Hundreds of Horny Hairy Hunts in Lies

Sorry this issue of BEAR is a little bit late. There are lots of cool things happening here at Brush Creek Media these days. I'll fill you in on a couple of 'em, and then I have to run, because all of the "Hindsights" pictures haven't been scanned in yet, and we just got a cool picture that seems more like a "giggle" than one of the pieces of "shit" we had on page 16, so I've gotta do some last-minute swapping.

We're pretty excited at our new "buddy" publication -BEAR Extra. We're planning on rolling it out at International Bear Rendezvous (February 16-19) this year in San Francisco. How to more precisely describe the BEAR Extra publication... let's see. Here, try this, You know how Stevie Nicks want and recorded solo projects when she was still with Fleetwood Mac? For a prolific songwriter like Stevie to only have a few songs on a F/M album every few years didn't quite cut it. She felt that she was writin' lots of

great stuff that, because of the dynamics of the group, never got recorded. Well, this is kinda like that, in a kooky roundabout nonmusical way. Replace those gypsy melodies and scary... err, haunting vocals with dirty words and pictures. Bottom line here; we get stacks of sleazy stories here at BEAR, but we only have room to publish a couple of 'em, in each issue. So, the rest of 'em get sent back to the writers, or they rest in the "waiting to be published" pile, err... file-sometimes for months and months. So, we thought, how about creating a magazine just for

you guys who are suckers for a dirty bedtime story? That in a big, hairy nutshell-is the concept behind our "BEAR Extra" reader. Eventually, we'll feature more coverage of bear events (fellas - send us pictures of your events!!!) and we're tossing around the idea of publishing "amateur pages" with some of the often-nasty-but-real-funto-look-at homespun photos ("Is that really a magic 8ball coming out of his butthole?") we get from you guys on a pretty regular basis. Other than that, we're gonna pretty much let the rest of the magazine evolve as we go along. (Got ideas? We'd love to hear 'em!) But the core of it will be dirty stories and plenty of 'em.

We've been getting plenty of "Where the hell is it?" hollers for Big Bear Trucking Co. II, the sequel to our hugely successful Big Bear Trucking Co. video. I'm with you here, guys. I'm as anxious to see this one as you are. Be patient - it's coming. I've been so busy that I haven't, except for an occasional tummytinglin' glance when I'm walking through the Bear Store, had a chance to see our video Beer Bustin' Bears. But our producer Thornton Gray was tellin' me last week that he got a nutpopping voice mail from a fan telling himquite literally, we're suspecting, judgin' from

> the moans and groans in between his words-how much he was enjoying the video. So, I gotta check that one out.

In this issue you'll find the Brush Creek Media 2001 Catalog, featuring most of the merchandise we sell here at the Bear Store. There's lotsa new stuff this year, so check in and deck yourself out in the newest BEAR wear.

dar is out as well, featuring Steve Hurley on the cover, and a bunch of naked hairy guys inside representing a pretty healthy spectrum of BEAR Men. It's all in color this year! See the ad on page 77 and get to work decorating that wall above yer PC... err, tool bench, with these sexy guys.

Here's hoping everybody a Healthy, Horny, and Prosperous 2001.

Until next time...

# WRITE TO BEAR

#### BETTER BEAR

I have to say that BEAR just keeps getting better and better! You guys are doing a great job!

Issue 61 is HOT as balls, Scott can sit on my face any day! And Manfred! You hit the nail right on the head when you said "HELLO DADDY!" Manfred made me lose about 3 loads today! I, too, am Canadian and wish I could fied a hot, saxy daddy bear like Manfred to train me to be a good boy for him!

The issue just got better and better and when I read The Bear's Lair, it was like my fantosy written down, except in my fantosy the big huge bear fucks the hell out of me with his big cock —not a dildo — and then passes me aff to all of his big bear friends!

Anyway, thanks for the good work guys and for providing hours of masturbatory fun.

Mark

No matter how aften folks write in to thank us, whack us, or to describe their intimate little masterbatory encounters, it never gets tiresome or repetitive, and that's me of the coolest things about working here.

Thanks Mark. This BEAR's for you.

#### **THANKS**

A colleague called to say that the new BEAR Magazine #62 had hit the news:tands and that there was an article about my work. I ran out to buy an issue and discovered later that day two additional copies in my post after box. Thank you for your press coverage. I very much migred what you created, and the write-up.

LETTERS FROM YOU

I'll look forward to seeing my calendar ad for Shadows & Dreams, A Calendar for 2001 in Bear's next issue. With warmest good wishes and continued success.

Paul Roberts

Our pleasure, Paul. We're always on the hunt for fresh photographic talent, and yours was a welcome addition to BEAR 62. Guys, for information on Paul Roberts' 2001 Calendar, see the ad on page 4 in this issue.

#### REFLECTIONS

Just got BEAR 62, and had to write. I have been a subscriber and buyer from the beginning of the bear phenomenon. I even had all my first issues of bear stalen; try finding those. I'm 42 years old, and hope I fit the category of bear (whatever that is). I guess that's the point.

This magazine has been an inspiration and a disappointment. Himmin, isn't that what most of life is?! The fact that I've been here from the start doesn't make me anyone special, just someone who cares.

You and your magazine have provided the gay community with enough material for fucking, loughing, and crying to last a lifetime. I admit that I have looked at certain issues the first time and thought, "What the hell are they thinking?" But, at another glance, I have found them to be my favorite issues.

Personally, I could look at any issue with someone sucking Jack Radcliffe's cock or eating his ess and jack off thousands of times thinking it was me... but that's another story.

Don't let people dictate you and your staffs' gut feelings. It's a sad day when you have to werry about Steve
Hurley gracing our, I mean... your cover. What I'm getting
at is that we as buyers and subsaribers pay you to do this
for us... thank God! That's the due, people... this magazine is for all kinds of people, not just us —though we
feel like it sometimes. I know I do. Being a bear or bear
lover to me is not exclusive, but inclusive—inclusive to
the changes in society, especially the gay community!

BEAR... keep doing what you guys are doing. It is phenomenal in this day and age that you can invoke such reactions from your readers. You all must be doing something right.

Again, I have enjoyed my BEAR magazines since the start..don't screw it up now by allowing people to make you second-guess your instincts. You guys are the best!

Monte E-Mail

#### A LETTER FROM DADDY

Hey, I picked up issue # 62 the other day. MAJOR WOOFS! Great cover! I looked up into the stand and saw that gargeous hank of man (BULL) and just imagined I was sliding up from between his legs on those beautiful abs and nuzzlin my face in his pits. Needless to say, he came home with me and has been by my bed ever since.

I was also pleased to see the spread you did of Logan. He is a beautiful man, and you did a great job of capturing his seziness. Bravel I was getting a little concerned that you guys had forsoken us big guys. It seemed many of your models were leaning more toward the locnor, more muscular guys. That's okey, mind you...they are beautiful, too but it is nice to know that people out there can appreciate a big guy every now and then. All in all, an absolutely funtastic magazine!

Oh, and about your editorial—I say screw the queens whose only purpose in life is to find something to complain about. You guys by far put out the best in the bear business; print, video, and merchandise. So who cares if you push your own products in your own magazine? Damn, even your ads are hat to me so I don't mind them being in the mag. Believe me, I'd rather see your ads than those phone sex ads or some pretty boy ad.

Anyway, you know I love ya. You can't do any wrong as far as I am concerned. Keep up the good work. For every queen that wants to complain, there are hundreds of guys out here that love what you do.

Daddy Bear Email

Thanks guys. We really do appreciate the kind words that you and BEAR readers everywhere send us on a continuing basis. It's a strange business. We gather up our materials, photograph a buncha guys, and rifle through piles of stuff to find the right "mix" for each issue. I feel like the Steve Rubell of porn sometimes, only he let more drog queens into Studio 54 than we put into BEAR, and, although we don't have one, our "volvet rope" would be more likely to consist of... well, rope.

