). I am currently out of my element; moving from bed to bed, never knowing where I'll end up (!), forced to deliver my column as one long, rambling email. I haven't even TOUCHED my 'puter in over three weeks, relying on the generous bandwidth of friends. I am a man adrift on a sea of uncertainty. The point here; I'm going to cop-out this time around on trying to find the latest and greatest dickpix for ya. I'm way past deadline on this one and Scott, our beloved BEAR editor, is threatening to revoke some of my BCM contributor perks. I've got to get this thing done. It's time to resort to desperate measures.

So, let's talk about AOL. I guess I don't really need to say that I'm not a big fan. But I will, for the record. I just don't like it. Much the same way I don't like Starbucks. Yet, I still have to give in to the Evil because there is no other decent coffee within a quick walk of the office. Immediate access; that's what it's all about. And there sure is a hell of a lot of accessible, horny DICK floatin' around in those AOL chat rooms, talking about absolutely nothing or throwing out body stats like bait to see who can be reeled in to quick jerk-off sessions. Or a rendezvous, when proximity permits. The latter seems to be the preferred method of arranging a date recently. I've even heard of guys who are organizing hardcore play parties through AOL – "yeah, come on over... there's about five guys here now... they're all f'ing on the floor...". No need to go to a sex club; bring the sex club to you!

Additionally, there is AOL Instant Messenger (AIM) that lets you have private conversations with people of your choosing with-

FAMOUS FUR

out having to be in a chat room. Or, you can go into a chat room, read the profile of a guy that looks interesting, and then send him an Instant Message to introduce yourself. Besides chatting, AIM also lets you do other nifty stuff like transfer files, so you and that dude you've been IMing can swap pix. www.aol.com duh.

Recently, AIM has been released for everyone to use, whether they're on AOL or not. This move was in response to another

little program by a competitor that got really popular for a little while. The usurper-at-the-gate is ICQ – you know, like "I seek you"... it's one of those things like "CDB. DBSABZB." Anyway, it's basically the same thing, but you might like it better anyway. Check it out at www.icq.com.

Now, if you really want to have some fun, you should try the granddaddy of all chat programs, Internet Relay Chat, or IRC. It's further up the Geekological chain in terms of operating difficulty, and is not for anyone who is squeamish about using line-code instructions, but then, the codes aren't that difficult. Go on – you can program your VCR, can't you? Then you can do this, too; www.irc.com.

Well, I know I was lame and couldn't come up with even one decent dick link, but Scott found one that was pretty hot. It's got a ton of hairy, naked or semi-naked celebrities, including the ubiquitous shots from *Cosmopolitan* of Burt Reynolds and John Matuzak. And one desperate, but woofy shot of Sebastian Cabot showing part of his bare chest that is the exact same pic as the one of Ed Asner in the steam room from "The Wrestler."

They have also, thankfully, separated the fakes onto their own page, which makes them almost comical in the sense that the pictures become more of a testament to the "artist's" ability with photoediting than achieving a fantasy. The one of Bruce Willis really sucks, but the one of Sean Connery I actually kept – great shadow work, realistic body-double. (Who, judging from the body, I wouldn't mind seeing with his real head.) <http://www.geocities.com/WestHollywood/8069/> is where all of this can be found. Check it out...

There you are kind reader. Until next time, if you know where there might be nekkid, hairy dick on the web, or want to show your own pix to complete strangers for fun and profit, send your email and pictorial attachments to huntin_pecker@yahoo.com. All the views expressed here are my own, and as always, your mileage may vary. -bubba

LOOKIN' FOR MR. GOODBEAR? — IT'S THIS EASY:

- 1 Place a Personal Ad
- 2 Receive a Voice Mailbox
- 3 Getcha Some Hot Sex!

PLACING AN AD

Text. Talk about yourself and be real clear as to what yer lookin' for. Avoid negative shit, like "no fats, feds or Republicans." We happen to dig big guys. Plus, it doesn't work, and we'll probably change it anyway.

Names. We can't run ads addressed to Occupant or Boxholder. Use your initials or a name your postal carrier knows.

Phone Numbers. We won't print 'em. That's it. Period.

Photo Ads. We'll run a shot of your face or dick, but only once. Your photo must have a signed model release (see "Show Yourself In BEAR") AND a photocopy of your picture ID. Don't bother sending us photos without this stuff. We can't legally print 'em. Each photo sent to BEAR must be signed with your name and phone number on the back. Photos are not returnable.

BEAR Postal Box Numbers. If you wish, we'll assign a BEAR Postal Box Number to your ad, collect your responses and forward them to your address. A word to the wise: **your own address will get you more responses.** For U.S. subscribers only. Free for BEAR Buddies, \$5 for everyone else.

