kay. I'm ready. Let me have it. Got my eyes closed. Go ahead. Hit me. Harder. Is that the best you can do? Come on... I know you want to. Here I stand, at the helm of this publication that's been virtually plucking the greenbacks fromst between yer weathered fingers. Under the pretense of bringing you the best **Naked Hairy Homo Smut** on the planet, what we've really done is take you for a big ol' ride on the roller coaster of merchandise: "bear-t-shirt-this" and "video-promotion-that." Anybody's who ever easy, sleazy, or gullible enough to get invited up to the PlayBear Mansion here can tell ya—it doesn't get much slicker'n this, fellas. Yup. Ol' Hugh Hefner's got nothin' on us.

(Insert Jeopardy Buzzer Here): **"WRONG."**

Seriously, I've gotten some pretty strong mail in the past month or two from readers who seem less than thrilled with the number of BEAR pages devoted to... well, let's just call it "Brush Creek Media product promotion." Even had somebody forward postings from that Bears Mailing List thing where a coupla fellas were prattle-clicking on at considerable length about this very subject. One fella observed that BEAR has become little more than a... let me find my notes here... "lube and underwear catalog." Yup. Those were his words. Jeez. I wish. That would be fun. Just drop the drawers and squirt the lube, and we'd be off to the races. Another guy said that he felt Steve Hurley was overexposed. Of course, there were at least a dozen letters from guys who wanted to see more of Steve. Who do we listen to?

On one hand, I say to myself, "Men are men, and bearmen can be real bitches, in many cases." (See editorial page, BEAR 55). God love us. We do love to bitch. Martha Stewart's all re-runs, so we get bored and excavate the bowels of our being for something to bitch about. BEAR's an easy target.

On another hand, I think, "Hey, we do what we're paid to do. And, heck—if the pictures are pretty and the men are hot, hung, hairy, and it looks like everybody's having a good time... where's the problem? Readers are gettin' the sex. They're getting j/o material. They're gettin' somethin' to read—even some humor if I'm not censoring poor Luke. And, judging from most of the mail we get, folks are really digging BEAR these days."

On still another hand, I say to myself, "You know what? They're right. We're doing too many video promotions. How do we fix that, pay the bills, and still let folks know what's coming out?"

Yeah, for the sake of this discussion, I've got three hands.

Publishing ain't cheap. Phone sex ads used to pay bills, but in case you haven't noticed, they're few and far between these days. Who needs phone sex nowadays, when you've got internet chat rooms where you can breeze in, exchange pictures with fellas 5 minutes from your door, and rub tummies for real in no time flat. For free!

So, we publishing types are forced to find other ways to generate revenue. Merchandise and videos sell. They pay the bills, and they allow us to publish BEAR.

Although I try my damndest to play devil's advocate, I'm our own worst critic, and none of this is a surprise to me. So... there. (I love that: it's like dismissing a guy you want to have sex with but then you get a signal that he's not interested, so you try to save face by rejecting him first before he has a chance to reject you.) I knew when we put Steve Hurley on the cover that we would catch some sh*t for it, because he had already appeared in BEAR. We debated that one pretty heavily. But, in the end, his cover spot promoted his new BEAR video: Russian River Rendezvous. Plus, it gave him something to autograph for folks who stopped by our booth to see him at Bear Pride in Chicago, and — heck, I'll say it — it made a beautiful cover. It made people pick the magazine

up off the shelf. (As a side note, Steve Hurley has done tons of work for BEAR and raised lots of dollars for charities as a result. He's one of the kindest, most generous fellas we've met, and gives of himself tirelessly - attitude free.)

In the big buffet of what BEAR has become, we find ourselves balancing many plates. Aside from trying to promote related products in BEAR, we pull ourselves in about twenty different directions with stuff like: Which bear events should we sponsor? Which should we attend? Which should we photograph, and cover in "Hindsights?" Which should we ignore? Why? Why not?

Back when there were a handful of clubs around the country throwing annual events, we were most always there to help folks raise money by putting together sponsorship packages, donating raffle or auction prizes, or prizes for the pageant winners—that sorta thing. These days, we've got 30-plus bear clubs who need donations and sponsorships every year. That's exciting, but it's also a little intimidating. While it's one thing to donate a few videos, t-shirts, and/or magazine subscriptions, it's become an entirely different deal.

"We've got 320 people showing up for <insert event title here> and we need material to stuff into our run packets. Can you send us 370 copies of Classic BEAR or the BEAR 2000 Calendar by Friday?" Umm... yeah. We can do that. Just for fun though... multiply that 370 copies by 30 (the number of clubs who might need a similar donation), and then multiply that number by

\$10 each. <Ka-ching> Then, we need raffle prizes or something to auction off. Throw in a handful of videos—let's say 5 per event at \$60 apiece <Ka-ching>, a handful of complimentary BEAR subscriptions, let's say 3 per event at \$40 each <Ka-ching> <Ka-ching>, and, let's say 3 or 4 t-shirts and a cap or three per event; about \$120 worth <Ka-ching>.

Holy Growlin' Grizzly, Batman! We're givin' away over \$100,000 a year to Bear Clubs!

And, you know what? We've been happy to do it. Somehow though, we need to adjust to this incredible growth. As much as we'd like to be in the business of just giving stuff away—it's fun, really—we're not. But, we're workin' on that.

Same thing with BEAR Magazine. In addition to providing you all with something interesting to look

at and, once in a while, make you smile, sneer or shoot yer shot while sittin' on the shitter, we use this magazine to... make money.

<BIG GASPI>

Yeah. Surprise. Not piles of it. But, enough to keep us going.

BEAR is no longer just a jerk-off magazine. It's a business. Our new balancing act, I think, is training ourselves to entertain you, get you up, give you more giggles than shits, and, every once in a while make you think, without looking like we're cramming our product catalog down your throat in the process.

It's a challenge; one I'm up for. I figure, if I can juggle a few racket balls, I can juggle the elements in this magazine to most folks' satisfaction. The only difference, really, is that these "balls" are a little warmer and a lot fuzzier.

For those of you who are happy with the way things are: great, love ya. Keep sendin' those shits & giggles. For those of you who think enough about this magazine to sit down, articulate your thoughts, and call or write us with your observations - Thank You. This magazine is nothing more than the folks who read it, and we really do hear watcha say. We talk about what you like; sometimes ad nauseam. (Hey, we're gay.)

As always, drop me a note and let me know what you think—good or bad—at bcmssales@brushcreek.com. Mail is always welcome, and we love hearin' from you all.

Until next time...

Justin

WRITE TO BEAR

KEEPIN' ON

I felt compelled to do something tonight I have never done before, which is write into a magazine. Right there should tell you that you are doing something right. I have to say "Thank You" for your editorials. They have become one of my favorite parts of the whole magazine. I have never had anyone express themselves so closely to what I have been thinking. And even on a few issues that I didn't know exactly what I was feeling, you articulated it so that I could figure it out. You have talked about issues like the "A-list" bears, and the attitude of a bear and what actually defines what a bear is. I couldn't agree with you more on these topics.

Ours (the bear community) can often be a difficult community. The kind of people that are drawn into the community are often very colorful, very opinionated and VERY outspoken. These attributes can be assets and liabilities at the same time. But I went to International Bear Rendezvous this year, and I heard the speeches from the contestants. I read your articles, and, it seems, everything I hear in the community has this undertone of "Can't we all just get along?" I guess the community is experiencing growing pains, even 10 years after it's initial boom... and it's stretching and growing. I guess the vagueness of what the community IS frustrates people and everyone is struggling to put an exact definition to it. Part of this, I think, is simply people taking pride in their community, having a sense of belonging, and being very protective of what the "bear" thing is all about. Maybe we all just need to calm down and realize that it's not gonna go away.

You guys have done an incredible job putting the bear ATTITUDE in your magazine and I guess I subscribe so that I can feel like I'm part of that. It definitely makes me feel connected to the community. You have done that very professionally, I must add—and that's one of the things that sets you apart from other magazines. I just wanted to give you credit where credit was due.

So, thank you for saying the things you have said. You guys are somewhat spokesmen for the community... maybe not a position you care to acknowledge, but—let's face it, when your magazine gets mentioned on Saturday Night Live, you must know your words are reaching a pretty large audience. Thanks again... and keep on keepin' on!

Tim

BEAR subscriber

Hey Tim, thanks for the kind words. You really shouldn't read that stuff I write. It's little more than the manicured ramblings of a man with too many axes to grind, or the fat kid inside of me telling the bullies

LETTERS FROM YOU

to go fuck themselves, and I'll probably get hauled away one of these days for it. Seriously though, you're right. We are spokesmen—to a whole lotta horny guys who don't get turned on by the pornographic equivalent of chicks with dicks. That's all.

HIS HEART BELONGS TO...

I recently picked up the newest issue at my local bookstore. I have read every copy and been an admirer of BEAR Magazine since it first came out in the mid 80's as a little back pocket rag. I have drooled, breathed heavy and tossed many a load over the models and stories that have been in BEAR. I was thumbing through issue #60 and was stopped dead. I don't know where you found him but, CONGRATULATIONS—you have located what is easily the sexiest man on Earth. There stands Daddy Teddy. You don't have to show dick to see what is so HOT about this man. In fact he's perfect, just standing there. My mind ran wild as to what was cradled down there. But ya know, I didn't care. I knew his voice. I knew what his hands felt like when he pushed me to my knees. I knew what that lower lip felt like when it was pressed against mine. I knew what the fire in his eyes meant. I may never know his name, but I do know that there are two very lucky men in this world: the cub who belongs to that man, and the man himself. I would like to ask if Teddy will be in any further issues or an upcoming video. It doesn't matter, really. Page 53 and 66 are enough.

Of course, this doesn't mean I'll stop reading BEAR.

Thanks again.

Mark

Mark, Mark, Mark. Obsessing so heavily over a man who hasn't even shown you his dick. You sure you're gay, bud? I'll give you credit though for a heckuva vivid imagination—almost as vivid as mine. I saw Teddy and I thought "Woo-Hoo!" and imagined some of the very things you described. Glad you (and lots o' other readers, judging from the mail we've been getting) enjoyed him. We have no plans for further issues or videos of Teddy at this time, but we most certainly wouldn't be opposed to the idea.

VARIETY

I just wanted to drop you this e-mail and tell you how much I enjoy reading the editorials in BEAR. You guys have a way of just "telling it like it is"! And I admire that.

I've been a subscriber to BEAR for many years now, and I can truthfully tell you that I have never been disappointed with an issue. You guys do an awesome job every time.

I really feel sorry for these guys who only think a hairy man is attractive and that's all they want to see. When some asks me what kind of man I find attractive, I tell them only two... hairy and non-hairy! Sometimes a furry face and body makes my eye linger a bit longer. But many hairless guys have got it going on too, and deserve equal time!

So this is one subscriber who welcomes the variety of the short, tall, thin, stocky, big, small, hairy or hairless men you offer for viewing pleasure every issue!

Keep up the excellent work!

Mike

STOGIE SUCKER

I took a chance on buying *BEAR* 60, hoping that Steve Hurley would have more than a briar in his pucker like he does on the cover. Almost spent my dollar bills in the video booth instead, but glad I didn't. Big jackpot when I saw him with the stogies. Big money as he fucks the guy as he sucks on the stogie on pages 42-43! Man. . .

In addition to drooling over the Russian River Rendezvous video spread, I liked Scott's column. Funny, how you guys in the magazine business have to "define" bear when it's almost impossible. From my vantage point you're doing well. Also a bonus to see the staff photos. Wondered what Luke was up to. He should publish a book, as his columns are the plain truth.

Anyway, keep up the good work.

TEXTBOOKS

I wanted to share with you an important medical discovery I just made. Many medical textbooks say that compulsive masturbation is a mental disorder. WRONG! It is a natural reaction to the cover of *BEAR* 59. I mean, Cal can compete with Jack Redcliffe!!! And I thought I would see only one Jack Redcliffe in my lifetime!

And when I thought there could not possibly be any more woofy bears like that, you come up with Heath and his smile! (I saw him at the Bear Auction in Boston last year—what a nice fellow!).

Thank you guys for making my dreams warm and fuzzy (and a bit wet...)

HEAT FOR HEATH

Just had to write and tell you how much I enjoyed Heath's pictures from issue #40. Talk about an instant erection. Damn is he ever beautiful, and he's only 25 years old. I love his goatee. Here's a great big WOOF! to you, Heath, wherever you are. I also wanted you to know that *BEAR* is one hot magazine in general, from front to back. I should be signing up for a subscription real soon. Your columns always makes me smile.

Bear hugs to ya!

JD

CUM-FILLED?

First let me say how much I love your bear magazine. It is totally one hot, sexy, cum filled magazine. My dick is sore each time a new copy arrives. Then my ass is sore

after my other half reads it. Keep the sexy stories and hot men coming.

Keep the smut coming,

Mika

TEDDY BARE?

In your next edition I would like to see a full layout of Daddy Teddy. He is the hottest thing since apple pie. I do wish you would do more layouts of men with untrimmed beards. As a veteran I see them all the time at VA functions/facilities. I know I can't be the only "BEAR" subscriber who enjoys men with untrimmed beards.

David

Indiana

I'm with you, Dave. First off, beard or no beard — Teddy is a godlike creature. But I'm all for more guys with big untrimmed beards. I've got a big thing for bikers. That whole long-or-bushy-beard thing drives me absolutely wild. It seems harder and harder to find those types of guys. I'm always lookin' though. Help me. How about some of your VA buddies?

BEARLY

I recently bought *Big Bear Trucking Co.* and *D.C. BearFest* and I have to tell you that you guys are still the

the wittke wire

Whenever the media goes all ga-ga about a celebrity or a movie or any hot topic "of the minute," or my buddies start universally singing the praises of some so-called hunk, I find I have a reactionary "Show-Me" response and a knee-jerk tendency to say, "Oh, he/it's not so great," to anybody going on and on about the person or production in question.

Case in point, Russell Crowe and "Gladiator."

The performances I have seen out of Russell Crowe have consisted of variations on exactly two expressions: 1) stern and motionless; or, 2) stern and swallowing.

Yet people rave about how great and sexy Crowe is, and whatnot. The only other actor I have seen praised as much as Russell Crowe who also worked primarily from the Adam's Apple was Hilary Swank in "Boys Don't Cry."

I'll bet Hilary's Brandon Teena character could have kicked Russell Crowe's Maximus character's ass. Probably by fighting dirty, but still.

It's not like I can't see what other people see in Crowe. In "Gladiator," he had the beard and some nice light body hair, and he used his blocky pugilistic build to decent effect. It's just that every time Maximus shared the screen with his fellow slave Hagen, the Germanic,

that's where my eyes drifted. Hagen, played by old favorite Ralph Moeller from the syndicated "Conan" TV series, is a former Mr. Universe who doesn't shave the fur off his muscles. I guess that just pushes more buttons for me than Mr. Stern and Swallowing.

For a while there it seemed like lots of people were talking about Richard Hatch, the ursine guy from that surprise Summer 2000 TV blockbuster "Survivor." For example, perhaps you, too, caught the nicely bearded Nathan Lane derisively referring to Richard as the "fat hairy guy" during a "Letterman" appearance? You'd think the not-exactly-skinny Nate would be a bit more, shall we say, sensitive, to such language. A reader named Darrin obviously had a different opinion; he sent me an e-mail singing Richard's praises: "Richard is a woofy daddy bear!! My hand was on my cock the whole hour just waiting for shots of this man's gorgeous beard and furry chest." Well, gosh Darrin, if you kept your hand on your

best in your league. Good looking men, good action, and fine videography. I notice, however, that a style has begun which I hope will not go any further. The guys are more and more trimmed, pierced, tattooed, etc., which makes them seem less like regular guys who just happen to be getting it on, and more like professional gay actors. We already have plenty of that in the mainstream erotic videos, so I hope you can keep providing videos like *BEAR Sex Party* in which they seemed more "real." The other element is music. Less is more for me, especially when it is low-end digital stuff. When there is only natural sound, or maybe music from next door or from a passing car, (more verite) it is much more convincing. As an avid fan, I hope you will accept these comments as constructive, because I intend to be a Brush Creek aficionado for some time to come.