When things here get a little too comfy, a little too "formulaic," we mess up the

mix; adding some things, dropping others.

#### the wittke wire

Who would thunk a tall hairy homo would wind up being the hugely hyped winner of "Survivor," the surprise hit TV series of the Summer of Y2K? Although there were times I thought Richard Hatch was too conniving and sneaky (which just means he pushed a couple of ex-boyfriend buttons for me), it was satisfying to know that suddenly the assembly line of U.S. popular culture was forced to deal with an unapologetically out gay man. And he's one who doesn't look anything like a character on "Will & Grace."

The "Survivor" coverage has been a fun process to observe because it would have been much easier for people to deal with the

second place contestant, Kelly Wigglesworth, what with her being straight and a woman and all Though the official post-finale line on Richard has been that his more Machiavellian tendencies were enhanced by the way "Survivor" was edited and packaged into a storyline, there were times in the series I just wanted to smack him.

But that's how I always react to corporate trainer types. So what we saw from the night of the "Survivor" finale and on into Richard's subsequent appearances on TV shows and magazine covers everywhere, including an US Weekly cover story (Ed. see "Shits & Giggles," p. 16) that actually introduced its readers to the concept of "bears," has been The Rehabilitation of Richard Hatch. Richard and his fellow castmates' moments in the spotlight have lasted much, much longer than Andy Warhol could have predicted, but their new-found fame has brought about a spiffening up of some of their images. In Richard's case, the first thing to go was his beard. I suppose I can see why. On the first episode of 'Survivor,' when the contestants arrived at the island, Richard had a nice trim beard. By the end of the series, 39 days later, it was more Robinson-Crusoe-just-about-to-crossover-to-Charlie-Manson territory. So if it were me and I wanted to somewhat distance myself from people's negative image of me, I might

shave off the most recognizable, easily changeable facial feature associated with that image. And announce that I wanted to open a camp for kids with emotional troubles. Of course, none of my friends would recognize me without my beard, but come to think of it, maybe if I had won a million dollars I wouldn't want people to recognize me either!

Then, Richard underwent the more controversial tummy-tuck, ostensibly to tighten up the saggy skin brought on by pre- and on-island weight loss. Hey, far be it from me to criticize a guy for doing something he thinks will make him feel better... short of doing a complete Michael Jackson, I mean.

And it's not like Richard is suddenly Courtney Cox. He's still 6'4" and he's not exactly skinny, and his chest is still hairy. He might have a clean face—better for those high-profile corporate motivational speaking gigs—but he's still Our Richard: big, burly, furry and obviously not afraid to explore his dark side.

Okay, so what's with the remakes of oldTV series with smooth actors taking the old parts of furry actors? Will Smith didn't have Robert Conrad's chest hair in "Wild Wild West," not that I actually saw the movie, but still. Harrison Ford didn't have David Janssen's chest hair in "The Fugitive" movie and now the new TV season brings us a CBS remake of the remake with Tim Daly as Richard Kimble. Daly has even less chest hair than Harrison Ford. Is the lesson here that with each degree of separation from the source material we lose more and more body hair?

Luckily, TVLand still shows the original "Fugitive" in all its black and white glory. David Janssen was mighty proud of his chest hair and built his entire career on showing it off. I'm a particular fan of the original series' episode #8, "Hollywood & Die," which featured Janssen and guest star Brenda Vacarro being held hostage by a couple of beatnik hoods who continually called Kimble "daddy." Not "daddy-o," but "daddy." The more they said it, and they said it a lot, the sexier the show got.

My favorite is episode #18, "Where the Action Is," with guest star Telly Savallas. In that episode, Kimble played a life guard at a Las Vegas hotel. What would old Vegas have been without Telly Savallas? In the first few minutes of the show, Kimble has to leap into the hotel swimming pool to rescue a struggling young boy. Janssen's unusually tight, white swim trunks seemed to grow a bit see-through for the rest of the scene. I'm not saying you could see dick, but you could definitely see ass flesh, and that's always fun too.

Modern day commercials seem to be getting furrier, I am happy to report. My alpha wolf reporter The Dukester would like me to call your attention to the Kodak spot featuring a hairy forearmed, stubbly daddy taking pictures of his nervous young would be high diving daughter. He also pointed out the drool-worthy hairy forearms of the guy who does the Papa John's pizza commercials. We don't actually have Papa John's in our neck of the woods, but were very pleased when the commercials were shown during the Sydney Olympics. (And how about those Russian wrasslers and weightlifters?! Many of 'em aren't giving into the body shaving thing at all!!).

The Fall 2000 TV season is finally about to kick off as this issue goes to press, and there seems to be potential hair and/or bearitrude in "Deadline," with Oliver Platt; John Goodman on "Normal, Ohio"; "Boston Public" star Chi McBride; Casey Sander on "Tucker"; Kevin Dunn on "Bette"; Larry Joe Campbell on "The Trouble with Normal"; and William Petersen and George Eads on "C.S.I.." I'll get back to you after a few of these shows have aired, but probably not before some of them have already been canceled and replaced by other shows with other manly men. Who could ask for anything more?

Share your furry tips (and other parts) with Chris Wittke by writing wittkewire@hotmail.com ... he'll be glad you did.

Okay, I admit it. Even we watched the final Survivor episode. Jumped right onto that pop cultural bandwagon. Sat there and watched Richard rake in the bucks in that final vote, while poor little Kelly suf-fered a vicious tongue-ashing at the hands

of truck-driving Susan (who—if you must know—was the real bear on that island). Anyhooo, here's the new Celebrity Ri-chard, on the cover of US Magazine; cleanshaven, tummy-tucked and ready for an-other 15 minutes. We got lots of calls and letters here at BEAR from folks wanting to see more (if that's possible) of the bearded,

hairy, conniving-but-still-likeable fella who schemed the Survivor dough from between the fingers

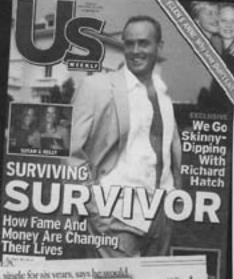

of his fellow castaways.

We tried to politely explain to a couple of Canadian fellas that we prolly would not be featuring Richard in an upcoming BEAR pictoral, after which they vowed to get all of their friends... "to cancel their BEAR subscriptions." "How dare you not support a

man who is out and proud and hairy and bearded?" they asked. We support him, dude—really. We just don't need to see him

Got called a "damn queer" by a family member last week. First time that's happened. To tell ya the truth, I didn't think anyone on the Mauerman side had the bulls for it.

You GO, Grampa.

He's old, you see. Went to see him cuz Grandma died and I felt sorry for him. I sappose I still do feel sorry for him, but he was a substantial asshole, so he can just BE that way. Tsk.

One of the saddest things about being gry is how it cuts you off from certain things—old people especially. They aren't nimble enough to handle the idea of men sucking other mens' dicks. My grandpa could only guess, it's not like I brought the subject up. (Yes, sometimes Im identifiably gay even with my butch, callous exterior!) But I'm a little disappointed that the rifts on that side of my family tree may never be healed. I don't know how you mash up egg salad and dicken soup and be so snide and still be a straight ex-WWII shipbuilder, but my grandpa managed it all just fine.

I sat there and took it. I didn't fight back. I could have whipped out PFLAG brochures until I was blue in the face, it wouldn't have made a damn bit of difference.

Normally I love older folks. But what to you do when they're ninety and have already made up their minds?

You're finally old when you stop taking in any more information. I don't care how spry you are, when you stop listening it's time to go. Even 22 year olds can wind up with a completely full harddrive, open mouth and little use as a member of society.

Due to recent epidemeology, we've been able to see young people get old and frail and die before their time, regardless of their frame of mind, while at the same time-my god, is Jack Lalaine STILL alive? Things just don't always make sense. Age in't usually the determining factor anymore, but I'm sure that old people use their age to wuss out, sometimes.