Voice Mail Box Codes. We assign a voice mail box to every domestic ad. Guys can leave phone messages in your box after reading your ad, and only you can retrieve them. Cost is \$1.98 per minute for both parties.

Common Courtesy. If a guy gets in touch with you, write back. Even if it's just to say, "No thanks," he deserves to know you got his message.

Cost and Duration. Personal ads are free if you're a BEAR Buddy (an \$85, two-year subscription). Otherwise, they're \$.25 a word, per issue. BEAR Buddy ads are discontinued when the subscription runs out. You'll have to submit a new ad when you renew your subscription. Wanna discontinue your ad? Write in, and we'll pull it. You'll have to pay to have a pulled ad put back in, though.

Ad Changes. It's cool, but will cost you five bucks, and must be in writing. Hint: you'll get more responses by revising your ad from time to time.

Edits. We reserve the right to edit ads for editorial consistency and clarity. We also reserve the right to refuse any ad.

Submitting your ad. Compose your ad on a separate piece of paper, and for God's sake, write or print clearly so we can read the thing. Remember, no telephone numbers or "Boxholder/Occupant" addresses will be printed in ads! Photocopy this form, or copy it by hand, but we need all of this info!

RESPONDING TO AN AD

Voice mail box number. To respond to a voice mail box number, see details under "Voice Mail Explained." If the ad says "No voice mail," it's a good bet the fella won't be checkin' his phone messages. Respond via written letter, or e-mail, if it's listed.

BEAR Box Number. To respond to an ad with a BEAR Box number, seal your letter in an envelope. On this envelope, put the fella's box number in pencil where the stamp normally goes. Send this with \$1 in a larger envelope to us.

Common Courtesy, Part II. Respond only to the ad: looking for your type, and don't be pullin' the old form letter routine. If you don't fit the specifications listed in the ad, don't come bitchin' to us if you don't get a response.

Prisons. Not a great place to send money, or pictures of your hairy ass. By all means, correspond and make friends. But know the potential for trouble to you as well as the guy on the inside.

VOICE MAIL EXPLAINED

Our BEAR voice mail system is designed to give you access to new friends, true love, or just a good fuck. It works. Remember, if you are placing a personal ad in BEAR, you will automatically be assigned a BEAR voice mailbox.

If you place a personal ad in BEAR, we will send you a letter with information about your voice mailbox, your passcode, directions on how to set up your free voice greeting, and general directions on using the system. But guys, give us a couple of weeks from the day you mail in your ad before you start calling us. We know you're horny, but these things take time.

You can also use our voice mail system WITHOUT placing a personal ad in BEAR. You can call to listen to ads and leave messages for guys. You can even setup your own voice mailbox, just like BEAR advertisers have. If you set up a voice mailbox without placing an ad, callers will hear your ad and can leave messages for you, but BEAR readers won't ever see a printed ad, so you might get fewer responses.

HERE'S HOW IT WORKS:

- 1-900-DV8-BEAR charges the call to your home phone
or
1-800-347-BEAR buys a block of time with your credit card

When you call, a recording will automatically begin describing instructions and options. These instructions will explain everything you need to know about using our voice mail system. Be patient and allow yourself a minute to hear all the options. A few basic options are explained below:

- Press 1: to create additional mailboxes. These boxes won't be printed in BEAR, so you can be even sleazier or more discreet if you like.
Press 2: to browse ads from other guys by area code.
Press 3: to leave a message for one of the guys whose printed ad you see in BEAR.
Press *: to pick up messages that other guys have left for you.

Remember that once you call and are at the main menu, it is not necessary to listen to all of the options before you make your choice. If you already knew how the system works, you may start pressing buttons on your phone right away.

Still have questions about BEAR voice mail? Call 1-800-234-3877, press 1, and ask to speak to our Classifieds AnswerGuy.

**Credit card holders call
1-800-347-BEAR**

**To charge the call to your
home phone, dial
1-900-DV8-BEAR**

**Cost for both lines is
\$1.98 a minute.**

RICK

I've heard rumblings of a fan base growing for redheads in the bear community. And, you know what they say about the shy ones, don'tcha? Watch out. We snatched Virginian Rick here out of the busy-bee crowd at Bear Pride and IML in Chicago. It's strange, at these big events, because we're sometimes forced to forego some of the... err... "formalities" of the model selection process—like seeing the guy buck naked before we actually decide to photograph him. So, we look for a cute face and a natural presence, and the rest is pretty much a crap shoot.

And sometimes, like in the case of Rick here, we get lucky. He starts peelin' off the clothes and looking into the camera. Then he hauls out that dick. And the more he gets into showin' it off, the bigger it gets. And it gets bigger, and bigger, and bigger.

And the whole time, we're thinkin', "Oh, the boys are gonna like this one."

Well?