MBEAR
PA

Point taken. I'm glad you brought this up, because your comments reflect a conversation that we've had over and over here at Brush Creek Media. We try to hire "real guys" for our BEAR videos, but often they are inexperienced. On one hand, that's great, because that's the appeal and that's what makes them sexy, and "real." On the other hand, because they're inexperienced, they often have difficulty performing, so we end up spending a lot more on the video, or, in some cases, you end up paying for a video with

lackluster sex because the guy's nervousness prevents him from "getting into it" like some of the more experienced guys can. It takes a special mindset to be able to fuck a butt like you mean it while surrounded with lights, directors, cameramen, and the like. It's not always as easy as it looks.

Thanks for the constructive criticism though. I hear ya, and it's definitely something we're working on.

DRUMBEAR

As a loyal reader of *BEAR* magazine I wanted to write regarding your editorial in issue 60. I think you guys are doing a great job. Hairy men have turned me on since I was a young boy, and asked my Dad why he had hair on his chest and my uncle didn't. My Dad replied that it takes a special kind of man to have a hairy chest and then he just smiled and took a long drawl on his big cigar. I have been fascinated by all sorts of men in my life. I prefer hairy ones but I am also turned on by others. There are also all sorts of men who are bears at heart. They may not show it on the outside but you know it is there on the inside. Keep up the good work. I really enjoyed meeting Steve Hurley at IML. He was kind enough to autograph a copy of *BEAR 50* for me to place in my basket for the International Drummer Basket auction. He is a great representative of your magazine. Thank You for many long hours of *BEAR* enjoyment.

the wittke wire

cock for an hour while watching TV, you qualify to be a WittkeWire Cub Reporter!!

As I write this column, "Survivor" hasn't finished its season so I have no idea if the conniving Richard will actually scheme his way to winning the one million dollar prize or not. But I have to admit I would like to see him win if only because he made some kind of TV history as the first out gay hairy bearded man with a belly to declare he likes to walk around naked and who somehow inspired a 70-something macho ex-Navy SEAL to rub sunscreen on his back. That seems worth a million bucks to me.

My personal Alpha Wolf Reporter, The Dukester, saw the David Duchovny/Minnie Driver movie "Return to Me," on a flight, months after I strongly recommended it to him. It has a well-written script by the brilliantly talented Bonnie Hunt, who also directed, and features Jim Belushi in a supporting role as Hunt's lunkhead husband. And let me tell you, The Dukester agrees with me

that Jim Belushi has never looked sexier! He does a funny shirtless scene in boxer shorts and I recommend you catch it on cable.

Darrin and The Dukester aren't the only readers who've been in touch with tips and comments. Mitch writes, "How bout the new Census 2000 billboard with the hot cowboy with dimples and a severe five o'clock beard? Makes my cock jump every time I pass the billboard."

I never saw that picture. Mitch, maybe the Census used different images for different regions in the country. In any case, if your cock jumps every time you pass a billboard—congratulations! You're a WittkeWire cub reporter, too!! Also, I love the concept of a "severe five o'clock beard."

Sometimes readers write in to elaborate on topics covered in previous columns. A couple issues ago I mentioned the premiere episode of "Malcolm in the Middle," and wondered if Malcolm's father's body shaving scene involved

the removal of artificial fur from the chest and back of actor Bryan Cranston. Well, leave it to a reader named "Bumpybear," to write in: "I understand (from my sources in Tinsel Town) that the father on this show had fake fur on his chest during the infamous shaving scene. However, when they shaved 'his' back, they used one of the set men as a double. His body was apparently shaped like the dad's, and was incredibly hairy. They must have paid him plenty to have his back shaved; such a waste of homegrown fur."

Well, B.B., if you have sources in Tinsel Town, and they keep you informed about hairy men on the crews of TV shows, you qualify to be a WittkeWire Cub Reporter, too!!

"Do you have a dick that goes up when you see sexy, hairy men in the media? If so, you should tell me all about it by writing to wittkewire@hotmail.com, because you might qualify to be a WittkeWire Cub Reporter, too!!" ☺

Top-Shoppin'?

Looks like bottoms are in luck... or outta look, depending on how you look at things. BEAR Reader Scott in Maryland sent us this. He writes: "I just made my twice-yearly trek back home (Buffalo) and we have a hometown supermarket named TOPS. The pic is from one of the aisles in the store. I figure any frustrated or "choosy" bottoms might like this aisle. They could shop for their Mediterranean "top" there. Thanks Scott!

Passing Parade

QUOTE of the WEEK

"They were like, 'There's a bear behind you,' and she thought they were joking. They were like, 'Seriously. There's a bear behind you.'"

— Optimize resident Andy Day as told to The Daily Advertiser after spotting a black bear in the yard of a neighbor as she took out the garbage. The 140-pound male, yawning, had been roaring the bear for nearly a month, but finally was caught. He was set for his last journey down from a tree to the 1400 block of George Drive. The bear was taken to an authorized facility, where he was released.

Potent Quotables:

Funny thing, I could have sworn I heard the same thing at the IML vendor fair when I was there. Hmmm... Thanks Bear Buddy Robert, from the Bayou State!

Picture the most beautiful man in the world. Picture him in your mind, or open that JPEG you like so much. Maybe the most beautiful man in the world is someone you've seen on TV or in the movies; here in this magazine. Maybe you see him every time you look in the mirror (and if so, do we have your e-mail address?).

The most beautiful man in the world.

Don't you love that feeling?

The sight or whiff of a damned sexy man goes right through you and into your belly and balls. Beautiful men are so soothing to look at. There's a palpable difference when one walks into a room. When all else fails, a decent visual can remind you that all is right in the world.

But then you try to touch it—try to hold that beauty—and suddenly the world is a horrible place indeed.

What gives?

Technically speaking, beauty is a morphological predisposition towards physical symmetry and a low incidence of recursive mutations or weak genetic immunities. Honest. Baby kittens and pandas and even baby humans are cute for a reason: so that the adults will be eager to protect, rather than eat, the young'uns.

Paradoxically, some cute baby humans grow up to be cute adult humans, making us WANT to eat those. Nature's a very sick puppy.

Beauty was built in to create competition, selectively breed strong DNA and to keep the makers of Arrid Xtra Dri in business for centuries to come.

Our whole culture is based on getting things that either are—or that make us seem to be—beautiful.

We all know what it's like to meet a man who makes your palms sweat. You go from bored to breathless, from glib to goober. Must Have! Nevermind if he has a lover, you can break 'em apart and get the spoils for yourself. This is shallow, immature stuff. I'm talking about appearances and externals and things that don't last. We're supposed to be deeper than that.

But I'm not over it yet. I want me some. I'm tired of always being "the funny one."

Take BEAR Supermodel Jack Radcliffe. Please. He shops at my grocery store sometimes. I'll be standing there with my toilet paper and Pine Sol and bananas and there he goes—buying something beautiful, I'm sure. He totally lights up the frozen food section while I'm just the mousy guy with ten items or less. I asked Mr. Radcliffe one time what's it like being handsome to such an extent. He demurred and claimed he wasn't. Which made him even cuter, but it didn't answer my question any.

BEAR

HAT'S OFF LIFE LESSONS BY LUKE

"BAGGAGE CARROUSEL NUMBER FOUR..."

I still want to know what it's like to light a place up like that, or better yet, to be able to keep a perfect gorgeous man underfoot for awhile.

In all probability, I'd turn into a high strung mess, constantly afraid he'd get bored with me and someone else would steal him.

Gorgeous people are really screwed up, they say. Well, you know what? Ugly people are really screwed up too, only nobody gives a shit.

"It's what's on the inside that counts."

Well, have you SEEN what's in there? Yuck. Totally needs to be refrigerated after opening.... Besides, if you're going to put your mouth on something or get into fights over who has to scrub the shower curtain, it might as well be with someone who has a lovely exterior.

"Beauty doesn't last forever."

Yeah, I know. History's full of people who married themselves up with a bo-hunk, and when all was said and done, the only thing they had left was a crude, farting imbecile who was no longer remotely appealing. But I still want to get myself a piece before I really am over the hill and ugly.

The clock is ticking, gentlemen....

Perhaps you've noticed: Beauty comes with serious baggage. Granted, it's lovely baggage...the best. But not all of it is their baggage. Some of it is our baggage; us normal people hoping to hitch a ride and get a piece of the action.

Beautiful people, therefore, have some pretty interesting defense mechanisms. There's the ones who flirt madly with everyone, but never put out. Then there's the ones who wouldn't dream of speaking to the likes of you. They're usually mistaken for being stuck up, when maybe they're just tired of being seen as a means to an end.

There IS a lot of snottiness out there, as we all know. I do it sometimes—this thing where someone tries to talk to me but he's maybe not my type, so I squirm and basically cut him dead. I'm trying to not do that any more. Gay men love to talk only to those men they plan to fuck. I'm all for fuggin', but when you get down to it, even the most gorgeous men actually fuck only a fraction of the people they meet.

So relax. Be kind and sociable. I'm sure it doesn't mean you're going to have to marry the guy and get to know his mother.

I'm only just now starting to learn the ways in which beauty is a commodity. Beauty is quite the weapon. It's exchanged for goods and services, it controls, conquers and perverts. Beautiful people are given automatic status.

It's like being rich. You're gorgeous, you walk in, the place is yours. It just feels like if you've got good looks, you can have everything.

Here's a fun one: Gorgeous man over whom I've always drooled, right?

Turns out a friend of mine knows him. Nice guy, but he wanted this friend of mine to do him a favor. Basically, a "do my homework for me and you can fuck me, OK?"

Friend said, "Um...no? Get over yourself."

Mr. Gorgeous man was really taken aback by that. "But, everyone wants to have sex with me. I'll let you do it too..."

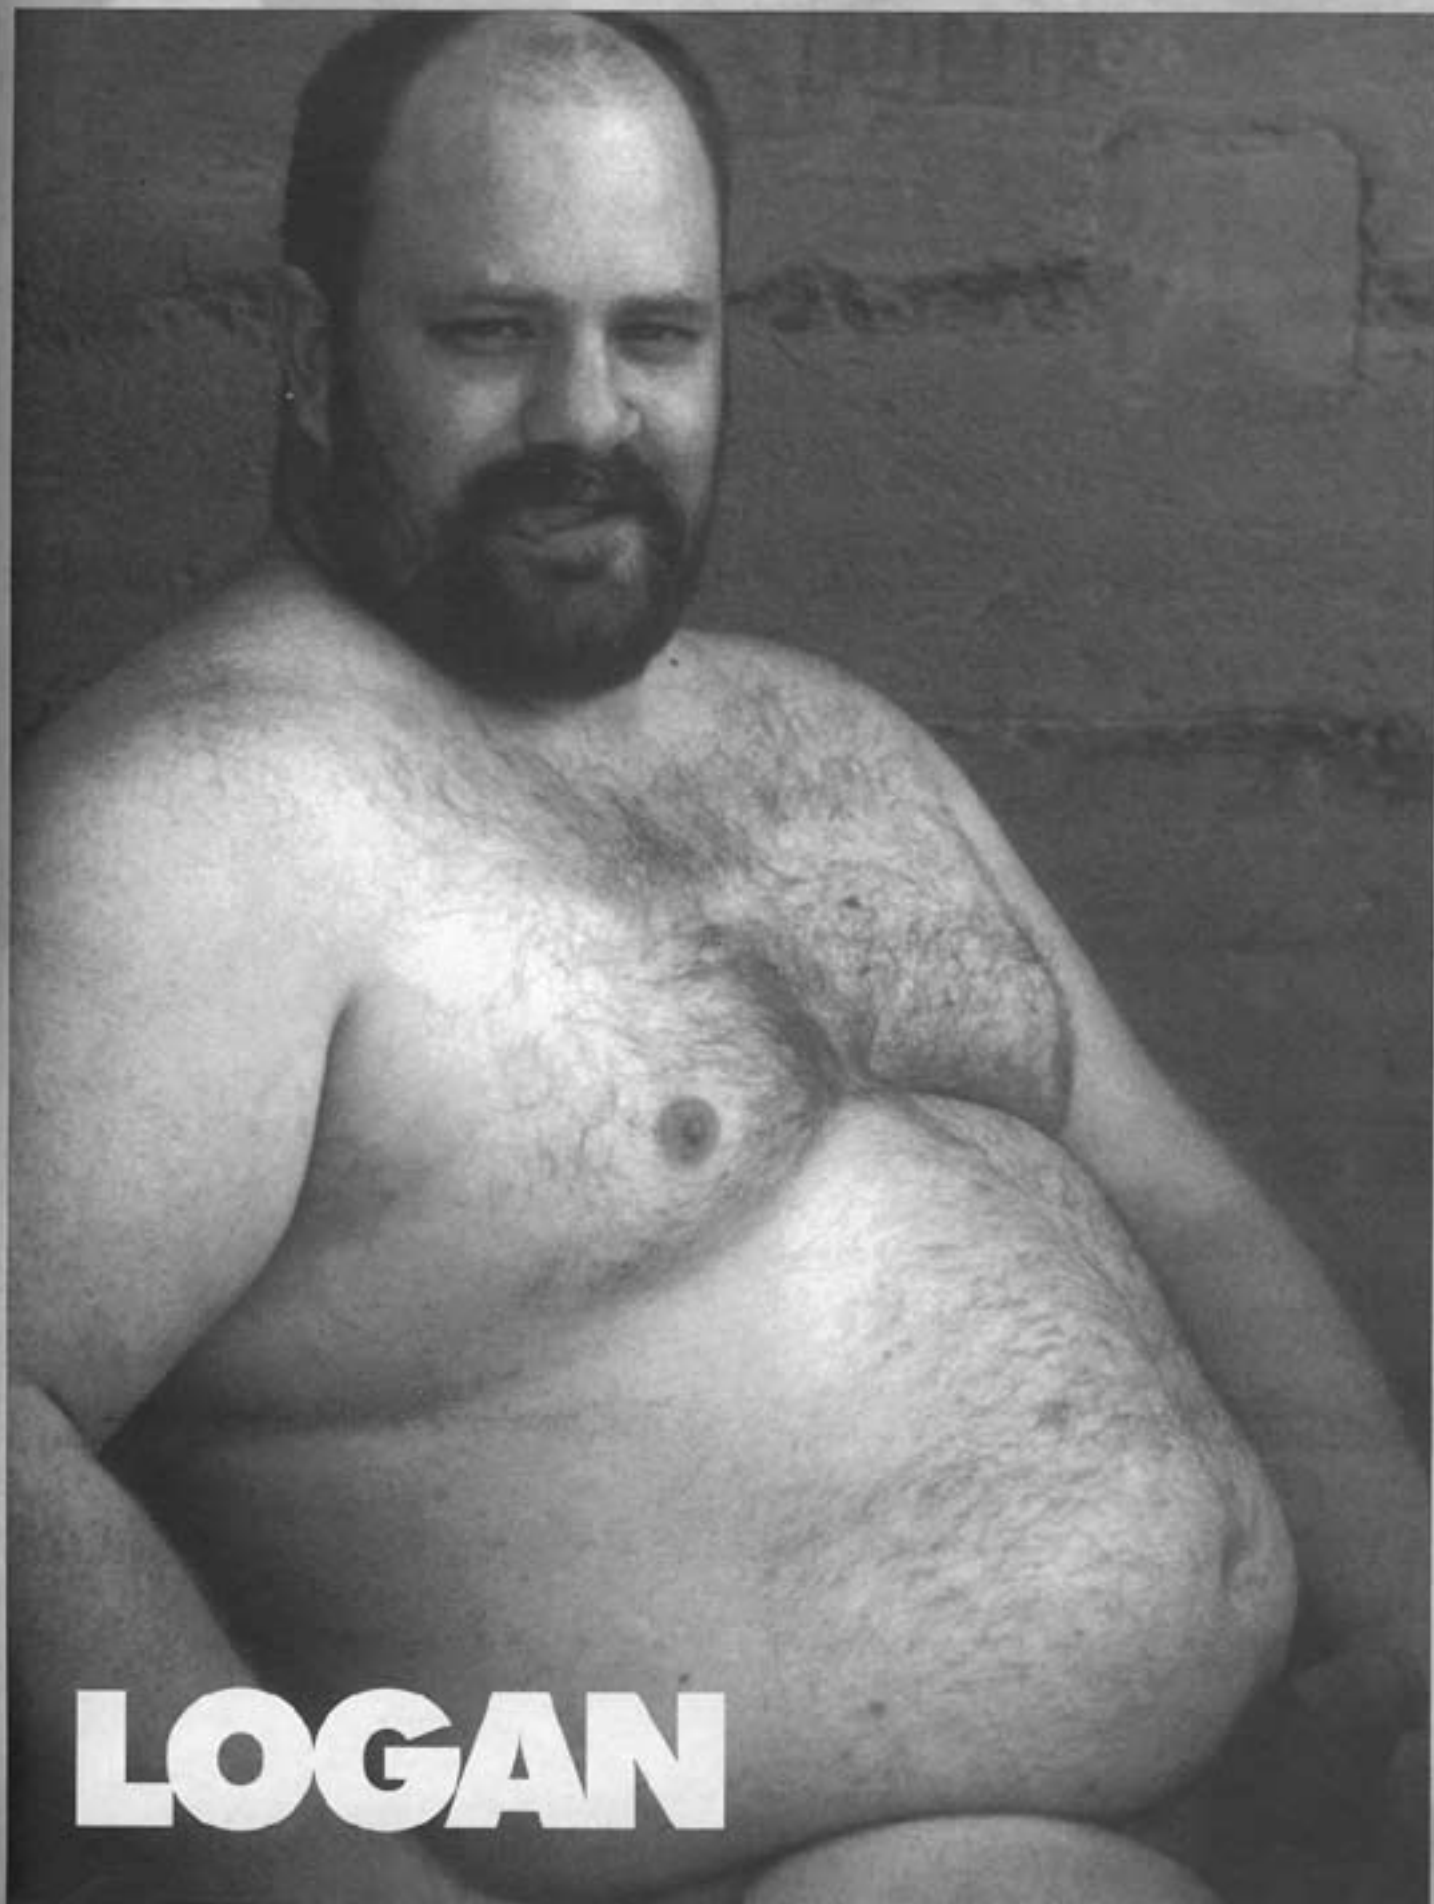

And suddenly, I'd finished finding him beautiful. I was at peace.