'I'm old.I don't HAVE to recognize same sex marriages, women in the workplace or any of those goddamn computers."

On the other hand, we got people like this friend of a friend, I never met him, but he came out of the closet a s a gay nan when he was 72 years old, and was holding art shows until he died at the age of 91. Who comes out at 72? It's not like

HAT'S OFF

# **OLD FART**

he's gonna be getting laid much. More of a self-actualizing thing. But that is still so much more than my old grandpa will ever understand. About the most self-actualized he gets is kicking the cats Gramma left behind.

Steering the topic away from my Grandpa JUST a little bit... I've dated a few older gentlemen- one was 62. And he was pretty cool. As Benjamin Franklin once wrote, the older set isn't much different from the younger once you get down to it. Physically, I tend to like firm beef, though, which can quickly fall into abatement in mature men. And I'm sorry, I've never liked sticking my tongue in a man's mouth only to find a dental plate in there, I don't care what they say about the merits of toothless cocksucking.

But I know that, as I get older, so will my partners. And teeth in a jar beats cremains in a jar any day.

Then there's BEAR Magazine. Stop me, please, if you've heard this one before: Compared to those mainstream magazines, the men in BEAR are old.

Wow. I guess I just called some of you guys old farts in print, and you can't catch me. Someone once figured out, I think it was Joe P, that the median age of a BEAR model was 37, and that was many years ago when I was a much younger man. Could be anything these days.

We're still a society that values youth above just about anything else.

So many gay men would freak at the idea of even a 50 year old man being sexual. To us, though, it's just naturally good eating. We have an ace in the hole, you see, liking men with beef and burl and a few bumps on the road. It means we have time before we really get over the hill. But just watch everyone light up when a cute hairy young fella comes along to the bear-b-que. We flock to him. And in so doing, we use him up and make him old.

There's a catch, of course. When I talk to you about fucking a 50 year-old, I'm thinking bearded construction worker with muscles and a pair of really sexy, dirty boots. In reality, there are many other flavors of 50 year old gay men. Some marvelous, and some less so. (If I bring up the images of bleached hair, sweaters, scotch, sun blotches, gold chains and Benson & Hedges you'd probably just say I'm being a stereotyping bitch. Is it my fault that I don't like the smell of cigarettes, Obsession, lube and shit?) Meanwhile, I'm closing in on 40 at 3,600 seconds-per-hour, so it's not like I should talk.

That's enough on sex, though; there's more to the planet than that.

Theoretically, old people should be thrown away and disregarded, right?

We put 'em in homes and feel guilty for not visiting, right?

Support your local old person—until they call you a damned queer.

Then you have to decide if it's worth the battle. Some people can change, even if they're farting dust. Others never will, but you're supposed to love them just the same. I have other friends of my grandpa's generation, including my ex-apartment manager who's 96. She won't try to teach me how to play Bridge again ("... Who played that card?" "You did, dear."), and I don't try to get her to vote Democrat. We respect each other.

In the case of my grandfather, he just doesn't like my siblings and me.

If it was just the fag thing, I'd stay in and fight, and have him subscribed to BEAR in no time. But it's not. So I'm cutting him loose. He's got my cousins, the normal people in the drywall business with all the illegitimate children. He's proud of them.

And I'm proud that, in the vernacular of my generation, I'm over it.

ey, how come me alla time?
The day started out great: sun shining, birds chirping in the trees, butterflies fluttering, squirrels skipping around swiping chestnuts from the chipmunks, all that Springtime stuff. At the start of the day, everything is great. Now at sunset, I'm wondering what the fuck happened.

Traffic zips along on my way home tonight (not like usually, when the only difference between the freeway and a parking lot is that "parking lot" is two words), but the moment I get off the 101 and the sun goes down, my troubles begin. Darkness sets in as I roll along humming a cheerful little tune (and ignoring the speedometer). Suddenly ba-ta-bing, I'm in the killer beams of an LAPD motorcycle.

Now I'm pulled off to the shoulder, waiting while the cycle cop parks his bike behind my car. Hey, I can't afford a ticket here! When the DMV tabulates my score for the year-to-date, it will light up like a Vegas slot machine, my insurance rates will go up, and the boss will go into pinkslip mode. What am I going to do? The Mountie bas me dead to rights: I passed bim doing 65 in a 45 mpb zone.

I check the mirror as he struts up to my car window. He's a tall one, wide as a San Francisco 49er with legs like the stanchions of a high-voltage tower. He wears a black leather jacket (this would be much more reassuring if that meant he was just a hoodlum after my wallet), but he also wears tall black boots, blue chino riding pants, and a big, silver badge over his heart. Not bad, really. If I weren't at the Gates of Hell here, I would think of come-ons for this guy.

I hope he doesn't get any curiosity about searching the car. He won't ask me what's in the trunk, will be? They don't do that for speeding tickets, do they?

He bends down to my car window. Big blue and gold helmet. Black sunglasses. Regulation dark brown mustache. When he asks for my license and registration, I say, "Officer, I'm terribly sorry," and the second the words are out of my mouth, I realize how lame they sound.

He sees the panic in my face, because after a long pause, he says, "You look like a man who doesn't want a ticket." His voice is low and deep, and in one little unused packet of my brain (a little section way in the back where I keep the track scores) I think, Maybe be's not so bad after all, and I wonder what the cop is like in real life — does be take bis whiskey neat, does be sit around in bis underwear watching baseball games on TV (boxer trunks, briefs, maybe a thong bikini?), does be belch after a beer, is bis dick uncut, stuff like that. Most of all I wonder, is He A Nice Guy?

I like his voice, and he's not bad looking. The sunglasses make him look too Hollywood — or too LAPD — but what face I can see outside them has nice, chiseled features. The mouth under that dark mustache is thin and cruel, though.

It's dark, but the moon is full, and in its light he looks ciné-noir and mysterious — the kind of guy who would, out of the clear blue, ask me what's in the trunk. No! I've got to stop thinking that. My brain waves will leak out to him. Think about his face! Yeah, nice face.

I've got to convince him I'm humble and repentant, "No, Officer, I don't want a ticket. I'm sorry I was speeding. It won't happen again."

I'm trying to sound sincere here, but "trying to sound sincere" is the very definition of faking it. "That's too bad," says the deep voice. "You've broken the law, and you've got to pay."

Damn, what a bastard, rubbing it in like that. He takes out his ticket book. As he writes, I consider the catastrophe this ticket will cause. It will ripple out from a simple transportation problem to become a tidal wave over my occupational, residential, and even social lives. A cold breeze of panic slides in through the car window from the hunky cop and his ticket book. He's eye-candy but also damnation in a blue suit. How come me alla time? I'm in quicksand here.

It could be worse, though, whispers a voice from my subconscious, and I remember what's in the trunk. Hell, yes. If he looks back there, the traffic ticket will be just a mosquito bite. In the trunk is a Black Hole that will suck everything else into it.

I consider my options here, and for the life of me, I can't come up with more than two: (1) I sign the frigging ticket and go down in flames, or (2) very iffy, but I've heard of roadside negotiations with ticket-writing cops. Usually women ply the gendarmes, but who knows? The odds that this cop will go for me on a physical level are astronomical, but so is the cost of his traffic ticket.

FICTION BY JIM DIAMOND PHOTOGRAPHY BY M. CZAJKOWSKI I glance at the bulge between his legs and swallow hard. "Officer, isn't there ... some other way we could solve this problem?"

He keeps writing, doesn't look up. "What did you have in mind?"

Ah-hah, he's not incorruptible (my kind of man), but cosmic ball-bearings are rolling around this pivotal moment. In a perfect world, hitting up another man would be a no-brainer and no danger — who wouldn't welcome such a freebie? In Mondo Daily, however, what I say next will either solve my problem and "The L.A. River will continue unvexed to the sea," or I will get (along with the ticket) bumps, bruises, and probably a night in the clink. "Oh, I don't know ... I'm sure there's something ... maybe I could do some special favor..."

Oh, that sounds great. I'm offering to do anything from cooking him blueberry paneakes to mowing his lawn. What I'm thinking of (and I hope he picks up on it) is something more immediate, something more personal, something short and sweet with the click of closure. It's a guy thing, but I can't bring myself to say the words in his august (and badge-carrying) presence.

As if he reads my mind, he says the words for me: "How'd you like to suck my cock?" He takes off his sunglasses and looks down. Cold eyes. Pale blue. Actually more of a piercing cerulean. Eyes like that belong in a Moray eel, in the guy who throws the switch at the executions, or in the dude who pulls a single can out of the six-packs at the 7-11. This guy's probably the Bad Cop in the interrogations. He isn't smiling, so this is no romantic rendezvous, it's business. He's serious.

So be it. I look him in the eye, pause dramatically, then open my chest for the greatest vocal resonance. The booming, masculine voice I hope for, though, comes out as a choking squeak: "Lemme see it."

The scratch of his pen stops, and I hear a zipper and the rustle of cloth. He stands up straight, and there, right at face level, is the reason this cop struts. My mouth drops open more from shock than lust.

Don't get me wrong. I can get into this, I really can. Just the other night at a club in West Hollywood, a guy I met bought me a few drinks, and the next thing I knew, I could hardly talk for the tubesteak in my mouth. But this bass-voiced cop has a dong that belongs in Ripley's listings. It's big, fat, and has a foreskin like Superman's cape sagging down in a seductive funnel over

his cockhead.

I can't see his face — his head is above the car — but I can imagine the bastard is smiling. He knows what's going through my mind: I've traded a traffic ticket for death by choking. At least I'll need reconstructive surgery after that thing unhinges my jaw. 'Dirty Harry,' my ass. This guy is "Horsemeat Harry." Even his foreskin is bigger than my dick.

Well, first things first. I look around. Night is falling fast. What last sights of earth's beauty will I take with me into the next world? Forget the sunset. I don't have much else to look at but the world's biggest cock. I feel like Rapunzel trapped in the tower with the ugly gnome, Rumpledforeskin.

I lick at the big cock-sheath, it slides back a little, and the tip peeks out. The black hole aims at me like the muzzle of his .38 pistol, and I stare like a deer caught in the headlights. "Awright," he growls, "suck it."

I open my mouth. At the same time, he puts his arm through the window and yanks my head from behind. The big pecker spreads my jaws, and the only word I can think of is the immortal phrase invented by the very first pornographer. Arrigh!

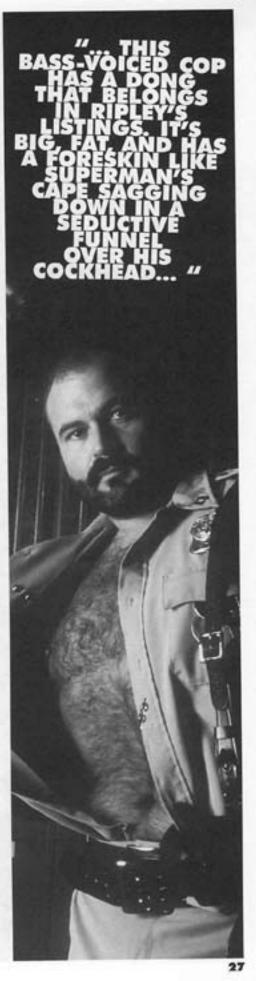

When I was a kid, I loved salami. I still do, but now I'm not so dumb as to try to steal one by eating it in the store. Not particularly bright in those days. Poor dumb kid, I thought I could do it — swallow a whole salami and walk out of the store, if only I could eat it before the deli owner spotted me.

I'll never forget it. After my mother came to the emergency room to pick me up, she started a harangue that went on for years. "There he goes, the only kid in town who had to have a salami surgically removed."

What will she go on about when she hears I had to be rushed to UC Medical Center for policeman removal? Think of the complications. How can they put you on the ambulance gurney if you have 235 pounds of cop attached to you by the primal pinion? How can you sign the papers at the hospital with constabulary pubic hair in your eyes?

And what if the situation is critical? In the movies whenever the cavalry trooper gets a Cherokee arrow through his shoulder, they always tell him, "Sarge, we don't dare pull it out. You'll bleed to death."

I can just hear them. Mr. Diamond, we're afraid we have to leave it in. If we remove it, you'll get uncontrolled anti-

disestablishmentarianism."

With that thought, I get panicky. I'm have to get him off me if I have to paddle his balls with my cell-phone, but he lets out the classic, "Ohhhhh, yeahhhh," and pulls out by himself. Then I taste cop: hot, slimy, and salty with an under-flavor of Clorox.

Well, okay, has this has solved the problem? If so, Gendarme Bleu 1999 was a very good year. Oui, M'sieu, a bit leathery and rough, but — hanh-hanh — the insouciance tickles the palate with a playful hint of boyish mischief, ne c'est pas?

Nope. My problems are just beginning. The cop looks down at me and says, "Damn, that was fantastic. I never felt anything like that."

He's thanking me?

The dude in blue lowers his face to the window. He's breathing hard, and his laser-blue eyes are warm and moist like the blue buttons in a teddy bear. "I never felt anything like that in my whole life," he gasps. Son of a bitch. The bass Voice of Doom has become the faltering baritone of an uncertain young lover. Gimme a break! His tone sounds like a romantic guitar should be playing in the background, and — oh, no! — he actually gives me a little smile.

You mean the way to a man's heart is through his urethra? I've got a cop in love with me here?

Come on, all I want is physical escape from a DMV trap. He gets a quickie come, I get a quickie go. But no. "Mr. ... ah ... Dismond," he goes on, "that was the strongest climax I ever had. My knees are still weak."

\*Gee, Officer, that's great, but I — hebheh — can't claim any great skill, I just...'

"No, no," he gasps, "nobody ever made me feel like that. Look here, I'm still trembling." The guy holds out his hand to me, and (what the hell) I take his hand in mine. Sure enough, he's shivering like he's on Mt. Everest wearing nothing but a wet sheet, but he squeezes my hand affectionately!

Four minutes of gagging on a pinto pony with a foreskin like a circus tent have scored me a harem slave from the LAPD?? I look up at him, and I'll be damned if he doesn't actually look shy and sheepish. I've got to get out of here. "Yeah, well — ha-ha — glad you liked it, Officer, I'll be getting on my wa—"

I try to pull back my hand, but, "My name is Darren," he says a little awkwardly, holding on like a teenager in the park. I have not the slightest idea what is going to happen next. Not in a thousand years would I have predicted this.

He smiles again, and I get a very strong feeling that if the moonlight were only a little stronger, I would see him blushing like on a first date. "Tell you what," he says in a voice that reminds me of Tom Sawyer asking Becky to go paint fences, "I get off duty in an hour, but what the hell, I'll check out now..." He looks hard at me, and those blue eyes are begging. "Would you — oh, I feel stupid about this, but — would you ... could you ... go have dinner with me?"

If Elvis Presley came down from the PlanetTattooine in the Millennium Falcon to present me with his gold-colored '59 Cadillac, I could not have been more dumfounded. I can only gape at the cop in astonishment. I am utterly speechless.

He looks down at the ground, and I know he is scuffing the toe of his boot in the dirt. "Ah, I guess you probably already got somewhere to go," he says glumly. "It's just that ... ah, hell, I don't know ... I'd just like to ... you know, get to know you better."

This is a cop?? This is a cycle-riding, .38toting, badge-sporting Los Angeles policeman? Here is a mustachioed stud with a bazooka in his pants, a uniformed Mountie who could walk into any West Hollywood bar and rule as Sultan and God, and he is begging me for a date? He is tongue-tied and boy-voiced over me??