So what gives?

Beauty gives. It gives up and runs away at the first sign of trouble.

Maybe beauty was just given to us to drive us crazy and make us try harder out there. Maybe we were never meant to keep it.

Which is good. Otherwise, we classically handsome sons of bitches wouldn't stand a chance. **B**

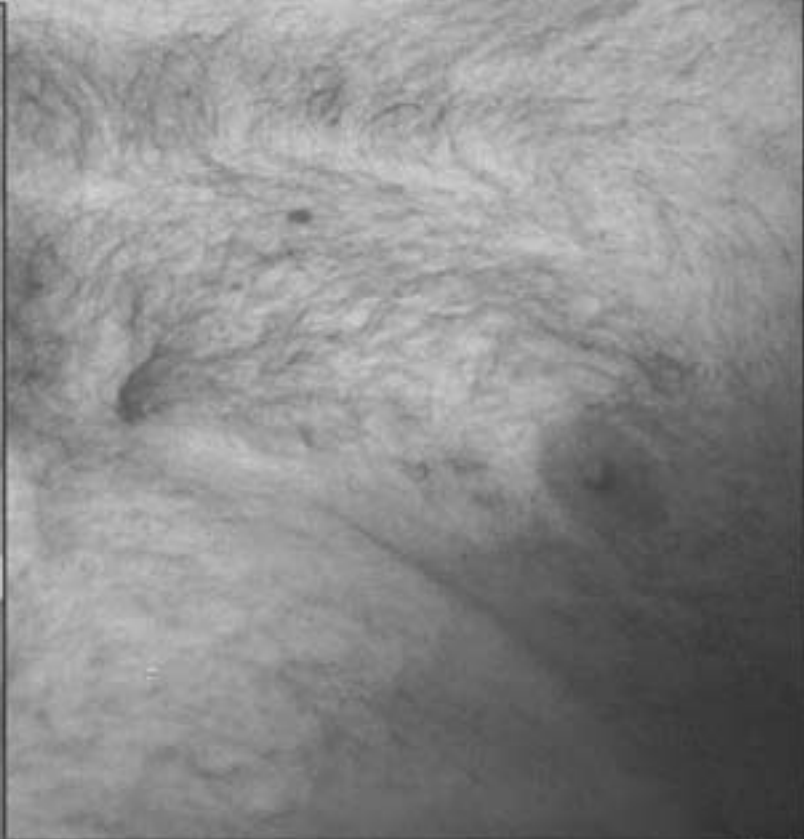

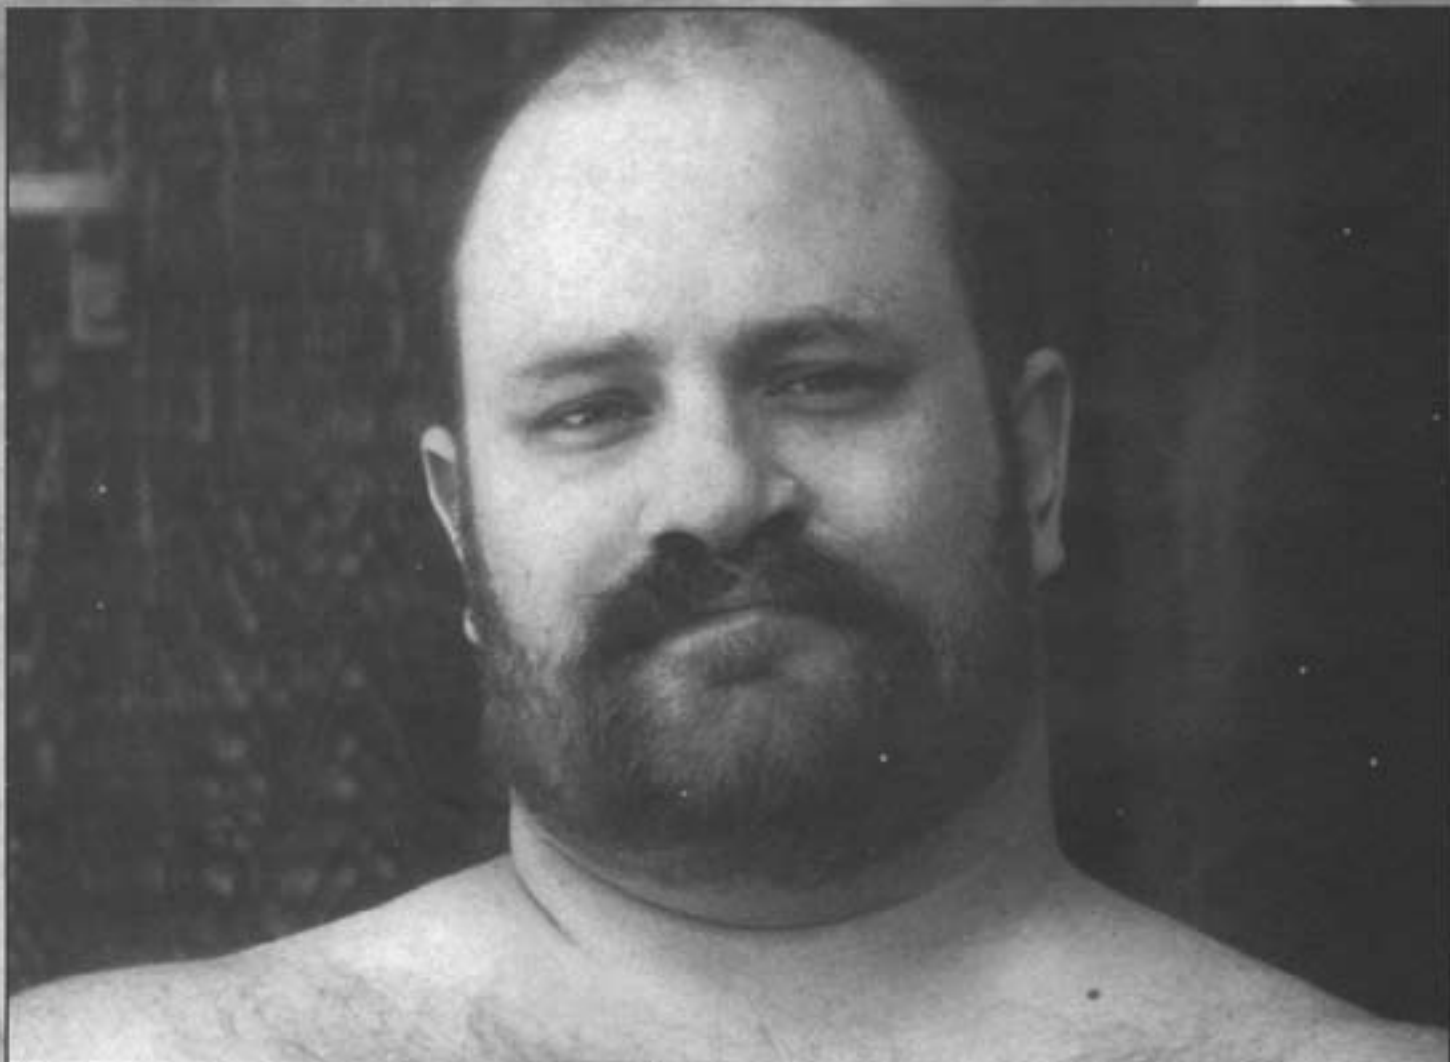

LOGAN

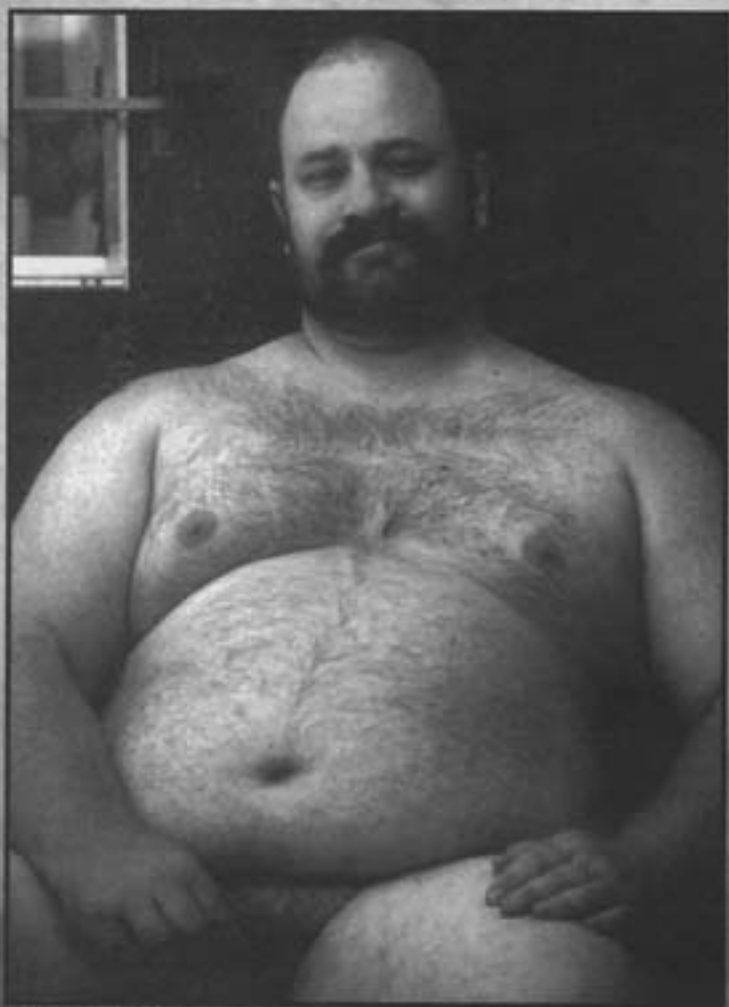

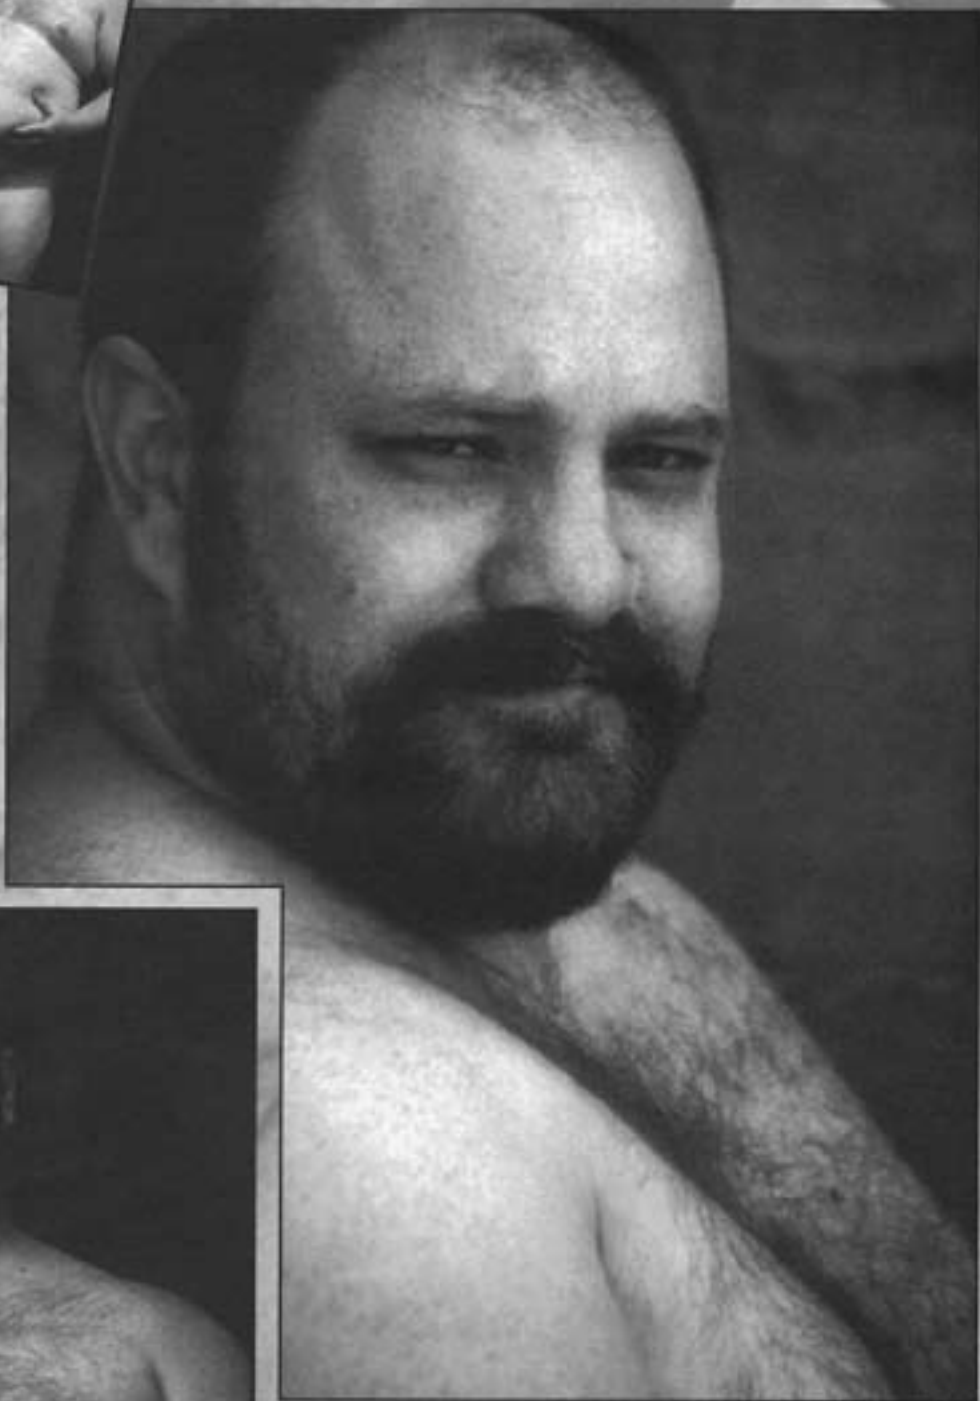

PHOTOS BY RUSTYSPOT

Logan here personifies a theory I have about big guys and bald men. Men who try to cover their baldness (with a rug or weave), disguise it (with a ridiculous comb-over) or apologize for it in some way are not sexy. Same goes for big guys. Those who try to disguise their size, hide their bellies or, again, in some way, apologize for it are not sexy. But a big guy like Logan here who rips his shirt off, plays with his belly, and celebrates his size with such pride and overt sexuality... now, that is sexy.