As a matter of fact, I do have some errands to run, but the more I think about it, when an adventure like this pops up, who am I to push the genie back into the bottle? "Sure, Officer. I'll have dinner with you. Where do you want to go?"

The look on his face tells me I just gave him his first bicycle."Drive to Beck Street," he says, grinning like an idiot. "Turn off down the lane leading through the orange groves. At the end of it is a bar called the Conestoga. They have pretty good food, and," he lowers his voice, "it's quiet and peaceful." He snaps the ticket book shut (an action I've been waiting for) and steps back from my car. "I'll meet you there," he says and walks back to his motorcycle.

I watch him in the rearview mirror. He waves at me real friendly-like. I can't believe this.I'm morphed into some parallel universe. A frigging cop is trying to romance me.

As I pull out into the street, I turn on the dome light and look at myself in the mirror. Nope, same old me. I'm vain enough to say I don't have a face like a saddlebag, but I passed out of that young cop's league a decade ago.

My first thought, of course, is to disappear, and Dudley Dooright will never see me again. Then I remember that he has my license number, my name, my address, everything he needs to show up on my doorstep. Hell hath no fury like a woman scorned, so I can only imagine what an LA cop will do when dumped on. Besides, I gotta admit I liked the chewy feel of that foreskin.

Maybe I have enough time to get rid of the contents of the trunk. No, that would take too long. I bite my lip and drive to the Conestoga Bar.

How come me alla time?

He's there, still in uniform. He must have blazed back to the station, punched out, doused himself with Calvin Klein No. 5, and beat it back here on the double. He's sitting in a booth in the back, and when he spots me in the door, he beckons. "Mr. Diamond, Mr. Diamond ... over here!"

I slide into the booth with him, and he looks at me with downright worship. Does he think I'm some aging rock star or something? Do I look like Jimmy Paige in a business suit? "I never thought," he says, "I'd meet anybody like you."

What is going on here? Did this guy have an abusive uncle? Did he get cut out of all the high school J.O. parties? Did he have no father figure? How did he get such a thing for older men? "Look, Officer—"

"-Call me Darren."

"Darren .. look, it's nice of you to invite me here and all that, but come on, it was just a blowjob." A guy at a nearby table looks over, so I drop my voice. "Haven't you ever had a blowjob before?"

He does blush, yes, indeed. Damn, what is a 28-year-old, weightlifting, heavy-crotched cycle cop doing blushing? With what this guy has inside his pants, he should be the Lion King. "Yeah, I've had blowjobs," he mutters, "but never like that. You burned me up, man." Then he looks down and really does turn sheepish. "I'd give anything if..."

Ah-hah! The sultan finally figures out the harem slave has been stringing him along with praise, hoping to get another sample of hotlips. "You want me to do it again, is that it, Darren?"

"Ohhhhh, yeahhhh."

Hmmm, do I want to suck this big cop again? I already beat the ticket. "C'mon, Darren, it was just a simple suck job. I didn't do anything spe—"

"—Yes! Yes, you did!" He, too, has to lower his voice. "I'll do anything to feel that again."

Anything? A lifetime of traffic tickets and breathalyzer tests passes before my eyes,

and I see a chance for motorist's revenge.

"Well, I think turnabout's fair play, don't
you, Darren?"

Then his face turns white. All of a sudden we're in new territory here, aren't we, Darren? The horny cop trying to persuade me to give him Blowjob Number Two has suddenly become the horny cop seeing himself sucking in return. "Darren, old buddy," I murmur, "I, too, have needs, and as I take care of yours, I think you can take care of mine."

He purses his lips."You mean you want me to—"

"Yeah, Darren." I get up from the booth.

"Meet me out in the alley. My car's parked there." As I walk out, hearing him getting up behind me, and I realize we're at the Main Event. If I play my cards right, and he really is the horny little puppy he appears to be, I may get into the police station by the back door.

The Conestoga's parking lot is only a little lighter than the Black Hole of Calcutta, and in the shadow of the cars. I face him as we shuck our pants down to our knees. I kneel and once again get the Pride of LA down my throat. Once again he goes bananas from my technique (whatever that is — hell, I just suck and slurp). When he's done, I swallow the last of it, look up at him, and smile.

"Okay," he says, his voice resigned. "My turn now."

He bends his knees to kneel, but I catch his arm. "No, Darren, let's remain standing." His eyes widen as he puts two and two together, and for a second I think I may have lost him on this, our first date, but finally he says haltingly, "Yeah, well ... I never did that before, but if ... you promise to suck me again?"

I simply cannot believe this. I am talking to a cop about fucking, and be is going along with it! Again I figure somebody hit the Outer Limits button, and I look around to see if Agents Scully and Mulder are looking in on us. On the other hand, I am talking to a cop about fucking, and be is going along with it! Who am I to kick a gift horse in the mouth?

I turn him about and with his pants down, his buttocks look like dusky boulders in the moonlight. In 2.6 seconds I have fetched a rubber and some hand cream from my car, and in 2.9 sec-

onds I find out why LAPD troopers are so proud. I lean him over the trunk of my car, spread his legs wide, and move between them. Hey, things are finally going my way! I have stumbled onto a cop who has leaped out of the closet. The feel of my hands on the black leather of a cycle cop's jacket while my Most Holy punches through his security perimeter is something more than mere sex. I want it chiseled on my tombstone: Cornboled a

Fucking Darren, though, is like sex with a professional wrestler. No way is he a passive hole. With every stroke of mine, he writhes and struggles, bucking under me (but I don't let him get away), and when I go into slow motion, he lets out long, low moans. I just don't get this guy. As much as he loves this, how in hell did he ever get to be a cop? He should be up there in lights as the world's greatest gay

porn star.

When I've cummed in him, and my motor is winding down, suddenly I stiffen like somebody rammed an icicle up my ass — we have been struggling and cavorting on the trunk of my car!! What in hell was I thinking?

Damn, every time my scrotum gets into the driver's seat, I end up in a traffic pileup! Sure enough, when I back off Darren and he raises himself from the trunklid, the damned thing pops open.

Not even the darkness of the Conestoga's parking lot is enough to obscure what's there. He sees the costume, the wig, the red nose the makeup kit, and the signs. He looks back at me. "You? Y You're ... Ronald? The famous Ronald? Ronald bimself??"

"Yeah. You caught me between tours. Man, you can not let the head office know that I got a traffic ticket. They're very conservative at headquarters."

Darren looks at me with even greater wonder. "Ronald. I got sucked by Ronald himself."

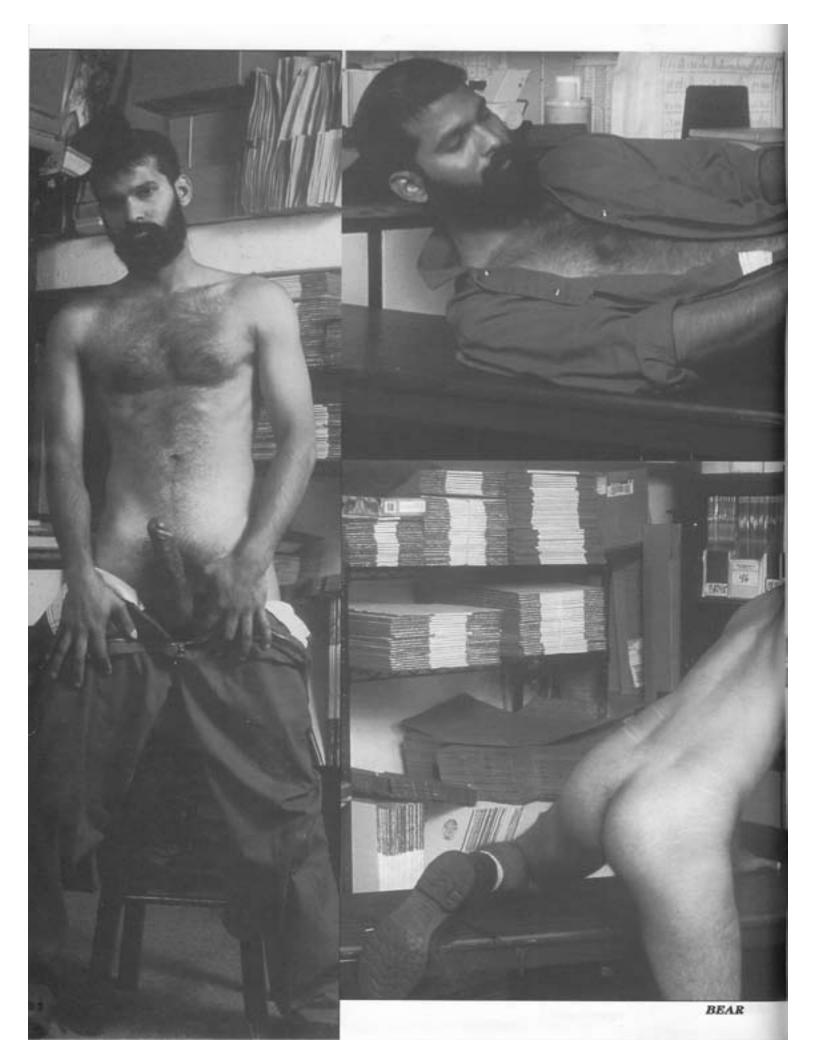

"Yeah, yeah. AGd remember, you also got fucked by Ronald. C'mon, I'll buy you a cheeseburger."

## MMMMM... Cheesy Bears.

Maybe I like this stuff so much because it's one of the few things I can actually *cook*. Mac-n-Cheese. (Or Mack-n-Cheese?) Either way. *Yum*.

I don't care if they're shaped like Bart Simpsons, Dino saurs, Pokemons, plain ol' Mac&Cheese noodles or... well... bears, like you see here. I love—no, LOVE—Macaroni & Cheese. (And not that fancy schmantzy new-ish stuff with the squeeze-out cheese goo. It's gotta be the old fashioned 4-boxes-for-a-buck double-wide trailer park kind, with the orange-yellowish "Cheese Sauce" powder that turns into cheese when it hits the milk and butter.) Mmmm...

Yeah, yeah, I know. The Captain has just turned on the "Too Much Information" sign.

And, ya know what? I don't care. I love this stuff. Could eat it by the bucketful. And I do, when my other half (who doesn't share my passion) is out of town.

So does Bill, who sent this box in (and who tells us he's been a  $\overline{BEAR}$  reader since issue #10!).

Or... does he? This box arrived unopened.

No matter. I'm hungry. Hey Bill - thanks for lunch, buddy! 28

# Spooge Daniel

Part Two: The Next Day

I leaned into his chest, my breath hot in his thick pelt, my legs getting weaker by the moment. Remembering the feel of his hot dick jumping and jetting his cum into my mouth I wanted nothing now so much as him. I ached to get his cock back in my mouth, or mine into his.

A aron finally let me up after pumping his hot load of cum down my hungry throat.

I had felt his hairy balls jerking against my chin when he got his rocks off, but that was just a secondary thought at the time. I was too busy to pay his balls much mind because I was really trying to concentrate on the thick wads of sprouty-tasting cum he was jetting into me. He was crouched across my chest, one leg on either side, each knee folded across one of my arms, effectively pinning me beneath him. This whole thing was so new to me, though, that I didn't want it any other way. I wanted Aaron to use me.

Thinking back on it, what I really wanted was for Aaron to like me. He was my first man, and I had lucked across the best to teach me the things I really wanted to know.

"OK, little buddy, we better get busy and get on the road if we want to make any time today." Aaron said. "Damn if'n I wouldn't rather just spend the day back here in the sleeper with my dick in your mouth. Anybody ever tell you that you got a talented tongue? You can lick my cock any ole time."

Aaron raised himself from my chest and swung his leg over me. Lying beside me he wrapped his fist around my hard cock and started stroking it. It only took a few strokes for me to shoot my load. I was still excited from having sucked his dick again. Like Aaron, I would have been happy to stay in the sleeper with him the rest of the day.

He brought his hand up to my face and rubbed my fresh spooge on my mouth as he raised himself up and started crawling over into the driver's seat. "You better get yoreself cleaned up boy," he chortled. "We gotta' hit the road in a couple of minutes, that is if'n you're still wanting to ride with me. Long ways to go today."

He darted his head back into the sleeper and casually licked up some of the cream he'd wiped on my mouth. "Damn, boy. I'm sure glad I stopped for you. You've made this run worthwhile for me. Good company, y'know. Of course that big ole creamy rod of yours is nice to have along too!" His eyes sparkled and he flashed me his infectious grin. I hadn't noticed earlier but he had a dimple on each cheek just at his beard's hairline.

He quickly dressed and started up the engine, the diesel roaring to life and shattering the silent darkness of the early morning.

I pulled on my clothes and climbed into the passenger's seat while Aaron was making some notes in a pad. He told me that if I needed to go to the bathroom I should go now because it would be another two hundred miles before we stopped. I told him I just needed to take a leak.

"Shit!" Aaron said, "Too bad I'm already dressed!" I was trying to figure that out when he continued, "Open the door and let 'im rip. We need to get under way, boy."

I pissed, Aaron revved the engine, and we headed out onto the open highway.

We traveled the first hundred miles in relative quiet. The radio was only a soft country nuisance in the background, barely loud enough to know it was on. A twangy guitar and a lonely, mournful wail could be heard above the purr of the diesel every so often as Clint, Travis, Reba or some other country singer moaned about a cheating lover or some other equally depressing problem. The CB would burst into life when another semi got near enough to us, Aaron always acknowledging the other trucker with a "good buddy" greeting. Other than that our silence was only punctuated by stretches and yawns, mostly from me.

Daylight rose in the East, and we stopped after a while at the two hundred mile mark which turned out to be a small truck stop just off the highway. Over ham, eggs, home made biscuits and hot coffee Aaron told me the plans for the rest of his trip. He was going on to Tampa where he'd unload, stay the night in a motel and wait for orders for his next pick-up. I was welcome to ride with him for as long as I wanted, and he would be happy if I wanted to stay the night with him in Tampa. I replied that I wanted to make him happy.

We made Tampa and got unloaded by 5 PM. Six o'clock found us getting settled into our motel room.

I dropped my backpack on one of the double beds and Aaron set his bag on the dresser beside the television. Although we'd talked quite a bit on the road after breakfast, I was still fairly unsure of myself with Aaron.

As soon as we both got into the room I had a boner, aching for another go at Aaron's big cock. I was almost drooling with desire to run my face and hands over his furry chest, to feel his hot cream spurting into my throat and over my face. I didn't have to worry long.

Aaron came to me in the middle of the room, cupped my face and opened his lips to my mouth, forcing his tongue onto mine. We held the kiss for a long time. I reached behind him and pulled him closer to me, one hand behind his head and the other searching for his shirt buttons so that I could get to his hairy nipples. As his tongue caressed mine and explored my mouth I could feel my cock beginning to drip with pre-cum, wetting my shorts, fanning the fire blazing in my crotch.

His lips broke our kiss and slid up the side of my cheek to my ear. "Let's take a shower," he whispered.

Before I could say anything he was slipping my shirt off, keeping his lips close to my ear, breathing his heat onto my neck. He was so fucking gentle as he undressed me. His soft, husky voice was ever-present at my ear keeping me enthralled with his suggestions of what he wanted to do with me, while his hands were busy unbuckling my belt and unsnapping my jeans. I was

like putty in his hands as he dropped to his knees in front of me and slowly pushed my jeans to the floor. He stood back up and began kissing my neck as one of his hands explored my nuts and my brick-hard cock.