I actually photographed him myself. The photographer we had scheduled couldn't do it at the last minute, and Logan was visiting from Michigan, so I grabbed my camera and clicked off these pictures. Had a great time doing it. What a joy to watch the beauty of a big guy who obviously understands what I've known all along. Big really is beautiful.

Paul Rondo looked up from the frame he had been using to sift through the fine silt of the streambed and eyed the large, hulk of a man kneeling across the water. He had just met Carl Phillips three days before when a tired old man and his two tired old mules had led him to this campsite. Paul had acquired quite a pile of debts during the past few years and to pay them off he had sold himself as an indentured servant to this man, Carl Phillips, who was prospecting his territory for gold. The rush had hit and thousands were flocking west to strike it rich.

Carl Phillips was nothing like Paul had pictured during his weeks long journey across the barren landscape. He had envisioned an overweight, toothless slob of a man, someone he was going to dislike on sight and grow to hate over the next two years. With this image in mind, Paul had been happily stunned to find that Carl was tall, about six four, and big shouldered. He weighed at least two hundred and twenty pounds, most of that muscle. The cotton trousers he was wearing today rode his lower body like an affectionate whore eager for her pay. Every time he moved along the opposing bank from Paul, the pants highlighted each curve and bulge of his bulky frame. His flannel shirt was unbuttoned to his waist, exposing his wide, hairy chest that was golden brown and layered with sweat from his time in the sun. His brilliant blue eyes shown out from his face, a great contrast to the full, reddish gold beard, and long, dark red hair that fell down along his shoulders. His large, hair flecked hands moved skillfully along the stream, scooping up dirt and silt and shifting it through the boxed screen in his search for gold.

Paul fought back the sudden, painful erection that had sprung up and went back to his work. In the last three days, both Carl and Paul had found two gold nuggets apiece, the same number Carl had found in his six months working his forty acres on his own.

"Find anything?" Carl's deep voice floated smoothly over the stream.

"Nope," Paul replied, glancing up and struggling not to stare. "Nothing yet. But I've got a good feeling."

"Yeah?" Carl squinted over the water at him. "Why's that?"

Paul shrugged. "Just do. Don't you get those feelings? Like something's going to happen?"

Carl nodded, eyeing Paul thoughtfully. "Yep. I sure do."

Paul looked down and fought the urge to raise his head and stare at his "partner" (the word they had agreed upon for their arrangement). Losing his inner battle, he raised his brown eyes, looking carefully through the brown hair that had tumbled into his face, and caught Carl staring at him. Was it Paul's imagination, or had Carl trimmed his beard and mustache the night after he had arrived at the camp? And he had made a point of rinsing his mouth and cleaning his teeth after breakfast too. Was Carl trying to impress him? Was he imagining things? He quickly looked back down at his work, thinking of the last two nights and how much of a struggle it had been to sleep beside Carl in the same small tent, his sweaty, masculine scent riding Paul's craving like a runaway stage. He had sported a raging hard on both nights, the entire night, and had not yet had a chance to steal off by himself and ease his tension.

Carl looked away when Paul raised his eyes and caught him staring. Wouldn't do to have Paul know what kind of thoughts he had been having ever since he had ridden up behind that fool Chester three days ago. Before Paul had arrived Carl hadn't bothered much with his hygiene. But, now that he had gotten a look at the man who would be his "partner" for the next two years, he thought he might start to work at his appearance a

MINER

little more. Carl knew he was still a good looking man, the women always flocked around him when he went into town and he kept himself clean as possible considering his living conditions. But now that Paul had shown up and proved to be five years younger than Carl and just about the best looking man he had seen for a good many years, he was back to working at his looks. There weren't many men who would be interested in having sex with him, but he had found a few along his journeys and they had been good times. But none of those men could hold a candle to Paul. And here he had just come riding over the hill like some kind of gift, his long brown hair bouncing across his shoulders as he had ridden up on his golden palomino. Carl had watched him dismount with the keen eye of a predator: his strong, wiry legs as he swung out of the saddle, the long, thin fingers as he shook Carl's hand, and the deep, sensual brown eyes shaded by long, dark lashes. And the bulge of Paul's crotch, not to mention the way his pants hugged his high, round butt, had Carl almost over the edge with desire. Yep, Carl thought as he stood up and wiped his hands on his pants, that money he had paid for Paul Rondo had been well spent.

"I'm feelin' a might ripe over here," Carl said casually, turning his back to Paul as he shaded his eyes and looked down along the stream to where it fell a short distance away into a clear, cold pool. "I think I might go have myself a bath." He turned his head and looked over his shoulder, cocking a sun-bleached eyebrow. "You interested?"

Paul nearly choked, but stood up and, not trusting his voice, nodded.

"All right then," Carl said with a grin. "Let's go. I'll get the towels and soap." Carl walked back to the tent, feeling Paul's eyes on his ass as he moved. He had worn his tightest pants to show off his physique and try to entice Paul into stating an attraction. But, the man had control, he had to give him that much.

They walked side by side down to the pool and Carl dropped the soap and towels on a flat, dry rock. Turning to face Paul, he smiled, then bent down and unlaced his boots. Paul followed suit and soon they were standing nude before each other. The blood-gorged members that jutted out from their groins more than revealed their mutual attraction.

Paul let his eyes travel over Carl's body, taking in the sight of his muscular chest covered with dark red hair, and the thick, uncut cock that was still filling with blood. The man's dick was massive, thicker around than Paul's grip, and longer than a railroad spike. Paul felt his mouth water as he watched it grow longer and harder before his eyes, rising from the patch of dark red hair that surrounded his groin.

"You like what you see, Paul?" Carl asked, his voice low.

"Yeah, I do." Paul looked up into Carl's eyes and saw the promise of hot, raw sex lying in them.

"I like what I see, too," Carl replied. His eyes traveled down along Paul's body, drinking in every detail. Paul's chest was covered with a fine layer of dark hair that swirled around his quarter sized, dark brown nipples. His stomach was flat and curved down to a patch of brown hair from which his cock had sprung like a jack in the box. Paul's dick was thinner, about two inches

in diameter, and long, surely almost nine inches in length. He was uncut as well, the pink head glistening within its dark skin covering. Paul's balls were large, larger than Carl's, and hung low between his thighs. Carl wanted more than anything to take each succulent sac into his mouth and suck on it while Paul squirmed and groaned above him.

"What do you say?" Carl asked. "Shall we get in?"

"Okay," Paul tore his gaze from Carl's body and, taking a deep breath, jumped into the pool. The cold hit him like a locomotive, pulling the wind from his lungs and deflating his throbbing hand on. He surfaced and gasped for air, his teeth chattering.

Carl laughed as he crouched on the rocks. His arms were folded over his knees and his cock jutted out from his thighs, almost skimming the surface of the water. "Cold enough for you?"

Paul grinned as he wrapped his arms around himself. "I forgot how cold it would be. I was a little distracted."

"I bet," Carl said and slid carefully into the water, gasping himself at the temperature. He glided over to stand before Paul and then leaned down and kissed him on the mouth.

Paul smiled up at the man towering before him, then reached up and pulled his head back down to kiss him again. Carl's beard and mustache prickled along Paul's smooth shaven face and he felt his cock growing hard again despite the cold water. Their tongues collided

and wrestled each other in their mouths, skimming their teeth and eliciting groans from both of them.

Breaking the embrace, Carl looked down into Paul's eyes and said, "Let's get cleaned up and then get down to business." He grabbed the soap and boosted Paul up onto the rocks surrounding the pool, then lathered him up. Carl's hands caressed each limb and contour of the man's body, massaging and lathering his skin. Paul crouched with his back to Carl and allowed the man to wash his ass, gasping as Carl's thick fingers slipped individually in and out of his pink, puckered hole. Paul rinsed off, then washed Carl's body as the man crouched before him, his long, fingers finding their way up inside Carl's ass as well.

When they had finished bathing, they sat on the rocks and kissed for a long time, their tongues rubbing each other raw with their lust. Their hands squeezed and pinched and grappled each other's bodies until Carl finally leaned down and sucked Paul's dark, throbbing cock deep down into his throat with one gulp. Paul gasped and lay back on the rocks, closing his eyes as Carl's mouth pistoned up and down along his shaft. Raising his

heavy, hairy body, Carl moved his hips up and over Paul's head, slapping his thick, veined cock onto Paul's face. Paul immediately opened his mouth wide and took Carl's dick down into his throat. He sucked rabidly on the man's tool, earning a deep, satisfied grunt that worked its way out past Paul's cock which was still buried deep within Carl's throat. They slurped and sucked each other with abandon as neither of them had had another man within the last six months.

Paul pulled the foreskin back from the tip of Carl's pole and sucked greedily on the soft, pink, bulbous head beneath. He tasted Carl's pre-cum and drank it down eagerly. Letting the foreskin slip back over the head, Paul worked his tongue up beneath the sheath of skin and ran it around the head.

Carl skinned the foreskin back from Paul's cock as well then

RAISING HIS HEAVY, HAIRY BODY, CARL MOVED HIS HIPS UP AND OVER PAUL'S HEAD, SLAPPING HIS THICK, VEINED COCK ONTO PAUL'S FACE. PAUL IMMEDIATELY OPENED HIS MOUTH WIDE AND TOOK CARL'S DICK DOWN INTO HIS THROAT.

touched just the tip of his tongue to the sensitive head and wagged it over the piss slit, tasting the pre-cum that continued to bubble up from Paul's rod like a natural spring. He clamped his lips over the head and sucked fiercely on the tip, leaving it bright red and causing Paul to shout with ecstasy.

"Oh, God!" Paul exclaimed. "That feels so damn good! Oh, suck it. Work it."

After a few more minutes, Carl eased Paul's legs up and moved his attention down to the tight anus he had fingered earlier. He lapped at Paul's twitching hole, earning a few gasps and even more groans. Carl shifted the position of his hips, moving forward over Paul's chest so that his ass sat right on Paul's face.

Paul locked his long, sinewy legs around Carl's shoulders as the man suckled and tongued his asshole, groaning at each prod of his tongue. Pulling his arms up to spread the firm globes of Carl's cheeks wide, Paul exposed the man's tender hole. He began licking and sucking for all he was worth, his saliva matting down the red hair that surrounded the tight, pink entrance to paradise.

SIXTY-NINER

With one fluid movement, Carl slipped back to his original position, raised his hips and then slammed his cock deep into Paul's throat, feeling the man choke around the girth of him. He began pumping slowly into Paul's mouth, increasing his speed until he was steadily humping his face. He could feel the cum building up in his balls and he increased the speed of his hips. As he fucked Paul's mouth, Carl wrapped his fist around the base of Paul's cock and bounced his mouth up and down along his shaft at the same rate. Paul started pumping his own hips up off the rock to meet Carl's mouth and soon they were jacking into each other's mouths in rhythm.

"I'm cumming," Paul gurgled around Carl's cock and his hands tangled themselves in Carl's long, red hair. His cock erupted in Carl's throat, spewing load after load of hot, thick cum into Carl's

"Once."

"Okay then, I'll go slow," Carl spit into Paul's hole then leaned over and scooped up a glob of lard Chester had brought in the load of supplies. After he had greased up Paul's orifice, Carl slicked up his long, thick member, slipping first two then three fingers up inside Paul's hole.

"You ready for it?" Carl asked as he sat up and positioned himself at the threshold of Paul's ass.

"Yeah, do it," Paul said and then gasped as Carl slid slowly, carefully into him.

"Everything okay?" Carl asked gently, his cock half way inside Paul.

"Oh, God," Paul groaned. "Yes, it's great." He reached up and pulled Carl down to kiss him hard and deep as Carl began to

slip in and out of Paul's ass, going deeper with each stroke. After several thrusts, Carl was finally plunging completely into him and then pulling nearly all the way out before diving right back in.

Paul threw his head back and closed his eyes, his mouth open and gasping with each thrust of Carl's long, thick cock. He reached down and began to pull on his own rock hard member, working up another big load.

Carl looked down along Paul's body and watched the man's slender fingers as he worked his cock with the rhythm of Carl's body. Carl was getting close to the edge

of no return and drove even deeper into Paul, the wiry hair surrounding his cock brushing up against Paul's big, soft balls as they bounced in time to his thrusts.

With a guttural growl, Carl felt his control skitter away and closed his eyes as his body took over and emptied his load deep inside Paul's tight, pink hole. He gasped and leaned back, his member still buried up inside Paul, and his hips slowly moving in an unconscious rhythm. He bucked rhythmically inside the moist, cum-filled hole.

Paul suddenly gasped and Carl saw his balls pull up close to his body. Leaning forward, with his dick still up inside of Paul, Carl caught the first shot of Paul's load in his mouth. The second landed on his cheek and nose and the rest down his throat as he got his lips around the head of Paul's cock and sucked him, all the while thrusting what was left of his hard cock deep into Paul's asshole.

Carl's cock slipped free of Paul's ass as Paul brought his hips up to finish off inside Carl's mouth. Carl slurped up the last of Paul's spunk and then reached down to squeeze the last of his own from his softening member.

After a time, they headed back to the pool and washed up again. Exhausted, they crawled into the small tent they were sharing and fell asleep in the shade of a tree as the stream babbled past, whispering of hidden treasures yet to be discovered. **B**

CARL GRUNTED DEEPLY AND, HIS LIPS STILL LOCKED AROUND PAUL'S SPENT COCK, SHOT HIS OWN WAD INTO PAUL'S MOUTH. PAUL SUCKED DOWN AS MUCH OF THE SPUNK AS HE COULD, BUT THERE WAS SO MUCH IT SPILLED OUT OVER HIS CHIN AND DOWN ALONG HIS CHEEKS. HE SUCKLED GREEDILY ON CARL'S SLOWLY SOFTENING TOOL, COAXING THE LAST PRECIOUS DROPS OF CUM FROM THE SOFT, RED TIP.

gut and out over his beard and mustache.

Carl grunted deeply and, his lips still locked around Paul's spent cock, shot his own wad into Paul's mouth. Paul sucked down as much of the spunk as he could, but there was so much it spilled out over his chin and down along his cheeks. He suckled greedily on Carl's slowly softening tool, coaxing the last precious drops of cum from the soft, red tip.

Carl rolled off Paul and they lay gasping for a few minutes, their bodies warming in the sun.

"You are amazing," Paul finally said and Carl laughed.

"You haven't seen anything yet," Carl said and stood up, extending his hand and pulling Paul to his feet. They stood and kissed for a few minutes, each tasting his own cum on the other's tongue, then Carl led Paul back to the campsite and spread out the blankets on the grass under a small tree nearby. They lay side by side and explored each other's bodies as they kissed some more, then Carl slid down and lifted Paul's legs up into the air and began to run his tongue around and along the crack of his ass.

"Oh, damn," Paul groaned, his hands spreading his ass cheeks wide to allow Carl better access to his sensitive, gasping hole. He had only allowed one other man to have him that way, and he was more than ready to let Carl be the second.

"Goddamn," Carl grunted as his tongue slithered in and out of Paul's tight asshole. "You have got the tightest hole I have ever come across. You ever taken it up there?"

BEAR

I stumbled upon Paul's work on the internet one day while... umm... I think I was... day trading. Yeah. That's what I was doing. Something about the way he photographs guys grabbed me by the... hand and said, "Get him."

I asked Paul to send me some stuff, so we could share it with you all, especially the internationally challenged, who may not have seen his work before.

It's no small feat to throw a couple of guys together for an afternoon of pointing and clicking, and to be able to capture and photographically communicate not only the passion, but the warmth and intimacy and real honest-to-god chemistry between people who, in some cases, don't know each other all that well.

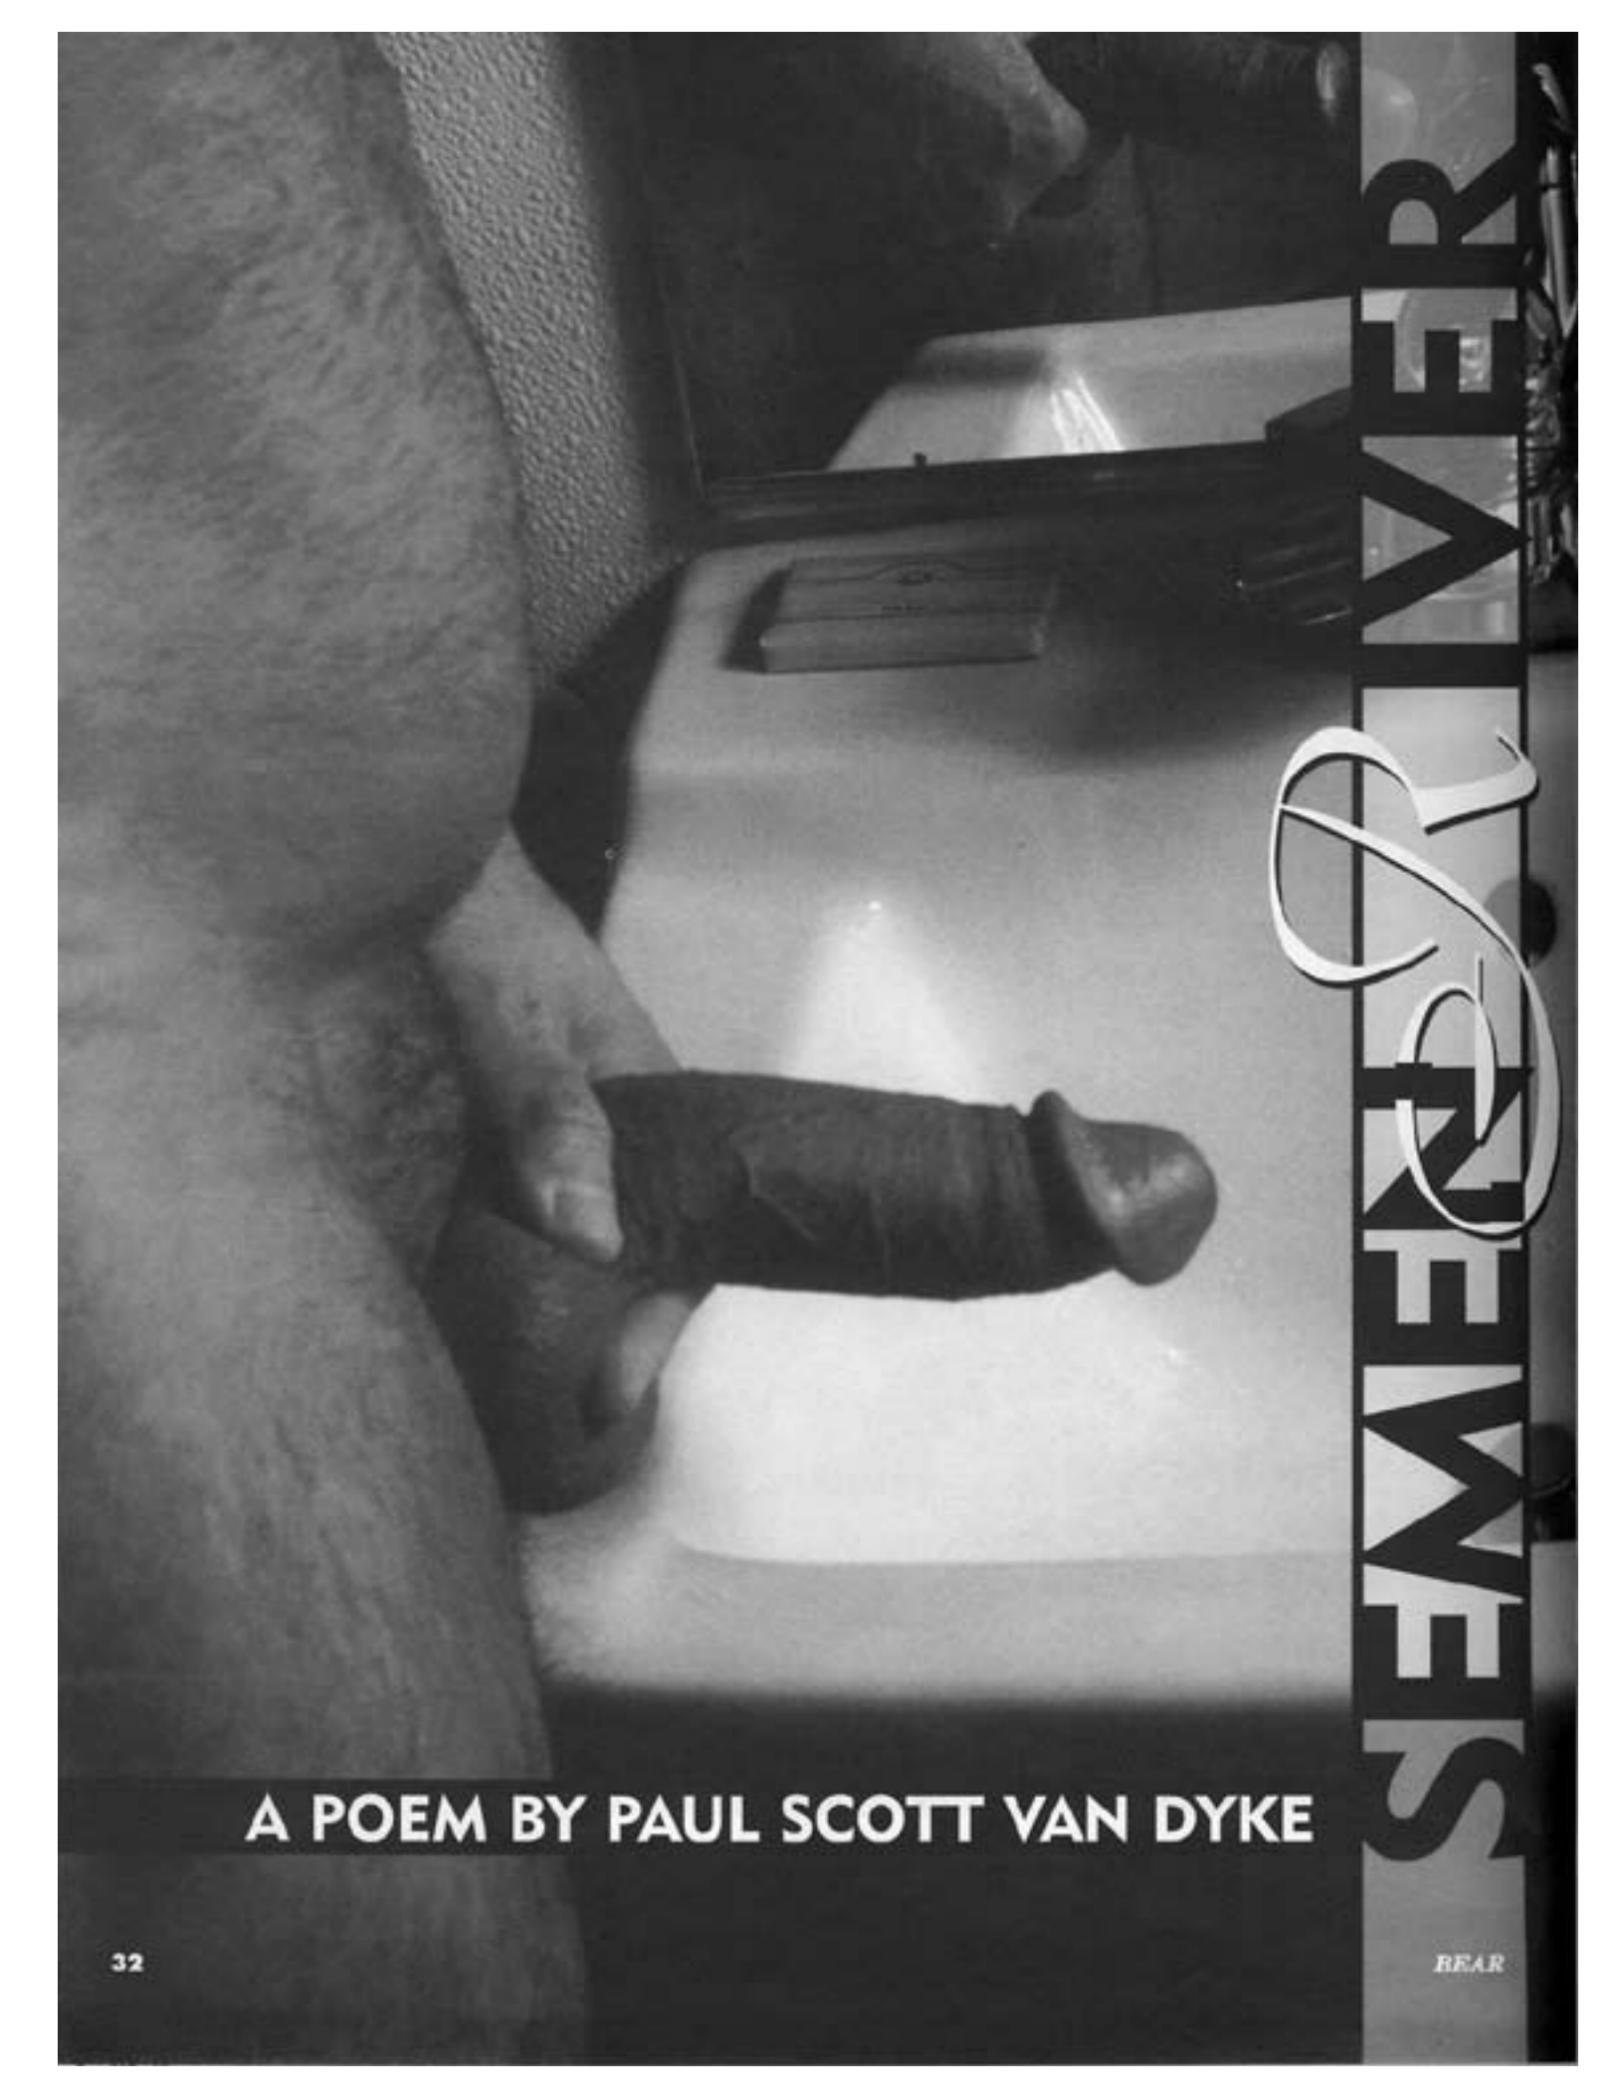

In this case, Paul says, "The guys had never met in person, before the session. One has a lover; the other one is free-wheeling. They saw each other's images on my website and were turned on and attracted to one another. So, we set up a photo session!"

He makes it look so easy.

And so fun!

A POEM BY PAUL SCOTT VAN DYKE

I am one life from my father's come,
one harnessed seed, his jism half my bile, blood and spit.
I am an animal, a mammal, a man
whose life began at his first breath and will last 'til his last.

I lay down on a bed of grass with my trousers and skivvies
rolled down around my ankles, fingers outstretched like the spokes of a wheel
strummin' like an air guitar 'til my soft dick stiffens and stands,
pumpin' angry and hot blood, havin' gulped the sweeter air at the end of the rush.
My buddy crawls up and hugs my legs and sucks my cock.
I pump pud into his gut.

I am intoxicated with sleeplessness and a mad ecstasy in the dark night.
I spy a naked man in bed with a swatch of top sheet in accordion folds between his
butt cheeks, a rip cord for release at climax.
He thrashes his legs as if he were pedaling a bike;
he bucks his head against the pillow,
skidmarks on the fitted sheet and top sheet both,
cream-colored stains around the rip of the top sheet.
He ejaculates a geyser of sperm.