I wasn't so far gone that I didn't feel him rub my pre-cum around my cockhead with his thumb, but I was certainly in a daze, swept up with the heat of desire and passion this gentle bear had drawn me into. I leaned into his chest, my breath hot in his thick pelt, my legs getting weaker by the moment. Remembering the feel of his hot dick jumping and jetting his cum into my mouth I wanted nothing now so much as I wanted Aaron. I ached to get his cock back in my mouth or mine into his. I wanted to taste him again. It was all I could think about in my fog of heat: to taste his cum, to ram my hard cock up his tight ass while I lay on his furry chest listening to his grunts. Damn! I had to get my nuts off!

I was still in a heat stupor when I realized that we were both undressed. Aaron pushed me gently to the shower stall, his fingers searching my ass crack as we moved across the room.

As soon as we stepped into the shower stall, and before the water was turned on, Aaron faced me and pulled me to him. Our hard dicks mashed into each other's belly. He covered my mouth again, slipping me his big wet tongue as he put his arms around my back and joined his hands together behind me. We were like that for a few seconds, me enjoying his hot kiss and my dick throbbing with desire.

Then I felt it.

At first I didn't know where the hot water was coming from because we hadn't put the water on yet. Realization hit me all at once. The son-of-a-bitch was pissing on me! I tried in vain to back away from him but he had me pulled so tight that all I could do was grunt and wiggle. I knew about golden showers but didn't think I'd want one. The thought of another man using me as his urinal was enough to piss me off royally, pardon the phrase.

Aaron broke the kiss after he finished pissing on me, but he continued to hold me around my waist. The minute I started sputtering about him being a dirty bastard, he just came back at me and licked my face, giving me his understanding grin.

"Hell, boy," he said, "Even a dog marks his territory! Us bears gotta do it, too." With that simple statement Aaron released me.

Then suddenly, and with no explanation, it was all business. He might as well have turned the cold water on. He became jovial as he began to talk about going out for a nice big juicy steak, a crisp green salad and maybe some fries, all downed by a few cold beers. "My treat," he said. The rest of the shower was used to get clean much to my chagrin. My poor dick withered, wondering, no doubt, what it had done wrong. I figured that maybe my reaction to getting pissed on had damped the heat of the situation. Oh well, I still wasn't sure what I thought about somebody peeing all over my belly and crotch.

There was a nice steak house within walking distance of the motel. We each had a big sirloin dinner and several beers, followed by a cup of steaming coffee and a slice of hot apple pie topped with melted cheddar. Aaron joked with our waiter a couple of times. He was a trim young muscle stud with black hair and green eyes. I wasn't sure what I was feeling, but I didn't much care for Aaron's being so fuckin' friendly with him. We walked back to the motel, taking a detour to get a view of the beach on Tampa Bay. Twilight was beginning to settle and the last shards of the sun's rays were licking the dark clouds coming in from across the water. There was a distant roll of thunder and we could see jagged streaks of lightning nipping at the horizon. A sudden wind blew in bringing the promise of imminent rain, but we were back safely in our room before the storm hit.

I went to my bed and started getting ready to turn in. I was already down to my shorts when Aaron said, "Undress me." He was standing in the middle of the room, his shirt unbuttoned and his jeans unzipped, a grinning wall of auburn fur.

I was there in a flash, pulling at his shirt and pushing down his jeans with a sudden frenzy. He pushed me back. There was the flicker of a grin on his handsome face.

"Jim, I know you want it, and I do too, but why don't we take our time and enjoy each other. Hell, boy, that stuff we did in the truck was just some 'get-acquainted' sex. Let's have some 'getto-know-you' sex now. I want you to undress me the same way I undressed you before our shower. I've had a hard-on for you ever since you got in my truck last night, but now I want us to do it right. I want some pleasure to go along with our fun." His grin was gone, and his eyes were serious.

"Aaron, if you're asking me to make love to you, I don't know how to make love to a man," I said. "All I know is that I need your cock. I want it in my mouth, against my body. I want my cock in your ass again. I want your fucking chest rubbing all over me, man! Hell, I get pleasure just from you touching me. When you undressed me earlier it was all I could do to keep from shooting off. I'm so hot for you that I just want to rip your clothes off and be done with it!"

"Do it," he said. "Do it to me the way you want me to do it to you."

I slowed down, my hands shaking, my breath coming in quick gasps. I eased his shirt off and rubbed my face against his hairy chest nipping at each nipple as I grazed by it. He gasped but didn't move as I continued undressing him. I dropped his shirt to the floor and went down on my knees in front of him, easing both hands into the top of his boxers. I grabbed his stiffening cock and pulled it free of his shorts. I looked up at his face. It was turned up toward the ceiling and his hands were pinching his tits. I wet my lips with my tongue, opened my mouth and slid his hardening dick into it just til I got the head in. I took a few easy slides on his rod, coating it with his pre-cum and my saliva as I pushed his jeans to the floor.

He stepped out of his pants and boxers and pulled me up to his face by my arms. I melted into his chest and turned my face up to his. He looked into my eyes before closing the distance between our mouths and kissing me. He was in no hurry this time, merely brushing his lips lightly against mine, with just the faintest moisture from his tongue which was slightly peeping from between his lips.

My head was beginning to spin again as Aaron took control of my body. He seemed to know more about what excited me than I did.

The kissing got a little more urgent as we sidled toward the bed. Aaron eased me down onto the bedspread and lay down beside me, never breaking our kiss. He pulled me over on top of him and put his arms around my back. I felt his hands roaming up and down my spine, going from my neck to my ass and back again. My dick was straining between my stomach and his, coating our bellies with an abundance of slime. Meanwhile, between the heat of his tongue in my mouth and his hands on my back, I became aware of his dick jerking between my legs just below my balls. I pulled my mouth away from his.

"Aw fuck!" I said. "Man, push that hard cock into my balls. Rub it between my legs. Damn Aaron, that's hot as hell! Give it to me dad!" I'd never had a hard, hot cock pushing between my legs before. There was an urgency in its power, a need to feel more.

Aaron pulled my face back to his and resumed kissing me. One of his hands had found its way to my ass and was easing a finger into my crack. I was in such a state of need and heat that I couldn't keep up with all that I was feeling. I opened my ass for him and he started easing his finger into it. I wanted to tell him how great it felt but he wouldn't release his mouth from mine. His cock continued to pump between my legs and I could feel his slime getting me very wet and slippery. Before long he had his finger all the way into my hot ass, fucking in and out and stretching around the sphincter. I saw the tube of lube on the bedside table and realized why his finger had entered me so easily. It felt like he was really greasing me up back there, but what the fuck! I didn't want him to stop. I humped back as well as I could, trying to pull more finger into my ass.

"Well pal, you seem to like that finger punching your shitter, huh?" Aaron eased me off his stomach and turned me onto mine. Then he climbed over on top of me and began fumbling with his dick.

I heard the unmistakable sound of a rubber snapping. "It's a little late for that , isn't it?" I asked him.

"Boy, I don't even drive my Peterbilt without a mudflap. I'm just protecting my property." He slipped his hard cock between the checks of my ass. "Now, Jim, you just lay yoreself still and let this happen. I guarantee you're gonna' like it."

I didn't say anything. I was thinking about how big Aaron's cock was and wondering if it was gonna fit in my ass. As bad as I thought I wanted it, I was afraid I couldn't take it. But I was determined to try. It sure felt good sliding in my crack, getting closer and closer to my asshole. It finally hit the target and Aaron stopped his pushing, leaving his rod at the entrance to my hole.

"I'm gonna go in a little at a time, boy, 'cause I want you to enjoy this. There ain't nothing like getting a hard dick up your ass, especially if you're broke in right. We wanna' go real slow, and let you feel everything so after a while when you're punching my ass with your big ole hog-rod you'll know what I'm feeling." Aaron began to push a little more in me, pausing after every inch to let me get used to it. Fuck, it was so good that I couldn't wait, so I humped myself back on his rod. Big mistake! The fires of hell blazed in my guts for a few seconds. Aaron pushed my face into the bed to stifle my yell.