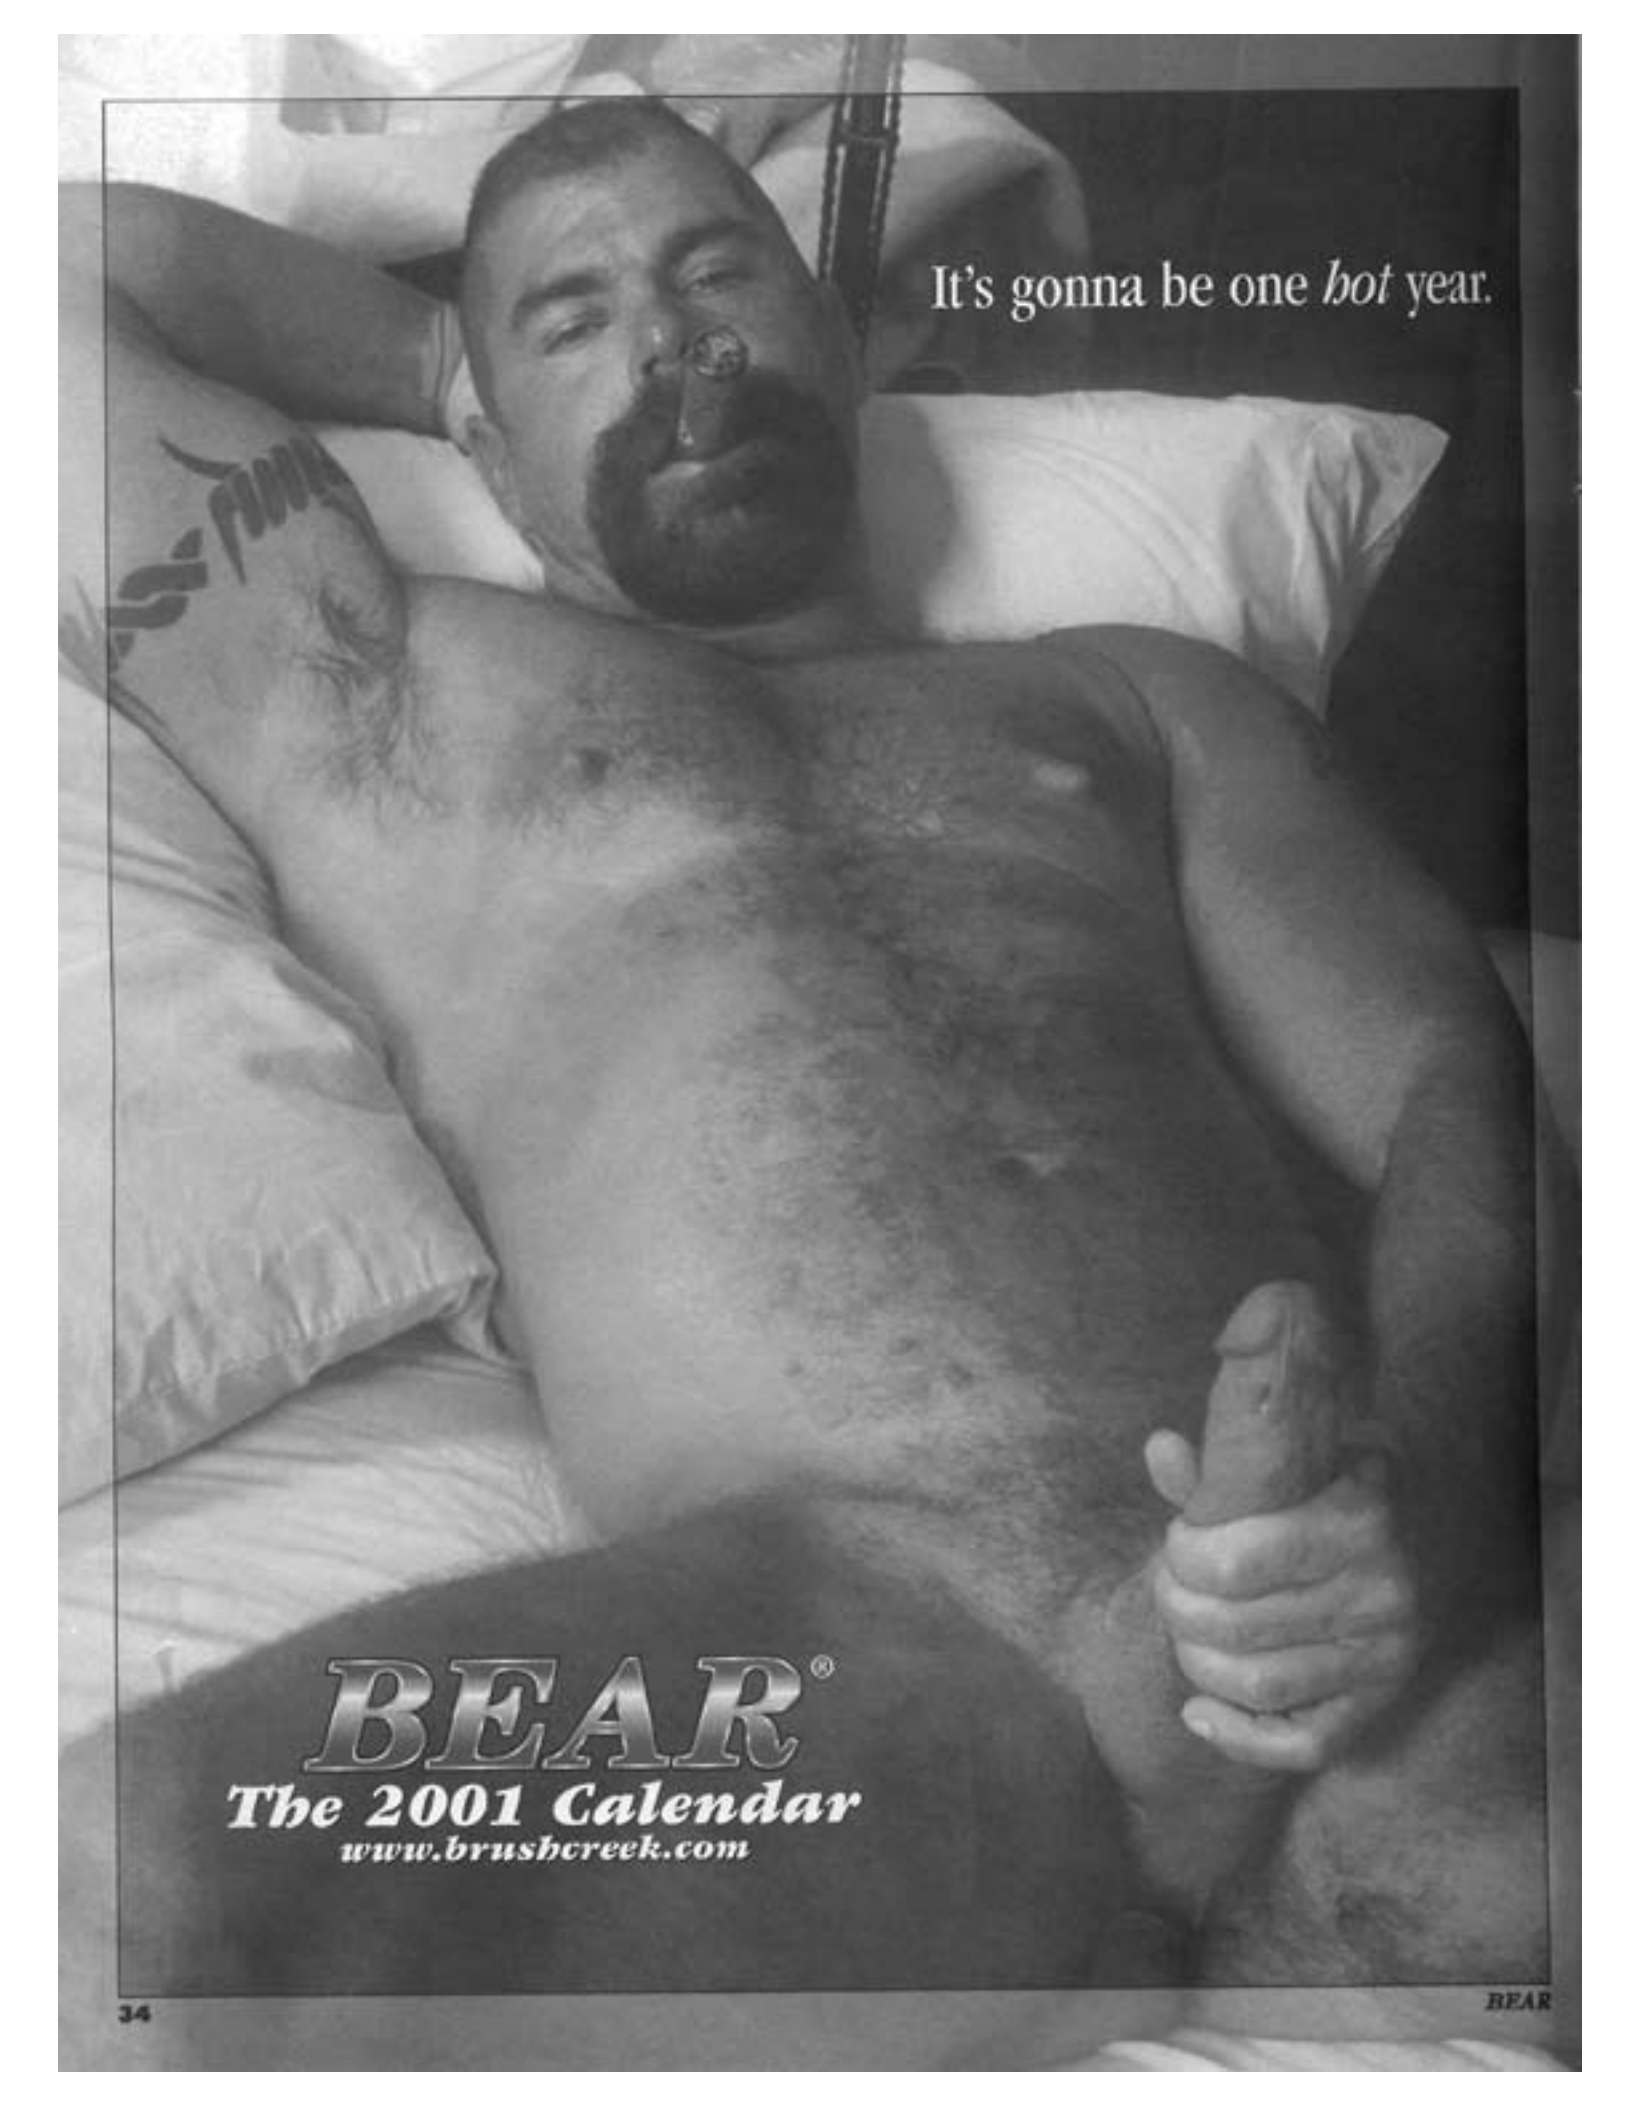

I split open the belly of a milkweed pod and run my fingers
thru the downy seeds which cream my fingers
then fly out of sight like windfire over beachgrass, blackberry bramble,
sumac and sassafras trees.

I live where blueberries come from; where celery, corn, onions and Christmas trees
sprout from the soil, and where quaking aspen and white birch grow.

I am kissin' my buddy's dark red scrotum and lickin' his prick, suckin' it,
lookin' close-up at a bush of wiry black public hair,
turnin', lickin' his asshole (I smell the smoke from tobacco leaves inside),
spittin' and pissin' on it,
pushin' my swollen prick inside his puckered pouch,
pullin' out, pushin' back in, pumpin and thrusting, humping,
my hairy nuts in their sac swinging back and forth, cock spurtin' ejaculate.
I shoot sperm up his ass.
My cream runs down his legs.

I am a river of semen, the same man as my father and my grandfather,
growing, talking, walking,
neither a sheep in a flock nor a lemming in a herd.
I am not a member of a caravan or a cargo cult.

I am an independent, liberated, self-reliant man,
wealthy in nature's pleasures.
I am powerful and endure an eternity of feasts and famines.
I am a bear. I fell an oak tree in a state strong enough to feed
and carry the weight of my scrawniest, most heinous runt.
I am the air, the lakes and the land.
I live and breathe. *B*

It's gonna be one *hot* year.

BULL

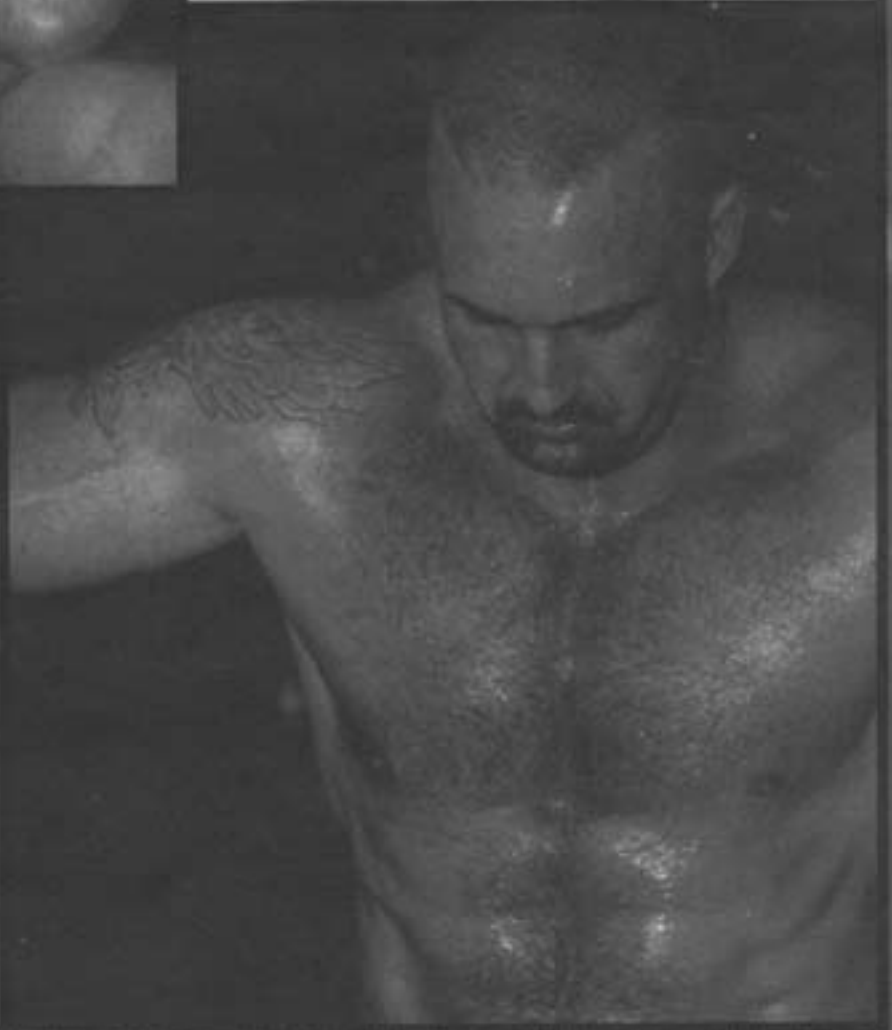

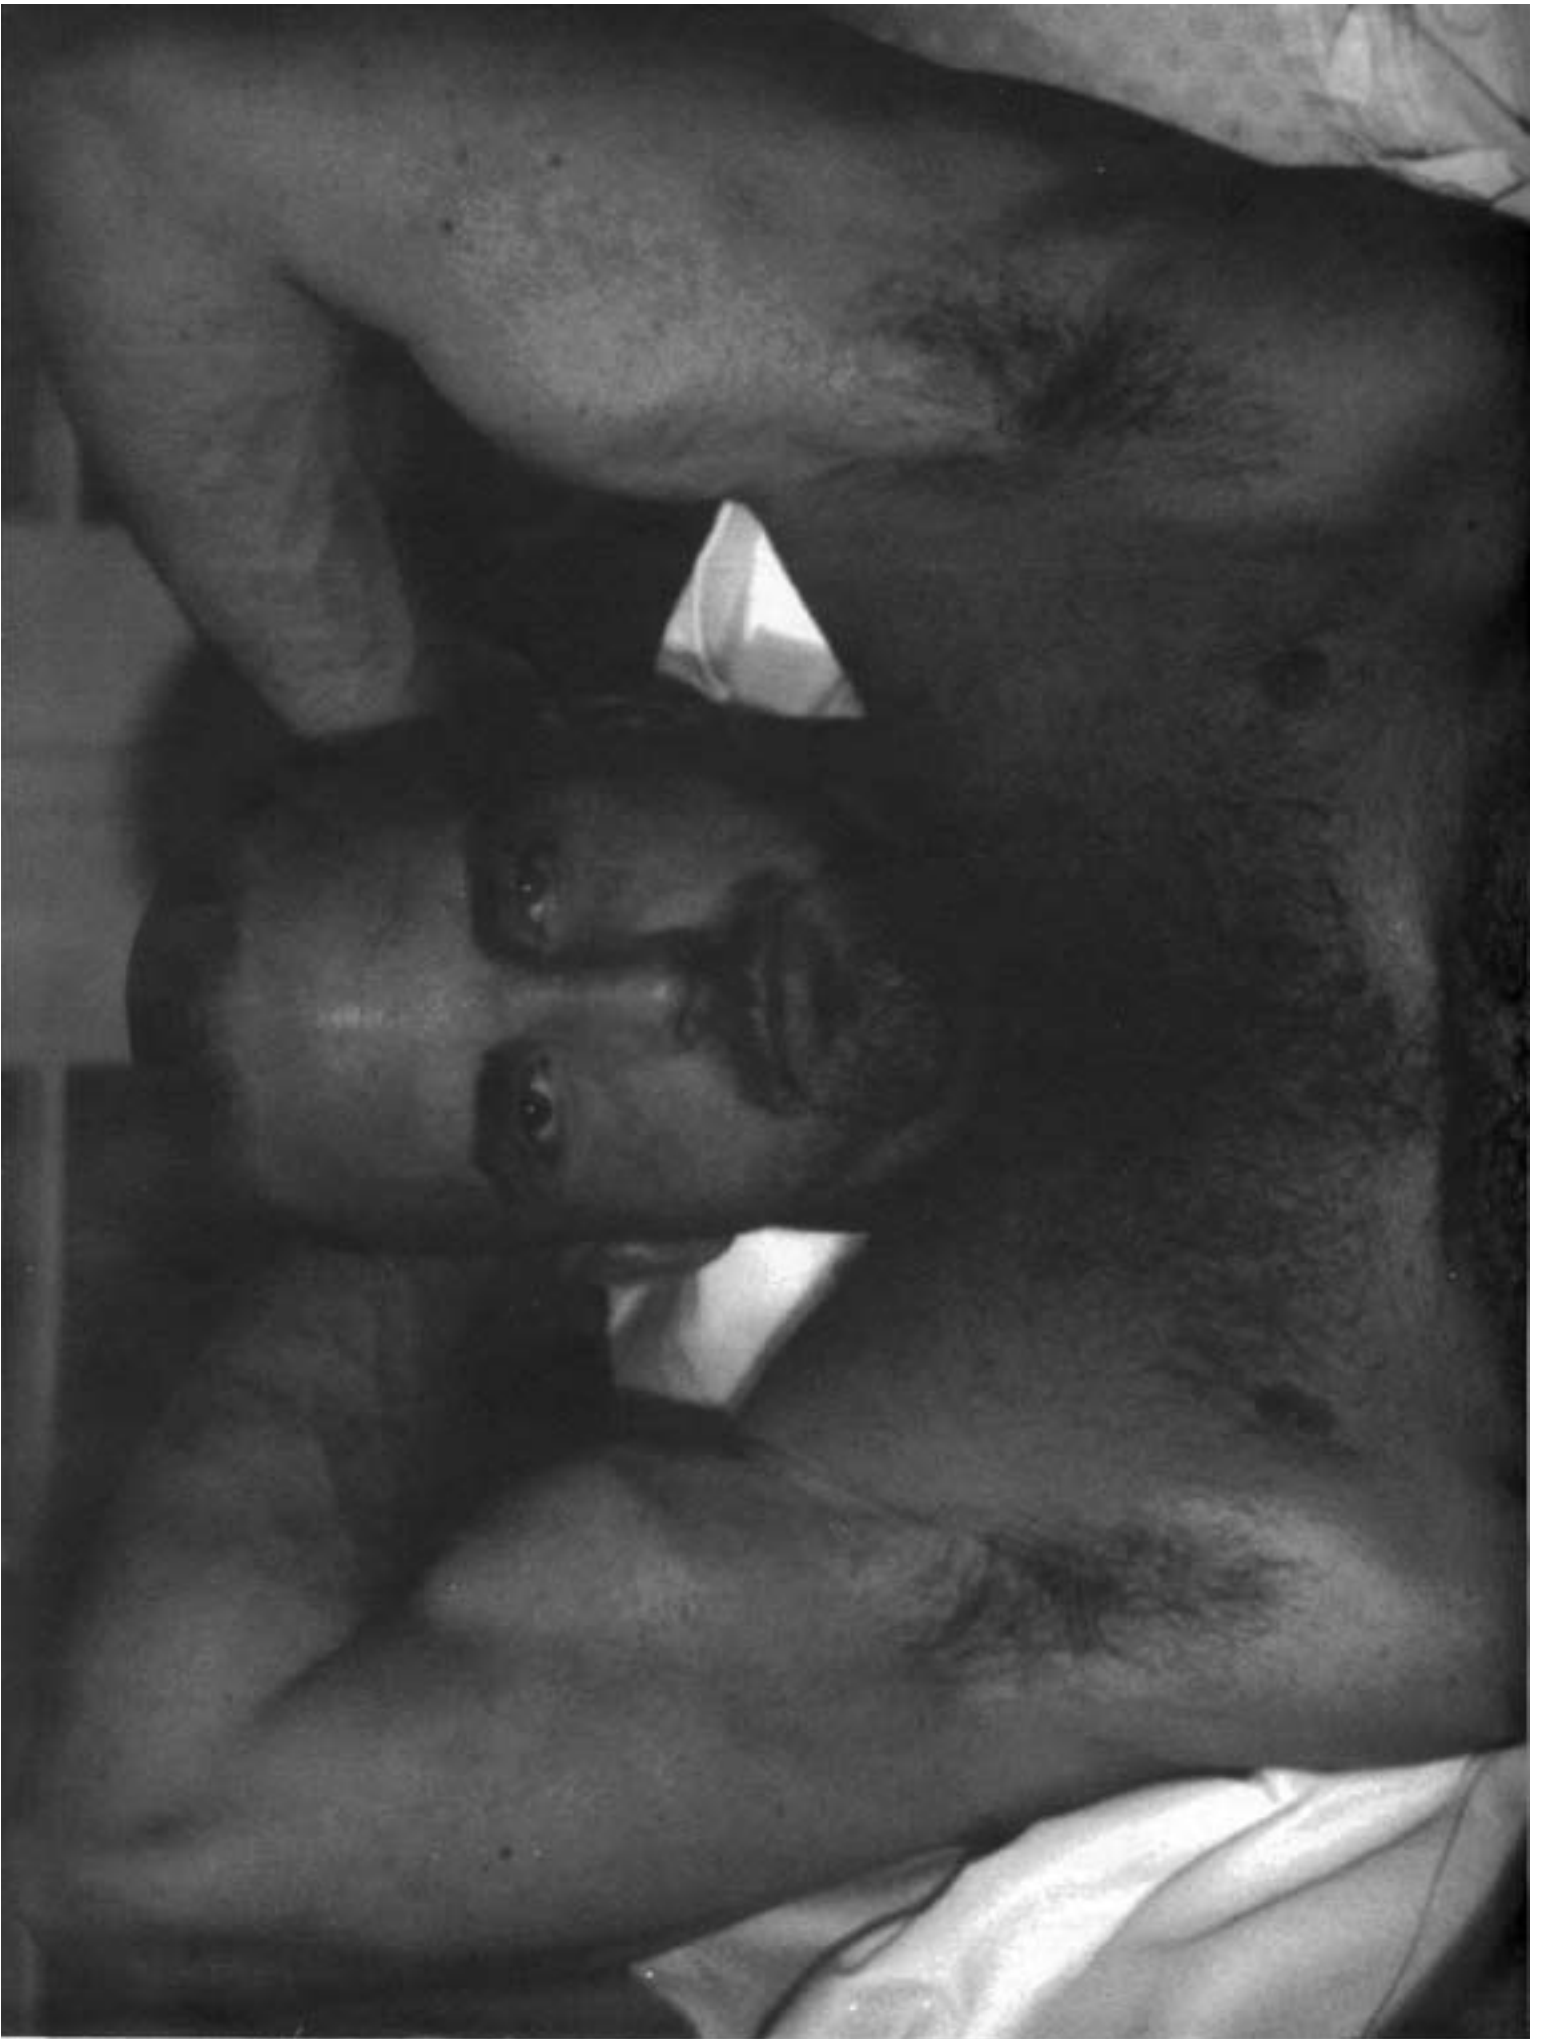

I can hear it now. "He's too muscular." "He's barely bearded." "He's too pretty." "It looks like he works out. Bears don't work out." Yup. Keep it up. In fact, go ahead. Tell him that. Or, better yet, tell his buddy Jack Fritscher, one of BEAR's Founding Fathers, who shot these photos during the filming of his Palm Drive Video feature "Sunset Bull, Sunset Bear." Dare ya. Wait... can I get my camera first?

Bull here says, "I want to know what makes your eyes roll back. First-timers, let me introduce you to my concept of 'Home Entertainment Center.'"

He's 6'2". He weighed 260 pounds when these pictures were taken, but he's up to 290 now. As you can see, most of it is muscle. He lives in Florida and spends a good many days at one of those old-style, non-glitz gyms, lifting heavy things and - I'm guessin' - driving the semi-closeted bodybuildin' bear boys who undoubtedly watch him sweating with lustful abandon wild on a daily basis.

Big Apple Bear

Yup. Seems the City that Doesn't Sleep can't get enough of bear culture. First, John Goodman hams it up as a *BEAR* coverman on *Saturday Night Live*, and now this, from the July 24 issue of *The New Yorker*. More than a few of you brought this one to our attention. Good to know we have scouts out there, ain't it? I'm not sure I get the cartoon, actually. But it's got the word "bear" in it, and it's not a "Bear Crossing" sign, so we'll let it go at that.

All Aboard The Bear Train!

MEN OF PALM DRIVE VIDEO

PHOTOGRAPHY BY JACK FRITSCHER / PALM DRIVE VIDEO

Among porn pioneer Jack Fritscher's many talents is his uncanny ability to reel in some of the sexiest, nastiest, realest men and capture their raw masculinity on film and video. He gets 'em talkin' and cursin' and spittin' and pissin' and all of those sorts of things that we love to love, and somehow maintains an edginess in his work where you're always just a little uncomfortable that something might go wrong, but that keeps you watching.

So, we wanted to share some of the guys who make Jack's contribution to porn and, in particular, BEAR so special. For many of you who weren't here at the beginning, these are, in many cases, the types of guys early BEAR readers embraced; guys who look like they coulda been pulled out of the cab of an 18-wheeler, peeled off the floor of a public toilet, or hauled off the "bitch seat" of a Harley fat boy.

You can check out more of the brilliance of Jack's edge at www.palmdrivevideo.com. 

I felt the urgent heat of his first three jets of cum spurting down my throat, each one a rope of fire burning into my esophagus. He quickly pulled his cockhead back and left it throbbing on my tongue where it geysered out another few strands of his hot juice for me to taste. His cum kept dribbling into my mouth after the pulsing in his dick had slowed to a stop. I twisted my slippery tongue around the fat mushroom head of his thick cock, enjoying his jerking movements and yelps of tenderness as he quickly pulled himself from between my lips.

"Damn, son! Have some fucking pity on this old man!" Aaron said breathlessly. "You've worn me out and drained me dry. Let it rest a little, and then you can get yourself another load outta there. Now get on up here."

My new trucking buddy yelped again as I gave his sensitive cockhead one more quick swipe with my raspy tongue. His aggravated grimace quickly broke into a happy grin, though, as I pulled my face away from his musky crotch and moved up to slip my cummy tongue into his wet mouth. He sighed deeply as he licked himself off my lips. His tongue continued to explore my mouth, reaching in as far as it could.

He broke the kiss after a few seconds and pushed me aside. Reaching into the driver's seat from the sleeper, he grabbed two beers out of the small cooler and popped the tabs on both of them.

As he handed one to me, he shook it a little, chuckling when the cold beer splattered onto my sweaty chest. It was my turn to jerk and yelp then. As soon as I got settled again, he started licking up the split beer, running his wet tongue in tantalizing circles over my smooth chest. He was propped up on his side, facing me, the unfinished beer beside the sleeper mattress. His playful brown eyes had glazed over as he moved to my chest, his tongue teasing and licking my quickly stiffening nipples. As if my dick wasn't already hard enough, this tit-play got it going full speed and started it pumping out a small stream of precum.

Spoooge

Aaron took another long slug of his beer and dropped his mouth to my hard dick. The coolness of his mouth enveloping my hot rod made me jump a little more, but I begged him to do it again. He just ran his tongue around and around my rosy peter head, spreading his moisture and my precum until it was a gooey mess. Then he took another long slug of the cold beer and slurped up my cockhead again, pulling the slime from it and washing it down his throat. Then he moved back up and lay down, leaving me gasping for breath, unfinished in my desire for completion, to shoot.

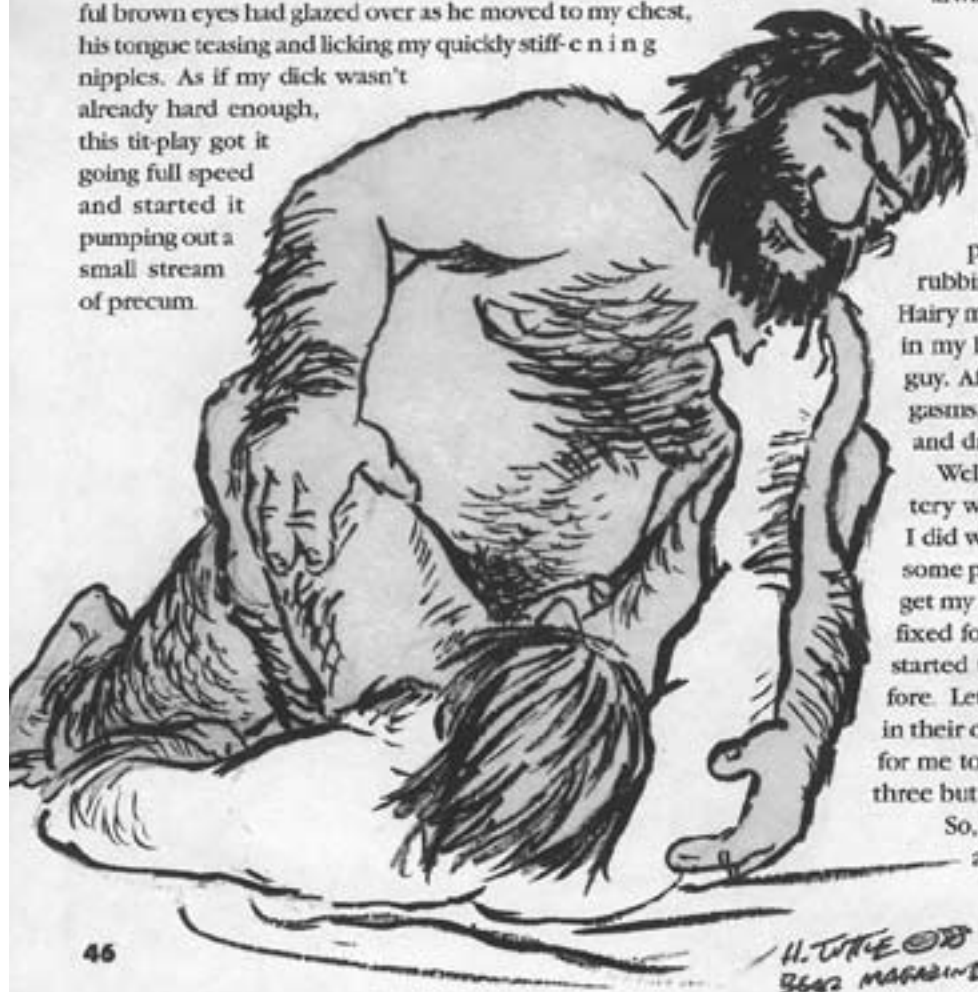

Aaron is a bear of a man. Standing at 6'3", burly but not fat, ruggedly handsome with a neat, well-trimmed beard and mustache, he is a hairy, masculine guy, his fur covering his chest, stomach, back, legs, and crotch. He has the hairiest ass I've ever seen. Gentle, unless he gets pissed off; his stout, chunky frame packs the horsepower of a Peterbilt. At 42, with streaks of silver beginning to steal through his auburn fur, he's just a muscular as the jocks you see working out at the gym on a daily basis.

Like I said earlier, tossing me around is mere child's play for him. If I am within his reach and he's in the mood, I have little choice but to let him do whatever he wants to with me at the time. However, I never try to escape his clutches because he always makes sure I get my pleasure too.

We met through my good fortune and the ugly greed of humanity. I was in college in a small southern town studying to become a business major. On my 23rd birthday, and having no close family ties anymore, I celebrated by buying myself a six-pack of beer, the latest issue of BEAR, and a lottery ticket. I went back to my room, popped a top, got out my stroke book and started rubbing and drinking. I forgot about the lottery ticket. Hairy men have always rung my chimes, but at that point in my life I had never done more than jerk off another guy. After two slow, but very explosive and relaxing orgasms, I put my BEAR away, turned off my bedside lamp and drifted away into an uneventful sleep.

Well, as you may have guessed, I won the fuckin' lottery with the ticket I bought that night. The first thing I did was to drop out of college and hire a lawyer to do some paperwork for me. It took me about two weeks to get my eleven million dollars situated so that I would be fixed for life. About that same time my family members started turning up, some I had never even heard of before. Let's not forget the people contacting me to invest in their companies or products, all of them a sure-fire way for me to increase my wealth. Please! I was only twenty-three but I hadn't just fallen off the turnip wagon!

So, I decided to take the great American adventure and hit the road. By thumb. I had kind of always wanted to hitch around the country and take

Daddy

Fiction By James Pedwin

my time seeing things. Now that I had all this money I could take plenty of time and see all I wanted to see. Damn! It was fuckin' great to be young and rich.

Yeah, I could have bought a new car, but I thought I'd let someone else do the driving. Besides, it would be fun to see what kind of people I could meet on the road. It would also be more fun to travel with someone than in a car alone. I kept thinking about those shower jerk-offs I had been involved in with my dorm buddies. The thought of hooking up with some hot, hairy man and finally getting a taste of some real mansex was always a very present thought. I knew the odds of that happening for me were better if I hitched around. I had heard plenty of the stories about truckers and was anxious to see for myself if I could make my own stories with some of them.

I bought myself a backpack, stuffed in a few changes of clothes, toothbrush, deodorant, etc., and left it under a bush outside my girlfriend's apartment. I presented her with a nice gold necklace, romanced her into bed and gave her 7 hard, thick inches. I slipped out the door after she fell asleep. We weren't that close, usually only getting together for sex, so I knew she wouldn't have any trouble getting used to the fact that I was no longer around.

Midnight found me on the side of the interstate, backpack slung across my shoulders, thumb sticking in the wind. My adventure was beginning.

I walked about a mile before the big rig pulled up and over, a few yards ahead of me. As I approached the cab the passenger door popped open. A voice loud enough to be heard over the noise of the diesel engine told me to hop in if I wanted a ride. Trying not to imagine what I could be getting into by riding with a stranger, I threw caution to the wind and jumped up on the running board. That was my first sight of Aaron.

"Where ya headed to?" He asked.

"Don't rightly know," I told him. "I dropped out of college a few days ago. Ain't got much in the way of family. I thought I'd kinda' bum around the country and get a 'real' education. Y'know? See what's out there?"