"Damn, boy," he said. "I told you to let's go slow. Hell, we've got all the fucking night! Now, settle down and deal with the pain. It'll be gone in a minute or so and then you're gonna get yoreself a good fucking."

I was trying to deal with the pain, all right, but Aaron didn't seem to be too concerned with it. He started fucking me slowly, drawing out a ways and easing back in as far as he could go. I don't know how long it was before I realized that I was really getting into it and no longer had any real pain, just an amazing feeling of being full. Aaron picked up the tempo with each few strokes and I could feel his sweat

flying onto my back. Soon he was giving me all he had, and I was begging for it harder and deeper, just like you read in the stroke books.

All at once Aaron shoved his dick into my ass as far as he could get it and held it there. His hands grabbed onto my shoulders and he pushed me into the bed as I felt his cock harden even more and begin pulsing in my burning hole. He stayed that way for a few seconds, jerking and snorting, before he began to relax and let me move a little. Finally, after his tremors had passed he pulled his spent cock out and lay down beside me.

Aaron turned me to face him and then he kissed me. "Now, wasn't that a hell of a ride, boy? Fuck, I knew you'd like it. Now you climb up on my hairy chest and let me take care of your drippy ole cock for you." He sighed and licked his lips invitingly.

I pulled myself off the bed and mounted his chest. He sucked my dick into his mouth and went to town trying to get me off. It didn't take long, considering my high level of excitement. Just before I shot, I pulled out of his mouth and let go all over his face and chin. He caught some of it in his mouth and smeared it around his lips. Then he pulled me to him and kissed me. I licked my spooge from his mouth and face, tracing his dimpled grin with my cum-rich tongue.

"Curl up beside me here, boy. We gotta get some shut-eye. No telling how many miles we'll have to make tomorrow." He closed his eyes and was snoring in a couple of minutes.

I quietly stood on the bed and straddled his body. It took a couple of minutes but my bladder was still full of dinner's beer, so the first trickle of piss soon turned into a strong yellow stream. I painted his chest and crotch with my hot piss, finally splashing his face with it.

He came to suddenly, saw what was happening and lunged for me, but I was off the bed and across the room in a flash.

"What th' fuck!" he yelled.

BEAR

Cowering against the far wall, ready to duck into the bathroom if escape was necessary, I grinned at him and said, "Hey dad, can't us cubs mark our territory too?"

I slept with Aaron that night, the first time in a bed with him. The sleep was dreamy and relaxed. I dozed off listening to his soft snoring, my hand adrift in the sea of thick hair on his rising and falling chest. @

Aaron began to push a little more in me, pausing after every inch to let me get used to it. Fuck, it was so good that I couldn't wait, so I humped myself back on his rod. The fires of hell blazed in my guts for a few seconds. Aaron pushed my face into the bed to stifle my yell.

#### INTERNATIONAL BEAR RENDEZVOUS

Bears of San Francisco
February 16-19, 2001
San Francisco, CA
www.bosf.org • email: ibr@bosf.org

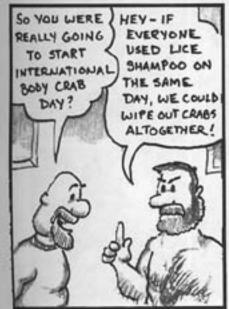

Hey buds. Sorry I skipped out there for the last couple of issues. I was getting pretty burnt out on the whole webporn thing and had to take a break. It seems like all the free pics are either the same old hack jobs (Sean Connery's head on Mack's body...) or blunt-scissor cutouts from the parent mag of this column. There are newbies everywhere, with their flashing text and animated gifs and "joke" files — I love you guys <!!-insert especially inane emoticon here—!!>, but get a clue; everyone has already seen the Darwin Awards from 1998, ok?! Why aren't you showing Dick yet?!?

And while I'm at it, what's up with those fuckin' pop-up windows that keep coming back after you close them, just in case you did it by accident or something stupid like that. (I had one last week that completely disabled all the buttons on my browser and maximized itself to the screen; had to force quit my whole system. Fuckers...)

Number two, then, is the sites that lure you in with promises of more dick than you ever thought possible (possible?), and then start

askin' for adult verification numbers. What. The. Fuck. - do you really think those "services" exist to protect kids? NO! they exist to take your money. Stop giving them your business! And you, Mr. Website-guy, stop taking kickbacks from those cockholsters and do the commerce yourself if you wanna sell porn. Yes, I said yer sellin' it — you ain't no more helpin' anyone to parent their kids than I'm here to do research for my graduate's thesis. Fuck.

Which brings us to number three; Why is MY life always being made safer to protect children that I don't have? Numbers four through nine you don't even want to know about. But number 10 is definitely the dumb-fuck at work who pisses all over the toilet seat.

Alright, I'm starting to get off subject... a little grumpy...

#### SHOWERS, TRUCKERS, & AMATEURS

My great apartment has eaten up all my extra dough! So out go the 'extras' — most of the comics, almost all cds, the warm-beverage in the morning. So also must the Mainline follow. Withdrawal kicked in hard when I started writing this column; it took for-ev-ver. I had forgotten what it was like back at 56(really 49)k. I'm beginning to ponder whether it's even worth going on... Ironic. Dontcha think?

But you, dear readers, get me through it all: dropping text-strings of fun into my In-box. Thanks guys; keep 'em comin... what? What do you mean "lazy"?! Sure saves me the frustration of having to weed through all that crap.

And especially to ourson for keepin' me up to date on an old favorite. Brute American has their own URL now. Which is, of course, bruteamerican.com. keep up with me here, fellas. I'm on a deadline.

I found amateurbears.com while pokin' around. Very cool. Lotsa dick. Joe Bob Briggs would say it has much Bear-Fu - five amateur sections and 20 galleries chock full-o-nuts. And other things. With scrolling thumbnails on the

side that load into the main window.

Cruise...load...cruisc...load. Easy as some people I know. Check out the showers at the All Bear Truck Stop:

http://gay.erotism.com/truckstop It's an obsession, what can I say?
Finally, thanks to BearCNY for sending along this webcam page:
http://www.anzwers.net/hot/randycam/Webcampage.htm I
couldn't get the cam stuff working, but the gallery sure was
nice, including pics of the guy spittin' like a garden hose, without even touchin' it.

All right you geeks, I'm takin' my grumpy ass to bed. Don't stay up too late—'member, ya got school in the morning. And if you find anything good on the web, share it with me (and us) by emailing me at: huntin\_pecker@yahoo.com.

All the opinions here are my own and, as always, your mileage may vary. — Bubbo @

If you place a personal ad in EEAR, we will send you a letter with information about your voice mailbox, your passade, directions on how to set up your free voice greeting and general cirections on using the system. But guys, give at a couple of weeks from the day you mail in your ad before you start calling us. We know you're horny, but these things take time.

You can also use our voice mail system WITHOUT plating a personal ad in SEAR. You can call to listen to ads and leave messages for guys. You can even setup your own was mailbox, just like BEAR advertisers have. If you set up a was mailbox without placing an ad, callers will beer your ad and can leave messages for you, but BEAR readers won't ever see a printed ad, so you might get fewer responses.

Each photo has an accompanying advertiser "code." Yeah... it's pretty official-lookin' stuff, ain't it? The first two letters indicate the state where the ad is listed (NW means nationwide. The rest you'll have to figure out for yerself.) And the word to the right of the hyphen identifies the advertiser.

For example, if you went to the ads listed under "Florida", we're bettin' that there's an ad there with "See Photo FL-MUSCLE" at the end of it.

Remember, photos only run the first time the ad uns. If you sent us a picture to run with your ad and you don't see it here, chances are we either messed up or our scanner's broken. Call us and we'll try to make it right. 800-234-3877