Not much was said for a couple of miles and then Aaron, who by that time had shook my hand and made my acquaintance, started turning his nose up and sniffing the air loudly. He soon faced my direction, leaned over, and gave a big whiff.

"Damn, boy, if'n you don't smell like a stinkin' ole pussy! You been wallerin' in some nasty ole cooze?"

I giggled at his outburst and then told him about fucking my girlfriend just a few minutes before he picked me up.

"Well boy, we gotta' get that shit washed offa you. I swore off pussy a few years ago. I don't even want to smell any of it." He frowned, wrinkling up his nose. "There's a rest area about a

mile up the road. We'll stop there and get you cleaned up. Damn! You fuckin' stink, boy!"

"Well, excuse the hell out of me!" I shot back. "I'll get out of your fucking truck right now if you'll stop it. I don't need to take your shit! I ain't hitchin' a ride to let people sniff me. Stop this motherfucker!"

Aaron grinned at me. I could see those white teeth shining through his beard and mustache. "Simmer down boy. Ain't nobody getting outta this rig right now. We'll stop up the road and get us a drink. After you get washed up we can take a little breather and get better acquainted. You can tell me all about why you fucked your gal and then left her."

I was still bristling when he pulled the rig over and rolled to a stop in the rest area. As I was about to hop out Aaron told me to get back into the sleeper and take my clothes off.

"I've got all you'll need right here in the truck to get that nasty pussy smell off you ole dick," He said. He reached back into the sleeper and pulled out a small cooler. From it he took a clear plastic bag and from the bag he pulled out a wet cloth and handed it over to me. "I put this together at my last stop," He said. "It's clean, cool water with a little mild soap in it. You can wash your dick in complete safety and not have to get out of the truck. You want a cold soda or a cold beer?"

I took the bag from him, mumbling that I'd like a cold beer

"I'd never had a blowjob from a guy before, and even though this was part of that hot mansex that I really wanted, it was so completely unexpected. I was suddenly torn between wanting to pull away and wanting to continue the liquid sensation of that big hot tongue doing such wicked things to my throbbing manhood."

and wondering what he may be up to. Seeing nothing to worry about I climbed into the sleeper and pulled my jeans and shorts down around my ankles. He was right. My crotch did stink!

I had pulled the shade between the cab and the sleeper when I got into the back. I wasn't really used to strange guys watching me wash my privates. The guys back in the dorm didn't count. They were about as close as I had to family. They had seen me plenty of times and even with a hard-on. Hell, we'd all popped hard-ons in the shower and in our rooms. We'd even done a little mutual masturbation, but I wasn't so sure about undressing in front of a big man I didn't know.

Did it matter? Hell no! I had just gotten my pants down around my ankles and "Whoosh!" The curtain came flying back revealing Aaron's smiling face. There was a soothing, disarming quality about this man. I knew I had nothing to worry about.

"Wow! Son!! You got a whopper there! Be sure you pull that skin back all the way. You wanna get all them stinky little pussy pearls out of them skin creases. That's what's raising such an all-fired stench. That pore gal's sure gonna miss that big ole hog strummin' her pussy. Now, why'd you fuck her and leave her?" Aaron handed me a cold beer and propped his arm up on the side of the sleeper, his face only inches away from my prick.

I made some excuse about wanting to see the world and not wanting to take her along with me. It was weak but it seemed to satisfy him. He was still close to me, his eyes following every stroke I made on my dick with the cloth. I started getting a hard-on just watching Aaron as he watched me cleaning my dick. I tried to hide it but Aaron grabbed my hands and pulled them

away from my crotch. Before I could react he raised up over the wall of the cab seat and swallowed my dick all the way to my nuts. My 23-year-old dick hardened instantly.

I'd never had a blowjob from a guy before, and even though this was part of that hot mansex that I really wanted, it was so completely unexpected. I was suddenly torn between wanting to pull away and wanting to continue the liquid sensation of that big hot tongue doing such wicked things to my throbbing manhood. Of course there shouldn't be any doubt as to what I did.

I relaxed and laid back to let the man work his wonderful magic on my pulsing rod. Never had I had such a fantastic blowjob; no teeth scraping my tender shaft and cockhead, just smooth, firm, hot, wet strokes rapidly up and down my shaft, his big tongue working wonders on my taut mushroom head. When he pulled his lips away from my cock and took a swipe through my ass-crack with his tongue I felt my cum begin that short journey up the shaft and out into whatever receptacle was at hand. I yelled that I was coming and began to thrash around on the sleeper.

I opened my eyes long enough to see that big grin again as it flashed back down around the head of my dick. Holding my cum back, or even trying to hold it back, was not an option. I had never had such an intense feeling sweeping through my balls and dick. I had no control over my sphincter. It opened itself up and let the sperm fly, much to my great pleasure. I grabbed Aaron's head by his ears and tried to pull his bushy face down even closer to my body, but it was as close as it could get. My dick was buried all the way to the hilt in his vacuuming mouth. My balls gave one final lurch, emptying the last drop of my cum into Aaron's hot mouth before he pulled away to search for any stray drops that he may have missed. Satisfied that there weren't any, he smiled at me and asked me if I was all right.

I was so completely relaxed that all I could do was lie there and grin back at him.

"Here, Bub, drink your beer before it gets hot. And move your skinny young ass over so's I can get up there and lay down beside ya. What'd you say your name was?"

"I rolled over on my side facing him, and that's when I saw it. His dick was standing straight up, sticking through a forest of dark brown fur, pre-cum liberally running down the shaft as it throbbed in his sleep. I wanted to touch it, to feel his slickness on my hands. Would he wake up and pop me? I hesitatingly reached for his hard cock, but as soon as I touched it his arm came around me and pulled me up close to him. He took my hand and put it on his chest where he held it until he started snoring again."

Aaron was undressing with his legs hanging over the wall into the front seat. His shirt was already off. I got my first good look at that fabulous mat of thick fur when he turned back around facing me. My dick started rising again at the sight of all that hair on his broad chest.

"James," I said. "But you can call me Jim."

I was still lying on my back when he stretched out his full length against me, rubbing his hairy legs and chest over me. He was propped on his elbow, holding his head up in his hand. He started running his hand over my chest softly, making large circles with it, and coming closer and closer to my dick with each caress. When he finally reached it he gently grabbed it and started slowly stroking it.

"You want some more of my hot mouth, don'tcha?" He chuckled. "Maybe later. Right now we better get us some rest before we have to pull outta here and hit the road again." Aaron rubbed my chest and belly one more time, took the final slug of his beer and lay down beside me on his back. Soon he was snoring.

I was still in kind of a daze. I had gotten a ride with a big fucking hairy man, got pissed at him and cussed him before I'd been in his truck 10 minutes, got the best blow-job of my young life, was lying beside this real hunk of a bear, and didn't know what was in my immediate future. I did know that I was really relaxed after that intense eruption into Aaron's mouth. I also knew that I was disappointed that he was taking a nap.

I wanted more!

I rolled over on my side facing him, and that's when I saw it. His dick was standing straight up, sticking through a forest of dark brown fur, pre-cum liberally running down the shaft as it throbbed in his sleep. I wanted to touch it, to feel his slickness on my hands. Would he wake up and pop me? I hesitatingly reached for his hard cock, but as soon as I touched it his arm came around me and pulled me up close to him. He took my hand and put it on his chest where he held it until he started snoring again.

I awoke with a start, not immediately remembering where I was. The sound of the truck door closing was what had awakened me.

"Sorry about disturbing you, but we need to hit the road again before much longer." Aaron had the plastic bag and was tucking it back into the cooler with the wash cloth inside it. "I took a quick dump, washed myself off a little, and refreshed our wash cloth. You need to take a break before we get under way?" He asked.

"I'm all right," I replied. "What time is it?"

"We've been here about 4 hours," he said. "Long enough for me to find out that you snore a little. And long enough for me to find out that you've got quite a grip in your right hand. I thought you wuz gonna' squeeze my dick plumb to death." He chuckled as he pulled his clothes off and climbed back into the sleeper with me.

"You ain't been with many men have you?" he asked.

"You're the first one, other than a few hand jobs here and there. I've wanted to get with another man ever since I can remember," I said, "but never did have the right opportunity. Sorry about squeezing your dick so hard."

He found my cock, hard again, and started gently stroking it. He had something cool and slippery in his hand making it

glide easily over and around my stiff cock. When he was satisfied that I was good and hard he climbed over on top of me and placed my dick at the entrance to his asshole. "Never fucked a guy, then, huh?" He asked. "Well, get ready, 'cause I'm gonna' ride your hard cock till you and me both scream!" With that, he settled himself down over my cock, his ass slowly enveloping my hot hardness. He leaned over and stifled my gasps with his tongue, pushing it through my lips and giving me my first taste of another man's mouth.

When he was settled down all the way and I could feel myself fully inside his body, he started rocking up and down on top of me, fucking himself with my cock, driving me fucking nuts with the sensations. That hairy ass was tighter than any pussy I'd ever been in. He finally broke our kiss and raised himself above me to a sitting position, my dick buried deeply in his clutching ass. I wanted to thrust into him but he was too heavy for me. All I could do was just lie there and let him do as he pleased.

"Pinch my tits!" He grunted, and he forcibly fucked down on my cock again, causing me to suck in my breath and groan once again. "Don't shoot your wad yet, you horny little fucker!" He was breathing harder with each up and down stroke on my hard cock, panting for air. "I'm gonna' paint your chest and your face with my load before you get yours this time. Now, pinch my fuckin' tits like I told ya to do!" And once again he pushed his hot ass down on my rigid cock. It was all I could do to keep from shooting.

I reached up, grabbed his nipples and squeezed. It was his turn to grunt then. He grabbed his cock and started beating it, breathing heavier and louder with each stroke. I kept pinching his nipples as he fucked himself up and down on my hard tool. I knew I couldn't hold out much longer.

Just as I started unloading up his hot ass he sat down hard on my cock and held himself there, squirming around, while his dick blew its warm load all over my chest, one hot stream jetting into my open mouth. I swallowed involuntarily while I was gasping for breath, his remaining hot cum raining down on my belly.

Aaron eased himself down on my chest and nuzzled my neck while his breathing returned to normal. His cum liquefied and smeared between us. I couldn't help but stick my tongue out and run it through his hairy chest mat, tasting more of his sperm where it had soaked into his fur. It was salty with a slightly musky taste, much better than I ever thought it would be.

My dick was still hard. This man to man stuff was fucking great! I didn't think I could ever get enough of it.

I had gone from a primarily straight boy to a gay man, or at the very least a bisexual, all in the short space of a few hours. Strangely enough, though, I wasn't questioning myself. I was too relaxed and felt too good.

Aaron crawled up to a sitting position on my chest, wiped his still-hard cum-covered cock on my lips and leaned forward. I damn near shot off as I felt his hardness filling my mouth. He held my arms down as he fucked my mouth rapidly. His grunting got louder as he thrust into me faster, pumping my mouth with his engorged tool and panting heavily. In only a few strokes I felt the urgent heat of his first three jets of cum. And we still had miles to go...

MAN TO MAN PERSONALS
HUNNERDS OF HORNY HUNGRY HUNKS IN HEAT

LOOKIN' FOR MR. GOODBEAR? IT'S THIS EASY:

- 1 Place a Personal Ad
- 2 Receive a Voice Mailbox
- 3 Getcha Some Hot Sex!

PLACING AN AD

Text. Talk about yourself and be real clear as to what yer lookin' for. Avoid negative shit, like "no fets, lems or Republicans." We happen to dig big guys. Plus, it doesn't work, and we'll probably change it anyway.

Nemes. We can't run ads addressed to Occupant or Boxholder. Use your initials or a name your postal carrier knows.

Phone Numbers. We won't print 'em. That's it. Period.
Photo Ads. We'll run a shot of your face or dick, but only once. Your photo must have a signed model release (see "Show Yourself in BEAR") AND a photocopy of your picture ID. Don't bother sending us photos without this stuff. We can't legally print 'em. Each photo sent to BEAR must be signed with your name and phone number on the back. Photos are not returnable.

BEAR Postal Box Numbers. If you wish, we'll assign a BEAR Postal Box Number to your ad, collect your responses and forward them to your address. A word to the wise: your own address will get you more responses. For U.S. subscribers only. Free for BEAR Buddies, \$5 for everyone else.

Voice Mail Box Codes. We assign a voice mail box to every domestic ad. Guys can leave phone messages in your box after reading your ad, and only you can retrieve them. Cost is \$1.98 per minute for both parties.

Common Courtesy. If a guy gets in touch with you, write back. Even if it's just to say, "No thanks," he deserves to know you got his message.

Cost and Duration. Personal ads are free if you're a BEAR Buddy (an \$85, two-year subscription). Otherwise, they're \$25 a word, per issue. BEAR Buddy ads are discontinued when the subscription runs out. You'll have to submit a new ad when you renew your subscription. Wanna discontinue your ad? Write in, and we'll pull it. You'll have to pay to have a pulled ad put back in, though.

Ad Changes. It's cool, but will cost you five bucks, and must be in writing. Hint: you'll get more responses by revising your ad from time to time.

Edits. We reserve the right to edit ads for editorial consistency and clarity. We also reserve the right to refuse any ad.

Submitting your ad. Compose your ad on a separate piece of paper, and for God's sake, write or print clearly so we can read the thing. Remember, no telephone numbers or "Boxholder/Occupant" addresses will be printed in ads! Photocopy this form, or copy it by hand, but we need all of this info!

RESPONDING TO AN AD

Voice mail box number. To respond to a voice mail box number, see details under "Voice Mail Explained." If the ad says "No voice mail," it's a good bet the fella won't be checkin' his phone messages. Respond via written letter, or e-mail, if it's listed.

BEAR Box Number. To respond to an ad with a BEAR Box number, seal your letter in an envelope. On this envelope, put the fella's box number in pencil where the stamp normally goes. Send this with \$1 in a larger envelope to us.

Common Courtesy, Part II. Respond only to the ads looking for your type, and don't be pullin' the old form letter routine. If you don't fit the specifications listed in the ad, don't come bitchin' to us if you don't get a response.

Prisons. Not a great place to send money, or pictures of your hairy ass. By all means, correspond and make friends. But know the potential for trouble to you as well as the guy on the inside.

VOICE MAIL EXPLAINED

Our BEAR voice mail system is designed to give you access to new friends, true love, or just a good fuck. It works. Remember, if you are placing a personal ad in BEAR, you will automatically be assigned a BEAR voice mailbox.

If you place a personal ad in BEAR, we will send you a letter with information about your voice mailbox, your passcode, directions on how to set up your free voice greeting, and general directions on using the system. But guys, give us a couple of weeks from the day you mail in your ad before you start calling us. We know you're horny, but these things take time.

You can also use our voice mail system WITHOUT placing a personal ad in BEAR. You can call to listen to ads and leave messages for guys. You can even setup your own voice mailbox, just like BEAR advertisers have. If you set up a voice mailbox without placing an ad, callers will hear your ad and can leave messages for you, but BEAR readers won't ever see a printed ad, so you might get fewer responses.

HERE'S HOW IT WORKS:

- 1-900-DV8-BEAR charges the call to your home phone
or
1-800-347-BEAR buys a block of time with your credit card

When you call, a recording will automatically begin describing instructions and options. These instructions will explain everything you need to know about using our voice mail system. Be patient and allow yourself a minute to hear all the options. A few basic options are explained below:

- Press 1: to create additional mailboxes. These boxes won't be printed in BEAR, so you can be even sleazier or more discreet if you like.
Press 2: to browse ads from other guys by area code.
Press 3: to leave a message for one of the guys whose printed ad you see in BEAR.
Press *: to pick up messages that other guys have left for you.
(star key)

Remember that once you call and are at the main menu, it is not necessary to listen to all of the options before you make your choice. If you already know how the system works, you may start pressing buttons on your phone right away. Still have questions about BEAR voice mail? Call 1-800-347-3877, press 1, and ask to speak to our Classified AnswerGuy.

Credit card holders call
1-800-347-BEAR

To charge the call to your
home phone, dial
1-900-DV8-BEAR

Cost for both lines is
\$1.98 a minute.
